- 39c.** Return to an order of the House of Commons, dated 8th January, 1908, for a copy of all tenders received up to date (30th November, 1907) by, and now under contract to, the commission appointed for the construction of that portion of the line of the

CONTENTS OF VOLUME 17—*Continued.*

Transcontinental Railway between the city of Winnipeg, in the province of Manitoba, and the city of Moncton, in the province of New Brunswick; that such copy or return shall contain (1) signatures attached to the tenders; (2) the total amount of each tender as "moneyed out" by the said commission; (3) the quantity of each class or kind of material as used by the said commission in figuring out the cost; (4) the price per unit of prices submitted by those who responded to the invitation for tenders; and (5) the total cost of each item in the schedule, which, added together, gives the grand total cost of each undertaking tendered for. Presented 24th January, 1908.—*Mr. Taylor*. *Not printed.*

- 39d.** Return to an order of the House of Commons, dated 29th January, 1908, showing to whom, and when, the National Transcontinental Railway Commission awarded contracts for the transportation of supplies, on District E, between the following points, namely:— (a) Grasset to Cache 9, (b) Montizambert to New Cache 9 A, on Negogami river; (c) Jackfish to Caches 10, 11 A, and 12 (d) Nipigon to Caches 12 A, 13, 14, 15, Ombabika and Wabinosh warehouses and Cache 16, on District F; the distances in each contract, the contract rate and terms; the amounts that have been paid to date on each contract; who erected the cache and dwelling house at the line crossing on Kebinakagami river; also the new buildings at line crossing of Negogami river, and the warehouses at Jackfish; the cost of these buildings, respectively; and if tenders were invited for above transportation and building contracts. Presented 6th February, 1908.—*Mr. Boyce*. *Not printed.*

- 39e.** Return to an order of the House of Commons, dated 3rd February, 1908, for a copy of the clauses and conditions, regulations and specifications contained in the contracts, in virtue of which the National Transcontinental Railway is being built, and that are for the purpose of safeguarding, securing and guaranteeing the suppliers of the contractors, to whom the work of construction has been accorded, the payment of their claims against the said contractors; likewise a list of the contracts signed, up to the present, in which appear the said clauses guaranteeing or securing the said suppliers the payment of their said bills or claims. Presented 13th February, 1908.—*Mr. Morin*. *Not printed.*

- 39f.** Return (in part) to an Address of the House of Commons, dated 23rd March, 1908, for a copy of all orders in council, reports, surveys, contracts, tenders, agreements, books, memoranda, documents, and papers of every kind, showing, relating to, or concerning the length of the National Transcontinental Railway from (a) Winnipeg to Quebec, (b) Quebec to Moncton, and the estimated or probable average cost per mile of the same, and all other information relating to the total cost or the cost per mile of the said railway. Presented 21st April, 1908.—*Mr. Borden (Carleton)*. *Not printed.*

- 39g.** Letters from the chairman of the Board of Commissioners of the Transcontinental Railway, the chief engineer and others, in connection with certain allegations made by Major A. E. Hodgins, late district engineer of Section F, Transcontinental Railway. Presented 24th April, 1908, by Sir Wilfrid Laurier. *Not printed.*

- 39h.** Copy of the commission appointing Lucien Pacaud, Esquire, of the city of Quebec, as police magistrate, to carry out the law against the sale of intoxicating liquors within certain limits, along the line of the eastern extension of the Transcontinental Railway. Presented 8th May, 1908, by Hon. A. B. Aylesworth. *Not printed.*

- 39i.** Return to an order of the Senate, dated 1st April, 1908, based on the records in the offices of the Railway Commission, showing the total number of persons killed or injured by being struck by engines or trains on highway crossings, said return to show the number of persons so killed or injured on the lines of each railway company separately for the years ending 31st March, 1905, 1906 and 1907, such return to include all persons killed or injured as above described irrespective of any contention of the railway companies or opinion of the officers of the Railway Commission as to the legal rights of the said persons to use the highway crossing at the time of the accidents. Presented 12th May, 1908.—*Hon. Mr. McKay (Truro)*. *Not printed.*

 CONTENTS OF VOLUME 17—*Continued.*

- 39j.** Return to an order of the Senate, dated 9th April, 1908, giving a list of all railways in Canada which are not under the control or jurisdiction of the Board of Railway Commissioners; and stating in each case the reason why the railway is not controlled by the commission. Presented 12th May, 1908.—*Hon. Mr. McKay (Truro)*....*Not printed.*
- 39k.** Return (in part) to an order of the Senate, dated 27th March, 1908, showing, separately, the highway crossings at rail level on all railways, except railways under construction, within the jurisdiction of the Railway Commission in respect of which highway crossings, protection has been ordered by the board since its organization, said return to give the character of the protection ordered in each case, the name of the railway company, the local designation of each highway crossing, and the county and province in which it is situated, and the date of the order and regulation in respect thereof; also a similar return giving the highway crossings ordered to be protected by the proper authority in each case on all railways not under the control of the board, including the Intercolonial Railway, and including orders made regarding railways under construction; also a similar return respecting all highway crossings, which had orders and regulations in respect to them in force, on the 1st day of February, 1904. Presented 18th July, 1908.—*Hon. Mr. Ferguson*... ..*Not printed.*
- 39l.** Supplementary Return to No. 39k. Presented 4th June, 1908... ..*Not printed.*

How many applications for timber licenses were received by the Government of Mr. Mackenzie, what area in square miles they covered, how many licenses were issued, what area they covered, and under how many of those licenses operations were actually carried on, and what area these included. 2. How many applications for timber licenses were received by the Government from November 1st, 1878, to July 1st, 1896, and what area in square miles they covered, how many licenses were issued, and what area they covered, under how many of these licenses operations were actually carried on, and what area they covered. 3. How many permits to cut lumber were given to applicants as above in leases where licenses had not issued during each of these periods. Presented 21st April, 1908.—*Mr. Foster*. *Not printed.*
- 88t.** Return to an order of the House of Commons, dated 26th February, 1908, showing a list of timber berths awarded between 1st June, 1904, and 15th July, 1906, with the number of tenders in each case, the amount of each tender, the name of the successful tenderer, the area of each berth, the dates of notice and opening of the tenders in each case. Presented 22nd April, 1908.—*Mr. Crawford*. *Not printed.*
- 88u.** Return to an order of the House of Commons, dated 6th April, 1908, showing what coal lands were granted to sundry persons through the agency of P. E. Lessard, of Edmonton, together with copies of all letters, papers and documents relating to the application, sale, lease or cancellation of the same. All from the general file for the group of claims, and not the special file for each section. Presented 7th May, 1908.—*Mr. Ames*.
Not printed.
- 88v.** Return to an order of the House of Commons, dated 23rd March, 1908, showing what coal areas are held by F. E. Keniston, of Minneapolis; said return to include a copy of all letters, documents and correspondence relating to the application, sale, lease or cancellation of the same, from the general file for each group of claims, and not the special file of each section. Presented 7th May, 1908.—*Mr. Ames*. *Not printed.*
- 88w.** Return to an order of the House of Commons, dated 6th April, 1908, showing what coal lands are now or have been at any time owned, controlled, leased or operated in townships 53 and 54, range 7, west of the 5th meridian, by the Alberta Development Company (Limited), together with a copy of all applications, correspondence, deeds of sale and other documents in connection therewith. Presented 12th May, 1908.—*Mr. Ames*. *Not printed.*
- 88x.** Return to an order of the House of Commons, dated 6th April, 1908, showing what coal lands in townships 9 and 10, ranges 21, 22 and 23, west of the 4th meridian, were granted through the agency of J. W. Bettes (or his firm), of Winnipeg, Manitoba, together with a copy of all letters, documents and papers relating to the application, sale, lease or cancellation of the same. All from the general file for the group of claims, and not the special file for each section. Presented 18th May, 1908.—*Mr. Ames*.
Not printed.

 CONTENTS OF VOLUME 18—*Continued.*

- 88y.** Return to an order of the House of Commons, dated 2nd March, 1908, for the production of all original tenders filed in the Department of the Interior in respect of timber limits numbers 645, 646, 675, 703, 705 and 733 to 737, and that the same be laid upon the table of the House, said papers not to be part of the archives of this House, but to be returned by the clerk to the Department of the Interior after inspection. Presented 20th May, 1908.—*Mr. McCraney* *Not printed.*
- 88z.** Return to an order of the House of Commons, dated 23rd March, 1908, showing what coal areas were obtained through the agency of Malcolm McKenzie on behalf of clients; and a copy of all letters, documents and correspondence relating to the application, sale, lease or cancellation of the same; also the same information in regard to J. H. Moss, of Toronto. All from the general file for each group of claims, and not the special file for each section. Presented 27th May, 1908.—*Mr. Ames* *Not printed.*
- 88aa.** Return to an order of the House of Commons, dated 26th February, 1908, for a copy of all applications, leases, assignments, correspondence, and papers, of every description in connection with or referring to the granting or sale of the mining rights in sections 17, 20, 21, 28, 29, 32 and 33, of township 8, range 4, west of the 5th meridian. Presented 27th May, 1908.—*Mr. Perley* *Not printed.*
- 88bb.** Return to an order of the House of Commons, dated 6th April, 1908, showing what coal lands in townships 41 and 42, ranges 17 and 18, west of the 5th meridian, were granted through the agency of McGiverin & Hayden, Ottawa, together with a copy of all letters, documents and papers relating to the application, sale, lease or cancellation of same. All from the general file for the group of claims, and not the special file for each section. Presented 27th May, 1908.—*Mr. Ames* *Not printed.*
- 89.** Return to an Address of the House of Commons, dated 20th January, 1908, for a copy of all papers and correspondence between the government of Canada and the government of the province of British Columbia, relating to the application of the Grand Trunk Pacific Railway Company to acquire a portion of the Metlakatla Indian Reserve, British Columbia, and to the general question of the claim of said province to the Indian reserves therein, since the date of said application. Presented 30th January, 1908.—*Mr. Ross (Yale-Cariboo)* *Not printed.*
- 90.** Return to an order of the House of Commons, dated 15th January, 1908, for a copy of all correspondence, reports, locations, records of payments made on, payments returned, homestead entries, cancellations thereof; of any order, direction or other authority, given to any homesteader or person who had entered for homestead to re-enter after cancellation of entry or default thereunder; any evidence of sale by Peter Luensen to Frederick Heintz, and any correspondence, affidavits, memoranda, or other documents by the department, or any of its officers, with W. L. MacKenzie, Peter Luensen, Frederick Heintz, Alexander K. Thom, Wm. R. Gardner, Thomas J. Oliver, or any other person in regard to the n.e. $\frac{1}{4}$ sec. 32, township 36, r. 16, west of 2nd m., Saskatchewan. Presented 30th January, 1908.—*Mr. Porter* *Not printed.*
- 90a.** Supplementary return to No. 90. Presented 1st April, 1908. *Not printed.*
- 90b.** Return to order of the House of Commons, dated 6th April, 1908, showing: 1. Any Government lands near New Westminster, British Columbia, sold to one J. W. Patterson, and, if sold, by what department of the Government. 2. Whether they were Indian or military reserve lands, or either of them. 3. The prices Mr. Patterson paid for said lands, if any were sold to him. 4. The date of such sale or sales. Presented 27th April, 1908.—*Mr. Reid (Grenville)* *Not printed.*
- 90c.** Return to an order of the House of Commons, dated 16th March, 1908, showing all lands acquired from the Government by the Grand Trunk Pacific Town and Development

CONTENTS OF VOLUME 18—*Continued.*

Company, together with the area, location, purchase price of each tract, and a copy of all correspondence between the Government and the company or any individuals interested therein or connected therewith, as to the general terms and conditions under which the Government land should be granted to the said company. Presented 27th April, 1908.—*Mr. Ames*.*Not printed.*

90d. Return to an order of the House of Commons, dated 30th March, 1908, showing all the lands granted to the Saskatchewan Valley Land Company under their contract of May, 1902, specifying those which are patented as well as those unpatented, to date. Presented 30th April, 1908.—*Mr. Roche (Marquette)*.*Not printed.*

90e. Return to an order of the House of Commons, dated 26th February, 1908, showing the approximate total area of Dominion lands disposed of by the Government in each of the provinces of Manitoba, Alberta and Saskatchewan, between the 1st July, 1896, and the 30th June, 1905, distinguishing between lands for agricultural purposes, grazing, irrigation, timber and coal; and also from the 1st July, 1905, to the 31st December, 1907. Presented 7th May, 1908.—*Mr. Lake*.*Not printed.*

91. Return to an order of the House of Commons, dated 22nd January, 1908, showing the names and number of establishments being operated under the law and regulations of the "Meat and Food Inspection Act"; when they were individually put under the operation of the Act; and the names and number of inspectors for each establishment. presented 30th January, 1908.—*Mr. Hughes (Victoria and Haliburton)*.*Not printed.*

92. Return to an order of the House of Commons, dated 15th January, 1908, for a copy of all papers, correspondence, tenders and contracts, in connection with building piers at Port Maitland, Ontario. Presented 30th January, 1908.—*Mr. Lalor*.*Not printed.*

92a. Return to an order of the House of Commons, dated 3rd February, 1908, for a copy of all correspondence, contracts, telegrams, reports, plans and specifications, together with all other information not already brought down, in possession of the Government, relating to the construction of piers or docks already constructed or under construction at the following places: Bayfield, Huron county, Ontario; Grand Bend, county of Huron, Ontario; St. Joseph, county of Huron, Ontario; together with a statement of all moneys expended, and to whom paid, and the date of payment, and nature of the work done or material used. Presented 7th May, 1908.—*Mr. Armstrong*.*Not printed.*

92b. Supplementary return to No. 92a. Presented 11th May, 1908.*Not printed.*

93. Return to an order of the House of Commons, dated 13th January, 1908, showing the total amount of bounties paid by the Government since 1896, and the amount for each year on each article. Presented 30th January, 1908.—*Mr. Clements*.

Printed for sessional papers.

94. Return to an address of the Senate, dated 19th February, 1907, for a statement showing the names, christian names, age, and country of origin of all the persons who, coming from the British Isles, from English colonies or from foreign lands, as strangers to Canada, have been placed, whether by order in council, by decision of the Militia Council, or otherwise, in any branch whatsoever of the military service of Canada, in the permanent force or in the volunteer force, together with the date of each of these appointments, the nature of the employment, the rank of the holder (before and after his appointment), and the yearly amount which he receives for his services. Presented 22nd January, 1908.—*Hon. Mr. Landry*.*Printed for sessional papers.*

95. Return of reductions and remissions made under Revised Statutes of Canada, chapter 81, section 88, ss. 2. Presented (Senate) 22nd January, 1908, by Hon. Mr. Scott.*Not printed.*

CONTENTS OF VOLUME 18—*Continued.*

- 96.** Return to an address of the House of Commons, dated 17th December, 1906, for a copy of all orders in council, advertisements for tenders, tenders, specifications of every kind, plans, drawings, reports, letters, telegrams, correspondence, contracts, agreements and other documents and papers of every kind, touching or relating to any works at or near St. Andrews Rapids, in the province of Manitoba, and especially such documents as aforesaid in connection with any tender or contract by or on behalf of Charles Whitehead, or Kelly Brothers, or any subsequent tenderers or contractors. Presented 29th January, 1908.—*Mr. Borden (Carleton)*... ..*Not printed.*
- 97.** Return to an order of the House of Commons, dated 13th January, 1908, for a copy of all papers, correspondence, and evidence, in respect of the trial for criminal conspiracy against certain persons in the Yukon in connection with the Dominion elections of 1904. Presented 3rd February, 1908.—*Mr. Foster**Not printed.*
- 98.** Return to an order of the House of Commons, dated 13th January, 1908, for a copy of all correspondence between Major E. S. Wigle, of Windsor, Honourable R. F. Sutherland, A. H. Clarke, and the Minister of Inland Revenue, respecting the extension of the franchise of the Windsor, Detroit and Belle Isle Ferry Company. Presented 3rd February, 1908.—*Mr. Clements*... ..*Not printed.*
- 99.** Return to an order of the House of Commons, dated 29th January, 1908, for a copy of all correspondence, telegrams, or reports, respecting the refusal of the lieutenant governor of British Columbia to give his assent to a bill passed by the legislature of that province in 1907, respecting immigration and commonly referred to as the Natal Act. Presented 3rd February, 1908.—*Mr. Smith (Nanaimo)*... ..*Printed for sessional papers.*
- 100.** Return to an address of the House of Commons, dated 11th December, 1907, for a copy of all papers and correspondence between the government of Canada and any of its ministers with reference to the establishment of a fast line of steamship communication between Great Britain, Australia, New Zealand and Canadian ports. Presented 3rd February, 1908.—*Mr. Foster*... ..*Not printed.*
- 101.** Return to an order of the House of Commons, dated 11th December, 1907, for a copy of all correspondence, enclosed clippings, agreements, statements, &c., between the government or any member thereof, and especially the Minister of Marine and Fisheries, the Minister of Railways, the Minister of Agriculture, the Minister of Militia, and Sir Wilfrid Laurier, and one F. E. Williams, of St. John, New Brunswick; one W. H. Trueman, of St. John, and any other person or persons whatsoever in relation to the establishment of a bait freezer and cold storage established in St. John, New Brunswick. Presented 5th February, 1908.—*Mr. Foster*... ..*Not printed.*
- 102.** Return to an order of the House of Commons, dated 11th December, 1907, showing the expenditure by the Dominion Government on (a) wharfs; (b) harbours and river improvements; (c) dredging; (d) public buildings; for each year since 1896, in the counties of Digby, Yarmouth, Shelburne, Queen's, Lunenburg and Pictou, Nova Scotia, specifying the works by name, with amounts expended thereon. Presented 6th February, 1908.—*Mr. Foster*... ..*Not printed.*
- 103.** Return to an order of the House of Commons, dated 20th January, 1908, for a copy of letters, telegrams, and reports, regarding complaints made by John Franklin and Stapleton Brothers, with respect to Indian Agent Yeomans. Presented 6th February, 1908.—*Mr. Foster*... ..*Not printed.*
- 104.** Return to an order of the House of Commons, dated 20th January, 1908, showing the amount paid each year for provisions for the Royal Military College, for the Halifax Garrison, and the Permanent Military School in Quebec, the average number of men provisioned each year of the above institutions, and cost per man per day. Presented 10th February, 1908.—*Mr. Foster*... ..*Not printed.*

CONTENTS OF VOLUME 18—*Continued.*

- 105.** Return to an order of the House of Commons, dated 11th December, 1907, showing the number of fishing licenses issued by the Government for any of the lakes in the province of Saskatchewan, to whom issued, and on what lakes. Presented 10th February, 1908.—*Mr. Chisholm (East Huron)*... ..*Not printed.*
- 106.** Return to an order of the House of Commons, dated 15th January, 1908, showing what lands have been sold, leased, given as homesteads, transferred or set apart in any way by the Government to each: individuals, companies, syndicates, or other organizations in the Peace River Valley, or along or near tributaries thereof, in the Northwest of Canada; when each area was allotted; the terms between the Government and the various parties or organizations concerned; what prices per acre were realized from these transactions; with whom the Government conducted negotiations in each case; the regulations governing the securing of land in the Peace River Valley; and how far it is from Edmonton to Dunvegan. Presented 11th February, 1908.—*Mr. Hughes (Victoria and Haliburton)*... ..*Not printed.*
- 107.** Return to an address of the House of Commons, dated 22nd January, 1908, for a copy of all orders in council, reports, memoranda, correspondence, documents, plans, tenders and advertisements of every kind, nature and description, relating to the proposed acquisition under lease of certain car work shops with railway sidings at Moncton, New Brunswick. Presented 12th February, 1908.—*Mr. Barker*... ..*Not printed.*
- 108.** Return to an order of the House of Commons, dated 16th December, 1907, showing all coal lands leased, sold or otherwise disposed of from the 1st of March, 1907, to date, giving the area disposed of, the party to whom, the consideration therefor, the assignments made, if any, the date thereof, and the name of the assignee in each case. Presented 13th February, 1908.—*Mr. Ames*... ..*Not printed.*
- 108a.** Return to an order of the House of Commons, dated 26th February, 1908, showing, in respect of each of the undermentioned blocks disposed of as coal lands by the Government, viz.: Section 13, of township 9, range 4, west of the 5th m.; section 16, township 10, range 3, west of the 5th m., section 15, township 11, range 4, west of the 5th m.; section 20, township 12, range 4, west of the 5th m.; section 5, township 13, range 4, west of the 5th m., section 21, township 19, range 7, west of the 5th m.; when and by whom the first application was made for right to acquire; when and to whom the original grant of mining rights was made; what transfers of rights have been recorded, the date of transfer, and date of registration of same; who the present owner or occupant is, as known to the department; and the name and address of each company or person above referred to. Presented 16th March, 1908.—*Mr. Ames*... ..*Not printed.*
- 108b.** Return to an address of the House of Commons, dated 2nd March, 1908, for a copy of (a) an order in council of the 19th May, 1902, and the regulations therein referred to and approved for the disposal of coal lands, the property of the Dominion Government, in Manitoba, the Northwest Territories and British Columbia. (b) A copy of all orders in council altering, amending or cancelling any such regulations for the aforesaid purposes, and the said amended or other regulations. (c) A copy of all orders in council approving, amending or cancelling regulations as regards the Yukon for the purposes aforesaid, and the said regulations and amended regulations. Presented 24th March, 1908.—*Mr. Barker*... ..*Not printed.*
- 108c.** Return to an order of the House of Commons, dated 26th February, 1908, showing, in respect of each of the undermentioned blocks disposed of as coal lands by the Government, viz.: sections 2, 4, 9, 15, 17, and 28, of township 7, range 3, west of the 5th m., when and by whom the first application was made for right to acquire; when and to whom the original grant of mining rights was made; what transfers of rights have been recorded, when such transfers were dated, and when registered with the department; who the present owner or occupant is, as known to the department; and the name and address of each company or person above referred to. Presented 24th March, 1908.—*Mr. Ames*... ..*Not printed.*

CONTENTS OF VOLUME 18—*Continued.*

- 108d.** Return to an order of the House of Commons, dated 26th February, 1908, for a copy of all inquiries, applications, leases, contracts, agreements, assignments, correspondence and papers of every description, in connection with or referring to the granting of coal mining privileges in section 11, township 8, range 4, west of the 5th meridian. Presented 27th March, 1908.—*Mr. Ames*... ..*Not printed.*
- 108e.** Return to an order of the House of Commons, dated 16th March, 1908, showing: 1. What leases for coal lands in the Northwest Territories were granted by the Government in the years 1903 and 1904. 2. To whom, and on what dates the same were granted, and the amounts paid therefor. 3. Whether the person to whom the lease was granted was the original applicant. 4. Whether any assignment of such leases has been made, when, and to whom. 5. Who the present holders are of said leases. Presented 1st April, 1908.—*Mr. Boyce*... ..*Not printed.*
- 108f.** Supplementary return to 108e. Presented 6th April, 1908... ..*Not printed.*
- 108g.** Return to an order of the House of Commons, dated 16th December, 1907, for a copy of all applications, reports, correspondence, leases, contracts, deeds, sale and documents of every description in connection with the purchase of coal mining lands either on their own behalf or on behalf of clients, by the firm of Hough, Campbell & Ferguson, or by any individual member of said firm, together with a copy of the regulations governing the sale of such rights at the time of purchase. Presented 30th April, 1908.—*Mr. Herron*... ..*Not printed.*
- 108h.** Return to an order of the House of Commons, dated 19th February, 1908, setting forth in respect of the following coal lands: 1. The name and address of the first applicant and the date thereof. 2. The names and addresses of all subsequent applications, with date thereof, in the order of application. 3. The name and address of the party to whom the mining rights were granted, with date of sale or lease by the Government. 4. Price paid per acre, sale or lease. 5. Date and amount of first payment on account of purchase price. 6. Dates and amounts of each subsequent payment on account of purchase price. 7. Total amount paid as purchase price and balance, if any, still unpaid. 8. How long reservation was made by the department in favour of the grantee or his assigns. 9. The name and address of all parties to whom assignments were made, with date of each assignment, and date of its registration with the department. 10. The name and address of present owner of said mining rights. 11. A copy of all correspondence in reference to the same: Township 7, range 3, west of 5th m.; sections 1, 2, 3, 4, 5, 6, less the s.e. $\frac{1}{4}$; section 7, less e. $\frac{1}{2}$; section 8; section 9; section 10, less s.w. $\frac{1}{4}$; section 11, less s.e. $\frac{1}{4}$; section 14, less e. $\frac{1}{2}$; section 15; section 16, less n.e. $\frac{1}{4}$; section 17; section 20, less e. $\frac{1}{2}$ of n.e. $\frac{1}{4}$; section 21, less s. $\frac{1}{2}$ and n.w. $\frac{1}{4}$; section 22; section 28; section 27, less e. $\frac{1}{2}$; section 32, less e. $\frac{1}{2}$; section 33; section 34, less e. $\frac{1}{2}$. Township 7, range 2, west of 5th m.; section 18, 20 and 21 Township 6, range 3, west of 5th m.; sections 27 and 28; section 32, less w. $\frac{1}{2}$; sections 33 and 34. Presented 22nd April, 1908.—*Mr. Ames*... ..*Not printed.*
- 109.** Return to an order of the House of Commons, dated 22nd January, 1908, showing on what dates since June 30th, 1906, advances were made on account of travelling expenses to Honourable L. P. Brodeur, to Mr. Wiallard, his private secretary, and to Napoléon Potvin, his messenger, respectively, for what amounts, and to what accounts they were severally charged; also what refunds, if any, have been made on any of these several advances, and on what dates. Presented 14th February, 1908.—*Mr. Foster*..*Not printed.*
- 109a.** Return showing all advances to Ministers of the Crown and their private secretaries, on account of travelling or other expenses in connection with the Imperial Conference of 1907, the date of such advances, and the appropriation against which it was charged. Presented 2nd March, 1908.—*Mr. Foster*... ..*Not printed.*

CONTENTS OF VOLUME 18—Continued.

- 109b.** Return (as far as the Department of Inland Revenue is concerned), to an order of the House of Commons, dated 22nd January, 1908, showing the advances made each year since July 1, 1904, to December 31, 1907, on account of travelling expenses to Honourable L. P. Brodeur and his private secretary and messengers, the date and amount of each advance, and the appropriation to which it was charged, the dates at which each advance was finally accounted for, and the dates on which any repayments were made to the treasury, and the amount of such repayments, and all correspondence with the Auditor General's Department in connection therewith. Presented 2nd March, 1908.—*Mr. Foster*... ..*Not printed.*
- 110.** Return to an order of the House of Commons, dated 8th January, 1908, showing the total quantity of freight carried on the winter steamers between Prince Edward Island and the mainland during the past two seasons, 1905-6 and 1906-7; the amount of freight that was delayed in transit for those two seasons; the freight rate on the different classes of goods carried; the amount received for freight during those two seasons; the amount received for passengers and the number carried; the number of days the steamers failed to cross in each of those years; and the amount of damages paid to shippers for delay of goods in transit. Presented 14th February, 1908.—*Mr. Martin (Queen's)*... ..*Not printed.*
- 110a.** Return to an order of the House of Commons, dated 20th January, 1908, for a copy of all correspondence, telegrams, &c., in the possession of the Government or any member or official thereof, respecting the withdrawal of the winter steamers from Charlottetown on or about the 8th January, instant, and their replacement some days later. Presented 14th February, 1908.—*Mr. Martin (Queen's)*... ..*Not printed.*
- 111.** Return to an order of the House of Commons, dated 3rd February, 1908, for a copy of all correspondence, reports and papers, respecting the salary, expenses, duties and annual period of employment of W. Maxwell Smith, Dominion fruit inspector in British Columbia; also full details of his expenses during the years 1906 and 1907, respectively. 1908.—*Mr. Jackson (Elgin)*... ..*Printed for sessional papers.*
- 112.** Return to an order of the House of Commons, dated 13th January, 1908, for a copy of pedigreed cattle, if any, did the Central Experimental Farm, Ottawa, sell during the years 1906 and 1907; and how many in each year, giving the different breeds, the name of purchaser, his place of residence, price paid, and breed. Presented 14th February, 1908.—*Mr. Jackson (Elgin)*... ..*Printed for sessional papers.*
- 113.** Return to an order of the House of Commons, dated 13th January, 1908, for a copy of all papers, accounts and correspondence, in connection with the seizure of the M. J. Wilson Cordage Company, of the city of Chatham, Ontario, by the Dominion Government, in the year 1904. Presented 17th February, 1908.—*Mr. Clements*... ..*Not printed.*
- 114.** Return to an order of the Senate, dated 31st January, 1908, showing the appointments made to the Senate from confederation, with date of appointment and date when the appointees ceased to be senators. Presented 11th February, 1908.—*Hon. Mr. Wilson.*
Printed for distribution.
- 115.** Return to an address of the Senate, dated 29th January, 1908, showing the number of persons killed and of those otherwise injured, separately, at railway crossings during the last three years, giving the number in each year separately; giving also for each year the number of persons thus killed or otherwise injured in thickly populated places separately from those killed or otherwise injured in the rural districts, showing also the number of such accidents at protected crossings separately from unprotected crossings. Presented 11th February, 1908.—*Hon. Mr. Béique*... ..*Not printed.*
- 116.** Return to an order of the House of Commons, dated 11th December, 1907, for a copy of all communications, reports, correspondence, or other papers, between the Depart-

CONTENTS OF VOLUME 18—*Continued.*

- ment of the Interior and any of its officials, and A. Samovici, H. Bolocan, and any other person or persons in regard to the n.w. $\frac{1}{4}$ section 20, township 22, range 13, west 2nd m., including applications for cancellation, protections, homesteads, inspectors' reports, &c. Presented 18th February, 1908.—*Mr. Lake*... ..*Not printed.*
117. Return to an order of the House of Commons, dated 11th December, 1907, for a copy of all correspondence between the Departments of the Marine and Fisheries and Justice of Canada and the Attorney General of Nova Scotia, or any official acting under his authority, in connection with the suit in the Supreme Court of Nova Scotia of the King by Dr. Tait, of Cheticamp, in the county of Inverness, Nova Scotia, versus William Ancoin. Presented 18th February, 1908.—*Mr. McLennan*... ..*Not printed.*
118. Return to an order of the House of Commons, dated 18th December, 1907, for a copy of all contracts for food for men at the volunteer camps throughout Canada for the season of 1907; also for the regular troops at Halifax, Quebec and other places. Presented 18th February, 1908.—*Mr. Smith (Wentworth)*... ..*Not printed.*
119. Return to an order of the House of Commons, dated 3rd February, 1908, for a copy of all correspondence between the Railway Commission and the Department of Railways and Canals, or the Intercolonial Railway, and between the Railway Commission and the Canadian Pacific Railway, and the Grand Trunk Railway, and between the Railway Commission and the Fredericton Board of Trade, in reference to the alleged discrimination against the city of Fredericton in the matter of freight rates; and also for a copy of all other papers and documents on file with the Railway Commission in relation thereto. Presented 19th February, 1908.—*Mr. Crockett*... ..*Not printed.*
120. Return to an order of the House of Commons, dated 16th December, 1907, for a copy of all offers, reports, valuations, plans, deeds of purchase, correspondence and other papers of every description in connection with the purchase of site for the new Montreal examining warehouse, together with a statement of all expenditure and all indebtedness incurred to date in this connection. Presented 19th February, 1908.—*Mr. Amcs*.
Not printed.
121. Return to an order of the Senate, dated the 30th January, 1908, showing: 1. Title of each Bill by years sent by the Senate to the House of Commons, from 1867 to 1907, inclusive, that was (a) amended by the House of Commons, or (b) rejected. 2. Title of each Bill by years sent up by the House of Commons to the Senate, from 1867 to 1907, inclusive, that was (a) amended by the Senate, or (b) rejected. 3. The total number of Bills for each year as above to be tabulated in four periods, (a) 1867 to 1873, inclusive; (b) 1874 to 1878, inclusive; (c) 1879 to 1896, first session, inclusive; (d) 1896 to 1907, inclusive. Presented 19th February, 1908.—*Hon. Mr. Ross (Middlesex)*... ..*Not printed.*
122. Report of the commissioners appointed to inquire into a dispute between the Bell Telephone Company of Canada (Limited) and the operators of the said company at Toronto, with respect to wages and hours of employment, etc. Also copy of evidence taken under Royal Commission in the dispute between the Bell Telephone Company of Canada and its operators, in February, 1907. Presented 24th February, and 11th March, 1908, by Hon. R. Lemieux... ..*Not printed.*
123. Return to an order of the House of Commons, dated 17th February, 1908, for a copy of the contract and all correspondence relating to a payment of \$3,900 to the Midland Towing and Wrecking Company, as set out at page P—32 of the Auditor General's Report for 1906-7, and of the advertisement calling for tenders. Presented 10th March, 1908.—*Mr. Bennett*... ..*Not printed.*
124. Return to an order of the House of Commons, dated 18th December, 1907, showing what sums have been expended or voted for the dredging of the Rivière à la Grasse, at Rigaud; to whom the contracts were given; and what sums have been voted or paid out for dredging Dorion Bay, Vaudreuil station. Presented 24th February, 1908.—*Mr. Bergeron*... ..*Not printed.*

CONTENTS OF VOLUME 18—*Continued.*

- 124a.** Return to an order of the House of Commons, dated 18th December, 1907, showing what sums have been voted or expended for the dredging of the river bottom between Charlemagne and Terrebonne; since when the dredging has been going on there; what sums have been voted or expended for wharfs at Terrebonne and at St. François de Sales; and who obtained the contracts. Presented 24th February, 1908.—*Mr. Bergeron.*
Not printed.
- 124b.** Return to an order of the House of Commons, dated 11th December, 1907, showing:
1. What harbours or rivers in the province of Ontario were tenders invited for dredging work by the Department of Public Works during the present year. 2. The names of the successful tenderers at each of the said places for which dredging tenders were invited in Ontario in 1907, and the prices asked by each party respectively. 3. Amounts of the tenders respectively of the different persons tendering at each of the foregoing points. 4. Also at what points new tenders were invited, and when the first tenders were accepted. Presented 9th June, 1908.—*Mr. Bennett.* *Not printed.*
- 124c.** Return to an order of the House of Commons, dated 6th of April, 1908, for a copy of all the correspondence exchanged between the Government and Messrs. T. B. Mongeais, Hugh McMillan and others, relating to dredging work done in the River Rigaud, formerly the River Graisse, up to the year 1890. A copy of the reports and correspondence relating to the construction or purchase of the Graham wharf. A copy of the report and correspondence relating to the dredging done at Como up to 1900. A copy of the reports and correspondence relating to the dredging done at Vaudreuil Village, and also those relating to the construction and repair of the wharf situated in that village since 1867. And also a copy of the report and correspondence relating to the deepening of the River St. Louis at Beauharnois. Presented 30th June, 1908.—*Mr. Boyer.* *Not printed.*
- 125.** Return to an order of the House of Commons, dated 3rd February, 1908, for a copy of all correspondence, telegrams, engineer's reports, &c., in the hands of the Government or any member or official thereof, respecting proposed repairs to the wharf at Little Sands, in Prince Edward Island. Presented 25th February, 1908.—*Mr. Martin (Queen's).*
Not printed.
- 126.** Return to an order of the House of Commons, dated 12th February, 1908, for a copy of the report made by John Fraser, of the Auditor General's Department, on the 7th January, 1898, of a special examination held by him of the financial affairs of the Montreal Turnpike Trust. Presented 10th March, 1908.—*Mr. Monk.* *Not printed.*
- 126a.** Return to an order of the House of Commons, dated 22nd January, 1908, showing:
1. The present indebtedness to the Dominion Government of the Montreal Turnpike Trust (a) on capital account, (b) for arrears of interest. 2. The amounts collected at each toll gate belonging to the said Turnpike Trust during the three years ending 31st December, 1905, 1906, 1907, respectively. 3. The names of all parties who have commuted their tolls during each of the above-mentioned years, 1905, 1906, 1907, and the amount of the commutation money paid to the Trust in each case. 4. The amounts expended on each section or road division, under the control of the said Trust, during each of the said years, ending 31st December, 1905, 1906, and 1907, respectively, and the contracts given out during each of the said years, with the name of the contractor and the date and amount involved in each case; and a statement in each case also as to whether the contract was awarded after tender called through the newspapers. 5. The amount paid out during each of the said three years, 1905, 1906, 1907, at each toll gate for salaries of day and night guardians, and any other expenditure at each of the toll gates maintained. 6. The names of all parties holding passes for free use of the roads under control of said Trust, during each of the said three years above referred to, 1905, 1906, 1907, with a statement in each case of the reason why the pass was so granted. 7. The expense of the said Trust during each of the said years, for rent, salaries of the

CONTENTS OF VOLUME 18—*Continued.*

- office, inside or outside service, giving name and remuneration of each official. 8. The actual present indebtedness in detail of the said Trust outside of its bonds due to the Government of Canada. 9. The amounts collected, by said Trust, year by year, since the 1st February, 1905, from municipalities under special agreements made as to their share pro rata of the bonded indebtedness of the Turnpike Trust. 10. The names of all those members of the Trust appointed or elected to represent the bondholders since the 1st July, 1896, with the date of the election in each case. 11. The amounts paid by the Trust to any of its members or officials during each of the said three years, 1905, 1906, 1907, whether as travelling or personal expenses, or indemnity for attendance or for any other reason whatever. 12. The name of the auditor of the Trust, and the date of the audit made of the company's affairs, in each of the said three years, 1905, 1906, 1907, respectively. 13. A copy of the agreements between the Trust and any municipalities on the Island of Montreal, by which the Trust ceded to said municipalities any portion of its roads, said copy to be certified by the president and secretary of said Trust. Presented 20th March, 1908.—*Mr. Monk*... ..*Not printed.*
- 127.** Return to an address of the Senate, dated 24th January, 1908, for a copy of the different tariffs in force upon the Intercolonial Railway, in 1896-7 and 1906-7, between Quebec and St. Flavie, and all intermediate stations between those two points, for the carriage of passengers or of goods, under the operation of the winter-tariff and under that of the summer-tariff. Presented 24th February, 1908.—*Hon. Mr. Landry*... ..*Not printed.*
- 128.** Statement of the affairs of the British Canadian Loan and Investment Company, Limited, for the year ended the 31st of December, 1907. Presented 25th February, 1908, by the Hon. The Speaker... ..*Not printed.*
- 129.** Return to an order of the House of Commons, dated 19th February, 1908, showing how much money has been paid since 1896 to the Eclipse Manufacturing Company of Ottawa; how much each year; and the general character of the supplies furnished. Presented 27th February, 1908.—*Mr. Blain*... ..*Not printed.*
- 130.** Return to an order of the House of Commons, dated 10th February, 1908, for a copy of all correspondence between Mr. A. E. Dymont, M.P., and the Department of Marine and Fisheries as to granting of pound net licenses in 1905 to Messrs. Low & Roque, of Killarney, as also to any other persons; also a list of persons to whom pound net licenses were granted in that year. Presented 27th February, 1908.—*Mr. Bennett*... ..*Not printed.*
- 131.** Return to an order of the House of Commons, dated 12th December, 1907, showing: 1. The number of disputes dealt with under the Industrial Disputes Investigation Act, 1907, to the 1st of December, 1907. 2. The dates at which the several applications for the operation of the Act have been received. 3. Names of the parties concerned in the several disputes. 4. Name of the party making application. 5. Locality of dispute. 6. Number of persons affected. 7. Nature of dispute. 8. Names of members of board of conciliation and investigation where same has been established. 9. Date on which board was established. 10. Date of sittings of board. 11. Result of the reference of the dispute under Act. Presented 27th February, 1908.—*Mr. Smith (Nanaimo)*... ..*Not printed.*
- 132.** Return to an order of the House of Commons, dated 12th February, 1908, for a copy of correspondence, plans, and other data in connection with the flooding of roads above the dam at Wilberforce, in Haliburton County, and the proposals, if any, for improving said roads and the bridge so as to prevent obstruction of traffic. Presented 27th February, 1908.—*Mr. Hughes (Victoria and Haliburton)*... ..*Not printed.*
- 133.** Return to an order of the House of Commons, dated 17th February, 1908, for a copy of reports, plans, surveys, and other data, in connection with the proposal to construct a branch canal from Balsam Lake, on the Trent Canal, to the head of Gull River waters, in Haliburton County. Presented 27th February, 1908.—*Mr. Hughes (Victoria and Haliburton)*... ..*Not printed.*

CONTENTS OF VOLUME 18—*Continued.*

134. Return to an order of the House of Commons, dated 11th December, 1907, for a copy of all correspondence received by the Department of Agriculture in connection with the inspection of meats and the regulations in connection with the Inspection of Meats and Canned Foods Bill. Presented 27th February, 1908.—*Mr. Clements*.*Not printed.*
- 134a. Return to an order of the House of Commons, dated 9th March, 1908, for a copy of all correspondence, telegrams, reports and recommendations in possession of the Government, with respect to the inspection of packing houses, or the Meat Inspection Act, including the appointment of inspectors. Presented 25th March, 1908.—*Mr. Armstrong*.
Not printed.
135. Return to an order of the Senate, dated 26th February, 1908, for a detailed statement of the expenses incurred during the past three years, in connection with the synoptical reports of the debates of the Senate, furnished by the special reporter of that House, as well as a statement of the nature and particulars of the agreement with the present reporter. Presented 27th February, 1908.—*Hon. Mr. Wilson*.*Not printed.*
136. Return to an address of the Senate dated 11th February, 1908, showing the amount of imports of oxide of aluminum during the years 1903, 1904, 1905, 1906 and 1907, with the values of such imports for each one of said years separately. Presented 28th February, 1908.—*Hon. Mr. Ellis*.*Not printed.*
- 136a. Return to an address of the Senate, dated the 11th February, 1908, showing the amount of aluminum exported during the years 1903, 1904, 1905, 1906 and 1907, with the values of such exports for each one of the said years separately. Presented 28th February, 1908.—*Hon. Mr. Ellis*.*Not printed.*
137. Regulations in virtue of the provisions of the Act 6-7 Edward VII., chapter 16, "The Electricity and Fluid Exportation Act." Presented 17th March, 1908, by *Hon. W. Templeman*.*Not printed.*
138. Return to an order of the House of Commons, dated 22nd January, 1908, for a copy of all correspondence, documents, resolutions and other papers, which have passed between the Government of Canada, or any member of the Government, and any railway company or any individual relating to the building of a railroad from any point in Manitoba, Saskatchewan, Alberta, or British Columbia, to Fort Churchill or any point on Hudson Bay. Presented 2nd March, 1908.—*Mr. Schaffner*.*Not printed.*
139. Copy of an order in council appointing *Mr. Samuel Tovel Bastedo*, agent on behalf of the Dominion Government, to confer with the provincial governments with a view to settlement of the Fisheries question. Presented 11th March, 1908.—*Hon. L. P. Brodeur*.
Not printed.
140. Return to an order of the House of Commons, dated 12th February, 1908, for a copy of all correspondence, papers, writings, plans and letters between the Government and the International Waterways Commission, on one part, and the St. Lawrence Power Company and the Long Sault Development Company, of the other part, with regard to the entire damming of the St. Lawrence river, in the vicinity of Cornwall; together with a copy of all memorials, letters and resolutions of protest sent to the Government by the Board of Trade of Montreal, the Chambre de Commerce, District de Montreal, the Shipping Federation of Montreal, the Dominion Marine Association, and others. Presented 2nd March, 1908.—*Mr. Gervais*.*Not printed.*
- 140a. Supplementary return to No. 140. Presented 13th July, 1908.*Not printed.*
141. Return to an order of the House of Commons, dated 17th February, 1908, for a copy of advertisement calling for tenders for dredging work on Holland river, Trent Valley canal system, tenders received, schedules showing prices paid, recommendation of person for inspector, date of payments made to the contractors, and the contract with contractor. Presented 2nd March, 1908.—*Mr. Bennett*.*Not printed.*

CONTENTS OF VOLUME 18—*Continued.*

- 141a.** Return to an order of the House of Commons, dated 13th January, 1908, showing what contracts for dredging in the St. Mary's river, Kaministiquia river, Mission river, Port Arthur harbour, Fort William harbour, and in Thunder Bay, or of any of the inlets or rivers thereof, have been let during the years 1904, 1905, 1906 and 1907, showing also: (a) the names, addresses and calling of all the tenderers in each case; (b) the amount of each tender; (c) the nature and extent of the work to be let in each case; (d) the names, addresses and calling of the successful tenderer in each case; (e) the prices at which each contract was let, (f) the nature or form of security for the due performance of the work in each case, and (g) the disposition of or change in the form of any such security after it was originally given or deposited; also, for a copy of all tenders, contracts, bonds or other securities, and of all correspondence relating or incident to all or any such tenders or contracts, including all correspondence relating to such contracts, or incident thereto, before and during the performance of the work and on file up to the date of the order for such return. Presented 17th July, 1908.—*Mr. Boyce.*
Not printed.
- 142.** Return to an address of the House of Commons, dated 18th December, 1907, for a copy of all orders in council, correspondence, contracts, papers and reports in connection with the employment of certain experts to prepare a system of accounting and book-keeping in the Department of Marine and Fisheries. Presented 2nd March, 1908.—*Mr. Foster.*
Not printed.
- 143.** Return to an order of the House of Commons, dated, 11th December 1907, for a copy of all correspondence in connection with the application, granting, operation or renewal of license and lease conveying the privileges of fishing in Cedar, Moose, Cormorant and Clearwater Lakes; also a copy of said license and lease. Presented 3rd March, 1908.—*Mr. Ames.**Not printed.*
- 144.** Certain papers referring to Treaty Powers, &c. Presented 3rd March, by Hon. L. P. Brodeur.*Printed for sessional papers.*
- 145.** Return to an order of the House of Commons dated 11th March, 1907, for a copy of all papers, affidavits and correspondence between the Government, or any official thereof, with the Prince Edward Island Railway, or any official thereof, or any other persons in reference to the leasing of the properties of Widow James Wiggins and Charles Malley, at Alberton, Prince Edward Island. Presented 3rd March, 1908.—*Mr. Lefurcey.*
Not printed.
- 146.** Return to an order of the House of Commons, dated 11th December, 1907, showing the total amount of money paid yearly from the year 1892 to 1st December, 1907, on each of the following accounts: (a) Salary of Governor General; (b) Travelling expenses of Governor General; (c) Expenditure on Rideau Hall, capital account; Expenditure on Rideau Hall, maintenance; Expenditure on Rideau Hall grounds, capital account; Expenditure on Rideau Hall grounds, maintenance; (d) Expenditure on furnishings of all kinds for Rideau Hall; (e) Expenditure on any other account in connection with the office of Governor General; (f) Expenditure on any other account in connection with Rideau Hall and grounds; (g) Total expenditure of every kind yearly since 1892 in connection with the office of Governor General; (h) Total expenditure of every kind yearly in connection with Rideau Hall grounds. Presented 5th March, 1908.—*Mr. Wilson (Lennox and Addington).**Not printed.*
- 147.** Return to an address of the House of Commons, dated 15th January, 1908, for a copy of all correspondence, telegrams, orders in council, contracts and tenders, with the names, and amounts of each, in possession of the Government, or any member or official thereof, respecting the construction of a breakwater at Petit Rocher, on the south-western side of Baie des Chaleurs, as detailed on page 74 of the Report of the Minister of Public Works for the year ended 31st March, 1907. Presented 5th March, 1908.—*Mr. Taylor.**Not printed.*
- 147a.** Supplementary Return to 147. Presented 12th June, 1908.*Not printed.*

CONTENTS OF VOLUME 18—*Continued.*

- 148.** Return to an order of the House of Commons, dated 17th February, 1908, showing the individual name and place of residence of the captain and crew of each of the Government steamers *Lansdowne, Aberdeen, Druid, Brant, Lady Laurier, Minto* and *Stanley*. Presented 5th March, 1908.—*Mr. Stanfield*. *Not printed.*
- 148a.** Return to an order of the Senate, dated the 5th of February, 1908, for a statement showing, in so many columns: 1. The names of the officers actually employed on board of Government vessels or of vessels hired by the Government for the season of navigation in the River St. Lawrence. 2. The amount of wages or salaries paid monthly to each of them for the period of their annual engagement. 3. The amount of wages or salaries paid monthly to those who are only employed for a part of the year. 4. The amount of wages or salaries paid monthly to those who, over and above their real service, are paid a part of their wages or salaries during the months in which the vessels are laid up for the winter. Presented 20th February, 1908.—*Hon. Mr. Landry*.
Not printed.
- 149.** Return showing what changes have occurred in the House of Commons branches of the Clerk of the House and the Sergeant-at-arms' service since 1st July, 1907. Presented 5th March, 1908.—*Mr. Owen*. *Not printed.*
- 150.** Return to an order of the House of Commons, dated 10th February, 1908, showing: 1. How many Returns or Sessional Papers have been presented to Parliament in answer to motions for the same, since the 1st of January, 1906. 2. How many of these Returns were taken out of the Office of Routine and Records, and the Journal Office, by members of this House, since the above date, giving also the name of the member to whom delivered. 3. For what length of time such Returns were retained by the members who obtained them. 4. How many of these Returns had not been returned to the proper officer of the House of Commons on the 1st of January, 1908. 5. In the case of those returned, how long they were out with the members. 6. How many of these Returns are still in the possession of the members, and how long they have had them. 7. The means usually adopted by the Clerk of Routine and Records and the Clerk of Current Sessional Papers to have outstanding returns retransferred to their possession. 8. The average cost to the country of preparing these Returns by the various departments interested, during the above period. Presented 6th March, 1908.—*Mr. Johnston*.
Not printed.
- 151.** Return to an order of the House of Commons, dated 16th December, 1907, showing: 1. The number of fishing licenses, the names of the parties to whom issued, and also the amounts of the revenues received from each license, on any or all of the lakes in the province of Saskatchewan. 2. For a copy of all correspondence in connection with each license so issued and in force, or about to be issued. 3. Also for a copy of the different forms used for fishing licenses in the province of Saskatchewan. Presented 9th March, 1908.—*Mr. Chisholm (East Huron)*. *Not printed.*
- 152.** Return to an order of the House of Commons, dated 20th January, 1908, for a copy of all correspondence, documents and papers, in the investigation into the case of Mr. O. S. Finnie, chief clerk in the gold commissioner's office, Dawson, Y.T. Presented 6th March, 1908.—*Mr. Thompson*. *Not printed.*
- 153.** Return to an order of the House of Commons, dated 19th February, 1908, for a copy of all correspondence between Lieut.-Colonel Mallette, of the 64th Battalion, and the Department of Militia and Defence, concerning Major Sabourin, of St. John, Quebec. Presented 6th March, 1908.—*Mr. Bergeron*. *Not printed.*
- 153a.** Return to an order of the House of Commons, dated 19th February, 1908, for a copy of all correspondence between Lieut.-Colonel Mallette, of the 64th Battalion, and the Department of Militia and Defence, for the organization of a regiment in Valleyfield, Quebec. Presented 6th March, 1908.—*Mr. Bergeron*. *Not printed.*

CONTENTS OF VOLUME 18—*Concluded.*

154. Report of the Royal Commission on the Quebec Bridge inquiry; also the Report on the Design of the Quebec Bridge by C. C. Schneider; with Appendices. Presented 9th March, 1908, by Hon. G. P. Graham.

Printed for both distribution and sessional papers

CONTENTS OF VOLUME 19.

154. (Vol. 2.) Royal Commission Quebec Bridge inquiry. Minutes of proceedings. Evidence and exhibits. *Printed for both distribution and sessional papers.*

- 154a. Return to an address of the House of Commons, dated 12th December, 1907, for a copy of all orders in council, correspondence, reports, memoranda, papers and documents, since the 1st day of January, 1900, relating to the Quebec Bridge, including all reports and orders in council, relating to the plans and specifications for the works of the undertaking, or to any approval thereof by the Governor in Council, or by the Department of Railways and Canals. Presented 26th May, 1908.—*Mr. Borden (Carleton).*

See No. 154.

- 154b. Return to an address of the Senate, dated 29th January, 1908, for a statement showing: 1. If the Quebec Bridge and Railway Company has fulfilled the obligation which was imposed upon it by clause 4 of the agreement made, between it and the Government, on the 19th day of October, 1908, which clause reads as follows: "4. The company will procure subscriptions for additional stock to the amount of \$200,000, such new stock to be issued at a price not below par and to be immediately paid up in full, the proceeds to be applied in the first place to the payment of the discount at which the bonds of the company were issued as aforesaid, to wit the sum of \$188,721." (Being exactly the difference between the sum of \$472,000, the amount of bonds issued, and the sum of \$283,279, for which these same bonds were accepted.) 2. When did the company so furnish subscriptions for additional work to the amount of \$200,000. 3. Who are the persons or the companies who divided among them this additional stock to the round sum of \$200,000. 4. On what date and for what amount did each of these persons or each of these companies become owner of the aforesaid stock. 5. On what date did each of the aforesaid persons or companies pay into the hands of the company the price (in part or in whole) of the stock so subscribed. 6. And if this amount of \$200,000 was paid in full and in what manner, distinguishing the amount paid in cash from the amount paid in promissory notes or in any other ways. Presented 2nd June, 1908.—*Hon. Mr. Landry.* *See No. 154.*

- 154c. Return to an address of the Senate, dated the 29th January, 1908, showing: 1. The amount of money really paid by each of the present directors of the Quebec Bridge and Railway Company into the capital stock of the said company. 2. The date each of these directors made each of his payments. 3. Among these payments or instalments the proportion or amount that has been paid by means of promissory notes or of unaccepted cheques. 4. By whom individually, and for what amount each one. 5. The amount of money each of its directors has received from the Quebec Bridge Company and from the Quebec Bridge and Railway Company up to this date, directly or indirectly, personally or otherwise. 6. The nature of the services rendered for which each of these amounts was paid. 7. The amount the present secretary has received out of the funds of the company since he has been in the service thereof. 8. The resolution that subsequently to the collapse of the Quebec Bridge, within a few days immediately following the disaster, the bridge company has voted giving a bonus of \$3,000 to its president. 9. The name of the funds, out of which the amount of this bonus was raised. 10. The resolution, if any, the company, on the same occasions, voted to aid the families of the victims of that disaster. Presented 18th February, 1908.—*Hon. Mr. Landry.*

Not printed.

155. Return to an order of the House of Commons, dated 10th February, 1908, showing what land has been withdrawn for settlement, or set apart, or sold, for colonization pur-

CONTENTS OF VOLUME 19—*Continued.*

poses, since 1896; the location and amount in each case, specifying townships, sections, half or quarter-section; to whom it has been sold, or alienated, and on what terms of settlement; the price per acre, on terms of payment, and the nationality of the settlers in each colony; when the land was sold, alienated, reserved, or set apart, for such purpose, in each case; and how many of these companies have complied with their contracts, and to what extent. Presented 9th March, 1908.—*Mr. Sproule...* *Not printed.*

153*a.* Return to an order of the House of Commons, dated 26th February, 1908, showing what lands, if any, have been reserved for grazing purposes or for acquisition by means of irrigation within the tract described as follows: Townships 12 to 19, inclusive, in ranges 15 to 21, west of the 4th meridian; and when such lands were so reserved, and for how long it is the purpose of the Government to continue such reservation. Presented 16th March, 1908.—*Mr. Lennex...* *Not printed.*

155*b.* Return to an order of the House of Commons, dated 11th March, 1908, for a copy of all correspondence, telegrams, reports, applications, surveyors' plans and maps, in reference to the homestead entries for the southwest quarter of section 27, township 18, range 10, east, in the province of Manitoba. Presented 27th March, 1908.—*Mr. Staples.*
Not printed.

155*c.* Return to an order of the House of Commons, dated 29th January, 1908, for a copy of all correspondence, applications, recommendations for patent, and all papers in any way relating to the disposal of or granting of privileges in connection with the s.e. $\frac{1}{4}$ of section 2, township 8, range 2, west of the 5th meridian. Presented 3rd April, 1908.—*Mr. Herron...* *Not printed.*

155*d.* Return to an order of the House of Commons, dated 23rd March, 1908, for a copy of all correspondence, applications and all other papers and documents relating in any way to any and all applications for or in connection with or relating to the southeast quarter of section 14, township 12, range 6, west 4th meridian. Presented 6th April, 1908.—*Mr. Herron...* *Not printed.*

156. Return to an order of the House of Commons, dated 2nd March, 1908, showing who made the seizures under the Inland Revenue Department in the fiscal years 1906 and 1907, in Cornwall, London, Ottawa, St. Catharines, Toronto, Joliette and Montreal, and what the seizures consisted of; the name of the party or parties from whom the material was seized; the amount realized by the sale of such seized material; and how this seized material was disposed of. Presented 9th March, 1908.—*Mr. Barr.*

Not printed.

156*a.* Return to an order of the House of Commons, dated 26th February, 1908, showing the number of seizures under the Inland Revenue Department in the years 1906 and 1907, the name of the party or parties making the seizure; the description and quantity of material seized; the name of the parties from whom the material was seized; how the seized material was disposed of, whether by public auction or by private sale, and what the amount realized thereon was. Presented 9th March, 1908.—*Mr. Barr...* *Not printed.*

156*b.* Return to an order of the House of Commons, dated 9th March, 1908, showing the number of seizures made by the Customs Department for the fiscal years 1905, 1906 and 1907; the reason for each seizure; the disposition of each case; the amount received by the Government, and by the party seizing or giving information in each case; and the names of the ports at which such seizures took place. Presented 23rd April, 1908.—*Mr. Cockshutt...* *Not printed.*

156*c.* Return to an order of the House of Commons, dated 4th May, 1908, showing the names of all officers employed in the Customs Department at the ports of Niagara Falls, Port Erie, Sarnia and Windsor; the rank and duties of their respective appointments, their salaries at the time of appointment, present rank, and increase of salary to any of these officers since date of their appointment. Presented 4th May, 1908.—*Hon. W. Paterson...* *Not printed.*

CONTENTS OF VOLUME 19—Continued.

- 157.** Return to an order of the House of Commons, dated 8th January, 1908, for copies of all documents, petitions, memoranda and correspondence received by the Government since 1904, to this day, regarding the amendments to be made to the Inland Revenue Act for the purpose of encouraging and protecting still more the Canadian tobacco industry. Presented 9th March, 1908.—*Mr. Dubeau*. *Not printed*
- 157a.** Return to an order of the House of Commons, dated 12th February, 1908, for a copy of all correspondence between the collector of customs at Charlottetown, Prince Edward Island, and the Minister of Customs, or the Commissioner of Customs, including declarations or statements in writing made by Messrs. Donald Nicholson and Evelyn B. Harnett, of the Hickey & Nicholson Tobacco Company, Limited, respecting alleged infraction of the provisions of the Inland Revenue Act, and of the regulations in respect of tobacco and cigars and tobacco and cigar manufactories, by Messrs. T. B. and D. J. Riley, of Charlottetown, or one of them. Also a copy of the reports of William Caven and other officials and collectors of Inland Revenue; and of all correspondence, letters and telegrams between the said T. B. and D. J. Riley, or either of them, and the Government, or any department, or officer thereof; and of all correspondence between the officers of Inland Revenue in Charlottetown and the Government or any department or official thereof, respecting said alleged infraction of said Act or regulations; and all other correspondence, statements and information in possession of the Government relating to the matter aforesaid; together with a statement of the moneys paid voluntarily or otherwise in settlement or otherwise of penalties for such infraction of the law, to whom paid, and the date of payment. Presented 16th March, 1908.—*Mr. McLean (Queen's)*. *Not printed*.
- 158.** Papers relating to Trade Conference at Barbados. Presented 10th March, 1908, by Hon. W. S. Fielding. *Not printed*.
- 159.** Return to an order of the House of Commons, dated 29th January, 1908, for a copy of all applications, tenders, correspondence, telegrams, or written communications of any kind, in connection with the sale of certain lands in the Ocean Man, Pheasant Rump, and Chasastapsin Indian Reserves, on the 15th November, 1901; together with a copy of advertisements of sales, the names of the newspapers in which they were inserted, and the dates of insertion. Presented 12th March, 1908.—*Mr. Lake*. *Not printed*.
- 160.** Return to an order of the House of Commons, dated 22nd January, 1908, showing how many fire extinguishers were purchased by the Government for the different departments of the public service since the 30th June, 1906, to January 1st, 1908; from whom they were purchased, and at what price; and the total amount paid for the same. Presented 12th March, 1908.—*Mr. Taylor*. *Not printed*.
- 160a.** Supplementary Return to an order of the House of Commons, dated 22nd January, 1908, (as far as the Department of Marine and Fisheries is concerned), showing how many fire extinguishers were purchased by the Government for the different departments of the public service since the 30th of June, 1906, to 1st January, 1908; from whom they were purchased, and at what price; and the total amount paid for the same. Presented 26th March, 1908.—*Mr. Taylor*. *Not printed*.
- 161.** Return to an order of the House of Commons, dated 22nd January, 1908, for a copy of all letters, correspondence, plans, surveys, estimates, &c., in connection with the proposal to open a waterway in St. Anicet and Ste. Barbe, in the county of Huntingdon, from Lake St. Francis to St. Louis River. Presented 12th March, 1908.—*Mr. Walsh (Huntingdon)*. *Not printed*.
- 162.** Return to an order of the House of Commons, dated 12th March, 1908, for copies of all correspondence between the Auditor General and the Department of Marine and Fisheries, concerning the travelling expenses of Commander Spain in 1905-6. Presented 12th March, 1908.—*Hon. L. P. Brodeur*. *Not printed*.

CONTENTS OF VOLUME 19—*Continued.*

- 163.** Return to an order of the House of Commons, dated 12th February, 1908, showing:
 1. The total revenue of Belleville, Ontario, Harbour, for the years 1903, 1904, 1905, 1906 and 1907. 2. The expenditure for the years above-mentioned in the harbour; (a) for salaries, and to whom, (b) dredging in each year; (c) for building retaining walls along the river at entrance of harbour; and (d) to whom or what persons such last-named sums were paid. 3. What money, if any, the Government has advanced to the Harbour Commissioners of Belleville for improvements, how much and when. 4. If any money has been advanced, what security the Government holds for repayment of the same. 5. The tenders received for building the retaining walls for improvement of Belleville Harbour, the tenderers, the amount of each tender, and to whom the contract was awarded. Presented 13th March, 1908.—*Mr. Porter*.*Not printed.*
- 164.** Copy of the order in council appointing Mr. Richard L. Drury, of Victoria, B.C., as a special officer of the Immigration Branch of the Department of the Interior in Japan. Presented 17th March, 1908, by Sir Wilfrid Laurier.*Not printed.*

Return to an address of the House of Commons, dated 30th March, 1908, for a copy of all memorials, documents, telegrams, and correspondence between the government of Prince Edward Island and the Government of Canada since 30th June, 1904, with respect to the non-fulfilment of the terms of union and for claims for damages in respect thereof. Presented 7th April, 1908.—*Mr. McLean (Queen's)*... ..*Not printed.*
190. Return to an order of the House of Commons, dated 17th February, 1908, for a copy of all correspondence, telegrams, reports, memoranda, resolutions, and any other information in possession of the Government or any member or official thereof, respecting the construction of branch railway lines in Prince Edward Island. Presented 13th April, 1908.—*Mr. Martin (Queen's)*... ..*Not printed.*
191. Return to an address of the House of Commons, dated 30th March, 1908, for a copy of all orders in council, reports, documents, correspondence and papers, from the 1st day of January, 1907, to the present time, relating to the passage of United States war ships or training ships through the St. Lawrence canals and Great Lakes, including a statement showing the number of United States war ships or training ships which have passed through the St. Lawrence canals during that period, and a statement of all such war ships or training ships now on the Great Lakes, and particulars of the tonnage, horse-power, armament and crew of such war ship or training ship, and of the naval reserves or other naval forces of the United States Government, or of any State Government upon the Great Lakes; also all correspondence respecting the proposed passage of the gunboat *Nashville* through the St. Lawrence canals and river on her way to the Great Lakes next summer. Presented 7th April, 1908.—*Mr. Taylor.*
Not printed.
192. Return to an address of the House of Commons, dated 29th January, 1908, for copies of all papers, representations, memorials and correspondence had with the Minister of Finance or any member of the Government in reference to the proposed action of the Government through or in conjunction with the banks, to facilitate in a financial way the movements of the grain from the western provinces of Canada. Presented 7th April, 1908.—*Mr. Foster*... ..*Not printed.*
193. Return to an order of the House of Commons, dated 11th December, 1907, showing:
1. How many drill halls have been constructed or are under construction by the Government since 1896. 2. In what localities these buildings have been constructed, and the cost of construction in each case. 3. What military organizations exist in the respective localities in which these drill halls have been erected, and the numerical strength of each such military organization. Presented 7th April, 1908.—*Mr. Worthington.*
Not printed.
194. Return to an address of the House of Commons, dated March, 1908, for a copy of all orders in council and regulations made by the Governor in Council, or prescribed by the Minister of Customs under the provisions of chapter eleven (11) of the Acts of 1907, (6 and 7 Edward VII.), relating to materials to be used in Canada for the construction of bridges or tunnels crossing the boundary between the United States and Canada, and all similar regulations or legislative or administrative provisions of the United States Customs Laws relating to such materials. Presented 8th April, 1908.—*Mr. Clements*... ..*Not printed.*
195. Return to an order of the House of Commons, dated 15th January, 1908, for a complete list of the publications in Canada enjoying the newspaper rate. Presented 8th April, 1908.—*Mr. Cockshutt*... ..*Not printed.*
196. Partial Return to an order of the Senate, dated the 17th March, 1908, for a copy of the service-roll of the Garrison Artillery Companies of Ottawa and Morrisburg, giving names of the militiamen who were on active service, and who were in barracks at Fort Wellington, Prescott, during the months of November and December, 1865, and during the months of January, February, March, April, May and June, 1866; and also a

CONTENTS OF VOLUME 19—*Continued.*

statement showing what was the daily pay paid to the soldiers of these two corps and that which the militiamen belonging to Company No. 2 of the Ottawa Field Battery received at the same time, or that which was received by other corps of the Military District of Ottawa, which were also called out for active service. Presented 8th April, 1908.—*Hon. Mr. Landry*.*Not printed.*

- 197.** Return to an address of the House of Commons, dated 16th March, 1908, for a copy of all orders in council, reports, memoranda, agreements, contracts and other documents and papers of every kind, nature and description, from the 1st of January, 1900, up to the present time, relating to or touching the Dolkese or Dokis Indian reserve, or touching the surrender thereof of the timber thereon, and especially all such documents as aforesaid as relate to any proposals or arrangements for the surrender of any rights by the Indians in the said reserve or in the timber thereon, or to the sale or disposal of the said timber or any part thereof. Presented 9th April, 1908.—*Mr. Borden (Carleton)*.*Not printed.*
- 197a.** Supplementary return to No. 197. Presented 2nd July, 1908.*Not printed.*
- 197b.** Return to an order of the House of Commons, dated 23rd March, 1908, for a copy of all opinions of the Minister of Justice, or Deputy Minister of Justice, or any official of the Department of Justice, to the Minister of the Interior or any official of the Department of the Interior, with respect to the Metlakatla and Songhees Indian reserves, or either of the said reserves, since the 1st day of January, 1906. Presented 22nd April, 1908.—*Mr. Borden (Carleton)*.*Not printed.*
- 197c.** Return to an order of the House of Commons, dated 6th April, 1908, for a copy of all petitions, memorials, documents, correspondence and papers touching any matters, transactions or negotiations between the Department of Indian Affairs and the council of the Six Nations reserve, or the chief or chiefs of the said council or the Indian Rights Association or Warriors' Association, from the 1st day of January, 1906, to the present time. Presented 18th May, 1908.—*Mr. Lake*.*Not printed.*
- 198.** Return to an order of the House of Commons, dated 11th March, 1908, for a copy of contract and all correspondence in connection with purchase of cement from E. A. Wallberg, by the Department of Marine and Fisheries, to heighten Heath Point. Presented 13th April, 1908.—*Mr. Staples*.*Not printed.*
- 199.** Return to an order of the House of Commons, dated 19th February, 1908, showing: 1. What amount the firm of H. N. Bate & Co has received from each department of the Government since the year 1896 for supplies, giving the amount paid each year separately. 2. What amount the firm of W. C. Edwards & Co. has received from each department of the Government since the year 1896 for supplies, giving the amount paid each year separately. Presented 13th April, 1908.—*Mr. Taylor*.*Not printed.*
- 200.** Return to an order of the House of Commons, dated 11th March, 1908, for a copy of all petitions, letters and applications, by or on behalf of "La Société Canadienne d'immigration et de placement," for assistance from the Government, and the answer by the Government or its officials to the same. Presented 13th April, 1908.—*Mr. Monk*.*Not printed.*
- 201.** Return to an order of the House of Commons, dated 30th March, 1908, for a copy, as it appeared printed in the *Yukon World and Official Gazette* for nine months of the financial year 1906-7, of a synopsis of mining regulations referred to in the Auditor General's Report, 1906-7, at page L-37, and also setting forth the number of times the said advertisement appeared in the newspapers referred to in the time stated. Presented 13th April, 1908.—*Mr. Lennox*.*Not printed.*
- 202.** Return to an order of the House of Commons, dated 26th February, 1908, for a copy of all correspondence, leases or other papers in connection with the leasing or proposed leasing of Kananaski Falls, on the Bow river. A copy of all correspondence and other

CONTENTS OF VOLUME 19—Continued.

- papers in connection with the selling or otherwise disposing of 1,000 acres or any lands to the Calgary Power and Transmission Company (Limited). A statement showing an estimate of about the number of acres and territory owned by the Stony Indian Reserve, held in trust for the Indians, the said statement showing the quantity on each side of Bow river. Presented 13th April, 1908.—*Mr. Reid (Grenville)*... *Not printed.*
- 203.** Return to an address of the House of Commons, dated 29th January, 1908, for a copy of all correspondence, telegrams, memoranda and reports, between the Government and its officers and solicitors and the provincial or territorial governments, in regard to the cases taken to test the liability for taxation of the Canadian Pacific Railway Company in the cases Rural Municipality of North Cypress vs. Canadian Pacific Railway; Rural Municipality of Argyle vs. Canadian Pacific Railway; Springdale School District vs. Canadian Pacific Railway; together with copies of all judgments of the courts before whom the cases were tried, and of the refusal of the Judicial Committee of the Privy Council of the application for leave to appeal to that court. Presented 21st April, 1908.—*Mr. Lake*... *Not printed.*
- 204.** Copy of a Report of the Privy Council approved by His Excellency the Administrator on the 21st April, 1908, on a memorandum dated 20th April, 1908, from the Minister of Public Works, recommending that the order in council of the 30th March, 1908, providing for the continuation of certain contracts therein mentioned for dredging at various places in the provinces of Ontario and Nova Scotia be cancelled. Presented 23rd April, 1908, by Hon. W. Pugsley... *Not printed.*
- 205.** Return to an order of the House of Commons, dated 27th April, 1908, showing claims for damages to property, or personal injury or loss or damage on the Intercolonial Railway, which have been settled since 1st January, 1908; nature of the claims so settled; amount of damage claimed in each case; the settlements arrived at, and the names of the persons so settled with. Presented 27th April, 1908.—*Hon. G. P. Graham.*
Not printed.
- 205a.** Return to an order of the House of Commons, dated 6th April, 1908, for a copy of the Report of the Deputy Minister of Railways and Canals, and the Deputy Minister of Marine and Fisheries in reference to their meeting with delegates of the Boards of Trade of Prince Edward Island at Charlottetown in June last, to take into consideration the removal of the heavy freight and passenger rates on the Prince Edward Island Railway and the Intercolonial Railway, and on freight and passenger rates to and from Prince Edward Island; also all correspondence, telegrams, &c., in possession of the Government or any member or official relating thereto, and other questions discussed at said meeting. Presented 27th April, 1908.—*Mr. Martin (Queen's)*. *Not printed.*
- 205b.** Return to an order of the House of Commons, dated 30th March, 1908, for a copy of all letters, telegrams and other documents relating to an accident which happened at Mulgrave, Nova Scotia, on the 3rd of December last, whereby Captain James Forrestall lost his life; and also the evidence taken at the investigation subsequently held by officers of the department and the report made thereon. Presented 7th May, 1908.—*Mr. Sinclair*... *Not printed.*
- 205c.** Return to an order of the House of Commons, dated 6th April, 1908, showing the number of trains, both freight and passenger, on the Intercolonial Railway breaking down or detained from defects in engines during the months of October, November and December, 1907, and the causes of such defects. Presented 18th May, 1908.—*Mr. Reid (Grenville)*... *Not printed.*
- 205d.** Return to an order of the House of Commons, dated 6th April, 1908, showing the number of locomotives on the Intercolonial Railway out of service on the 31st December, 1907, and the date of purchase of each engine out of service, from whom purchased, type of engine, passenger or freight, haulage capacity, when in efficient state of repair, when put out of service, and when last used. Presented 18th May, 1908.—*Mr. Reid (Grenville)*... *Not printed.*

CONTENTS OF VOLUME 19—Continued.

- 205e.** Return to an order of the House of Commons, dated 6th April, 1908, showing the number of tons of new steel rails lying along the line of the Intercolonial Railway unused, date when purchased, if required, and when to be used. Presented 18th May, 1908.—*Mr. Reid (Grenville)*.*Not printed.*
- 205f.** Return to an order of the House of Commons, dated 6th April, 1908, showing the number of locomotives in service on the Intercolonial Railway on the several Sundays in the months of October, November and December, 1907, hauling freight trains. Presented 18th May, 1908.—*Mr. Reid (Grenville)*.*Not printed.*
- 205g.** Return to an order of the Senate, dated the 12th May, 1908, for a copy of all the correspondence exchanged in 1906 and 1907, between Mr. L. C. A. Casgrain, of Nicolet, and Messrs. J. Butler, Deputy Minister of Railway and Canals, and T. C. Birpee, engineer, or any other persons in the Department of Railways and Canals, on the subject of the fences along the line of the Intercolonial Railway across the county of Nicolet and the neighbouring counties. Presented 21st May, 1908.—*Hon. Mr. Landry*.*Not printed.*
- 205h.** Return to an order of the House of Commons, dated 10th June, 1908, for copies of all accounts, vouchers, correspondence and other papers relating to a payment of \$8,399.68 to K. Falconer in connection with New Accounting System on Government Railways, as set out at Page W—192, Report Auditor General, 1906. Presented 10th June, 1908.—*Hon. G. P. Graham*.*Not printed.*
- 205i.** Return to an order of the House of Commons, dated 6th April, 1908, for a copy of all correspondence, telegrams, reports and recommendations in possession of the Government, or any member or official thereof, with respect to improved railway service on the Belfast and Murray Harbour Branch Railway. Presented 10th June, 1908.—*Mr. Martin (Queen's)*.*Not printed.*
- 206.** Return to an order of the House of Commons, dated 18th March, 1908, for a copy of all papers necessary to bring the information contained in Sessional Paper No. 90, 1907, up to date. (Robins Irrigation Company.) Presented 28th April, 1908.—*Mr. Ames*.
Not printed.
- 207.** Certified copies of Reports of the Committee of the Privy Council, dated 30th March, 1908, and 16th April, 1908, approved by His Excellency the Administrator, and of the 28th April, 1908, approved by His Excellency the Governor General, on certain estimates of expenses in connection with the celebration of the founding of Quebec by Samuel de Champlain, submitted by the National Battlefields Commission for the sanction and approval of the Governor General in Council. Presented 30th April, 1908, by Sir Wilfrid Laurier.*Printed for sessional papers.*
- 208.** Return to an order of the House of Commons, dated 6th April, 1908, for a copy of all correspondence, reports, telegrams, resolutions, petitions, &c., in possession of the Government or any member or official thereof, respecting the demand of the Charlottetown Board of Trade or any person in Prince Edward Island, for federal legislation to give sailing vessels and steamers equal rights in their proper loading turns at the coal ports in Nova Scotia and Cape Breton. Presented 5th May, 1908.—*Mr. Martin (Queen's)*.
Not printed.
- 209.** Return to an address of the Senate, dated 10th April, 1908, showing: 1. The number of automatic low pressure acetylene gas buoys which have been purchased by the Government during the years 1904-5-6-7 from the International Marine Signal Company, of Ottawa, giving each year separate, and the prices paid for the same. 2. Whether tenders were called for their supply; if so how many tenders were received, from whom, and the prices at which they were offered. 3. How many other gas buoys, beacons, whistling buoys and light appliances were purchased from the same company during the same period of time, the prices paid for the same; whether any tenders were called for; if so, the names of the tenderers and the prices asked. 4. The quantity of the carbide purchased by the Government during the years 1903-4-5-6-7, the price paid, from

CONTENTS OF VOLUME 19—*Continued.*

- whom purchased and whether by tender or otherwise. Presented 6th May, 1908.—*Hon. Sir Mackenzie Bowell*. *Not printed.*
210. Return to an address of the Senate, dated 30th January, 1908, showing: 1. Has Mr. Michel Siméon Delisle, of the parish of Portneuf, in the county of Portneuf, merchant, and, since 1900, member of the House of Commons, at any time after the general elections of 1896, received any sum of money whatsoever coming from the federal treasury. 2. If so, when, how much, and for what object at each time. Presented 6th May, 1908.—*Hon. Mr. Landry*. *Not printed.*
211. Return to an order of the House of Commons, dated 11th May, 1908, for a copy of the report made by Mr. Victor Gaudet as a result of the investigation held by him into charges preferred against E. Roy, foreman of works, under the Department of Marine and Fisheries; and of the evidence in connection therewith. Presented 11th May, 1908.—*Hon. L. P. Brodeur*. *Not printed.*
212. Return to an order of the House of Commons, dated 9th March, 1908, for a copy of all correspondence, telegrams, reports, and all other information, not already brought down, in possession of the Government or any member or official thereof, in reference to winter communication, and the construction of a tunnel between Prince Edward Island and the mainland of Canada. Presented 2nd July, 1908.—*Mr. Martin (Queen's)*.
Not printed.
213. Return to an order of the House of Commons, dated 3rd February, 1903, for a copy of all tenders, contracts, correspondence, plans, specifications, certificates, schedules, and all other papers and documents, including settlement, agreements, claims or adjustments thereof, relating to the contract of Messieurs Murray & Cleveland to do the work at the eastern gap at Toronto Harbour, which work was completed in or about the year 1896. Presented 14th May, 1908.—*Mr. Macdonell*. *Not printed.*
214. Return to an order of the House of Commons, dated 6th April, 1908, for a copy of all letters, telegrams, memoranda and correspondence of every kind between the Minister of Marine and Fisheries, or any officer of his department, and any person or persons, respecting the purchase of supplies for the Department of Marine and Fisheries at Quebec, St. John, New Brunswick and Halifax, during the years 1892, 1893, 1894, 1895 and 1896. Presented 14th May, 1908.—*Mr. Johnston*. *Not printed.*
215. Copy of a treaty between Great Britain and the United States concerning the fisheries in waters contiguous to the Dominion of Canada and the United States, signed at Washington on April 11, 1908. Presented 19th May, 1908, by Sir Wilfrid Laurier.
Printed for both distribution and sessional papers
- 215a. Correspondence, orders in council and despatches in connection with the negotiation of a treaty between Great Britain and the United States concerning the fisheries in waters contiguous to the Dominion of Canada and the United States. Presented 4th June, 1908, by Sir Wilfrid Laurier. *Printed for both distribution and sessional papers.*
216. Return to an order of the House of Commons, dated 29th January, 1908, showing the total expenditure by the Department of Public Works in Prince Edward Island over the following periods: 1873 to 1878; 1878 to 1896; 1896 to 1907; and the total expenditure by the Public Works Department in Prince county over periods 1873 to 1878; 1878 to 1882; 1882 to 1887; 1887 to 1891; 1891 to 1896; 1896 to 1900; 1900 to 1907, respectively. And the expenditures by the Public Works Department in the counties of Queen's and King's for the years and the periods of years above-mentioned. Also the total expenditures in said province by the Post Office Department, the Department of Railways and Canals, and the Department of Militia and Defence. And further, the total expenditures by the Department of Marine and Fisheries, including the development, propagation and preservation of the fisheries, and in the maintenance of winter communication across the Northumberland Straits, for the years and periods of years above referred to. Presented 26th May, 1908.—*Mr. Lefurgey*. *Not printed.*

CONTENTS OF VOLUME 19—Continued.

- 217.** Return to an order of the House of Commons, dated 11th December, 1907, for a copy of all correspondence, contracts and appointments of overseers in respect to Port Burwell Harbour, in the county of Elgin, Ontario, since 1st January, 1907; also a return showing pay-sheets, amount of new material used, from whom purchased, of all day or contract work on the said harbour, giving names of overseers and by whom appointed for the same. Presented 26th May, 1908.—*Mr. Marshall*... ..*Not printed.*
- 218.** Return to an order of the House of Commons, dated 6th May, 1908, showing the names of all persons who furnished supplies to the steamer *Petrel* between the 31st March, 1907, and 30th April, 1908, the amount paid to each such person, and the date of each payment. Presented 4th June, 1908.—*Mr. Chisholm (Huron)*... ..*Not printed.*
- 219.** Return to an order of the House of Commons, dated 19th February, 1908, (a) showing the revenue contributed by the province of British Columbia for each and every year from 1872-3 to 1905, inclusive, under the following heads: 1. - 227.** Return to an order of the Senate, dated 18th June, 1908, showing the tonnage entered at St. John, N.B., and Halifax, N.S., for the years 1905, 1906 and 1907. Also the value of imports for the same years at St. John, N.B., and Halifax, N.S., and also the value of exports for same year from St. John, N.B., and Halifax, N.S. Presented 7th July, 1908.—*Hon. Mr. Domville* *Not printed.*

CONTENTS OF VOLUME 19—*Continued.*

- 228.** Return to an order of the House of Commons, dated 13th July, 1908, for a copy of a memorandum by Major General P. H. N. Lake, C.B., C.M.G., Inspector General, upon that portion of the Report of the Civil Service Commissioners, 1908, which deals with the Military Administration of the Militia. Presented 13th July, 1908.—*Sir Frederick Borden*... ..*Printed for distribution.*
- 229.** Return to an order of the House of Commons, dated 13th January, 1908, showing the population of each town, village or other place in Canada, in which any public building has been erected at the expense of Canada since 1st January, 1897, or for a public building in which any public money has been voted, expended or appropriated since that date, together with a statement of the amount voted, expended or appropriated in each case, the total cost of each such building, the estimated total cost of any such building not yet completed, the purpose of each such building in each instance, the cost of the annual maintenance and upkeep thereof; and so that the said statement shall show the information aforesaid by division of the said towns, villages or other places in the following classes: Those having a population not exceeding 2,000, 3,000, 4,000, 5,000, 6,000, 7,000, 8,000, 9,000, 10,000; also giving the names of all other towns and villages in Canada of each of the said classes in which no such public buildings have been erected up to the present time. Presented 13th July, 1908.—*Mr. Borden (Carleton)*... ..*Not printed.*
- 230.** Return to an address of the Senate, dated 2nd July, 1908, showing: 1. The names of all senators and members of the House of Commons who have been appointed to office of emolument during the years 1896-7-8-9, 1900-1-2-3-4-5-6-7 and 8. 2. The name of the office to which each senator and member was appointed. 3. The salary attached to each office. Presented 14th July, 1908.—*Hon. Mr. Landry*... ..*Not printed.*
- 231.** Return to an order of the House of Commons, dated 10th February, 1908, for a copy of all petitions, letters, correspondence, reports, documents, papers, and other information in relation to the granting of a license in the year 1905 to E. H. McLennan and G. A. Redmond, both of River John, Nova Scotia, for the erection of a factory and to fish lobsters, with the date of such license. Presented 16th July, 1908.—*Mr. McLean (Queen's)*... ..*Not printed.*
- 231a.** Return to an address of the House of Commons, dated 23rd March, 1908, for a copy of all correspondence, telegrams, petitions, orders in council, applications for licenses, in possession of the Government or any member or official thereof, respecting the granting of lobster fishing and packing licenses in Prince Edward Island for the years 1904, 1905, 1906 and 1907-8, and the report of the inspectors thereon. Presented 18th July, 1908.—*Mr. Martin (Queen's)*... ..*Not printed.*
- 232.** Return to an order of the House of Commons, dated 16th December, 1907, showing: The amounts paid by the various departments of the Government since July, 1896, for sites for the following purposes, respectively: (a) court houses; (b) Royal Northwest Mounted Police purposes; (c) jails or penitentiaries; (d) armouries; (e) post offices; (f) Dominion lands office; (g) land titles offices; (h) customs offices; (i) inland revenue; (j) weights and measures; (k) other Dominion Government purposes, in the following villages, towns or cities, respectively: Winnipeg, Brandon, Regina, Moosejaw, Medicine Hat, Lethbridge, Calgary, Macleod, Cardston, Pincher Creek, Red Deer, Lacombe, Wetaskiwin, Edmonton, Battleford, Prince Albert, Saskatoon, Yorkton and Dauphin. Presented 17th July, 1908.—*Mr. McCarthy (Calgary)*... ..*Not printed.*
- 233.** Return to an address of the House of Commons, dated 30th March, 1908, for a copy of specifications, tenders, contracts, orders in council, extension or renewal of contracts in connection with Quebec Harbour improvements in 1903, and subsequently; and of all letters, correspondence and memoranda in connection therewith; and also a statement of the sums of money paid on account of the work in and subsequent to 1903 Presented 17th July, 1908.—*Mr. Lennox*... ..*Not printed.*

CONTENTS OF VOLUME 19—*Concluded.*

- 234.** Copy of a telegram from the Canadian Manufacturers' Association relative to the woollen industries, and Sir Wilfrid Laurier's reply thereto. Presented 18th July, 1908, by Sir Wilfrid Laurier. *Not printed.*
- 234a.** Correspondence, &c., from the Canadian Manufacturers' Association relating to the woollen industries in Canada. Presented 20th July, 1908, by Sir Wilfrid Laurier. *Not printed.*
- 235.** Return to an order of the Senate, dated 6th May, 1908, calling for copies of all correspondence with the Department of Inland Revenue and officers, referring to analysis of fertilizers and for the decision of the department on questions raised during the years 1906, 1907 and 1908, to date. Presented 18th July, 1908.—*Hon. Mr. Domville.* *Not printed.*

DEPARTMENT OF RAILWAY AND CANALS

CANAL STATISTICS

FOR THE

SEASON OF NAVIGATION

1906

PRINTED BY ORDER OF PARLIAMENT

OTTAWA

PRINTED BY S. E. DAWSON, PRINTER TO THE KING'S MOST
EXCELLENT MAJESTY

1907

[No. 20a—1908.]

OTTAWA, August 8, 1907.

M. J. BUTLER, Esq.,

Deputy Minister of Railways and Canals.

DEAR MR. BUTLER :—Hitherto it has been the practice to publish the statistics in relation to canals a year later than their actual date. Two reasons in chief actuated this course : First, the calendar year was used, as it still is, for figures relating to navigation ; second, certain data supplied by American Boards of Trade with respect to waterways traffic were not available until the latter part of the succeeding year. In this situation you instructed me to have the statistical matter prepared in time for the report to be laid before Parliament at the session immediately following the year to which it related. I have acted accordingly, and during the next sitting of the House of Commons the Canal Statistics for the year 1906 and also for the year 1907 will be presented. In future the report will be published within three months after the close of the calendar year.

I have thought it well to prepare a digest of some of the more important statistics with regard to the traffic which has passed through Canadian canals. The following table will be of interest :—

7-8 EDWARD VII., A. 1908

STATEMENT of total Freight passed through the Canals, for the following Years :—

*Sault Ste. Marie canal opened in August, 1895.

SESSIONAL PAPER No. 20a

It will be observed that the business between Canadian ports shows a large increase during the twenty years period, particularly with regard to traffic westward. From Canadian to United States ports the growth has been considerable, although here again the up-bound traffic has been in larger volume than that moving eastward. The trade between United States ports by way of Canadian canals has grown very largely since 1887, although exhibiting wide fluctuations. In this instance, however, the movement downward—that is, from the Upper Lakes to ports in the East—has expanded to a greater degree than that upward.

There has been an actual shrinkage in the up traffic between United States and Canadian ports during the twenty years included in the table. The eastbound business, however, has practically doubled.

With regard to total tonnage, it will be observed that the traffic moving up and down has increased by 287 per cent. during the past twenty years. The business westward showed a gain of 368 per cent., while that eastward grew to the extent of 257 per cent. It is instructive to take note of the fact that this expansion of business on the canals of Canada is relatively larger than that shown by Canadian railways during the same period. While 57,966,713 tons of freight were carried by Canadian railways in 1906, as compared with 16,356,337 in 1887, the betterment was but 254 per cent. as against 287 per cent. on the canals. Of course, this includes the use made by United States vessels of the Canadian Sault Ste. Marie and Welland canals.

This must be regarded as a very satisfactory result, indicating as it does the value and growing usefulness of the Canadian waterways system. As the territories west of Lake Superior develop the importance of Canadian waterways will be more and more demonstrated as a means for the controlling of transportation rates.

I append two further tables with respect to United States and Canadian vessels which have passed through Canadian canals since the year 1887 :—

1904.....	10,122	16,890	39,993	39,993	1,464,316	1,475,085	68,081	305,697	1,818,240	1,827,665	3,655,905	6,253
1905.....	49,743	19,444	364,985	81,876	2,350,494	1,701,704	101,536	456,459	2,836,758	2,250,483	5,096,241	7,085
1906.....	34,506	16,324	356,239	78,561	2,738,623	1,928,131	115,675	418,436	3,244,863	2,440,452	5,685,315	7,319

There would appear to have been a larger growth in the tonnage of United States vessels passing through our canals than of Canadian vessels; but the tables show that the carrying capacity for the year 1906, as measured by the actual reports at canal offices, was about equally divided between the two countries. That is to say, while Canadian vessels represented a tonnage of 5,526,321, American vessels made up a tonnage of 5,685,315.

A wide disparity, however, is apparent when the number of vessels—or, more correctly speaking, the number of passages—is taken into account. To make up the American tonnage above given, 7,319 passages were required; while for the Canadian tonnage it took 25,498 passages. This difference is accounted for by the number of United States vessels of high tonnage engaged in the ore, coal and grain carrying trade on the Great Lakes, as well as by the fact that many vessels of low tonnage use the St. Lawrence and eastern canals with great frequency and thus swell the number of passages.

With regard to the commodities making up the traffic through the canals during the year 1906, it is interesting to note that iron ore is in the lead. This ore, however, is not in any considerable volume connected with Canadian trade. Among the agricultural products which passed through the canals, the following are worthy of notice.

	1897.	1906.
Barley	19,168 tons.	123,950 tons.
Corn	395,753 “	244,122 “
Flour	15,930 “	297,937 “
Meals	44,014 “	27,472 “
Oats	83,527 “	209,285 “
Wheat	370,167 “	1,406,741 “
Total	927,559 tons.	2,309,507 tons.

The wheat tonnage given above would represent 46,891,367 bushels, and the products in the list make up over 40 per cent of the total traffic which passed through the canals during the year 1906.

I also append a table of thirty-two of the principal commodities in the canal traffic since the year 1888:—

SESSIONAL PAPER No. 20a

Tonnage of Articles carried through Canadian Canals from 1888 to 1906.

Articles.	1888.	1889.	1890.	1891.	1892.	1893.	1894.	1895.	1896.	1897.

32. Wheat.....	299,655	329,686	293,638	669,557	1,399,218	1,433,288	1,202,716	1,248,567	1,406,741

Wheat, corn, flour, iron, salt and coal form grouped item No. 31, although the same commodities appear separately in the list. This was because they were free in the years when tolls were collected. Tolls having been abolished this item hereafter will not appear in the statistical tables in the above form.

Yours sincerely,

J. L. PAYNE,
Comptroller.

CANAL STATISTICS

FOR

SEASON OF NAVIGATION, 1906.

For the season of navigation of 1905 and 1906, all the canals were declared free, consequently no tolls were collected for the present year. The statistics as compiled show the Revenue as it would appear if tolls had been collected.

Both the revenue and tonnage show a large increase on all the canals for the present year, as per statements herewith presented.

REVENUE.

The total revenue, exclusive of hydraulic rents for two years, is as follows :—

For 1905	\$ 356,405 68
For 1906	379,549 70

By comparing the statistics of 1905 with 1906, it will be seen that the gross revenue has increased \$23,144.02.

The increases and decreases are as follows :—

	Increase.	Decrease.
On the Welland Canal.....	\$ 5,607 18	
" St. Lawrence Canals.....	12,974 98	
" Chambly Canal	1,797 30	
" Ottawa Canals.	1,742 17	
" Rideau Canals.....	1,333 08	
" St. Peter's Canal.		\$ 253 26
" Trent Valley Canals.....		134 56
" Murray Canal	77 13	
" Sault Ste. Marie Canal.....		
Total.....	\$ 23,531 84	\$ 387 82
Total increase.	23,144 02	

STATEMENT of the Revenue, together with the increases and decreases of all the Canals for the seasons of Navigation from 1891 to 1906, inclusive.

Years.	Revenue.	Increase.	Decrease.
1891.....	\$ 350,351 97	\$ 2,292 46

1906.....	404,935	33,351	176,119

* Of the quantity of grain passed down to Montreal there were transhipped at Ogdensburg, in 1891, 17,817 tons; in 1892, 1,341 tons; in 1893, 71,445 tons; in 1894, 23,030 tons; in 1895, 18,987 tons; in 1896, 77,355 tons; in 1897, 89,659 tons; in 1898, 40,257 tons; in 1899, 43,823 tons; in 1900, 38,403 tons; in 1901, 17,387 tons; in 1902, 34,060 tons; in 1903, 40,641 tons; none in 1904, 1905 nor 1906.

The tolls on grain for passage through the Welland Canal prior to 1884 were 20 cents a ton; since that date, however, reductions have been made by Orders in Council from year to year as follows:—Upon the urgent request of forwarders and others interested in the grain trade, a reduction was made of one-half the usual rate of tolls on grain passing down the Welland Canal and the St. Lawrence Canals to Montreal; and in 1885 tolls were reduced to 2 cents a ton, and thereafter from year to year, including 1891.

In 1892 the tolls were reduced to 2 cents a ton on grain passed down the Welland and St. Lawrence Canals and exported, and in such cases only.

In 1893 by Order in Council of February 13, the tolls were reduced to 10 cents a ton on grain passing eastward through the Welland Canal, irrespective of its destination, and the same rate of tolls for 1894 were allowed by O.C., April 16, 1894.

For the year 1895 (O.C., April 1, 1895), the same rate of tolls was allowed as was granted for the year 1894.

For the year 1896 (O.C., April 23, 1896), the same rate of tolls was allowed as was granted for the year 1895.

For the year 1897 (O.C., April 17, 1897), the same rate of tolls was allowed as was granted for the year 1896.

For the year 1898 (O.C., June 1, 1898), the same rate of tolls was allowed as was granted for the year 1897.

SESSIONAL PAPER No. 20a

For the year 1899 (O.C., April 10, 1899), the same rate of tolls was allowed as was granted for the year 1898.

For the year 1900 (O.C., February 20, 1900), the same rate of tolls was allowed as was granted for the year 1899.

For the year 1901 (O.C., May 3, 1901), the same rate of tolls was allowed as was granted for the year 1900.

For the year 1902 (O.C., April 1, 1902), the same rate of tolls was allowed as was granted for the year 1901.

For the year 1903 the canals were declared free of tolls. O.C., April 27, 1903.

For the year 1904 the canals were declared free of tolls. O.C., April 27, 1903.

For the year 1905 the canals were declared free of tolls. O.C., April 27, 1903.

For the year 1906 the canals were declared free of tolls. O.C., April 27, 1903.

The rate through the St. Lawrence Canals only was 10 cents a ton.

It may be remarked that goods having paid full tolls on the Welland Canal are allowed to pass down the St. Lawrence Canals to Montreal free from payment of any further tolls.

During the last decade the quantity of agricultural products as above, passed down the Welland and St. Lawrence Canals to Montreal, has decreased from 560,254 tons in 1897 to 404,935 tons in 1906 and the quantity passed down the Welland Canal from United States ports to United States, has increased from 157,756 to 176,119 tons for the same years.

The quantity of barley, buckwheat, corn, oats, pease, rye and wheat, arrived at Montreal via Grand Trunk and Canadian Pacific Railways for a period of 13 years, is reported as follows:—

	Tons.
For 1894.....	60,666
1895.....	51,114
1896.....	153,717
1897.....	228,611
1898.....	293,391
1899.....	209,170
1900.....	229,624
1901.....	227,700
1902.....	263,861
1903.....	253,959
1904.....	154,625
1905.....	148,377
1906.....	386,963

The quantity of the same articles passed down the whole length of the St. Lawrence Canals to Montreal for the same period was:—

	Tons.
For 1894.....	288,015
1895.....	247,550
1896.....	495,898
1897.....	604,200
1898.....	575,097
1899.....	372,291
1900.....	295,928
1901.....	203,316
1902.....	242,225
1903.....	400,057
1904.....	220,076
1905.....	375,630
1906.....	449,673

7-8 EDWARD VII., A. 1908

Comparative shipments of grain by the St. Lawrence route, and rail and water via the State of New York, are as follows :—

QUANTITY OF GRAIN TO SEA-BOARD BY COMPETING ROUTES.

The quantity of grain and peas passed down the whole length of the St. Lawrence Canal to Montreal, is as follows :—

For 1905.....	375,630
1906.....	404,935
Showing an increase of.....	<u>29,305</u>

The quantity of grain and pease carried to Montreal via Canadian Pacific and Grand Trunk Railways, is reported as follows :—

For 1905.....	148,377
1906.....	386,963
Showing an increase of.....	<u>238,586</u>

The quantity of grain arrived at the tide-water by New York Canals, is reported as follows :—

For 1905.....	216,237
1906.....	294,467
Showing an increase of.....	<u>78,230</u>

The quantity of grain carried to tide-water by the New York railways, is reported as follows :—

For 1905.....	3,164,540
1906.....	3,942,771
Showing an increase of.....	<u>778,231</u>

The increases and decreases for 1906 as compared with 1905 on the several routes, competing for the carrying trade to the sea-board, are as follows :—

	Increase.	Decrease.	Increase.	Decrease.
	Tons.	Tons.	Per cent.	Per cent.
On the St. Lawrence.....	29,305		7.08	
" Canadian Pacific and Grand Trunk Railways.....	238,586		160.79	
" New York Canals.....	78,230		36.18	
" " Railways.....	778,231		24.51	

By reference to Appendix U, it will be seen that the quantity of freight from ports west of Port Colborne to the United States ports, Oswego, Ogdensburg, &c., has

SESSIONAL PAPER No. 20a

decreased from 247,035 tons in 1895 to 236,003 tons in 1906 and the quantity to Ontario ports, between Port Dalhousie and Cornwall, and an increase from 111,946 tons in 1895 to 209,628 tons in 1906. The quantity passed down to Montreal shows an increase from 266,659 tons in 1895 to 523,159 tons in 1906.

TRANSHIPMENT OF GRAIN.

The quantity of grain passed down the Welland Canal in Canadian and United States vessels to Kingston and Prescott for fifteen years, is as follows:—

In Canadian vessels there were in—

				Tons.
1892,	158	Cargoes, with an aggregate quantity of		159,018
1893,	146	“	“	148,962

Seventy-four Canadian and 10 American vessels took cargoes of 108,734 tons through to Montreal intact in 1906; 96 Canadian and 19 American of 180,206 in 1905; 56 Canadian and 16 American of 116,095 tons in 1904; 56 Canadian and 18 American of 99,582 tons in 1903; 19 Canadian and 17 American of 34,804 tons in 1902; 23 Canadian and 2 American of 17,303 tons in 1901, 15 of 7,924 tons in 1900, 2 of 558 tons in 1899, 7 of 2,426 in 1898, 7 of 2,324 in 1897, 3 of 1,176 in 1896, 4 of 1,344 tons in 1895, 2 cargoes of 810 tons in 1894, none in 1893, 2 in 1892 of 924 tons, and 3 in 1891 of 1,441 tons. Three vessels lightened a portion of their cargoes in 1901, 9 in 1900, 11 in 1899, 25 in 1898, 11 in 1897, 16 in 1896, 6 in 1895, 19 in 1894, 34 in 1893, 25 in 1892, and 44 in 1891; 222 vessels discharged the whole of their cargoes at Kingston in 1901, 540 in 1900, 316 in 1899, 473 in 1898, 359

7-8 EDWARD VII., A. 1908

in 1897, 335 in 1896, 169 in 1895, 188 in 1894, 363 in 1893, 220 in 1892, and 293 in 1891.

The quantity of grain transhipped at Port Colborne in 1906 and the four previous years is given below.

The total number of grain-laden vessels lightened at this port in 1906 was 72, against 50 the previous year.

The quantity of grain lightened was as follows :—

Articles.	1901.	1902.	1903.	1904.	1906.	1907.
	Bush.	Bush.	Bush.	Bush.	Bush.	Bush.

Barley.....	27,115	Nil.	13,242	9,686		2,103

The quality of Wheat discharged at Port Colborne in 1906 and two previous years from vessels which did not enter the canal, is as follows :—

	1904.	1905.	1906.
	Bush.	Bush.	Bush.
	88,067	108,459	383,437

WELLAND CANAL.

The total quantity of freight passed on the Welland Canal during the season of 1906 was 1,201,967 tons; of this quantity 11,187 tons were way or local freight.

There were 979,099 tons of freight passed eastwards, and 222,868 passed westwards.

East and west bound Through Freight.

The total quantity of through freight passed through the whole length of the Welland Canal during the season of 1906 was 1,190,780 tons.

Of this quantity 968,790 tons were east bound and 221,990 west bound freight.

Of the east bound through freight, Canadian vessels carried 488,674 tons and United States vessels carried 480,116 tons; and of the west bound through freight Canadian vessels carried 119,104 tons and United States vessels carried 102,886 tons, or a total of 607,778 tons for Canadian and 583,002 tons for American vessels.

ST. LAWRENCE CANALS.

The total quantity of freight passed through these canals during 1906 was 1,636,117 tons; of this quantity 1,033,716 tons passed eastward and 602,401 passed westward.

East and west bound Through Freight.

The total quantity of through freight was 1,200,092 tons; of this quantity 910,331 tons were east bound and 289,761 tons were west bound.

Way Freight.

Of the total quantity of (way) or local freight 312,640 tons were east bound and 123,385 tons west bound freight.

SESSIONAL PAPER No. 20a

THROUGH TRAFFIC BETWEEN MONTREAL AND PORTS ON LAKE ERIE, MICHIGAN, ETC.

The total quantity of through freights passed eastward and westward through the Welland and St. Lawrence Canals, from Lake Erie to Montreal during fifteen years, is as follows :—

	Eastward to Montreal. Tons.	Westward from Montreal. Tons.
1892.....	263,144	9,452
1893.....	508,016	16,545
1894.....	292,191	9,439

SESSIONAL PAPER No. 20a

The total quantity of freight passed through the several divisions of the canals during the season of 1906 is as follows :—

	Farm Stock.	Forest Produce of Wood.	Manufac- tures.	Merchan- dise.	Agricultural Products.	Total.
	Tons.	Tons.	Tons.	Tons.	Tons.	Tons.
Welland.....		147,468	91,809	222,202	740,488	1,201,967
St. Lawrence.....	1,857	271,324	142,664	595,566	624,706	1,636,117
Chambly.....	254	368,474	7,477	104,898	17,836	498,939
Ottawa.....	1,161	346,265	794	44,014	5,181	397,415
Rideau.....	6	31,430	6,517	38,128	6,078	82,159
St. Peters.....	6	10,361	3,430	50,561	11,969	76,327
Murray.....	8	3,274	9,523	12,846	2,076	27,727
Trent Valley.....	188	26,645	384	255	1,023	28,495
Sault Ste. Marie.....	43	161,130	216,079	4,523,055	1,673,732	6,574,039

The total quantity of freight moved on the Welland Canal was 1,201,967 tons, of which 740,488 tons were agricultural products.

On the St. Lawrence Canals the total quantity of freight moved was 1,636,117 tons, of which 624,706 were agricultural products, and 595,566 tons were merchandise.

On the Ottawa Canals the total quantity of freight moved was 397,415 tons ; of this quantity 346,265 tons were the produce of the forest.

STATISTICAL COMPARISON OF VARIOUS UNITED STATES ROUTES.

The statistical comparisons heretofore given in respect to the quantities of the principal articles carried through the Welland Canal, and those carried over routes in the United States, in competition with that work, have been continued to date.

By reference to statement H, as to the quantity of vegetable food carried to tide-water, it will be observed that the quantity carried by the New York Canals was 572,080 in 1906, 346,200 tons in 1905, 361,333 tons in 1904, 512,601 tons in 1903, 489,053 in 1902, 557,099 in 1901, 472,857 in 1900, 577,486 in 1899, 653,027 in 1898, 744,575 in 1897, 957,182 in 1896, 606,505 in 1895, 1,400,129 in 1894, 1,450,116 in 1893, 937,999 in 1892, and 1,092,385 in 1891.

The quantities of vegetable food carried by the New York Central, Erie and New York, West Shore and Buffalo Railways being :—

SESSIONAL PAPER No. 20a

COMPARATIVE STATEMENT OF TRAFFIC BY RAILWAYS AND CANALS VIA THE STATE
OF NEW YORK.

On reference to the returns made by the railways to the state authorities of New York, and to the canal statistics submitted to the state legislature, I find that of the total tonnage of freight carried by the canals and railways, the state canals carried :—

	Per cent.		Per cent.
In 1850.....	68·9	In 1887.....	16·3
1869.....	47·0	1888.....	18·8
1870.....	38·9	1889.....	15·1
1871.....	38·9	1890.....	13·9
1872.....	40·1	1891.....	13·4
1873.....	34·9	1892.....	9·8
1874.....	31·7	1893.....	10·1
1875.....	28·4	1894.....	10·2
1876.....	24·6	1895.....	9·7
1877.....	28·3	1896.....	8·5
1878.....	27·1	1897.....	8·3
1879.....	23·7	1898.....	6·9
1880.....	25·1	1899.....	7·2
1881.....	18·5	1900.....	5·2
1882.....	19·0	1901.....	5·1
1883.....	18·7	1902.....	5·5
1884.....	19·0	1903.....	5·6
1885.....	17·1	1904.....	4·6
1886.....	16·9	1905.....	4·5
		1906.....	4·5

The quantity of freight carried by the canals and railways was more in 1906 by 8,491,081 tons than the quantity carried in 1905, and an increase of 69,791,048 tons over 1869.

The quantities carried were as follows :—

	Total Tonnage.	Proportion by canals.
In 1859.....	5,485,076	·6890
1869.....	12,453,174	·4705
1870.....	15,148,174	·3895
1871.....	15,844,152	·3896
1872.....	16,631,609	·4012
1873.....	18,200,208	·3497
1874.....	18,283,547	·3174
1875.....	17,101,758	·2841
1876.....	16,948,627	·2462
1877.....	17,489,770	·2833
1878.....	19,017,301	·2719
1879.....	22,590,766	·2373

7-8 EDWARD VII., A. 1908

In 1885 the range of freights on wheat, Duluth to Buffalo, was $1\frac{1}{2}$ to 5c.; in 1886, $3\frac{1}{4}$ to 8c.; in 1887, 5 to 8c.; in 1888, 2 to 5c.; in 1889, 2 to 5c.; in 1890, 2 to 5c.; in 1891, $1\frac{1}{4}$ to $9\frac{1}{2}$ c.; in 1892, $2\frac{1}{4}$ to 4c.; in 1893, $1\frac{1}{4}$ to $3\frac{1}{2}$ c.; in 1894, $1\frac{1}{4}$ to 3c.; in 1895, 2 to 6c.; in 1896, $1\frac{1}{4}$ to 3c.; in 1897, 1 to $2\frac{1}{2}$ c.; in 1898, 1 to $3\frac{1}{2}$ c.; in 1899, $2\frac{1}{2}$ to 6c.; in 1900, $1\frac{1}{2}$ to $3\frac{3}{4}$ c.; in 1901, $1\frac{1}{8}$ to $3\frac{3}{4}$ c.; in 1902, 1 to $2\frac{1}{4}$ c.; in 1903, $1\frac{1}{8}$ to $2\frac{3}{4}$ c.; in 1904, 1 to 5c.; in 1905, $1\frac{1}{4}$ to 4c.; and in 1906, $1\frac{1}{4}$ to 3c. per bushel.

The first departure by lake, at Duluth in 1904, was May 14; in 1903 was April 9; in 1902 was on March 31; in 1901 was on May 6; in 1900 was on April 22; in 1899, on April 29; in 1898, was on April 16; in 1896, on April 22; and in 1895, on April 21. In 1894 season opened on April 19; in 1893, on May 8; in 1892, on April 21; in 1891, on April 30; in 1890, on March 26; in 1889, on April 20; in 1888, on May 12; in 1887, May 4; in 1886, on May 7.

Wheat was shipped at Kingston, Canada, per bushel, during the season of 1887, at $6\frac{1}{4}$ to $7\frac{3}{4}$ c.; in 1888, at 4 to 5c.; in 1889, at —; in 1890, $5\frac{3}{4}$, $5\frac{1}{2}$, $4\frac{1}{2}$, $4\frac{1}{4}$, 4c.; in 1891, during May, $3\frac{3}{4}$, $3\frac{1}{2}$, $2\frac{1}{2}$ c.; during June, 3c.; and on July 25, $2\frac{1}{2}$ c.; in 1892, 5c. in April; 5 to $5\frac{1}{2}$ c. in May; 4c. in June; $4\frac{1}{2}$ c. in July; 3c. in August; 6 to $6\frac{1}{2}$ c. in October; in 1903, ranged from $5\frac{1}{2}$ to $4\frac{1}{2}$ c. in April; $4\frac{1}{2}$ to $4\frac{3}{4}$ c. in May; 4 to $3\frac{1}{2}$ c. in June; $2\frac{3}{4}$ to 3c. in July; $3\frac{1}{2}$ to $3\frac{3}{4}$ c. in September; no figures quoted after that date. In 1894 ranged from $3\frac{1}{4}$ to $3\frac{1}{2}$ c. in May; $3\frac{1}{2}$ c. in June; $2\frac{1}{2}$ c. in July; $2\frac{1}{2}$ to $3\frac{1}{4}$ c. in August; 4c. in September, and $4\frac{1}{2}$ c. in October. On August 25 and November 3, 1894, wheat to Ogdensburg, at $3\frac{1}{4}$ c. and $4\frac{1}{2}$ c. respectively. In 1895, wheat to Kingston from 3c. to 5c. In 1896, wheat to Kingston from 3c. to $5\frac{1}{2}$ c.; and in 1897, wheat to Kingston from 3c. to $3\frac{1}{2}$ c., according to time of year; 1898 to 1899 not given.

LAKE FREIGHTS FROM TOLEDO TO BUFFALO ON WHEAT.

The following statements show the ruling rates of lake freights on wheat from Toledo to Buffalo, during the season of 1906 on the dates specified, as reported by the Secretary, Merchants' Exchange, Buffalo.

Date, 1906.	Wheat and Corn per Bushel.	Date, 1906.	Wheat and Corn per Bushel.
	Cts.		Cts.
Opening to April 1.	1	April 1 to July 14.....	$1\frac{1}{4}$
July 14 to August 1.....	$1\frac{1}{2}$ - $1\frac{1}{8}$	August 1 to close	$1\frac{1}{4}$ - $1\frac{1}{2}$

The range for 1886 was $1\frac{3}{4}$ to 3c.; for 1887, $2\frac{1}{4}$ to 3c.; for 1888, $1\frac{1}{2}$ to $2\frac{1}{2}$ c.; for 1889, $1\frac{3}{4}$ to 2c.; for 1890, $1\frac{1}{2}$ to 2c.; 1891, 1 to 3c.; for 1892, $1\frac{1}{2}$ to $2\frac{1}{2}$ c.; for 1893, 1 to 2c.; for 1894, 1 to 2c.; for 1895, 1 to $2\frac{1}{4}$ c.; for 1896, $1\frac{1}{4}$ to $1\frac{3}{4}$ c.; for 1897, 1 to $1\frac{1}{4}$ c.; for 1898, 1 to $1\frac{1}{2}$ c.; for 1899, $1\frac{1}{2}$ to 2c.; for 1900, $1\frac{1}{2}$ to 2c.; for 1901, $1\frac{1}{4}$ to $1\frac{1}{2}$ c.; for 1902, $1\frac{1}{8}$ to 2c.; for 1903, $1\frac{1}{8}$ to $1\frac{1}{2}$ c.; for 1904, 1 to $1\frac{1}{4}$ c.; for 1905, 1 to $1\frac{1}{2}$ c.; and for 1906, 1 to $1\frac{1}{2}$ c. per bushel.

From Toledo to Ogdensburg, wheat and corn shipped at 6 to 7c. in 1887; at $4\frac{1}{2}$ to 6c. for wheat and 5c. for corn in 1888; and 5 to $5\frac{1}{2}$ c. for wheat in 1889 per bushel. From Toledo, on October 8, 1887, corn shipped to Kingston at $3\frac{1}{2}$ c., and on November 12, at $4\frac{1}{2}$ c. per bushel. In 1888, corn, Toledo to Kingston, $4\frac{1}{2}$ to 3c.; and wheat at $3\frac{1}{2}$ to 3c. per bushel. In 1889, wheat, Toledo to Kingston, 3c.; and in 1891, rye, Toledo to Kingston at 3c. per bushel. From Toledo, on June 2, 1887, wheat shipped to Montreal by propeller at $6\frac{1}{2}$ c.; on June 14, corn at same price; but on September 26, the rate on corn was only 5c. per bushel. In 1888, corn, Toledo to Montreal, at 6 to $5\frac{3}{4}$ c., and wheat at $5\frac{1}{2}$ c. per bushel. From 1889 to 1899, no shipments to Montreal or other places in Canada reported.

SESSIONAL PAPER No. 20a

CANAL FREIGHT FROM BUFFALO TO NEW YORK.

The following shows the changes in the ruling rates of freight to New York from Buffalo, on the days specified in 1906 (as reported by the Secretary, Merchants' Exchange, Buffalo).

Date, 1906.	Wheat, Bushels.	Corn, Bushels.	Date, 1906.	Wheat, Bushels.	Corn, Bushels.
	Cts.	Cts.		Cts.	Cts.
May 2.....	4	3 $\frac{3}{4}$			
Sept. 25.....	4 $\frac{1}{2}$	4 $\frac{1}{4}$	Oct. 22, to close.....	5	4 $\frac{5}{8}$

Freight on oats varied from 2 $\frac{3}{4}$ to 3 $\frac{1}{4}$ c. per bushel. Pine lumber, per 1,000 feet, was carried from Buffalo to Tonawanda to New York as follows: Opened at \$1.65; June, \$1.65; July, \$1.75; August, \$1.75; September, \$1.85; October, \$2 to \$2.10; to close, \$2.25. Rates to Albany opened \$2; June, \$2; July, \$2.15; August, \$2.15 no shipments from September to close.

AVERAGE CANAL FREIGHTS.

BUFFALO TO NEW YORK.

The following statement shows the average rates of canal freights on wheat and corn between Buffalo and New York during each month in the past ten years, and the highest and lowest rates on wheat and average rate on wheat on each:—

(Reported by Sec. Merchants' Exchange, Buffalo.)

Grain.	May.	June.	July.	Aug.	Sept.	Oct.	Nov.

WELLAND CANAL THROUGH FREIGHT—RECAPITULATION.

WELLAND CANAL—WEST BOUND FREIGHT.

THE total Quantity of Through Freight passed UP the Welland Canal in Canadian and United States Vessels during the Season of Navigation in 1906, is as follows :—

Summary.	Tons.	Tons.
In Canadian steam vessels.....	98,893	119,104
" sail "	20,211	
Total quantity in Canadian vessels.....		
In United States steam vessels.....	101,144	102,886
" sail "	1,742	
Total in United States vessels.....		
Grand total freight passed UP the Welland Canal in Canadian and United States vessels		221,990

7-8 EDWARD VII., A. 1908

STATEMENT of the Quantity of Through Freight passed Up and Down the Welland Canal during the Season of Navigation in 1906.

Summary.	Tons.	Tons.
In Canadian steam vessels up.....	98,893	
" " down.....	374,450	
Total in Canadian steam vessels.....		473,343
In Canadian sail vessels up.....	20,211

7-8 EDWARD VII., A. 1908

St. Peter's Canal.

Sec. 2. On each and every vessel passing through the said canal, two cents per ton on the vessel and one cent per ton on the freight, each way. O. C. June 23, 1883. Con. O. C. Oct. 26, 1889, sec. 109. Free, O.C., April 27, 1903.

SPECIAL REGULATIONS RELATING TO TOLLS ON SOME OF THE CANALS.

Sec. 3. Coal may pass up all canals, except the Welland Canal, free of toll. O. C. June 6, 1869. Con. O. C. Oct. 26, 1889, sec. 83. Free, O.C., April 27, 1903.

Sec. 4. Logs, lumber or other produce may pass free of toll down the Chippawa creek, between the Aqueduct and Port Robinson. O. C. May 18, 1863. Con. O. C. Oct. 26, 1889, sec. 84.

Sec. 5. (a.) In view of the dam constructed across the Ottawa river at Carillon whereby the passage of the rapids at that point through the river is rendered difficult and at times impracticable, it appears necessary, owing to the continued difficulty attending passage through the slide built in the dam, that the canal should be used by rafts and until otherwise ordered, free passage be given to rafts through the Carillon canal, subject to such regulations as the Department of Railways and Canals may find necessary in the interest of the traffic of the canal to adopt. O. C. July 6, 1888.

Sec. 5. (b.) "Save in cases for which special permission may be given the Grenville Canal is closed to the passage of rafts, or any portion of a raft of any kind whatever." O. C. June 27, 1890.

Sault Ste. Marie Canal.

Sec. 6. All vessels and freight shall be permitted to pass through the Sault Ste. Marie canal free of toll upon such vessels and freight, until otherwise ordered.

Sec. 7. (a.) All up bound goods on which full tolls have been paid for passage through the whole of the St. Lawrence canals, or for passage through the Lachine canal, the Ottawa and Rideau canals or for passage through the Ottawa and Rideau canals shall be entitled to pass free through the Welland canal, or any portion thereof, and tolls paid for passage through the Chambly canal, on goods thereafter so becoming entitled to the above privilege, shall be refunded at Montreal. All down bound goods on which full tolls have been paid for passage through the Welland canal shall be entitled to pass free through any or all of the above mentioned canals, or through any portion thereof. O. C. May 17, 1897.

(b.) All articles, goods or merchandise, not enumerated above, shall be charged to class No. 4. O. C. April 18, 1873. Con. O. C. Oct. 26, 1889, sec. 86.

Sec. 8. Goods shipped to any port west of the St. Lawrence canals, tolls upon which have already been paid for passage through such canals, may be re-shipped from such port and be passed through the Welland canal free of tolls, in the same way as if they had been shipped through direct in the first instance; and goods going eastward, having paid Welland canal tolls, may be transhipped at any port on Lake Ontario, and thereafter pass free through the St. Lawrence canals, as if they had been shipped through direct in the first instance. O. C. June 23, 1883. Con. O. C. Oct. 26, 1889, sec. 87.

Sec. 9. Iron ore, kryolite or chemical ore, may pass through one section, or through all the canal sections aforesaid, for 5 cents per ton. Free, O.C., April 27, 1903.

Sec. 10. No let-passes shall be issued to steam tugs or other small vessels for less than 25 cents, as a minimum charge; but such vessels, not carrying freight or passengers, can obtain, on payment of \$30 a season "Let-Pass," which will pass them up and down the canals as often as desired. O. C. April 18, 1873. Con. O. C. Oct. 26, 1889, sec. 86. Free, O.C., April 27, 1903.

Sec. 11. All vessels owned or chartered by persons having contracts for the enlargements or repair of any of the canals, and employed by them in removing earth or carrying materials necessary for the prosecution of such works, shall be entitled to pass through such canals free of toll upon such vessel and cargo. O. C. April 22, 1884. Con. O. C. Oct. 26, 1889, sec. 35.

Sec. 12. Government dredges and scows shall be permitted to pass through the canals free of tolls, but that such dredges and scows shall not be so passed as to interfere with the passage of other vessels of any kind whatever. O. C. May 18, 1891.

HARBOUR DUES.

Sec. 13. Vessels receiving or discharging freight at the premises of the Welland railway, at Ports Colborne or Dalhousie, are to be free from harbour dues; but all other vessels discharging or receiving cargo at Port Dalhousie, Port Colborne or Port Maitland, shall pay on every ton of freight so received or discharged, two cents. O. C. April 18, 1873. Con. O. C. Oct. 26, 1889.

SESSIONAL PAPER No. 20a

WAY RATES.

Sec. 14. The following way rates are to be levied on vessels and property passing the several subdivisions of the canals:—

Welland Canal.

	Rate.
1. From Port Maitland, Dunnville and Port Colborne to Port Robinson or Allanburg, not passing the lock, each way.....	$\frac{1}{2}$
2. From Chippawa cut, or any part thereof, to Dunnville, Port Maitland or Port Colborne.....	$\frac{1}{2}$
3. From Dunnville to Port Colborne.....	$\frac{1}{2}$
4. From Thorold to St. Catharines or Port Dalhousie.....	$\frac{1}{2}$
5. From Maitland, Dunnville, Colborne or Port Robinson to Marshville and intermediate places.	$\frac{1}{2}$
6. From Marshville or intermediate places to Port Maitland, Dunnville, Port Colborne and Port Robinson.....	$\frac{1}{2}$
7. From Port Robinson to Allanburg or Thorold.....	$\frac{1}{2}$
8. From Port Robinson to St. Catharines or Port Dalhousie.....	$\frac{1}{2}$
9. From St. Catharines to Port Dalhousie.....	$\frac{1}{2}$
10. From Dunnville to Maitland.....	$\frac{1}{2}$
11. From Port Robinson through the lock and Chippawa cut.....	$\frac{1}{2}$
12. From Port Colborne to Port Maitland.....	$\frac{1}{2}$
13. From Chippawa cut through lock to Port Robinson.....	$\frac{1}{2}$
14. From Colborne, Dunnville, Maitland and Marshville to Thorold.....	$\frac{1}{2}$
15. From Colborne, Dunnville, Maitland and Marshville to St. Catharines.....	$\frac{1}{2}$
16. Through the Chippawa cut only.....	$\frac{1}{2}$
17. Through the Port Robinson lock only.....	$\frac{1}{2}$

St. Lawrence Canals.

Sec. 15. The navigation is divided into four sections, viz., Cardinal, Cornwall, Beauharnois or Soulanges and Lachine. Tolls are to be levied on all vessels and property in proportion to the number of sections passed through.

Chambly Canal.

	Rate.
Sec. 16. Vessels and property passing from Sorel to Chambly, to pay.....	$\frac{1}{3}$
Vessels and property passing from Chambly to St. Johns, to pay.....	$\frac{1}{3}$

Ottawa Canals.

Sec. 17. The navigation is divided into three sections, viz., Grenville, Carillon and Ste. Anne's. Tolls are to be levied on all vessels and property in proportion to the number of sections passed through.

Rideau Canal.

Sec. 18. The navigation of this canal is divided into three sections, viz., Ottawa, Smith's Falls and Kingston Mills. Vessels and freight passing one section are to be charged one-third; two sections, two-thirds. O.C. April 18, 1873. Con. O.C. Oct. 26, 1889, secs. 77, 78, 79, 80 and 81. —

Tay canal to be part of the Rideau canal and the following rates of tolls to be levied upon the said Tay branch of the Rideau canal system, viz. :—

Perth to Smith's Falls, 1 section, or one-third of Rideau canal rates, each way.

Perth to Kingston, 2 sections, or two-thirds Rideau canal rates, each way.

Perth to Ottawa basin, 2 sections, or two-thirds Rideau canal rates, each way.

Perth to River Ottawa, 3 sections, full Rideau canal rates, each way. O.C. Sept. 27, 1890.

General.

Sec. 19. (a.) Any fraction of a ton freight is to be charged one ton, and portions of sections are to be charged as a whole section on all the above canals.

(b.) The passing of saw-logs or other lumber through any of the canals, or sections thereof, shall be at all times governed by the regulations for their management. O.C. April 18, 1873. Con. O.C. Oct. 26, 1889, sec. 82.

Sec. 20.—STANDARD FOR ESTIMATING WEIGHTS, FOR CANAL TOLLS.

	Tons.		Tons.
2,000 lbs. avoirdupois.	1	Sheep, 20	1
Per M. is per thousand feet		Stone, 12 cubic feet	1
Per mile is per thousand pieces		Stone, 1 cord	7½
Green fruit, 9 barrels are	1	Whisky, 4 barrels or 215 gallons	1
Ashes, 3 barrels are	1	Empty barrels, 10.	1
Bark, 4 cords	1	Barrel hoops, 10 mille.	1
Beef, 7 barrels	1	Board and other sawed lumber, 600 feet board measure	1
Biscuit and crackers, 9 barrels	1	Boat knees, 4.	1
Bricks, common, 1,000.	2	Firewood, 1 cord	3
Butter, 22 kegs or 7 barrels	1	Hop poles, 60 or 40 cubic feet	1
Cattle, 3.	1	Shingles, 12 M. or bundles	1
Cement and water-lime, 7 barrels	1	Split posts and fence rails, 1 mille	1
Fire-bricks, 1,000.	3	Staves and headings, pipe, 1 mille	8
Fish, 7 barrels	1	" " W. India, 1 mille.	4
Flour, 9 barrels	1	" " barrel, 1 mille.	2½
Gypsum and manganese, 6 barrels	1	" " salt barrel, 1 mille.	0½
Horses, 2	1	Saw-logs, standard, 1	0½
Lard and tallow, 7 barrels or 22 kegs	1	Square timber, 50 cubic feet	1
Liquors and spirits, 215 gallons	1	Telegraph poles, 10, or 40 cubic feet	1
Liquids, all others, 215 gallons	1	Masts and spars, 40 cubic feet	1
Nuts, 9 barrels	1	Railroad ties, 16, or 50 cubic feet	1
Oysters, 6 barrels	1	All other woodenware, or partly manufac- tured wood, 40 cubic feet as per tariff	1
Pork, 7 barrels	1	Traverses, 40 cubic feet, or 5 pieces.	1
Refined oil in bulk, 250 gals., O.C., July 24, '00.	1	Floats, 50 lineal feet	1
Salt, 7 barrels	1		
Seeds, 9 barrels	1		

NOTE.—By the Weights and Measures Act, chapter 104 of the Revised Statutes of Canada, section 14, all the following named articles are to be estimated by the cental of 100 lbs.

The weight equivalent to a bushel being as follows:—Wheat, 60 lbs.; Indian corn, 56 lbs.; rye, 56 lbs.; pease, 60 lbs.; barley, 48 lbs.; oats, 34 lbs.; beans, 60 lbs.; clover seed, 60 lbs.; timothy seed, 48 lbs.; buckwheat, 48 lbs.; flaxseed, 50 lbs.; blue grass seed, 14 lbs.; hemp seed, 44 lbs.; malt, 36 lbs.; castor beans, 40 lbs.; potatoes, turnips, carrots, parsnips, beets and onions, 60 lbs.; bituminous coal, 70 lbs.

TOLLS AT SHEDS AT LACHINE CANAL BASIN.

Sec. 21. The following tolls shall be levied upon property stored at the sheds at the Lachine Canal basin:—

	Cents.
Wheat and other grain, per week, per bushel	1
Meal " per barrel	4
Pork, beef, butter and lard " "	5
Muscovado sugar " per hhd., 10 cents; per brl.	5
Liquors " f per pipe, 15 cents; per pun.	12
" " (per hhd., 10 cents; per qr. cask	7
Iron, bars " per ton	24
Iron, pig " "	12
Salt, except at the St. Gabriel sheds " per 100 minots	36
Salt at the St. Gabriel sheds, Montreal, after the first 48 hours " per bag	½
Bales, crates, cases, &c. " per ton weight or measurement	24
Coals " per chaldron	12

Sec. 22. (a.) No charge shall be made for property stored in the sheds of the Lachine Canal basin for the first forty-eight hours, after which period, except in the case of flour, the foregoing rate of storage for the use of the sheds are to be raised, levied and collected.

(b.) Articles unenumerated are to be charged according to the above rates as nearly as the same can be computed.

(c.) All property stored in the sheds remaining after the first forty-eight hours will be liable to one week's storage, although it should only have been stored for a portion of the same, and so on for each succeeding week.

(d.) The labour of receiving property into the sheds and delivering the same shall be at the expense of and be furnished by the owners of the property or their agents.

SESSIONAL PAPER No. 20a

(e.) All property stored in these sheds shall be at the risk of the proprietor from damage by fire or otherwise.

(f.) All dues for storage shall be paid before the removal of the property. O. C. August 21, 1846, October 28, 1846. Con. O. C. Oct. 26, 1889, secs. 90 and 91.

Flour.

Sec. 23. (a.) Flour shall be allowed to remain in the sheds for two whole days free of charge.

(b.) If kept there beyond two days or 48 hours, such flour shall be liable to a charge of one cent per day per barrel for the first four days after the expiration of the 48 hours of the exemption.

(c.) Should the flour be kept in the sheds beyond four days at one cent per day per barrel, it shall be liable to pay two cents per day per barrel for every day subsequent to the expiration of such four days.

(d.) Any part of a day shall be considered as one day. O. C. May 31, 1856. Con. O. C. Oct. 26, 1889, sec. 92.

WHARFAGE DUES ON COAL FOR LOCAL CONSUMPTION IN MONTREAL.

Sec. 24. Coal for local consumption in Montreal, landed on canal property between Montreal harbour and Lachine, O.C., April 22, 1902, from vessels other than sea-going, and entering the Lachine canal from Montreal harbour, shall be charged wharfage dues at the rate of five cents a ton.

Coal screening shall be charged 3 cents a ton. Con. O. C. Oct. 26, 1889, sec. 93. O. C. May, 18, 1892.

CHARGES FOR WHARFAGE ON FIREWOOD ON WHARFS AND BANKS OF LACHINE CANAL.

Sec. 25. The following rates of tolls shall be collected as herein mentioned that is to say:—

(a.) Firewood landed on wharfs or banks of the Lachine canal, or in boats, barges or other craft occupying any of the basins between Wellington Street bridge and Lock No. 3, four cents per cord, and for every day the wood is allowed to remain in either the canal or basin, or on the wharfs or banks after the first five days, an additional charge of four cents per cord. O. C. August 7, 1860. Con. O. C. Oct. 26, 1889, sec. 94.

(b.) The clause next preceding shall not only apply to the rates of toll to be collected on firewood on wharfs at Lachine and the Lachine canal and basin, but are also extended and made applicable to the banks and grounds at Côte St. Paul and at Lachine. O. C. Jan. 27, 1862. Con. O. C. 1889, sec. 94.

CANAL BASINS IN MONTREAL PART OF MONTREAL HARBOUR.

Sec. 26. Whereas under existing regulations for the collection of canal tolls, eastern bound vessels having paid the charges one way in full through the Welland canal are chargeable one Section Canal Toll if re-entering the Lachine canal;

And whereas vessels loaded with grain destined for the Montreal harbour frequently unload only part of their cargoes on board sea-going vessels in the harbour, and re-enter the Lachine canal for the purpose of unloading the balance of their cargoes either in elevators or mills located along the canal basins;

It is ordered that the Lachine canal basins, within the Montreal city limits, be considered as part of the Montreal harbour, in so far only as regards the collection of tolls on the class of vessels above referred to, which re-enter that portion of the canal for the purpose of unloading the balance of their cargoes, but that the same shall not apply any further, as in the event of vessels returning to the harbour to take cargo, in which case the usual toll shall be charged against them on passing out of the canal a second time into the harbour. O. C. Aug. 8, 1878. Con. O. C. Oct. 26, 1889, sec. 95. Free O.C. April 27, 1903.

PHOSPHATES.

Sec. 27. Whereas vessels laden with grain for delivery in Montreal harbour frequently carry also deck loads of phosphates, and being compelled to proceed at once to the harbour for the discharge of the grain, they pay tolls through to that point, subsequently re-entering the Lachine Canal for the storage of the phosphates, and in accordance with the existing regulations, paying canal dues a second time for such re-entry;

It is ordered that the Lachine canal basins, within the Montreal city limits, be considered as part of the Montreal harbour, for the purpose of the unloading of phosphates carried by vessels in addition to their grain cargoes as described in this section; it being, however, provided that in the event of their returning to the harbour to take cargo, the usual tolls shall be charged against such vessels on their passing out of the canal a second time. O. C. July 12, 1881. Con. O. C. Oct. 26, 1889, sec. 96. Free, O.C., April 27, 1903.

Extract from the Act, Canada, 1894, c. 48, amending and consolidating the Acts relating to the Harbour Commissioners of Montreal.

HARBOUR RATES WHARFAGE DUES IN ALL BASINS OF THE LACHINE CANAL ON SEA-GOING VESSELS.

Sec. 28. The corporation may, from time to time, levy such rates as are approved of by the Governor in Council, upon all goods landed or shipped in the harbour, moved by rail on the harbour tracks, or deposited within the harbour, except arms, ammunition and military accoutrements, and other munitions of war for the use of the Government or for the defence of the Dominion. 40 V., c. 53, s. 2, part 2. For the purposes of this section, the lower basins of the Lachine canal shall be held to form part of the harbour of Montreal, and the corporation may levy from all vessels entering the same through the harbour for the purpose of discharging or loading there, except canal craft trading between Montreal and places above Montreal, the same rates as may be levied in the harbour and under the same regulations and penalties. In all other respects the said lower basins shall be and remain under the jurisdiction of the Minister of Railways and Canals. 18 V., c. 143, s. 18; 40 V., c. 53, s. 2, part 2.

7-8 EDWARD VII., A. 1908

All property delivered or received by sea-going vessels in the Lachine canal basins at Montreal (except the old lower basin) shall be charged wharfage dues as follows:—

All goods, wares and merchandise not elsewhere specified	25 cents per ton.
Hay, straw, pig and scrap iron, pot and pearl ashes.	20 "
Apples, crates and their contents, flour and meal, fish, meats, pitch, potatoes, tar, horses, neat cattle, sheep and swine.	15 "
Ballast, clay, fire-bricks, gypsum, lime, marble, phosphate, sand, salt	10 "
Coal and coke, grain and seeds of all kinds	6 "
Special—Bricks, 10 cents per 1,000; cordwood, 5 cents per cord; lumber, 10 cents per 1,000 feet, board measure.	
Bullion specie	Free.
Coal screenings	3 "
Each entry shall pay not less than 5 cents.	

All property landed on the canal wharfs for re-shipment, or transhipped in canal waters, shall pay one wharfage only.

Lumber upon which tolls have been paid for passage down the Lachine canal, and which is re-shipped from the wharfs or vessels into sea-going vessels, shall pay wharfage dues equal to one section of canal tolls, viz., $3\frac{3}{4}$ cents per 1,000 feet board measure. O.C. Jan. 26, 1883. Con. O.C. Oct. 26, 1889, secs. 98, 99, 100 and 101. O.C. May 18, 1892.

Sec. 29.—Standard for Estimating Weights.

Ashes, pot or pearl	3 brls. to 1 ton.
Apples, flour, meal, potatoes	9 " 1 "
Fish, meat, pitch, tar	7 " 1 "
Horses	2 to 1 ton.
Neat cattle	3 to 1 "
Sheep	15 to 1 "
Swine	10 to 1 "
O.C. April 1, 1881. Con. O.C. Oct. 26, 1889, sec. 102.	

TOLLS ON FLOATED TIMBER, ETC., ENTERING THE BASIN AT LACHINE.

Sec. 30. The following rates of tolls shall be collected on floated timber, lumber and firewood entering the basin at Lachine and Lachine canal:—

Kinds of Timber.	For receiving Timber, &c., to include use of Basin and Wharf for one Month.	For each succeeding month during the Season of Navigation.	For Wintering in Basin or on Wharf.
	Cents.	Cents.	Cents
Timber, square or round, of all kinds, above 12 x 12, per M cubic feet.	25	20	35
Timber, round or flatted, of all kinds, under 12 x 12, per M lineal feet.	20	15	30
Planks and boards to include all kinds of sawed lumber in rafts, per M feet, board measure.	3	2	3
Saw logs, 12 feet long, if longer in same proportion per log	1	$\frac{1}{2}$	2
Floats, per 100	10	5	10
Traverses, per 100	10	5	10
Fence posts and rails, per M	10	5	10
Staves, barrel, per M	8	4	8
" pipe "	8	4	8
" West India, per M	8	4	8
Firewood on bank of canal between Lock No. 3 and Lock No. 5, and also on wharfs in canal basin at Lachine.	3	3	3

Note.

Sec. 31. (a.) No allowance shall be made for fractional parts of a month or winter season.

(b.) The firewood shall be corded across the bank while being delivered from the boat in such manner and at such points as the superintending engineer may direct.

(c.) The rates on timber to take effect upon the completion of the booms in Lachine canal. O.C. June 8, 1860. Con. O.C. Oct. 26, 1889, secs. 103 and 104.

CHARGES ON VESSELS WINTERING IN LACHINE AND WELLAND CANALS.

Sec. 32 (a.) The above rates shall also apply to the Welland Canal. (O.C. June 8th, 1901.)

(g.) These rules shall be understood as applying to all cases where the canal bank is used in any manner for the repairs of vessels, whether such vessels are actually hauled up or not. O. C. August 6, 1881. Con. O. C. Oct. 26 1889, sec. 107.

7-8 EDWARD VII., A. 1908

DRY DOCK CHARGES.

Trent Valley Canal.

Sec. 38. The following tolls and dues shall be charged for the use of the dry dock at Bobcaygeon, and of any of the locks on the Trent Valley canal, during the winter or other shorter period:—

For Vessels	Wintering.	Per day.	Per week.
Over 15 tons	\$30 00	\$4 00	\$12 00
15 tons and under.	20 00	3 00	10 00
(O. C. Oct. 31, 1890.)			

Rideau Canal.

Sec. 39. The following tariff of tolls and regulations shall be, and the same are hereby established for the use of the dry dock on the Rideau canal at Ottawa:—

(1) Steamers entering dock	\$ 8 00
Each day or portion of a day after day of entrance	2 50
(2) Barges entering dock	5 00
Each day or portion of a day after day of entrance	2 50
(3) Steam yachts or launches	5 00
Each day or portion of a day after day of entrance	2 50
(4) Boats wintering in the dry dock from the close to the opening of navigation	50 00
For every day such boat remains in the dock after the opening of navigation	8 00

(5) No vessel of any class shall be in the dock over six days after notice is given in writing by the lockmaster that the dock is required for another vessel unless a satisfactory agreement between all parties interested is arrived at.

(6) All entrances and discharge of vessels are covered by entrance fee.

(7) All drying off of vessels of all classes in the locks at Ottawa or Hartwell's during the season of navigation is prohibited unless for special reasons.

The owners of vessels of all classes to render the required assistance to open and close the gate under the supervision of the superintending engineer.

Vessel owners to supply all blocks, &c., to shove their boats up to make the necessary repairs and all refuse to be properly cleared out to the entire satisfaction of the lockmaster before leaving the dock.

(O. C. Dec. 28, 1893.)

Sec. 40. The use of horses for towage purposes between the lower entrance of the Cornwall canal and lock No. 20, be prohibited during the works of enlargement of that portion of the Cornwall canal (O.C. Aug. 20, 1890.)

Sec. 41. As the prohibition of the use of horses for towing purposes, between the lower entrance of the Cornwall canal and Lock No. 20 during the progress of the works of canal enlargement, has entailed the use of tugs and consequently expenses to the parties concerned, that all tugs, used solely for the purposes of towing on the section in question, be permitted to pass free of toll, up and down the canal between the lower entrance of the canal and lock No. 20, until the completion of the enlargement of the works on that section. (O. C. Sept. 27, 1890.)

SPECIAL RATES FOR 1902 ONLY.—1903. Free.

Sec. 42. For season of 1902 the Canal Tolls for the passage of the following food products:—wheat, Indian corn, pease, barley, rye, oats, flax seed and buckwheat, for through passage eastward through the Welland canal, be ten cents per ton, and for through passage eastward through the St. Lawrence canals only, ten cents per ton; payment of the said toll of ten cents per ton through the Welland canal to entitle these products to free passage through the St. Lawrence canals, or any portion thereof. (O. C. April 1, 1902.) Also special rates, are granted to grain, &c., carried on the O. A. & P. S. and Canada Atlantic Railway systems, from Depot Harbour to Coteau landing and thence by canal to Montreal, as follows, viz.:—Wheat, Indian corn, pease, barley, rye, oats, flaxseed and buckwheat, 2½ cents per ton, and all rolling said package freight, 5 cents per ton. (O. C. April 1, 1902.) Free, O.C., April 27, 1903.

Sec. 43. (a.) That for the current season of navigation of 1902, there shall be allowed in the case of steamships specially chartered for the conveyance of excursion parties, going and coming the same day, a reduction of one-half of the usual passenger tolls for passage through the Government canals, it being distinctly understood that no freight is to be carried by the said steamers on such excursions. (O. C. April 25, 1902.) Free, O.C., April 27, 1903.

Sec. 43. (b.) Whereas the Canal Tolls payable for passage through the Welland and St. Lawrence canals of barrel staves and headings, are 40 cents per 1,000 in the case of ordinary materials, such as those for sugar and flour barrels; while in the case of staves and headings for salt barrels the charge is 8 cents per 1,000 only.

And whereas application is made to have this distinction removed on the ground that sugar and flour cooperage is of the same weight as salt cooperage.

SESSIONAL PAPER No. 20a

His Excellency in virtue of the provisions of chapter 38 of the Revised Statutes of Canada, intituled "An Act respecting the Department of Railways and Canals," and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that Class 5 of the existing Tariff of tolls for passage through the Canals of the Dominion, established by the Order in Council of the 25th March, 1895, shall be and the same is hereby amended to the effect, and to that effect only, of removing the distinction between ordinary and salt barrel staves and headings, and making the tolls payable for these articles the same, namely, those at present charged on salt barrel staves and headings, on all the canals of the Dominion. (O. C. May 28, 1897.)

SPECIAL RATES ON SAND AND STONE.

Sec. 43. (*c.*) On the recommendation of the Acting Minister of Railways and Canals, the rate of tolls on sand and stone used in the construction of the bridge being built at Cornwall by the Ottawa and New York Railway was reduced from 15 and 20 cents to $7\frac{1}{2}$ and 10 cents respectively. (O. C. August 27, 1898.)

APPENDIX B.

DOMINION CANALS.

The canal systems of the Dominion, under government control in connection with lakes and navigable rivers, are as follows :—

First.—The through route between Montreal and the head of Lake Superior (14 feet minimum depth of water.)

	Miles.
1. Lachine canal.....	8 $\frac{1}{2}$
Lake St. Louis and River St. Lawrence.....	16
2. Soulanges canal.....	14
Lake St. Francis and River St. Lawrence.....	33
3. Cornwall canal.....	11
River St. Lawrence.....	5
4. Farran's Point canal.....	1 $\frac{1}{2}$
River St. Lawrence.....	10
5. Rapide Plat canal.....	3 $\frac{3}{4}$
River St. Lawrence.....	4
6. Galops canal.....	7 $\frac{1}{3}$
River St. Lawrence and Lake Ontario.....	236
7. Welland canal.....	26 $\frac{3}{4}$
Lake Erie, Detroit river, Lake St. Clair, Lake Huron, &c.	580
8. Sault Ste. Marie canal.....	1 $\frac{1}{4}$
Lake Superior to Port Arthur.....	266
Total	<u>1,223$\frac{7}{12}$</u>
To Duluth.....	1,357
Chicago.....	<u>1,286</u>

Second.—Ottawa to Lake Champlain.

1. Grenville. 2. Carillon. 3. St. Anne's. 4. Chambly. 5. St. Ours canals.

Third.—Ottawa to Kingston and Perth.

1. Rideau canal.

Fourth.—Lake Ontario at Trenton to Lake Huron at mouth of River Severn.

1. Trent canal (not completed).

Fifth.—Ocean to the Bras d'Or lakes.

1. St. Peter's canal.

SESSIONAL PAPER No. 20a

RIVER ST. LAWRENCE AND LAKES.

The River St. Lawrence with the system of canals established on its course above Montreal, and the Lakes Ontario, Erie, St. Clair, Huron and Superior, with connecting canals, afford a course of water communication extending from the Straits of Belle Isle to Port Arthur, at the head of Lake Superior, a distance of 2,200 statute miles. The distance to Duluth is 2,343 statute miles. The distance to Chicago, 2,272 miles.

From the Straits of Belle Isle, at the mouth of the St. Lawrence, to Montreal, the distance is 986 miles. From Quebec to Montreal, the distance is 160 miles. Owing to the shallowness of the waters on a portion of the river between these two places, particularly through Lake St. Peter, vessels drawing more than from ten to twelve feet were formerly barred from passage for the greater part of the season of navigation. In 1826, the question of deepening the channel was first definitely mooted, but it was not until 1844 that any dredging operations were begun. In that year, the deepening of a new straight channel was commenced, but the scheme was abandoned in 1847. In 1851 the deepening of the present channel was begun. At that time the depth of the channel at low water was 10 feet 6 inches. By the year 1869, this depth had been increased to 20 feet, by 1882 to 25 feet, and by the close of 1888 the depth of 27½ feet, at low water, was attained for a distance of 108 miles from Montreal to a point within tidal influence. This work is now being continued by the government of Canada, which in 1888, under the provisions of the Act 51 Vic., ch. 5, of that year, assumed the indebtedness. The channel has a minimum width of 300 feet, extending to 550 feet at points of curvature. The channel is lighted and buoyed.

Navigation, which is closed by ice during the winter months, opens about the end of April.

Montreal has by this work been placed at the head of ocean navigation, and here the canal systems of the River St. Lawrence begin, overcoming the various rapids by which the river channel upwards is obstructed, and giving access through the St. Lawrence canals, the Welland canal, the great lakes and the Sault Ste. Marie canal, to the head of Lake Superior.

The difference in level between the point on the St. Lawrence, near Three Rivers, where tidal influence ceases, and Lake Superior, is about 600 feet.

The Dominion canals, constructed between Montreal and Lake Superior, are the Lachine, Soulanges, Cornwall, Farran's Point, Rapide Plat, Galops, Murray, Welland and Sault Ste. Marie. Their aggregate length is 73 miles; total lockage (or height directly overcome by locks), 551 feet. The number of locks through which a vessel would pass in its passage from Montreal, at the head of ocean navigation, to the head of Lake Superior is 48. The Soulanges canal takes the place of the Beauharnois canal; the latter may be abandoned for navigation purposes.

Communication between Lakes Huron and Superior is obtained by means of the Canadian Sault Ste. Marie canal, and also by the St. Mary's Falls canal, situated on the United States side of the River St. Mary. Both these canals are free of toll.

It is important to note that the enlargement of the canals on the main route between Montreal and Lake Erie comprises locks of the following minimum dimensions: Length, 270 feet; width, 45 feet; depth of water on sills, 14 feet. The length of the vessels to be accommodated is limited to 255 feet. At Farran's, in the canal of that name, the lock is 800 feet long. A similar lock is built at Iroquois on the Galops canal, the object being to pass a full tow at one lockage.

LACHINE CANAL.

Length of canal.....	8½ statute miles.
Number of locks	5
Dimension of locks	270 feet by 45 feet.
Total rise or lockage	45 feet.
Depth of water } at two locks.....	18 "
} on sills. } at three locks.....	14 "
Average width of new canal.....	150 "

7-8 EDWARD VII., A. 1908

The old lift locks, 200 feet by 45 feet, are still available, with 9 feet of water on mitre sills.

The canal consists of one channel, with two distinct systems of locks, the old and the enlarged. There are two lock entrances at each end.

The canal extends from the city of Montreal to the town of Lachine, overcoming the St. Louis rapids, the first of the series of rapids which bars the ascent of the River St. Lawrence. They are 986 miles distant from the Straits of Belle Isle.

SOULANGES CANAL.

Length of canal.....	14 statute miles.
Number of locks { lift.....	4
guard.....	1
Dimensions of locks.....	280 feet by 45 feet.
Total rise or lockage.....	84 feet.
Depth of water on sills.....	15 "
Breadth of canal at bottom.....	100 "
Breadth of canal at water surface.....	164 "
Number of arc lights.....	219 of 2,000 c. p. each.

The canal extends from Cascade point to Coteau landing, overcoming the Cascade Rapids, Cedar rapids and Coteau rapids.

From the head of the Lachine to the foot of the Soulanges, the distance is sixteen miles.

CORNWALL CANAL.

Length of canal.....	11 statute miles.
Number of locks.....	6
Dimensions of locks.....	270 feet by 45 feet.
Total rise or lockage.....	48 feet.
Depth of water on sills.....	14 "
Breadth of canal at bottom.....	100 "
Breadth of canal at water surface.....	164 "

The old lift locks, 200 feet by 45 feet, are also available, with nine feet of water on mitre sills.

From the head of the Soulanges to the foot of the Cornwall canal there is a stretch through Lake St. Francis, of $32\frac{3}{4}$ miles, which is being made navigable for vessels drawing fourteen feet.

The Cornwall canal extends past the Long-Sault rapids from the town of Cornwall to Dickinson's landing.

WILLIAMSBURG CANALS.

The Farran's Point, Rapide Plat and Galops canals are collectively known as the Williamsburg Canals.

FARRAN'S POINT CANAL.

Length of canal.....	$1\frac{1}{2}$ mile.
Number of locks.....	1
New lock.....	800 feet by 45 feet.
Old lock.....	200 "
Total rise or lockages.....	$3\frac{1}{2}$ feet.
Depth of water on sills of new lock.....	14 "
Depth of water on sills of old lock.....	9 "
Breadth of canal at bottom.....	90 "
Breadth of canal at water surface.....	154 "

SESSIONAL PAPER No. 20a

From the head of the Cornwall canal to the foot of Farran's Point canal, the distance on the River St. Lawrence is five miles. The latter canal enables vessels ascending the river to avoid Farran's Point rapid, passing the full tow at one lockage. Descending vessels run the rapids with ease and safety.

RAPIDE PLAT CANAL.

Length of canal.....	3 $\frac{3}{8}$ miles.
Number of locks.....	2
Dimensions of locks.....	270 feet by 45 feet.
Total rise or lockage.....	11 $\frac{1}{2}$ feet.
Depth of water on sills.....	14 "
Breadth of canal at bottom.....	80 "
Breadth of canal at surface of water.....	152 "

The old lift lock, 200 feet by 45, is also available, with nine feet of water on mitre sills.

From the head of Farran's Point canal to the foot of Rapide Plat canal, there is a navigable stretch of 10 $\frac{1}{2}$ miles. This canal was formed to enable vessels ascending the river to pass the rapids at that place. Descending vessels run the rapids safely.

GALOPS CANAL.

Length of canal.....	7 $\frac{3}{4}$ miles.
Number of locks.....	3
Dimensions of locks. { one of which is }	2-270 by 45.
a guard lock. }	1-800 by 45.
Total rise of lockage.....	15 $\frac{1}{2}$ feet.
Depth of water on sills.....	14 "
Breadth of canal at bottom.....	80 "
Breadth of canal at surface of water.....	144 "

From the head of Rapide Plat canal to Iroquois, at the foot of the Galops canal, the St. Lawrence is navigable 4 $\frac{1}{2}$ miles. The canal enables vessels to overcome the rapids at Pointe aux Iroquois, Point Cardinal and the Galops.

MURRAY CANAL.

Length between eastern and western pier heads..	5 $\frac{1}{6}$ miles.
Breadth at bottom.....	80 feet.
Breadth at water surface.....	120 "
Depth below lowest known lake level....	11 "
No locks.	

This canal extends through the Isthmus of Murray, giving connection westward between the head waters of the Bay of Quinté and Lake Ontario, and thus enabling vessels to avoid the open lake navigation.

WELLAND CANAL.

Main line from Port Dalhousie, Lake Ontario, to Port Colborne, Lake Erie.

	Old Line.	Enlarged or New Line.
Length of canal.....	27 $\frac{1}{2}$ miles	26 $\frac{3}{4}$ miles.
Pairs of guard-gates (formerly 3)...		2
Number of locks { lift.....	26	25
guard.....	1	1
Dimensions.....	{ 1 lock 200 x 45 1 lock 200 x 45 1 (tidal) 230 x 45 24 locks 150 x 45 }	{ 270 feet x 45 feet.
Total rise or lockage 326 $\frac{3}{4}$ feet....	326 $\frac{3}{4}$ feet	326 $\frac{3}{4}$ feet.
Dept of water on sills.....	10 $\frac{1}{4}$ "	14 "

7-8 EDWARD VII., A. 1908

WELLAND RIVER BRANCHES.

Length of canal—	
Port Robinson cut to River Welland . . .	2,622 feet.
From the canal at Welland to the river, via lock at Aqueduct	300 "
Chippewa cut to River Niagara	1,020 "
Number of locks—one at Aqueduct and one at Port Robinson	2
Dimensions of locks	150 by 26½ feet.
Total lockage from the canal at Welland down to River Welland	10 feet.
Depth of water on sills	9 feet 10 inches.

GRAND RIVER FEEDER.

Length of canal	21 miles,
Number of locks	2
Dimensions of locks	{ 1 of 150 by 26½ feet. 1 of 200 by 45 "
Total rise or lockage	7 to 8 feet.
Depth of water on sills	9 feet.

PORT MAITLAND BRANCH.

Length of canal	1¼ miles.
Number of locks	1
Dimensions of locks	185 feet by 45 feet.
Total rise of lockage	7½ feet.
Depth of water on sills	11 "

The Welland canal has two entrances from Lake Ontario, at Port Dalhousie, one for the old, the other for the new canal.

From Port Dalhousie to Allanburg, 11¼ miles, there are two distinct lines of canal in operation, the old line and the enlarged or new line.

From Allanburg to Port Colborne, a distance of 15 miles, there is only one channel, the old canal having been enlarged.

From the head of the Welland canal there is a deep water navigation through Lake Erie, the Detroit river, Lake St. Clair, the St. Clair river, Lake Huron and River St. Mary to the Sault canal, a distance of about 580 miles. From the Sault the distance through Lake Superior to Port Arthur is 266 miles, and to Duluth 400 miles.

SAULT STE. MARIE CANAL.

Length of canal, between the extreme ends of the entrance piers	5,967 feet.
Number of locks	1
Dimensions of locks	900 ft. by 60 ft.
Depth of water on sills (at lowest known water level)	20 ft. 3 inches.
Total rise or lockage	18 feet.
Breadth of canal at bottom	141 ft. 8 inches.
Breadth at surface of water	150 feet.

This canal has been constructed through St. Mary's island, on the north side of the rapids of the River St. Mary, and, with that river, gives communication on Canadian

SESSIONAL PAPER No. 20a

territory between Lakes Huron and Superior. The masonry pier of the bridge carrying the Canadian Pacific Railway over the canal, which stood in the channel of the canal, forming an obstruction to navigation, has been removed; the swing now spanning the full width of the channel or prism of the canal.

MONTREAL, OTTAWA AND KINGSTON.

This route extends from the harbour of Montreal to the port of Kingston, passing through the Lachine canal, the navigation section of the lower River Ottawa, and the Ottawa canals, to the city of Ottawa; thence by the River Rideau and the Rideau canal to Kingston, on lake Ontario—a total distance of $245\frac{5}{8}$ miles.

After leaving the Lachine canal the works constructed to overcome difficulties of navigation are :

Ottawa River Canals.

The Ste. Anne's lock.
Carillon canal.

Grenville canal.
Rideau canal.

The total lockage (not including that of the Lachine canal) is 509 feet—(345 rise 164 fall)—and the number of locks is 55.

The following table exhibits the intermediate distances from Montreal harbour :—

Sections of Navigation.	Inter- mediate Distance.	Total Distance, from Montreal.
	Miles.	Miles.
The Lachine canal.....	$8\frac{1}{2}$	
From Lachine to Ste. Anne's lock	15	23
Ste. Anne's lock and piers.....	$\frac{1}{8}$	23
Ste. Anne's lock to Carillon canal.....	27	50
The Carillon canal.....	$\frac{1}{4}$	51
The Carillon to Grenville canal.....	$6\frac{1}{4}$	57
The Grenville canal.....	$5\frac{3}{4}$	63
From the Grenville canal to entrance of Rideau navigation.....	56	119
Rideau navigation ending at Kingston.....	$126\frac{1}{4}$	245

STE. ANNE'S LOCK.

	Old Lock.	New Lock.
Length of canal.....	$\frac{1}{8}$ mile.	$\frac{1}{8}$ mile.
Number of locks.....	1	1
Dimensions of locks.....	190 x 45 feet	200 x 45 feet.
Total rise or lockage.....	3 feet.	3 feet.
Depth of water on sills.....	6 "	9 "

This work, with guide piers above and below, surmounts the Ste. Anne's rapids between Ile Perrot and the head of the Island of Montreal, at the outlet of that portion of the River Ottawa which forms the Lake of Two Mountains, $23\frac{1}{2}$ miles from Montreal harbour.

THE CARILLON CANAL.

Length of canal.....	$\frac{3}{4}$ mile.
Number of locks.....	2
Dimensions of locks.....	200 x 45 feet.
Total rise or lockage.....	16 feet.
Depth of water on sills.....	9 "
Breadth of canal at bottom.....	100 "
Breadth of canal at water surface.....	110 "

This canal overcomes the Carillon rapids.

From Ste. Anne's lock to the foot of the Carillon canal there is navigable stretch of 27 miles, through the Lake of Two Mountains and the River Ottawa.

By the construction of the Carillon dam across the River Ottawa the water at that point is raised 9 feet, enabling the river above to be used for navigation.

GRENVILLE CANAL.

Length of canal.....	$5\frac{3}{4}$ miles.
Number of locks.....	5
Dimensions of locks.....	200 x 45 feet.
Total rise or lockage.....	$43\frac{3}{4}$ feet.
Depth of water on sills.....	9 "
Breadth of canal at bottom.....	40 to 50 feet.
Breadth of canal at surface of water.....	50 to 80 feet.

This canal, by which the Long Sault rapids are avoided, is about 56 miles below the city of Ottawa, up to which point the River Ottawa affords unimpeded navigation.

RIDEAU NAVIGATION.

The Rideau system connects the River Ottawa, at the city of Ottawa, with the eastern end of Lake Ontario, at Kingston.

Length of navigation waters.....	$126\frac{1}{4}$ miles.
Number of locks going from Ottawa to Kingston...	$\left\{ \begin{array}{l} 35 \text{ ascending.} \\ 14 \text{ descending.} \end{array} \right.$
Total lockage.....	$446\frac{1}{2}$ feet $\left\{ \begin{array}{l} 282\frac{1}{4} \text{ rise and} \\ 164 \text{ fall} \end{array} \right.$ at high water.
Dimensions of locks.....	134 x 33 feet.
Depth of water on sills.....	5 feet.
Navigation depth through the several reaches.....	$4\frac{1}{2}$ feet.
Breadth of canal reaches at bottom.	$\left\{ \begin{array}{l} 60 \text{ feet in earth.} \\ 54 \text{ feet in rock.} \end{array} \right.$
Breadth of canal at surface of water.....	80 feet in earth.

PERTH BRANCH.

Length of canal.....	6 miles.
Number of locks.....	2
Dimensions of locks.....	134 feet x 32 feet.
Total rise or lockage.....	26 "
Depth of water on sills.....	5 " 6 inches.
Length of dam.....	200 "
Breadth of canal at bottom.....	40 "
Breadth of canal at surface of water.....	$\left\{ \begin{array}{l} 40 \text{ " in rock.} \\ 60 \text{ " in clay.} \end{array} \right.$

RAILWAY STATISTICS

OF THE

DOMINION OF CANADA

FOR THE

YEAR ENDED JUNE 30, 1907

(From sworn Returns furnished by the several Railway Companies)

M. J. BUTLER

Deputy Minister and Chief Engineer of the Department of Railways and Canals

PRINTED BY ORDER OF PARLIAMENT

O T T A W A

PRINTED BY S. E. DAWSON, PRINTER TO THE KING'S MOST
EXCELLENT MAJESTY

1908

[No. 20b--1908.]

To His Excellency the Right Honourable Sir Albert Henry George, Earl Grey, Viscount Howick, Baron Grey of Howick, in the County of Northumberland, in the Peerage of the United Kingdom, and a Baronet ; Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, &c., &c., &c., Governor General of Canada.

MAY IT PLEASE YOUR EXCELLENCY,

The undersigned has the honour to present to Your Excellency the Annual Report of the Comptroller of Railway Statistics for the year ended June 30, 1907.

GEO. P. GRAHAM,
Minister of Railways and Canals.

To the Honourable GEORGE P. GRAHAM,
Minister of Railways and Canals.

SIR,—I have the honour to submit the annual report of the Comptroller of Railway Statistics for the year ended June 30, 1907.

This is the first report compiled from the new schedules which were put into force on 1st July, 1906, and special value should attach to the information which has been gathered with respect to the operation of railways in Canada.

I have the honour to be, Sir,

Your obedient servant,

M. J. BUTLER,
Deputy Minister of Railways and Canals.

OFFICE OF THE COMPTROLLER OF RAILWAY STATISTICS,
Ottawa, December 2, 1907.

M. J. BUTLER, Esq.,
Deputy Minister of Railways and Canals.

SIR,—I have the honour to submit herewith the return of Railway Statistics for the year ended 30th June, 1907.

This report is in many important respects different from those which have heretofore been presented. The schedules sent out to the various railways for statistical purposes, and upon which the accompanying tables are based, were much more elaborate than those which have been in use in Canada during the past thirty years. In all essential regards they are identical with the forms which had been adopted by the Interstate Commerce Commission at Washington. This change was made for a number of reasons. The old schedules had become unsuited to modern railway conditions. They failed to elicit many points of useful information. They did not, except in a limited way, permit of helpful comparisons with the railway statistics of other countries. In a word, they were obsolete.

It will not be alleged that these changes are in advance of existing needs. The problems of transportation rise above all others in importance, as bearing directly on the commercial life of the nation. All production, pastoral and industrial, with the labour involved, would practically cease if adequate marketing facilities were withdrawn; which is only another way of saying that the trade of the country is dependent upon the operation of railways. Scarcely less deplorable would be the position of the Dominion, having regard to the future, if railway construction and railway betterments should be indefinitely suspended. This will be conceded. And the problems of transportation in all their aspects can only be properly considered, and conditions measured, in the light of full and accurate statistical information. To meet this need is the purpose for which the new and comprehensive schedules above referred to have been given effect.

The introduction of the new schedules involved, among other things, a uniform system of accounting on the part of railways. This in itself was a change urgently needed. It was not to be expected, however, that these innovations could be readily and smoothly applied. Difficulties had to be met in many directions; but I am pleased to say that the mutual value of the new work, as between the Department and the railways themselves, was heartily recognized. This brought about a commendable spirit of co-operation. Therefore, while the returns are not perfect in all respects, they are nevertheless reasonably satisfactory under the circumstances.

One railway, the Kettle River Valley, having less than five miles of line in operation in British Columbia, failed to make a return.

7-8 EDWARD VII., A. 1908

MILEAGE.

Following is the history of railway mileage in Canada:

Year.	Miles in Operation.	Year.	Miles in Operation.
1835.....	0	1872.....	2,899
1836.....	16	1873.....	3,832
1837.....	16	1874.....	4,331
1838.....	16	1875.....	4,804
1839.....	16	1876.....	5,218
1840.....	16	1877.....	5,782
1841.....	16	1878.....	6,226
1842.....	16	1879.....	6,858
1843.....	16	1880.....	7,194
1844.....	16	1881.....	7,331
1845.....	16	1882.....	8,697
1846.....	16	1883.....	9,577
1847.....	54	1884.....	10,273
1848.....	54	1885.....	10,773
1849.....	54	1886.....	11,793
1850.....	66	1887.....	12,184
1851.....	159	1888.....	12,585
1852.....	205	1889.....	12,585
1853.....	506	1890.....	13,151
1854.....	764	1891.....	13,838
1855.....	877	1892.....	14,564
1856.....	1,414	1893.....	15,005
1857.....	1,444	1894.....	15,627
1858.....	1,863	1895.....	15,977
1859.....	1,994	1896.....	16,270
1860.....	2,065	1897.....	16,550
1861.....	2,146	1898.....	16,870
1862.....	2,189	1899.....	17,250
1863.....	2,189	1900.....	17,657
1864.....	2,189	1901.....	18,140
1865.....	2,240	1902.....	18,714
1866.....	2,278	1903.....	18,988
1867.....	2,278	1904.....	19,431
1868.....	2,270	1905.....	20,487
1869.....	2,524	1906.....	21,353
1870.....	2,617	1907.....	22,452
1871.....	2,695		

It will be seen that the addition for the year 1907 was 1,099 miles. It is gratifying to observe that the mileage of double track was also increased during the year, from 743 to 1,067 miles—a net gain of 324 miles. This increase was almost wholly applicable to main lines, and will represent a substantial addition to transportation facilities. With double tracks, sidings and yards added to the 22,452 referred to above, the total of all tracks in the Dominion amounted to 27,611 miles, of which all but 95 were laid with steel rails.

The number of miles actually under construction was not reported this year as formerly; but from data gathered in this office it is estimated at 3,000. This does not include lines projected and not under contract.

Divided by provinces, the railway mileage within the Dominion is as follows:—

Ontario.....	7,637.91
Quebec.....	3,515.90
Manitoba.....	3,074.46
Saskatchewan.....	2,024.86
British Columbia.....	1,685.29
New Brunswick.....	1,502.73
Nova Scotia.....	1,329.47
Alberta.....	1,323.02
Prince Edward Island.....	267.50
Yukon.....	90.60

SESSIONAL PAPER No. 20b

It may be instructive to compare by two simple tests the railway mileage of Canada with that of other countries:—First, with respect to population, and second, by territorial area. The result is as follows;—

	Population to each mile of railway.	Square miles to each mile of railway.
United States.....	381	13.61
United Kingdom.....	1,821	5.29
France.....	1,590	8.46
New South Wales.....	686	146.09
New Zealand.....	358	43.42
Victoria.....	360	25.89
India.....	10.119	61.09
Canada.....	289	161.80

Thus, Canada has the highest mileage, measured against population, (on an assumed basis of 6,500,000) and the lowest, measured against territory, among the countries indicated. In other words, Canada stands foremost among the nations in transportation facilities in proportion to her population, while her ample territory gives her the greatest room for expansion in that regard.

AID TO RAILWAYS.

It was intimated in my last report that a careful analysis would be made of the accounts showing what aid had been given to railways in Canada. This has been done. The inquiry, however, revealed a good deal of confusion. It was found that the returns made by the railways did not agree with the official statements of actual payments, for example, by the provinces. This did not necessarily imply inaccuracy. In some instances bonds had been given and charged up by the provinces on the basis of the liability involved; while the railways reported the actual proceeds. In other cases, the provinces entered up as railway aid the amounts expended on exploratory and survey work—not improperly—while the railways merely charged themselves with the direct subsidies received. Thus

7-8 EDWARD VII., A. 1908

one account could not be accurately checked against the other. Nevertheless, the sub-joined statement may be taken as fairly showing the situation^a with regard to railway aid:—

Year.	Dominion.	Provinces.		Municipalities.

*Included loan \$2,311,666.67 to Northern Railway; not reported after this year.

†Included loan \$29,880,912 to C. P. Railway; not reported later.

cEastern Extension \$1,284,495.76 now included in I. C. Railway.

‡Incorrect total of \$2,394,000 shown to the North Shore Railway.

aDecrease of \$1,044,000 by N. B. Government to St. John and Maine Railway.

bThis amount does not include the cost of the Temiskaming and Northern Ontario Railway (\$10,570,549) as formerly.

The amount credited to the Dominion is considerably reduced from that which has heretofore been published. In past years the cost of the Intercolonial and Prince Edward Island Railways had been reckoned as 'aid' to railways. It is now excluded. Other large amounts have, however, been added to the account. For example, the sum of \$10,189,521, paid to the Canadian Pacific Railway Company in 1886 in exchange for 6,793,014 acres of land, has been attached to subsidy account. That payment must be regarded as merely varying the terms of the original subsidy agreement, by which the railway got more cash and less land. For some reason the annual subsidy paid to the same Company on that portion of their Short Line which lies in the State of Maine, as well as \$6,639,581 charged against surveys in connection with that section of the Canadian Pacific Railway constructed by Government, had been left out. These items are now inserted. It was also discovered that a payment by the Department of Finance of \$119,700 per annum, since 1884, to the Government of Quebec, on subsidy account in connection with the building of the North Shore Railway, had escaped notice. These items, with the exception of

SESSIONAL PAPER No. 20b

the last mentioned, have been included in the total for 1907, since it was not practicable to place them in the years back of that date. The total of aid to railways from the three sources above indicated is \$181,298,412.91.

Aid to railways has not, however, been limited to cash subsidies. Large grants of land have been given. On 30th June last the grants earned from the Dominion Government were as follow:—

Alberta Railway & Coal Co.....	1,114,368	acres.
Calgary & Edmonton Railway Co.....	1,888,448	"
Canadian Northern Railway Co.....	3,321,408	"
Canadian Pacific Railway, Main Line.....	18,206,986	"
" " Pipestone Extension.....	200,320	"
" " Souris Branch.....	1,408,704	"
Great North-West Central Railway Co.....	320,000	"
Manitoba & North Western Railway Co.....	1,501,376	"
Manitoba South-Western Col. Railway Co.....	1,396,800	"
Manitoba & South-Eastern Railway Co.....	680,320	"
Qu'Appelle, Long Lake & Saskatchewan Railroad & Steam- boat Company.....	1,625,344	"
Saskatchewan & Western Railway Co.....	98,880	"
Total.....	31,762,954	"

Patents have been issued for 26,542,003 acres of the amount earned up to 30th June. It cannot, of course, be ascertained what may be the money value of these land subsidies. The provinces have also given generous grants of land to aid railway construction, and an effort has been made to get at the facts. From official sources it is learned that the total area granted by the province of Quebec aggregates 13,324,950 acres; but the subsidies thus given have been converted into money on the basis of 52½ cents per acre. This would yield the sum of \$6,995,598.75, of which \$4,557,728.02 has actually been paid by the province. British Columbia has also been liberal in the same direction, and has alienated 5,287,387 acres of her territory in aid of five lines of railway. New Brunswick has granted 1,647,772 acres, and Nova Scotia 160,000.

Adding together the land grants of the Dominion and provinces a total of 52,183,063 acres is shown.

Nor is that all. The Dominion and Provincial Governments have guaranteed the bonds of railway companies to the extent of many millions of dollars. Just what the liability may be in this regard has not been definitely ascertained.

RAILWAY CAPITAL.

The capital invested in Canadian railways, as shown in detail in the body of this report, is as follows:—

Shares.....	\$	588,563,591
Funded Debt.....		583,369,217
Total.....	\$	1,171,937,808

7-8 EDWARD VII., A. 1908

This is below the amount heretofore reported, for the reason that in preceding years the cost of the Dominion and Ontario Government Railways, this year aggregating \$100,958,402, and aid from all sources, were included with capital. Net earnings for all railways of \$42,989,537.41, represent a rate of 3.66 per cent on the capital indicated.

Deducting the mileage of Government lines, in all 1890, it will be seen that the capitalization of railways in Canada is \$56,995 per mile. The cost of Government built, owned and operated lines in Canada is \$53,417 per mile, the Dominion railways having cost \$51,590 and the Ontario railway \$76,047 per mile.

Comparing this capitalization with that of the railways of other countries, the result is:—

United States.....	\$ 67,936 per mile.
United Kingdom.....	273,437 "
New South Wales.....	*63,063 "
Victoria.....	*63,113 "
India.....	*56,796 "
Canada.....	56,995 "

*Actual cost.

In India, it may be explained, the railways are all owned, although not all operated, by Government. More than half the mileage, however, is narrow gauge.

TRAFFIC.

The traffic on Canadian railways during 1907 showed substantial gains over the preceding year. In freight there was an increase of 5,899,422 tons, and in passengers 4,147,537 in numbers. Since 1875 the history of this movement is as follows:—

Year.	Passengers Carried.	Tons of Freight 2000 lb.	Year.	Passengers Carried.	Tons of Freight 2000 lb.
1875.....	5,190,416	5,670,837	1892.....	13,533,414	22,189,923
1876.....	5,544,814	6,331,757	1893.....	13,618,027	22,003,599
1877.....	6,073,233	6,859,796	1894.....	14,462,498	20,721,116
1878.....	6,443,924	7,883,472	1895.....	13,987,580	21,524,421
1879.....	6,523,816	8,348,810	1896.....	14,810,407	24,266,825
1880.....	6,462,948	9,938,858	1897.....	16,171,338	25,300,331

SESSIONAL PAPER No. 20b

Among the commodities which made up the above total freight tonnage were the following:—

Products of agriculture—	Tons.
Grain.....	5,776,731
Flour.....	1,402,386
Other mill products.....	654,179
Hay.....	803,918
Tobacco.....	10,042
Cotton.....	22,164
Fruit and vegetables.....	562,716
Other products of agriculture.....	289,525
Products of animals—	
Live stock.....	1,118,141
Dressed meats.....	400,900
Other packing house products.....	463,647
Poultry, game and fish.....	128,432
Wool.....	23,472
Hides and leather.....	154,157
Other products of animals.....	180,517
Products of mines—	
Anthracite coal.....	1,635,628
Bituminous “.....	11,805,060
Coke.....	547,303
Ores.....	2,209,860
Stone, sand, &c.....	2,083,336
Other products of mines.....	178,985
Products of forests—	
Lumber.....	7,542,475
Other products of forests.....	2,687,160
Manufactures—	
Petroleum and other oils.....	270,810
Sugar.....	232,620
Naval stores.....	1,674
Iron, pig and bloom.....	304,136
Iron and steel rails.....	190,380
Castings and machinery.....	231,159
Bar and Sheet metal.....	87,958
Cement, brick and lime.....	1,393,792
Agricultural implements.....	223,664
Wagons, carriages, tools, &c.....	42,129
Wines, liquors and beers.....	191,576
Household goods and furniture.....	256,208
Other manufactures.....	4,448,535
Merchandise.....	2,309,084
Miscellaneous.....	5,533,426

Of this traffic, 42,381,731 tons originated on the reporting roads and 13,848,240 were received from connecting lines.

EARNINGS AND OPERATING EXPENSES.

The total earnings from operation for the year were \$146,738,214.68, of which \$95,-738,079.21 came from freight service, \$45,730,652.29 from passenger service, and \$5,269,-483.06 from other sources. This represented an increase of \$21,415,349.65, or 17.09 per cent over 1906. The operating expenses amounted to \$103,748,672.27, an increase over 1906 of \$16,619,242.78, or 19.07 per cent. The proportion of operating expenses to earnings was 70.70 per cent.

The earnings from freight service involved the hauling of 63,866,135 tons, from which a revenue of \$94,995,087.81 was received, and to which was added \$742,991.41 from stock yards, elevators, &c., making a total of \$95,738,079.21. The average earnings per ton were \$1.472. The earnings from passenger service came from the carrying of 32,137,319 passengers, yielding a revenue of \$39,184,437.64, plus \$1,626,704.64 from mails, \$3,277,695.09 from express and \$1,641,814.92 from miscellaneous items, such as extra baggage, storage, &c. To these joint sources of revenue were added \$122,537.75 from balance of car mileage, switching charges and hire of equipment, and \$5,146,945.31 from telegraph, rents and other items. The average receipts per passenger carried were \$1.423.

The operating expenses were divided as follows:—

		Per cent.
Maintenance of way and structures.....	\$20,887,091 66	20.13
“ equipment.....	21,666,373 08	20.88
Conducting transportation.....	57,325,543 26	55.25
General expenses.....	3,869,669 27	3.74

Owing to the adoption of an entirely new classification, it is not practicable to compare these divisions of operating expenses with those of preceding years.

The net earnings of the year were \$42,989,537.41, as compared with \$38,193,430.54 for 1906. In volume this represents an increase of \$4,796,106.87, or a betterment of 12.55 per cent; but relatively the net result was 1.2 per cent lower than for 1906, the difference being as between 29.3 and 30.5 per cent of the gross revenue.

The earnings from freight service were considerably larger than in 1906; but owing to a change in classification an exact comparison of totals cannot be made. Approximately, however, there was an increase of \$14,304,964.14. Passenger service showed an expansion to the extent of \$7,827,815.25; while from other sources there was a decrease of \$839,977.61, due no doubt to the altered method of accounting.

The total earnings were equal to \$6,535.64 per mile of railway, and the operating expenses to \$1,620.90.

The earnings per train mile were \$1.953, and the operating expenses \$1.381.

The average earnings per ton of freight hauled were \$1.472. The average earnings per passenger carried were \$1.219.

SESSIONAL PAPER No. 20b

Perhaps the most valuable element of novelty in connection with the new railway statistics is the information relating to the average earnings per passenger per mile and the average earnings per ton per mile. These are regarded as basic factors in the railway problem, and without them useful and accurate comparisons cannot be made either as between railways or between countries. Under the old system they were not even asked for, and it has not now been an easy matter for some of the railways to comply with the requirements in this regard. A few have not been able to give the data at all. Their system of accounting had not been altered in time to carry out the prescribed classifications. For the first year covered by the new schedules, therefore, the results of this important inquiry are not wholly satisfactory. Nevertheless, the facts gathered have very considerable value.

First, with respect to passenger rates, returns were received from 68 out of 80 operating railways. The average revenue per passenger per mile for these 68 lines was 2.863 cents. Included with this number, however, were those roads in the western provinces and British Columbia which have special charter rights with regard to passenger charges. These railways are eight in number, and they have returned an average rate of 4.097 cents. Eliminating these eight lines, it may be said that 28 railways, having passenger earnings in excess of \$25,000 per annum, show an average charge of 2.232 cents. These figures are reduced as the calculation is applied to railways having a still higher earning power. For example, 18 roads with a passenger revenue beyond \$100,000 each yield an average of 2.083. Four railways, whose passenger revenue represents 71.11 per cent of the total for the year, return a rate of 2.070.

With regard to freight rates, 68 out of 84 operating lines reported, and the average rate per ton per mile of that number was 3.655 cents. Here again the western roads referred to in the preceding paragraph came in, along with some railways which do not engage in ordinary commercial traffic, as a disturbing element. To include their figures, representing an average of 12.352, would unfairly exaggerate the proper result. Cutting out these nine lines, the average for the remaining 59 railways, is 2.328. Taking the five principal railways with freight earnings of more than \$1,000,000 each, and representing 73 per cent of the total, the average charge per ton per mile is given at .702 cents.

The number of passengers carried one mile was 2,049,549,813, which would be the equivalent of an average journey per passenger of 64 miles. This is a relatively high average, the United States figures being 30.30, due almost directly to the small amount of suburban traffic carried by our railways, and to a low density of population. The number of tons of freight hauled one mile was 11,687,711,830, representing an average haul of 183 miles. This latter figure is also high. The United States is perhaps the only country with which a comparison might fairly be made, and in 1906 the average haul was 132 miles.

An analysis of operating expenses is possible this year for the first time, and in the process of years the comparisons which may be made of items should prove of great value. The returns were not absolutely complete. Several railways did not send in details, so that the totals under the various heads will not exactly make up the final aggregate. These difficulties are perhaps inseparable from the inauguration of a new system of statistics.

Following, however, are the results:—

Maintenance of ways and structures—

Repairs of roadway.....	\$ 11,160,086 67

EQUIPMENT.

Having regard to the deep and general interest which has been manifested in the matter throughout the Dominion, special attention has been given during the year to the question of motive power and car supply. The railways were required to return details in this connection which had heretofore been disregarded. The result is encouraging, but puzzling. Comparing the returns for 1906 with those for 1907, the figures are as follows:—

	1906.	1907.	Increase.
Locomotives.....	2,931	3,504	573
Freight cars.....	96,565	113,514	16,949
Passenger cars.....	3,319	3,642	323

The 3,504 locomotives on Canadian railways last year were assigned to the following services:—

Passenger.....	964
Freight.....	2,206
Switching.....	334

Having regard to the volume of traffic, this motive power would represent an average of one passenger locomotive for every 33,337 passengers carried, and one freight locomotive for every 28,951 tons of freight hauled.

In freight equipment the comparison by classes of cars yields the following result:—

	1906.	1907.	Increase.
Box and stock.....	61,929	72,966	11,037
Flat.....	18,525	20,477	1,952
Coal.....	8,295	10,358	2,063
Refrigerator.....	1,655	1,917	262
Caboose.....	1,422	1,583	161
Other.....	4,739	6,213	1,474

The 'other' in the above list refers very largely to ballast, tool, tank, flanger and special cars required by the railways for their own work, including snow ploughs. Details with regard to these will be found in the body of the report.

As has been said, this large addition to the carrying capacity of our railways is encouraging. The puzzle arises when an attempt is made to ascertain whence these cars have come. Adding together the total car production of the country and the importations of the year—from which should be deducted the number put out of commission—there are several thousand cars to be accounted for. The same thing is true of locomotives. In this situation, two explanations are suggested: The railways may have under-estimated their supply of equipment for 1906, or they may have over-estimated their stock on hand for the past year. I am disposed to take the former view.

SESSIONAL PAPER No. 20b

Persistent complaints during the past two or three years with regard to an insufficient supply of cars for the handling of traffic offered have led to special inquiries. A supplementary schedule was sent out to all the railways, and among the questions asked were the following:—

1. Have you a sufficient supply of motive power?
2. If not, how many additional locomotives do you require?
3. Have you an adequate supply of cars for freight traffic?
4. If not, what is the approximate shortage?
5. How many cars used in your freight car service were destroyed, worn out, disposed of or otherwise put out of commission during the year ended 30th June, 1907?

Strange to say, only one railway admitted in a definite way a shortage of motive power and car supply. Yet it may safely be assumed there is a considerable deficiency. In the United States there were last year 8,810 cars of all classes for every 1,000 miles of railway. The total supply in Canada for 1907 was 5,218 for every 1,000 miles of railway. This comparison is clearly adverse to Canada. But in the United States the average number of tons hauled per freight car was 888, as compared with a service per car in Canada of 594 tons. In other words, each car in the United States was made to perform fifty per cent more carrying work than was a freight car in Canada. More second, third and fourth tracks, associated with density of traffic, may in part account for this material difference; but there is also the implication that we are not getting the maximum service out of the car supply actually available.

The number of locomotives per 1,000 miles of railway was 156, as compared with 232 in the United States.

Last year 16,949 freight cars were added to the total supply in Canada. But it must not be assumed that the congestion of traffic was relieved to that extent. In the first place cars wear out and are destroyed. The Master Car Builders' Association years ago fixed a depreciation of six per cent on wooden cars down to forty per cent of their first cost, which would establish the life of a car at somewhere about 20 years. Placing it at 25 years, however, and fitting that figure to the 96,565 freight cars in service in Canada in 1906, it will be seen that 3,862 new cars would have been required in 1907 to replace those which had passed out of commission. But that is not all. There were 1,099 miles of new railway put into operation during the year, and on the basis indicated in the preceding paragraph, and applied to 1906, this additional mileage would call for an equipment of 4,523 freight cars. These two sums make up 8,385. Allowing for a service of 594 tons per car, the 5,899,422 tons of additional freight handled in 1907 would require 9,932 new cars. Adding together the three sums indicated, we have a required addition of 18,317 freight cars in order to maintain normal conditions, or 1,368 more than were actually brought into use during the year.

Assuming that the calculation in the preceding paragraph with respect to the annual displacement of equipment is sound, it will be seen that for the current year 4,540 freight and 145 passenger cars will be required in order to maintain the supply available in 1907. New cars will also be needed for the mileage of railway under construction. As the result of special inquiries made during the year it may be safely taken for granted that these re-

7-8 EDWARD VII., A. 1908

quirements can be met without going abroad. It was definitely ascertained that during the year ended 30th June last 13,352 freight and road cars were manufactured in Canada, as well as 397 passenger cars and 227 locomotives. This was probably the maximum producing capacity of Canadian shops for that year; but considerable enlargements were then being made to plant, and during the present year the figures given above will be exceeded. This is gratifying, and leads to the hope that the demands arising out of a swelling traffic and railway extension may be entirely met at home. There is this further fact to be taken into account, that last year 7,932 cars were reported as being leased, as compared with 1,126 in 1906. But these leased cars, which are included in the total, did not come from the United States, since the Customs returns show less than 500 brought into the Dominion during the nine months ended 31st March last.

For the year past many details were collected in relation to equipment which had previously been ignored. For example, the railways were required to report with respect to the capacity of cars, which is a very important factor. Complete figures in this regard were not secured; but considerable value attaches to the returns which were sent in. They account for ninety per cent of all the cars in service. Following is a summary:—

	Number.	Capacity in tons.
Box.....	66,934	1,848,980
Flat.....	20,118	535,167
Stock.....	4,731	122,550
Coal.....	10,060	291,638
Tank.....	132	2,632
Refrigerator.....	1,745	48,745
Other.....	1,820	59,200
Total.....	105,540	2,908,903

A statement like the foregoing tends to render the car supply problem more complex. By a simple calculation it transpires that if all the cars in the above list—and they probably represent the available stock for commercial purposes—had been loaded to their full capacity, it would have required just 21.9 days to transport the 63,866,135 tons of freight handled during the year. The box cars alone would have required 34.6 days to perform the same service; while the box, flat and stock cars combined could have done the work in 26.6 days. This is, of course, a somewhat fanciful way of measuring the car service of the Dominion, and it must not be considered as having a direct practical bearing; but it at least serves to show that the present equipment of our railways is capable of handling a larger freight traffic than arose last year without creating a stringency. It is manifest that railway managers have been doing their best to meet the public requirements, and yet they have not been able to silence the shippers who have been clamouring for cars.

It is obvious that the troubles of the railways have arisen as much from a shortage of motive power as from an inadequate supply of rolling stock, and the 573 locomotives added during the year have not entirely met this need. However, the producing capacity of Canadian shops has been so much enlarged within the past two years that it is probable our railways will be able to rapidly satisfy their requirements in this respect.

SESSIONAL PAPER No. 20b

It is, perhaps, not the legitimate function of the statistician to consider, except in a very general way, the public aspects of the car question; and yet it is manifest that there have been causes at work quite beyond the control of the railways. The Lord's Day Act has undoubtedly aggravated the situation. Mr. A. F. Dillinger, operating assistant to the traffic officer of the Board of Railway Commissioners, has recently reported with respect to complaints against the principal railway operating in the western provinces, and in that report he says: 'The effect of the Lord's Day Act upon the handling of traffic by the Company means a loss of 21 per cent of its capacity, leaving 79 per cent of the total capacity available.' This estimate is sustained by the testimony of railway managers in common. Applying it directly, it may be said that the effect of this measure is the equivalent of putting 23,838 freight cars out of commission, since that number is 21 per cent of the total supply.

The operations of the Manitoba Grain Act are also reported by Mr. Dillinger to have seriously hindered a satisfactory distribution of cars in the west, and the effect thereof has been sympathetically felt in the east. It is also clear that shippers have not increased their warehouse accommodation in keeping with the large expansion which has taken place during the past decade. Delays in loading and unloading have contributed to the congestion which has prevailed. These things cannot be disregarded in any effort that is made to locate the causes which have combined to create at times a distressing situation with regard to car supply. On the other hand, the railways must add very materially to their terminal, roundhouse, siding and repair facilities in order to bring about the relief that is being so urgently called for. It is not altogether a question of more locomotives and cars.

TRAIN MILEAGE.

The total mileage for the year was 75,115,765, an increase of 2,392,283 miles over 1906. This increase applied almost wholly to passenger service, which would indicate that the railways are earnestly endeavouring to meet public needs in that regard. There was an actual reduction of 221,278 miles in the mileage of freight trains, notwithstanding the fact that 5,899,422 additional tons of freight were hauled. The explanation probably lies in the fact that heavier units and higher traction power are being used by the railways. A reduction of grades and curvatures by some of the principal railways has also permitted the hauling of heavier loads. Train mileage is a vital feature of railway operation.

7-8 EDWARD VII., A. 1908

Following is the record of train and locomotive mileage since 1875:—

Year.	Passenger Trains.	Freight Trains.	Mixed Trains.	Total Train Mileage.	Engine Mileage.
1875.....	5,206,353	10,910,181	1,563,644	17,680,178	19,633,026

1907.....	30,220,461	39,923,890	5,971,414	75,115,765	100,154,966

The locomotive mileage includes construction work during the year 1907. It may have been omitted in part in preceding years.

SESSIONAL PAPER No. 20b

The following table throws light on the relationship between freight earnings and train mileage:—

Year.	Freight Earnings.	Train Mileage.	Number of Tons carried.	Earnings per Train mile.	Average Earnings per Ton carried.
	\$	Miles.	Tons.	\$ cts.	\$ cts.
1875.....	12,073,570	12,473,825	5,670,837	.968	2.129
1876.....	12,211,158	12,266,167	6,331,757	.995	1.928
1877.....	11,321,264	13,178,833	6,859,796	.859	1.650
1878.....	13,129,191	13,444,120	7,883,472	.977	1.665
1879.....	12,509,093	13,579,086	8,348,810	.921	1.498
1880.....	15,506,935	14,932,672	9,938,858	1.038	1.560
1881.....	18,666,982	17,263,121	12,065,223	1.081	1.547

1896.....	32,368,082	28,653,957	24,266,825	1.130	1.333
1897.....	33,522,102	28,542,877	25,300,331	1.174	1.324
1898.....	38,508,175	31,382,790	28,785,903	1.227	1.340
1899.....	40,101,036	32,121,829	31,211,753	1.248	1.284
1900.....	45,643,699	34,255,773	35,946,183	1.332	1.269
1901.....	46,665,103	34,233,922	36,999,371	1.363	1.261
1902.....	53,986,672	34,625,820	42,376,527	1.559	1.273
1903.....	63,089,448	38,287,215	47,373,417	1.648	1.331
1904.....	64,673,919	37,809,126	48,097,519	1.711	1.344
1905.....	68,203,320	40,506,096	50,893,957	1.684	1.340
1906.....	81,433,115	44,651,834	57,966,713	1.824	1.405
1907.....	94,995,087	44,895,304	63,866,135	2.116	1.472

It will be observed that the earnings per freight train mile show a substantial increase, in keeping with the tendency of recent years. This would imply better methods and growing economy in the handling of traffic. In the last analysis, every dollar expended in connection with a railway arises out of, or leads up to, the running of trains. With regard to passenger trains, the average earnings per train mile for 1907 were 1.513.

In this connection it is instructive to compare the cost in different years of running a train one mile. For this purpose all trains are taken together. The showing for ten years is as follows:—

1898.....	\$0.772	1903.....	\$1.117
1899.....	0.779	1904.....	1.216
1900.....	0.864	1905.....	1.213
1901.....	0.944	1906.....	1.198
1902.....	1.028	1907.....	1.249

7-8 EDWARD VII., A. 1908

On the other hand, the gross earnings per train per mile, all trains included, have been as follows:—

1898.....	\$1.178	1903.....	\$1.591
1899.....	1.192	1904.....	1.634
1900.....	1.282	1905.....	1.614
1901.....	1.366	1906.....	1.723
1902.....	1.501	1907.....	1.953

Comparing these two tables, it will be observed that the relative increase in the gross earnings per train mile have been greater than the cost per train mile. The increase in the cost per train mile for the ten years period was 60.6 per cent, as against an increase of 66.8 in the gross earnings per train mile.

ACCIDENTS.

The record of accidents has this year been gathered with a greater regard to details than heretofore; so that a comprehensive analysis may now be made. The general result is as follows:—

	Killed.	Injured.
Passengers.....	70	352
Employees.....	249	1,126
Trespassers.....	195	125
Non-trespassers.....	70	88
Postal clerks, &c.....	3	7
Total.....	587	1,698

This represents the greatest number of persons, both killed and injured, in the history of Canadian railways; yet with respect to passengers killed, there have been two worse years—1889 and 1903—measuring the fatalities against the total number of persons carried.

SESSIONAL PAPER No. 20b

The comparative record with regard to persons injured was also exceeded in 1903. The following table will make this clear:—

Year.	PASSENGERS.		EMPLOYEES.		OTHERS.		Total.		PASSENGERS	
	Killed.	Injured.	Killed.	Injured.	Killed.	Injured.	Killed.	Injured.	One killed in every	One injured in every
1888.....	20	70	107	619	104	86	213	775	534,931	152,837
1889.....	37	103	89	637	84	135	210	875	328,408	117,971
1890.....	11	52	83	682	124	101	218	835	1,165,569	246,562
1891.....	13	105	65	582	118	131	193	818	1,017,120	125,929
1892.....	14	43	110	697	109	139	233	879	966,672	314,730
1893.....	11	57	72	331	133	120	216	708	1,238,002	238,912
1894.....	12	64	67	521	132	107	211	694	1,205,208	225,976
1895.....	9	47	51	489	127	122	187	658	1,554,175	297,608
1896.....	11	62	46	446	104	111	161	619	1,346,400	238,877
1897.....	7	70	76	579	130	158	213	807	2,310,191	231,019
1898.....	5	72	98	862	167	163	270	1,097	3,688,809	256,167
1899.....	20	119	119	882	145	184	284	1,185	956,668	160,784
1900.....	7	131	123	941	195	245	325	1,317	3,071,453	164,123
1901.....	16	134	118	970	183	213	317	1,317	1,149,108	137,207
1902.....	19	177	146	930	165	221	330	1,328	1,088,419	116,836
1903.....	53	258	186	956	181	239	420	1,453	417,900	85,848
1904.....	25	232	192	214	178	259	395	705	945,630	101,899
1905.....	35	244	206	920	227	193	468	1,357	722,535	103,642
1906.....	16	231	139	893	206	241	361	1,365	1,749,361	121,168
1907.....	70	352	249	1,126	268	220	587	1,698	459,104	91,299

In addition to the foregoing, there were loss of life and injuries caused by railways apart from the movement of trains. In preceding years this information was not gathered, since it relates largely to shopmen and other employees not engaged in the actual work of operation. It increases the toll, however, by 11 lives lost and 454 persons injured, and brings the total up to 598 persons killed and 2,152 injured.

With respect to passengers, the causes of accidents are divided up as follows:—

	Killed.	Injured.
Collisions.....	26	93
Derailments.....	21	127
Parting of trains.....	..	3
Falling from trains, cars, &c.....	2	36
Jumping on or off trains, &c.....	10	38
Struck at highway crossing.....	4	7
Struck at stations.....	4	3
Struck on track.....	..	1
Other causes.....	3	44

With regard to the 249 employees who were killed in connection with the movement of trains or cars, and the 1,126 who were injured, the following causes are assigned:—

	Killed.	Injured.
Coupling or uncoupling.....	34	141
Collisions.....	46	135
Derailments.....	12	56
Parting of trains.....	2	16
Locomotives or cars breaking down.....	1	6
Falling from trains, locomotives or cars.....	32	186
Jumping off or on trains, locomotives or cars.....	7	66
Struck by trains, locomotives or cars.....	85	130
Overhead obstructions.....	2	13
Other causes.....	28	377

7-8 EDWARD VII. A. 1908

By classes these employees were divided up as follows:—

Trainmen.....	149	781
Trackmen.....	53	104
Switch tenders, watchmen, &c.....	7	47
Station men.....	3	3
Shopmen.....	9	16
Telegraph employees.....	..	3
Other employees.....	28	167

Trespassers figure largely in the casualty list. A considerable number of these are tramps and the flotsam of human life, who steal rides or wander along the right of way. Of these 185 were killed and 125 injured. The returns show that 122 lost their lives, and 55 were injured, at various points along the track; 21 were killed at highway crossings, and a like number at stations. At first glance it seemed anomalous that any one could be regarded as a trespasser at a public crossing, or at a station; but it is assumed that such accidents occurred to persons who had attempted to cross the track, or pass under or over trains, in cities when the guard gates were down, while those killed at stations were obviously persons who should not have been there.

Of non-trespassers, 70 were killed and 88 injured. This sad sacrifice is in large measure the story for the year of the deadly level crossing. Of the 70 killed, 48 lost their lives at highway intersections, and at similar points 49 were injured. In one way and another, whether as trespassers or non-trespassers, 69 persons all told were killed at crossings and 67 injured. In no preceding year has this record been reached. At stations 6 were killed and 4 injured, while at other points along the track 5 were killed and 12 injured. 'Other causes' cover the cases of 5 killed and 14 injured. The loss of one life of a non-trespasser is attributed to derailment. Eight persons similarly classified were injured by derailments and collisions.

Perhaps the most appalling fact in connection with the returns for the year was the killing of 34 persons engaged in coupling or uncoupling cars. The highest number for any previous year was 27. One hundred and forty-one railway employees were also injured from this cause. It was assumed that the compulsory use of automatic couplers would completely do away with the risk of life and limb associated with the making up of trains; yet the number of fatalities last year was more than three times the average rate for any ten years during which the old link and pin were in universal use.

The air-brake is now in general use. This device was expected to practically eliminate casualties through falling off trains in motion; yet from this cause 32 employees lost their lives last year. In the days of the old hand-brake such an amazing total was not in any year reached.

When viewing this waste of human life, and the scarcely less deplorable record of maimings and sufferings, the question naturally arises as to what proportion of these accidents could properly be regarded as preventable. This cannot be accurately determined. Yet into all of them the element of negligence or culpability must enter in some degree. Manifestly, all collisions are the result of blunders or dereliction of duty on the

SESSIONAL PAPER No. 20b

part of those directly responsible for the running of the trains. From this cause 73 lost their lives last year and 232 were injured. Derailments brought about the killing of 35 other persons and the injuring of 207. Here again it may be said, speaking broadly, that accountability cannot be shirked by all concerned. Given a proper roadbed, sound equipment and safe speed, and derailments are practically impossible.

At this juncture comes in the problem of the broken rail, to which some of the brightest minds in the world are just now giving very serious attention. The facts warrant this. If to the dangers heretofore attaching to railway travel has been added a new risk in connection with the rails in use, the case would appear to be especially grave. Against such a danger no system of operation, nor care with regard to equipment or roadbed, could provide any effective guard. None of the ordinary precautions apply. Whatever is done to ensure safety in this respect must be done at the rolling mills; for it would appear that the defects which lead to fractures are created during the process of manufacture.

With some care I have during the year endeavoured to ascertain the basic facts—first, as to whether or not the breaking of rails is an increasing menace to safety, and second, as to the fundamental cause of these fractures. It has been impossible to reduce the matter in so far as Canadian interests are involved to a statistical basis, in which numbers may be used. In at least one of the States, however, the inquiry has been methodical and comprehensive. From data gathered by the Board of Railway Commissioners for the State of New York, it appears that 1,331 broken rails were removed from the tracks of the principal lines operating in that State during the months of January, February and March, 1905; 826 during the corresponding period in 1906, and 3,014 in 1907. The rails were of all the weights ordinarily in use; but breaks occurred most frequently in those which ran from 80 lbs. to the yard upwards. Curiously, defects developed in many cases in rails which had been in service for ten years and over; so that imperfections would not appear to cause immediate trouble. This complicates the problem.

At the meeting of the American Railway Association in Chicago last spring, at which ninety-eight per cent of all the lines in the United States and Canada were represented, this matter was very carefully considered. A committee of experts was appointed to weigh the evidence submitted and make a report on the whole question. The net result was to cast doubt on the integrity of American rolled rails. So great has been the demand during recent years for steel rails that the rolling mills have shortened the process of production. It would take up a large amount of space to go into the somewhat technical details involved, and it may serve immediate purpose to say that the trouble is believed to be due in part to the chemical constituents of the ingot and in part to insufficient manipulation. It has long been known that certain impurities in the molten metal find their way to the top of the ingot during the process of cooling. These impurities affect in a measure the degree of brittleness. It had been the practice of conscientious rail manufacturers to cut off the upper part of the ingot, representing as high as twenty-five per cent of the whole, and roll only the clarified remainder; but in the endeavour to meet the demands upon them practically all the mills have been partly disregarding this precaution. In some cases not more than fifteen per cent of the ingot has been shorn away, thus permitting impurities to pass into the finished product. To this factor of unsoundness another has been added as the direct result of improper haste. The passage of these impurities by gravitation to the top

7-8 EDWARD VII., A. 1908

of the ingot sometimes causes gas spaces to form. If carried into the rail these bubbles create 'pipes,' which are always a serious defect. By proper and sufficient rolling these 'pipes' may be either eliminated or very materially reduced. But in the rush of production the number of passes through the rollers, which ought to be not less than from twenty-two to twenty-five, has been reduced to fifteen, and sometimes fourteen.

This analysis of conditions governing the process of manufacture probably explains why broken rails are multiplying. It has not been possible to gather with precision the facts relating to Canada; but sufficient has been ascertained to make it clear that this menace to safety prevails here, as elsewhere. The matter was taken up quite comprehensively at the meeting of the Canadian Society of Engineers in May last. The fact was brought out during the discussion that in the year 1906, on three railways, 537 rails had broken, of which 439 had been in service for one year and under. The character of Canadian ores was alluded to as one of the difficulties encountered by our own manufacturers; but there was a consensus of judgment that here, as in the United States, the fundamental trouble had grown out of the keen competition on one hand and the pressure upon the mills on the other. These things have led to the economizing of labour to a degree which has meant poor and defective rails. That, however, is bad economy which leads to the wasting of human lives and valuable property. The killing of 35 persons and the injury of 287 by derailments may in some degree have been the price which Canada paid last year for the hasty and imperfect production of steel rails.

Can comparative safety in railway travel be brought about? The answer must be in the affirmative. It is largely a matter of cost, on one hand, and integrity, on the other. That is to say, if proper provisions against casualties are made by the railways, and every individual associated with the running of trains does his duty, this frightful annual toll of life and limb would be very much reduced. The first step would be the introduction of a thoroughly tested block system; and while this would be primarily expensive, in the course of years it would undoubtedly be a prudent investment. Closer inspection of new rails, roadbed and equipment would eliminate other causes of disasters. But back of all these measures would lie the human element. To somebody's mistake each mishap is due. Recently it has been the policy of the Crown to take criminal proceedings against railway employees concerned in fatal accidents, and a number of convictions were recorded during the year. It remains to be seen whether or not greater care can be developed by such means.

The money waste involved in railway accidents is partly exposed in the charges to operating expenses in 1907 of \$642,248 for injuries to persons, \$426,785 for clearing wrecks and \$892,937 for loss and damage—a total of \$1,961,970.

SESSIONAL PAPER No. 20b

FUEL CONSUMED BY LOCOMOTIVES.

The consumption of fuel in the supplying of motive power is one of the chief items in the conduct of a railway. Hitherto information in this regard had not been gathered. Special interest will therefore attach to the subjoined table:—

Class of Locomotive.	COAL.		WOOD.		Total tons of Fuel.	Miles run.	Fuel consumed per 100 miles.
	Anthracite.	Bituminous.	Hard.	Soft.			
	Tons.	Tons.	Cords.	Cords.			Tons.
Freight.....	9,797	3,173,101	367	21,348	*3,194,510	43,824,909	7.29
Passenger.....		1,325,955	222	9,559	1,331,178	29,110,258	4.57
Mixed.....		301,041	690	1,398	303,549	7,492,278	4.05
Switching.....		555,438	68	3,929	557,576	14,816,272	3.76
Construction.....	48	222,283	1	1,497	223,141	4,911,249	4.54
Total.....	9,845	5,577,818	1,348	37,731	5,608,954	100,154,966	

* Two cords of wood calculated as one ton of fuel.

The average cost of coal at the point of distribution was \$2.81. The total fuel bill of all the railways, apart from the cost of 223,141 tons used in connection with construction work, was \$15,137,504.48. This was equal to 14.59 per cent of the operating expenses ; but must be read in the light of the figures at page 16, which places the final cost of fuel at \$29,511,063.67.

The total amount of fuel consumed in all services was 5,608,954 tons. It will be observed that the average consumption of fuel per 100 locomotive miles was as follows:— Freight, 7.29 tons; passenger, 4.57; mixed, 4.05; switching, 3.76; and construction, 4.54. Applying the average cost to the average consumption, it is found that \$20.48 would be expended on a freight train for the distance indicated, and \$12.94 on a passenger train.

In the operating expenses for the year is found a charge of \$29,511,063.67 for fuel for locomotives. Divided by the tons given in the above table, this would mean a cost of \$5.26 per ton. The actual cost of coal at points of distribution, as reported by the railways, was considerably below this figure, and there is a difference of over \$12,000,000 between the fuel bill thus made up and the total included with operating expenses. The sum indicated would probably be the cost of handling.

EMPLOYEES AND THEIR COMPENSATION.

The number of persons in the employ of Canadian railways during the year 1907 was shown to be 124,012. Never before has this important information been available from any source, and the facts are presented with satisfaction as demonstrating the value of the new schedules.

7-8 EDWARD VII., A. 1908

Quite naturally, some little confusion arose in this first year with respect to the interpretation of the schedules in relation to average rates of pay; but the results as figured out may be accepted as being reasonably accurate. In future years it will be particularly interesting and instructive to follow in a comparative way the figures in the several columns.

The following table shows the number of employees of each class and their average daily compensation:—

Employees.	No.	Average daily compensation.
General officers.....	336	\$11.07
Other officers.....	461	4.11
Office clerks.....	4,214	1.68
Station agents.....	2,536	1.90
Other stationmen.....	11,829	1.57
Enginemen.....	4,351	3.91
Firemen.....	4,760	2.40
Conductors.....	2,911	3.20
Other trainmen.....	8,261	2.00
Machinists.....	2,486	2.09
Carpenters.....	3,215	2.09
Other shopmen.....	12,579	1.98
Section foremen.....	3,903	1.90
Other trackmen.....	30,614	1.45
Switch tenders and watchmen.....	2,364	1.83
Telegraph operators and dispatchers.....	2,987	1.87
Floating equipment employees.....	5,426	1.18
All other employees.....	20,779	1.80
Total.....	124,012	

The total amount paid during the year in salaries and wages was \$58,719,493. This was equal to 56.59 per cent of the total operating expenses. The distribution of this large sum was as follows:—

	No.	Amount.
General administration.....	5,126	\$ 3,760,138
Maintenance of way and structures.....	48,516	15,398,885
Maintenance of equipment.....	21,495	12,161,917
Conducting transportation.....	48,875	27,398,553
Total.....	124,012	\$58,719,493

These figures suggest the vast army of people who obtain their livelihood in connection with the transportation interests of the Dominion. When to the persons employed by the railways are added those engaged in the canal service, in shipping, and, directly and indirectly, in the production of cars, locomotives, rails, ties, lumber, paints, oils and materials generally, and the whole is multiplied by the family number of five, it will probably be found that quite 20 per cent of the whole population win their daily bread from the carrying trade.

ELECTRIC RAILWAYS.

The electric railway interests of the Dominion made satisfactory progress during the year. The paid up capital was increased by \$11,337,505, bringing the total amount up to \$75,195,475. The mileage, however, remained almost stationary, and stands at 814.52. The gross earnings were \$12,630,430, showing a betterment of \$1,663,559 over the preceding year. The operating expenses, which aggregated \$7,737,251, were larger by \$1,062,214, leaving a favourable balance of \$4,971,624. The proportion of operating expenses to gross earnings was 61.25, which must be regarded as highly encouraging. The total number of passengers carried was 273,999,404, a gain of 36,344,330 over 1906. The growth of street railway traffic is a striking illustration of the ready recognition accorded to transportation facilities.

A special effort was made during the year to ascertain the total amount of capital invested in the construction and equipment of electric railways in Canada; but the difficulties were for the time being insurmountable. The returns received showed a total cost of roads and rolling stock amounting to \$52,399,818; but it was not practicable to obtain reliable figures with respect to the primary outlay on seven systems which were either in process of construction or had been purchased at forced sale. I have made a somewhat careful estimate of the probable investment in connection with these lines, and think it may safely be put down at not less than \$13,000,000. This would bring the total up to more than \$65,000,000. During the current year it is hoped that a complete and accurate statement may be made up.

With your approval I issued this year a special schedule having as its object the gathering of authentic data in relation to the employees and equipment of electric railways in the Dominion. This information was not hitherto available, and it was exceedingly gratifying to receive practically complete returns. When tabulated the answers gave the following interesting results:—

Staff officers.....	190
Clerks.....	483
Conductors.....	2,394
Motormen.....	2,252
Other employees.....	3,712
Total employees.....	9,031
Total pay list.....	\$5,291,585

It will be seen that the total pay list represents 68.26 of the total operating expenses. With respect to equipment, it was ascertained that 207 cars were added during the year, of which 162 were of Canadian manufacture. Of all the rolling stock in use 75.50 per cent was found to have been produced in the Dominion.

It was thought well to prepare a digest of electric railway statistics from the year 1901, when the collecting of information was begun. Following are the results:—

7-8 EDWARD VII., A. 1908

ELECTRIC RAILWAYS—COMPARATIVE STATISTICS.

	1901.	1902.	1903.	1904.	1905.	1906.	1907.

SESSIONAL PAPER No. 20b

It will be seen that the mileage has increased since 1902 by 46.0 per cent. Within six years other important increases by percentages are: Paid up capital 88.2; gross earnings 118.9; net earnings 113.0; operating expenses 125.2; passengers carried 126.5 and tons of freight carried 66.3. While the volume of freight traffic is not relatively large, it nevertheless indicates the possibilities in that regard. There has been a small decline during the past two years; but on lines equipped for that class of transportation, and following an enterprising policy, the growth has been satisfactory.

The records of accidents for the year is distressing. The killing of 71 persons and the injuring of 1,736 others reveals the sacrifice which would appear to be inseparable from the operation of electric railways. The danger is manifestly in proportion to the number of cars run and the population served thereby, since out of 71 fatal accidents 22 took place in Montreal and 20 in Toronto. Singularly, however, not a single passenger was killed in Montreal, while nine lost their lives in Toronto. Of the 1,736 non-fatal accidents, many of which were of a minor character, 490 occurred in Montreal and 696 in Toronto. The table on page 34 affords additional information with regard to accidents.

Thus, while but one passenger in every 40,311,552 was killed in 1901, this proportion was reduced to 6,782,243 in 1905, and last year it stood at 10,188,126. The average for the seven years was one in every 18,268,306.

I have the honour to remain, sir,

Your obedient servant,

J. L. PAYNE,

Comptroller of Railway Statistics.

7-8 EDWARD VII., A. 1908

A. D. CARTWRIGHT,
Secretary.

REPORT

OF THE

BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

OTTAWA, ONT., March 31, 1907.

To His Excellency the Governor in Council:

Pursuant to the provisions of section 62 of the Railway Act, the Board of Railway Commissioners for Canada has the honour to submit its second report for the year ending March 31, 1907.

Since the submission of the board's first report, the Railway Act, 1903, has been amended in certain important particulars and revised and consolidated under chapter 37 of the Revised Statutes of Canada, 1906, intituled: 'An Act respecting Railways,' section 1 of said Act reciting that this Act may be cited as 'The Railway Act.'

The Revised Statutes of Canada, 1906, came into force on January 31, 1907, and the former public statutes were thereupon repealed, all references made after that date being to the new revision.

The following are among the more important amendments to the Railway Act of 1903:—

COMMISSION.

Section 16 of the Railway Act, 1903, was amended by inserting the following clause:

'The Board shall, within three months after the first day of March in each year, make to the Governor in Council through the minister, an annual report respecting (a) applications to and proceedings of the board under this Act and the Railway Act, 1903, during the year next preceding the thirty-first day of March; (b) such other matters as appear to the board to be of public interest in connection with the persons, companies, and railways subject to the said Acts; and (c) such matters as the Governor in Council directs.

2. The said report shall be laid before the House of Commons of Canada during the first fifteen days of the then next session of parliament.'

JURISDICTION AND GENERAL POWERS.

Section 23 of the Railway Act, 1903, was repealed and the following substituted therefor:—

'The Board shall have full jurisdiction to inquire into, hear, and determine any application by or on behalf of any party interested,—

'(a) complaining that any company or person has failed to do any act, matter, or thing required to be done by this Act, or the Special Act, or by any regulation, order, or direction made thereunder by the Governor in Council, the minister, the board, or any inspecting engineer, or that any company or person has done or is doing any act, matter, or thing contrary to, or in violation of this Act, or the Special Act, or any such regulation, order, or direction; or,

7-8 EDWARD VII., A. 1908

‘(b) requesting the Board to make any order, or give any direction, sanction, or approval, which by law it is authorized to make or give, or with respect to any matter, act, or thing which by this Act or the Special Act is prohibited, sanctioned, or required to be done.

‘2. The Board may order and require any company or person to do forthwith, or within or at any specified time, and in any manner prescribed by the board, so far as is not inconsistent with this Act, any act, matter, or thing which such company or person is or may be required or authorized to do under this Act, or the Special Act, and may forbid the doing or continuing of any act, matter, or thing which is contrary to this Act or the Special Act.

‘3. For the purposes of this Act the Board shall have full jurisdiction to hear and determine all matters whether of law or of fact, and shall, as respects the attendance and examination of witnesses, the production and inspection of documents, the enforcement of its orders, the entry on and inspection of property and other matters necessary or proper for the due exercise of its jurisdiction under this Act, or otherwise for carrying this Act into effect, have all such powers, rights, and privileges as are vested in a superior court.

‘4. The Board may order that any witness resident or present in Canada be examined under oath before, or make production of books, papers, documents or articles to, any one member of the Board, or before or to any officer of the Board, or before or to any other person named for the purpose by the order of the Board, and may make such orders as seem to it proper for securing the attendance of such witness and his examination, and the production by him of books, papers, documents, or articles, and the use of the evidence so obtained, and otherwise exercise, for the enforcement of such orders or punishment for disobedience thereof, all powers that are exercised by any superior court in Canada for the enforcement of subpoenas to witnesses or punishment of disobedience thereof: Provided, however, that no person shall be compellable, against his will, to attend for such examination or production at any place outside the province in which he is served with the order of the Board for the purpose.

‘5. The Board may issue commissions to take evidence in a foreign country, and make all proper orders for the purpose, and for the return and use of the evidence so obtained.

‘6. The fact that a receiver, manager, or other official of any railway, or a receiver of the property of a railway company, has been appointed by any court in Canada or any province thereof, or is managing or operating a railway under the authority of any such court, shall not be a bar to the exercise by the Board of any jurisdiction conferred by this Act; but every such receiver, manager, or official shall be bound to manage and operate any such railway in accordance with this Act and with the orders and directions of the Board, whether general or referring particularly to such railway; and every such receiver, manager, or official, and every person acting under him, shall obey all orders of the Board in respect of such railway (within the jurisdiction of the Board to make under this Act) and be subject to have them enforced against him by the board, notwithstanding the fact that such receiver, manager, official, or person is appointed by or acts under the authority of any court.

‘7. The decision of the Board as to whether any company, municipality or person is or is not a party interested within the meaning of this section shall be binding and conclusive upon all companies, municipalities and persons and in all courts.’

LOCATION OF LINE OF RAILWAY.

Subsection 1 of section 123 of the Railway Act, 1903, was repealed and the following substituted therefor:—

‘Such plan, profile and book of reference shall be submitted to the Board who, if satisfied therewith, may sanction the same, and by such sanction shall be deemed to have approved merely the location of the railway and the grades and curves thereof, as shown in such plan, profile and book of reference, but not to have relieved the com-

SESSIONAL PAPER No. 20c

pany from otherwise complying with this Act. In granting any such sanction the Board shall be bound by the general location as approved by the minister, provided that the Board may, unless the minister otherwise specifically directs, sanction a deviation of not more than one mile from any one point on the said general location so approved.'

TAKING AND USING OF LANDS.

Subsection 1 of section 139 of the Railway Act, 1903, was repealed and the following substituted therefor:—

'Should the company require, at any point on the railway, more ample space than it then possesses or may take under the preceding section, for the convenient accommodation of the public, or the traffic on its railway, or for protection against snow-drifts, or for the diversion of a highway, or for the substitution of one highway for another, or for the construction or taking of any works or measures ordered by the Board under any of the provisions of this Act or the Special Act, or to secure the efficient construction, maintenance, or operation of the railway, it may apply to the Board for authority to take the same, for such purposes, without the consent of the owner.'

The said section 139 is further amended by adding at the end thereof the following subsection:—

'The Board may, upon consent in writing having been first obtained from the minister in that behalf, repeal, rescind, change, or vary any certificate of the minister made under section 109 of the Railway Act, chapter 29 of the statutes of 1888.'

Section 159 of the said Act was amended by adding thereto the following subsection:—

'If the opposite party is absent from the district or county in which the lands lie, or is unknown, service of such six days' notice may be made by advertisement as in the next two preceding sections provided: Provided that the judge may dispense with, or shorten the time or times for the publication of the notice in any such case in which he deems it proper.'

BRANCH LINES.

Subsection 3 of section 175 of the Railway Act, 1903, was repealed and the following substituted therefor:—

'Upon such deposit, the company shall give four weeks' notice of its intention to apply to the Board under this section, in some newspaper published in each county or district through which the branch line is to pass, or if there should be no newspaper published in any such county or district, then for the same period in the *Canada Gazette*: Provided that the Board may dispense with or shorten the time of such notice in any case in which it deems it proper.'

Section 177 was repealed and the following substituted therefor:—

'The railway lines or tracks of any company shall not cross or join, or be crossed or joined, by or with any other railway lines or tracks (other than those of such company), whether otherwise within the legislative authority of the parliament of Canada or not, until leave therefor has been obtained from the Board as hereinafter provided.

'2. Upon any application for such leave, the applicant shall submit to the board a plan and profile of such crossing or junction, and such other plans, drawings, and specifications as the Board may in any case, or by regulation, require.

'The Board may by order grant such application on such terms as to protection and safety as it deems expedient, may change the plan and profile, drawings, and specifications, so submitted, and fix the place and mode of crossing or junction, and may direct that one line or track, or one set of lines or tracks, be carried over or under another line or track or set of lines or tracks, and that such works, structures, equipment, appliances, and materials be constructed, provided, installed, maintained, used,

7-8 EDWARD VII., A. 1908

or operated, watchmen or other persons employed, and measures taken, as under the circumstances appear to the Board best adapted to remove and prevent all danger of accident, injury or damage, and may determine the amount of damage and compensation, if any, to be paid for any property or land taken or injuriously affected by reason of the construction of such works.

'3. The Board may give directions as to supervision of the construction of the works, and order that detailed plans, drawings, and specifications of any works, structures, equipment, or appliances required, shall, before construction or installation, be submitted to and approved by the Board.

'4. No trains shall be operated on the lines or tracks of the applicant over, upon, or through such crossing or junction until the Board grants an order authorizing such operation, but the Board shall not grant such order until satisfied that its orders and directions have been carried out, and that the provisions of this section have been complied with.

'5. Where the lines or tracks of one railway are intersected or crossed by those of another, or upon any application for leave to make any intersection or crossing, or in any case in which the tracks or lines of two different railways run through or into the same city, town, or village, the Board may, upon the application of one of the companies, or of a municipal corporation or other public body, or of any person or persons interested, order that the lines or tracks of such railways shall be so connected, at or near the point of intersection or crossing or in or near such city, town, or village, as to admit of the safe and convenient transfer or passing of engines, cars, and trains, from the tracks or lines of one railway to those of another, and that such connection shall be maintained and used. In and by the order for such connection or from time to time subsequently, the Board may determine by which company or companies, or other corporations or persons, and in which proportions, the cost of making and maintaining any such connections shall be borne, and upon what terms traffic shall be thereby transferred from the lines of one railway to those of another.'

TELEGRAPH, TELEPHONE, AND OTHER LINES AND WIRES.

Section 193 of the Railway Act, 1903, was amended by inserting and also by adding thereto as subsection 2, the following:—

'Notwithstanding anything in any Act contained, the Board, in determining the terms or compensation upon which any such connection or communication is to be provided for, shall not take into consideration any contract, lease, or agreement now or hereafter in force by which the company has given or gives any exclusive or other privilege to any company or person, other than the applicant, with respect to any such station or premises.'

OPERATION OF TRAINS.

Subsection 4 of section 214 of the Act was repealed and the following substituted therefor:—

'If in any case such accommodation is not, in the opinion of the Board, furnished by the company, the Board may order the company to furnish the same within such time or during such period as the Board deems expedient, having regard to all proper interests, or may prohibit or limit the use, either generally or upon any specified railway or part thereof, of any engines, locomotives, cars, rolling stock, apparatus, machinery, or devices, or any class or kind thereof, not equipped as required by this Act or by any orders or regulations of the Board made within its jurisdiction under the provisions of this Act.'

Section 253 of the Railway Act is amended by adding thereto the following subsections:—

'3. The reasonable facilities which every railway company is required to afford under this section, shall include reasonable facilities for the junction of private sidings

SESSIONAL PAPER No. 20c

or private branch railways with any railway belonging to or worked by any such company, and reasonable facilities for receiving, forwarding, and delivering traffic upon and from those sidings or private branch railways, and the adequate and suitable accommodation referred to in section 214 of this Act shall include the reasonable facilities above mentioned, together with the placing of cars and moving them upon and from such private sidings and private branch railways.

'4. For the purposes of this section, or of section 214 of this Act, the Board may order that specific works be constructed or carried out, or that property be acquired, or that specified tolls be charged, or that cars, motive power, or other equipment be allotted, distributed, used, or moved as specified by the Board, or that any specified steps, systems, or methods be taken or followed by any particular company or companies, or by railway companies generally.'

TRAFFIC BY WATER.

Section 276 of the Railway Act, 1903, was repealed and the following sections substituted therefor:—

'When the company owns, charters, uses, maintains, or works, or is a party to any arrangement for using, maintaining, or working vessels for carrying traffic, by sea or by inland water, between any places or ports in Canada, the provisions of this Act in respect of tolls, tariffs, and joint tariffs shall, so far as they are applicable, extend to the traffic carried thereby.

'2. Where any such vessel carries traffic between a port in Canada reached by such company and a port in Canada reached by the railway of another company, the vessel and the railway of either company shall be deemed to constitute a continuous route in Canada within the meaning of section 266 of this Act.'

EXPRESS TOLLS.

By section 27 of the amending Act, all express tolls are subject to the approval of the Board and are to be filed with and dealt with by the Board as herein provided.

TELEPHONE TOLLS.

By section 29 of the amending Act, all telephone tolls to be charged by any company having legislative authority from the parliament of Canada to construct and operate a telephone system or line are subject to the approval of the Board, and are to be filed with and dealt with by the Board as herein provided.

PRACTICE AND PROCEDURE.

Several changes and alterations have been made in the rules and regulations of the Board; and the Board issued new rules and regulations under date of December 10, 1906. The amended rules and regulations as sanctioned by the Board will be found in appendix H.

PUBLIC SITTINGS OF THE BOARD.

Public sittings of the Board were held at the following times and in the following places in the various provinces of the Dominion of Canada:—

Province of Ontario—

Chatham, 3rd May, 1906.

Essex, 17th October, 1906.

Hamilton, 8th May, 1906, and 13th December, 1906.

Ottawa, 10th, 11th, 12th April, 1906. 6th, 12th, 14th, 26th, 27th June, 1906.

1st August, 1906. 23rd, 24th October, 1906. 15th, 16th, 27th November, 1906.

20th December, 1906. 8th, 15th, 25th, 31st January, 1907. 1st, 5th, 12th,

19th, 20th February, 1907. 5th, 6th, 19th, 26th, 27th March, 1907.

7-8 EDWARD VII., A. 1908

Province of Ontario—Concluded.

Oshawa, 11th December, 1906.

Owen Sound, 13th November, 1906.

Paris, 1st May, 1906.

Stratford, 8th May, 1906.

Strathroy, 2nd May, 1906.

Toronto, 17th, 18th, 19th and 20th April, 1906. 9th, 29th May, 1906. 22nd November, 1906. 12th December, 1906.

Waterloo, 7th May, 1906.

Windsor, 4th May, 1906.

Woodstock, 21st November, 1906.

Province of Quebec—

Côte St. Paul, 21st April, 1906.

Montreal, 30th October, 1906. 22nd January, 1907.

Province of Manitoba—

Brandon, 20th September, 1906.

Winnipeg, 21st, 22nd, 27th September, 1906.

Province of Alberta—

Calgary, 6th and 17th September, 1906.

Edmonton, 10th September, 1906.

Leduc, 7th September, 1906.

High River, 4th September, 1906.

Province of Saskatchewan—

Regina, 18th and 19th September, 1906.

Province of British Columbia—

Nelson, 14th September, 1906.

Rossland, 15th September, 1906.

Vancouver, 11th October, 1906.

Yukon Territory—

Dawson, 20th, 21st, 22nd August, 1906.

Total number of public sittings at various places in the Dominion of Canada, as above set forth, was 63, at which sittings 214 applications were heard. The various applications are set forth in appendix 'C.'

Among the more important matters dealt with by the Board at the public sittings above enumerated, special attention might properly be directed to the following:—

CANADIAN FREIGHT CLASSIFICATION No. 12.

Application was made to the Board by the Canadian Manufacturers' Association, in regard to the Canadian Freight Classification No. 12, asking for the restoration of former Rule No. 2 governing mixed carloads of freight, as in effect prior to the issue of the said Canadian Freight Classification on shipments between points west of and including Port Arthur, and shipments from points east of Port Arthur to points west thereof, and as in effect between points east of Port Arthur; also in regard to Rule No. 6 regarding minimum charge for articles necessitating platform cars for carriage as being excessive and discriminatory as between United States and Canadian shippers and asking that a reduction be made from minimum 6,000 to 4,000 lbs.; also for reduction in the additional charge demanded by the carriers under Rule No. 7 of said classification, in the case of goods classified to be carried at owner's risk but charged at carriers' risk; also for reduction of minimum charge for single

SESSIONAL PAPER No. 20c

consignment commonly known as the 'small rate,' as defined in Rule 30, from 35 cents to 25 cents.

At the hearing of the application of the Canadian Manufacturers' Association, other complaints against the classification were taken up and considered by the Board; and the Board held sittings at the following places in connection with the application above referred to, namely: Montreal, Ottawa, Winnipeg, Regina, Vancouver, Nelson, Sarnia, Chatham, Windsor and Toronto; the Canadian Manufacturers being represented by Mr. Marlow and the railway companies by the Advisory Committee of the Canadian Freight Association. As a result of the various sittings and hearings, a new classification consolidating the old ones and its supplements is now being prepared by a classification committee composed of representatives of the various railway companies interested, the chief traffic officer of the Board, and the representative of the Canadian Manufacturers' Association; and it is hoped that the new classification will, to a large extent, do away with the existing ground for complaint.

Re INTERNATIONAL RATE CASE.

The Board received a number of complaints from parties in western Ontario charging that the railway companies carried traffic from points in the United States west of the Rivers St. Clair and Detroit to points in Canada at lower rates than from points on the railways in western Canada. Sittings were held by the board at Chatham and other places; and the matter is now under the consideration of a special committee composed as follows: W. R. MacInnes, Freight Traffic Manager, Canadian Pacific; Jno. W. Loud, Freight Traffic Manager, Grand Trunk Railway; T. Marshall, Secretary, Canadian Freight Association; J. R. Marlow, Manager, Transportation Department, Canadian Manufacturers' Association; Jas. Hardwell, Chief Traffic Officer, Board of Railway Commissioners, and will be definitely dealt with by the Board at an early date. The complainants were represented at the sittings of the Board held at Chatham, Ontario, May 3, 1906; Windsor, Ontario, May 4, 1906; Toronto, Ontario, May 29, 1906; Ottawa, Ontario, June 6, 1906, by the Canadian Manufacturers' Association; and, as a result, the following letter was sent to the chairman of the Advisory Committee of the Canadian Freight Association, Montreal:

OTTAWA, July 4, 1907.

Re Freight Rates discrimination in favour of Michigan as against Western Ontario.

SIR,—I am directed by the Board to inform you that it has had under consideration the several complaints from points in western Ontario against the charging by railway companies of heavier freight rates on shipments to points in Canada eastward therefrom than are charged by the same companies for shipments to the same points from points in the United States west of the Detroit river, and the Board is of opinion that some attempt should be made to avoid this anomaly.

I am further directed to point out that the provisions of that part of subsection 3 of section 252 of the Railway Act, 1903, known as the 'long and short haul clause,' have been adopted in the legislation of the United States as well as in that of Canada; and to say that these provisions appear to the Board to be consonant with natural justice, and such as should be applied, as far as reasonably possible without disregarding proper interests, to the cases in question. It appears to the Board that the clause in question is applicable to joint tariffs relating to traffic from points in the United States west of the River Detroit to points in Canada eastward therefrom, which, in themselves, or by comparison with tariffs for traffic carried easterly from points in western Ontario, where the shorter distance is included in the longer one, violate this rule.

I am also directed to point out that, in the clause referred to, competition alone is mentioned as justifying any modification of the general rule.

The Board recognizes that the conditions of this traffic are affected by the existence of companies in the United States independent of those operating in Canada, and

7-8 EDWARD VII., A. 1908

by the operation of the corresponding clause of the statute law in the United States, and that the harmonizing of interests in making the changes necessary to apply the rule to traffic originating in the United States, destined for points in Canada, is a work of difficulty, and it thinks that the Canadian railway companies should be given an opportunity to lay a scheme before the Board for its consideration after negotiating with companies operating in the United States; and for that purpose the Board will defer further consideration of these complaints for a period of ninety days.

I have the honour to be, sir,

Your obedient servant,

J. W. LOUD, Esq.,

Chairman Advisory Committee,
Canadian Freight Association,
Montreal, Que.

A. D. CARTWRIGHT.

The railway companies submitted new tariffs; these tariffs were discussed at a joint meeting at which the representatives of the railway companies, the chief traffic officer of the Board, and the representative of the Canadian Manufacturers' Association were present; and new tariffs are now being prepared.

In connection with this case, there should be mentioned the complaint filed by the Toronto Board of Trade, that the rates from Toronto eastward were higher than from Montreal westward, thus constituting an unjust discrimination; also that the rate from local surrounding points in Ontario were lower than from Toronto. The Board found the subject of this latter complaint to be so interwoven with the complaints before referred to from western Ontario that it deemed desirable that the Toronto Board of Trade complaint should be taken up in conjunction with the international rate case, to be dealt with at the same time.

Re PETITION OF THE RAILWAY MEN OF ONTARIO.

The board held a special session in Ottawa, commencing on Tuesday, February 5, 1907, to consider the matters set forth in the following notice of sittings:—

‘ OTTAWA, ONT., January 2, 1907.

‘ Notice of Sittings.

‘ The Board of Railway Commissioners for Canada will hold a session at 66 Queen street, in the city of Ottawa, on Tuesday, the 5th day of February, 1907, at the hour of 11 o'clock in the forenoon, to discuss and settle upon a system of operating rules for the various railways subject to the jurisdiction of the Board. The Board will also consider at such meeting the petition of the railway trainmen of Ontario, dated the 28th day of April, 1906, and the representations of employees in relation thereto, as made before the board on the 15th day of June, 1906; and the Board desires to have the contents of such petition and the representations referred to fully discussed at the said meeting on February 5, 1907, and all possible information in respect thereto then given.

‘ The Board would like also to have consideration then given to the subjects enumerated below, and to receive information in relation thereto:—

- ‘ 1. Railway accidents and precautions for preventing the same.
- ‘ 2. Provisions for cleanliness, ventilation and health at passenger stations.
- ‘ 3. Supply of equipment and adoption of methods to ensure more prompt and efficient service on railways.
- ‘ 4. Car supply for traffic originating on short local lines for carriage for long distances over other lines.
- ‘ 5. Mechanical appliances and fireguards for preventing the setting or spreading of fires from locomotive engines, especially on the prairies.

SESSIONAL PAPER No. 20c

'6. Equipment of cars carrying lumber and similar commodities, and rules regulating the same.

'7. Width of gates and planking at farm crossings.

'8. Forms of orders for railway crossings.

'9. Supply of ice at convenient points for the icing of refrigerator cars for shipment, and provision for reicing the same in transit for export and to the western provinces.

'10. Compliance with section 216 requiring the wearing of badges by railway officials.

'11. More careful compliance with section 231 of the Railway Act, respecting notices of delayed trains.

'12. Compliance with section 215 of the Railway Act, requiring trains to be run according to schedule time.

'13. Such other subjects connected with the management and operation of railways as it may then appear to those skilled therein desirable to discuss before the Board.

'By order of the Board,

'A. D. CARTWRIGHT,

'Secretary.'

The petition of the railway men of Ontario, dated April 28, 1906, above referred to, was as follows:—

'April 28, 1906.

'To the Honourable H. EMMERSON,
'Minister of Railways and Canals.

'To the Honourable, the Board of Railway Commissioners of Canada:

'GENTLEMEN,—The representatives of the railway trainmen of Ontario, comprising the majority of trainmen of Canada, have under discussion a number of matters, directly affecting them, and beg to present for your consideration the following matters, which have been unanimously approved by them, and which they desire to see enacted as part of the laws of Canada:—

'1. A law prohibiting the placing of crippled cars on trains, unless accompanied by a competent man in charge of them.

'2. A law compelling all railway companies to equip all freight cars with operating levers on both sides of draw-bars, instead of only one side, as at present, as a great many men are killed and injured going between cars to uncouple them.

'3. A law compelling all railways to have all overhead wires crossing all railway tracks, placed under ground.

'4. A law compelling all railways to equip all engine tenders with safety handholds, and steps, one on each side of engine at rear end of tender, and all yard engines with footboards and safety handholds and headlights on front and rear of engine.

'5. A law compelling all railways to cover all open drains in yards and to make all obstructions between tracks level with the surface.

'6. A law compelling all railways to place all obstructions and structures not less than 6 feet clear of rail.

'7. A law compelling all railways to have not less than five men on a train or yard engine, consisting of engineer, fireman, conductor and two brakemen, and, where semaphores and yard limit board are not absolute protection against all trains except first-class passenger trains, that a flagman be added to this number. This not to apply to engines running light, which must not have less than three men, consisting of engineer, fireman and conductor.

'8. A law compelling all railways to pack properly all switches, frogs and wing rails, and the present exemptions abolished.

'9. A law compelling all railways to haul not more than 50 cars on any train, and prohibit the running of double-headers in freight service, as we know that it is

7-8 EDWARD VII., A. 1908

unsafe to handle more than 50 cars, that being as far as the ordinary employee can distinguish a single; any more cars make it a very great source of danger, not only to employees, but to the travelling public; and the great danger incurred by running double-headers is too self-evident to require discussion.

'We would strongly recommend the following changes:—'

'That passenger trainmen have at least one year in freight or yard service before being employed as passenger brakemen.

'That the law regarding the loading of lumber, stone, steel rails, &c., be more strictly enforced.

'That at least two inspectors be employed by you for the purpose of making a thorough investigation of all railroad accidents, which result in injuries or death, with power to examine witness under oath if necessary.

'That competent inspectors be appointed for the purpose of seeing that the law regarding safety appliances is properly enforced, and that no extension of time be given any railway company for the proper equipment of their rolling stock, so far as safety appliances are concerned.

'We would beg to draw your attention to the fact that the conditions of the railway service having materially changed, during the past few years, there is not the same necessity for brakemen riding on deck one mile from all stations as previously existed. We would, therefore, recommend that this order from the Governor in Council be rescinded.

'We would also recommend that the duty on bituminous coal entering Ontario be abolished, as we consider it an injustice to all railroads concerned.

'The question of making some arrangements for the formation of a pension and superannuation fund was thoroughly discussed and the following resolutions adopted:

'That inasmuch as we are a semi-public body undergoing great risk to life and limb, in all conditions of weather, and at all hours of day and night, in order that the transportation service of the country may be handled with safety and despatch,

'Resolved, that we petition the Dominion government to adopt a system of superannuation and pension for old, injured or disabled employees, under direction and control of government, and maintained collectively by the government and all railway companies in Canada.

'We would respectfully request that you arrange a meeting between yourself, the Board of Railway Commissioners and the undersigned at as early a date as possible, when the several matters outlined could be taken up and some understanding arrived at regarding them.

'We beg to remain, yours respectfully,

'(Sgd.) T. G. COURTENAY, Chairman, Box 838, St. Thomas, Ont.

'M. J. MCCAUL, Vice-Chairman, Smith's Falls, Ont.

'ALF. E. SAVAGE, Secretary, Niagara Falls, Ont.'

At the meeting held, pursuant to the notice herein referred to, the following representatives were present:—

For the Trainmen—

Mr. Harvey Hall, legislative representative of the Railway Brotherhood.

Mr. T. G. Courtenay, Chairman Ontario Legislative Board.

Mr. James Murdock, 3rd Vice-President of the Brotherhood of Railway Trainmen of America.

Mr. S. N. Berry, 3rd Vice-President of the Order of Railway Conductors of America.

Mr. David Campbell, Vice-President Order of Railway Telegraphers.

Mr. Ash Kennedy, General Chairman of Engineers, C.P.R.

SESSIONAL PAPER No. 20c

For the Grand Trunk Railway—

Mr. M. K. Cowan, K.C.
 Mr. F. H. McGuigan, 3rd Vice-President.
 Mr. W. G. Brownlee, General Transportation Manager.
 Mr. W. McWood, Supt. Car Department.

For the Canadian Pacific Railway Company—

Mr. E. W. Beatty, Assistant Solicitor.
 Mr. J. W. Leonard, Assistant General Manager.
 Mr. N. Cauchon.

For the Michigan Central Railroad—

Mr. Saunders, Counsel.
 Mr. R. H. L'Hommedieu, General Manager.
 Mr. W. S. Kinnear, Assistant General Manager.
 Mr. D. H. Webb, Chief Engineer.
 Mr. H. C. Nutt, General Superintendent.
 Mr. G. W. Babbitt.
 Mr. H. H. Adams, Division Superintendent.

For the Père Marquette Railroad—

Mr. William Cotter, General Manager.

For the Central Ontario Railway—

Mr. George Collins, Manager.

For the New York and Ottawa Railway—

Mr. W. H. Gays, General Manager.

For the Car Service Bureau—

Mr. J. E. Duval.

The discussion in connection with the above matters, and the evidence taken covered a period of three days; and it was suggested that a committee of five, representing the railways in Canada subject to the jurisdiction of the Board, be appointed to draft a set of operating rules. The first meeting of the committee to be convened early in April, 1907, and a draft copy of the proposed rules to be submitted to the Board not later than June 1, 1907. This suggestion was acceded to by all parties present; and subsequently a committee was appointed composed of one representative from each of the following companies, namely:

The Grand Trunk Railway Company of Canada.
 The Canadian Pacific Railway Company.
 The Michigan Central Railroad.
 The Canadian Northern Railway Company.
 The Great Northern Railway Company (lines in Canada).

Mr. W. W. Ashald, of the Grand Trunk Railway Company, was appointed chairman, and Mr. G. W. Babbitt, of the Michigan Central Railroad, secretary.

The operating rules, when drafted, will be submitted to the representatives of the Trainmen's Union and other parties interested, for consideration and for suggestions in regard thereto, before being finally dealt with by the Board.

The Board hopes that the bringing together of the employees (through their representatives) and the various railway companies will be productive of good results in establishing a better understanding between the parties interested, and in assisting the Board in dealing in satisfactory manner with the many complex questions involved in fixing a standard code of operating rules.

7-8 EDWARD VII., A. 1908

Re TELEPHONE AND EXPRESS COMPANIES.

At the suggestion of the Board, the Governor in Council appointed a senior counsel, a junior counsel, and an accountant, to make a full inquiry into the affairs of telephone and express companies, in order to lay before the Board in a concise form all possible information which could assist the Board in deciding what tolls should be approved for these companies, and to save the Board from having to make inquiries into matters of detail. The officers connected with the commission are now actively engaged in prosecuting inquiries, and it is expected that their labours will be completed at an early date, when the tariffs of the telephone and express companies will be taken up and dealt with by the Board.

JUDGMENTS OF THE BOARD.

The summary of judgments delivered by the Board covering the year ending March 31, 1907, prepared by the law clerk, Mr. A. G. Blair, will be found in appendix 'D.'

Re TELEPHONE CROSSINGS.

The Board made a general order approving standard conditions and specifications for telephone wire crossings of railways, under date of March 27, 1907. A copy of the conditions and specifications approved by the Board will be found in appendix 'I.'

Re PASSENGER RATES.

Application having been made to the Board by the Associated Boards of Trade of Western Canada for a reduction in the passenger rates of railway companies operating in the provinces of Alberta and Saskatchewan, and the Board having been in receipt of complaints from the Kingston Board of Trade and other corporations in the province of Ontario alleging that the passenger rates charged by the Grand Trunk Railway Company were excessive, the Board, after hearing the Grand Trunk and Canadian Pacific Railway Companies, made an order directing that the Canadian Pacific and Grand Trunk Railway Companies reduce their first-class passenger rates on all lines in Canada east of and including the Calgary and Edmonton Railway Company, so that the same should not exceed 3 cents per mile, and that the said reduction should take effect within sixty days from the date of the order (March 18, 1907), within which time the passenger tariffs of the said companies were to be altered accordingly, and the following circular was sent to the other railways subject to the jurisdiction of the board:—

‘ March 31, 1907.

‘ Re Passenger Rates.

‘ DEAR SIR,—I am directed by the board to inform you that on March 18 an order was issued by it directing the Grand Trunk and Canadian Pacific Railway Companies to reduce their passenger rates over their lines in Canada east of and including the Calgary and Edmonton Railway to the basis of three cents per mile; I am also requested to ask whether your company is willing that its standard passenger tariffs should be similarly reduced, and, if not, on what grounds you object to this being done, such reduction to take effect within sixty days from March 18, in order that the passenger tariffs of the companies may be altered and made effective accordingly.

‘ The Board desires that you furnish a reply to this communication within ten days after its receipt.

‘ Yours truly,

‘ A. D. CARTWRIGHT,

‘ Secy., B. R. C.’

SESSIONAL PAPER No. 20c

As soon as replies are received from the various companies the Board purposes to take up and deal with the matter of a general reduction by railway companies other than the Grand Trunk and Canadian Pacific, which have already been dealt with under said order of March 18, 1907.

ROUTINE WORK OF THE BOARD.

Record Branch.

Since the publication of the last report, three clerks have been added to the staff of the Record Branch of the Board; but, owing to the steady increase in the number of applications, &c., filed, further additions to the staff will be necessary in the near future. This department, as was previously stated, is under the immediate supervision of the secretary of the Board, who is assisted in his work by Mr. A. E. Ecclestone, secretary to the secretary. Arrangements have been made to have the record room removed from the second floor of the building now occupied by the Board, to the first floor, which will give much needed additional space for keeping the records and for the accommodation of the record staff. At the present rate of increase in the work of the Board, it will be a matter only of comparatively short time before additional space will be required in order that the work of the Board may be effectively carried on, particularly in view of the fact that express company and telephone company tariffs have been placed under the jurisdiction of the board. By reference to the sub-joined table, it will be seen that the number of applications, filings, and orders, shows a very marked increase over that for last year. A list of informal complaints will be found in appendix 'E,' covering the year ending March 31, 1907; and attention might again be drawn to the fact that most of these complaints are taken up and dealt with by the Board and settled without the necessity of a public hearing.

With regard to the cases heard by the Board at public sittings during the year covered by this report, it is worthy of mention that over 20,595 folios of testimony were taken before the Board at these hearings. The following is a table of formal applications and informal complaints received under the Act, documents filed, and orders issued by the Board, compared with those of the year ending March 31, 1906:—

	April 1, 1905 to March 31, 1906.	April 1, 1906 to March 31, 1907.	Increase.
Applications.	1,487	2,936	1,449
Filings.	17,653	26,933	9,280
Orders.	617	1,741	1,124

TRAFFIC DEPARTMENT.

Since the issuance of the last report, there has been an addition of one clerk to this department; but owing to the fact that the express companies and certain telephone companies are now under the jurisdiction of the Board, it will doubtless be necessary in the near future to make a material increase in the clerical staff of this department. In connection with this department the Board has recommended the appointment of an operating assistant to the chief traffic officer, whose chief duty will be to assist the chief traffic officer in obtaining necessary information in regard to railway equipment, as well as in looking into and reporting on the condition of the rolling stock, &c., of the various railways subject to the jurisdiction of the Board. A statement of the freight and passenger schedules filed with the Board between April 1, 1906, and March 31, 1907, will be found with the report of the chief traffic officer of the Board in appendix 'B.'

ENGINEERING DEPARTMENT.

The Board found it necessary to have an additional engineer in this department, and, accordingly, on June 25, 1906, Mr. H. A. K. Drury was appointed second assist-

7-8 EDWARD VII., A. 1908

ant engineer. Mr. Drury has made his headquarters at Winnipeg, the Board having found it impracticable to carry on the work in the western provinces connected with the engineering department expeditiously, without having an official stationed at Winnipeg, or some other central point in the west, who could make inspections, &c., when required by the Board. In addition to his work as assistant engineer, Mr. Drury has been required from time to time to make reports respecting accidents on railways in the west, and to investigate complaints regarding car shortage in the western provinces. This, however, is only a temporary expedient, as, without doubt, the Board will find it necessary to have stationed at Winnipeg or some other convenient point, an inspector to deal with matters of this kind, as well as matters relating to railway equipment. The engineering department has also had added to its staff an electrical expert, Mr. Jno. Murphy, whose appointment dates from May 15, 1906. Mr. Murphy does not give the whole of his services to the Board, his salary being paid one-half by the Board and one-half by the Department of Railways and Canals. The necessity for such an expert exists in connection with the numerous applications made to the Board, under section 246 of the Railway Act, in the matter of telephone crossings and crossings of high transmission power wires over railways. A list of examinations and inspections made by the engineering department of the Board for the year ending March 31, 1907, will be found in appendix 'B.'

ACCIDENT BRANCH.

As pointed out in the first report of the Board, it was found impossible for one man to investigate all railway accidents throughout Canada; so the Board has had added to its staff Mr. Jas. Ogilvie as inspector of railway equipment and safety appliances, his appointment dating from March 4, 1907. This appointment was rendered imperative by the numerous complaints that the Board received regarding railway equipment generally. The Board has at the present time under contemplation further appointments to the accident branch, as well as in connection with railway equipment and safety appliances. A list of reports of accidents and investigations covering the year ending March 31, 1907, will be found in appendix 'G.'

All of which is respectfully submitted.

A. C. KILLAM,
Chief Commissioner.

M. E. BERNIER,
Deputy Chief Commissioner.

JAMES MILLS,
Commissioner.

7-8 EDWARD VII., A. 1908

The following orders relating to traffic on railways subject to The Railway Act have been issued by the Board from February 1, 1904, to March 31, 1906, viz.:—

March 9, 1904.—Order permitting railway companies to continue their reduced fares to clergymen; also to students of universities, colleges, and schools, to and from their homes.

June 28, 1904.—Reduction ordered in the rates on oiled clothing, in carloads, from Toronto to Halifax, Winnipeg, and Calgary.

July 16, 1904.—Canadian Freight Classification No. 12, with supplement No. 1, and ruling circular No. 1, approved.

July 30, 1904.—Railway companies ordered to cease charging prohibitive rates on cedar lumber, ties, &c., and to substitute tolls which shall not discriminate between cedar and other woods; also to amend the Canadian Freight Classification by including rails, fence posts, telegraph poles, and ties with other forest products, instead of carrying these commodities as formerly by 'special contract' only.

July 30, 1904.—Order reducing rates on cooperage stock in carloads.

July 30, 1904.—Railway companies directed to reduce their rates on glass bottles, in carloads, from Wallaceburg, Ont., to Toronto, Hamilton, Berlin, London, and Montreal.

October 3, 1904.—Order regarding special rates on material and machinery for new industries. Companies directed to report applications to the Board, which will deal with each on its merits.

October 3, 1904.—Application of Grand Trunk Railway Company for permission to charge a less rate on coal to Cobourg, Ont., for manufacturing purposes than charged to ordinary consumers and dealers declined.

October , 1904.—Reduction ordered in the rates on coal from the Niagara and Detroit frontiers to Almonte, Ont.

October 10, 1904.—Application of the United Factories for a special rate on logs, Penetanguishene to Newmarket, Ont., declined.

October 10, 1904.—Order revising and reducing the classification of fruit, and prescribing a maximum charge for icing fruit cars in transit.

October 10, 1904.—Order reducing rates on split peas, for export, to the same basis as flour, for export.

October 31, 1904.—Railway companies directed to desist from charging higher rates on cedar lumber from the mills in British Columbia than charged on pine, fir, and spruce.

December 29, 1904.—Disallowance of certain advanced freight tariffs on grain products from Ontario to the Maritime Provinces, which had been issued without legal notice. Companies directed to make restitution to the shippers.

February 9, 1905.—Conditions prescribed under which railway companies may make and report to the Board special rates in certain cases, under section 275 of the Railway Act, 1903.

February 9, 1905.—Order prescribing under what circumstances the Board will receive telegraphic notices of proposed changes in freight rates under emergency conditions.

February 9, 1905.—Canadian Northern Railway Company authorized to carry material and machinery for new industrial works at Fort Frances, Ont., at reduced rates.

March 6, 1905.—Lower rates ordered on cattle from Ontario points to Montreal, St. John, West St. John, and Portland, for export, so as to bring them more into harmony with those paid by United States shippers.

April 15, 1905.—Railway companies ordered to discontinue charging higher rates on grain between local points in Ontario and Quebec than charged on flour and other grain products between the same points.

June 2, 1905.—Preferential coal rates from Port Stanley and Rondeau, Ont., ordered discontinued.

SESSIONAL PAPER No. 20c

July 5, 1905.—Restoration ordered of rates formerly charged on metallic shingles, the increase of which had checked shipments.

July 13, 1905.—Cartage and other allowances by railway companies to shippers to offset disadvantages of location ordered discontinued, unless published in the companies' tariffs.

July 25, 1905.—Grand Trunk Railway Company ordered to provide reasonable and proper facilities for the interchange of traffic at London, Ont., and its tolls prescribed for switching traffic to and from the Canadian Pacific Railway.

July 25, 1905.—Reduction ordered in rates from Ontario on all freight traffic to Montreal, Quebec, and the Atlantic sea-board for export.

September 5, 1905.—Railway companies required to place their rates on coal from frontier ports of entry, and lake ports, to interior points in Ontario on an equal mileage basis.

1905.—Equalization of freight rates ordered to points between North Bay and Sault Ste. Marie, Ont., as between Toronto and Collingwood shippers.

September 19, 1905.—Order reducing rate charged at New Westminster, B.C., for switching grain to the distillery at Sapperton, and prescribing switching tolls within the New Westminster terminals.

October 14, 1905.—Reduced rates prescribed on stone from Manitoba quarries to Winnipeg.

October 17, 1905.—Canadian Pacific and Canadian Northern Railway Companies ordered to interchange carload freight without transshipment at Winnipeg and St. Boniface, Man., for shipment from, or delivery at, those points.

October 31, 1905.—Reduced rates ordered on beans, in carloads, from shipping points in Ontario.

November 15, 1905.—Provision made for the fair distribution of empty cars at Lake Huron and Georgian Bay ports, for the movement of northwest grain during car shortage.

November 28, 1905.—Interchange facilities ordered at Lindsay, Ont., between the Grand Trunk and Canadian Pacific Railways, and tolls prescribed for switching local traffic.

January 6, 1906.—New car service or 'demurrage' rules, more favourable to the public than the old, promulgated by the Board for use on all railways subject to its jurisdiction.

February 14, 1906.—Order reducing the rate charged by the Red Mountain Railway Company for switching ore at Rossland, B.C., for the Trail smelter.

February 14, 1906.—Reduction ordered in the rate on grain, in carloads, from the Canadian Pacific Company's elevator at Owen Sound to unloading sidings within the company's terminals at the same place.

February 19, 1906.—Canadian Northern Railway Company directed to replace the siding to Messrs. Robinson & Son's coal and wood yard at Winnipeg, which had been removed.

March 24, 1906.—Reduced minimum carload weights prescribed for freight loaded in box cars longer than the standard length of 36 feet 6 inches.

March 24, 1906.—Additions ordered to the articles which may be shipped in mixed carloads at carload rates.

March 24, 1906.—Reductions in minimum chargeable weight for light and bulky articles requiring platform cars for carriage.

The following are the principal orders and regulations relating to freight and passenger traffic on railways subject to the Railway Act, issued by the Board from April 1, 1906, to March 31, 1907, namely:—

December 14, 1905 (issued after preparation of last report).—Reduced rates prescribed on extra-compressed hay and fodder, in carloads, from Grand Trunk and

7-8 EDWARD VII., A. 1908

Canadian Pacific Railway stations in Quebec to Atlantic ports north of and including Boston, for export.

December 14, 1905 (issued after preparation of last report).—Ordered that rates on grain and grain products, in carloads, from points west of Montreal to and including Cornwall and Finch, Ont., and south of the St. Lawrence in the counties of St. Johns, Laprairie, and Napierville, Chateauguay, and Huntingdon, to points east of Lévis, Que., shall not exceed the rates from Montreal to the same points by more than 2 cents per 100 lbs., nor by more than the differences existing at date of order.

May 21, 1906.—Promulgation of additional regulations relating to the publication and filing of freight and passenger tariffs.

June 6, 1906.—The minimum carload weight of charcoal authorized by the Canadian Freight Classification not to be exceeded in commodity tariffs. Revision of commodity rates from Sault Ste. Marie ordered accordingly.

June 21, 1906.—Standard Freight Tariff of the Tillsonburg, Lake Erie and Pacific Railway Company approved.

June 29, 1906.—Reduced rates ordered on packing house products, in carloads, from packing points in Ontario to Montreal, for export.

July 18, 1906.—Tolls prescribed to be charged by the Canadian Pacific Railway Company for switching traffic interchanged with the Grand Trunk Railway Company for loading or unloading at London, Ont.

July 19, 1906.—Authority granted the Dominion Atlantic Railway Company to charge the express rate on fresh fish on special freight trains making express time, Halifax to Yarmouth, N.S., for export to Boston; when so consigned, and in quantities beyond the handling capacity of the express company.

July 31, 1906.—Renewal of the Montreal to Toronto west-bound rate ordered on wall paper from Toronto to Montreal and Ottawa, and as the maximum to intermediate points, with corresponding reductions to points east of Montreal.

August 1, 1906.—Order, supplementing order of July 30, 1904, requiring the carriage of railway ties to Canadian points at rates not exceeding the non-competitive special tariff rates on common lumber; also to United States joint rate points. Order of July 30, 1904, against the Kingston and Pembroke Railway Company made applicable to all railway companies.

August 11, 1906.—Railway companies ordered to abolish the additional arbitrary rate of 5 cents per 100 lbs. hitherto charged to British Columbia coast points on transcontinental traffic from eastern Canada; also to substitute the minimum carload weights of the Canadian Freight Classification for the higher minima previously charged on the said traffic when loaded in cars longer than the standard car of 36 feet 6 inches in length; also to reduce the weight allowance on lumber used for bracing, or otherwise safeguarding carload shipments of the said transcontinental traffic requiring such protection, to the basis allowed elsewhere in Canada.

August 26, 1906.—Standard Freight and Passenger rates of the Klondike Mines Railway Company approved.

September 17, 1906.—Standard Passenger rate of 3 cents per mile on the Thunderhill branch of the Canadian Northern Railway approved.

October 3, 1906.—Standard Freight Tariff of the Chatham, Wallaceburg and Lake Erie Railway Company approved.

October 13, 1906.—Supplement No. 7 to Canadian Freight Classification No. 12 approved.

October 13, 1906.—Nelson and Fort Sheppard and Canadian Pacific Railway Companies ordered to furnish adequate and suitable accommodation and facilities for the carriage and interchange of lumber, shingles, &c., from Salmo and Ymir, B.C., to eastern Canadian points.

November 9, 1906.—Rates reduced and prescribed on freight traffic to rail points and lake ports of call in the districts of Kootenay and Yale, B.C.

November 12, 1906.—Supplement No. 8 to Canadian Freight Classification No. 12 approved.

SESSIONAL PAPER No. 20c

November 13, 1906.—Express companies' forms of contract temporarily approved, pending inquiry.

November 16, 1906.—Order, amending order of February 14, 1906, regarding switching tolls to be charged by the Red Mountain Railway Company at Rossland, B.C.

November 19, 1906.—Order, amending order of August 26, 1906, approving the Standard Freight and Passenger Tariffs of the Klondike Mines Railway Company.

November 19, 1906.—Promulgation of regulations relating to the publication and filing of express tariffs.

November 19, 1906.—Grand Trunk and Canadian Pacific Railway Companies authorized, under certain conditions, to refund to exporters of cheese the tolls collected for cartage to the Montreal wharfs during the season of navigation, 1905, on joint application of the said railway companies and exporters.

November 22, 1906.—Approval of Standard Passenger rates on certain new lines of the Canadian Pacific Railway Company in western Canada.

November 27, 1906.—Standard Passenger Tariff of the Canadian Pacific Railway Company's Guelph and Goderich branch at 3 cents per mile approved.

November 29, 1906.—Standard Passenger Tariff No. 19 of the Vancouver, Victoria and Eastern Railway Company, at 4 cents per mile, approved.

December 5, 1906.—Standard Freight Tariff of the Brandon, Saskatchewan and Hudson Bay Railway Company approved.

December 5, 1906.—Standard Passenger Tariff of the Canadian Northern Ontario Railway Company, at 3 cents per mile, approved.

December 5, 1906.—Standard Passenger Tariff of the Brandon, Saskatchewan and Hudson Bay Railway Company, at 3 cents per mile, approved.

December 6, 1906.—Promulgation of regulations relating to the publication and filing of tariffs of telephone tolls.

December 19, 1906.—Standard Passenger rates on Lacombe and Wetaskiwin branches of Canadian Pacific Railway, at $3\frac{1}{2}$ cents per mile, approved.

December 26, 1906.—Standard Passenger Tariff of Canadian Pacific Railway Company's Nicola, B.C., branch, at 4 cents per mile, approved.

December 26, 1906.—Standard Freight Tariff of the Canadian Pacific Railway Company's Nicola, B.C., branch, approved.

January 9, 1907.—Standard Passenger Tariff of the Canadian Northern Railway Company's Ridgeville section, in Manitoba, at 3 cents per mile, approved.

January 9, 1907.—Standard Passenger Tariff of the Qu'Appelle, Long Lake and Saskatchewan Railroad and S.S. Company between Regina and Prince Albert, Sask., at $3\frac{1}{2}$ cents per mile, approved.

January 9, 1907.—Standard Passenger fares of the Morinville branch and Stony Plains section of the Canadian Northern Railway Company, at $3\frac{1}{2}$ cents per mile, approved.

February 4, 1907.—Standard Freight Tariff of the Vancouver and Lulu Island Railway, operated by the British Electric Railway Company as agents for the Canadian Pacific Railway Company, approved.

February 8, 1907.—Standard Passenger Tariff of the Canadian Pacific Railway Company between Curzon Junction, B.C., and Kingsgate, B.C., at 4 cents per mile, approved.

February 14, 1907.—Standard Passenger Tariff of the Bedlington and Nelson Railway Company, between British Columbia points, at 4 cents per mile, approved.

February 15, 1907.—Grand Trunk and Canadian Pacific Railway Companies authorized, under certain conditions, to refund to exporters of cheese the tolls collected for cartage to the Montreal wharfs during the season of navigation, 1906, on joint application of the said railway companies and exporters.

March 13, 1907.—Reduced rate prescribed on logs, in carloads, from Brule Lake, Ont., to Renfrew, Ont.

March 18, 1907.—Canadian Pacific and Grand Trunk Railway Companies ordered to reduce their passenger rates on all their lines in Canada, east of and including the

7-8 EDWARD VII., A. 1908

line of the Calgary and Edmonton Railway Company, to a maximum basis of 3 cents per mile.

Numerous changes to the advantage of the public have been made from time to time in the Canadian Freight Classification; a number of complaints have been adjusted informally by the Board, and others have been amicably arranged between the parties at the suggestion of the Board, or with its assistance.

I have the honour to be, sir,

Your obedient servant,

J. HARDWELL,

Chief Traffic Officer.

A. D. CARTWRIGHT, Esq.,

Secretary, Board of Railway Commissioners for Canada.
Ottawa.

APPENDIX C.

LIST OF APPLICATIONS HEARD AT PUBLIC SITTINGS
OF THE BOARD COVERING THE PERIOD FROM
APRIL 1, 1906, TO MARCH 31, 1907.

APPENDIX C.

LIST OF APPLICATIONS HEARD AT PUBLIC SITTINGS OF THE BOARD COVERING THE PERIOD FROM APRIL 1, 1906, TO MARCH 31, 1907.

354. Application of the Grand Trunk Railway Company of Canada, under section 178 of the Railway Act, 1903, for an order directing the adoption and use at the present crossing at grade of the Grand Trunk by the line of the Canadian Pacific, in the township of Yarmouth, Elgin county, Ontario, of an interlocking and derailling plant, the cost of installing and maintaining same to be borne by the Canadian Pacific Railway, in accordance with the terms of agreement dated September 3, 1881.

355. Application of the Canadian Pacific Railway Company, as lessee of the Montreal and Ottawa Railway Company, under section 175 of the Railway Act, 1903, for leave to construct a branch line from a point on the main line of the Montreal and Ottawa Railway on the east side of Ann street to a point on the south side of Laurier avenue, in the city of Ottawa.

356. Application of the Canadian Pacific Railway Company, as lessee of the Montreal and Ottawa Railway, under section 186 of the Railway Act, 1903, for leave to construct a branch line along a portion of Nicholas street, in the city of Ottawa.

357. Application of the Canadian Pacific Railway Company, under the Railway Act, 1903, for an order varying or amending the order of the board dated September 13, 1905, granting permission to the Canadian Northern Railway Company to cross the tracks of the Canadian Pacific Railway Company, Arcola branch, at Findlay, Man.

358. Application of the Midland Railway Company, of Manitoba, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Canadian Northern Railway Company near Carman, Manitoba.

359. Application of the Midland Railway Company, of Manitoba, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Canadian Northern Railway at Roland, Man.

360. Application of the Midland Railway Company, of Manitoba, under section 177 of the Railway Act, 1903, for leave to cross the Canadian Pacific Railway at Plum Coulee, Man.

361. Application of the Midland Railway Company, of Manitoba, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Canadian Pacific Railway at Elm Creek, Man.

362. Application of the Brandon, Saskatchewan and Hudson Bay Railway Company, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Canadian Pacific Railway near Carroll, Man.

363. Application of the Klondike Mines Railway Company, under sections 122 and 123 of the Railway Act, 1903, for approval of the location of the company's line of railway between Grand Forks and Silver Springs, Yukon Territory.

364. Application of the Canadian Pacific Railway Company, as lessee of the Guelph and Goderich Railway Company, to the board under the Railway Act, 1903, for approval of plans of an undercross of Harbour street, in the town of Goderich.

365. Application of the Canadian Pacific Railway Company for an order amending orders of the Railway Committee of the Privy Council, dated November 11, A.D. 1902, and January 6, 1903, that the Toronto Railway Company bear and pay the increase in cost of erecting and operating the protective appliances at the crossing at Avenue road, due to the intervention of the said Toronto Railway Company at the

7-8 EDWARD VII., A. 1908

said crossing and the operating of its railway thereon, over and above the cost of erecting and operating the protective appliances formerly maintained at the said crossing under the order of the said Railway Committee of the Privy Council, dated January 8, 1891, prior to the advent of the Toronto Railway Company at said crossing.

366. Application of the Corporation of the City of Toronto, under the Railway Act, 1903, for an order amending order of November 16, 1904, granting leave to the Canadian Pacific Railway Company to take additional lands south of the Esplanade, in the city of Toronto.

367. Application of the Grand Trunk Railway Company of Canada, under sections 175, 177 and 186 of the Railway Act, 1903, for authority to construct and operate branch lines in the town of Toronto Junction, in the township of York, county of York, and province of Ontario, as shown on plan, profile, and book of reference filed with the Board.

368. Application of the Canadian Pacific Railway Company to construct a branch line, under section 175 of the Railway Act, 1903, connecting the Owen Sound section of the company with its Toronto Junction terminal yards.

369. Application of the Grand Trunk Railway Company of Canada, under section 184 of the Railway Act, 1903, for authority to construct two additional tracks across Dufferin street, in the city of Toronto, where the said street is crossed by the main line of the Grand Trunk Railway between Toronto and Hamilton.

370. Application of the Grand Trunk Railway Company of Canada, under section 175 of the Railway Act, 1903, for leave to construct a siding to the premises of the Polson Iron Works in the city of Toronto.

371. Application of the Canadian Pacific Railway Company, under section 175 of the Railway Act, 1903, for an order authorizing the railway company to construct a branch line to the property of the Polson Iron Works, in the city of Toronto.

372. Application of the Erie Realty Company, Limited, under section 176 of the Railway Act, 1903, for an order compelling the Grand Trunk Railway Company of Canada to construct and operate a branch line in the city of Toronto, as shown on plan filed.

373. Application of the Toronto and Hamilton Railway Company, under section 138 of the Railway Act, 1903, to take certain lands of the Grand Trunk Railway Company of Canada, at the village of Mimico, Ont.

374. Application of the Canadian Pacific Railway Company, under section 175 of the Railway Act, 1903, for authority to construct a branch line along Pacific avenue, in the city of Toronto.

375. Application of the Canadian Pacific Railway Company, under section 175 of the Railway Act, 1903, to construct a branch line along Mowat avenue, in the city of Toronto.

376. Application of the Canadian Pacific Railway Company, under section 175 of the Railway Act, 1903, to construct a branch line along Atlantic avenue, in the city of Toronto.

377. Application of the Toronto and Hamilton Railway Company, under section 177 of the Railway Act, 1903, for leave to carry its tracks or lines under the tracks of the Grand Trunk Railway Company of Canada (main line division), and the Canadian Pacific Railway Company, north of St. Clair avenue, Toronto Junction.

378. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to carry its power wires across the tracks of the Michigan Central Railroad at Montrose Junction, Ontario.

379. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to cross with its power wires the tracks of the Grand Trunk Railway Company of Canada (Welland division).

380. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to carry its power wires across the tracks of the Toronto, Hamilton and Buffalo Railway Company at Vinemount, county of Wentworth, Ont.

SESSIONAL PAPER No. 20c

381. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to carry its power wires across the tracks of the Toronto, Hamilton and Buffalo Railway at the Escarpment, Hamilton, in the county of Wentworth, Ontario.

382. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to carry its power wires across the tracks of the Grand Trunk Railway Company of Canada at Stony Creek, in the county of Wentworth, Ontario.

383. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to carry its power wires across the tracks of the Grand Trunk Railway Company west of Bronte, in the county of Wentworth, Ont.

384. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to carry its power wires across the tracks of the Canadian Pacific Railway Company at Lambton Park, in the county of York, Ont.

385. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to carry its power wires across the tracks of the Canadian Pacific Railway and the Grand Trunk Railway north of Toronto Junction, in the county of York, Ont.

386. Application of the Toronto and Niagara Power Company, under section 194 of the Railway Act, 1903, for leave to carry its power wires across the tracks of the Grand Trunk Railway Company on Davenport Road, Toronto, in the county of York, Ont.

387. Application of the Algoma Central and Hudson Bay Railway Company, under section 267 of the Railway Act, 1903, for a joint tariff with the Grand Trunk Railway Company by way of railway or boat lines, or partly one and partly the other, owned, operated or controlled by the Grand Trunk Railway Company of Canada.

388. Complaint of William Davies Company, Limited, to the Board that the Grand Trunk Railway Company of Canada and the Canadian Pacific Railway Company have advanced their rate from Toronto to Montreal on packing house products in car-loads for export.

389. Application for siding running from the Canadian Pacific Railway through the industrial site of the Union Stock Yards Company, to be joined by the Grand Trunk Railway Company's siding on St. Clair avenue, as indicated on their plan.

390. Application of the Canadian Pacific Railway Company, under the Railway Act, 1903, for approval of a deviation of a portion of the company's located line through the town of St. Paul, Quebec, as shown on plan dated the 7th September, 1904. The proposed deviation commences at a point opposite the southwestern side of St. George street, in the said town of St. Paul, and extends thence northeasterly across George street, to a point at or near the eastern side of Hadley street, in the said town.

391. Application of the Canadian Pacific Railway Company, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Montreal street railway on St. Patrick street, Montreal, Quebec.

392. Complaint of the Corporation of the Town of Paris *re* subway under the tracks of the Grand Trunk Railway Company on Grand River street, in the town of Paris, Ont.

393. Complaint of the town of Strathroy regarding the crossings over the tracks of the Grand Trunk Railway Company in the town of Strathroy, Ont., at Caradoc street, Metcalfe street, Richmond and Victoria streets, and Oxford street.

394. Complaint of William Gray & Sons Company, Limited, *re* classification of carriages.

395. Application of the Grand Trunk Railway Company of Canada, under section 175 and 186 of the Railway Act, 1903, for leave to construct a branch line in the town of Walkerville, Ont., crossing Sandwich street to the premises of the Forde Motor Company.

396. Application of the Windsor, Essex and Lake Shore Rapid Railway Com-

7-8 EDWARD VII., A. 1908

pany, under section 177 of the Railway Act, 1903, for leave to cross at grade the tracks of the Père Marquette Railroad Company at Pelton station, in the county of Essex, Ont.

397. Application of the Windsor, Essex and Lake Shore Rapid Railway Company, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Canadian Pacific Railway Company at a point on the gravel road in the township of Sandwich West, in the county of Essex, and province of Ontario.

398. Application of the Windsor, Essex and Lake Shore Rapid Railway Company, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Père Marquette Railroad at a point near Kingsville station, in the county of Essex, Ont.

399. Application of the Canada Southern Railway Company, under sections 186 and 187 of the Railway Act, 1903, for authority to divert certain highways adjoining the said railway in the township of Sandwich West, as shown on plan on file with the Board.

400. Complaint of the Canadian Salt Company, Limited, of Windsor, Ontario, under the Railway Act, 1903, alleging excessive charge for switching loaded cars from the complainants' siding at Windsor to the Grand Trunk Railway at Walkerville, Ont.

401. Complaint of the Kerr Engine Company, of Walkerville, Ont., under the Railway Act, 1903, to the Board, alleging that with respect to the shipments of valves, hydrants, &c., the Grand Trunk Railway Company of Canada, the Canadian Pacific Railway Company, and the Père Marquette Railroad Company's freight rates from Walkerville to Canadian markets discriminate against the complainants in favour of their competitors in the United States.

402. Complaint of the Walkerville Brewing Company, of Walkerville, Ontario, re rates charged by the Canadian Pacific Railway Company for the transportation of beer.

403. Complaint of the Standard Paint and Varnish Company, Limited, of Windsor, Ontario, that the manufacturers of paint and varnish in the east enjoy much better freight rates on their goods going west than the Windsor plant does on similar goods going east.

404. Application of the Preston and Berlin Street Railway Company, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Grand Trunk Railway at Caroline and Erb streets, in the town of Waterloo.

405. Application of the Toronto, Hamilton and Buffalo Railway Company, under section 184 of the Railway Act, 1903, for leave to carry its line of railway across the highway known as Garth street, in the city of Hamilton, Ont., at grade, as shown on plan filed with the board.

406. Application of the Grand Trunk Railway Company of Canada, under section 177 of the Railway Act, 1903, for approval of proposed connection of junction at Hamilton, Ontario, between the northern division of the Grand Trunk (16th district), and the main line of the Grand Trunk Railway (17th district), between Niagara Falls and Hamilton, and authorizing the said company to construct, maintain, and operate the said connection or junction.

407. Application of the city of Hamilton, under section 186 of the Railway Act, 1903, for leave to construct a highway across the main line of the Grand Trunk Railway Company of Canada on Ferguson avenue, in the said city of Hamilton.

408. Application of the city of Hamilton, under section 186 of the Railway Act, 1903, for leave to construct a foot-bridge across the main line of the Grand Trunk Railway Company of Canada at Emerald street, in the said city of Hamilton, at a height of not less than 22 feet 6 inches above rail level, the cost of such foot-bridge to be paid by the company and the city corporation, respectively, in such proportions as the Board may order.

409. Application of the Niagara, St. Catharines and Toronto Railway Company, under section 186 of the Railway Act, 1903, for leave to cross certain highways in the

SESSIONAL PAPER No. 20c

town of Thorold, and in the township of Thorold, with its line of railway, as shown on plan on file with the Board.

410. Application of Edward Scott Brennan, of the city of Hamilton, Ontario, under section 120 of the Railway Act, 1903, for an order directing the Grand Trunk Railway Company of Canada to compensate the applicant for damages sustained to his lands in the city of Hamilton.

411. Application of P. C. Patriarche, coal merchant, and the Burlington Canning Company, Limited, both of the village of Burlington, Ont., under sections 214 and 253 of the Railway Act, 1903, for an order directing the Grand Trunk Railway Company of Canada to provide proper facilities for receiving, forwarding, and delivering traffic offered for carriage in and out and to and from the said Burlington Canning Company and P. C. Patriarche by means of the Hamilton Radial Electric Railway.

412. Application of the Corporation of the City of Hamilton, under the Railway Act, 1903, for protection at Ferrie and Wellington street crossings where the said streets are crossed by the tracks of the Grand Trunk Railway Company of Canada.

413. Application of the Corporation of the City of St. Catharines, under section 23 of the Railway Act, 1903, for an order directing the Grand Trunk Railway Company of Canada, the Niagara, St. Catharines and Toronto Railway Company, and the Port Dalhousie, St. Catharines and Toronto Railway Company, to contribute to the said municipal corporation certain sums in connection with the erection of a bridge at Queenston street, in the city of St. Catharines; as set out in said application.

414. Application of the Grand Trunk Railway Company of Canada, under section 175 of the Railway Act, 1903, for leave to construct a branch line in the city of Hamilton, extending from a point on the Grand Trunk Railway west of McKinstry street, crossing Dickson street to J. Duff & Sons' packing house.

415. Complaint of Staunton's, Limited, of Toronto, Ontario, under the Railway Act, 1903, to the board, that the freight rates charged by the Grand Trunk Railway Company of Canada and the Canadian Pacific Railway Company, on wall paper shipped from Toronto east to points in the provinces of Ontario, Quebec, New Brunswick, and Nova Scotia, are excessive and discriminatory, in comparison with the rates in effect upon similar merchandise carried in the opposite direction, and asking that the Board disallow the present east-bound rates on complainants' goods and restore those in effect prior to November 15, 1905.

416. Application of the Canadian Pacific Railway Company (lessees of the Guelph and Goderich Railway), for a re-hearing of the application of the Corporation of the Township of Mornington, county of Perth, Ontario, for an order directing the Guelph and Goderich Railway Company to desist from building the proposed embankment on the line of its railway in concessions 4 and 5 of the township of Mornington, deviating the highway, as shown on plan on file with the Board under reference No. 16296, file No. 1030.

417. Application of Herbert J. Lackner, of the township of Wellesley, county of Waterloo, Ont., under sections 196 and 198 of the Railway Act, 1903, for an order directing the Guelph and Goderich Railway Company (Canadian Pacific Railway Company, lessees), to provide a sufficient outlet to an underground tile drain upon his farm in lot No. 6, concession 15, east section of the township of Wellesley, and to provide suitable farm crossings.

418. Application of the Canadian Pacific Railway Company, as lessees of the Guelph and Goderich Railway Company, under subsection 4 of section 25 of the Railway Act, 1903, for an order rescinding order of the board dated March 23, 1906, *in re* the application of Robert J. Cockerline, of the township of Morris, in the county of Welland, Ont., for a suitable farm crossing.

419. Application of the Toronto Board of Trade under the Railway Act, 1903, for reduction of freight rates and a general revision of merchandise rates in the province of Ontario.

420. Application of the Canada Atlantic Railway Company, under section 139

7-8 EDWARD VII., A. 1908

of the Railway Act, 1903, for authority to take certain additional lands in the city of Ottawa, county of Carleton, as shown on plan on file with the Board, for the convenient accommodation of the public and the traffic of the said railway.

421. Application of Prosper Labelle, Mayor of the parish of St. Canute, Que., for an order, under sections 204 and 214 of the Railway Act, 1903, directing the Great Northern Railway Company of Canada to furnish certain station and train facilities at St. Canute.

422. Application of the Grand Trunk Pacific Railway Company for an order, under section 177 of the Railway Act, 1903, authorizing the company to cross the tracks of the Canadian Pacific Railway Company on James street, near Pacific street, west of Fort William.

423. Application of the Grand Trunk Pacific Railway Company for an order, under section 177 of the Railway Act, 1903, authorizing the company to cross the tracks of the Canadian Northern Railway Company on James street, near Pacific street, west of Fort William, Ont.

424. Application of the Canadian Pacific Railway Company, under the Railway Act, 1903, for an order approving of the plan of proposed changes in the interlocking plant where the Canadian Northern Railway Company's tracks cross the tracks of the applicant company at West Fort William.

425. Application of the Canada Atlantic Railway Company, under the Railway Act, 1903, for an order amending and varying the order of the Board dated September 4, 1905, respecting the construction by the applicant company of a subway on Bank street, in the city of Ottawa, by ordering or directing the corporation of the city of Ottawa and the Ottawa Electric Railway Company, respectively, to pay to the applicant company, from time to time, upon monthly estimates, as the construction of the said subway is proceeded with, the proportion of the cost of the said work which, by the terms of the said order, the said railway companies were respectively ordered to contribute.

426. Application of the Canadian Pacific Railway Company to vary an order of the Board, dated October 11, 1904, by transferring to the Canadian Pacific Railway Company, as lessees of the British Columbia Southern Railway Company, the charge of the crossing near Fernie, B.C., where the line of the said British Columbia Southern Railway Company is crossed by the line of the Morrissey, Fernie and Michel Railway Company, said crossing being now in charge of the Morrissey, Fernie and Michel Railway Company.

427. Application of the Watrous Wire and Nail Works, of Brantford, Ont., under the Railway Act, 1903, alleging discrimination against the Canadian Pacific Railway Company and the Grand Trunk Railway Company of Canada, in that there is a lower rate from Montreal to Winnipeg, via the boat lines to Fort William, than is in effect from Brantford, Ont., via the part rail and water route.

428. (a) Application of the Great Northern Railway Company of Canada, under the Railway Act, 1903, to the board for a recommendation to the Governor in Council for the sanction of an agreement amalgamating the Great Northern Railway Company of Canada and the Quebec, New Brunswick and Nova Scotia Railway. (b) Application of the Great Northern Railway Company of Canada, under the Railway Act, 1903, to the board for a recommendation to the Governor in Council for the sanction of an agreement amalgamating the Great Northern Railway Company of Canada and Chateaugay and Northern Railway Company.

429. Application of the Toronto and York Radial Railway Company, under section 177 of the Railway Act, 1903, for leave to cross by an overhead bridge the lines of the Grand Trunk Railway Company immediately north of Kingston Road, on lot 15, concession D, township of Scarborough, in the county of York, Ont., as shown on plan filed with the Board.

430. Application of the Grand Trunk Railway Company of Canada, under section 139 of the Railway Act, 1903, to take certain lands in the township of Tay, county of Simcoe, province of Ontario, for the purposes of the company.

SESSIONAL PAPER No. 20c

431. Application of the Napierville Junction Railway Company, under section 177 of the Railway Act, 1903, for leave to cross at grade the tracks of the Grand Trunk Railway Company of Canada, in the village of Lacolle, province of Quebec.

432. Application of the James Bay Railway Company, under section 177 of the Railway Act, 1903, for leave to cross the tracks of the Canadian Pacific Railway Company near Wahnipitae station, township of Neelon, district of Nipissing, Ont.

433. Application of the Brandon, Saskatchewan and Hudson Bay Railway Company, under section 194 of the Railway Act, 1903, for leave to cross the tracks of the Canadian Pacific Railway Company with telegraph wires at the town of Boissevain, Man.

434. Application of the Brandon, Saskatchewan and Hudson Bay Railway Company, under section 194 of the Railway Act, 1903, for leave to carry its telegraph wires over the tracks of the Canadian Northern Railway Company at Minto, Man.

435. An application of the Midland Railway Company of Manitoba, under section 194 of the Railway Act, 1903, to carry its telegraph wires over the tracks of the Canadian Pacific Railway Company at Plum Coulee, Man.

436. Application of the Midland Railway Company of Manitoba, under section 194 of the Railway Act, 1903 for leave to carry its telegraph wires over the tracks of the Canadian Pacific Railway Company at Elm Creek, Man.

437. Application of the Midland Railway Company of Manitoba, under section 194 of the Railway Act, 1903, for leave to carry its telegraph wires over the tracks of the Canadian Northern Railway Company at Roland, Man.

438. Application of the Midland Railway Company of Manitoba, under section 194 of the Railway Act, 1903, for leave to carry its telegraph wires over the tracks of the Canadian Northern Railway Company at Carman, Man.

439. Application of the St. John Railway Company, under section 177 of the Railway Act, 1903, for leave to cross with its tracks the tracks of the Canadian Pacific Railway Company at Fairville, in the parish of Lancaster, in the city and county of St. John, province of New Brunswick.

440. (a) Application of the Canada Atlantic Railway Company, under section 139 of the Railway Act, 1903, for leave to take certain additional lands belonging to the Ontario Planing Company, which lands are required for the purpose of the construction of a subway under the tracks of the applicant company on Bank street, in the city of Ottawa. (b) Application of the Canada Atlantic Railway Company, under section 139 of the Railway Act, 1903, for leave to take certain additional lands belonging to the estate of the late H. C. Monk, which lands are required for the purpose of the construction of the subway under the tracks of the Canada Atlantic on Bank street, in the city of Ottawa.

441. Application of the Canadian Pacific Railway Company, under section 118 of the Railway Act, 1903, for an order authorizing the construction of a drain through the west halves of lots Nos. S-1 and 2, in the 4th concession of the township of Kaladar, in the county of Addington, Ont., belonging to James Murphy and William Caterine and other lands thereto, for the purpose of conveying the water in a certain creek, known as 'Otter Creek,' from the railway of the applicants.

442. Application of the British Columbia Electric Railway Company for approval or tariff.

443. Complaint of the Board of Trade of Dawson, Yukon Territory, respecting rates on the White Pass and Yukon route from Skagway to Dawson.

444. Application for an order under section 186 of the Railway Act, 1903, directing the Canadian Pacific Railway Company to open a crossing on Fourth street in the town of High River.

445. Application of the town of Didsbury regarding the closing of a crossing.

446. Application of the town of Olds for a crossing.

447. Application *re* the crossing of streets in the town of Leduc.

448. Complaints of Associated Boards of Trade of Western Canada.

7-8 EDWARD VII., A. 1908

- 449. *Re* passenger rates.
- 450. *Re* entry of Canadian Pacific Railway into Edmonton.
- 451. *Re* facilities for vehicular traffic at Grand Trunk crossing, Clover Bar.
- 452. *Re* fire guards.
- 453. Statement by Alberta Farmers' Association.
- 454. *Re* agreement between Grand Trunk Railway Company and the city of Edmonton.
- 455. *Re* shipment of perishable freight.
- 456. Application of the Canadian Pacific Railway Company as leesses of the Columbia and Western Railway Company for an order varying or amending the order of the board of February 14, 1906, fixing the rate for inter-switching between the Red Mountain Railway and the Columbia and Western Railway's track at Rossland, and an order fixing reasonable tolls, &c.
- 457. Complaint against the Canadian Pacific Railway *re* shortage of cars, by the Kootenay Shingle Company of Salmo, B.C.
- 458. Application on behalf of the city of Calgary with reference to the opening of certain streets in the city of Calgary.
- 459. Application of the village of Claresholm for permission to put water pipes under the tracks of the Canadian Pacific Railway.
- 460. Didsbury, application of town of Didsbury *re* crossing Calgary and Edmonton.
- 461. Crossing at the town of Olds on the Calgary and Edmonton.
- 462. Crossing agreement between the city of Calgary and the Canadian Pacific Railway Company, in regard to subways and level crossings on several streets in the city of Calgary.
- 463. *Re* Union station at Regina.
- 464. *Re* spur line on Smith street, Regina.
- 465. Order that Albert street crossing be amended.
- 466. Complaint by Mr. Walter Simpson *re* distribution of cars.
- 467. Fire-guards—protection against fire.
- 468. Fencing on railroad property.
- 469. Width of farm crossing gates.
- 470. Cost of fire-guards.
- 471. Application, Grand Trunk Pacific Railway Company, for overhead crossing of Canadian Pacific Railway at Arrow river.
- 472. Brandon, Saskatchewan and Hudson Bay Railway, application to run on Pacific avenue, Brandon, and to lay tracks on certain streets.
- 473. Application of Canadian Northern Railway *re* spur line, Smith street, Regina.
- 474. Complaints of Winnipeg Board of Trade and Canadian Manufacturers Association *re* bills of lading (forms of), and flag stations (forms of release).
- 475. Plate glass release.
- 476. Resolution, board of trade *re* flag stations.
- 477. Transfer charges on freight from the Canadian Pacific Railway to the Canadian Northern Railway in Winnipeg, complaint of Canadian Manufacturers Association.
- 478. Bannantyne street spur.
- 479. Application of Canadian Northern Railway Company to expropriate land. T. D. Robinson.
- 480. T. D. Robinson, application for Canadian Northern Railway Company to connect with his siding.
- 481. W. J. Taylor, application of Canadian Northern Railway Company to expropriate his land.
- 482. Application of Midland Railway Company, of Manitoba, to cross Canadian Pacific Railway at Morden, Man.
- 483. Clifton avenue, Winnipeg, application of Midland Railway Company, of Manitoba, to cross Canadian Pacific Railway.

SESSIONAL PAPER No. 20c

484. Great West Development Company, application of Canadian Pacific Railway Company to build a spur.

485. Fleury street, St. Boniface; application *re* order.

486. Application of the Windsor, Essex and Lake Shore Rapid Railway Company for an order to rescind or vary order of the Board, dated May 25, 1906, granting leave, under section 177 of the Railway Act, 1903, to cross with its tracks the tracks of the Michigan Central Railroad Company at a point in the town of Essex, Ont.

487. Application of the Canadian Northern Ontario Railway Company, under subsection 4 of section 25, and under section 32 of the Railway Act, 1903, to vary or modify order of the Board, dated May 17, 1906, approving of location plans of the Central Railway Company of Canada through the counties of Laval and Two Mountains, Quebec, mileage 8 to mileage 34.4, Montreal West.

488. Application of the James Bay Railway Company, under section 123 of the Railway Act, 1903, for sanction and approval of the location of its line of railway through the county of Two Mountains, province of Quebec, mileage 19.6 to mileage 38 east from Hawkesbury.

489. Application of the Canadian Pacific Railway Company for an order to vary the order of the Railway Committee of the Privy Council, dated February 8, 1898, and of the Board of Railway Commissioners for Canada, dated July 27, 1905, directing that the entire cost of maintenance and operation of the diamonds, interlocking, derauling and signalling appliances at the Queen's Wharf crossing, in the city of Toronto, of the applicants' railway by the Grand Trunk Railway Company's lines, be apportioned as set forth in the application.

490. Application of the Canadian Pacific Railway Company for an order authorizing the installation of the necessary interlocking appliances to connect the east switch of its second track with its main line immediately west of the crossing of the Grand Trunk Railway (Toronto Belt Line Railway), on the Don improvement, in the city of Toronto, said works to be executed at the expense of the Grand Trunk Railway Company representing the Toronto Belt Line Railway Company.

491. Application of the Canadian Pacific Railway Company and the Canadian Northern Railway Company, under section 25 of the Railway Act, 1903, for an order varying or amending the order of the Board, dated August 7, 1906, made on the application of the Kaministiquia Power Company, Limited, under section 194 of the Railway Act, 1903, for leave to erect transmission wires having a maximum voltage between wire and earth of 15,000 volts, across the tracks of the Canadian Pacific and Canadian Northern Railway Companies at West Fort William, Ont.

492. Application of the Kaministiquia Power Company, Limited, of Fort William, Ont., under section 194 of the Railway Act, 1903, for authority to cross the lines of the Canadian Pacific Railway Company with 2,400 volt power lines.

493. Application of the Canadian Pacific Railway Company, under section 118 (M) of the Railway Act, 1903, for authority to make a drain through certain lands adjoining its line of railway, being the west halves of lots Nos. 1 and 2, 4th concession, township of Kaladar, county of Addington, Ont., belonging to James Murphy and William Caterin, and other lands adjacent thereto, for the purpose of conveying water in Otter creek from the railway of the applicants.

494. Application of the Canadian Northern Railway Company, under section 177 of the Railway Act, 1903, for authority to place its line or tracks across the lines or tracks of the Grand Trunk Railway Company of Canada at a point in the town of Hawkesbury, Ont.

495. Application of the Walkerton and Lucknow Railway Company, under section 177 of the Railway Act, 1903, for an order authorizing the construction and maintenance of a crossing of the Grand Trunk Railway, and also a crossing of a spur of the Grand Trunk Railway to the furniture factory; both these crossings being in the village of Hanover, the first crossing being at mile 28.3 of the Walkerton and Lucknow Railway.

7-8 EDWARD VII., A. 1908

496. Application of the Grand Trunk Railway Company of Canada for authority, under section 175 of the Railway Act, 1903, to construct a branch line to the premises of the Simonds Canada Saw Company, Limited; the Laing Biscuit and Confectionery Company, Limited, and Jenkins Brothers, St. Henri (now in the city of Montreal), Quebec.

497. Application of the Cumming Manufacturing Company, Limited, of Renfrew, Ontario, under the Railway Act, 1903, to the board for an order directing the Grand Trunk Railway Company of Canada to cease from charging excessive and discriminatory rates on logs from its stations east of Rainy lake, Ont., when consigned to the applicants at Renfrew.

498. Application of the Grand Trunk Railway Company, under section 139 of the Railway Act, 1903, for authority to take certain additional lands in the township of St. Laurent, Quebec, for the purpose of constructing the connecting track between the Grand Trunk Railway and the Montreal Park and Island Railway.

499. Application of the Grand Trunk Railway Company of Canada, under the Railway Act, 1903, for an order to amend or vary order of the Board, dated July 18, 1905, authorizing the Guelph and Goderich Railway to take certain lands of the Grand Trunk Railway in the town of Goderich, Ont.

500. An application of the Canadian Pacific Railway Company, under section 186 of the Railway Act, 1903, for permission to carry Nelson street, in the town of Sudbury, across its railway by means of an overhead bridge.

501. Application of the Canadian Pacific Railway Company, under the Railway Act, 1903, for permission to temporarily deviate Wahnapiat road, in the town of Sudbury, to Elizabeth street, for the purposes of enabling the construction of a proposed bridge at Nelson street.

502. Application of the Canadian Pacific Railway Company, under section 204 of the Railway Act, 1903, for approval of location of proposed passenger station in the town of Sudbury, Ont.

503. Application of the Canadian Pacific Railway Company, under section 130 of the Railway Act, 1903, for authority to construct, maintain and operate deviation of line through the town of Sudbury, Ontario.

504. Application of the Commissioners of the Transcontinental Railway, under section 177 of the Railway Act, 1903, for leave to cross the railway lines and tracks of the Great Northern Railway Company of Canada by and with the lines and tracks of the National Transcontinental Railway, at a point on the Great Northern Railway near Tawachiche station, Quebec, and to join the tracks of the said railway companies at such point.

505. *Re* protection of crossing of the tracks of the Grand Trunk Railway Company of Canada by the tracks of the Canadian Pacific Railway Company in the village of Lennoxville, Quebec, and of the agreement of May 20, 1887, made between the Grand Trunk Railway Company of Canada and the International Railway Company (adjourned from the 10th April, 1906). Argument.

506. Application of the town of Steelton, Ont., for an order, under section 186 of the Railway Act, 1903, directing the Canadian Pacific Railway to establish a suitable highway crossing at Huron street, in the town of Steelton.

507. Application of the Canadian Pacific Railway Company, as lessee of the Tillsonburg, Lake Erie and Pacific Railway Company for an order to amend order of the Railway Committee of the Privy Council, dated December 16, 1902, to provide that, in the operation of the interlocking, derailing and signalling system at the Grand Trunk Crossing with the Tillsonburg, Lake Erie and Pacific Railway at Tillsonburg, the normal position of the interlocking signals shall be against the trains of both companies.

508. Application of the Grand Trunk Railway Company, under the Railway Act, 1903, for authority to construct, maintain and operate a branch line or siding from a point on the Grand Trunk Railway Company's tracks on Bethune street, near Rink street, in the city of Peterborough; thence easterly along Bethune street and crossing

SESSIONAL PAPER No. 20c

Rink street to a point opposite the Peterborough Fuel and Cartage Company's premises.

509. Application of the Canadian Pacific Railway Company, under section 178 of the Railway Act, 1903, for an order requiring the Canadian Northern Railway Company to erect, maintain and operate an interlocking plant and signalling appliances at the intersection of the Canadian Northern with the Canadian Pacific Railway at Fort Whyte, Man.

510. Application of the Canadian Pacific Railway Company, under section 175 of the Railway Act, 1903, for authority to construct, maintain and operate a branch or spur line commencing at a point on the Brockville Loop Line of the Canadian Pacific Railway at the west side of Buell's creek; thence in a westerly direction across the properties of the Burrill Manufacturing Company, Henry street; the Central Canada Coal Company; James Smart Company, Kincaid street, and into the property of the James Smart Manufacturing Company, a distance in all of about 850 feet.

511. Application of the Canadian Pacific Railway Company, under section 177 of the Railway Act, 1903, for authority to cross the tracks of the Canadian Northern Railway Company's spur to Bird's Hill ballast pit, in section 16, township 11, range 4, east of the principal meridian.

512. Application of the Canadian Pacific Railway Company, under section 178 of the Railway Act, 1903, for an order requiring the Canadian Northern Railway Company to erect, construct and maintain an interlocking plant and signalling appliances at the intersection of the Canadian Northern with the Canadian Pacific Railway at Headingly, Man.

513. Application of the Vancouver, Westminster and Yukon Railway Company, under section 177 of the Railway Act, 1903, for approval of crossing over the Canadian Pacific Railway Company's spur line to Brunette mills, at or near New Westminster, B.C.

514. Application of the Vancouver, Westminster and Yukon Railway Company, under section 177 of the Railway Act, 1903, for approval of crossing over and junction with the tracks of the Canadian Pacific Railway Company's spur line to Fraser River mills, at Millside, B.C.

515. Application of the Municipal Council of the Corporation of the City of Woodstock, Ontario, under sections 186 and 187 of the Railway Act, 1903, for an order directing the Grand Trunk Railway Company to provide a watchman or gates where the company's railway crosses Wilson street; to provide electric bells at Norwich avenue and at Peel street, where the company's railway intersects the said avenue and street, and to provide a watchman at Dundas street where the company's railway intersects the said street, all in the city of Woodstock, Ont.

516. Application of Elbert M. Kelly, of the township of East Oxford, in the county of Oxford, Ontario, under section 198 of the Railway Act, 1903, for an order directing the Grand Trunk Railway Company to provide and construct a suitable farm crossing where the Grand Trunk Railway intersects the applicant's farm in lot No. 4, concession 1, township of East Oxford.

517. Application of the Corporation of the City of Toronto, under section 186 of the Railway Act, 1903, permitting the said corporation to construct a high level bridge across the Don improvement and the tracks of the Canadian Pacific and Grand Trunk Railway Companies crossing King street (or Queen street) east, in the city of Toronto, and for an order determining the proportion to be borne by the said railways and other parties interested of the costs and expenses incident to the construction and maintenance of said bridge, including damages to any property which may be injuriously affected thereby.

518. Application of the Canadian Pacific Railway Company, as lessee of the Guelph and Goderich Railway Company, under section 177 of the Railway Act, 1903, for leave to construct a level crossing over the spur track of the Grand Trunk Railway leading to Goldie's mill, in the city of Guelph, Ont.

519. Application of the Canadian Pacific Railway Company, under section 177 of the Railway Act, 1903, for an order authorizing the crossing with its tracks of the

7-8 EDWARD VII., A. 1908

tracks of the Qu'Appelle, Long Lake and Saskatchewan Railroad and Steamboat Company, at Saskatoon, Saskatchewan, and also for authority to construct, maintain and operate such crossing.

520. Application of the Canadian Pacific Railway Company, as lessee of the Ontario and Quebec Railway Company, under section 177 of the Railway Act, 1903, for an order granting leave to cross Wickett & Craig's siding and Morse's siding of the Toronto Belt Line Company (operated by the Grand Trunk Railway) by a siding or spur to the William Davies Company factory in the First ward of the city of Toronto, construction of which was authorized by an order of the Board, dated November 8, 1905; also for authority to connect with the Davies shipping siding of said Belt Line Company in said ward by another siding, the construction of which was also authorized by said order of November 8, 1905.

521. Application of the Canadian Pacific Railway Company, as lessee of the Ontario and Quebec Railway Company, with which the Credit Valley Railway has been amalgamated, for an order that the crossing of its line of railway by the line of the Grand Trunk, in the town of Milton, Ontario, be protected by interlocking, derailling and signalling system, according to plan and profile submitted, and that the applicants be authorized to install such system and make all necessary connections and alterations, one-half of the expense incurred to be paid by the Grand Trunk Railway, and that the said crossing and appliances, with interlocking plant, be operated and maintained by that company, one-half the expense to be paid by the applicants to the Grand Trunk Railway Company.

522. Application of the Grand Trunk Railway Company for leave to appeal to the Supreme Court of Canada from the judgment of the Board, delivered and dated June 20, 1906, in the matter of the application of the James Bay Railway Company, dated February 22, 1906, for an order granting leave to lay its lines and tracks across the lines and tracks of the Grand Trunk Railway across lot 13, concession 2, from the bay, in the township of York, county of York. Argument.

523. Application of the Canadian Northern Ontario Railway Company, under section 186 of the Railway Act, 1903, for authority to place tracks across Olive, Vine and Water streets, between Eastern avenue and Front street, in the city of Toronto, Ont. (by consent).

524. Application of the Canadian Northern Ontario Railway Company, under section 186 of the Railway Act, for approval of the location of its line along and across Don Esplanade, between Queen and Eastern avenue, and across Eastern avenue, west of Cypress street, in the city of Toronto, Ontario (by consent).

525. Application of the Canadian Pacific Railway Company as lessee of the Toronto, Grey and Bruce Railway Company, under section 175 of the Railway Act, 1903, for an order to construct, maintain and operate a branch line of railway with three spurs running westerly from same: said branch line commencing at a joint on the main line of the applicants' railway about 450 feet southwesterly from the southwestern side of the present road allowance between lots 21 and 22 of the Bay Shore range of park lots in the town of Owen Sound, Ont., and running from thence in a northeasterly and northerly direction across the said road allowance and through the property of the Carney Lumber Company, comprising lots 22 and 23 of the said range.

526. Application of the Owen Sound and Meaford Railway Company, under section 123 of the Railway Act, 1903, for approval of the location of its line of railway through the town of Owen Sound, Ont., and part of the township of Sydenham, Ont.

527. Application of the Canadian Pacific Railway Company (lessee of the Toronto, Grey and Bruce Railway Company) under section 86 of the Railway Act, 1903, for an order to alter the location of the track at the northeastern end of Bay street, in the town of Owen Sound; also to lay two additional tracks across the street between lots 15 and 16 of the Bay shore range; to lay five additional tracks across the street known as Pickering's crossing; to lay five additional tracks across a roadway between lots 8 and 9 of the Bay Shore range; to lay two additional tracks across land set apart for a street not now opened on the southwestern side of lot No. 1, in said Bay Shore

SESSIONAL PAPER No. 20c

Range; also to change the location of its most easterly track crossing Connell street, all in the town of Owen Sound, Ont.

528. Application of the Owen Sound and Meaford Railway Company, under section 177 of the Railway Act, 1903, for authority to cross the tracks of the Canadian Pacific Railway Company at River street, and on a street between lots 12 and 13, (Bay Shore Range, in the town of Owen Sound, Ont.

529. Application of the Vancouver, Westminster and Yukon Railway Company for an order, under section 177 of the Railway Act, 1903, approving of the place and mode of crossing over and junction with the tracks of the Canadian Pacific Railway Company's spur line to Fraser River Mills, at Millside, New Westminster, B.C.

530. Application of the Vancouver, Westminster and Yukon Railway Company for an order, under section 177 of the Railway Act, 1903, approving of the place and mode of crossing over the tracks of the Canadian Pacific Railway Company's spur line to Brunette mills at or near New Westminster, B.C.

533. Application of the Vancouver, Westminster and Yukon Railway Company, under section 177 of the Railway Act, 1903, approving of the place and mode of crossing by the line of the applicant company from False Creek to Burrard Inlet of the tracks of the Canadian Pacific Railway near Burrard Inlet, at Vancouver, B.C.

532. Application of the Vancouver, Westminster and Yukon Railway Company, under section 177 of the Railway Act, 1903, for an order approving of the place and mode of crossing over the tracks of the British Columbia Electric Railway Company, Limited, at Powell street, in the city of Vancouver, B.C.

533. Application of the Vancouver, Westminster and Yukon Railway Company, under section 177 of the Railway Act, 1903, for an order approving of the place and mode of crossing over the tracks of the British Columbia Electric Railway Company, Limited (New Westminster line), at Venables street, in the city of Vancouver, B.C.

533. Application of the Vancouver, Westminster and Yukon Railway Company, under section 177 of the Railway Act, 1903, for an order approving of the place and mode of crossing over the tracks of the British Columbia Electric Railway Company, Limited, at Harris street, in the city of Vancouver, B.C.

535. Application of the Grand Trunk Railway Company, under sections 175 and 186 of the Railway Act, 1903, for authority to construct a branch line from a point on the main line east of the Port Hope viaduct to a point on the northern division of the Grand Trunk Railway Company's line north of Ontario street, in the town of Port Hope, crossing in its route Peter street, Base Line, Mill street, Ontario street and Barrett street.

536. Application of the Grand Trunk Railway Company, under sections 175 and 186 of the Railway Act, 1903, for authority to construct a branch line or siding extending from a point on its railway east of St. Leger street, in the town of Berlin, Ontario; thence westerly crossing St. Leger street to the premises of the Pommer & Cowan Manufacturing Company.

537. Application of the Grand Trunk Railway Company, under sections 175 and 186 of the Railway Act, 1903, for authority to construct certain branch lines or sidings, and spurs therefrom, extending from points on the applicants company's railway between Carlaw avenue and Logan avenue, in the city of Toronto; thence upon, along, and across Thackeray street, Dickens street, and Carlaw avenue, Toronto, for the accommodation of various manufacturing and other industries.

538. Application of the Canadian Pacific Railway Company, under the Railway Act, 1903, for an order rescinding the orders of the Railway Committee of the Privy Council, dated November 22, 1892, and May 10, 1893, allowing the Davenport Street Railway Company to cross the applicant's railway, at rail level, on St. Clair avenue, between Keele street and Weston road, in the town of (West) Toronto Junction, subject to the provision and maintenance by the Street Railway Company of sufficient gates at the said crossing upon the ground that the said Davenport Street Railway Company and its successors the Toronto Suburban Railway Company have for a long

time neglected and refused to provide or maintain gates at the said crossing, as required by the said orders.

539. Application of the Canadian Pacific Railway Company, for a reconsideration of the order of the Board, dated June 29, 1906 (issued October 23, 1906), whereby the James Bay Railway Company was authorized to place its lines or tracks across the lines or tracks of the Canadian Pacific Railway (Toronto-Sudbury branch), on lot 12, concession 2, township of Cleland, district of Nipissing, province of Ontario.

540. Application of the Grand Trunk Railway Company of Canada, under sections 175, 177 and 186 of the Railway Act, 1903, for authority to construct and operate branch line in the town of Toronto Junction, in the township of York, county of York, and Province of Ontario, as shown on plan, profile, and book of reference filed with the Board.

541. Application of the Union Stock Yards Company, under sections 175, 177 and other sections of the Railway Act, 1903, applicable thereto, to the Board for authority to construct and operate a branch line or siding from the line of the Canadian Pacific Railway, in the town of Toronto Junction, province of Ontario.

542. Application of the Grand Trunk Railway Company, under the Railway Act, 1903, for authority to construct, maintain and operate certain branch lines or spurs from a point on its railway at about the foot of Fraser avenue, Toronto; thence extending northerly and along Mowat avenue to reach the establishment of the Toronto Carpet Company and the Malta Vitæ Food Company, as well as the property of the city of Toronto, on the westerly side of Mowat avenue.

543. Application of the Township of Saltfleet to have the location of the Toronto and Hamilton Railway Company, sanctioned by orders of the Board of July 4, 1905, and January 9, 1906, changed.

544. Application of the Toronto, Hamilton and Buffalo Railway Company, under section 175 of the Railway Act, 1903, for authority to construct, maintain and operate a branch line of railway or spur, in the city of Hamilton, township of Barton, county of Wentworth and province of Ontario, commencing at a point on the Belt Line Railway of the Toronto, Hamilton and Buffalo Railway Company, in lot No. 5, in the 1st concession of the said township of Barton, and extending from said point in a northwesterly direction for a total distance of about 6,524.6 feet into the premises of the Canadian Westinghouse Manufacturing Company, Limited.

545. Application of the Toronto and Niagara Power Company, under the Railway Act, 1903, for leave to cross the Grand Trunk Railway Company's tracks with transmission wires at Water street, Burlington village, and at the conventional line near Burlington Beach, Ontario.

546. Application of the Hamilton, Waterloo and Guelph Railway Company, under sections 122 and 123 of the Railway Act, 1903, for approval of the location of its line from Hamilton to Guelph, Galt and Berlin, via Dundurn and Harvey Parks.

547. Application of the Canadian Pacific Railway Company, under the Railway Act, 1903, for reconsideration of the order of the Board, dated June 29, A.D. 1906 (issued October 23, 1906), whereby the James Bay Railway Company was authorized to place its lines or tracks across the lines or tracks of the Canadian Pacific Railway Company (Toronto-Sudbury line), on lot 12, concession 2, township of Cleland, district of Nipissing, and province of Ontario.

548. Application of the United Townships of Medora and Wood to vary or rescind order of the Board No. 1707, dated September 24, 1906, in reference to the crossing by the Canadian Pacific Railway Company of a certain road known as 'Colonization Road,' in the townships of Medora and Wood.

549. Application of the Canadian Pacific Railway Company, under sections 25 and 33, of the Railway Act, 1903, for an order rescinding or varying an order of the Railway Committee of the Privy Council, dated May 13, 1898, whereby the applicants were ordered to leave an opening of 63 feet in the trestle bridge carrying the branch line of its railway to Dickson's mills, in the town of Peterborough, across the channel

SESSIONAL PAPER No. 20c

of the Otonabee river, by permitting the applicants to fill the said opening and substitute for the said trestle a solid embankment.

550. Application of the Montreal Produce Merchants' Association for directions to the Grand Trunk and Canadian Pacific Railway Companies to make refund provided for by order of the Board, dated November 19, 1906, applicable to business originating south and east of Montreal, and to order a refund of amounts charged at Montreal for cartage on cheese for export for the year 1906, with respect to export business for the year 1905.

551. Application Montreal Produce Merchants' Association for direction to the Grand Trunk and Canadian Pacific Railway Companies to reduce their winter export rates on butter and cheese from Montreal to Portland and West St. John.

552. Application of the Grand Trunk Pacific Railway Company, under section 123 of the Railway Act, 1903, for approval of the location of its line through the town of Fort William, Ont.

553. Application of the Père Marquette Railroad Company for an order, under sections 175 and 177 of the Railway Act, 1903, authorizing the Père Marquette Railroad Company to construct a branch line or siding through Dufferin Park and over the top of the St. Clair Tunnel to the premises of the Imperial Oil Company, Sarnia, Ont.

554. Application of the municipal corporation of the city of Ottawa for an order, under sections 186 and 187 of the Railway Act, 1903, directing the Ottawa Electric Railway, the Grand Trunk Railway Company of Canada and the Canadian Pacific Railway Company to submit a plan and profile for the purposes of widening the bridge and approaches thereto constructed by them on Somerset street, in the city of Ottawa, being a public highway in the said city.

555. Application of the Canadian Pacific Railway Company, under the Railway Act, 1903, for an order, under the provisions of certain leases from the Crown to the Ottawa, Arnprior and Parry Sound Railway Company, dated respectively June 6, 1895, July 31, 1895, and March 2, 1896 (the said Ottawa, Arnprior and Parry Sound Railway Company being subsequently owned and operated by the Canada Atlantic Railway Company, and now owned and operated by the Grand Trunk Railway Company of Canada), fixing the terms and conditions which it may use for railway purposes (jointly with all parties entitled to use the same), the passenger station and passenger tracks and approaches in connection therewith, situated on ordnance lands of the Crown, portions of the Rideau Canal reserve, extending from Sappers' bridge southward to the Hurdman bridge road, in the city of Ottawa.

556. Application of the Ottawa Electric Railway Company, under section 177 of the Railway Act, 1903, for leave to cross with its tracks by means of an overhead bridge at Bell street, in the city of Ottawa, the tracks of the Canada Atlantic Railway Company.

557. (1) To settle upon a system of operating rules for the various railways subject to the jurisdiction of the board;

(2) Petition of the Railway Trainmen of Ontario, dated April 20, A.D. 1906;

(3) Discussion of the following subjects as set forth in circular letter of January 2, 1907:—

1. Railway accidents and precautions for preventing same.
2. Provisions for cleanliness, ventilation and health at passenger stations.
3. Supply of equipment and adoption of methods to insure more prompt and efficient service on railways.
4. Car supply for traffic originating on short local lines for carriage for long distances over other lines.
5. Mechanical appliances and fire-guards for preventing the setting or spreading of fires from locomotive engines, especially on the prairies.
6. Equipment of cars carrying lumber and similar commodities and rules regulating the same.

7-8 EDWARD VII., A. 1908

7. Width of gates and planking at farm crossings.
8. Forms of orders for railway crossings.
9. Supply of ice at convenient points for the icing of refrigerator cars for shipment, and provision for re-icing the same in transit for export to the western provinces.
10. Compliance with section 216 requiring the wearing of badges by railway officials.
11. More careful compliance with section 231 of the Railway Act, respecting notices of delayed trains.
12. Compliance with section 215 of the Railway Act, requiring trains to be run according to schedule time.
13. Such other subjects connected with the management and operation of railways as it may then appear to those skilled therein desirable to discuss before the Board.

558. Application of the Commissioners of the Trans-continental Railway for an order, under section 177 of the Railway Act, 1903, granting leave to the applicants to cross the railway lines and tracks of the Canadian Pacific Railway Company (Quebec and Montreal Branch), by and with the lines and tracks of the National Transcontinental Railway by excavating under the lines and tracks of the said Canadian Pacific Railway and constructing a subway thereunder at a point on the said railway near St. Basile, in the county of Portneuf, in the province of Quebec, and rescinding order of the Board No. 1379, dated August 10, 1906.

559. Application of the Vancouver, Victoria and Eastern Railway and Navigation Company to the Board for an order under section 130 of the Railway Act, 1903, for approval of amended location of its line of railway over lots 1969, 1970 and 1971, group 1, being unapproved portion of amended location of part of Similkameen section as approved by order of the Board, dated August 9, 1906.

560. Application of the Grand Trunk Railway Company, under section 178 of the Railway Act, for authority to expropriate certain lands, lots 474 and 475, estate of the late Honourable C. S. Rodier, St. Joseph's Ward, Montreal.

561. Application of the township of Hope, under the Railway Act, 1903, for an order rescinding or amending order of the Board, dated April 20, 1906, in *re* application of the Grand Trunk Railway Company of Canada for proposed diversion of the Lake Shore road, in the township of Hope, Ont.

562. Application of the Essex Terminal Railway Company, under section 177 of the Railway Act, 1903, for authority to construct its railway across the tracks of the Windsor, Essex and Lake Shore Railway Company, now constructed on the Gravel road, in the township of Sandwich West, county of Essex, province of Ontario.

563. Application of the Canadian Northern Ontario Railway Company, for leave to join the lines or tracks of the Canadian Northern Ontario Railway with the lines or tracks of the Grand Trunk Railway Company at Falding, in the township of Foley, district of Parry Sound, 7 miles south from Parry Sound.

564. Application of the James Bay Railway Company (Canadian Northern Ontario Railway Company), under section 177 of the Railway Act, 1903, for authority to place its lines or tracks under the lines or tracks of the Canadian Pacific Railway Company at Little Key river, in the township of Mowat, district of Parry Sound, Ont.

565. Application of the Grand Trunk Railway Company of Canada for an order amending the order of the Board, dated November 23, 1905, ordering the Grand Trunk Railway Company to place and maintain two flagmen at the intersection of College street, by the tracks of the Grand Trunk and the Boston and Maine Railway, in the village of Lennoxville, Que., by re-apportioning the cost so that the same shall be borne equally by the Canadian Pacific, the Boston and Maine, the village of Lennoxville, and the Grand Trunk, instead of one-half by the Grand Trunk, one-quarter by the Boston and Maine and one-quarter by the village of Lennoxville, as set out in said order.

566. Application of the St. John Railway Company, under section 177 of the

SESSIONAL PAPER No. 20c

Railway Act, 1903, for authority to cross with its tracks the railway lines or tracks of the Canadian Pacific Railway Company in the city of St. John, province of New Brunswick, on Rodney wharf (so-called) and on Union street; also for an order under section 194 of the Act, permitting the St. John Railway Company to place and maintain wires for the conveyance of electricity and electrical power across the Canadian Pacific Railway at the points specified.

567. Application of the Montreal Street Railway Company, under section 177 of the Railway Act, 1903, for leave to cross the railway tracks of the Canadian Pacific Railway Company at the point where the said tracks of the Canadian Pacific Railway Company intersect Papineau avenue, in the city of Montreal, in the municipality of Delorimier, province of Quebec.

568. Application of the Canadian Pacific Railway Company, under section 175 of the Railway Act, 1903, for authority to construct, maintain and operate a branch line of railway or spur in the city of Calgary, commencing at a point on its said centre line from the western boundary of Fourth street west, in the said city, and thence in a southeasterly and easterly direction across Tenth avenue and Sixth street west, to and along the lane between said Tenth avenue and Eleventh avenue to the western side of First street west, in the said city.

APPENDIX D.

SUMMARY OF THE PRINCIPAL JUDGMENTS DELIVERED
BY THE BOARD FROM APRIL 1, 1906,
TO MARCH 31, 1907.

APPENDIX D.

SUMMARY OF THE PRINCIPAL JUDGMENTS DELIVERED BY THE BOARD FROM APRIL 1, 1906, TO MARCH 31, 1907.

Walker et al. v. The Toronto and Niagara Power Company.

Two applications were made to the board, one by John H. Walker and William Tuck, the other by James W. Alway, for an order rescinding an order of the board authorizing a deviation from the located power line of the Toronto and Niagara Power Company, previously approved by the board.

By order dated March 29, 1904, the board approved the location of the line of the Toronto and Niagara Power Company from 3 to 38 miles from the Niagara river. This included the line across lots 7, 18 and 19, in the 3rd concession of the township of Grimsby. Each of the three applicants is the owner of one of these lots.

On April 15, 1905, the board authorized a deviation from the located line, as approved. This was the order sought to be rescinded. The new plans showed a different location, beginning at lot 15, in the 3rd concession of Grimsby, and extending across (among other lands) lots 17, 18 and 19, at an approximate distance on these three lots three-quarters of a mile from the previous location across them.

The applications to rescind the order of April 15, 1905, were based on the grounds that the Railway Act did not permit a double expropriation, and that the company was in reality not deviating from the original line sanctioned by the board, but was constructing an additional or branch line in connection with its original line.

Hearing at Toronto, November 7, 1905.

Judgment, April 12, 1906.

Killam, Chief Commissioner (5 Can. Ry. Cas., 190): Held (1) that the company's powers under its Act of incorporation (2 Edw. VII., Ch. 107, Dom.) were not exceeded by the construction of one line, as in the case of a company authorized to build between two termini or any specified number of lines.

(2) That the cases relating to deviations by railway companies do not apply.

(3) Without considering the jurisdiction of the board to make the orders respecting location plans, the applications must be refused.

The Algoma Central and Hudson Bay Railway Company v. Grand Trunk Railway Company.

This was an application by the Algoma Central and Hudson Bay Railway Company for an order, under sections 266 and 267 of the Railway Act, 1903, to compel the Grand Trunk Railway Company to enter into a joint tariff with it upon traffic partly over the Grand Trunk Railway and partly by a line of steamships of the applicant company.

The Algoma Central and Hudson Bay Railway Company operates a line of railway from Sault Ste. Marie northwesterly for about 70 miles, and also a line of railway from Michipicoten harbour, on Lake Superior, for a short distance. It uses and operates a fleet of steamers, passenger and freight, plying between Sault Ste. Marie and Michipicoten harbour, on the one hand, and points on Lake Huron and other inland waters reached by the Grand Trunk Railway on the other.

Section 276 of the Railway Act, as making the provisions of sections 266 and 267 extend to the traffic mentioned, relied upon.

Hearing at Toronto, April 17, 1906.

Judgment, April 26, 1906.

7-8 EDWARD VII., A. 1908

Killam, Chief Commissioner (5 Can. Ry. Cas., 196); sections 253 and 271 relate solely to railway traffic, and not to traffic between a line of railway and water line.

A line of steamships operated by a railway company running to ports reached by the line or lines of another company does not constitute therewith a continuous route within the meaning of sections 266 and 267 of the Railway Act, 1903.

Application dismissed.

The City and County of St. John v. The Canadian Pacific Railway Company.

Application by the Municipality of the City and County of St. John, New Brunswick, for an order under section 187 of the Railway Act, 1903, directing the Canadian Pacific Railway Company to construct and maintain suitable gates over a street in the village of Fairville, and one in the village of Milford, where the Canadian Pacific Railway crosses these streets.

Hearings at St. John, April 18; and Ottawa, November 22, 1905.

Judgment, June 5, 1906.

Killam, Chief Commissioner (5 Can. Ry. Cas., 161): The railway company was ordered to construct and maintain gates over the street crossing in Fairville and to install an electric bell at the crossing in Milford.

Held, that the board has jurisdiction, under section 47 of the Railway Act, 1903, to order the municipality to contribute to the expense of protecting its highway crossings, as in the case of municipalities in other provinces. *City of Toronto v. Grand Trunk Railway Company*, 37 S.C.R. 232, referred to.

By later order of the board, dated June 14, 1906, the cost of installing, operating, and maintaining the gates of the Fairville street crossing was directed to be borne by the railway company, the wages of the day and night watchman employed at this crossing to be paid one-half by the municipality and one-half by the railway company; the cost of installing, operating and maintaining an electric bell at the Milford crossing to be borne by the railway company.

Re Apportionment of Cost for Protection of Highway Crossings.

Judgment of Chief Commissioner in the Almonte street crossings' application (June 15, 1906) ' the usual practice of the Railway Committee of the Privy Council, which, before the constitution of the Board of Railway Commissioners, exercised jurisdiction respecting the protection of highway crossings, was to divide the cost of the protection of previously existing highway crossings by railways between the municipalities and the railway companies; that such has been the practice of this board, although it is recognized that no fixed rule can be laid down for determining whether the municipality should share the expense, or in what proportion it should do so. In a recent case, the jurisdiction of the Railway Committee to apportion such expense upon the municipality was upheld by the Supreme Court of Canada.'

Niagara, St. Catharines and Toronto Railway—Thorold Street Crossings.

This was an application by the Niagara, St. Catharines and Toronto Railway Company, under section 186 of the Railway Act, 1903, for leave to cross certain streets in the town of Thorold, in the township of Thorold, with its line of railway.

Hearing at Hamilton, May 8, 1906.

The town of Thorold opposed the application, contending that the applicant company's railway is a street railway or tramway, or is operated or to be operated as a street railway or tramway, and that leave could not be given to carry it across streets in the town without the consent of the town by by-law. Upon the evidence, it did not appear that the proposed branch line was a street railway or tramway, or intended to be operated as such. The applicant company's main line was constructed upon the company's right of way and did not run along the streets in Thorold, nor did its cars stop at street corners to take up or let off passengers, but only at its own stations.

SESSIONAL PAPER No. 20c

In the year 1902, by authority of the parliament of Canada and of the legislature of the province of Ontario, the applicant company acquired the property and undertaking of the Port Dalhousie, St. Catharines and Thorold Electric Street Railway Company, Limited, a company incorporated under the authority of the legislature of the province of Ontario, for the construction and operation of an electric street railway, and the applicant company now operates the line of that street railway in and upon the streets of Thorold and elsewhere; but the branch line authorized by order of the board, and which the applicant company desired to carry across these streets, was to be taken from the main line of the applicant company's railway and not from the street railway system.

Judgment, Chief Commissioner, June 19, 1906.

The prohibition in section 184 of the Railway Act, 1903, is against the authorization of the operation of a street railway or tramway along a high way. In the present case the application is for crossings only. In one case, the crossing is to be at an angle which would force the railway upon the street for a considerable distance, but it seems to be none the less a crossing. The evident intention of the Act is to require railway companies proposing to operate a street railway system, and to use the streets as their right of way, to procure the assent of the municipality for that purpose. The Act authorizes a company to carry its railway across streets by leave of the board, and the only qualification is that the consent of the municipality is required where the railway is a street railway or tramway which runs along, and not merely across, the street.

Held, that the application should be granted.

Re The MacGregor-Gourlay Co., Limited, Complaint.

This was a complaint by the MacGregor-Gourlay Co., Ltd., respecting the obstruction of South Water street in the town of Galt, alleging that the Grand Valley Railway Company had raised its tracks from ten inches to two feet above the level of the street in contravention of an agreement between the town and the railway company, entered into September 13, 1905.

Under this agreement, the company was required, amongst other things, to—

(a) macadamize 22 feet in width of the roadway where practicable—such work to be done in a manner satisfactory to the board of works, who were to have the power to direct what portion of the roadway of 36 feet in width should form the 22 feet to be macadamized;

(b) lay and maintain the top of the surface of the ties so as to be flush with the adjoining surface of the street; but where the track should be laid in or about the centre of the street, it was required to lay and maintain its rails so that the top thereof should be flush with the adjoining surface of the street.

The agreement also provided that any disputes were to be determined by the board of works of the town. The board caused its engineer to make an inspection of the line of the Grand Valley Railway Company along South Water street, and he reported that 'from the end of the bridge across the Grand river to the south end of the property owned by the Beers Tannery, the track along Water street is from 4 inches to 12 inches above the level of the street, so that access to the property on the west side of the street is cut off. . . .'

The engineer expressed the opinion that the company should put its tracks down to the level of the street, so that the owners of the property on the west side of the street might have unobstructed access to their property.

Under direction, the company was asked to advise the board whether it had since complied with the terms of the agreement between it and the town, and the clerk of the town notified that this had been done, with the additional notification that, under sections 186 and 187 of the Railway Act, 1903, the board has jurisdiction to direct that such works be executed or measures taken as appear to the board best adapted to remove or diminish the danger or obstruction arising or likely to arise from the

7-8 EDWARD VII., A. 1908

railway company's tracks; and that the board is not bound in this respect by the decision of the board of works; but may, if the civic authorities allow the railway and the street to remain in such a condition as unduly to obstruct traffic, direct the town, instead of the railway company, to take the necessary measures for protection of the public.

June 25, 1906.

In re Cockerline and Guelph and Goderich Railway Company.

Robert J. Cockerline applied to the board for an order directing the Guelph and Goderich Railway Company to make him an undercrossing between the parts of his farm severed by the railway line. The facts are specifically set forth in judgment of the Chief Commissioner below.

Hearing at Stratford, May 28, 1907.

Judgment, June 26, 1906.

Killam, Chief Commissioner (5 Can. Ry. Cas., pp. 3, 4 *et seq.*): The board made an order, upon the advice of its engineer, directing the Guelph and Goderich Railway Company to provide for R. J. Cockerline three farm crossings over its line through his farm, two level crossings and one under crossing. The railway company has applied to have this order set aside on the ground that the board has no jurisdiction to require it to make a farm crossing under its railway.

Section 198 of the Railway Act, 1903, requires that,

'Every company shall make crossings for persons across whose lands the railway is carried, convenient and proper for the crossing of the railway for farm purposes. In crossing with live stock, the same shall be in charge of some competent person, who shall use all reasonable care and precaution to avoid accidents.'

In the case of *Armstrong v. James Bay Railway Company*, 7 O.W.R. 75, 12 O.L.R. 137, Sir Wm. Meredith, C.J., expressed the opinion that the first subsection of section 198 did not apply to a passage-way under the railway track; he referred particularly to the provision requiring live stock, when crossing, to be in charge of a competent person, as indicating this view.

In this connection it seems well to refer to section 191 of the Railway Act of 1888, by which

'Every company shall make crossings for persons across whose lands the railway is carried, convenient and proper for the crossing of the railway by farmers' implements, carts and other vehicles.'

That required crossings to be made 'convenient and proper' for the purposes specified.

In *Reist v. Grand Trunk Railway Company*, 6 U.C.C.P. 421, Draper, C.J., expressed the opinion that, under 14 and 15 Vict., Ch. 51, sec. 13, requiring a company 'to erect and maintain' (among other things) 'farm crossings for the use of proprietors of lands adjoining the railway,' the expression 'farm crossing' might include 'a passage across and upon the railway itself—a crossing at grade, or a bridge over, or a tunnel under the railway,' adding, 'I observe nothing in the Act which necessarily excludes either of these interpretations.'

The language of the first subsection of section 198 is much changed. The crossings are required to be 'convenient and proper for the crossing of the railway for farm purposes.' In *Armstrong v. James Bay Railway Company*, 7 O.W.R. 715, 12 O.L.R. 137, the learned Chief Justice indicated a doubt as to the power of the board, under the second subsection of section 198, to require a company to provide an undercrossing.

Apart from the reference to live stock, in the first subsection, I should feel no difficulty in agreeing with the view taken by Draper, C.J., in *Reist v. Grand Trunk Railway*, and in applying that to the construction of section 191 of the Act of 1888.

In construing section 198 of the present Act, we should, I think, start from the position that the previous law required undercrossings, if other convenient and proper

SESSIONAL PAPER No. 20c

ones could not be obtained. Subsection 2 is wide enough in its terms to include undercrossings. It gives the board power to order a company to provide a suitable farm crossing, and to order and direct how, when and where it shall be constructed.

The principal argument against that view is that the word 'across' means 'over,' or 'on the surface of.' In Webster's Dictionary the word is defined as meaning 'from side to side,' 'athwart,' 'crosswise,' 'quite over.' The latter expression certainly does indicate something above, but the other equivalents do not. Usually, resort must be had to the context. We may go across a river upon a bridge, by boat, by swimming, or by a tunnel underneath the water. A net or a rope may be properly said to be stretched across a river although underneath the water. The word 'across' is equally applicable in any case.

In section 184 of the Railway Act, 1903, authority is given to carry a railway 'upon, along or across' a highway.

By section 186 authority is given, on any application for leave to construct the railway 'upon, along or across' a highway, to order it to be carried over or under the highway. The section makes it clear that in crossing, the highway may be placed under the railway, or the railway under the highway; but the undercrossing and the overcrossing equally are included under the expression 'across.'

Section 197 of the Act speaks of drainage or drainage works 'upon and across the property of the landowners,' and 'upon and across the railway and lands of the company.' Having reference to the subject, drains underneath the property or railway would naturally be considered as included, and this is obvious by the latter part of the section providing that 'no drainage works shall be constructed or reconstructed upon, along, under or across the railway or lands of the company,' &c.

In the present case, the railway is carried across Mr. Cockerline's farm upon a high embankment constructed for the purpose, any crossing over which would be inconvenient. I do not think that the so-called level crossings alone would be considered to be 'suitable.'

Some attempt was made upon the hearing of the application to show that Cockerline, in conveying the right of way to the railway company and agreeing upon a price therefor, intended to release the right to a farm crossing, or farm crossings, and to accept compensation for their loss.

To my mind, the evidence establishes directly the contrary, and that Cockerline acted under assurances calculated to lead him to believe, and which did lead him to believe, that his application to the board for an under crossing would not be prejudiced by the execution of the conveyance and acceptance of the purchase money.

Under all the circumstances, it appears to me that the order should be affirmed, with costs to be fixed by the secretary of the board.

Re Complaint of Staunton's, Limited, Toronto.

This was a complaint by Staunton's, Limited, of Toronto, against the Grand Trunk Railway Company of Canada and the Canadian Pacific Railway Company, alleging that the freight rates charged by these companies on wall paper shipped from Toronto to points in eastern Ontario and in the provinces of Quebec, New Brunswick and Nova Scotia, were excessive and discriminatory in comparison with the rates in effect upon similar merchandise carried in the opposite direction; and complainants applied for an order disallowing the present east-bound rates on their goods and restoring those in effect prior to November 15, 1905.

Hearing at Toronto, May 9, 1906:

Judgment, Chief Commissioner, June 28, 1906.

The board considers that the long continued existence of the former tolls affords strong evidence of their reasonableness, and that it does not appear that there has been any change of circumstances, or that there is any sufficient reason for the changes recently made in those tolls; that the charging of higher tolls for the traffic in question from Toronto eastward than are charged for similar traffic from Montreal and

7-8 EDWARD VII., A. 1908

other points westward constitutes an unjust discrimination against the Toronto shippers, and that these tolls should be equalized.

Order of board, July 31, directing that the said companies reduce their tolls for the said east-bound traffic from Toronto to Montreal to those in the tariffs for similar west-bound traffic between the same points; that the tolls to Montreal be not exceeded to Ottawa, nor to intermediate points; and that the tolls to points east of Montreal be reduced by the amount of the said reduction to Montreal. Also that the tariffs to be made under the order come into force not later than September 10, next.

P. C. Patriarche and Burlington Canning Co., v. The Grand Trunk Railway Co. and The Hamilton Radial Electric Street Railway Co.

This was an application, under sections 253 and 271 of the Railway Act, 1903, to compel an interchange of traffic between the two railways.

The Hamilton Radial Electric Street Railway Company was incorporated by Act of the legislature of the province of Ontario. Its undertaking and railway have never been declared by the parliament of Canada to be a work for the general advantage of Canada, or for the advantage of two or more of the provinces.

The Grand Trunk Railway was, by the Railway Act of 1888, declared a work for the general advantage of Canada, and subject to the legislative authority of the parliament of Canada.

The Act of 1888 was repealed upon the coming into force of the Railway Act, 1903.

By section 7 of the latter Act,

‘Every railway, steam or electric street railway or tramway, the construction or operation of which is authorized by a special Act passed by the legislature of any province, now or hereinafter connecting with or crossing a railway which, at the time of such connection or crossing, is subject to the legislative authority of the parliament of Canada, is hereby declared to be a work for the general advantage of Canada in respect only to such connection or crossing or to through traffic thereon or anything appertaining thereto, and also to the provisions set forth in this Act relating to offences and penalties, navigable waters and criminal matters, and this Act shall apply to that extent only.’

Some years before the coming into force of the Railway Act, 1903, a physical connection was made between the two railways, but no order was obtained authorizing such connection either under section 173 of the Railway Act, 1888, or section 177 of the Railway Act, 1903, although a crossing had been authorized by the Railway Committee of the Privy Council in 1897.

Hearing at Hamilton, May 9, 1906.

Judgment, June 28, 1906.

Killam, Chief Commissioner (5 Can. Ry. Cas., 200): Held, that parliament has the incidental power to determine the terms upon which a railway, not otherwise subject to its legislative authority, may connect with or cross one that is so subject, and the obligations between the companies concerned.

British North America Act, section 91 (10) and (c), and section 92 (29), sections 306 and 307, Railway Act, 1888, and section 7, Railway Act, 1903, referred to.

Held, that such connection being illegal, no order should be made. An application to authorize the connection, under section 177 of the Railway Act, 1903, must first be made.

The Guelph and Goderich Railway Co. v. The Guelph Radial Railway Co.

The Guelph and Goderich Railway Company applied under section 177 of the Railway Act, 1903, for leave to construct and operate its railway across the railway of the Guelph Radial Railway Company on the Elora road, outside the limits of the city of Guelph.

The Guelph and Goderich Railway Company was incorporated by an Act of the parliament of Canada, 4 Edward VII., chapter 81, assented to June 6, 1904. A plan

SESSIONAL PAPER No. 20c

showing the location of its line across the Elora road, outside the city of Guelph, was approved by the board on July 2, 1904, filed in the Registry Office on July 8, 1904, and notice of the proposed location published in local newspapers in August, 1904.

This application was filed on August 16, 1905, and an order was made giving leave to the Guelph and Goderich Railway Company to cross the highway at that point, on October 13, 1905.

On the 25th May, 1905, by 5 Edward VII., chapter 91, the Guelph Radial Railway Company was empowered to build and operate an extension of its railway on the Elora road, outside the city of Guelph. Its location had been authorized by a by-law passed by the council of the county of Wellington on June 4, 1904.

Hearing at Stratford, December 4, 1905.

Judgment, July 5, 1906.

Killam, Chief Commissioner (5 Can. Ry. Cas. 180): Held, that the location and operation of the Radial Railway Company had, under the circumstances, become authorized on May 25, 1905, and was prior to that of the applicant company, and that, following the usual course, the applicant company must be at the expense of the crossing and maintenance of any necessary protection.

Ruling re Erroneous Rate Quotations.

Chief Commissioner, July 31, 1906:—

The board is appointed to enforce the Railway Act—not ordinary contracts. In my opinion, the board should recognize as valid only the tolls set out in the tariffs authorized by the Act, and it should not assume to interfere with charges made in accordance with such tariffs on the plea that lower rates were quoted by a company's agent. Such a practice would open the door to rebates and preferences.

If parties have any right to relief in such cases, they should seek it in the ordinary courts on the ground of breach of special contract or of misrepresentation.

The Act giving the board jurisdiction respecting rates of express companies does not apply to past transactions, and the functions of the board will be confined to the approval of tariffs for the future and dealing with tolls under them.

Chief Commissioner, September 19, 1906.

Re Grand Trunk Pacific Right of Way at Clover Bar, Alberta.

Complaint was made to the board respecting the methods adopted by agents of the Grand Trunk Pacific Company for the acquisition of lands for the company's right of way.

Held, Chief Commissioner, October 9, 1906, that the subject-matter of the petition is one over which the board has no jurisdiction; that, under the Railway Act, 1903, upon approval of its location plans, a railway company is entitled to acquire its right of way either by voluntary conveyance from the owners of the necessary lands or by expropriation proceedings. The Act gives to the Board of Railway Commissioners no authority respecting either method of acquisition of these lands. If parties are induced by unlawful misrepresentation or duress to part with their lands on unfavourable terms, they must seek their redress in the ordinary tribunals. The proceedings for expropriation are set out in the statute, and the board is given no authority over either the procedure or the amount of the compensation.

Re Postal Cars.

Judgment, Chief Commissioner, October 10, 1906:

I am not at all clear that the board has jurisdiction to compel railway companies to alter their ordinary practice in regard to the respective locations of mail and baggage cars. Possibly the jurisdiction may exist under section 212, subsection 2, of the Railway Act, 1903; but, even if there is such jurisdiction, I do not think that the board should interfere with the discretion of railway officials upon this point.

7-8 EDWARD VII., A. 1908

It is not easy to determine whether there is materially greater danger to parties in the first than there is to those in the second car.

Even if greater consideration should be given to those who are not employees of the railway company, there does not appear to be any reason for giving preference to mail clerks over the employees of express companies.

In re Highway Crossings.

Statement of facts taken from judgment of Chief Commissioner:

During the official trip of the board in western Canada in the summer of 1906, a number of applications were brought before it in respect of street crossings over railways in the province of Alberta. One of these related to a large number of crossings in the city of Calgary over the line of the Canadian Pacific Railway Company. This was settled by agreement between the city and the railway company, and an order, in conformity with the agreement, was issued later.

Another was an application by the town of High River for an order directing the Canadian Pacific Railway Company to provide and construct a suitable highway crossing where its railway intersected Fourth street in that town. The application alleged that there was no railway crossing between the Calgary and Macleod trail and Seventh street according to a plan which showed Fourth street as lying in the intermediate space, and that the opening of Fourth street was necessary for the proper enjoyment of the use of the streets of the town and for the safety of the inhabitants.

A third was the application of the town of Olds for leave to construct certain highways across the railway of the Canadian Pacific Railway Company's Calgary and Edmonton branch at Olds, to join and connect certain main streets lying on each side of the railway.

While this application alleged the previous existence of certain crossings upon the lines of certain main streets, known as Second and Third streets, it further alleged that the only legal crossing which the town had at the time of the application was at the extreme north end of the town, which was north of either of the streets named.

A fourth was that of the town of Didsbury, for an order, 'under the provisions of the Railway Act, 1903, respecting highway crossings, being sections 184 to 191, inclusive, and particularly under section 187, directing the Canadian Pacific Railway Company to construct and provide a suitable crossing, and to maintain the same perpetually where the continuation of Hespeler street, in the said town of Didsbury, if continued easterly, without the obstruction being placed thereon by the Canadian Pacific Railway Company, would cross the said railway company's right of way.'

The application alleged that Hespeler street in Didsbury, 'for some years past, and until it was obstructed by the said the Canadian Pacific Railway Company on or about the 1st day of August, 1906, was a highway, and was used as such by the public.' It further alleged an express agreement between the railway company and the town for making Hespeler street a perpetual highway across the railway, and that the town had, at the request of the railway company, improved Hespeler street upon the company's right of way, and had expended a considerable sum of money in doing so; that the railway company had placed a large quantity of earth upon Hespeler street where it crossed the company's right of way, and that the town had used and employed this earth in further grading and improving the street at the request of the railway company; and that the railway company had indicated by a sign that there was a highway crossing over the railway at that point; and setting forth other circumstances as showing the importance, in the public interest, of having a highway crossing at Hespeler street.

The application further alleged that the railway company had recently obstructed the crossing at Hespeler street and deprived the public of the use and enjoyment thereof.

A fifth application was made by the village of Leduc for a street crossing over the Calgary and Edmonton branch of the Canadian Pacific Railway Company at Mill

SESSIONAL PAPER No. 20c

street. In answer to this application, the Canadian Pacific Railway Company submitted a plan of the town site and existing crossings at Leduc, pointing out that, 'from the plan it will be seen that there is already a crossing at the point known as "Edmonton Trail," another nearly opposite Main street, and a third about 1,600 feet south of the latter.'

Upon examination of the locality by an engineer of the board, he reported that he had inspected the site of the proposed crossing in company with the overseer and principal business men of the village, and that 'the overseer and the others agreed that, if the village has to build and maintain the crossing, it would be just as well for them to build a road along the east side of the railway from Mill street north to Main street, and cross there where there is already a crossing.'

Subsequently, the village presented to the board a formal petition with reference to the crossing at Main street, setting out that what was and is sought was the making permanent of a crossing at Main street, which crossing is and always has been the most commonly used access to the railway station.

In the case of High River, negotiations took place between the town and the railway company which did not result in a complete agreement, but served only to indicate the respective positions of the parties. The town desired, in addition to the crossing at Fourth street, to have the passenger station of the company removed to the neighbourhood of that crossing, and offered, in consideration of these advantages, to pay a certain sum towards expense of such removal, and to procure for the railway company a piece of land for the prolongation of its yard at the town in a southerly direction. The company claimed to be bound by an agreement with a private party which prohibited it from removing the station to the desired position, and objected to the establishment of a street crossing at Fourth street, but offered to allow a crossing to be established at Third street and to remove the station to the neighbourhood of that crossing, provided the town would procure for the company the proposed lands, and would close the admittedly existing highway crossing over the railway at Seventh street. The town refused to accept the condition for the closing of the crossing at Seventh street.

In the case of the town of Olds, the railway company offered a crossing at Second street, with an extension of Railway street (which runs parallel with the railway) to Seventh street, and another crossing on Seventh street. The town was willing to limit its request to a crossing at Third street and one at Seventh street, with the extension mentioned.

Didsbury is not a town, but a village municipality, established under the ordinances of the Northwest Territories. Counsel for the village claimed that a public highway had been established at Didsbury by dedication of the railway company, after the construction of the railway. It was not suggested that any public highway had existed at that point before the railway was constructed. The contention on behalf of the railway company, was that it was incompetent for the company to establish a highway by dedication without leave of the Railway Committee of the Privy Council under the legislation preceding the Railway Act, 1903, or of the board since its establishment. Counsel for the village argued that the railway company could so dedicate without leave.

In the case of the Leduc application, which is also a village established under the ordinances of the Northwest Territories, counsel for the railway company submitted an offer to allow a crossing to be authorized at Main street, as well as another at Douglas street, in the village, upon the condition that it should be ordered that, in case of any protective measures or appliances being required at the crossing in the future, the cost thereof should be borne by the village. It was claimed, on behalf of the village, that it had for a long time a crossing at Main street, and that the village ought not to be now bound to bear such expense.

Judgment, Chief Commissioner, November 6, 1906.

. In connection with these cases it appears to be desirable to consider the functions of the board with respect to railway and highway crossings. See-

7-8 EDWARD VII., A. 1908

tion 184 authorizes the board to grant leave to a railway company to carry its tracks upon, along, or across an existing highway. Section 186 lays down a method of procedure 'upon any application for leave to construct the railway upon, along or across an existing railway,' and authorizes the board to grant such application upon such terms and conditions as to protection, safety, and convenience of the public as it may deem expedient, or to order that the highway be carried over or under the railway, and works to be executed or measures taken to remove or diminish the danger or obstruction arising or likely to arise therefrom; and section 187 confers upon the board the power, in the case of a railway already existing upon, along, or across a highway, to make any order in respect thereto as in the previous section provided.

Other provisions of the Act impose upon the railway company specific duties with reference to highways, or assign to the board certain specified powers with respect thereto; and the board, under the general jurisdiction given by section 23, is empowered to compel railway companies to observe the duties cast upon them by such provisions of the Railway Act.

As I have previously had occasion to point out, the board is a creature of the statute, and has only the powers given to it by statute. While constituted a court for the purpose of exercising the jurisdiction conferred upon it, the board is not a court for the determination of all questions arising between the public or individuals and a railway company. The board has no general jurisdiction to determine whether a public right of crossing over a railway exists; but, in cases in which it is called upon to exercise the powers specifically conferred upon it with respect to highways, or its jurisdiction to enforce performance of the duties of railway companies with respect to highways, it has, incidentally, the power to inquire and determine whether, in fact, a right of crossing does or does not exist at a particular point.

For two or three years the public were in the habit of crossing the railway upon the line of Hespeler street in Didsbury, and this was facilitated by the grading of a street line upon the company's right of way outside the rails and by planking at and between the rails. This work has been undone and the crossing so obstructed that the public cannot now cross. It appears to me, that, if there is a public right of crossing at that point, the board has jurisdiction, under sections 186 and 187 of the Act, to direct that such measures be taken as to enable the public to cross there safely and conveniently, and that, for the purpose, the board has jurisdiction to determine whether the right of public crossing exists.

The Railway Act, 1903, nowhere prohibits in express terms the construction of a highway, or the giving of a public right of crossing over a railway, without the leave of the board; but it appears to assume that, for some purposes, such leave is necessary. I take it to be assumed that, without some provision therefor, a municipality or other body having power under the local law to open a highway across private property without the consent of the owner, could not open such across property dedicated by authority of the parliament of Canada to the purposes of a railway; and it appears to me that the provisions of section 186 are intended, in part, to afford the means of enabling such municipality or body to do this where the public interests require it. But, in my opinion, this clause enabling the board to give leave for the construction of a highway across a railway, was not intended to provide a means by which private individuals, or bodies not otherwise possessed of power to open highways, could do so.

In this connection the question naturally arises whether the steps to open such a highway must be taken by the municipality or other body in accordance with the law generally applicable to the opening of highways, and whether compensation has to be given and determined according to such law.

I have never hitherto been called upon definitely to determine that question, which is by no means a simple one. Hitherto, without careful consideration, I have expressed an inclination to the view that the local law is applicable. On further consideration, however, I doubt this; but, in view of the fact that the point is, so far as I know, wholly unsettled by authority, and of my having previously used expressions which may have induced parties to consider the question to be settled so far as this

SESSIONAL PAPER No. 20c

board is concerned, I would be ready to receive any argument upon the point which any one might desire to offer. It is very probable that parliament intended the whole matter to be settled by this board, and all the conditions in respect of compensation, as well as of procedure, construction, and precautions, to be determined by the board. Section 36 gives to the board general power to impose terms in making an order, and the provisions of section 47 appear capable of application to such a case without undue straining of language. The board has already decided that it is not bound to grant compensation to one railway company for the crossing of its line by the railway of another company; and the same principle might well be applied in cases of highway crossings.

But it should be observed that the power of the board in this respect is to give leave. The board is not authorized to direct or compel railway companies to construct or make highways across their lands where a public right of crossing does not already exist by law, though it may give leave to a company or to some other bodies, on some terms, to do so.

In the Didsbury case, counsel for the railway company cited the remarks of Hon. Mr. Blair, when Chief Commissioner, in an application made by the city of Calgary, in 1904, reported in volume 10 of the reports of proceedings of the board, at page 4527, as follows:—

‘Hon. Mr. Blair: Your legal position I cannot think would be very much improved or strengthened by reason of what has transpired; without an order of the Railway Committee of the Privy Council, or without an order of this board, you have no legal right whatever to cross those tracks, notwithstanding, or no matter what may have been the understanding between you, or the agreement between you, or the user which has taken place, and no matter what dedication may have been made. The matter of dedication of a highway there would be a totally distinct and separate thing from the legalizing of the use of the right of way, or that portion which is occupied by the tracks of the railway company for the purposes of a public highway. You have got to have that authority or else you have no legal ground upon which to stand.’

Upon a previous citation in another case of these remarks, I expressed myself as being inclined to the same view. Counsel for the village, however, argued strongly for the power of the railway company to dedicate a portion of its right of way for use as a public highway without the leave of the Railway Committee or of this board. Upon a reference to Canadian authorities I do not find that the contention of the railway company is as well supported as I was inclined to think at the time of the hearing. *Guthrie v. Canadian Pacific Railway Company*, 31 S.C.R. 155, and *Grand Trunk Railway Company v. Valliear*, 2 Can. Ry. Cas. 245, 3 Can. Ry. Cas. 399, 7 O.L.R. 364, related to private rights; and *Grand Trunk Railway Company v. Valliear* was so distinguished in the Court of Appeal.

The expressions used by Hon. Mr. Blair and myself may have led counsel for the railway company to omit careful examination or argument of the question; and counsel for the village did not discuss the Canadian cases or the terms of the Railway Acts. It appears to me desirable, therefore, that, before the board makes a definite decision upon this important question, an opportunity should be given to the parties to present such further arguments in writing as they may desire; and, in this connection, it would be desirable that further consideration be given by counsel to some other questions, such as the sufficiency of the evidence to warrant an inference of an intention on the part of the railway company to dedicate, and the power of the Canadian Pacific Railway Company to do so in respect of the line of the Calgary and Edmonton Railway Company; and the board should be furnished with evidence of the relations of these two companies respecting the line. I understand that the line is under lease to the Canadian Pacific Railway Company, which may have no power to dedicate any portion of the land of the Calgary and Edmonton Railway Company as a public highway, even if it could so dedicate a portion of its own land; and circumstances which would warrant the inference of a dedication by the company whose officials are operat-

7-8 EDWARD VII., A. 1908

ing the railway, might be quite insufficient to warrant such an inference as against the lessor.

Towns and villages along the line of the Calgary and Edmonton Railway owe their existence to that railway. Necessarily they must submit to many inconveniences inseparable from such a situation. Where the board exercises a discretionary power to determine at what points on such a railway street crossings shall be opened, it is obliged to consider the relative convenience of the public and the railway company as well as the public safety. The efficient operation of the railway is a matter of importance to the public generally and to the residents of the particular locality dependent upon it. It is particularly incumbent upon the board to protect the public from the dangers attending such crossings; and in the performance of this duty, it must be on its guard against being too readily influenced by the insistence of those desiring relief from present inconvenience and led by self-interest to minimize the danger.

An examination into the position at High River indicates the importance to the community of a street crossing near the business centre of the town. It is admitted that the town was laid out by the original promoters of the railway, who, therefore, are, in some measure, responsible for the situation which has developed; and the company at present operating the railway must, for an application of the kind in question, be treated as affected by this responsibility. On this ground, it appears to me that there should be a crossing at Third street upon the terms agreed to by the town, which appear to afford reasonable compensation to the railway company. Under the circumstances of the town and the probability of its growth westward, the closing of Seventh street should not be insisted upon.

As regards Olds, the situation appears to be much the same. The convenience of the community, it appears to me, demands the crossing at Third street; but, for the present, I do not think that more should be allowed, or that the southern crossing offered by the railway company as a condition of being relieved of the crossing at Third street should be authorized.

At Didsbury, the promoters of the railway laid out the town site on one side of the railway only, retaining, in one block, land lying along the other side of the line. They held out no inducement to the growth of a town or village to the east of the railway. Such growth as has arisen there, is upon land thus separated from the railway and the town on the western side. The village is much smaller than High River, and the importance of a crossing at a particular point is not so great. The public have not long been accustomed to regard the crossing at Hespeler street as an open one. If there were no question of the existence of a public highway at Hespeler street, but the case was submitted merely to the discretion of the board, I would not be in favour of authorizing the crossing at that street. If the railway company will so place the warehouses on the east side of the track as to be convenient to the crossing at Waterloo street, that crossing should, in my opinion, sufficiently answer the needs of the village.

It does not appear that the village has full power to open highways. Apparently this power was not given by the ordinances under which it was constituted. We have been referred to a late statute of the province of Alberta, the terms of which I have not yet had an opportunity of learning. Unless the village has such power, I do not think that this board can authorize the village to open a highway over the tracks of the railway company against the will of the company, although the board might empower the company to open such a highway if it was willing to do so.

As to Leduc, I think that the company ought to open Main street at least, unconditionally, leaving the question of protection for future consideration when the necessity arises. The company expressly indicated the crossing at Main street as open in answer to the application for the making of a crossing at Mill street. If the company is unwilling to do this, the matter is open to the same difficulty as in the case of Didsbury, though, upon its appearing that the locality has become incorporated as a town, an order might be made. If, upon further consideration of the Didsbury application, it should appear to the board that, without leave, the company could dedicate a strip across its land as a public highway, and the company is unwilling to

SESSIONAL PAPER No. 20c

allow the crossing at Main street as suggested, the village should have an opportunity of showing the existence of a public highway across the railway at that point.

Orders issued accordingly in the cases of the applications of the town of High River and the town of Olds.

NOTE.—The parties have been asked to submit further arguments in writing in respect of the question of the power of a railway company to dedicate a portion of its right of way for use as a public highway without authority of the Railway Committee of the Privy Council, under the Railway Acts, previous to the establishment of the board, or of the board since its organization.

High River Case.

Judgment in concurrence, Mr. Commissioner Mills.

I cannot help feeling that when a company, running a line of railway through a locality, fixes upon a place for its station and lays out a town site on both sides of its tracks, providing for streets running through the town (across its railway), and prohibiting the people who may settle in the town and use the said streets, from crossing the said railway within the limits of the railway yard, varying in length from one-third to one-half a mile or more, it (the said company) thereby creates an unreasonable and intolerable business condition, such as no class of people, whether living in the town or going there to do business, should be asked to submit to.

The unreasonableness of the prohibition above referred to is shown by the fact that in nearly every such instance the local railway officials allow people on foot to pass illegally across the railway tracks within the prohibited limits, as the members of the Railway Commission, their officials, and many others did on the day of the recent visit of the commission to the town of High River; and in not a few such places, vehicular traffic is allowed to pass illegally across the right of way and over the tracks within the prohibited limits, because the prohibition is felt and tacitly acknowledged by the railway officials themselves to be unfair, if not altogether indefensible.

For this intolerable business condition, the railway company is primarily responsible; and the people who, with knowledge of the facts, settle in a town where such a condition exists, are perhaps to some extent also responsible, in so far as they thereby tacitly agree or consent to work and live where such condition is imposed.

Therefore, I am of opinion that, in such cases, some measure of relief should be granted, and that the railway company should bear, say, one-half of the expense of providing such relief.

All rail-level crossings involve more or less danger, farm crossings, highway crossings, street crossings over single tracks in cities, towns and villages, and street crossings over two or more tracks within the limits of railway yards, some close to stations and others at greater or less distance therefrom. Nevertheless large numbers of each of these kinds of crossings are found all over the country, because public opinion (the law-making power) long ago decided and still maintains that such crossings are absolutely necessary. I admit that rail-level crossings through a railway yard are specially objectionable and should be avoided as far as possible; but, on account of the intolerable condition above described, the need for such crossings has been so great that, notwithstanding the danger, they have been made in nearly every town or village (not to speak of cities) through which a railway passes in the older provinces; and it appears to me that the Board of Railway Commissioners, especially on account of the increased and ever increasing length of railway yards, is now and will hereafter be under obligation to grant such crossings in response to reasonable applications and appeals by the business people of the country, until such time as there is special legislative provision for distributing and in some way defraying the expense of subways, overhead bridges, or other special forms of protection at many, if not most, of the crossings in our cities, towns and villages.

Further, rail-level crossings, especially crossings through a railway yard, cause a certain amount, possibly a considerable amount, of inconvenience to a railway com-

7-8 EDWARD VII., A. 1908

pany. This is admitted. Nevertheless I think it is manifest that such crossings must continue to be made until, as above suggested, there is special legislative provision for the construction of subways or overhead bridges at crossings which cannot be properly protected by the ordinary and less expensive methods. At present the question is who shall bear the inconvenience, the public or the railway companies? My opinion is, first, that the inconvenience should be equitably divided; and, second, that no class of people in any city, town or village should, in the transaction of business or the discharge of social or civil duties and obligations, be compelled to walk or drive unreasonably long distances in order to cross the right of way and track or tracks of any railway company.

In speaking of the Calgary and Edmonton Railway, I may say that I do not question the correctness of the statement that 'the towns and villages along the line of the Calgary and Edmonton Railway owe their existence to that railway'; but, I might ask if it is not equally true that the Calgary and Edmonton Railway owes its existence and its manifestly profitable traffic to the said towns and villages and the trade of the farmers who use the streets thereof.

I admit also that the board should 'consider the relative convenience of the public and the railway company, as well as the public safety,' and should not forget that 'the efficient operation of the railway is a matter of importance to the public generally, as well as to the residents of particular localities dependent upon it'; but the experience of railway companies and of the public generally in the older provinces of the Dominion goes, I think, to show that the interests of neither the one nor the other have been seriously sacrificed by granting the residents of particular localities reasonable facilities for doing business on the opposite sides of the lines of railway which pass through the cities, towns or villages in which they live.

I do not attach much importance to the insistence of those who seek relief; but I desire to give due weight to the facts in each case; and I never can bring myself to think that the board, on any mere theory of inconvenience to the railway company or from a desire to meet the wishes of the general public for more rapid transportation, is justified in allowing a railway company to create and maintain unreasonable or intolerable business conditions in any city, town or village through which it passes; and while I do not desire to minimize the danger of crossings through railway yards or elsewhere, I would venture the statement that most of the accidents on the railways in this country are due, not to crossings, but to collisions of various kinds on the railways, and to carelessness or recklessness in shunting, which results in the death of so many railway employees.

Therefore, my opinion is that the municipality of High River should be authorized to cross the right of way and track or tracks of the Calgary and Edmonton Railway Company on Third street in the said town as soon as it obtains and transfers in fee simple to the said company, the plot of land agreed upon between the company and the municipality, all as per agreement between the parties; and that Seventh street, in the said town, should be kept open and maintained as heretofore for the use of the public in that locality.

November 10, 1906.

Didsbury Case.

Judgment in dissent, Mr. Commissioner Mills.

Findings—

That the Calgary and Edmonton Railway Company graded and planked the railway crossing on Hespeler street, Didsbury, Alta., opened the said crossing, and maintained it during a continuous period of about four years, for hauling freight to and fro between the village on the west side of the railway and the freight tracks or sidings on the east side of the main line, and for general use by all who cared to travel to and from the east side of the railway, whether the residents of the village on the west side,

SESSIONAL PAPER No. 20c

the property holders on the east side, or the farmers and others in the country lying east, northeast, and southeast of the village.

That during the time that the crossing on the said street was in use, and without any kind of notice or intimation that it would ever be disallowed or closed, some seventy lots of land were bought on the east side of the railway, in what is now called Lacknerville, or Didsbury East. These lots, it appears, were bought and some houses were built in good faith and under the undoubted impression that on Hespeler street there would continue to be, as there had been, a regular public crossing over the railway, open at all times for the use and convenience of those who might wish to pass to and fro between their property on the east side and their place of business in the village on the west side of the railway.

That the owners of the said lots, with or without houses, have vested rights which they acquired on the faith that the railway company would continue to do as it had done regarding the said Hespeler street crossing, which crossing the company had itself established, maintained, and allowed the public to use without let or hindrance for a period of four years or longer.

Expressions of Opinion—

No doubt the railway crossing on Hespeler street did, when in use, and will, if restored, involve two things:

- (1) Some danger to the travelling public in that locality.
- (2) Some inconvenience to the railway company.

All rail-level crossings involve more or less danger—farm crossings; highway crossings; street crossings over single tracks in cities, towns and villages; and street crossings over two or more tracks within the limits of railway yards,—some close to stations and others at greater or less distance therefrom. Nevertheless large numbers of each of these kinds of crossings are found all over the country, because they are regarded as absolutely necessary; and they must, in my opinion, continue to be made, with or without protection and notwithstanding the danger, until such time as special legislative provision is made for defraying the cost of subways or bridges at crossings which involve serious risk. This, I take it, is the reason why the Railway Committee of the Privy Council allowed and legalized hundreds of more or less dangerous rail-level crossings on streets and through railway yards in the cities, towns and villages of the Dominion.

Further, every rail-level crossing, especially a crossing through a railway yard, causes a certain amount, possibly a considerable amount, of inconvenience to the railway company; and, after carefully considering the whole situation and circumstances, I am of the opinion that this inconvenience, like the danger above referred to, must continue until legislative provision is made for subways or overhead bridges at such crossings as cannot be satisfactorily protected by the usual means now in use. At present, the question is, who shall bear the inconvenience, the public or the railway companies? My opinion is that the inconvenience should be equitably divided: on the one hand, the railway companies should not be embarrassed by too many crossings through their yards—municipalities should not, in some instances be given all the crossings they ask for; and, on the other hand, no class of people in any city, town or village should, in the transaction of business or the discharge of civil and social duties or obligations, be compelled to walk or drive unreasonably long distances in order to get across the right of way and track or tracks of a railway company.

In my opinion, the aim of the commission should be, not to restrict, hamper or embarrass the business community by refusing or closing such railway crossings as reasonable convenience demands, but to provide protection at dangerous crossings and endeavour to distribute as equitably as possible the cost of such protection.

The distribution of the cost of protecting a railway crossing must always depend upon the facts and circumstances: Who created the necessity for the crossing? Who is responsible for the facts and circumstances which have made the demand for the crossing a reasonable one? Who is or are served by the crossing—the railway

7-8 EDWARD VII., A. 1908

company alone, the municipality alone, or both, or the railway, the municipality and the outside, surrounding public? What has caused the danger that makes the protection necessary—increased traffic on the railway, the running of fast through trains, or the growth of population and industries in the municipality?

I had stated my views *re* the distribution of the cost of protecting certain crossings in the village of Didsbury; but out of deference to the opinion of the Chief Commissioner, I decided to leave that question for future consideration—to be settled when the occasion arises—and shall deal only with the application for the re-opening of the crossing on Hespeler street in the said village.

In reference to this application, I may say that, for reasons which were obvious, though not openly avowed at the hearing, the railway company did not, in the case of Didsbury, lay out and sell any portion of its land on the east side of its line of railway, and did not thus contribute to any inconvenience which might result from a lack of crossings over its railway in the village: but, as already stated, it laid out the village on the west side of its line, placed its freight shed and freight sidings on the east side of its line, and established a regular crossing over its tracks on Hespeler street in the said village. For a period of four years or longer, the said Hespeler street crossing was used, not only for the business of the company, but for all kinds of traffic—village and farm traffic alike—without let or hindrance from the company, or any kind of intimation that the said crossing would ever be closed; and the evidence shows that, under the impression that on Hespeler street there would continue to be, as there had been, a regular public crossing, a number of people bought lots on the east side of the line, some of them built houses there, and others spent a considerable sum of money on Hespeler street, east of the line, in order to improve the road leading up to the crossing on the said street. Then, after a number of people had thus acquired rights on the east side of the railway, the railway company, without notice, closed the crossing on Hespeler street and opened another which it thought would better serve its purpose. This course of action by the company does not seem to me to be quite fair or reasonable; it might, perhaps, be described as arbitrary; and if the Railway Commission should approve of its as a fair and reasonable proceeding, it would, I think, thereby take a serious step towards establishing a new principle of law in dealing with the question of vested rights.

Therefore, my judgment is:

That the said Hespeler street crossing over the right of way and tracks of the Calgary and Edmonton Railway, in the village of Didsbury, in the province of Alberta, should be re-opened and maintained as a regular public crossing over the said railway at that point; the grading on each side of the track or tracks to be maintained in good order by the village, and the planking, not less than twenty feet long, between and on the outside of each pair of rails, to be laid and kept in good condition by the railway company.

February 1, 1907.

Re Queen's Wharf Crossing, Toronto.

This was an application by the Canadian Pacific Railway Company for an order to vary the order of the Railway Committee of the Privy Council, dated February 8, 1898, and the order of the board, dated July 27, 1905, by directing that the entire cost of operation and maintenance of the diamonds, interlocking, derailing, and signal appliances at the Queen's Wharf crossing, in the city of Toronto, of the applicant company's line of railway by the Grand Trunk Company's lines be borne by the two companies in the proportion which the total number of cars belonging to one company passing in any direction over the crossing bears to the total number of cars belonging to the other company passing in any direction over said crossing.

By an agreement between the two companies, the Grand Trunk Railway Company granted to the Canadian Pacific Railway Company running rights from the city of Toronto to the city of Hamilton, and by the agreement the expenses of maintenance of the tracks, &c., so used, and the other expenses connected with the operation of the

SESSIONAL PAPER No. 20c

section jointly used, were to be divided between the two companies upon a wheelage basis. The tracks so used are a portion of those crossing the Queen's Wharf spur of the Canadian Pacific Railway Company.

At the hearing (October 23, 1906), the applicant company claimed to be the senior company and to be entitled, on that account, to have the total cost of the protective appliances borne by the Grand Trunk Company.

The order of the Railway Committee of the Privy Council orally pronounced was that as the origin of the two companies was so close together in point of time, the committee was not called upon to determine the question of seniority, and that, therefore, each company should bear half the cost of construction, the cost of maintenance to be governed by the agreement.

It does not appear that any application was made by the applicant company to the Railway Committee for a change in the order, although there was some correspondence between the two companies in respect of the apportionment of the expenses between them.

Judgment, November 16, 1906.

Chief Commissioner: It appears to me entirely too late to take the ground that the order orally pronounced by the committee was varied on a subsequent application of the Grand Trunk Company without notice to the Canadian Pacific Company. Such an objection should be raised at once upon the order coming to the notice of the complainant company. And it appears to me, also, that this board should not now reconsider a decision of the Railway Committee upon the facts which were before it. It was the body established by law to determine such questions when the application came before it and when its order was made. The Railway Committee was a body whose membership was frequently changing. It would have been wholly unreasonable for that body to adopt the policy of changing its decisions with changes in the opinions of individual members of the committee. It would be equally unreasonable, it appears to me, for the new tribunal which has taken the place of the committee to substitute the individual views of its members for those of the former tribunal. It is true that the Railway Act gives to this board authority to vary orders of the Railway Committee, as well as to vary its own orders; but such jurisdiction, it appears to me, should not ordinarily be exercised except under changed circumstances, or for the purpose of rectifying errors which appear to have occurred through want of information, oversight, or otherwise. Even in the latter cases, application should be promptly made, as the facts respecting any alleged error or oversight are much more likely to be then ascertained.

When the application was before the Railway Committee it was, of course, unknown in what proportions the crossing would be used by the two companies, and there was very little before the committee which would enable it to judge the probabilities in this respect. But such must usually be the case.

I do not think that it would be reasonable or just to take up in this way individual cases in which it may appear that one company or the other is contributing an undue proportion of expenses of the kind in question, having reference to the respective proportions in which they use a crossing. If former orders of this kind are to be revised on such a principle, the general policy should first be determined upon, and a general inquiry made respecting at least all such as any railway company should desire to have considered. I doubt whether any company would derive from such a general inquiry an advantage which would recompense it for the expense and labour of engaging in it, and I doubt, also, whether the result would repay railway companies for keeping the necessary accounts respecting a number of crossings. If it is desired that the board should take up the consideration of the adoption of such a general policy, it might be made a subject of discussion with the railway companies generally; but, in the meantime, it appears to me that the board should not interfere with the order of the Railway Committee. The question whether, under the agreement between the two companies, the half ordered to be paid by the Grand Trunk Company should be charged

7-8 EDWARD VII., A. 1908

against the expenses to which the Canadian Pacific Company has to contribute, is not a question, in my opinion, for this board to determine.

Re Crossings of Railway Companies by Transmission Lines of Power Companies.

By order of the board of August 7, 1906, the Kaministiquia Power Company was granted leave to erect and maintain its transmission lines across the tracks of the Canadian Pacific and Canadian Northern Railway Companies' right of way at West Fort William, subject to the conditions set forth in the order, among which were the following:—

'1. That the applicant company, at all times, at its own expense, maintain, in good order and condition, the wires crossing the said railways so that at no time shall any damage be caused to the companies owning, operating, or using the said railways, or to any person lawfully upon or using the same.

'2. That the applicant company, at all times, wholly indemnify the companies owning, operating, or using the said railways of, from, and against all loss, costs, damage, and expense to which the said railway companies may be put by reason of any damage or injury to person or property caused by any of the said wires or any works or appliances herein provided for not being erected in all respects in compliance with the terms and provisions of this order, or if, when so erected, not being at all times maintained and kept in good order and condition, and in accordance with the terms and provisions of this order, as well as any damage or injury resulting from the imprudence, neglect, or want of skill of any of the employees or agents of the applicant company.

'3. That no work, at any time, be done under the authority of this order in such a manner as to obstruct, delay or in any way interfere with the operation or safety of the trains or traffic on the said railways.'

The Canadian Pacific Railway Company applied for an order amending the said order, to provide that the erection, construction, and maintenance of the said wires be wholly at the risk of the Kaministiquia Power Company, and that the said company indemnify and save harmless the Canadian Pacific Railway Company 'of, from, and against all loss, cost, damage, and expense from any cause whatsoever to which the applicant company may be put by reason of any damage or injury to person or property or otherwise resulting from the erection, construction, operation, or maintenance of the said wires or any working appliances which may be provided in connection therewith.'

In support of this application, the Canadian Pacific Railway Company alleged that the construction, operation, and maintenance of high potential wires across its right of way was a source of the gravest danger to it, its property, and to the property and persons of those using the railway; that the presence of the said wires, even though properly protected so far as human foresight could provide, nevertheless meant that, in the case of an accident, whether due to exceptional causes or not, the resultant damage to the applicant company's property and that of third persons would be very far-reaching and was not a risk that should, under the circumstances, be assumed by the applicant company; that they should, therefore, be insured against any such loss, and requested that clause two of the order in question be amended in accordance with the application. The Canadian Northern Railway Company concurred in the application.

By agreement written arguments were submitted upon the question thus raised. Express agreements had been entered into between some of the power companies and some of the railway companies affected respecting a number of such crossings and the protection to be provided thereat. These agreements were approved by the board and orders issued accordingly. Among the provisions of such agreements are the following:—

'And the power company covenants and agrees that it will indemnify and save harmless the party of the first part; its agents, operatives, and employees, of and from

SESSIONAL PAPER No. 20c

any and all claims of every name, nature and description which shall be made against the railroad company or against such operatives or employees, by reason of any injury which shall come to any of them, or to the public, or to any property in transit upon such railroad because of the operation of its transmission lines or any thereof under this grant and license, and whether such injury shall be sustained through the derailment of any locomotive or car of the railroad company or otherwise, it being intended that all the risk of all accidents incident or arising from the construction, maintenance or operation of such cables over the railroad of the railroad company, however occurring, shall be borne by the power company. The railroad company is to notify the power company in writing of any such claims or of any suit for the recovery of such damages, and the power company may with the support of the railroad company arrange with the claimant or defend such suits.

‘All the work to be done by the power company or by its contractors, agents or servants in connection with the doing of the said work, or in connection with the repairs, renewals, or maintenance thereof, shall be done at the risk of the power company without expense to the railroad company.

‘The power company covenants and agrees to keep, abide, and perform all the terms and conditions hereof, and shall and will at all times indemnify and save harmless its contractors, agents or servants, or to the agents or servants of any such contractors, or be done, incurred or caused by reason of the construction, repair, renewal, maintenance or use of the said work.

‘The railroad company shall not in any case be liable to the power company or to its contractors, agents or servants, or to the agents or servants of any such contractors, for any injury or damage to the person or property of the power company, or to the person or property of any of its contractors, agents or servants, or to the agents or servants of any such contractors which may happen, or be done, or caused by, or by reason of the doing of the said work, or during the repair, renewal, maintenance or use thereof; and the power company shall and will assume and does hereby assume all responsibility and liability for any and all such injuries and damages, whether caused by negligence of the railroad company, its agents or servants, or otherwise; and the power company shall and will indemnify and save harmless the railroad company, its successors and assigns, of and from all damages, claims for damages, demands, suits, recoveries, judgments or executions which may arise, or may be made, had, brought, or recovered by reason of or on account of any such injuries or damages. And it also covenants and agrees to indemnify and save harmless the railroad company, its agents, servants and passengers of and from all loss, injury or damage to it or to its agents, servants, or passengers, which may happen or be done or caused by reason of the doing of the said work, or by, or by reason of the repair, renewal, maintenance or use thereof, or by, or by reason of any failure to repair, renew or maintain the said work.’

The contention of the Canadian Pacific Railway Company was that the lines of the Kaministiquia Power Company were carried across land owned by the railway company; that no compensation had been given to it for this interference with its right of property; that the wires were to be used for the transmission of something from which there was great risk of injury; and that the railway company could not be compelled to bear any of the risk this occasioned while it arose from the default of the power company or from any source beyond the control of the power company.

The original application asked that the risk be thrown absolutely upon the power company, without providing for cases in which the injury might be due to the default or negligence of the railway company or its agents; but in the written agreements referred to, the railway company did not go so far, but suggested a clause which excepted from the liability proposed to be thrown upon the power company ‘any loss or damage directly attributable to any act, default, or negligence on the part of the railway company, its agents or employees.’

7-8 EDWARD VII., A. 1908

Judgment, Chief Commissioner, November 17, 1906.

It appears to me that the contentions of the Canadian Pacific Railway Company are well founded, and that it ought to be at no risk of loss arising from the placing of such wires across its right of way or the transmission of electric power thereon, excepting in cases in which the loss is primarily due to its default or that of those for whom it is responsible. Telephone wires over railway tracks cause a measure of physical obstruction, from which there is some possibility of danger. Contact between such wires and other wires may result in injury. But there is no such danger ordinarily attending their existence over railway tracks as in case of wires transmitting high electric power. Usually, too, telephone wires are carried along highways and across railway tracks where the company does not own the land but has merely a right of crossing the highways; and it is not necessary, at present, for the board to determine what orders shall be made where power wires cross a railway upon a highway.

It appears to me that the clause now suggested by the Canadian Pacific Railway Company as a substitute for clause 2 of the original order and of the draft of the order proposed to be made in respect of the power company's second application, is a reasonable one and should be adopted. That clause is as follows:—

‘That the applicant company shall, at all times, wholly indemnify the railway company of, from, and against all loss, cost, damage, and expense to which it may be put by reason of any damage or injury to person or property or business caused by any of the said wires, lines, or any work or appliances herein provided for, or by the continuance or use thereof; whether caused by the same or any of them not being erected in all respects in compliance with the terms and conditions of this order, or if, when so erected, not being at all times maintained and kept in good order and condition and in accordance with the terms and provisions of this order, or otherwise howsoever caused, as well as of any damage or injury resulting from the imprudence, neglect, or want of skill of any of the employees or agents of the applicant company; Provided, however, that the applicant company shall not be required to indemnify the railway company from and against any loss or damage directly attributable to any act, default, or negligence on the part of the railway company, its agents, or employees.’

The power company now alleges that it has constructed its works under the order of August 7, and that that order at least should not now be varied. It appears to me, however, that as the question is a new one and as it was raised so promptly after the railway company had received notice of the order made, the power company's objections should not prevail.

January 24, 1907. Upon the statements made in Mr. Montgomery's further communication of December 11, 1906, it appears that the Kaministiquia Power Company has power to construct lines for the transmission of electricity upon and along highways. I understand that this is not disputed by the railway companies, although opportunity has been given for the purpose. This being the case, I think that the power company stands in the position of the telephone company, acting under the provisional order of the Board of Trade, referred to in *National Telegraph Company v. Baker* (1893) chapter 186; and the Tramway Company, whose lines were constructed under statutory authority, referred to in *Eastern and South African Telegraph Company v. Capetown Tramway Companies* (1902) A.C. 381.

The lines authorized by the board's order of August 7, 1906, are not constructed across the lands of railway companies, but along the highways in respect of which the railway companies have merely rights of crossing. Under those circumstances, it does not appear to me that the power company should be responsible for any injury except such as may arise from its negligence or that of its servants or agents, and, in respect of such, the railway companies need no protection by order of the board.

I am, therefore, of opinion that we should not vary the original order in this case.

February 4, 1907. The Kaministiquia Power Company was incorporated by the legislature of the province of Ontario, from which it derives any authority that it may have to construct lines along the highways. With its action in this respect, this board has nothing to do. The board is not asked to give the company any authority to carry

SESSIONAL PAPER No. 20c

its lines along the highways; but as it is doing, and has done, so in accordance with the right which it claims, and as these rights are not contested by the railway companies interested, we may assume for the purposes of the applications before us, that the power company's action is lawful.

As the board has no authority to give or refuse leave to run along the highways, it does not appear to me that it should impose any condition to that being done. The company applied for leave to carry its wires across the tracks of the Canadian Pacific and Canadian Northern Railway Companies; and an order was made authorizing it to do so. The railway companies have since asked for the insertion of a condition throwing upon the power company the responsibility for any damage that may occur to the railway companies or those using the railways. Upon the grounds expressed in my memorandum of January 24, I do not think that such a condition should be imposed, as between the railway companies and the power company; and I think it best that we should simply refuse the applications of the railway companies, leaving the municipality and the public using the highways to such protection as is given by the provincial law.

*In Re Canadian Pacific Railway Company and Grand Trunk Railway Company,
Lennoxville Crossing Case.*

Under an agreement between the Grand Trunk Railway Company and the International Railway Company it was agreed that the said International Railway Company should bear the cost of providing, maintaining, equipping, and working an ordinary level railway crossing, together with all risk arising from such construction and operation. The agreement also contained the following provision: 'In the event of the government of this Dominion passing any Act whereby certain signals, interlocking switches, or other appliances shall be used on level railway crossings, it is hereby understood and agreed that the party of the second part' (being the International Company) 'will provide, work and maintain such at their own expense.'

Hearing, October 30, 1906.

Judgment, November 17, 1906.

Chief Commissioner (6 Can. Ry. Cas., pp. 78 *et seq*): Held, that the said clause of the agreement should not be narrowly construed; that the board had authority under the Railway Act, 1903, to order an interlocking system at this crossing for the protection of the public.

Ordered, that the Canadian Pacific Railway Company install, maintain, and operate the ordinary interlocking, derailing, and signal system, at its own expense, at the said crossing.

*Windsor, Essex and Lake Shore Rapid Railway Company Crossing, Talbot Street, in
the Town of Essex.*

The Windsor, Essex and Lake Shore Rapid Railway Company applied, under section 177 of the Railway Act, 1903, for leave to cross, at rail-level, with its track the track of the Michigan Central Railroad Company, on Talbot street, in the town of Essex.

After hearing and a personal inspection by the board, and upon the report of its engineer, the board, on May 25, 1906, made an order authorizing the applicant company to construct its line of railway across the track of the Michigan Central Railroad Company by means of a subway at a point distant not less than 1,200 feet west of the proposed point of crossing on Talbot street.

Later, the applicant company asked for a further hearing of its application, claiming that it had not previously received notice that the Michigan Central Railroad Company proposed to urge the construction of a subway, and that it was not prepared with proper evidence upon that point; that, on account of the nature of the locality, a subway crossing was not feasible there.

7-8 EDWARD VII., A. 1908

The company was directed to formally apply to rescind or vary the board's order; and upon a further hearing, and in view of the opinions expressed by the chief engineer of the board, as well as by other engineers, the board, by order, dated November 16, 1906, rescinded its previous order of May 25, 1906, directing the construction of subway, and authorized the crossing by the applicant company at rail-level, requiring:

(a) That the said crossing be protected by an interlocking plant known as the 'McSwain Interlocking Device'; derails to be placed on the applicant company's line of railway, on both sides of the said crossing; and the said derails to be interlocked with home and distant signals on the line of the Michigan Central Railroad Company;

(b) That the tracks of the Michigan Central Railroad Company be bonded to a point 400 feet beyond the distant signals;

(c) That the normal position of signals on the Michigan Central Railroad be at 'safety,' and the derails open on the applicant company's line;

(d) That the plan showing the position of the derails and signals, the description of machinery to be provided, and other necessary details, be submitted to the engineer of the board for his approval;

(e) That a day and night watchman be appointed to take charge of the said interlocking plant, who shall also operate the gates at the said point of crossing throughout the whole twenty-four hours for the protection of those using Talbot street in the ordinary course, the said men to be appointed by the Michigan Central Railroad Company, the wages of one of whom to be paid by the applicant company, and the wages of the other by the Michigan Central Railroad Company.

At the later hearing it was urged by the Michigan Central Railroad Company that, before the applicant company can be authorized to carry its track across the line of the Michigan Central Railroad Company, it must have its route and its location plans approved in the manner required by the Dominion Railway Act.

Judgment, Chief Commissioner, November 20, 1906.

Killam, Chief Commissioner: It does not appear to the board that this is necessary. Apparently the provincial Act did not require approval of the route or location of the railway by any authority. As the board held before, the requirement in the Electric Railway Act of Ontario that plans be filed with the provincial Minister of Public Works was a condition only to the exercise of the right to expropriate land and not a condition precedent to the right to construct or operate the railway. The company's Act of incorporation, 1 Ed. 7. c. 92 (Ont.), provided that the railway might be carried along and upon such public highways as might be authorized by the by-laws of the respective corporations having jurisdiction over the same. It is not disputed that the necessary authority to run along the highways has been given by municipal by-laws. The original Act, as well as the Ontario Act of 1905, cap. 110, authorized the railway company to carry its line across the line of any other company on the level. Before the passing of the Dominion Act declaring the company's railway to be a work for the general advantage of Canada, the board heard the application for a level crossing, and made an order authorizing the line to be carried underneath the Canada Southern Railway. The last mentioned Act provided that the Railway Act, 1903, and amendments thereto, with a certain exception, were to apply to the company and to its works, to the exclusion of the Electric Railway Act of Ontario or any provision of the Act incorporating the company or any amending Act inconsistent therewith; but provided that nothing therein contained should affect any action theretofore taken pursuant to the powers in such Acts. The application with which the board has now to deal is one for a variation of the former order, so as to allow of the crossing being made at grade. The board is of opinion that such an order may be made without approval of the route or the location of the railway under the Railway Act, 1903.

Judgment in dissent, Mr. Commissioner Mills.

In accordance with the report of the engineer, the board decided to refuse the application of the Windsor, Essex and Lake Shore Rapid Railway Company for permission to cross the Michigan Central Railway on Talbot street, in the town of Essex, and, instead, to grant the said company permission to construct a subway under the

SESSIONAL PAPER No. 20c

main line of the Michigan Central Railway in the southwestern part of the said town, and to carry its line at rail-level over the tracks of the Amherstburg branch of the Michigan Central Railway.

From this judgment, Mr. Commissioner Mills dissents as follows:—

Whereas steam railway companies have been and still are permitted and authorized to carry their lines of railway, even those on which are the heaviest traffic and fastest trains, across one another at rail-level in all parts of the country;

Whereas the ordinary derailing and interlocking appliances now used by railway companies were approved and ordered by the Railway Committee of the Privy Council and have frequently been approved and ordered by the Railway Commission as affording sufficient protection to the public where one steam railway crosses another at rail-level;

Whereas, by the junction of the block system in use on the Michigan Central Railway with the ordinary derailing and interlocking appliances, and the use of the gates and electric bell now maintained by the Michigan Central at the said crossing on Talbot street, the protection could, in my opinion, be made more perfect and complete than anything yet ordered by the board;

Whereas the construction of a subway at the point suggested will necessitate such an abrupt, long, and to my mind unreasonable diversion of the electric line as no municipality would permit—much less propose—in the case of a highway for ordinary vehicular traffic;

Whereas the proposed diversion of the electric line in the town of Essex will involve the making of two crossings instead of one, one by a subway under the main line of the Michigan Central Railway where it is impossible to get drainage, and the other at rail-level by the use of a diamond and derailing appliances on the Amherstburg branch of the Michigan Central Railway; and

Whereas interurban electric railways, intended especially to meet the wants of the farming community by carrying passengers for short distances and collecting scattering freight in small quantities throughout the rural sections of the country, receive no bonuses from the Dominion government, local governments, or municipalities, and consequently are unable to bear the cost of expensive subways or overhead bridges such as the heavily subsidized steam railway companies may be able to provide:

Therefore, I have to dissent from the above judgment, on the ground that in my opinion, the proposed diversion of the electric line, with all that it involves, is unnecessary, unreasonable and oppressive—not necessary for the protection of the travelling public, not even efficient for that purpose, as it proposes and involves a level crossing of a regular line of steam railway, at rail-level, with very much less complete and effective protection than could and would be provided at the crossing on Talbot street: unreasonable, because of the length and abruptness of the diversion, which, by the creation of a steep grade and three or four right-angle curves, will greatly diminish the hauling power of the electric line; and oppressive, because it imposes on the Electric Company heavy expense for the purchase of a new right of way through a good and well-peopled part of the town, the burden of an expensive subway where drainage cannot be obtained, and the outlay necessary for a diamond and protective appliances at a rail-level crossing over the Amherstburg branch of the Michigan Central Railway.

May 26, 1906.

Judgment in concurrence, Mr. Commissioner Mills.

This is an application by the Windsor, Essex and Lake Shore Rapid Railway Company, an electric road, to cross the tracks of the Michigan Central Railway, at rail-level, on Talbot street, in the town of Essex, Ont.

After considering the evidence submitted, the arguments of counsel, the report of the chief engineer of the board, and the whole situation and facts of the case as set forth at the hearings in Windsor and Essex, I may state briefly my opinion on two or three points:—

1. That if a subway off at Talbot street (as proposed), with all the difficulties

7-8 EDWARD VII., A. 1908

regarding drainage, were insisted upon, a very heavy, if not altogether intolerable, burden would be imposed upon the applicant company; and the danger to the travelling public in that locality would be greatly increased beyond what it now is, by adding a rail-level crossing of the electric road over the Amherstburg branch of the Michigan Central Railway to the rail-level crossing which now exists (and will continue to exist) for vehicular and pedestrian traffic on Talbot street. In fact, we might fairly say that two things would follow: the applicant company would be burdened, possibly bankrupted; and the danger to the travelling public would be doubled—without any compensating advantage, except in the matter of convenience to the main line of the Michigan Central Railway.

2. That the proposed subway, with its five per cent grade, would greatly hamper and injure the electric road in its freight traffic.

3. That if a rail-level crossing by the electric road over the tracks of the Michigan Central Railway on Talbot street, where a crossing protected by gates now exists for vehicular and pedestrian traffic, is granted, and stipulation is made that the most perfect form of protective appliances for such a crossing are installed, connected with the gates now in use at that point, and all (the new protective appliances and the gates) operated night and day by men chosen and controlled by the Michigan Central Railway,—if, say, all this is done, there will be only one rail-level crossing instead of two; the Michigan Central Railway will be well served; the electric company will not be embarrassed either by heavy capital outlay or in the operation of its line of railway; and, above all, the danger to the travelling public will be very much less than it would be with a subway and two level crossings, one partially protected and the other with little or no protection.

Therefore, I can only reaffirm my judgment of May 26, 1906, and concur in the conclusion to-day reached by my colleagues, the Chief and Deputy Chief Commissioners. November 20, 1906.

Re Kaladar Drainage.

The facts are fully set forth in the judgment of the Chief Commissioner. November 20, 1906, Killam, Chief Commissioner:

The Canadian Pacific Railway Company applied to the board for an order authorizing the company to construct a ditch upon and across certain specified lands according to a plan submitted with the application.

The lands in question consisted of certain lots in concessions three and four of the township of Kaladar, and in concession two of the township of Sheffield, owned by different private individuals, only one of whom, James Murphy, has made objection to the construction of the drain through his land or the granting of the order.

The railway actually intersects all the lots except Murphy's, the nearest portion of which is distant several hundred feet from the line of the railway, and is separated from the railway company's property by the lands of other private owners which actually adjoin the railway.

The applicant company relies upon the powers given by subsections (*m*), (*p*) and (*q*) of section 118 of the Railway Act, 1903.

'(*m*) make drains or conduits into, through, or under any lands adjoining the railway, for the purpose of conveying water from or to the railway;

'(*p*) from time to time to alter, repair or discontinue the before-mentioned works, or any of them, and substitute others in their stead;

'(*q*) do all other acts necessary for the construction, maintenance and operation of the railway.'

On behalf of Murphy it has been argued that section 196 makes it the duty of the company to make and maintain sufficient ditches and drains along each side of the railway for the purposes of any necessary drainage; that this method is the only one that can be used after the railway has been completed; that this railway has been completed and in operation for many years, and any powers of expropriation of land, or of the use of adjoining lands for purposes of drainage, have been exhausted and

SESSIONAL PAPER No. 203

cannot now be resorted to; that drainage by means of ditches along the railway has been found to be sufficient for the maintenance of the railway, as evidenced by its use for so many years; and that Murphy lands were not 'lands adjoining the railway' within the meaning of subsection (m) of section 118.

Section 196 provides that 'the company shall in constructing the railway make and maintain suitable ditches and drains along each side of, and across and under the railway, to connect with ditches, drains, drainage works, and watercourses upon the lands through which the railway runs, so as to afford sufficient outlet to drain and carry off the water, and so that the then natural, artificial or existing drainage of the said lands shall not be obstructed or impeded by the railway.'

This clause is evidently inserted for the purpose of imposing upon the company the duty of instituting such a system of drainage along its tracks as will prevent the interference of its works with the drainage of the lands of others. It is not intended to indicate the powers which the company may exercise for the proper construction and maintenance of its railway. These powers are found in section 118, and among them are powers from time to time to alter, repair or discontinue the works previously referred to and to substitute others in their stead, and to do all other acts necessary for the construction, maintenance and operation of the railway.

Under these powers it appears to me that, when a system of drainage established upon the construction of the railway is subsequently found to be insufficient, improvements may be made therein and such further drainage works executed as will assist in keeping the railway in an efficient condition and relieve it from the danger of injury by water. And I think that, for this purpose, the company may avail itself of the power contained in subsection (m) to make drains into or through lands adjoining the railway.

We have been referred to the case of Kingston and Pembroke Railway Company v. Murphy, 17 S.C.R. 582. In that case it was considered that a railway completed according to its charter could not be farther extended and lands compulsorily taken for the purpose. It should be noted, however, that that case was decided under the Railway Act of 1879, 42 Vic., c. 9, which did not contain the provisions of subsections (p) and (q) before-mentioned, and that what the company there sought to do was to construct an extension of its railway, not to alter or repair the works of its existing railway.

The natural meaning of the word 'adjoining' is lying next to or in contact with; contiguous. Such is the sense usually ascribed to it by the courts. See *I Bourv. L. Dict.* 93, 1 Am. and Eng. Enc., pp. 635-8; 1 Cyc. 765; *Rex v. Hodges, M. and M.* 341; *Josh v. Josh*, 5 C.B.N.S., 454; *Lighthound v. Higher Bebington Local Board*, 14 Q.B.D. 849. Numerous United States authorities are cited in the dictionary and encyclopedias just mentioned. But, just as in the case of other words, when it is apparent from the context and subject-matter dealt with that the literal meaning of the word would defeat the purpose of the legislature, it must be assumed that the word was used in a different sense. *Moore v. Phoenix Insurance Company*, 64 N.H., 140, 6 Atl. Rep. 27; *Marsh v. Concord Mut. F. Ins. Co.*, 71 N.H. 253, 51 Atl. Rep. 898. See also *L. & S.W.R. Co. v. Blackmore*, L.R. 4 H.L. 610, 39 L. J. Ch. 713; *Coventry v. L.B. & S.C.R. Co.*, L.R. 5 Eq. 104; *Bateman v. Parker* (1899) 1 Ch. 599; *Hobbs v. Mid. R. Co.*, 51 L.J. Ch. 324; *Ind. Coope & Co. v. Hamblin*, 81 L.T. 779, 48 W.R. 438.

The general principle is best stated in the language in *Maxwell on Statutes*, 4th ed., p. 78. 'The words of a statute are to be understood in the sense in which they best harmonize with the subject of the enactment and the object which the legislature has in view. Their meaning is found not so much in a strictly grammatical or etymological propriety of language, nor even in its popular use, as in the subject or in the occasion on which they are used, and the object to be attained.' See also *Beal on Cardinal Rules of Interpretation*, p. 34; *The Dunelm*, 5 P.D. 171, and *Wakefield Local Board v. Lee*, 1 Ex. D., at p. 343.

The statute authorizes the construction of drains into adjoining lands. It is obvious that it must be necessary in many instances to find outlets for the drains or

7-8 EDWARD VII., A. 1903

ditches along the sides of the railway tracks, and for this purpose to carry drainage works out of and beyond the land used for the railway right of way according to the natural configuration of the ground. In authorizing the carrying of drains through or under adjoining lands the legislature must have contemplated that the drains should leave the boundary line between the company's lands and those of other owners; and it must have contemplated that the distances to which they would be carried would differ according to circumstances. And it appears to me that the legislature could not have had in view the ownership of the particular parcels or strips of land through which it would be necessary to carry such works. Having once adopted the view—which, as it appears to me, is the necessary view—that under subsection (m) the railway company was authorized to carry drains away from the point of contact and into lands of others, I think that it necessarily follows that the power to carry the drains as far as might be reasonably necessary to effect the purpose for which they were to be constructed was included. Naturally such drainage works must be adapted to the formation of the land. It would be unreasonable to suppose that they were to stop at the boundary of the owner of the land next adjoining the railway, leaving the water to run as it would thereafter. In my opinion, ownership should not be treated as an element in determining whether or not the lands are 'lands adjoining the railway' for the purposes of a case such as that with which we are now dealing.

After consideration of the report of one of the assistant engineers of the board and the evidence taken upon the hearing, the chief engineer of the board has reported that he is 'of opinion that the sooner the water is taken away from the railway at this point the safer it will be for the railway embankment, and that this is necessary for the proper maintenance and operation of the railway.'

Under the amending Act passed at the last session of parliament, the board is empowered to make an order giving its sanction or approval to any matter, act, or thing sanctioned by the general Railway Act. It does not appear to me that the company needs any sanction or approval from the board to enable it to exercise the power contained in subsection (m) of section 118; but it is convenient that it should submit to the board proposals for the construction of any such works in order that the board may exercise some control as to the nature of the works and for the protection of other parties.

The evidence shows that the portion of Mr. Murphy's lot which would be cut off by the proposed drain is of little, if any, value, and that no serious injury would be done to the remainder of his land by the proposed work.

I think, therefore, that the order should go sanctioning and approving the construction of the drain as indicated by the railway company, with a condition that the railway company is to construct and maintain a suitable crossing over the drain for Mr. Murphy at such place and in such manner as shall be approved by an engineer of the board.

Re Express Companies' Contract Forms.

Section 27 of the Act 6 Edward VII., chapter 42, amending the Railway Act of 1903, gave to the board certain jurisdiction respecting express companies and the carriage of goods by express.

Under subsection 10 of that section, certain contracts for carriage by express are not to have any force or effect until first approved of by order or regulation of the board.

By section 11 any such contracts lawfully in use at the time of the passing of the Act were allowed to be continued to be used and to have effect until November 1, 1906, or until such later date as the board might by order in any case, or by regulation, fix and limit. Before the said November 1, 1906, a number of express companies submitted forms of contract used by their respective companies with a request for their approval.

Upon an examination and consideration of these forms, the board decided to extend for six months from the said November 1, 1906, the time within which the

SESSIONAL PAPER No. 20c

forms previously in use could be used by express companies, or for carriage by express, and did extend the time as aforesaid by regulation dated November 13, 1906, with the qualification that the regulation should 'not have the effect of authorizing any company, person, or corporation, after approval of its or his tariffs of tolls by the board under the provisions of the said Act, to contract or collect in or under any transaction or contract any express toll or tolls within the meaning of the said section 27 higher than the toll or tolls set out in the tariffs so approved, applicable to such transactions or contract.'

Re Express Companies' Tariffs.

Section 27 of the Act, 6 Edward VII., chapter 42, amending the Railway Act, 1903, applies to tolls or charges for the carriage of express matter, either wholly or partly in Canada and between points in Canada and points in the United States by any one company, and the provisions of the Railway Act, 1903, with reference to joint tariffs, are applicable to tariffs of express tolls under the amending Act.

Chief Commissioner, November 29, 1906.

CLAIMS AGAINST RAILWAY COMPANIES.

The board has no jurisdiction to compel the railway company to pay for loss of cattle killed or injured by its trains, or for property burned by fires kindled by locomotives, as the statute expressly provides that relief in such matters is to be obtained by action in a court of competent jurisdiction. The board, however, has jurisdiction to compel the company to put in proper cattle-guards and highway approaches, where it is the company's legal duty to do so.

Chief Commissioner, November 30, 1906.

Re Rounding off Passenger Tolls.

Section 258 of the Railway Act, 1903, provides '.....'; and in estimating the tolls to be charged in passenger tariffs, any fraction of five cents less than two and a half cents shall be waived by the company, and above two and a half cents and up to five cents shall be considered as five cents by the company.'

The question was whether, when a special tariff is made up at a less rate per mile than the standard tariff rate, the railway company is obliged to apply the principle laid down in the part of the section quoted.

Chief Commissioner, December 3, 1906.

It does not appear to me that a railway company is so bound. Provided the standard rate is not exceeded and the clauses respecting discrimination and other provisions of the Act are not infringed, a special tariff may be made up either upon a uniform mileage rate or otherwise. Even if made up in general upon a mileage rate less than the standard rate, the company may violate that principle in some cases, and make the rates between certain stations upon another basis, arbitrary or otherwise.

I am, therefore, of opinion that a special tariff can be made without attention to the provisions of section 258, provided the fares are expressed in whole, not fractional, multiples of 5 cents. For instance, if a special tariff is made up at a rate of 2 cents per mile for a line where the standard rate is 3 cents per mile, 25 cents may be charged, instead of 22 cents or 20 cents for a journey of 11 miles.

The Railway Act, 1903, does not empower the board to order or compel a railway company to construct a highway crossing over its railway where no highway has previously existed. The power of the board in such a case is merely to *give leave* for the construction of a highway across the railway; such leave may be given to the railway company, in which case it will be at liberty, but not obliged, to construct the crossing,

7-8 EDWARD VII., A. 1908

or leave may be given to the municipal, or other body, having authority to open up a highway across private property without the consent of the owner. In the latter case the railway company is no more under obligation to bear the expense than a private owner would be.

Chief Commissioner, December 3, 1906.

(*Re Neelon Highway Crossing.*)

Re James Bay Railway Company's Application to Cross Grand Trunk Railway Belt Line on Robert Davies' Property.

This application came before the board as the result of an agreement between the two companies made on the hearing of the two actions for injunction between the two companies in the High Court of Justice for Ontario. The agreement was that the James Bay Railway Company should apply to the board for leave to make the crossing, and that on this application the board was to decide 'which railway is bound to cross the other, and on what terms, and at whose expense the crossing is to be made.'

The evidence before the board showed that, before the lodging of the application and before the agreement for making it, the James Bay Railway Company had entered upon the property under a warrant of possession and constructed its track across the spur in question, although met with forcible opposition by the Grand Trunk Railway Company.

The board decided that it was unnecessary for the James Bay Railway Company to make any such application, and treated the track on the Robert Davies' property at the point of crossing as not being a railway line or track of another company within the meaning of section 177 of the Railway Act, 1903, but as being personal property, or, if real estate, as the property of Robert Davies, and made an order giving leave to the James Bay Railway Company to construct its line of railway across the spur track in question without putting in a diamond or otherwise providing for the operation of the spur by the Grand Trunk Railway Company across the line of the James Bay Railway Company, and without compensation to the Grand Trunk Company, thus leaving Davies to get such compensation as he might be entitled to under the Railway Act.

The Grand Trunk Railway Company applied to the board for leave to appeal from this order upon the following grounds:—

'1. That the tracks of the Grand Trunk at the point in question is a railway line of a company, for the crossing of which by the tracks of the James Bay, leave of the board is required under section 177 of the Railway Act.

'2. That leave of the board was not necessary in order to enable the Grand Trunk legally to construct (at the point of crossing) the line of railway in question.

'3. That the Grand Trunk Railway Company has an interest in the land at the point in question as against the James Bay, and the James Bay cannot legally use or occupy such land without the leave of the board.'

Judgment, Chief Commissioner, December 3, 1906.

Held, that if these questions or one of them should be answered in the affirmative, the James Bay Railway Company could not lawfully have placed its tracks over the site of the spur in question without leave of the board, and that such leave would not have been given upon the terms embodied in the board's order. Either a diamond should have been inserted, and the proper method of protection at the crossing determined, or some compensation should have been awarded under section 137 of the Railway Act, 1903.

Leave to appeal upon the following grounds granted:—

1. Did the railway tracks from and connecting with the Belt Line railway constitute, where such tracks crossed the approved location of the James Bay Railway over Robert Davies' property, a railway line or track of a company, leave to cross

SESSIONAL PAPER No. 20c

which by the line of the James Bay Railway Company was required under section 177 of the Railway Act, 1903?

2. Could the Grand Trunk Railway Company of Canada legally construct the said railway tracks on Robert Davies' property at the point of crossing by the James Bay Railway Company, without the leave of the board?

3. Had the Grand Trunk Railway Company, when the James Bay Railway Company constructed its line of railway across the said railway tracks on Robert Davies' property, such an interest in the land occupied by such railway tracks at the said point of crossing as against the James Bay Railway Company that the James Bay Railway Company could not lawfully use or occupy such land without the leave of the board?

*Re Canadian Pacific Railway Spur to Great West Development Company's Premises,
Winnipeg.*

Judgment, December 5, 1906.

Chief Commissioner:

The Canadian Pacific Railway Company should be asked for some evidence that the proposed spur is necessary in the public interest, or for the purpose of giving increased facilities to business. (Under subsection 4 of section 175 of the Railway Act, 1903).

Where a body like a city or town consents to the construction of a spur line, the board frequently takes this as sufficient, or it may consider that the nature of the locality to be served, or some other circumstances, afford sufficient *prima facie* evidence to satisfy the statute. In the present case there is nothing. We do not know what the Great West Development Company is. It may be only a speculative real estate company; and as the city of Winnipeg does not consent and shows some reluctance to consent to the construction of the spur, there should be some evidence to satisfy the statute.

Station Sites.

By section 256 of the Railway Act, the location of station must be approved by the board, and in case of a railway which, since July 18, 1900, has been granted a subsidy in money or land by the parliament of Canada, the railway company is required to maintain and operate a railway station or stations, with such accommodation or facilities therewith as are defined by the board, at such point or points on the railway as are designated by the board's order; and in any case, every station of a railway company is required to be erected, operated, and maintained with good and sufficient accommodation and facilities for traffic, a provision which, under its general jurisdiction, the board is authorized to enforce.

The view the board has taken is that the approval by the board of location plans which appear to leave spaces for station sites, does not satisfy the provisions referred to, requiring that the locations of stations be approved by the board, but there must to separate orders expressly approving such sites.

Chief Commissioner, February 11, 1907.

Re Jacob Wright's Farm Crossing.

This was an application by Jacob Wright for a farm crossing over the line of the Canada Southern Railway Company on lot 29, concession 5, in the township of Enniskillen, in the county of Lambton, Ontario.

Wright is the owner of lands on both sides of the railway. The engineer of the board reported that the applicant had no farm crossing and that the only way to reach the portion of his land lying to the north of the railway was by way of his neighbour's lands, north of the concession line, necessitating a long and out of the way route.

It appears that when the railway was built the lands were owned by the Crown, but were subsequently surveyed and sold to the original owners. The contention of

7-8 EDWARD VII., A. 1908

the railway company is that the lands were surveyed and obtained before the construction of the railway, but that the right of way across the lot was conveyed to the company without reservation before Wright acquired the land on each side of the railway; that under its original Act of incorporation it was not bound to grant farm crossings to the owners of lands adjacent to its right of way; that the subsequent legislation does not impose upon the company that liability; and that, while not admitting the jurisdiction of the board to require the making of the farm crossing for the applicant, the company expresses its willingness that such an order be made upon the terms of the applicant bearing the cost of construction and maintenance and paying such sum as the board thinks reasonable and proper for the privilege, taking into consideration the attendant liabilities in connection therewith.

In the similar case of the Ontario Lands and Oil Company *v.* Canada Southern Railway Company, 1 Ontario L. R. 215, Meredith, J., decided that the railway company was not bound, under its Act of incorporation and the general Railway Act in force when the railway was built, to grant farm crossings, and that the Dominion Railway Act of 1888, which was enacted after the construction of the company's railway, did not apply to cases in which the railway had been previously constructed on land conveyed to the company and the owner of adjoining land had purchased subsequently to such conveyance, as, in his opinion, the railway could be said to be carried over the land of a person where such person did not acquire the property until after the railway was constructed.

Chief Commissioner:

I agree with Meredith, J., in thinking that the decision of the Supreme Court of Canada, in *Vezina v. the Queen*, 17 S.C.R. 1, conclusively established that, under the general Railway Act in force when the Canada Southern Railway Company was incorporated and when its line was constructed, a company was not bound to grant farm crossings over its line where a right thereto was not reserved in the grant or otherwise agreed to by the company; and I am also of opinion, with him, that where, prior to the passing of the Act of 1888, a person had acquired lands on opposite sides of a railway across which his predecessor in title had the right of way of crossing, the Act of 1888 did not operate to give that right to the new owner. In my opinion, also, the Act of 1888 cannot properly be construed retroactively so as to apply to a railway previously constructed on lands vested absolutely in the company. Section 190 of the Act of 1888 provided—as did section 198 of the Act of 1903—that ‘every company shall make crossings for persons across whose lands the railway is carried, convenient and proper for the crossing of the railway,’ &c. According to my interpretation, this provision is applicable only to cases in which the railway has been carried across a person's land since the enactment of the Act of 1888. I have formed this opinion after consideration of the jurisprudence in the province of Quebec, and particularly the cases of *Bolduc v. Canadian Pacific Railway Company*, Q.R. 23 S.C. 238, the *Grand Trunk Railway Company v. Huard*, Q.R. 1 Q.B., 501.

For the purposes of the application, therefore, it does not appear material to ascertain whether the railway was constructed before or after the grant from the Crown. I think that the applicant has no absolute legal right to the crossing, and that it can be granted by the board only in the exercise of the discretion given by section 253 of the Railway Act (subsection 2 of section 198 of the Railway Act, 1903), which provides as follows: ‘.’

Under the report of the engineer I think that we may properly find that the crossing is necessary for the proper enjoyment of the applicant's land on either side of the railway, and that it would be safe in the public interest; but as such an order is one to which the applicant is not entitled of right, and as it would have the effect of creating an easement over property which belongs absolutely to the railway company, and would involve some danger to the company's trains, any expense of construction and maintenance should be borne by the applicant, and the company should receive reasonable compensation.

Deputy Chief Commissioner Bernier expressed the view, in which Mr. Com-

SESSIONAL PAPER No. 20c

missioner Mills concurred, that the railway company should undertake to open, construct and maintain a farm crossing at its own expense; and under the ruling of the Chief Commissioner that the board has jurisdiction to make an unconditional order requiring the railway company to construct the farm crossing in question, although he did not depart from his previously expressed opinion, the order issued February 15, 1907.

The reports of the officers of the board should not be made public without special order of the board.

Chief Commissioner, February 26, 1907.

Judgment in concurrence, Mr. Commissioner Mills.

From the report of an engineer of the board in this case, it seems clear that Mr. Wright's application for a farm crossing should be granted; and the only question is, at whose expense is the crossing to be made and maintained.

After full consideration of the principle involved and its wide application to Crown and Company lands in the western provinces and elsewhere, I am of the opinion that farm lands everywhere, actually occupied or to be occupied, carry with them the right of free passage (saving natural obstacles) from any one part of a lot to any other part of the same lot, which lot is or is to be occupied and worked as a farm; and that when a railway company or other corporation, for its own purposes and advantages, infringes upon this natural and fundamental right, it should do so with the clear understanding that it will, when constructing its line or at some later date, be compelled to provide and thereafter maintain, at its own expense, at least one adequate and satisfactory farm crossing on every lot or farm which it crosses.

Therefore, I concur in the judgment of the Deputy Chief Commissioner, that the Michigan Central Railway Company, as the successor of the Canada Southern Railway Company, should provide and maintain, at its own expense, an adequate and satisfactory farm crossing, at a point to be agreed upon, on the farm of Jacob Wright, known as lot 29, con. 5, in the township of Enniskillen, county of Lambton, Ont.

February 15, 1907.

Re Complaint of the Dominion Concrete Company, Limited.

This company applied for an investigation by the board into the matter of the Canadian Pacific Railway Company's rate of 12 cents per hundred pounds on concrete blocks from Kemptville, Ont., to Graham station, a distance of 107 miles, as against a rate of 6½ cents per hundred pounds on brick, and alleging an unjust discrimination in favour of the latter commodity and against the former.

This matter was taken up by the chief traffic officer of the board, and after considerable correspondence with the railway company the rate on concrete was reduced and made satisfactory to the complainants. After the lower rate had gone into effect complainants claimed to be entitled to a refund of the difference between the higher and the reduced rate. The railway company refused to recognize any such claim and the complainants applied to the board for an order directing a refund.

Judgment, Chief Commissioner, March 5, 1907.

Under the Railway Act a railway company is required to obtain approval of what are called standard tariffs, specifying the maximum mileage rates at which the company is authorized to charge, and upon approval of such tariffs, the company is authorized to charge the rates set out therein, unless it files special tariffs giving lower rates than those in the standard tariff; and section 327 of the Railway Act provides that, when a railway company's standard freight tariff has been approved and published, the tolls specified therein—except where other tolls are provided for by special or competitive tariffs—are the only tolls which the company is authorized to charge for the carriage of goods; and, by section 401 of the Railway Act, 'any person or company, or any officer or agent of any company, (a) who shall offer, grant, or give, or shall solicit, accept, or receive any rebate, concession, or discrimination in respect of the transportation of any traffic by the company, whereby any such traffic shall, by any device whatsoever, be transported at a less rate than that named in the tariffs

SESSIONAL PAPER No. 20c

then in force shall for each offence be liable to a penalty not exceeding one thousand dollars and not less than one hundred dollars.' The authority of the board to deal with tolls and tariffs, as set out in section 323 of the Railway Act, is as follows: 'The board may disallow any tariff or any portion thereof which it considers to be unjust or unreasonable, or contrary to any of the provisions of this Act, and may require the company, within a prescribed time, to substitute a tariff satisfactory to the board in lieu thereof, or may prescribe other tolls in lieu of the tolls so disallowed.

'2. The board may designate the date at which any tariff shall come into force.'

Held, that this does not empower the board to make a retroactive alteration in a tariff which is not contrary to any of the provisions of the Railway Act, so as to apply the alteration to past transactions; and that the railway company is not entitled to make rebates from tolls which have been charged in accordance with the tariffs lawfully existing when the transportation took place.

Held, further, that the board has no authority to direct the Canadian Pacific Railway Company to refund any portion of the tolls charged by it under the tariffs existing before March 20, 1906.

A later application was made by complainants against this ruling of the board, and it was argued that as the board had power to designate the date at which any tariff should come into force, this could be done so as to give the same a retroactive effect.

Held, Chief Commissioner, March 20, 1907, that the power of the board to designate the date at which a tariff shall come into force does not enable the board to give such tariffs a retroactive effect, and to make them applicable to prior shipments.

Discrimination.

Railway companies have no right to discriminate in regard to passenger rates as between passengers arriving at Canadian ports by different steamers. By section 315 of the Railway Act tolls are required, under substantially similar circumstances and conditions, to be charged equally to all persons and at the same rate in respect of all traffic of the same description, and carried in or upon the like kind of cars, passing over the same portion of the line of railway; and that no reduction or advance in any such tolls shall be made, either directly or indirectly, in favour of or against any person or company travelling upon or using the railway.

Chief Commissioner, March 7, 1907.

*(Immigrant Passenger Tariffs.)**Re Complaint Brown Brothers Company v. Canadian Northern Railway Company.*

The complainants alleged that on May 2, 1906, they delivered to the Canadian Northern Railway Company at Warman, Alberta, two boxes of nursery stock, consigned to L. H. Daly, of Vegreville, Alberta, and that the shipment proved a total loss to them, occasioned by the neglect or refusal of the railway company to carry and deliver the traffic without delay.

It appeared from the answer filed on behalf of the railway company to this complaint that a period of fifteen days had elapsed from the time of receipt at Warman Junction until their arrival at Vegreville, a distance of 262 miles, and the railway company was advised that the board felt that, under the circumstances, it should take into consideration the Brown Brothers Company's claim for damages, and that such steps should be taken as would prevent the recurrence of such delays.

Held, Chief Commissioner, March 12, 1907, that, under the Railway Act, the board has no power to award compensation to parties for delays in forwarding traffic, as the Act expressly provides that the remedy is to be had by action in the ordinary courts; that the function of the board is to require the furnishing of accommodation and the forwarding of traffic without delay, while the circumstances admit of the board interfering; but that, in case of a transaction which is closed, the board can

SESSIONAL PAPER No. 20c

only deal with it as showing the necessity for action to prevent such delays in the future.

Re Complaint of Canadian Cannery, Limited.

This was a complaint by the Canadian Cannery, Limited, that the Canadian Pacific Railway Company charged a rate of 33 cents per 100 lbs. on a carload of canned goods shipped from Wellington, Ontario, to Sturgeon Falls, Ontario; or 4 cents per 100 lbs. more than the combination of the local rates from Wellington to North Bay and from North Bay to Sturgeon Falls.

Upon the application of the complainants, the railway company refused to refund the difference between the published rate of 33 cents and the combination of local rates, on the ground that it would be illegal to protect other than the published tariff rate, namely, 33 cents per 100 lbs.

The application to the board is for authority to make the refund.

Judgment, Chief Commissioner, March 12, 1907.

Held, that, not only would the railway company be justified in refunding the difference between the 5th class rate from the point of shipment to Sturgeon Falls and the sum of the commodity rate to North Bay, and the fifth-class rate from North Bay to Sturgeon Falls, but that it ought to do so. The latter two rates are those of lawfully published tariffs; and a shipper has the right to the carriage of his traffic at the commodity rate to North Bay, and at the tariff rate from North Bay to Sturgeon Falls, although he consigns his shipment direct to Sturgeon Falls without mentioning the intermediate point.

It may happen that ignorant shippers will not be given this privilege, while those better informed will obtain it; but the informed shipper should not, on that ground, be refused the lower rate.

Re Somerset Bridge, Ottawa.

The city of Ottawa applied to the board for an order under sections 186 and 187 of the Railway Act, 1903, directing the Ottawa Electric Railway Company, the Grand Trunk Railway Company of Canada, and the Canadian Pacific Railway Company to submit a plan and profile for the purpose of widening the bridges and approaches thereto constructed by them at Somerset street, a public highway in the city of Ottawa.

The bridge in question spans the tracks of the Canada Atlantic Railway and the Canadian Pacific Railway at the western boundary of the city. The eastern approach and bridge proper lie within the city of Ottawa, the western approach within the village of Hintonburg. The Ottawa Electric Company, which is subject to the legislative authority of the parliament of Canada, owns and operates a street railway system in the city of Ottawa and its suburbs. The portion within the city was constructed and is operated under an agreement between the city and the company authorizing the company to exercise its franchises for the period of thirty years from August 13, 1893. By a later agreement between the electric company and the city, the city consented to the construction, maintenance and operation by the electric company of its railway upon and along Cedar street and other streets in the city, and by this agreement it was provided that nothing contained therein, or in the original agreement between the city and the company, or in the by-law of the City Council ratifying these agreements, should be construed to impose any liability on the corporation for the construction, repair, or maintenance of bridges on Cedar street, crossing Canada Atlantic Railway lines and the Canadian Pacific Railway lines, or any bridge or bridges that may be constructed in place of the same; or should be construed as an assuming by the corporation of the said bridges or either of them.

The street referred to as Cedar street is the one now known as Somerset street, on which the bridge in question is situated.

7-8 EDWARD VII., A. 1908

By agreement between the Electric Railway Company, the Canadian Pacific Railway Company, and the Canada Atlantic Railway Company, for certain considerations therein named, the Electric Company agreed, from time to time and at all times thereafter, to 'indemnify and save harmless the railway company from and against all liability to maintain, alter, repair, or reconstruct the said bridge or the approaches thereto, and also from and against all claims for damages of every kind or nature whatsoever, or for any penalty imposed upon the said bridge or crossing, or the approaches thereto'; and further agreed that, if it should at any time become necessary to reconstruct the then existing bridge or to alter the same, plans of the said alteration or of the new bridge to be constructed should first be submitted to and approved by the railway company.

The substantial question for consideration was as to the body which should bear the cost of the alteration. The city, through its counsel, offered to bear one-fourth of the expense. The railway companies contended that, in view of their agreement with the Electric Company, and of the fact that the necessity for the widening of the bridge arises wholly from its use by the Electric Company, that company should bear the remaining portion of the expense.

Judgment, Chief Commissioner, March 13, 1907.

Held, that, as between the Electric Company and the two railway companies, the contention of the railway companies was correct, and that, as between the Electric Company and the city, the Electric Company should widen the bridge by sixteen feet according to the plans to be approved by the board, and that the city should pay the Electric Company one-fourth the expense involved in the addition.

Passenger Rates.

By order of the board, dated March 18, 1907, the Grand Trunk Railway Company of Canada and the Canadian Pacific Railway Company were directed to reduce the passenger rates for their lines east of and including the Calgary and Edmonton Railway, to three cents per mile.

Re the E. B. Eddy Company's Complaint.

This company has asked the board to give the Grand Trunk Railway permission to reduce its charges on certain traffic carried at the rate of 10 cents per 100 lbs. under the tariff in force at the time, to 8 cents per 100 lbs. subsequently substituted.

Section 327 of the Railway Act provides that, when a railway company's standard freight tariff has been approved and published, the tolls specified therein—except where other tolls are provided for by special or competitive tariffs are the only tolls which the company is authorized to charge for the carriage of goods. Section 401 imposes a penalty on any person or company, or any officer or agent of a company, offering, granting, giving, soliciting, accepting or receiving any rebate, concession, or discrimination in respect of the transportation of any traffic by the company, whereby any such traffic shall, by any device whatsoever, be transported at a less rate than that named in the tariffs then in force; and section 402 makes it an offence in a company to depart from the tolls in a tariff then lawfully in force.

Judgment, March 18, 1907.

Held, that the Act gave the board no power to permit a departure from the lawfully existing tariffs in respect of past transactions, or to legalize rebates from the previously earned tolls specified in such tariff; and on this ground, I do not think that we should attempt to interfere. 'In the present instance an attempt to exceed the board's powers seems to be particularly objectionable, because the board would not be able to secure to others in a similar position the rebates which the Eddy Company desires, but by becoming a party to the rebate, it would facilitate an undue preference in favour of one shipper.'

Judgment in dissent, Mr. Commissioner Mills.

On October 16 and 17, the E. B. Eddy Company thought of shipping pulp for the

SESSIONAL PAPER No. 20c

manufacture of paper from Danville, Que., to Ottawa, Ont., and called the attention of Mr. Bremner, who represented the Grand Trunk in Ottawa, to the fact that the 10 cent rate quoted on pulp from Danville to Ottawa was prohibitive, and that they could not ship pulp from Danville to Ottawa at a higher rate than 8 cents per 100 lbs.

After considering the question, Mr. Bremner, on behalf of the Grand Trunk, advised the E. B. Eddy Company that the Grand Trunk would give the said company a rate of 8 cents per 100 lbs. from Danville to Ottawa. The Eddy Company accepted the 8-cent rate and notified Mr. Bremner that some cars were then being loaded; and Mr. Bremner says that the Eddy Company was then notified that the 8-cent rate would not apply on cars shipped prior to the date on which the tariff became effective. The correctness of this latter statement, the Eddy Company does not admit, but alleges that in good faith, without any doubt that the 8-cent rate would apply, it shipped five cars of pulp between the time that the 8-cent rate was announced and the publication of the tariff to that effect.

Subsequently the Grand Trunk Company rendered a bill for \$153.68, being an extra charge of two cents per 100 lbs. on six cars pulp shipped between the time of the announcement of the 8-cent rate and the publication of the tariff, 9 days later.

In reference to this account, the E. B. Eddy Company sets forth the following declarations and statements of opinion:—

It declares that it shipped five of the six cars in good faith after the reduction was announced, and had no doubt that the rate was to be 8 cents per 100 lbs.

It expresses the opinion that nine days was altogether too long a time to take in issuing the tariff, and directs attention to the statement of the chief traffic officer that the said tariff could have been issued much sooner, if it had been done in the way which is usual when it is known that cars are loaded or being loaded and waiting for shipment.

It calls attention to the fact that the application of the 8-cent rate from the date of the announcement would not involve a discrimination against any one.

And it further alleges that the Grand Trunk is willing to withdraw or cancel this account for extra charges over and above the 8-cent rate, if the Railway Commission will allow it to do so.

I think the intention of parliament, as expressed in section 401 of the Railway Act, was to prevent all kinds of *discrimination*—not to compel a railway company to continue charging an admittedly unreasonable or prohibitive rate until such time as it can conveniently prepare and issue a new tariff, when the said company is willing to make a reduction in such unreasonable or prohibitive rate as soon as its attention is called to the matter (before a change in the tariff is made)—provided such reduction is made with the knowledge of the Railway Commission and manifestly *without discrimination* against any one.

Such a reduction, under such circumstances and conditions, the Grand Trunk Railway Company announced its willingness to make in the published tariff rate on pulp from Danville, Que., to Ottawa, Ont.; and under such circumstances, I think the board should allow the said railway company, without injury to or discrimination against anyone, to apply its 8-cent reduced rate from the time when it announced its intention to make the reduction from 10 to 8 cents per 100 lbs.

March 8, 1907.

Re Application of the Toronto, Hamilton and Buffalo Railway Company, under section 175 of the Railway Act, 1903, for leave to construct a branch from its main line in the city of Hamilton to the works of the Canadian Westinghouse Company.

The projected line would cross Sherman avenue south of Princess street and run thence, approximately, parallel to and about 125 feet south of, that street, and parallel to, and some 350 feet south of, the line of the Grand Trunk Railway Company crossing at grade, between certain points, the line of the Hamilton Radial Electric Railway

7-8 EDWARD VII., A. 1908

Company and curving northerly, about Fullerton avenue, a short distance from the Westinghouse Company's works.

Objection was made to this line by the residents of the locality west of Sherman avenue and between the proposed line and that of the Grand Trunk Railway Company, on the ground that it would be very injurious to them that their properties should be inclosed within a strip bounded by two lines of railway; and the Radial Company objected to a crossing of its line at grade. The Grand Trunk Railway Company also objected to the use of any portion of its right of way for the proposed branch.

Judgment, Chief Commissioner, March 28, 1907.

I am of opinion that it would not be reasonable to compel the Grand Trunk Railway Company to allow such a use of its land at that point.

I am also of opinion that it would not be proper to allow the construction of the branch beyond Sherman avenue south of Princess street. This would leave a strip of property about fifteen hundred feet long by three hundred and fifty feet in width between two lines of railway. At the present time the property between Sherman Avenue and the Westinghouse Company's property is wholly residential, and even though the proposed branch were simply to be used as a spur line for access to the Westinghouse Company's works, it would be highly injurious to the residents of such a strip. It may be that circumstances will lead to the strip becoming eventually a manufacturing locality; but, unless it is sufficiently important, the residents should not be forced to this result.

On behalf of the city of Hamilton, objection is made to the proposed lowering of the radial railway, as this would involve the lowering of Princess street below a large existing sewer, and in such a manner as would injure Princess street for public travel.

While one or more industries are to be served east of Sherman avenue, the extension beyond that is for the purpose of giving access to the Westinghouse Company's works only. If that company did not object, it would be possible to carry the line along that of the Grand Trunk Railway directly into the Westinghouse Company's premises. Doubtless it will be of great value to that company to have the additional railway connection and service, but it has already connection with the line of the Grand Trunk Railway, by means of which traffic can be transferred to and from the line of the Toronto, Hamilton and Buffalo Railway.

No public interests are involved, and it does not appear to me that the residents of the locality should be compelled to submit to the injury that would be done their property or that the Radial Company should have its line crossed at grade in order to enable the Westinghouse Company, which desires this railway communication, to procure it without injury to its own buildings or premises.

Held, Commissioner Mills dissenting, that the application for leave to construct the spur line on the route proposed should be refused, but that authority should be granted, if the applicant company desired, to construct a branch line with the diversion northwesterly over Sherman avenue to the south of the Grand Trunk Railway Company's right of way, and thence parallel thereto over the radial railway to Rosedale avenue, and to take it directly into the Westinghouse Company's premises, or have it connected with the Grand Trunk Railway tracks, as might be arranged, or that leave should be given for the construction of any portion of the line which might be desired.

Re Cedar Dale-Oshawa Crossing.

This was an application by the Police Village of Cedar Dale for an order directing the Grand Trunk Railway Company of Canada to provide better protection where its railway crosses Simcoe street, in the said village.

There was at the same point an electric railway crossing the Grand Trunk Railway, with interlocking appliances operated by the electric company, and the board, by its order of December 19, 1906, directed that the gates be interlocked with those appliances and be operated by the signalman stationed in the tower, and that the Grand Trunk Railway Company should bear the expense incident thereto over and

SESSIONAL PAPER No. 20c

above the expense to which the electric company was subject. The board also directed that an electric light should be provided and maintained by the village at the crossing.

Simeoe street, over which the Grand Trunk Railway Company crosses, is a continuation of a street of the town of Oshawa, but the point of crossing is outside the limits of the town. Counsel for the town supported the application for the order, and took part in the examination of witnesses. Among other things, he said: 'This corporation is interested in having the lives of the citizens protected—their lives and property—and would urge upon the commissioners as strongly as possible the propriety of providing such protection as may be thought proper.' And after reference to the probable expense of a subway, he said: 'But all the other protection that could be afforded would be urged by this corporation.' Further he said: 'The town council do not see that they should be called upon to contribute. They contribute an immense amount of business to the railway.'

In announcing to the parties its conclusions, the board expressed doubt whether the town could be considered interested so as to be liable to be made a contributory to the cost of protection of the crossing, and intimated that, if the railway company should be of opinion that the town was so liable, the board would like to be furnished with references to any statutory provisions imposing on the town or bestowing on it any rights with respect to a highway outside the boundaries of the town; and it also stated that it considered that the village of Cedar Dale was not in such financial position that it should be asked to contribute, except by providing and maintaining a light at the crossing.

The Grand Trunk Railway Company then applied to have the order varied so as to apportion the cost of the installation, operation and maintenance of the gates equally among the town of Oshawa, the village of Cedar Dale and the railway company, claiming that the town was interested in the matter and should be compelled to contribute, and that the weak financial position of the village was no sufficient ground for exempting it.

This latter application was heard before the board. In support of the claim of interest on the part of the town, reference was made to the position taken by the counsel for the town at the previous hearing, and to the case of the Grand Trunk Railway Company v. City of Kingston, 8 Ex. C. R. In that case an application was made to have certain orders of the Railway Committee of the Privy Council made rules of the Exchequer Court. By these orders, the city of Kingston was directed to contribute to the expense incident to the construction of a subway for carrying a highway under the Grand Trunk Railway outside of the city limits; and objection was made to the authority of the Railway Committee to impose this condition. The learned judge of the Exchequer Court was of opinion that he had no authority to review the decision of the Railway Committee upon the merits, or its method of procedure. He said: 'Was the city of Kingston interested in the works that were directed to be done? If that question is answered in the affirmative, the Railway Committee had jurisdiction to make the orders as amended. If it is answered in the negative, then the committee had no jurisdiction to impose upon the city of Kingston the obligation to bear any part of the cost of such works. I think the question should be answered in the affirmative. Although the works directed to be carried out are not within the limits of the city of Kingston, they are in close proximity thereto, and are intended to protect the public from danger of crossing the Grand Trunk Railway by a level crossing on a road that, within a short distance from the crossing, connects with one of the city streets. In addition to this, it appears that the city of Kingston was one of the movers in the application to the Railway Committee for an order to have the works in question undertaken; and it seems to me that one could not now, with fairness, say that the city of Kingston was not interested therein.'

In *re* Canadian Pacific Railway Company and county and township of York, 27 O.R. 559; 25 O.A.R. 65, Mr. Justice Rose upheld the validity of an order of the Railway Committee under which the city of Toronto, the county of York, and the township of York were directed to contribute to the cost of installing and maintaining

7-8 EDWARD VII., A. 1908

gates and a watchman for the protection of a highway crossing which was in the township of York and outside the limits of the city of Toronto. The order of the Railway Committee had been made upon the application of the city of Toronto. The county and township of York appealed from the judgment. Buiton, C.J.O., and Mac'ennan, J., were of opinion that the order was invalid in so far as it imposed a burden upon the township and county. Osler, J., held that the township and county were 'persons interested' within the meaning of the Railway Act, and subject to the jurisdiction of the committee. Meredith, J., held that, as the road was not a county road, and the county was under no responsibility for its maintenance, it could not be considered to be interested so as to be liable to the order of the committee.

The city of Toronto did not appeal, and it does not appear to have been represented before the Court of Appeal. As the original applicant for the order, it could hardly be said that it was not interested.

Chief Commissioner:

In the two cases referred to, the courts were called upon to enforce orders made by the Railway Committee. They could not review the decisions of the committee upon the facts. If there was before the committee any evidence that the parties ordered to contribute were 'interested' within the meaning of the statute, the jurisdiction of the committee to make the orders could not be disputed.

In the present case this board is the court of original jurisdiction which has to decide for itself, not merely the question of law, but also the question of fact, as regards interest, and further, whether, in the exercise of its discretion, it considers that the town should justly and properly be made to contribute to the cost of protecting the crossing in question.

I think that it cannot properly be said that, as a matter of law, there is not some evidence of interest on the part of the town which would support an order of the board against it, particularly in view of the direct claim of interest on the part of counsel representing the town. But it does not appear to me that the town is necessarily bound by the admission of some interest, having in view the circumstances and the nature of the interest admitted. The town corporation is a statutory body. It has no duty to maintain highways outside of the town limits, or to preserve them from obstruction. It is not authorized to expend the moneys of the town upon such highways. As a public body, having in view the interests of the citizens, a town council often interests itself in many matters of public importance not directly coming within its functions. Naturally the safety of citizens of the town travelling along the highway and over the crossing in question is looked upon by the council as of public interest; but it does not appear to me that, on that account, the municipal corporation can be said to have any legal interest in the matter of protecting the crossing. The individual interests of citizens having occasion to use the highway are not, in my opinion, ascribable to the corporation, and the admission of the counsel for the town, and the part which he took in supporting the application, do not appear to me to carry the matter farther or to constitute such an admission or evidence of interest as to warrant the board in finding as a matter of fact that there was such interest.

I think, therefore, that the town should not be ordered to contribute to the expense of erecting, maintaining, or operating the gates.

As regards the village of Cedar Dale, the matter stands in no different position from that presented at the original hearing. I do not think that the board should be called upon in such a case to revise its previous decision, where no new facts have been presented and no material point was previously overlooked. In making the order the board expressed its doubt upon the question of making the town a contributory. That question was fairly open for reconsideration.

In my opinion the application should be dismissed, and the railway company should be ordered to pay to the village a reasonable sum for costs of the application to vary the order. In view, however, of the state of the previous decisions and of the position taken upon the hearing by the town, I do not think that the railway company should be made to bear any portion of the costs of the town.

SESSIONAL PAPER No. 20c

Order dated May 23, 1907, issued accordingly. Costs of the application fixed at the sum of \$25.

Re St. John Ice Company complaint.

This was a complaint by the St. John Ice Company alleging that the New Brunswick Southern Railway Company were acting illegally and in violation of the provisions of the Railway Act by

1. Billing cars at 20,000 lbs. which contained 40,000 to 50,000 lbs. actual weight.
2. Billing cars at 2 cents per 100 lbs. contrary to C.R.C. No. 1, their standard tariff, which names $2\frac{1}{2}$ cents per 100 lbs.

3. Billing cars at 20,000 lbs. contrary to the Canadian freight classification, which specifies 30,000 lbs. as minimum carload weight.

4. That through W. E. Scully, their agent at West St. John, passing and billing as 20,000 lbs. cars which W. E. Scully as 'The Union Ice Company' had sold and delivered as 50,000 lbs.

5. Misrepresenting the existing tariff charges in the following way: in December last past, their general freight agent, Mr. D. W. Wetmore, quoted as their current rate on ice from Spruce Lake to West St. John 2 cents per 100 lbs., minimum carload weight 30,000 lbs., when he must have known that tariff C. R. C. No. 2, giving a rate of 2 cents per 100 lbs. had been cancelled and that $2\frac{1}{2}$ cents per 100 lbs. was the legal rate, as per tariff C. R. C. No. 1.

6. Through the collusive action of its officials violating the established tariffs, inasmuch as P. W. Wetmore, the accountant, who was also general freight agent, passed entries and way-bills, certified by him and F. J. McPeake, the superintendent, to the auditor, showing carload weights 20,000 lbs. when actually they were from 40,000 to 50,000 lbs, showing a total freight per car of \$4 had been collected when it should have been from \$10 to \$12.50 per car.

And applied, under section 60 of the Act, for an order for inquiry into the management of the said railway company, and for investigation of the complaints hereinbefore recited against the company and its officials.

Hearing at St. John.

Ordered, that leave be granted the complainant company to institute proceedings, under sections 399, 401 or 402, of the Railway Act, against the company for suffering or permitting

(a) W. E. Scully to obtain transportation for goods at less than the required toll then authorized and in force on the railway of the company.

(b) For transporting goods for the said W. E. Scully; and for suffering and permitting W. E. Scully to obtain transportation for such goods at less than the regular tolls then authorized and in force on the railway in violation of the provisions of the Railway Act.

Later, application was made, on behalf of the complainants, for a certified copy of this order, in order that the same might be made a rule of the Supreme Court under section 46 of the Railway Act.

Section 46 provides that any decision or order made by the board may be made a rule, order or decree of the Exchequer Court, or of any Superior Court, in any province of Canada.

Subsection 2 of that section reads:—

'2. To make such decision or order a rule, order or decree of any such court, the usual practice and procedure of the court in such matters may be followed; or in lieu thereof, the secretary may make a certified copy of such decision or order, upon which shall be made the following endorsement signed by the Chief Commissioner and sealed with the official seal of the board.

7-8 EDWARD VII., A. 1908

'To move to make the within a rule (order or decree, as the case may be) of the Exchequer Court of Canada (or as the case may be).'

Application refused.

Held, Chief Commissioner, that, in the first instance, the usual practice and procedure of the court in such matters should be followed; that the other alternative provided under this section is intended rather for a case where the board is itself seeking to enforce one of its own orders, that is to say, an order where the board has taken the initiative.

APPENDIX E.

INFORMAL COMPLAINTS FILED WITH THE BOARD
DURING THE YEAR ENDING MARCH 31, 1907.

APPENDIX E.

INFORMAL COMPLAINTS FILED WITH THE BOARD DURING THE
YEAR ENDING MARCH 31, 1907.

1. Complaint against Wabash Railroad in making allowance to consignees for teaming beer from station to warehouse for distribution through the trade.
2. Excessive rates of Père Marquette Railroad charged Ridgetown Milling Company, on grain.
3. Excessive charges of Kaslo and Slocan Railway on zinc ores shipped by Canadian Metal Company between Kaslo and Sandon, B.C.
4. Discrimination in freight charges of the Canadian Pacific Railway on shipments of the Harris Abattoir Company, Limited.
5. *Re* Demand made by Canadian Pacific Railway for payment of advance charges on shipments of butter.
6. Condition of platform and crossing of the Canadian Northern Railway in the village of Togo, Saskatchewan, District No. 14 A.
7. Delay to carload of lambs shipped from Chatsworth, Ont., to Buffalo, N.Y.
8. Shortage of cars for movement of wood shipments via Canadian Pacific Railway from St. Gabrielle de Brandon, Que.
9. Excessive rates on cement shipments via Grand Trunk Railway from Hanover to Durham, Ont.
10. Lack of proper station facilities at Bowsman, Manitoba, on Canadian Northern Railroad.
11. Poor train service of Inverness Railway and Coal Company at Inverness, Nova Scotia.
12. Objection to raising of track of the Grand Valley Railway along Water street, in Galt, Ont.
13. Inadequate train service of the Grand Trunk and Wabash Railways at Middlemiss, Ont.
14. Poor train service on Melfort branch of the Canadian Northern Railway.
15. Excessive switching charges by the Père Marquette Railway on shipments of salt ex Windsor to Walkerville, Ont.
16. Excessive rates of the Grand Trunk Railway on shipments of corn from Windsor to Halifax, N.S.
17. *Re* Minimum weight demanded by railways on stock shipments in carloads.
18. Unjust discrimination in rates on oil shipments from Windsor and Walkerville, Ont., to Montreal, Que.
19. Excessive freight rates charged by the Grand Trunk and Canadian Pacific Railway Companies on shipments of beer from Walkerville, Ont.
20. Excessive rates of railways on shipments of stoves from Sarnia, Ont., to Manitoba.
21. Inadequate mail service furnished by the Grand Trunk Railway to Parry Sound, Ont.
22. Dangerous crossings of the Grand Trunk Railway at Oakville, Ont.
23. Excessive rates on wall paper shipments from East Toronto, Ont., by Grand Trunk and Canadian Pacific Railway Companies.
24. Overcharge on car of wheat shipped via Canadian Pacific Railway from Spring-side to Fort William, Ont.
25. Excessive rate on lumber shipped via Grand Trunk Railway from Pembroke, Ont., to Howick, Que.

7-8 EDWARD VII., A. 1908

26. Unjust discrimination of Canadian Pacific Railway in car supply from White-mouth, Manitoba.

27. Excessive rates on salt shipments via Canadian Pacific Railway from Fort William, Ont., to Treherne, Manitoba.

28. Loss of hay through flying sparks of engine of Canadian Pacific Railway at Grayson, Sask.

29. Failure of Canadian Pacific Railway to furnish crossing near Grayson, Sask.

30. Excessive freight rates of Canadian Pacific and Canadian Northern Railway Companies on shipments from Prince Albert to Warman and Battleford, Sask.

31. Burning of fences near Snelgrove, Ont., on line Canadian Pacific Railway.

32. Insufficient fencing and unsatisfactory farm crossing provided by James Bay Railway on lots 28 and 29, concession 6, township of McDougall, district of Parry Sound, Ont.

33. Excessive freight rates of the Canadian Pacific Railway Company on shipments of the Canadian Newspaper Syndicate from Montreal, Que., to Vancouver, B.C.

34. Condition of railway crossings of the Canadian Pacific and Canadian Northern Railway Companies in the municipality of Portage la Prairie, Manitoba.

35. Excessive rates of the Canadian Pacific Railway Company on shipments of coal to Sutcliffe, Moir Milling Company, Moosomin, Sask.

36. Unfair rates charged by Canadian Pacific Railway Company on shipments of settlers' effects to Earl Grey, Saskatchewan, as compared with the rates to Prince Albert, Sask.

37. Location of the water tank of the Guelph and Goderich Railway at Lynwood, Ont.

38. Insufficient protection furnished by Toronto, Hamilton and Buffalo Railway at crossings in the town of Thorold, Ont.

39. Insufficient protection furnished by the Grand Trunk Railway at crossings in the town of Thorold, Ont.

40. Loss of J. Donohoe through cow killed on tracks, Canadian Pacific Railway.

41. Excessive rate on two cars of lumber shipped from Blackfalds to Vermilion, Saskatchewan.

42. Insufficient accommodation provided by Canadian Pacific Railway on shipments of hogs from the maritime provinces to Montreal, Que.

43. Excessive delay in transportation of shipment consisting of electric arc light from Grand Forks to Greenwood, British Columbia.

44. Overcharge of the Canadian Pacific and Canadian Northern Railways on a car-load of settlers' effects from Boston, Mass., to Vermilion, Alta.

45. Condition of the Grand Trunk Railway subway east of the quarter town line in the township of East Oxford, Ont.

46. Inadequate passenger train service of the Canadian Pacific Railway from St. Thomas, Que., Joliette county.

47. Excessive passenger rates on Canadian Pacific Railway from Prescott to Ottawa, Ont.

48. Inadequate facilities furnished by the Kingston Pembroke Railway on shipments of export ore made more from the feldspar mines to Kingston, Ont.

49. Condition of bridge on the Grand Trunk Railway near Blue Lake and at the side road west of Paris, Ont., municipality of South Dumfries.

50. Drainage of the Canadian Pacific Railway, township of Chatham, county of Argenteuil, Que., along its branch line to Brownsburg quarries.

51. Insufficient cattle pass provided by Niagara, St. Catharines and Toronto Railway on property of Isaiah Hansler at lot 125, school section 7, township of Thorold, Ont.

52. Cancellation of tariff W. 273 of Canadian Pacific Railway, complaint of the Porto Rico Lumber Company, province of British Columbia.

53. Excessive rates on branch lines of railways in the province of Alberta. Complaint of Alberta Farmers' Association.

SESSIONAL PAPER No. 20c

54. Excessive delay in delivery of goods via Canadian Pacific Railway from western points to Davidson, Sask.
55. Loss of horses by J. H. Holmes, on lot 20, concession 1, township of Kinloss, county of Bruce, Ont., on account of alleged poor cattle-guards on the Grand Trunk Railway.
56. Location of Canadian Northern Railway through lots 15 and 16, concession 1, township of Clarence, county of Russell, Ont.
57. Excessive freight rates of Canadian Pacific Railway from Ontario points to Strasburg, Sask.
58. Location of Quebec, Montreal and Southern Railway in parish of Longueuil, Que.
59. Insufficient supply of cars by Grand Trunk and Canadian Pacific Railways on shipments of brick from Hyde and Webster, Casselman, Ont.
60. Blocking of street crossings in town of Blenheim, Ont., with cars of Père Marquette Railroad.
61. Failure of Canadian Northern Railway to deliver shipment of household effects consigned to Maymont, Sask.
62. Excessive freight rates on coal shipped from Rouse's Point, N.Y., consigned to Casselman, Ont.
63. Inadequate accommodation furnished the residents at O'Connor, Ont., by Canadian Northern Railway.
64. Unsanitary conditions prevailing and inadequate accommodation provided by railways at station in Canada. Complaint of Dominion Commercial Travellers' Association.
65. Refusal of Père Marquette Railroad to carry shipments of fruit from Ruthven, Ont., on certain trains.
66. Dangerous crossing of the Grand Trunk Railway in the township of Darlington, Ont., between lots 18 and 19.
67. Loss of baggage forwarded from Montreal, Que., to Maymont, Sask., via Canadian Pacific and Canadian Northern Railways.
68. Removal by Grand Trunk Railway of station platform at Alma, Ont.
69. Overcharge by Grand Trunk Railway on carload of shingles consigned from Fenelon Falls to Toronto, Ont.
70. Non-delivery of shipment of nursery stock from Brown's nurseries, Ont., forwarded via Canadian Northern Railway from Warman to Vegreville, Alberta.
71. Delay in handling of fruit traffic via Grand Trunk Railway from Toronto to Winnipeg, Man.
72. Excessive freight rates of Canadian Pacific Railway on shipments of Robert McKinney from St. John to Rolling Dam, New Brunswick.
73. Excessive freight rates of Grand Trunk Railway on logs and lumber consigned to Renfrew, Ont., from points east of Rainy Lake, Ont.
74. Demurrage charges assessed by Canadian Pacific Railway on shipment of arc lamps to British Columbia Copper Company.
75. Failure of Canadian Pacific and Grand Trunk Railways to provide proper train connection at Caldwell Junction, Ont.
76. Poor facilities provided by Canadian Northern Railway at Shortdale, Man., for loading of lumber.
77. Excessive whistling of locomotives of Canadian Pacific and Grand Trunk Railways when passing asylum for insane at London, Ont.
78. Excessive rates of Canadian Pacific and Crow's Nest Southern Railways on traffic consigned to Fernie, British Columbia.
79. Excessive freight charges Grand Trunk Railway Company on coal to Vars, Ont.
80. Closing of station and failure of Grand Trunk to stop trains at Fort Erie (Amigari), Ont.

7-8 EDWARD VII., A. 1908

81. Excessive freight rates of railways from Eastern Township points and Shawinigan Falls, Que., to Ottawa, Ont.
82. Excessive freight rates of railways on peaches and plums to Brandon, Man.
83. Excessive charges of Dominion Express Company on shipment of harness from Toronto to Claresholm, Alta.
84. Excessive express charges on three typewriting machines shipped from Woodstock, N.B., to Halifax, N.S.
85. Improper temperature of fruit cars on railways.
86. Cutting of timber by Canadian Pacific Railway on property of J. P. May, Dudley, Ont.
87. Estimated weights of apples in barrels as charged by railways in Canada.
88. Excessive express rates on shipments of apples forwarded by Graham Company, Belleville, Ont.
89. Failure of Canadian Pacific Railway to furnish station agent at Farrelton, Que.
90. Fencing of right of way by Canadian Pacific Railway, lots 23 and 24, concession 3, township of McKim, near Sudbury, Ont.
91. Inadequate car supply of Canadian Pacific Railway for shipments from St. Anne de Plains and Lepage, Que.
92. Improper methods of Grand Trunk Pacific Railway right of way agent in securing lands in the Clover Bar district.
93. Condition of highway crossings of the Canadian Northern Ontario Railway in the township of Clarence, Ont.
94. Inadequate car supply for shipments of wheat via Canadian Pacific Railway from North Portal, Sask.
95. Inadequate car supply for shipment of wheat via Canadian Pacific Railway from Coal Fields, Sask.
96. Inadequate car supply for shipments of wheat via Canadian Pacific Railway from Alexander and Griswold, Man.
97. Inadequate car supply for shipments of coal from Frank, Alta.
98. Inadequate car supply for shipments of grain via Canadian Pacific Railway from Rocanville, Sask.
99. Inadequate car supply for shipments of grain via Canadian Northern Railway shipped from Stewartburn, Man.
100. Non-payment by Grand Trunk Pacific Railway for land of Chester L. Mintminnick, Church Bridge, Sask.
101. Failure of Canadian Pacific and Grand Trunk and Canadian Northern Railways to allow the Mooney Car Line Company mileage on its cars.
102. Excessive passenger rates charged by the Halifax and Southwestern Railway Company.
103. Blocking of watercourse by Grand Trunk Railway at Freeman, Ont.
104. Excessive freight rates of Canadian Pacific and Grand Trunk Railways on live stock shipments forwarded by Gordon, Ironsides and Fares to Philadelphia, Pennsylvania and Baltimore, Md.
105. Inadequate car supply of Canadian Pacific and Grand Trunk Railways on shipments from Canadian Portland Cement Company.
106. Unsatisfactory train service of Grand Trunk Railway during the winter months between Montreal, Quebec and the south side of the St. Lawrence river.
107. Inadequate car supply of Grand Trunk Railway on shipments from Drumbo, Ont.
108. Express charges of the Dominion Express Company on shipments from Brampton to North Bay, Ont.
109. Loss of shipment of wrapping paper via Atlantic and Lake Superior Railway, consigned to Maria, Que.
110. Demurrage charges assessed by Canadian Northern Railway on shipment to Weston, Sask.

SESSIONAL PAPER No. 20c

111. Highway crossings of the Grand Trunk Pacific Railway in the municipality of Miniota, Man., one-half mile north of Arrow River siding on Miniota branch, Canadian Pacific Railway.

112. Loss of cattle belonging to W. E. Tees, of Tees, Alta., killed on right of way of Canadian Pacific Railway.

113. Advance in winter export rates by Grand Trunk and Canadian Pacific Railways on butter and cheese.

114. Discrimination in freight rates on live stock by Canadian Pacific Railway on shipments account Charles Knight, Calgary, Alta.

115. Flooding of lands of Daniel Michaels, Parry Sound, Ont., account blockage of watercourse by Canadian Northern Railway.

116. Excessive freight rates Canadian Pacific Railway to and from Cardston, Alta.

117. Delay of Grand Trunk Railway in supplying cars for shipments from St. Mary's, Ont.

118. Excessive freight rates of the Boston and Maine Railroad at Rock Island, Que.

119. Excessive rates of Canadian Pacific Railway on ties for export consigned to Elder Dempster Company.

120. Delay in delivery by railways shipments of freight consigned to Watrous Engine Co., Brantford, Ont.

121. Delay in delivery of shipments of freight account J. B. Smith & Co., via Canadian Pacific Railway from North Bay and Biscotasing to Toronto, Ont.

122. Excessive rates of Dominion and Canadian Express Companies on sour cream shipped account Ottawa Dairy Company.

123. Inadequate supply of cars by Michigan Central Railroad on shipments from the Wallaceburg Sugar Company, Wallaceburg, Ont.

124. Removal of planking by Canadian Pacific Railway between tracks on highway road, Macleod to Lyndon, Alta.

125. Inadequate car supply for shipments of grain via Canadian Northern Railway from Melfort, Saskatchewan.

126. Overcharge by Canadian Northern Railway for storage of baggage belonging to J. W. Giles, Edmonton, Alta.

127. Delay in handling traffic of J. S. Mitchell & Co., Sherbrooke, Que., via Grand Trunk Railway.

128. Insufficient passenger train accommodation furnished by Canadian Pacific Railway on Nominig Branch.

129. Overcharge on shipment of horses consigned to Arcola, Saskatchewan, by Canadian Pacific Railway.

130. Excessive delay in delivery of shipments from Port Perry, Ont., via Grand Trunk and Canadian Northern Railways to La Fonderie de Joliette, Que.

131. Inadequate car supply furnished by Canadian Pacific and Grand Trunk Railway on shipments from the Pembroke Lumber Company, Pembroke, Ont.

132. Loss of horses belonging to T. L. Woodwatt and P. Veale, killed by Grand Trunk Railway at Beaverton, Ont.

133. Delay in handling shipments of the *Toronto Globe*, Toronto, Ont., by Canadian Pacific and Canadian Northern Railways to points west of Winnipeg, Manitoba.

134. Excessive rates on bark shipments from Sprucedale, Ont., to London and Berlin, Ont., via Grand Trunk Railway.

135. Unfair demurrage charges of Canadian Northern Railway on shipment of Kemp Manufacturing Company, Winnipeg, Man.

136. Insufficient train service provided by Phillipsburg Junction and Quarry Company, to residents at Phillipsburg East, Que.

137. Lack of medical attendance by Grand Trunk Pacific Railway to men on construction near Ingolf, Ont.

7-8 EDWARD VII., A. 1908

138. Poor mail connection of the Canadian Pacific and Canadian Northern Railways at Regina for mail for Lumsden, Sask.

139. Excessive switching charges of the Michigan Central Railway on shipments of the John Campbell Company, St. Thomas, Ont.

140. Failure of Grand Trunk Pacific Railway to obtain proper authority for crossings of highways in the municipality of Elton, Man.

141. Unsatisfactory train service of Canadian Pacific Railway to Asquith, Sask.

142. Inadequate car supply of Grand Trunk Railway for shipments of wood from Gilford, Ont.

143. Inadequate car supply by Canadian Pacific Railway Company for shipments of coal to Davidson, Sask.

144. Insufficient station accommodation provided by Central Vermont Railway at North Stanbridge, Que.

145. Inadequate car supply of Canadian Pacific and Canadian Northern Railways through the province of Manitoba, complaint of J. H. Ashdown Hardware Co., Winnipeg, Man.

146. Unsanitary condition of station and surroundings at Portage la Prairie, Man., Canadian Pacific Railway.

147. Protest of Northwest Cedarmen's Association against railways providing permanent stakes on flat and gondola cars for shipments of cedar products.

148. Delay in handling freight shipments via Grand Trunk Railway from Montreal, Que., to Victoriaville, Que.

149. Excessive charges of railways on commercial baggage from Ottawa and Winnipeg to Toronto, Ont.

150. Discriminatory rates of the Grand Trunk Railway on lumber shipments from Huntsville to St. Thomas as against Wingham, Ont.

151. Condition of cars supplied by Canadian Northern Railway to coal dealers at Edmonton, Alta., for the movement of coal traffic.

239. Excessive freight rates on lumber and coal charged by railways in Saskatchewan.
240. Discrimination in passenger rates to immigrants arriving at Canadian ports who were carried by non-combine steamers.
241. Failure of Central Vermont Railway to supply adequate equipment for removal of hay traffic from Des Rivières, Que.

APPENDIX F.

LIST OF EXAMINATIONS AND INSPECTIONS

MADE BY THE

**ENGINEERING DEPARTMENT OF THE BOARD, COVERING PERIOD
FROM APRIL 1, 1906, TO MARCH 31, 1907.**

APPENDIX F.

LIST OF EXAMINATIONS AND INSPECTIONS MADE BY THE ENGINEERING DEPARTMENT OF THE BOARD, COVERING PERIOD FROM APRIL 1, 1906, TO MARCH 31, 1907.

April 3, 1906.—Inspection of interlocking plant where the Canadian Pacific Railway crosses the Grand Trunk Railway at Alliston, Ont.

April 5, 1906.—Inspection of proposed change of location of the Toronto, Grey and Bruce Railway (leased by the Canadian Pacific Railway), near Bolton village, Ont.

April 5, 1906.—Inspection of spur lines of the Grand Trunk Railway in the town of Bracebridge, Ont.

April 6, 1906.—Inspection of the Hawk Rock bridge on the North Bay branch of the Grand Trunk Railway, near Gravenhurst, Ont.

April 7, 1906.—Inspection of the Grand Valley Railway from the southern limit of the town of Galt to its junction with the Galt, Preston and Hespeler Railway, a distance of about half a mile.

April 11, 1906.—Inspection of the crossing of the Hull Electric Railway over the Canadian Pacific Railway, north of Central depot, Ottawa.

April 11, 1906.—Inspection of diversion of the Nanaimo and Esquimaux Railway north of Ladysmith; and a general inspection of the line for opening for traffic.

April 14, 1906.—Inspection of drain on right of way of the Grand Trunk Railway in Preston, Ont.

April 18, 1906.—Inspection of the James Bay Railway, crossing the Canadian Pacific Railway tracks, at rail-level, near Wahnapiatae station, Ont.

April 27, 1906.—Inspection of proposal of the Canadian Pacific Railway to lay tracks on the west side of Nicholas street, in the city of Ottawa.

April 30, 1906.—Inspection of crossing of the Canadian Pacific Railway at Main street, Bridge and Little Bridge streets, Almonte, Ont.

May 2, 1906.—Inspection *re* better protection in regard to drainage of lands crossed by the proposed Lindsay diversion of the Grand Trunk Railway, Lindsay, Ont.

May 2, 1906.—Inspection of proposed crossing of Grand Trunk Railway on Angelina street, Lindsay, Ont.

May 3, 1906.—Inspection of R. Adams, farm crossing on the Canadian Pacific Railway (Sudbury-Kleinburg branch), six and a half miles south of Alliston, Ont.

May 3, 1906.—Inspection of interlocking plant of the Canadian Pacific Railway Company (Sudbury-Kleinburg branch), and the Grand Trunk Railway (Collingwood branch), near Utopia station, Ont.

May 3, 1906.—Inspection of Wright drain where it proposes to cross the Père Marquette Railway in the township of Raleigh, Essex county, Ont.

May 4, 1906.—Inspection of place where the Windsor, Essex and Lake Shore Rapid Railway proposes to cross the track of the Canadian Pacific Railway, on the Gravel road, township of Sandwich east, county of Essex, Ont.

May 4, 1906.—Inspection of crossing of the Grand Trunk Railway of the Peterborough Radial Railway, Peterborough, Ont.

May 5, 1906.—Inspection of proposed highway diversions in connection with the proposed Windsor yards, of the Canada Southern Railway, near Windsor, Ont.

May 5, 1906.—Inspection of place where the Windsor, Essex and Lake Shore Rapid Railway proposes to cross the tracks of the Canada Southern Railway on Talbot street, Essex, Ont.

7-8 EDWARD VII., A. 1908

May 11, 1906.—Inspection of proposed crossings of Lyndon street and the road on the Dominion Government reserve in the town of Thorold, Ontario, by the Niagara, St. Catharines and Toronto Railway.

May 25, 1906.—Inspection of crossing over the Canadian Pacific Railway on lot 10, concession 3, township of Neelon, district of Nipissing, Ont.

May 26, 1906.—Inspection of J. Bte. Chinier's proposed farm crossing on the So. line of the Canadian Pacific Railway, about three miles west of Blind River station, Ont.

May 28, 1906.—Inspection of proposed street crossing where the Canadian Pacific Railway intersects Huron street in the town of Steelton, Ont.

May 28, 1906.—Inspection of location of the proposed spur lines to the premises of the Union stock yards and Gunn's, Limited, Toronto Junction, Ont.

June 8, 1906.—Inspection of rail-level crossing over the main lines of the Grand Trunk Railway, from Montreal to Oshawa, at the western end of the Oshawa station.

June 8, 1906.—Inspection of highway crossing of the Grand Trunk Railway, between lots 20 and 21, in the township of Whitby, known as Corbett's Crossing.

June 9, 1906.—Inspection of crossing on farm of John Barr, Blyth, Ont.

June 11, 1906, Inspection of interlocking plant at the crossing of the Canadian Pacific Railway by the Grand Trunk Railway, one mile west of Woodstock, Ont.

June 11, 1906.—Inspection of conditions of approaches of highway bridge on Grand Trunk main line west of Paris station, Ontario; also as to the unsafe condition of a highway bridge over their branch line to Harrisburg,, near Blue Lake, Ont.

June 12, 1906.—Inspection of farm crossings of Jacob H. Wright and John A. Hicks, in lot 29, concession 4, township of Enniskillen, Ont.

June 19, 1906.—Inspection of additional lands required by the Grand Trunk Railway for terminal purposes at the Central station, Ottawa.

June 20, 1906.—Inspection of site proposed high level bridge over the tracks of the Canadian Pacific Railway and Grand Trunk Railway near the Don river, Toronto, Ont.

June 21, 1906.—Inspection of plans of proposed method of protection high tension power transmission lines at railway crossings.

June 22, 1906.—Inspection of place where it was proposed to permit the electric railway to cross the Grand Trunk Railway at Chatham, Ont.

June 22, 1906.—Further inspection of proposed crossing of the main line of the Grand Trunk Railway by the Chatham, Wallaceburg and Lake Erie Railway, in the city of Chatham, Ont.

June 23, 1906.—Inspection of site of proposed wall for protection of road at Milverton river, Ont.

June 28, 1906.—Inspection of site of proposed crossing of the Grand Trunk Railway main line on lot 15, concession 4, township of Scarboro, county of York, Ont.

July 2, 1906.—Inspection of site of proposed crossing of the Canadian Pacific Railway and Canadian Northern Railway by the Grand Trunk Pacific Railway, at West Fort William, Ont.

July 3, 1906.—Inspection of Napierville Junction Railway crossing the Grand Trunk Railway at rail level, 5,800 feet west of Lacolle Junction, Que.

July 4, 1906.—Inspection of highway bridge over the Grand Trunk Railway at St. Bruno, county of Chambly, Que.

July 7, 1906.—Inspection of ditches and culverts on the line of the Grand Trunk Railway in the township of Guelph, Ont.

July 12, 1906.—Inspection of additional culvert on the Grand Trunk Railway (Buffalo-Goderich branch), near Caledonia, Ont.

July 13, 1906.—Inspection of Guelph and Goderich Railway, into crossings and ditches, Blyth, Ont.

July 13, 1906.—Inspection of under-crossing on the Guelph and Goderich Railway, near Blyth, Ont.

SESSIONAL PAPER No. 20c

July 16, 1906.—Inspection of James Bay Railway crossing the Grand Trunk Railway (Sutton branch) near Mount Temple, Ont.

July 19, 1906.—Inspection of site of proposed crossing of Michigan Central Railroad by the Windsor, Essex and Lake Shore Rapid Railway.

July 19, 1906.—Inspection of site of proposed crossing of Michigan Central Railroad by the Windsor, Essex and Lake Shore Rapid Railway at Essex, Ont.

July 27, 1906.—Inspection of two farm crossings (Sudbury-Kleinburg branch) Canadian Pacific Railway, near Parry Sound, Ont.

August 2, 1906.—Inspection of interlocking plant at the crossing of the Canadian Pacific Railway (Sudbury-Kleinburg branch) with the Grand Trunk Railway (Midland branch) near Coldwater, Ont.

August 3, 1906.—Inspection of revised location of the Canadian Pacific Railway, through the property of the St. Paul Land and Hydraulic Company, Cote St. Paul, Que.

August 4, 1906.—Inspection of a diversion of the main line of the Crow's Nest Pass branch of the Canadian Pacific Railway, for opening for traffic at Macleod, Alta.

August 6, 1906.—Inspection of a bridge over the Assiniboine river at Headingly, Manitoba, on the line of the Canadian Pacific Railway.

August 9, 1906.—Inspection of fencing between Wolseley and Sinteluta, Saskatchewan, on the Canadian Pacific Railway.

August 9, 1906.—Inspection of interlocking plant at the crossing of the James Bay Railway with the Grand Trunk Railway (Toronto and North Bay line) at Washago, Ont.

August 20, 1906.—Inspection of road crossing on the line of the Grand Trunk Pacific Railway at Arrow River, Man.

August 23, 1906.—Inspection of second track of the Canadian Pacific Railway for opening for traffic between Westfort and Neebing, Ont.

September 5, 1906.—Inspection of several street crossings and subways on the Canadian Pacific Railway in Calgary, Alta.

September 7, 1906.—Inspection of Canadian Pacific Railway (Edmonton branch) of several street crossings in Didsbury, Alta.

September 7, 1906.—Inspection of Canadian Pacific Railway (Edmonton branch) of several street crossings in Olds, Alta.

September 18, 1906.—Inspection of crossing of the Dominion Atlantic Railway by the Middleton and Victoria Beach Railway at Middleton, N.S.

September 19, 1906.—Inspection of the location of the Quebec, Montreal and Southern Railway, on what is known as the South River Bridge.

September 20, 1906.—Inspection of the Canadian Pacific Railway Company's proposed drain across lot 2, concession 4, township of Kaladar.

September 22, 1906.—Inspection of Canadian Pacific Railway (Reston-Wolseley branch) for a distance of 92 miles from Reston to Windthart, Manitoba.

September 27, 1906.—Inspection of Canadian Pacific Railway (Lauder branch) for a distance of sixteen miles from Lauder to Broomhill, Man.

September 28, 1906.—Inspection of Canadian Pacific Railway (Moosejaw branch) for 14.5 miles from Moosejaw to Belbeck, Sask.

October 1, 1906.—Inspection of Canadian Pacific Railway (second track) for distance of 5.5 miles from Neebing to Murillo, Ont.

October 4, 1906.—Inspection of crossing of the Canadian Pacific Railway (Miniota branch) with the Grand Trunk Pacific Railway, near Forest, Man.

October 5, 1906.—Inspection of Canadian Northern Railway accident,—collapse of trestle bridge near Port Arthur, Ontario.

October 5, 1906.—Inspection of the crossing of the Canadian Pacific Railway at Nelson street, Sudbury, Ont.

October 11, 1906.—Inspection of Ottawa and New York Railway between Ottawa and Cornwall, with reference to condition of the road-bed.

7-8 EDWARD VII., A. 1908

October 11, 1906.—Inspection of highway crossings on line of the Ottawa and New York Railway, between Ottawa and Cornwall.

October 14, 1906.—Inspection of Canadian Pacific Railway (second track) for distance 13.5 miles from Murillo to Kakabeka, Ont.

October 14, 1906.—Inspection of Canadian Pacific Railway (second track), from Dexter to Linko, Ont., a distance of 5.7 miles.

October 14, 1906.—Inspection of Canadian Pacific Railway (second track) from Gull River to Ignace, Ont., a distance of 7.6 miles.

October 14, 1906.—Inspection of Canadian Pacific Railway (second track) from mile 6.5 to Raleigh, Ont.

October 16, 1906.—Inspection of Toronto-Sudbury branch of the Canadian Pacific Railway from Bolton to Craighurst, for opening for traffic.

October 17, 1906.—Inspection of Guelph and Goderich Railway for opening for traffic between Elmira and Milverton, Ont.

October 17, 1906.—Inspection of road crossing on line of Guelph and Goderich Railway, near Milverton river, township of Mornington, Ont.

October 17, 1906.—Inspection of Brandon, Saskatchewan and Hudson Bay Railway, for distance of 43 miles from the International boundary to Wenster, Man.

October 18, 1906.—Inspection of crossing of the Midland Railway with the Canadian Northern Railway at Roland, Man.

October 18, 1906.—Inspection of crossing of the Midland Railway with the Canadian Pacific Railway at Plum Coulee, Man.

October 22, 1906.—Inspection of Canadian Pacific Railway (Yahk branch) for a distance of 8.5 miles from Curzon to Kingsgate, British Columbia.

October 23, 1906.—Inspection of overhead bridge over the Grand Trunk Railway in the city of Kingston, Ont.

October 25, 1906.—Inspection of Timothy street crossing of the Canadian Pacific Railway, Montreal, Que.

October 27, 1906.—Inspection of the Vancouver, Victoria and Eastern Railway from Midway to Molson, B.C., a distance of 28.9 miles.

October 31, 1906.—Inspection of the Nicola, Kamloops and Similkameen Coal and Railway Company, from Spences Bridge to Coutlee, B.C., a distance of 37.8 miles.

November 2, 1906.—Inspection of the Staynerville Branch of the Canadian Pacific Railway from Staynerville Station to Brunet's Quarry, Que.

November 5, 1906.—Inspection of the Canadian Northern Railway, from Rose-dale, Toronto, to Parry Sound, Ont.

November 7, 1906.—Inspection of the Rockland Branch of the Grand Trunk Railway crossing the Canadian Northern at Rockland, Ont.

November 7, 1906.—Inspection of crossing of the Hawkesbury Branch of the Grand Trunk Railway by the Canadian Northern Ontario Railway.

November 8, 1906.—Inspection of crossing of the Niagara, St. Catharines and Toronto Railway by a spur line of the Michigan Central on Victoria Avenue, Niagara Falls, Ont.

November 9, 1906.—Inspection of place where the Walkerton and Lucknow Railway proposes to cross the Grand Trunk Railway near Hanover, Ontario.

November 9, 1906.—Inspection of newly constructed 'South Bank Branch' of the Canadian Pacific Railway, from a point on the south side of the Lachine canal to Eadie street, Cote St. Paul, Que.

November 10, 1906.—Inspection of crossing of the Midland Railway with the Canadian Pacific tracks in the western part of Winnipeg, Man.

November 16, 1906.—Inspection of Brandon, Saskatchewan and Hudson Bay Railway, from Brandon to Webster, Man., a distance of 26.5 miles.

November 17, 1906.—Inspection of crossing of Midland Railway with the Canadian Pacific Railway (Souris section) at Elm Creek, Manitoba.

SESSIONAL PAPER No. 20c

November 19, 1906.—Inspection of highway crossings by the Grand Trunk Railway in the town of St. John, Que.

November 19, 1906.—Inspection of crossing of the Windsor, Essex and Lake Shore Rapid Railway by the Canada Southern at Talbot street, Essex, Ont.

November 20, 1906.—Inspection of plans for spur track of the Grand Trunk Railway to the Canada Saw Company and the Lang Biscuit and Confectionery Company, Montreal, Que.

November 20, 1906.—Inspection of interlocking plant at the crossing of the Michigan Central Railway and the Grand Trunk Railway at Lasalette, Ont.

November 23, 1906.—Inspection of the Canadian Pacific Railway (Winnipeg Beach) to Gimli, Man.

November 23, 1906.—Inspection of New Brunswick Southern Railway between St. John and St. Stephen, with reference to the condition of road-bed, &c.

November 27, 1906.—Inspection of the Atlantic, Quebec and Western Railway.

November 28, 1906.—Inspection of the Canadian Pacific Railway (Wetaskiwan branch) from Daysland to Hardisty, Alta.

November 28, 1906.—Inspection of the Atlantic and Lake Superior Railway, from Matapedia to New Carlisle.

November 29, 1906.—Inspection of protection at Wilson, Norwich, Dundas and Peel streets, Woodstock, Ont.

November 29, 1906.—Inspection of culvert in the township of East Oxford, Ont.

November 30, 1906.—Inspection of location of proposed spur line of the Canadian Pacific Railway to the premises of the James Smart Company, Brockville, Ont.

December 1, 1906.—Inspection of street crossing with the Canadian Pacific Railway, in the city of Medicine Hat, Sask.

December 6, 1906.—Inspection of crossings of highways by the second track of the Michigan Central Railroad in the townships of Bertie, Humberstone and Crowsland, mileage, 0 to 16, from Bridgeburg. Townships of Walpole, Townsend, Windham, South Norwich, Durham and South Dorchester, mileage, 40 to 103 from Bridgeburg. Townships of Howard, Harwich, Raleigh and East Tilbury, mileage, 159 to 190 from Bridgeburg.

December 6, 1906.—Inspection of the tracks of the Michigan Central Railway for opening for traffic between Tilsonburg and Springfield and Ridgetown and Tilbury.

December 12, 1906.—Inspection of the Canadian Pacific Railway (Reston-Wolseley branch) from Windthorst to Kaiser, Sask.

December 20, 21 and 24, 1906.—Investigation into car shortage for the carriage of grain at North Portal, Saskatchewan. Bienfait, Saskatchewan and Darlington, Man.

December 20, 1906.—Inspection of trestle on spur line to Dickson's Mills, in Peterborough, Ont.

December 21, 1906.—Inspection of crossing of the Guelph and Goderich Railway by the Guelph Radial Railway on the Elora road, Guelph, Ont.

December 23, 1906.—Inspection of interlocking plant at the crossing of the Canadian Pacific Railway with the Canadian Northern, parish of St. James, Man.

December 27, 1906.—Inspection of interlocking plant at the crossing of the Michigan Central Railway with the Grand Trunk Railway at Hagersville, Ont.

December 27, 1906.—Inspection of interlocking plant at crossing of the Midland Railway with the Canadian Pacific Railway (Souris branch) at Elm Creek, Man.

December 27, 1906.—Inspection of interlocking plant at crossing of Midland Railway with the Canadian Northern Railway at Carman, Man.

December 27, 1906.—Inspection of interlocking plant at crossing of Midland Railway with the Canadian Pacific Railway at Plum Coulee, Man.

December 31, 1906.—Inspection of highway crossing of the Quebec, Montmorency and Charlevoix Railway at rail level, to get to what is known as the government wharf.

December 31, 1906.—Inspection of highway crossing over the Grand Trunk Railway tracks at their station known as Chaudière Curve.

January 2, 1907.—Inspection of diversion of highway across the Canadian Pacific

7-8 EDWARD VII., A. 1908

Railway tracks in the township of Petite Rivière du Loup, county of Maskinonge, Que.

January 6, 1907.—Investigation into collapse of Canadian Northern bridge near Port Arthur, Ont.

January 6, 1907.—Inspection of second track of Michigan Central Railway, for opening for traffic between Waterford and Tilsonburg.

January 14, 1907.—Inspection of protection at Notre Dame street, Montreal.

January 14, 1907.—Inspection of diversion of the old roadway at St. Timothy street, Montreal, over the tracks of the Canadian Pacific Railway.

January 15, 1907.—Inspection of method employed by electric companies in carrying high tension power transmission lines across railways.

January 16, 1907.—Inspection of crossing of the colonization road over the Canadian Pacific Railway at Bala, Ont.

January 17, 1907.—Investigation into wreck on the Canadian Pacific Railway, near Kamanistiquia, Ont.

January 18, 1907.—Investigation into wreck on the Canadian Pacific Railway at Ostersund, Ont.

January 22, 1907.—Inspection of places where the Preston and Berlin Street Railway crosses the spur lines of the Grand Trunk Railway on Joseph and Wilmot streets, Berlin, Ont.

January 23, 1907.—Inspection of London and Port Stanley Railway with reference to condition of road-bed.

January 24, 1907.—Inspection of proposed extension of Davis and Mitchell streets across the tracks of the Grand Trunk Railway in the town of Port Colborne, Ont.

February 1, 1907.—Inspection of branch line of the Vancouver, Westminster and Yukon Railway from False creek drawbridge to Clark's Drive, Vancouver, British Columbia.

February 1, 1907.—Inspection of the Vancouver, Westminster and Yukon Railway from a point on the main line north of False creek drawbridge to the foot of Carroll street, Vancouver, British Columbia.

February 1, 1907.—Inspection of the Vancouver, Westminster and Yukon Railway branch line across the south shore of False creek to Burrard Inlet, crossing several car tracks, and the tracks of the Canadian Pacific Railway in Vancouver, British Columbia.

February 4, 1907.—Inspection of place where the Vancouver, Westminster and Yukon Railway proposes to join the tracks of the Canadian Pacific Railway at Tenth street, Vancouver British Columbia.

February 4, 1907.—Inspection of location of proposed line of the Vancouver, Westminster and Yukon Railway from 14th to 20th streets, New Westminster.

February 4, 1907.—Inspection of crossing of the Vancouver, Westminster and Yukon Railway with spur line leading to the Royal City Mills, New Westminster.

February 4, 1907.—Inspection of crossing of the Vancouver, Westminster and Yukon Railway with the Canadian Pacific spur line leading to Smith & Bucklin's mill, near 14th street, New Westminster, British Columbia.

February 4, 1907.—Inspection of crossing of the Vancouver, Westminster and Yukon Railway with the Canadian Pacific Railway at Columbia street, New Westminster, British Columbia.

February 5, 1907.—Inspection of proposed location of a spur line of the Toronto, Hamilton and Buffalo Railway to the premises of the Canadian Westinghouse Company, Hamilton, Ont.

February 6, 1907.—Inspection of Lemire System of Railway Signals, electrically operated at Drummondville, Que.

February 7, 1907.—Inspection of working model of Lemire System of Railway Signals in New York Life Building, Montreal.

February 7, 1907.—Inspection of the Nicola, Kamloops and Similkameen Coal and Railway Company from Spence's bridge to Nicola Lake, B.C., for subsidy purposes.

SESSIONAL PAPER No. 20c

February 7, 1907.—Inspection of the Nicola, Kamloops and Similkameen Coal and Railway Company from Coutlee to Nicola Lake, B.C.

February 9, 1907.—Investigation into wreck on the Canadian Pacific Railway at Tranquille, near Kamloops, B.C.

February 15, 1907.—Inspection into the blocking up of the waterway at Coulter's Narrows by the Canadian Northern Railway.

February 19, 1907.—Inspection of interlocking plant at the crossing of the Grand Trunk Railway by the Michigan Central in the town of Welland, Ont.

February 21, 1907.—Investigation into shortage on the Canadian Northern Railway at Rosthern, Sask.

February 25, 1907.—Investigation into the supply of cars, equipment and power on all lines of the Canadian Northern Railway west of Port Arthur.

February 25, 1907.—Inspection of crossing of the Canadian Pacific Railway by the Grand Trunk Pacific Railway at St. Basile, Que.

March 1, 1907.—Inspection of place where the Chateauguay and Northern Railway crosses the Montreal Street Railway on Ontario street, near Valois avenue.

March 2, 1907.—Inspection of application of the city of Ottawa for the widening of bridge and approaches on Somerset street, over the Canadian Pacific and Grand Trunk Railways.

March 4, 1907.—Inspection of road-bed of the Grand Trunk Railway in the vicinity of Guelph, Ont.

March 6, 1907.—Inspection of the crossing of the Père Marquette over the Sarnia tunnel of the Grand Trunk Railway, at Dufferin park, Sarnia, Ont.

March 9, 1907.—Inspection of the Brandon, Saskatchewan and Hudson Bay Railway from Brandon, Manitoba, to the international boundary.

March 13, 1907.—Inspection of farm crossing over the old main line of the Grand Trunk Railway at Lachine, Que.

March 23, 1907.—Inspection of double track of the Canada Southern Railway from Welland to Niagara Junction, Ont.

March 27, 1907.—Inspection of crossings of the Canadian Pacific and Grand Trunk Railways over St. Clair avenue, North Toronto, Ont.

March 31, 1907.—Inspection of highway crossings on the Grand Trunk Pacific Railway in the township of Elton, Man.

R E P O R T

OF THE

INSPECTOR OF ACCIDENTS OF THE BOARD.

APPENDIX G.

REPORT OF THE INSPECTOR OF ACCIDENTS OF THE BOARD.

OTTAWA, June 18, 1907.

A. D. CARTWRIGHT, Esq.,
Secretary of the Board of
Railway Commissioners for Canada,
Ottawa.

DEAR SIR,—I have the honour to submit herewith my report showing the number of persons killed and injured in train accidents during the period commencing April 1, 1906, and ending March 31, 1907, as per reports furnished by the railway companies in accordance with the Railway Act, 1903, sections 235 and 236.

During the above period 460 persons were killed and 603 injured, classified as follows:—

	Killed.	Injured.
Passengers..	42	210
Employees..	212	317
Other persons..	206	76
Total..	460	603

APPENDIX H.

THE BOARD OF RAILWAY COMMISSIONERS FOR
CANADA—RULES AND REGULATIONS—
DECEMBER 10, 1906.

APPENDIX H.

MEETING AT OTTAWA.

MONDAY, the 10th day of December, A.D. 1906.

The board, in virtue of the provisions of the Railway Act, 1903, hereby makes the following rules and regulations:—

PUBLIC SESSIONS.

1. The general sessions of the board for hearing contested cases will be held at its Court Room in Ottawa, Ontario, on such dates and at such hour as the board may designate.

When special sessions are held at other places, such announcements as may be necessary will be made by the board.

INTERPRETATION.

2. In the construction of these rules, and the forms herein referred to words importing the singular number shall include the plural, and words importing the plural number shall include the singular number; and the following terms shall (if not inconsistent with the context or subject) have the respective meanings hereinafter assigned to them; that is to say, 'Application' shall include complaint under this Act; 'Respondent' shall mean the person or company who is called upon to answer to any application or complaint; 'Affidavit' shall include affirmation; and 'Costs' shall include fees, counsel fees, and expenses.

APPLICATION OR COMPLAINT.

3. Every proceeding before the board under this Act shall be commenced by an application made to it, which shall be in writing and signed by the applicant or his solicitor; or in the case of a corporate body or company being the applicants shall be signed by their manager, secretary, or solicitor. It shall contain a clear and concise statement of the facts, the grounds of application, the section of the Act under which the same is made, and the nature of the order applied for, or the relief or remedy to which the applicant claims to be entitled. It shall be divided into paragraphs, each of which, as nearly as possible, shall be confined to a distinct portion of the subject, and every paragraph shall be numbered consecutively. It shall be endorsed with the name and address of the applicant, or if there be a solicitor acting for him in the matter, with the name and address of such solicitor. The application shall be according to the forms in schedule No. 1.

The application, so written and signed as aforesaid, shall be left with or mailed to the secretary of the board, together with a copy of any document, or copies, of any maps, plans, profiles and books of reference, as required under the provisions of the Act, (a) referred to therein, or which may be useful in explaining or supporting the same. The secretary shall number such applications according to the order in which they are received by him and make a list thereof. From the said list there shall be made up a docket of cases for hearing which, as well as their order of entry on the docket, shall be settled by the board. Said docket list when completed to be put upon

(a) For further particulars of plans, &c., see regulations in Appendix.

7-8 EDWARD VII., A. 1908

a notice board provided for that purpose, which shall be open for inspection at the office of the secretary during office hours.

ANSWER.

4. Within ten days from the service of the application, the respondent or respondents shall mail or deliver to the applicant, or his solicitor, a written statement containing in a clear and concise form their answer to the application, and shall also leave or mail a copy thereof with or to the secretary of the board at its office, together with any documents that may be useful in explaining or supporting it. The answer may admit the whole or any part of the facts in the application. It shall be divided into paragraphs, which shall be numbered consecutively, and it shall be signed by the person making the same, or his solicitor. It shall be endorsed with the name and address of the respondents, or if there be a solicitor acting for them in the matter, with the name and address of such solicitor. It shall be according to the form in schedule No. 2.

REPLY.

5. Within four days from the delivery of the answer to the application, the applicant shall mail or deliver a reply thereto to the respondents, and a copy thereof to the secretary of the board, and may object to the said answer as being insufficient, stating the grounds of such objection, or deny the facts stated therein, or may admit the whole or any part of said facts. The reply shall be signed by the applicant or his solicitor, and may be according to form No. 3 in the said schedule.

The board may, at any time, require the whole or any part of the application, answer or reply, to be verified by affidavit, upon giving a notice to that effect to the party from whom the affidavit is required; and if such notice be not complied with the application, answer, or reply may be set aside, or such part of it as is not verified according to the notice may be struck out.

SUSPENSION OF PROCEEDINGS.

6. The board may require further information, or particulars, or documents from the parties, and may suspend all formal proceedings until satisfied in this respect.

If the board, at any stage of the proceedings, think fit to direct inquiries to be made under any of the provisions of this Act, it shall give notice thereof to the parties interested, and may stay proceedings or any part of the proceedings thereon accordingly.

NOTICE.

7. In all proceedings under this Act, where notice is required, a copy or copies of said proceeding, or proceedings, for the purpose of service, shall be endorsed with notice to the parties in the forms of endorsement set forth in schedules Nos. 1 and 2; and in default of appearance the board may hear and determine the application *ex parte*.

Endorsements shall be signed in accordance with the provisions of section 41.

The board may enlarge or abridge the periods for putting in the answer or reply, and for hearing the application, and in that case the period shall be endorsed in the notice accordingly.

Except in any case where it is otherwise provided, ten days' notice of any application to the board, or of any hearing by the board, shall be sufficient; unless, in any case, the board directs longer notice. The board may, in any case, allow notice for any period less than ten days, which shall be sufficient notice as if given for ten days or longer. (Section 43.)

Notice may be given or served as provided by section 41 of the Act.

SESSIONAL PAPER No. 20c

When the board is authorized to hear an application or make an order, upon notice to the parties interested, it may, upon the ground of urgency, or for other reason appearing to the board to be sufficient notwithstanding any want of or insufficiency in such notice, make the like order or decision in the matter as if the due notice had been given to all parties; and such order or decision shall be as valid and take effect in all respects as if made on due notice; but any person entitled to notice, and not sufficiently notified may, at any time within such further time as the board may allow, apply to the board to vary, amend, or rescind such order or decision; and the board shall thereupon, on such notice to all parties interested as it may in its discretion think desirable, hear such application, and either amend, alter, or rescind such order or decision, or dismiss the application, as may seem to it just and right. (Section 45.)

CONSENT CASES.

8. In all cases the parties may, by consent in writing, with the approval of the board, dispense with the form of proceedings herein mentioned, or some portion thereof.

POWER TO DIRECT AND SETTLE ISSUES.

9. If it appears to the board at any time that the statements in the application or answer, or reply do not sufficiently raise or disclose the issues of fact in dispute between the parties, it may direct them to prepare issues, and such issues shall, if the parties differ, be settled by the board.

PRELIMINARY QUESTIONS OF LAW.

10. If it appear to the board at any time that there is a question of law which it would be convenient to have decided before further proceeding with the case, it may direct such question to be raised for its information, either by special case or in such other manner as it may deem expedient, and the board may, pending such decision, order the whole or any portion of the proceeding before the board in such matter, to be stayed.

PRELIMINARY MEETING.

11. If it appear to the board at any time before the hearing of the application that it would be advantageous to hold a preliminary meeting for the purpose of fixing or altering the place of hearing, determining the mode of conducting the inquiry, the admitting of certain facts or the proof of them by affidavit, or for any other purpose, the board may hold such meeting upon such notice to the parties as it deems sufficient, and may thereupon make such orders as it may deem expedient.

PRELIMINARY EXAMINATION WITH THE PARTIES.

12. The board may, if it thinks fit, instead of holding the preliminary meeting, provided for in rule 11, communicate with the parties direct, and may require answers to such inquiries as it may consider necessary.

PRODUCTION AND INSPECTION OF DOCUMENTS.

13. Either party shall be entitled, at any time, before or at hearing of the case, to give notice in writing to the other party in whose application, or answer, or reply reference was made to any document, to produce it for the inspection of the party giving such notice, or his solicitor, and to permit him to take copies thereof; and any party not complying with such notice shall not afterwards be at liberty to put in such documents in evidence on his behalf in said proceedings, unless he satisfy the board that he had sufficient cause for not complying with such notice.

7-8 EDWARD VII., A. 1908

NOTICE TO PRODUCE.

14. Either party may give to the other a notice in writing to produce such documents as relate to any matter in difference (specifying the said documents), and which are in the possession or control of such other party; and if such notice be not complied with, secondary evidence of the contents of the said documents may be given by or on behalf of the party who gave such notice.

15. Either party may give to the other party a notice in writing to admit any documents, saving all just exceptions, and in case of neglect to admit, after such notice, the cost of proving such documents shall be paid by the party so neglecting or refusing, whatever the result of the application may be; unless, on the hearing, the board certifies that the refusal to admit was reasonable; and no costs of proving any document shall be allowed, unless such notice be given, except where the omission to give the notice is, in the opinion of the board, a saving of expense.

WITNESSES.

16. The attendance and examination of witnesses, the production and inspection of documents, shall be enforced in the same manner as is now enforced in a Superior Court of law; and the proceedings for that purpose shall be in the same form, *mutatis mutandis*, and they shall be sealed by the secretary of the board with the seal and may be served in any part of Canada. (Section 26.)

Witnesses shall be entitled, in the discretion of the board, to be paid the fees and allowances prescribed by schedule No. 4, annexed hereto.

THE HEARING.

17. Two witnesses at the hearing shall be examined *viva voce*; but the board may, at any time, for sufficient reason, order that any particular facts may be proved by affidavit, or that the affidavit of any witnesses may be read at the hearing on such conditions as it may think reasonable; or that any witnesses whose attendance ought, for some sufficient reason, to be dispensed with, be examined before a commissioner appointed by it for that purpose, who shall have authority to administer oaths, and before whom all parties shall attend. The evidence taken before such commissioner shall be confined to the subject-matter in question, and any objection to the admission of such evidence shall be noted by the commissioner and dealt with by the board at the hearing. Such notice of the time and place of examination as is prescribed in the order shall be given to the adverse party. All examinations taken in pursuance of any of the provisions of this Act, or of these rules, shall be returned to the court; and the depositions certified under the hands of the person or persons taking the same may, without further proof, be used in evidence, saving all just exceptions. The board may require further evidence to be given either *viva voce* or by deposition, taken before a commissioner or other person appointed by it for that purpose.

The board may, in any case when deemed advisable, require written briefs to be submitted by the parties.

The hearing of the case, when once commenced, shall proceed, so far as in the judgment of the board may be practicable, from day to day.

JUDGMENT OF THE BOARD.

18. After hearing the case the board may dismiss the application, or make an order thereon in favour of the respondents, or reserve its decision, or (subject to the right of appeal in the Act mentioned) make such other order on the application as may be warranted by the evidence and may seem to it just.

The board may give verbally or in writing the reasons for its decisions. A copy of the order made thereon shall be mailed or delivered to the respective parties. It shall not be necessary to hold a court merely for the purpose of giving decisions.

SESSIONAL PAPER No. 20c

Any decision or order made by the board under this Act may be made an order of the Exchequer Court, or a rule, order, or decree of any Superior Court of any province of Canada, and shall be enforced in like manner as any rule, order or decree of such court. To make such decision or order a rule, order or decree of such court, the usual practice and procedure of the court in such matters may be followed, or in lieu thereof the form prescribed in subsection 2, section 46, of the Act.

The board shall with respect to all matters necessary or proper for the due exercise of its jurisdiction under this Act, or otherwise for carrying this Act into effect, have all such powers, rights and privileges as are vested in a Superior Court. (Section 26.)

ALTERATION OR RESCINDING OF ORDERS.

19. Any application to the board to review, rescind, or vary any decision or order made by it shall be made within thirty days after the said decision or order shall have been communicated to the parties, unless the board think fit to enlarge the time for making such application, or otherwise orders.

APPEAL.

20. If either party desire to appeal to the Supreme Court of Canada from the decision or order of the board upon any question which, in the opinion of the board, is a question of law, he shall give notice (c) thereof to the other party and to the secretary, within fourteen days from the time when the decision or order appealed from was made, unless the board allows further time, and shall in such notice state the grounds of the appeal. The granting of such leave shall be in the discretion of the board.

For procedure upon such leave being obtained see section 56, subsection 4 *et seq.* of the Act.

An appeal shall lie from the board to the Supreme Court of Canada upon a question of jurisdiction; but such appeal shall not lie unless the same is allowed by a judge of the said court upon application and hearing the parties and the board.

The costs of such application shall be in the discretion of the judge.

INTERIM EX PARTE ORDERS.

21. Whenever the special circumstances of any case seem to so require, the board may make an interim *ex parte* order requiring or forbidding anything to be done which the board would be empowered upon application, notice and hearing to authorize, require or forbid. No such interim order shall, however, be made for a longer time than the board may deem necessary to enable the matter to be heard and determined. (Section 49.)

AFFIDAVITS.

22. Affidavits of service according to the form No. 6 shall forthwith, after service, be filed with the board in respect of all documents or notices required to be served under these rules; except when notice is given or served by the secretary of the board, in which case no affidavit of service shall be necessary.

All persons authorized to administer oaths to be used in any of the Superior Courts of any province, may take affidavits to be used on any application to the board.

Affidavits used before the board, or in any proceeding under this Act, shall be filed with the secretary of the board at its office.

Where affidavits are made as to belief, the grounds upon which the same are based must be set forth.

(c) For form of notice see form No. 5 in the schedule hereto.

7-8 EDWARD VII., A. 1908

COMPUTATION OF TIME.

23. In all cases in which any particular number of days, not expressed to be clear days, is prescribed by this Act, or by these rules, the same shall be reckoned exclusively of the first day and inclusively of the last day, unless the last day shall happen to fall on a Sunday, Christmas Day, or Good Friday, or a day appointed for a public fast or thanksgiving in the Dominion or any of the provinces, in which case the time shall be reckoned exclusively of that day also.

ADJOURNMENT.

24. The board may, from time to time, adjourn any proceedings before it.

25. The board may at any time allow any of the proceedings to be amended, or may order to be amended or struck out any matters which, in the opinion of the board, may tend to prejudice, embarrass, or delay a fair hearing of the case upon its merits and all such amendments shall be made as may, in the opinion of the board, be necessary for the purpose of hearing and determining the real question in issue between the parties.

FORMAL OBJECTIONS.

26. No proceedings under this Act shall be defeated or affected by any technical objections or any objections based upon defects in form merely.

PRACTICE OF EXCHEQUER COURT WHEN APPLICABLE.

27. In any case not expressly provided for by this Act, or these rules, the general principles of practice in the Exchequer Court may be adopted and applied, at the discretion of the board, to proceedings before it.

COSTS.

28. The costs of and incidental to any proceedings before the board shall be in the discretion of the board, and may be fixed in any case at a sum certain, or may be taxed. The board may order by whom and to whom the same are to be paid, and by whom the same are to be taxed and allowed.

SCHEDULE No. 1.

(Forms of Application.)

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

APPLICATION No. (This No. is to be filled in by the secretary on receipt.)

A. B. of C. D. hereby applies to the board for an order under sections 252-253 of the Railway Act, 1903, directing the _____ Railway Company to provide and construct a suitable farm crossing where the company's railway intersects this farm in lot _____ con. _____ tp. _____ county of _____ Ontario, and states—

1. That he is the owner of the land, &c.
2. That by reason of the construction of the said railway he is deprived, &c.
3. That it is necessary for the proper enjoyment of his said land, &c.

Dated this _____ day of _____, A.D. 19 _____.

(Signed A. B.)

SESSIONAL PAPER No. 20c

Endorsements.

The within application is made by A. B. of
 (state address and occupation) or by C. D.
 of his solicitor.

Take notice that the within named railway company is required to file with the Board of Railway Commissioners within ten days from the service hereof, its answer to the within application.

Form of Application.

(Where no Notice Required.)

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

Application No.

The Railway Company hereby applies to the board for an order under section 167 of the Railway Act, 1903, sanctioning the plans, profiles and books of reference submitted in triplicate herewith, showing a proposed deviation of its line of railway as already constructed between and , mileage to .

Dated this day of A.D. 19 .

(Signed A. B.)

SCHEDULE No. 2.

(Form of Answer.)

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

In the matter of the application, No. of A.B., for an order under sections 252-253 of the Railway Act, 1903, directing Railway Company to provide a farm crossing.

The said company in answer to the said application states:—

1. That the said A.B. is not the owner but merely, &c.
2. That upon the acquisition of the right of way of the said railway, A.B. was duly paid for and released, &c.
3. That the said A.B. has other safe and convenient means, &c.
4. That, &c.

Endorsements.

The within answer is made by A.B. of
 (state address and occupation), or by C.D.
 of , his solicitor.

Take notice that the within named applicant is required to file with the Board of Railway Commissioners within four days from the service hereof, his reply to the within answer.

SCHEDULE No. 3.

(Reply.)

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

In the matter of the application of A.B. against the company.

The said A.B., in reply to the answer of the said company, states that:—

- 1.
2. And the said A.B. admits that

Dated this day of , A.D. 19 .

Signed (Q).

SCHEDULE No. 4.

(Fees and allowances to witnesses.)

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

To witnesses residing within three miles of the court-room, per diem (not including ferry and meals)	\$1 00
Barristers, attorneys and physicians, when called upon to give evidence in consequence of any professional ser- vices rendered by them, or to give professional opinion, per diem	5 00
Engineers, surveyors and architects, when called upon to give evidence of any professional services rendered by them, and to give evidence depending upon their skill and judgment, per diem	5 00

If the witnesses attend in one case only, they will be entitled to the full allow-
ance. If they attend in more than one case, they will be entitled to a proportionate
part in each case only.

When witnesses travel over three miles they shall be allowed expenses according
to the sum reasonably and actually paid, which in no case shall exceed twenty cents
per mile one way.

SCHEDULE No. 5.

(Notice of Appeal.)

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

In the matter of the application No. _____ of A.B., for an order under
sections 252-253 of the Railway Act, 1903, authorizing the _____ Railway,
&c., &c.

To the Board of Railway Commissioners,
and

To _____
The above-named applicant (or respondent, as the case may be).

Take notice that the _____ Company will apply to the board on
the _____ day of _____, (not exceeding 14 days from the date
thereof), for leave to appeal to the Supreme Court of Canada from the order of the
board, dated the _____ day of _____, in the matter of the above
application authorizing the expropriation of certain lands referred to in said order,
and directing that compensation or damages to be awarded to the owners of said
lands, or persons interested therein, shall be ascertained as and from the date of the
application (or such other time as may be named in this order).

The grounds of appeal are that as a matter of law, the awarding of such com-
pensation or damages should be ascertained and determined from the date of the
deposit of plan, profile, &c., as provided under section 192 of the Act, and not from
the time stated in the order.

Dated this _____ day of _____
Signed,

Solicitor, &c.

SESSIONAL PAPER No. 20c

SCHEDULE No. 6.

(Form of Affidavit of Service.)

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

In the matter of the application, No. _____, of A.B., for an order under sections 252-253 of the Railway Act, 1903, directing _____ Railway Company to provide a farm crossing.

I, _____ of the city of Ottawa, &c., make oath and say:—

1. That I am a member, &c.

2. That I did on _____ 19 _____, serve the (C.P.) Railway Company above-named, with a true copy of the (application) of the said (A.B.) in this matter by delivering the same to (C.D.), the secretary of the said company, (or to E.F., the assistant to the general manager) of the company, being an adult person in the employ of the company at the head office of the company in (Montreal), see section 41 (a), which said copy was endorsed with the following notice, viz.:—

(Copy exactly.)

Sworn, &c.

REQUIREMENTS ON APPLICATION HAVING REFERENCE TO PLANS.

No. 1.—General Location of Railway.—Section 157.

Send to secretary of the Department of Railways and Canals: Three copies of map showing the general location of the proposed line of railway, the termini and the principal towns and places through which the railway is to pass, giving the names thereof, the railways, navigable streams and tide-water, if any, to be crossed by the railway, and such as may be within a radius of thirty miles of the proposed railway and generally the physical features of the country through which the railway is to be constructed.

First copy to be examined and approved by the minister, and filed in the Department of Railways and Canals.

Second copy to be approved by minister for filing by the company with the board.

Third copy to be approved by minister for the company.

Scale of map—not less than six miles to the inch.

No. 2.—Plan, Profile, &c., of Located Line.—Section 158.

Upon approved general location map being filed by the company with the board, send to the secretary of the board three sets of plans, prepared exactly in accordance with the 'general notes'* as follows:—

1st set—	<table border="0"> <tr> <td>1 plan.</td> <td rowspan="3">} To be examined, sanctioned</td> </tr> <tr> <td>1 profile.</td> <td>and deposited with the</td> </tr> <tr> <td>1 book of reference.</td> <td>board.</td> </tr> </table>	1 plan.	} To be examined, sanctioned	1 profile.	and deposited with the	1 book of reference.	board.
1 plan.	} To be examined, sanctioned						
1 profile.		and deposited with the					
1 book of reference.		board.					

2nd set—Same as 1st.—To be examined, certified and returned for registration.

3rd set—Same as 1st.—To be certified and returned to company.

Scale—Plans—400 feet to the inch.

(N.B.—In prairie country, scale may be 1,000 feet to the inch.)

Profiles—

{	Horizontal, 400 feet.
	Vertical, 20 feet.

* General Notes, see pages 17 and 18.
20c—9

7-8 EDWARD VII., A. 1908

No. 3.—To Alter Location or Curves or Grades of Line Previously Sanctioned or Completed.—Section 167.

Send to the secretary of the board three sets of plans, profiles and books of reference as required in No. 2.

(N.B.—The plans and profiles so submitted will be required to show the original location, grades and curves and railway highway and farm crossings, and the changes desired or necessitated in any of these.)

Scale—Same as No. 2.

No. 4.—Plans of Completed Railway.—Section 164.

Send to the secretary of the board within six months after completion three sets of plans and profiles of the completed road.

1st set to be filed with the board.

2nd set to be certified and returned to the company.

3rd set for registration purposes.

Scale—Same as No. 2.

No. 5.—To take Additional Lands for Stations, Snow Protection, &c.—Section 178.

Send to the secretary of the board three sets of plans and documents as follows:—

1st set—	$\left\{ \begin{array}{l} 1 \text{ application sworn to by officers} \\ \text{required to sign and certify} \\ \text{plans. See 'General Notes,'} \\ 1 \text{ plan, 1 profile.} \\ 1 \text{ book of reference.} \end{array} \right\}$	To be examined and certified and deposited with board.
----------	---	--

2nd set—Same as 1st. $\left\{ \begin{array}{l} \text{For certificate and return for registration, with duplicate} \\ \text{authority.} \end{array} \right.$

3rd set—Same as 1st. $\left\{ \begin{array}{l} \text{Scale—Same as No. 2.} \\ \text{For certificate and return to company, with copy of authority.} \end{array} \right.$

N.B.—Ten days' notice of application must be given by the applicant company to the owner or possessor of the property, and copies of such notice with affidavits of service thereof must be furnished to the board on the application.

No. 6.—Branch Lines, not Exceeding Six Miles—Sections 221-225.

(a) 1 plan, profile and book of reference same as No. 2 to be deposited in Registry Office.

Upon such registration four weeks' public notice of application to the board to be given.

Send to the secretary of the board an application with copies of the plan, profile and book of reference certified by the registrar as a duplicate of those so deposited in the Registry Office.

A certified copy of the order authorizing the construction of the branch lines to be registered, together with any papers and plans showing changes directed by the board.

A map showing the adjacent country, neighbouring lines, &c., must be sent to the secretary of the board with the application.

Proof of registration and of public notice having been duly given will be required upon the application.

Scale—Same as No. 2.

SESSIONAL PAPER No. 20c

No. 7.—Railway Crossings or Junctions.—Section 227.

Send to the secretary of the board with an application three sets of plan of both roads at point of crossing.

Scale—Plan—100 feet to the inch.

Also three sets of plan and profile of both roads on either side of the proposed crossing for a distance of two miles.

Scale—Plan—400 feet to the inch.

Profile. $\left\{ \begin{array}{l} 400 \text{ feet to inch horizontal.} \\ 20 \text{ feet to inch vertical.} \end{array} \right.$

1st set for approval by and filing with the board.

2nd and 3rd sets to be certified and furnished to the respective companies concerned, with certified copy of order.

The applicant company must give ten days' notice of application to the company whose lines are to be crossed or joined, and shall serve with such notice a copy of all plans and profiles and a copy of the application. Upon completion of work application must be made to the board for leave to operate.

No. 8.—Highway Crossing.—Sections 235 to 243.

Send to the secretary of the board with an application three sets of plans and profiles of the crossings.

Scale—Plan—400 feet to inch.

Profile. $\left\{ \begin{array}{l} 400 \text{ feet to an inch horizontal.} \\ 20 \text{ feet to an inch vertical.} \end{array} \right.$
 Profile of highway $\left\{ \begin{array}{l} 100 \text{ feet to an inch horizontal.} \\ 20 \text{ feet to an inch vertical.} \end{array} \right.$

1st set for approval by and filing with the board.

2nd and 3rd sets to be furnished to the respective parties concerned, with a certified copy of the order approving the same.

The plan and profile shall show at least one-half a mile of the railway and 300 feet of the highway on each side of the crossing.

Plan must show intervening obstructions to the view from any point on the highway within 100 feet of the crossing to any point on the railway within one-half mile of the said crossing.

Where no notice of the application is required, if the company prefers, the above information may be shown on the location plan, and this plan may be used in connection with its application for approval of the highway crossing.

Unless otherwise ordered by the board, the applicant must give ten days' notice of the application to the municipality in which the proposed crossing lies.

No. 9.—Crossing with Wires for Telegraph, Telephones and Powers.—Section 246.

Send to the secretary of the board with the application a plan and profile in duplicate. Profile must show the distance between the different lines of wire.

A copy of plan and profile to be sent to the railway company with notice of application.

7-8 EDWARD VII., A. 1908

No. 10.—Crossings and Works upon Navigable Waters, Beaches, &c.—Section 233.

Upon sight and general plans being approved by the Governor in Council, send to the secretary of the board:—

Certified copy of order in council with the plans and description approved thereby—1 application and 2 sets of detail, plans, profiles, drawings and specifications.

1st set for filing with board.

2nd set to be certified and returned to company with certified copy of order.

Upon completion of work application must be made to the board for leave to operate.

No. 11.—Bridges, Tunnels, Viaducts, Trestles, &c., over 18 feet span.—Section 257.

(a) Must be built in accordance with standard specifications and plans, approved of by the board.

(b) Or detail plans, profiles, drawings, and specifications, which may be blue, white or photographic prints, must be sent to the secretary of the board for approval, &c., as in No. 9.

No. 12.—Stations.—Section 258.

Send to the secretary of the board:—

Two sets of detail plans, profiles, drawings and specifications, with an application for approval.

1st set for filing with the board.

2nd set to be certified and returned to company with certified copy of order of approval.

GENERAL NOTES.

Plans (for Nos. 2 to 6) must show the right of way, with lengths of sections in miles, the names of the terminal points, the station grounds, the property lines owner's names, the areas and length and width of land proposed to be taken, in figures (every change of width being given) the curves and the bearings, also all open drains, watercourses, highways, and railways proposed to be crossed or affected.

Profiles shall show the grades, curves, highway and railway crossings, open drains and watercourses, and may be endorsed on the plan itself.

Books of reference shall describe the portion of land proposed to be taken in each lot to be traversed, giving numbers of the lots, and the area, length and width of the portion thereof proposed to be taken and names of owners and occupiers so far as they can be ascertained.

All plans, profiles and books of reference must be dated and must be certified and signed by the president or vice-president or general manager, and also by the engineer of the company.

The plan and profile to be retained by the board must be on *linen*, the copies to be returned may be either white, blue or photographic prints.

All profiles shall be based, where possible, upon sea level datum.

All books of reference must be made on good thick paper and in the form of a book with a suitable paper cover. The size of such books when closed shall be as near as possible to $7\frac{1}{2}$ inches by 7 inches.

Book of reference may be endorsed on the plan.

7-8 EDWARD VII., A. 1908

INTERLOCKING SYSTEM.

Rules governing the use of interlocking and derailling signals and speed of trains where one railway crosses another at rail level, or where a railway crosses a drawbridge.

1. The normal position of all signals must indicate danger.
2. When the distant semaphore indicates caution, the train passing must be under full control and prepared to come to a full stop before reaching the home signal.
3. When the home signal indicates danger, it must not be passed.
4. When clear signals are shown where one railway crosses another at rail level, the speed of passenger trains must be reduced to thirty-five miles an hour and freight trains to twenty miles an hour, until the entire train has passed the crossing.
5. When clear signals are shown where a railway crosses a drawbridge, the speed of passenger trains must be reduced to twenty-five miles an hour and the speed of freight trains to fifteen miles an hour, until the entire train has passed the drawbridge.

GENERAL REQUIREMENTS.

APPLICABLE TO STEAM RAILWAYS FOR INTERLOCKING, DERAILING AND SIGNAL SYSTEM AT CROSSINGS AT RAIL LEVEL AND AT JUNCTIONS.

The plan and construction of interlocking, signalling and derailling system to be used at rail level crossings and junctions of one railway by another must be arranged to conform to the following general rules:—

1. The normal position of all signals must indicate danger, derail points open and the interlocking so arranged that it will be impossible for the operator to give conflicting signals.
2. The derail points must be placed not less than 500 feet from point of intersection of the crossing of junction tracks, unless in special cases in which the board authorizes in writing a less distance.
3. On side track the position of derail points may be located so as to best accommodate the traffic, and provide the same measure of safety indicated in foregoing rules.
4. On single track railways derail points, when practicable, should be on inside of curve and on double track railway the derail points should be in outside rail on both tracks. On double track railways, back up derails will be required.
5. Home signal posts must be 50 feet beyond point of derail, and the distance between home and distant signals must be not less than 1,200 feet. Signal post should be placed on engineman's side of track it governs.
6. Guard rails should be laid on outside of rail in which the derail is placed and commence at least 6 feet toward home signal from point to derail, extending from thence toward crossing, parallel with and 9 inches distant from track rail, for 400 feet.
7. In case there are crossovers, turnouts, or other connecting tracks involved in the general system, the movements of cars and trains upon which present an element of danger, which danger will be enhanced by the passage of trains on main tracks over crossings without stopping, and consequently at a higher speed than would be the case without the permit sought, then, and in all such cases whether such enhanced danger be of collision between cars and trains of the same railway, or between cars or trains of different railways, it will be necessary, in addition to the protection of the main crossing, to provide by proper appliances against any such increased collateral dangers in the same complete manner as is required in the case of the main crossing.
8. Application for inspection of interlocking plant must be made to the board accompanied by a plain diagram, showing location of crossing and position of all main tracks, sidings, switches, turnouts, &c.

The several tracks must be indicated by letters or figures, and reference made to each, explaining the manner of its use. The rate of grade on each main track must be shown, together with numbers of signals, derails, locks, &c., corresponding to levers in tower.

SESSIONAL PAPER No. 20c

It is intended herein to state general rules, which will govern the construction of any proposed system of interlocking. The traffic to be done, relative position and operation of intersecting lines may require safeguards not mentioned herein.

The system of derailing, signalling and interlocking must be connected and worked and be complete in each particular before the board will grant an order authorizing the operation of such interlocking, derailing and signal system, or the crossing by the railway ordered to put on the system.

GENERAL REQUIREMENTS FOR INTERLOCKING AT DRAWBRIDGES.

Interlocking, signalling and derailing systems to be used at drawbridges must be arranged to conform to the following general rules:—

1. The normal position of all signals must indicate danger, derail points open, and the interlocking so arranged that it will be impossible for the operator to open the draw until signals and derails are set against the approaching train movement.
2. Where the grade is practically level the derailing points shall be located not less than 500 feet from the ends of the bridge, but in case of a descending grade towards the bridge, the derailing point must be located at such distance from the bridge as to give the same measure of protection that is required for a level approach.
3. On single track railways, derail points, when practicable, should be on the inside of curve, and on double track railways, the derail points should be in outside rails of both tracks.
4. On double track railways back-up derails will be necessary.
5. Home signal posts must, when practicable, be located on the engineman's side of the track they govern, and should be not less than fifty (50) feet nor more than two hundred (200) feet in advance of the point they govern, the distant signals should be located not less than twelve hundred (1,200) feet in advance of the home signal, with which it operates and on the same side of the track. The distance signal should be distinguished by a notch cut in the end of the semaphore arm.
6. The arms and back lights of all signals should be visible to the signalman in the tower. If from any cause, the arm or light of any signal cannot be placed so as to be seen by the signalman, a repeater or indicator should be provided in the tower.
7. Guard rails should be laid on outside of rail in which the derail is placed and, commencing at least 6 feet in advance of derail, should extend thence towards the end of the bridge, parallel with and 9 inches from track rail, for not less than 400 feet.
8. Application for inspection must be made same as for railway crossings.

By order of the board,

A. D. CARTWRIGHT,
Secretary.

APPENDIX I.

STANDARD CONDITIONS AND SPECIFICATIONS FOR
TELEPHONE CROSSINGS.

APPENDIX I.

STANDARD CONDITIONS AND SPECIFICATIONS FOR TELEPHONE CROSSINGS.

(Approved by Order of the Board of Railway Commissioners for Canada, dated March 27th, A.D. 1907.)

PART 1.—OVER-CROSSINGS.

(a) *Conditions.*

1. The telephone company, shall, at all times, at its own expense, maintain in good order and condition and at the height called for by the specifications hereinafter set forth, the lines, wires, and cables crossing the said railway so that at no time shall any damage be caused to the company owning, operating, or using the said railway, or to any person lawfully upon or using the same, and shall use all proper and necessary means to prevent any such wires and cables from sagging below said height.

2. The telephone company shall, at all times, wholly indemnify the company owning, operating, or using the said railway of, from, and against all loss, costs, damage, and expense to which the said railway company may be put by reason of any damage or injury to person or property caused by any of the said wires or cables, or any works or appliances herein provided for, not being erected in all respects in compliance with the terms and provisions of this order, or if, when so erected, not being at all times maintained and kept in good order and condition and in accordance with the terms and provisions of this order, as well as any damage or injury resulting from the imprudence, neglect, or want of skill of any of the employees or agents of the telephone company.

3. No work shall at any time be done under authority of this order in such a manner as to obstruct, delay, or in any way interfere with the operation or safety of the trains or traffic on the said railway.

4. Where in effecting any such crossing, the telephone company desires to erect poles between the tracks of the railway before any work in connection with such crossing is begun, the telephone company shall give to the railway company owning, operating, or using the said railway, at least forty-eight hours prior notice thereof in writing, and the said railway company shall be entitled to appoint an inspector under whose supervision such work shall be done and whose wages, at a rate not to exceed \$3 per day, shall be paid by the telephone company.

5. Where wires or cables to be carried across the railway are to be carried above existing telegraph or other telephone wires and across a trolley wire or other high voltage wires, either within the spans to be constructed across the railway or within the spans next thereto on either side, such additional precautions shall be taken by the telephone company by placing of guard wires or other protective devices as the engineer of the board shall consider necessary.

6. Nothing in this order shall prejudice or detract from the right of the company owning, operating, or using the railway to adopt at any time the use of electric or other motive power and to place and maintain upon or under its right of way such poles, lines, wires, cables, pipes, conduits, and other fixtures and appliances as may be necessary or proper for such purposes. Liability for the cost of any removal, change in location, or construction of the poles, lines, wires, cables, or other fixtures or appliances erected by the telephone company under authority of this order over the tracks of the said railway company, rendered necessary by any of the matters referred

7-8 EDWARD VII., A. 1908

to in this paragraph, shall be fixed by the board on the application of any party interested.

7. Any dispute arising between the telephone company and the said railway as to the manner in which the said wires and cables are being erected, maintained, used, or repaired shall be referred to the engineer of the board, whose decision shall be final.

8. The wires and cables of the telephone company shall be erected and maintained across the said railway in accordance with the plan approved by the board and the specifications following:—

(b) *Specifications.*

Location of Poles.—Poles to be located, wherever possible, a distance from the rail not less than equal to the length of the poles used.

Poles must, under no circumstances, be placed less than 12 feet from the rail of a main line, or less than 6 feet from the rail of siding. At loading sidings, sufficient space to be left for driveway.

Setting of Poles.—Poles of 25 feet to 34 feet in length to be set not less than 5 feet; 35 feet, $5\frac{1}{2}$ feet; 36 to 50 feet, not less than 6 feet, and over 50 feet, 7 feet in solid ground. Poles with side strains to be reinforced. Poles to be at least 7 inches in diameter at top. In soft ground, poles must be set so as to obtain the same amount of rigidity as would be obtained by the above specifications for setting poles in solid ground.

Length of Span.—Span must be as short as possible consistent with the rules of locating and setting of poles.

Fitting of Poles.—The pole at each side of a railway must be fitted with double cross-arms, dimensions not less than 3 inches x 4 inches, equipped with $1\frac{1}{4}$ -inch hardwood pins nailed in arms; arm to be properly fastened to the pole in a gale by not less than two lag screws $\frac{1}{2}$ x 7 inches, or by a $\frac{3}{8}$ -inch machine bolt through the pole; arms carrying more than two wires or carrying a cable must be braced by two iron braces fastened to the arm by $\frac{3}{8}$ -inch carriage bolts, and to the pole by a lag screw 5 x $\frac{3}{8}$ -inch.

Height of Wires.—The lowest wire must not be less than 25 feet from top of rail for spans up to 145 feet, $2\frac{1}{2}$ feet additional clearance must be given for every 20 feet additional length of span. Wires crossing over or under telegraph or telephone wires erected along the railway right of way must clear either 3 feet over or 3 feet under.

Where open lines are strung across railway tracks, the stretch must consist of copper wire, to be not less than No. 13 New British Standard gauge .080 inches in diameter. Wire to be tied to the insulator by a soft copper tie wire of same dimensions as line wire, not less than 20 inches in length. Where a number of rubber covered wires are strung across railway tracks, they may be made up into a cable by being twisted on each other or sewn with marline, which must be tied every 3 inches, and the whole securely fastened to the poles by marline. Guy wires crossing railway tracks must consist of either 7 stranded No. 16 or No. 13 galvanized steel wire, and must be clearly indicated as guy wires on the plan accompanying the application.

Guards.—An iron hook guard to be placed on the end of each cross-arm, or a wire loop guard over each wire and fastened by staples to the cross-arm.

Cable.—Where cables are strung across tracks, they must be carried on a suspension wire of not less than 7 strands of No. 13 galvanized steel wire, which when cross-arms are used will be attached to a $\frac{3}{4}$ iron hook; or when fastened to poles, a malleable iron messenger hanger bolted through the poles; the cable to be attached to the suspension wire by cable clips not more than 20 inches apart.

Rubber insulated cables of less than $\frac{3}{4}$ -inch in diameter may be carried on a suspension wire of not less than 7 strands of No. 16 galvanized steel wire.

SESSIONAL PAPER No. 20c

PART 2.—UNDER-CROSSINGS.

(a) *Conditions.*

1. The line or lines, wire or wires, shall be carried across the railway in accordance with the approved plan, and a pipe or pipes, conduit or conduits, and each shall, for the whole width of the right of way adjoining the highway, be laid at the depth called for by, and shall be constructed, maintained, renewed, and repaired according to, the specifications hereinafter set forth.

2. All work in connection with the laying, maintaining, renewing, or repairing of each pipe or conduit, and the continued supervision of the same, shall be performed by, and all costs and expenses thereby incurred be borne and paid by, the telephone company; but no work shall, at any time, be done under authority of this order in such a manner as to obstruct, delay, or in any way interfere with the operation or safety of the trains or traffic on the said railway.

3. The telephone company shall, at all times, maintain each pipe or conduit in good order and condition and so that at no time shall any damage be caused to the property of the railway company, or any of its tracks be obstructed, or the usefulness or safety of the same for railway purposes be impaired, or the full use and enjoyment thereof by the said railway company be in any way interfered with.

4. Before any work of laying, renewing, or repairing any pipe or conduit is begun the telephone company shall give to the railway company at least forty-eight hours prior notice thereof, in writing, accompanied by a plan and profile of the part of the railway to be affected, showing the proposed location of such pipe or conduit and works contemplated in connection therewith, and the said railway company shall be entitled to appoint an inspector to see that the telephone company, in performing said work, complies, in all respects, with the terms and conditions of this order, and whose wages, at a rate not exceeding \$3 per day, shall be paid by the telephone company.

5. The telephone company shall, at all times, wholly indemnify the company owning, operating, or using the said railway of, from, and against all loss, costs, damage, and expense to which the said railway company may be put by reason of any damage or injury to person or property caused by any pipe or conduit, or any works or appliances herein, or in the order authorizing the work provided for, not being laid and constructed in all respects in compliance with the terms and provisions of this order, or if, when so constructed and laid, not being at all times maintained and kept in good order and condition and in accordance with the terms and provisions of said order, or any order or orders of the board in relation thereto, as well as any damage or injury resulting from the imprudence, neglect, or want of skill of any of the employees or agents of the telephone company.

6. Nothing in this order shall prejudice or detract from the right of any company owning, or operating, or using the said railway to adopt, at any time, the use of electric or other motive power, and to place and maintain upon or under the said right of way such poles, wires, pipes, and other fixtures and appliances as may be necessary or proper for such purposes. Liability for the cost of any removal, change in location, or construction of the pipes, conduits, wires, or cables constructed or laid by the telephone company under authority of this order, rendered necessary by any of the matters referred to in this paragraph, shall be fixed by the board on the application of any party interested.

7. Any dispute arising between the telephone company and any company owning, using, or operating said railway as to the manner in which any pipe or conduit, or any works or appliances hereinbefore provided for, are being laid, maintained, renewed, or repaired, shall be referred to the engineer of the board, whose decision shall be final and binding on all parties.

7-8 EDWARD VII., A. 1908

(b) *Specifications.*

Duct.—Vitrified clay, creosoted wood, iron pipe or fibre may be used.

Depth.—The excavation must be of sufficient depth to allow the top duct to be at least 3 feet below the bottom of the ties of the railway tracks.

Laying.—The duct to be laid on a base of 3 inches of concrete mixed in proportion, 1 of cement, 3 of sand, and 5 of broken stone or gravel.

Where stone is used, such stone not to be of greater size than will permit of its passage through a 1-inch ring.

After ducts are laid, the whole to be encased to a thickness of 3 inches on top and sides in concrete mixed in the same proportion as above.

Filling in.—The excavation must be filled in slowly and well tamped on top and side.

Guard.—The excavation must be at all times safely protected.

FORTIETH ANNUAL REPORT

OF THE

DEPARTMENT OF MARINE AND FISHERIES

1907,

M A R I N E

PRINTED BY ORDER OF PARLIAMENT

OTTAWA

PRINTED BY S. E. DAWSON, PRINTER TO THE KING'S MOST
EXCELLENT MAJESTY

1907

[No. 21 - 1908.]

To His Excellency the Right Honourable SIR ALBERT HENRY GEORGE, EARL GREY,
VISCOUNT HOWICK; BARON GREY OF HOWICK; A BARONET, G.C.M.G., &C., &C.,
&C., &C., Governor General of Canada.

MAY IT PLEASE YOUR EXCELLENCY:

I have the honour to submit herewith, for the information of Your Excellency and the Parliament of Canada, the Fortieth Annual Report of the Department of Marine and Fisheries, Marine Branch.

I have the honour to be,

Your Excellency's most obedient servant,

LOUIS-PHILIPPE BRODEUR.

Minister of Marine and Fisheries.

DEPARTMENT OF MARINE AND FISHERIES,

REPORT

OF THE

DEPUTY MINISTER OF MARINE AND FISHERIES.

To the Honourable LOUIS PHILIPPE BRODEUR,
Minister of Marine and Fisheries.

SIR,—I have the honour to report on the transactions of the Marine Branch of this department for the nine months ended March 31 last.

The demand for increased aids to navigation has continued, and as far as possible, new aids have been established and improvements made, in many instances, to the aids formerly existing. The result, on the whole, has therefore been a reduction of the dangers to navigation in the waters of the Dominion.

The maintenance of the work in the ship channel in the St. Lawrence river and the government shipyard at Sorel increased the necessity for new steamers, dredges, other plant and equipment.

The great variety of the public service, embraced within the operations of the department, is shown by the following general subdivisions of the Marine Branch alone.

THE GENERAL SUBDIVISIONS OF THE MARINE BRANCH.

The construction of lighthouses and fog-alarms.

The maintenance of lights, gas buoys and other buoys.

The lighthouse board, which decides the necessity for aids to navigation.

The hydrographic surveys.

The tidal surveys.

The ship channel St. Lawrence river and Sorel works.

Meteorological and magnetic service.

Investigations into wrecks.

Board of steamboat inspection.

Cattle shipments inspection.

Wireless telegraph service.

Signal service.

Life saving service.

Marine hospitals.

Submarine signalling.

Shipping under the Merchants' Shipping Act.

Legislation and administration of laws relating to the Department of Marine and Fisheries.

Humane service in connection with seamen.

Wrecking plant subsidized.

7-8 EDWARD VII., A. 1908

Winter communication.
 Removal of obstructions to navigation.
 Examination of masters and mates, and issuing certificates.
 Naval militia.
 Pilotage.
 Government of ports and proclaiming of harbours in the Dominion.
 Control of government wharfs.
 Dominion steamers, Marine and Fisheries.
 Hudson bay navigation.

EXPENDITURE.

The expenditure for the nine months ending March 31 last, was as follows—

LIGHTHOUSE AND COAST SERVICE.

Maintenance of lights.	\$ 842,820 66
Construction of lights.	1,159,906 40
	\$2,002,727 06
Appropriation for maintenance and construction.	\$2,076,150 00
Deduct expenditure.	2,002,727 06
Expenditure less than appropriation.	\$ 73,422 94

OCEAN AND RIVER SERVICE

Appropriation.	\$ 712,744 75
Expenditure.	669,717 04
Expenditure less than appropriation.	\$ 43,027 71

HYDROGRAPHIC SURVEYS—SCIENTIFIC INSTITUTIONS AND ST. LAWRENCE RIVER SHIP CHANNEL.

Appropriation.	\$1,056,512 50
Expenditure.	785,698 02
Expenditure less than appropriation.	\$ 270,814 48

MARINE HOSPITALS—STEAMBOAT INSPECTION—CIVIL GOVERNMENT.

Appropriation.	\$ 159,075 00
Expenditure.	154,427 70
Expenditure less than appropriation.	\$ 4,647 30

SESSIONAL PAPER No. 21

REORGANIZING SYSTEM OF BOOKKEEPING TO ASSIMILATE WITH ALL BRANCHES OF DEPARTMENTS
THROUGHOUT THE DOMINION.

Appropriation..	\$ 25,000 00
Expenditure..	25,000 00
Total appropriation..	\$4,029,482 25
Total expenditure, Marine Branch..	3,637,569 82
Expenditure less than appropriation..	\$ 391,912 43
Total expenditure, Marine Branch..	\$3,637,569 82
Total expenditure, Fisheries Branch..	693,685 65
Total expenditure of department..	\$4,331,255 47

The fisheries expenditure is merely added to show the total expenditure of the department, and has no connection with this report.

The expenditure cannot be compared with the expenditure of the previous fiscal year, as this report only covers the nine months ending March 31 last.

LIGHTHOUSE SERVICE.

The lighthouse service of the Dominion is divided as follows:—The Ontario division, embracing all lights from Montreal westward to the Northwest Territories; the Quebec division, extending below Montreal and including the St. Lawrence river from Platon, and the Gulf of St. Lawrence and strait of Belle Isle; the Montreal division, including the St. Lawrence river from Montreal to Platon; the Nova Scotia division, including St. Paul's island, Cape Breton, Sable island and Cape Race, Newfoundland; the New Brunswick division, the Prince Edward Island division and the British Columbia division, each including lights within the provincial boundaries.

The several districts, with the exception of the district above Montreal, are in charge of agents who receive instructions from the department and report annually, in addition to communicating with the department, in connection with all matters relating to their agencies.

The total number of light stations and lightships in the Dominion is 901, and lights shown, 1,145; the number of steam whistles, fog-horns, bells and guns, 122; the number of lightkeepers and engineers of fog-alarms with masters of lightships is 908.

The report of the chief engineer relating to lighthouse construction, repairs, tidal surveys, &c., contains detailed information. The principal repairs, changes and improvements at existing stations are referred to in his report, also new aids to navigation. The work done at fog-alarm stations in connection with steam whistles, compressed air horns and explosives, is dealt with under the proper headings. Information is also given respecting the extent of repairs and some account of the repairs in detail under the head of the station.

During the past year 62 light stations were established in all, and 9 fog-alarm stations, 29 buildings were erected at existing stations, and 4 fog-alarm buildings were erected at existing stations.

7-8 EDWARD VII., A. 1908

The appointment of district engineers, referred to last year, in the report of the chief engineer, has been found to insure greater promptness in making inspections and efficiency in carrying out the work of construction and repairs.

The report of W. P. Anderson, C.E., &c., chief engineer, forms Appendix No. 1.

ILLUMINANTS AND ILLUMINATING APPARATUS.

The information in detail relating to illuminating apparatus will be found in the report of the commissioner of lights which forms Appendix No. 2.

The new hyperadial light at Cape Race was put in operation on the first of October, and this is the largest light apparatus in either North or South America. It was manufactured by Chance Bros. & Co., and is carried by a reinforced concrete tower. The inclosing lantern is 17 feet in diameter.

The lights in strait of Belle Isle have been materially improved by the installation of a second order double flashing light at Cape Bauld and a third order triple flashing light at Cape Norman. The light at Greenly island has been improved by the installation of a second order single flashing light, and it is the intention of the department to strengthen the Belle Isle southwest lights and make them occulting. The material has been available for this work, but owing to lack of transportation facilities it could not be installed this season.

A very fine single flashing light of two panels is available for Heath Point, Anticosti. The work of raising the tower at this station will not be completed before the close of navigation this year, but the light will be put into operation before opening of navigation next year.

A first order double flashing light has been put in operation at Fame Point, and the lighting of the south shore of the St. Lawrence between Fame Point and Father Point is proceeding.

The lighthouse apparatus which the department has recently installed is the best of its kind that can be procured.

The gas buoy service of the department has been extended throughout the past year, particular attention has been given to placing lighted signal buoys in the Bay of Fundy for the winter navigation.

The department has been seriously interfered with by lack of transportation facilities for carrying out its work. The buildings of the three submarine signal stations, viz., Louisburg, Yarmouth and Negro Head are completed and the machinery is installed, but owing to inadequate transportation facilities the cables have not been laid.

The establishment and successful operation of the lighthouse depot at Prescott has been of the greatest assistance to the department in providing at all times on short notice material for the improvement of the lights and a trained staff for carrying out its work. A new machine shop should be built to take care of the increasing work at this depot.

Petroleum has largely been used in the lighthouses as in former years. A more extended use of vapour lights has been made in the lighthouses and acetylene has been used in the gas buoys.

SESSIONAL PAPER No. 21

OIL FOR USE OF LIGHTHOUSES.

The department entered into a contract with the Canadian General Supply Company, Ltd., of Montreal, for supplying lighthouse oil required for the season of 1907.

The specification upon which the contract was based required the oil to weigh at 62° Fahr., not less than seven pounds nor more than eight pounds per gallon, and to withstand a flash test of 115° Fahr.

Some oil was also purchased in New York, for use in the dioptric lights. The oil obtained from New York was made according to a specification prepared by the American Lighthouse Board.

BUOYS AND BEACONS.

As usual the buoy service has received careful attention by the department, the numerous bays, inlets, rivers, lakes, harbours and other navigable waters constantly require supervision and addition of aids to navigation. The number of large buoys has constantly increased, but in many instances combined gas and whistling buoys and combined gas and bell buoys, have been substituted for the old type of automatic whistling buoys and the old type of bell buoys. This has of course caused a large increased expenditure, but this increased expenditure has been amply justified by the superior aid to navigation which the combined buoys affords. The expenditure for the nine months ended March 31 amounted to \$110,544.84.

The districts now buoyed number about 375 and the buoys number about 4,250. A record of the names of the shoals, dangers, reefs and various points in channels, harbour, &c., where buoys are placed is carefully kept; this enables the department to immediately locate the buoys when any reference is made to them in the correspondence.

The contract system has been found to work most economically, but not always as efficiently as desirable, owing to neglect on the part of some contractors to carry out the conditions of their contracts; in the majority of instances the contracts are immediately under the supervision of departmental officers, whose duty it is to report to the department any neglect of work on the part of contractors.

The contracts and correspondence relating to maintenance of buoys, involve an immense amount of detail work and is attended to by the contract branch in charge of Mr. W. W. Stumbles.

There are now about 210 contracts. These contracts are generally made for a period of three years. The contractors are paid semi-annually upon the certificate of the superintending officer. There are, however, some districts not under contract, the work being attended to by the harbour masters. In these cases it has been found more advantageous to place the work immediately in the hands of these officers.

A large number of whistling, combined gas and whistling, combined gas and bell, gas, bell and other iron buoys are maintained along the coast of the several provinces, by Dominion steamers, particularly on the Nova Scotia, New Brunswick and British Columbia coast. These buoys are called coast buoys to distinguish them from the harbour buoys. The cost of maintaining and placing these buoys by the steamers, is not charged directly to the buoy service, but is included in the cost of maintenance of the steamers, which frequently perform the double duty of attending to lighthouses and the coast buoy service on the same trip.

7-8 EDWARD VII., A. 1908

The expenditure in connection with the buoy service for the nine months ended March 31, 1907, was as follows:—

Above Montreal.	\$10,791 57
Quebec.	48,002 59
New Brunswick.	16,272 45
Nova Scotia.	26,882 24
Prince Edward Island.	3,096 42
British Columbia.	5,499 57
	\$110,544 84

The number of gas buoys maintained in the Dominion, showing in general, occulting lights, are as follows: in the Quebec agency, 24; on the St. Lawrence river between Platon and Montreal, 57; between Montreal and Kingston, 39; Lake Erie, 2; Georgian bay, 14; Goderich, 1; River Thames, 1; Southampton, 1; Lake Nipissing, 1; Port Arthur and Fort William, 3; in Nova Scotia, 17; New Brunswick, 25; Prince Edward Island, 5; and British Columbia, 8.

The coast buoy service maintained by the Dominion steamers on the coast of Nova Scotia consists of 18 whistling buoys, 3 gas buoys, 29 bell buoys and 182 steel can and conical buoys, 12 combined gas and whistling buoys, and 2 combined gas and bell buoys.

In the New Brunswick agency there are maintained in the same way 5 whistling buoys, 25 gas buoys, 15 bell buoys and 110 steel can and conical buoys.

The coast buoys maintained by the Prince Edward Island agency number 13, as follows: 5 gas buoys, 3 whistling buoys, 1 bell buoy, and 4 steel can and conical buoys.

In the province of Quebec there are 81 gas buoys, 1 bell buoy and 1 whistling buoy, and 245 unlighted buoys maintained by Dominion steamers.

The coast buoy service of British Columbia is performed by the Dominion steamer *Quadra*. There are 8 gas, 3 whistling, 3 bell, and 37 can and conical buoys. The service at the mouth of the Fraser river is performed by the Public Works steamer *Samson*, employed for the buoy service of the department.

The steamer *Shamrock* is constantly employed in the buoy service on the St. Lawrence between Montreal and Platon, and the steamer *Scout* between Montreal and Kingston; the latter steamer attends to the gas buoys above Montreal on the St. Lawrence river. The steamer *Druid* performs the buoy service below Quebec and attends to the gas buoys in the Quebec district.

DOMINION STEAMERS.

The report of Commander Spain which forms Appendix No. 4 to this report contains a list of the steamers under the control of the department in the various services, namely, lighthouse and buoy service, winter communication, hydrographic service and fisheries protection.

The steamer *Stanley* which has been employed in the winter communication service between Prince Edward Island and Nova Scotia since 1887, was sent to Scotland in the spring of 1907 to be overhauled and repaired by the builders of that steamer. New boilers were put in her and the steamer thoroughly strengthened by putting in intermediate frames.

SESSIONAL PAPER No. 21

A contract was entered into for the construction of a steamer for the hydrographic service on the British Columbia coast. This steamer is being built under contract by the British Columbia Marine Railways Company of Victoria, B.C. Tenders for the construction of the steamer were invited in Great Britain and Canada. The plans were prepared by a marine architect specially employed, who prepared the plans in Ottawa in the office of the hydrographer under the direction of that officer.

MERCHANT SHIPPING.

The total number of vessels remaining on the register books of the Dominion on December 31, 1906, including old and new vessels, sailing vessels, steamers and barges, was 7,512, measuring 654,179 tons register tonnage, being an increase of 187 vessels, and a decrease of 15,646 tons register, as compared with 1905. The number of steamers on the registry books on the same date was 2,810, with a gross tonnage of 375,263 tons. Assuming the average value to be \$30 per ton, the value of the registered tonnage of Canada, on December 31 last, would be \$19,625,370.

The number of new vessels built and registered in the Dominion of Canada during the last year was 397, measuring 21,741 tons register tonnage. Estimating the value of the new tonnage at \$45 per ton, it gives a total value of \$978,345 for new vessels.

A comparative statement follows giving the tonnage of the Maritime States of the world.

7-8 EDWARD VII., A. 1908

STATEMENT showing the Tonnage of each of the Maritime States of the World, compiled from the Répertoire Général for 1906-1907.

* Included in British.

INVESTIGATIONS INTO WRECKS.

Investigations were held into the cause of wrecks and other casualties in the river and Gulf of St. Lawrence, on the Atlantic coast, British Columbia coast and other waters of the Dominion. There were eight investigations. The St. Lawrence route was practically free from accidents during the past season, only one of importance occurred, namely, the steamship *Montrose*, which went ashore on Red island reef.

The Shipping Casualties Act was amended during the last session of parliament. A wreck commissioner has been appointed to hold investigations under that Act in all

SESSIONAL PAPER No. 21

parts of the Dominion. An investigation may be ordered into any casualty, or into the conduct or incompetency of any master, mate, pilot or engineer when considered necessary. Two permanent assessors have been appointed, for the ports of Montreal and Quebec. The term of the appointment of these officers is three years, which may be lengthened or shortened.

A Canadian patrol boat was put in commission at the Lime Kiln Crossing, in the Detroit river, for the purpose of regulating the passage of vessels up and down to prevent collisions and accidents. For this purpose a set of rules and regulations were drawn up. The patrol boat is on duty day and night and the officer in charge reports every day to the department, giving the names of vessels that pass up and down and their nationality. If there are any violations of the regulations by United States vessels the matter is reported to the United States authorities in Detroit.

The report of Commander Spain, which forms Appendix No. 3 to this report, contains detailed information on the subject.

ST. LAWRENCE RIVER SHIP CHANNEL.

While every effort has been made to urge forward the work, it is necessary to take great care to so arrange the operations that navigation is not interrupted or dredge vessels put in more than usual danger.

The report of 1906 contained general information up to the close of the season. The greater part of this information is therefore not repeated in this report, but the usual description of quantities and cost of the dredging work is given.

As reported last year the thirty-foot channel from Montreal to Batiscan was completed. This gives a depth, by taking advantage of the tides, of thirty feet from Montreal to the sea at the lowest stages of the river level.

The commencement of dredging operations for the improvement of the ship channel below Quebec is a new step in the extension of navigation.

The dredging plant will now be concentrated on the work of obtaining a greater width in Lake St. Peter and the tidal parts of the river, as well as the full depth of 30 feet at low tide. About an equal quantity of work requires to be done below and above Quebec.

In the last annual report the details of the organization for the channel improvements below Quebec, will be found, giving details of the purchase of a suction hopper dredge, as well as the actual commencement of dredging operations.

An appropriation for the construction of a special spoon dredge for Cap à la Roche, having been made by parliament, plans were ordered, and this vessel is to be built at the government works at Sorel.

The steamer *Lady Grey*, a powerful and well equipped ice-breaking, surveying and sweeping tug, was built in Great Britain and arrived in Canada late in the season of 1906. This vessel, immediately on her arrival, was able to render assistance to the *Athenia*, a Donaldson liner. The *Athenia* was relieved from a very dangerous position at Cap à la Roche and prevented from being wrecked or very seriously damaged, by the timely aid of the *Lady Grey*. The vessel with its large cargo was estimated to have a value of \$1,000,000, and was floated by the aid of the *Lady Grey* before any serious damage had been done to the ship's bottom, and she proceeded on her voyage to Glas-

7-8 EDWARD VII., A. 1908

gow without more delay than a few hours. The owners of the *Athenia* in letters fully recognized the importance of the assistance given.

A synopsis of the total cost of the ship channel since 1851 to the end of the fiscal year, and also the number of cubic yards excavated in ten years is given in the report of Mr. F. W. Cowie, C.E., chief engineer of the ship channel, which forms Appendix No. 5.

SOREL SHIPYARD.

The Sorel shipyard has been engaged in the construction and repairs to dredges, and steamers for the ship channel work and for other government departments. Mr. G. J. Desbarats is director of the shipyard and his report forms Appendix No. 6.

The work on a sea-going hopper suction dredge for the St. Lawrence river ship channel proceeded during the fiscal year. The vessel was begun in January, 1906, and launched on December 1, of the same year. The dredge is a twin screw vessel with triple engines, and the engines were installed in January, 1907. This dredge was tested with satisfactory results at the beginning of October, 1907.

The small steamer *Verchères*, for lighthouse construction work, was built between January and July of 1906. She has been employed since her construction in carrying building material to lighthouses and lighthouse piers in Lake St. Peter and other places.

The steamer *Rouville* was constructed for the Mounted Police Department for use in Hudson bay. It was decided to use her first for inspection and survey purposes on the St. Lawrence ship channel.

In November, 1906, extensive repairs were made to the *Montcalm*. Improvements were made to the dredge *Galveston*. The bridge deck was enlarged and mess room accommodation provided.

Dredge No. 2 was renewed and fitted with a new chain of buckets for rock dredging. Dump scow No. 4 was practically rebuilt.

Extensive repairs were made to the hydrographic survey steamer *La Canadienne*. Several vessels belonging to the Public Works dredging fleet were repaired.

Improvements to the shipyard were made. The saw mill was finished and an electric motor of 100 h.p. was placed in the basement. A three-story shed 100 feet by 30 feet was built for storing stock and material. During the summer a slip was built to enable the shipyard to haul out and repair dredges of the ship channel fleet. The hauling machinery from the old slip was adapted to the new slip way. The working force at the shipyard varied from 600 to 750 men, and averaged 680.

HYDROGRAPHIC SURVEY.

Hydrographic survey parties were sent out and the work done is gathered from progress reports sent in from time to time. The time of all parties last winter was fully occupied in preparing last season's work for publication.

Eight charts of the St. Lawrence river were published; charts for Pigeon river to Thunder cape and from Thunder cape to Lamb island, on the Great Lakes, are almost ready for distribution. The following are on hand and waiting an opportune time to deliver to the engraver, Lake St. Louis and Orignaux point to Cacouna island

SESSIONAL PAPER No. 21

on the St. Lawrence. It is hoped that all these will be on sale before the opening of navigation. A chart of the entrance to Prince Rupert harbour in British Columbia was issued and during the season of 1907 some further blue prints of additional work have been issued and work began about March 1. Captain Mosgrove has been sounding in British Columbia as far south as Lawyer island and the entrance to Skeena river.

Mr. Fred Anderson, in charge of the steamer *Bayfield*, resumed operations on Lake Superior about May 15.

Captain Irving Miles, on the steamer *La Canadienne*, began operations in the vicinity of Saguenay river.

The survey between Montreal and Quebec is almost completed. Mr. Arthur Amos is in charge of this important work.

The survey on Lake of Two Mountains in the Ottawa river began about May 7. Mr. Robert Bickerdike has charge of the survey in Lake St. Francis in the St. Lawrence river. Charts will soon be available for Lake St. Francis and Lake St. Louis.

The report of W. J. Stewart, hydrographer forms Appendix No. 7 of this report.

WIRELESS TELEGRAPHY.

There are now fifteen wireless telegraph stations on the St. Lawrence route and the Atlantic seaboard for commercial purposes, consisting of nine high power stations, which have a normal range of about one hundred and twenty-five miles, and six low power stations, which have a normal range of about sixty miles. The two new stations located at Father Point and Clark City (Seven Islands) have rendered valuable service to the shipping interests, during the past summer.

It was decided during the past year, to install wireless telegraph stations on the coast of British Columbia, to serve as aids to navigation, as well as a means of communication along the west coast of Vancouver island. These stations are now under construction and it is expected that all will be in operation before January 1, 1908.

In British Columbia the Shoemaker system will be adopted, as the wireless apparatus of that system can be used to communicate with vessels and stations irrespective of the system used by them. The cost of maintaining the Shoemaker system will be much less, as shown by the figures submitted by the different companies. The Marconi Company has not accepted the principal of inter-communication. There will be five stations which when equipped will be the most complete stations on the continent.

The Dominion government steamers *Stanley*, *Minto* and *Lady Laurier* are equipped for receiving wireless messages.

The report of Mr. C. Doutre, superintendent of government wireless telegraph stations, which forms appendix No. 8 to this report, contains a statement showing the number of messages received and sent from the different stations.

METEOROLOGICAL AND MAGNETIC SERVICE

There are now in the Dominion of Canada, Newfoundland and Bermuda, 423 stations which have been supplied with instruments by the Dominion government. The number of stations has increased from 395, the number mentioned in the last

7-8 EDWARD VII., A. 1908

report, to 423. This service is under the direction of Mr. R. F. Stupart, and the work includes the issuing of daily weather forecasts, the erection of signals to indicate approaching storms, the inspection of stations by regularly appointed inspectors and instructors, and the preparation of the annual report, which is published separately from this report.

The report of Director Stupart forms Appendix 9 to this report and in it will be found the number of predictions and the percentage of fulfilment in each district during the nine months ended March 31, 1907.

WINTER STEAMERS AND ROUTES.

'STANLEY.'

The steamer *Stanley* entered upon the winter service between Summerside and Tormentine on December 13, and continued on this route until the 19th of the same month when the Straits became filled with heavy rafted ice. The steamer then proceeded to Georgetown and entered upon the Georgetown-Pictou route; she continued on this route until the end of the fiscal year, making tri-weekly trips with the C. G. S. *Minto* when practicable, with the exception of a few trips to Charlottetown.

On February 27 the *Stanley* was caught in the ice on a trip from Pictou and she did not reach Georgetown until March 4. When the steamer reached Georgetown it was found necessary to make some repairs on account of damage received in the ice-jam. The repairs were completed on March 9 and the steamer left for Pictou on the 11th of the same month, but she was again caught in the ice and had to return to Georgetown on the 14th. It was found impossible to reach Pictou until March 18.

The *Stanley* made 7 round trips on the Summerside-Tormentine route, and 32 round trips on the Georgetown-Pictou route, up to the end of the fiscal year. The earnings for freight amounted to \$4,604.07, and for passengers, meals and berths, \$3,112, making the total earnings \$7,716.07.

'MINTO.'

The *Minto* was made ready for the winter service, and started running on the Charlottetown-Pictou route on December 8, on which route she continued until the 18th of the same month, when in consequence of the large quantity of ice on this route, the steamer was transferred to the Georgetown-Pictou route. She continued on this route until May 4, 1907, making tri-weekly trips with the C. G. S. *Stanley* when practicable. The *Minto* returned to the Charlottetown-Pictou route on May 4, 1907, and continued to make tri-weekly trips on that route, in conjunction with the steamer *Stanley*, until the steamers of the Steam Navigation Company entered upon the service.

On February 25, 1907, on a trip from Georgetown the *Minto* was caught by a heavy ice-jam, in a strong gale and thick snow storm, and did not reach Pictou until March 2, and from that date until March 19 it was found impossible to reach Georgetown again, although several attempts were made. The return trip to Pictou was accomplished only on March 26.

The steamer *Minto* made 37 round trips between December 8 and March 31, 1907. The earnings for freight amounted to \$5,027.73, and for passengers, meals and berths, \$3,941.50, making the total earnings \$8,969.23.

SESSIONAL PAPER No. 21

'MONTCALM.'

In the early part of July, 1906, the *Montcalm* made a very successful trip to Rigolet, on the Labrador coast, about 500 miles north of Belle Isle, to bring back a party of surveyors sent there by the local government of the province of Quebec.

From December 11, 1906, the *Montcalm* made almost daily trips to Cap Rouge to prevent the formation of the ice bridge there, and succeeded until January 24, 1907, when the accumulation of ice became so great and the weather so severe that the ice bridge stuck. The ship was kept cutting the jam until February 6, and during this time a track of 800 feet was made from a little below the site of the Quebec bridge to a little above Pointe-à-Basile lower range light.

On February 14, the steamer left for Seven Islands and called at several points on the north shore to land mails and freight, she returned to Quebec on the 20th of the same month. Owing to the immense fields of heavy ice met in the river and gulf and the severity of the weather, the trip to Seven Islands was the hardest ever experienced by the *Montcalm*.

On her return to Quebec the steamer commenced the work of breaking ice below Quebec and continued at this work until March 1. Work was resumed at the Cap Rouge ice bridge on April 2, and the steamer made her way through very heavy ice from Sillery point to Pointe-a-Basile upper range light, cutting a channel 1,000 feet in width, she then left for the Gulf of St. Lawrence to assist incoming vessels in the vicinity of Cabot straits and to furnish information to vessels and shipping by Marconi wireless telegraph as to the state, location, movement and direction of the ice.

'CHAMPLAIN.'

The ice-breaking steamer *Champlain* has been employed in the ferry service between Rivière Ouelle wharf, Cap-a-l'Aigle, Murray bay and St. Irene during the whole year. This steamer encounters very much ice during the winter, and notwithstanding the difficulties and the liability of being carried out of her course by the large fields of ice, she managed to keep up the service remarkably well.

Over 7,000 passengers were carried, as well as a large quantity of freight in winter and baggage in summer; a large number of mail bags was also handled, and over 700 meals were supplied to passengers.

The total receipts for the nine months ended March 31 last amounted to \$4,845.44.

'ARCTIC.'

The steamer *Arctic* is also classed with the ice-breakers as she was purchased for the Hudson bay service and has been engaged in that service. This vessel on her last trip left Quebec on July 28, 1906, and returned to the same port on October 17, 1907.

ICE-BOAT SERVICE BETWEEN CAPES TRAVERSE AND TORMENTINE.

The ice-boat service between Cape Traverse, P.E.I., and Cape Tormentine, N.B., was opened on February 7, 1907, but it was closed again on the 9th of the same month, when the mail service was returned to the ice-breaking steamers *Minto* and *Stanley*.

On March 1, 1907, owing to the accumulation of ice in the straits and the uncertainty of the steamers making daily trips, the mail service was transferred to the

7-8 EDWARD VII., A. 1908

Capes route, and the ice-boats were continued in the service until April 1, of 1907, when the mail service was again returned to the steamers and the Capes route closed.

The season of 1906-7 was exceptionally hard on the ice-boats.

Twelve boats were constantly employed in the service, while the Capes route was open, and the number of boats was sometimes increased to sixteen when the service required the extra boats. There were twenty-one ice-boats available for the service during the past season.

The expenditure in connection with this service during the nine months ended March 31, 1907, was \$6,630.96, including the cost of repairs and the wages of the superintendents and crews. The net earnings in connection with the ice-boat service amounted to \$636.59 for the season of 1906-7.

ICE-BREAKING IN THUNDER BAY.

The work of breaking ice in Thunder bay, referred to in the last annual report, has been continued. A contract for this work was awarded to the Canadian Towing and Wrecking Company of Port Arthur, Ont., and they performed the service very satisfactorily last fall. The work of breaking ice was begun about the middle of November, 1906, and carried on continuously until December 17 of the same year; all boats being enabled, not only to enter and leave the harbour without trouble, but also to go to their berths at docks, wharfs and elevators.

The contract price for breaking the ice during the fall and spring, and for removing the lightkeepers in the vicinity at the close of navigation, is \$25,000.

A report on the work performed will be found in the report of the Chief Engineer, which forms Appendix No. 1 to this report.

LIFE BOAT STATIONS.

There were on March 31, 26 life-saving stations in the Dominion of Canada, but the number will be increased to 32 in the near future. Most of these have crews that drill two or three times a month. The men are paid \$2 for each drill and an extra sum is paid when any service is rendered to shipwrecked mariners. The system of selecting the crews is by the appointment of a capable coxswain who selects his own crew at each station.

At Long Point, Lake Erie, the men are permanently stationed during the months of September, October and November at the life-saving station, which is well equipped for their accommodation and those who may be rescued. The men receive \$40 each per month, during the three months, and are paid for weekly drills during the other months of the season of navigation.

No casualties were reported where the assistance of any of the boats was required, since the last annual report was published.

Seven Beebe-McLellan surf boats are now under construction by contract in Nova Scotia, two in Ontario and four in British Columbia. Five of the boats being built in Nova Scotia are to replace old and worn out boats, one for a new station at Charlottetown, P.E.I., and one for a station at Richibucto, N.B.

A motor boat at a cost of \$10,000 is being built under contract for British Columbia.

SESSIONAL PAPER No. 21

Experiments will also be made in employing fishermen who have motor fishing boats.

Captain McElhinney is the inspector of life-boat stations in Ontario, and attends to all the correspondence in the department with officers in charge of stations. Mr. S. C. Campbell is the inspector of life-boat stations for the maritime provinces.

A list of the life-boat stations in the Dominion forms Appendix No. 21 to this report.

EXAMINATION OF MASTERS AND MATES.

During the past year new offices for the examination of masters and mates have been established at the following places: North Sydney, N.S.; Toronto, Ont.; Collingwood, Ont., and Windsor, Ont. It is probable that, in the near future, it will be necessary to have an examiner in Port Arthur, Ont., and in Edmonton, Alta. It is also the intention to appoint an examiner at Montreal, P.Q., for foreign-going certificates. Within the present year examinations for foreign-going certificates will be held at Halifax, N.S.; Yarmouth, N.S.; North Sydney, N.S.; St. John, N.B.; Charlottetown, P.E.I.; Montreal, P.Q.; Ottawa, Ont.; Vancouver, B.C., and Victoria, B.C.

In connection with examinations, a revised edition in conformity with the Board of Trade rules and regulations, has been printed in both languages. New rules respecting the examinations for coast, inland and minor water certificates have been framed and the standard of knowledge required has been raised. The rules have been published in book form in both languages.

The close supervision of examinations has had the effect of diminishing to a minimum, violations of the Masters and Mates' Act. The chief examiner of masters and mates is Captain L. A. Demers, and his report forms Appendix No. 11 to this report.

HALIFAX DOCKYARD.

On January 1, 1907, the Imperial Government handed over H. M. dockyard for the use of the Marine Department.

The whole of the departmental staff in Nova Scotia are established in the dockyard, and the heads of the department are provided with dwellings within the dockyard.

The Dominion steamers berth at the dockyard and when possible repairs are made by the employees of the department. Machinery and forges are installed to make repairs to buoys and to perform other work. The stores of the department are kept in the dockyard.

The former residential property of the department was offered for sale by auction and sold for forty-five hundred dollars. The department, however, retaining a strip of land for departmental use.

MARINE SCHOOLS.

Lectures on navigation were given at Lunenburg, Yarmouth, North Sydney, N.S.; St. John, N.B.; Quebec, P.Q.; Toronto, Collingwood, Ont., and Victoria, B.C.

Arrangements were made for delivering lectures at Montreal and Halifax. There were no lectures given at Halifax owing to the death of the examiner. At Montreal, for some unaccountable reason no one attended the school. At the other places men-

7-8 EDWARD VII., A. 1908

tioned the attendance was very satisfactory. The total attendance at the different places numbered 2,251.

The report of Superintendent L. A. Demers forms Appendix No. 22.

CERTIFICATES TO MASTERS AND MATES.

During the nine months ended March 31, 1907, 12 masters', 18 mates' and 18 second mates' seagoing certificates of competency; 88 masters' and 53 mates' coasting or inland certificates of competency; and 1 masters' coasting certificate of service, were issued.

The total amount collected in fees from applicants for examination during the nine months ended March 31, 1907, was \$2,294.50, and the amount expended on account of this service was \$5,934.16, an excess of expenditure over receipts of \$3,639.66.

The following statement shows the total receipts and expenditure on account of masters and mates since 1871:—

	Expenditure.	Receipts.
	\$ cts.	\$ cts.
For the fiscal year ended June 30, 1871.....	1,410 45

Excess of expenditure over receipts.....	49,848 82	

The report of the chief examiner of masters and mates forms Appendix No. 11 to this report.

CORRESPONDENCE.

About 27,409 letters were received in the department during the nine months ended March 31, 1907. The correspondence was carefully examined and replied to

SESSIONAL PAPER No. 21

as far as necessary. About 14,000 letters were sent out during the same period. Registered letters inclosing cheques sent out by the accountant's branch, forms, reports, circular letters and notices inviting tenders, are not included in the number of letters addressed to this department or sent out.

These forms are numerous and require special attention, as the matters to which they refer are important.

In the records branch of the department, the letters received are carefully examined, entered in the record book, placed on file, and the copy of the reply attached, so that the letters and answers can readily be seen and any subject easily followed up.

WHARFS.

The department has under its control a large number of wharfs in charge of wharfingers. These wharfs have, from time to time, been transferred to the department as they have been acquired by the government or built by the Public Works Department. Wharfingers regularly appointed, collect tolls from vessels and owners of goods who use the wharfs. Some of the piers are breakwaters to afford shelter to vessels which are moored at them.

The most valuable wharf properties are connected with the agencies of the department. The King's wharf property at Quebec accommodates the departmental steamers, quarantine steamers and public works steamers. It was found necessary to increase the accommodation at Quebec, and the department leased from the harbour commissioners a very suitable wharf adjoining the King's wharf for a term of five years at \$1,200 per annum. The marine stores, machinery and blacksmith and carpenter shops are connected with the King's wharf. Large numbers of buoys, boats and other equipment and coal for use of steamers, are stored on this wharf.

At Charlottetown extensive repairs have been made to the marine wharf during the year.

The steamers and supplies of the Nova Scotia agency have been transferred from the Marine wharf to the Halifax dock yard, which was handed over by His Majesty's Imperial Government on January 1, 1907. The accommodation for berthing steamers is much greater at the dock yard, and also the space for storing boilers and other material used in connection with the Nova Scotia agency.

A statement of wharfs and wharfingers forms Appendix No. 14 to this report.

SICK AND DISTRESSED MARINERS.

MARINE HOSPITALS.

Under the provisions of Chapter 76, revised statutes, dues of 2 cents per ton register is levied on every vessel entering any port of the province of Quebec, Nova Scotia, New Brunswick, Prince Edward Island and British Columbia, the money thus collected forming the 'Sick Mariners' Fund.' Vessels of the burden of 100 tons and less pay the duty once in each calendar year, and vessels of more than 100 tons, three times in each year.

By an amendment of this Act, passed at the session of parliament in 1887, 50-51

7-8 EDWARD VII., A. 1908

Victoria, chapter 40, it is provided that no vessel, not registered in Canada, and which is employed exclusively in fishing or on a fishing voyage, shall be subject to the payment of this duty.

The receipts for the fiscal year ended March 31, last amounted to \$44,894.81 less \$190.22 refunds, making the net receipts \$44,704.59. The expenditure for the several provinces amounted \$37,362.11.

The receipts from the provinces, of sick mariners' dues, were as follows:—Nova Scotia, \$13,560.63; New Brunswick, \$9,999.40; Quebec, \$8,825.30; British Columbia, \$12,372.40; Prince Edward Island, \$137.08. The 'Sick Mariners' Act' does not apply to Ontario, and consequently no dues are collected from vessels in that province.

In the province of Quebec, the expenditure on account of sick seamen amounted to \$9,009.70. The total collections for the entire province amounted to \$8,825.30.

At the port of Quebec, sick seamen are cared for at the Jeffrey Hale and the Hotel Dieu Hospitals: a per diem allowance of \$1.20, for each seaman for medical attendance and board is made.

At the port of Montreal, sick seamen are cared for at the General Hospital and at Notre Dame Hospital, under an arrangement made by the department, by which \$1.20 per diem is paid for board and medical attendance of each seamen.

The expenditure on account of sick seamen in the province of New Brunswick for the fiscal year, amounted to \$5,319.67, and the collection of dues to \$9,999.40. Marine hospitals are maintained at Douglastown and Bathurst. At the port of St. John, sick seamen are cared for at the General Public Commissioners' Hospital under an arrangement made by the department by which \$1.20 per diem is paid for board and medical attendance of each seaman.

In the province of Nova Scotia marine hospitals are maintained at the ports of Louisburg, Yarmouth, Pictou, Sydney, Lunenburg and Point Tupper. The total expenditure on account of sick seamen in the province of Nova Scotia for the fiscal year amounted to \$13,926.07, and the receipts to \$13,560.63.

At Halifax, provision is made for the care of sick seamen, at the Victoria General Hospital under arrangement made with the managers by which the sum of \$1.20 per diem is allowed for the board and medical attendance.

In the province of Prince Edward Island the sum expended on account of sick seamen during the fiscal year was \$1,576.78, and the receipts from sick mariners' dues, \$137.08.

Sick seamen are cared for at the Charlottetown and Prince Edward Island Hospitals, under arrangements made with the managers of these institutions.

In the province of British Columbia the sum of \$5,792.99 was expended for sick and disabled seamen, while the receipts from the collection of sick mariners' dues amounted to \$12,372.40.

The Marine Hospital at Victoria has in attendance a medical superintendent, with a salary of \$300 per annum, and a keeper whose salary is \$500 per annum. He is also allowed a rate of \$5 per week for the board and attendance of each seaman.

At the ports where no hospitals are established, in the provinces of Quebec, Nova Scotia, New Brunswick, British Columbia and Prince Edward Island, sick seamen are cared for, under the chief officer of customs, when the vessel to which the seamen belong has paid dues according to law. A circular to collectors of customs was issued

SESSIONAL PAPER No. 21

February 7, 1891, permitting sick seamen to be attended at the port of arrival of a vessel, provided that the regular dues are previously paid at some port.

During the fiscal year the sum of \$793.56 was expended for shipwrecked and distressed seamen, for which service there was a parliamentary appropriation of \$2,250.

The total expenditure on account of sick seamen and marine hospitals amounted to \$37,362.11, including expenditure for printing and stationery, and the appropriation of parliament for the service was \$37,500. The dues collected amounted to \$44,704.59.

WRECKING PLANT.

Yearly subsidies of \$10,000 are paid contractors who maintain wrecking plants always available to assist vessels which meet with marine accidents in certain divisions of Canadian waters.

The contracts at present existing are with Messrs. George T. Davie & Son of Levis, P.Q., who keep the tug *Strathcona* and other plant in readiness to assist vessels that meet with marine accidents in the lower St. Lawrence river. This company rendered valuable assistance to the *SS. Kensington* in November last.

The Dominion Coal Company maintain a wrecking plant at Sydney during the months of open navigation in that harbour, and at Louisburg during the winter months,

7-8 EDWARD VII., A. 1908

always available for the waters of the Atlantic coast and Gulf of St. Lawrence. The following is a list of vessels assisted by this company during the past nine months:—

Angola, ashore at Louisburg.
Pors, ashore at Port Moulin.
Elina, Bacoro Point.
Collector, ashore at Bay of Islands.
Garibaldi, ashore at St. Pierre.
Sokoto, ashore at Louisburg.
Universe, ashore near Canso.
Fimreite, ashore at Whitehead.

The British Columbia Marine Railway Company are the contractors for maintaining the wrecking plant at Esquimalt, always available in the waters of British Columbia. The following vessels were assisted by the British Columbia wrecking plant during the past nine months:—

Twickenham, at San Juan island.
City of Seattle, at Trial island.
Princess Victoria, at Lewis rock.
Skagit, on the west coast of Vancouver island.
Fern, at Cadbora point.
Portland, at Discovery island.
Northwestern, at La Touche island.
Maple Leaf, off Oak bay.

COASTING TRADE OF CANADA.

By the provisions of chapter 83, Consolidated Statutes of Canada, being an Act respecting the Coasting Trade of Canada, no goods or passengers can be carried by water from one port in Canada to another except in British ships, but the Governor in Council may from time to time declare that the Act shall not apply to ships or vessels of any foreign country in which British ships are admitted to the coasting trade of such country and to carry goods and passengers from one port or place to another in such country, the parliament of Canada was empowered to pass the Act alluded to, under the provisions of the Imperial Act, 32 Vic., chapter 11, intituled: 'An Act to amend the law relating to the Coasting Trade and Merchant Shipping of British Possessions,' which came into operation in this country on its proclamation by the Governor General on October 23, 1869.

It was ascertained that the following countries, viz., Italy, Germany and Netherlands, Sweden and Norway, Austria-Hungary, Denmark, Belgium and the Argentine Republic allowed British ships or vessels to participate in their coasting trade on the same footing as their own national vessels:—the ships of Italy, by Order in Council of August 13, 1873; those of Germany, by Order in Council of May 14, 1874; those of the Netherlands, by Order in Council of September 9, 1874; those of Sweden and Norway, by Order in Council of November 5, 1874; those of Austro-Hungary, by Order in Council of June 1, 1876; those of Denmark, by Order in Council of January 25, 1877; those of Belgium, by Order in Council of September 30, 1879; and those of Argentine

SESSIONAL PAPER No. 21

Republic, by Order in Council of May 18, 1881, were admitted to the coasting trade of Canada.

The following Act, entitled an Act respecting the Coasting Trade of Canada, was assented to May 15, 1902, and relates to the payment of duty on foreign-built British ships:—

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. In this Act, unless the context otherwise requires, the expression ‘British Ships’ means and includes all ships belonging wholly to persons qualified or entitled to be owners of British ships, under the provisions of ‘The Merchant Shipping Act, 1894,’ and any other Act of Parliament of the United Kingdom in that behalf, in force for the time being.

(2) For all purposes of this Act the expression ‘the coasting trade of Canada’ shall be deemed to include the carriage by water of goods or passengers from one port or place in Canada to another port or place in Canada.

2. No foreign-built British ship, whether registered in Canada or elsewhere, shall be entitled to engage or take part in the coasting trade of Canada, unless such foreign-built British ship has first obtained a license for that purpose, which may be granted by the Minister of Customs.

(2) The Minister of Customs shall issue such license to any foreign-built British ship, whether registered in Canada or elsewhere, upon application therefor and upon the payment of a duty of twenty-five per cent ad valorem on the fair market value of the hull, rigging, machinery, boilers, furniture and appurtenances of such ship.

(3) This section shall not apply to any foreign-built British ship registered as a British ship prior to the first day of September, 1902.

3. No goods or passengers shall be carried by water, from one port in Canada to another, except in British ships; and if any goods or passengers are so carried, as aforesaid, contrary to this Act, the master of the ship or vessel so carrying them shall incur a penalty of four hundred dollars; and any goods so carried shall be forfeited, as smuggled; and such ship or vessel may be detained by the Collector of Customs, at any port or place to which such goods or passengers are brought, until such penalty is paid, or security for the payment thereof given to his satisfaction, and until such goods are delivered up to him, to be dealt with as goods forfeited under the provisions of the Customs Act.

4. The master of any steam vessel, not being a British ship, engaged, or having been engaged, in towing any ship, vessel or raft, from one port or place in Canada to another, except in case of distress, shall incur a penalty of four hundred dollars; and such steam vessel may be detained by the Collector of Customs at any port or place to or in which such ship, vessel or raft is towed, until such penalty is paid.

5. Penalties and forfeitures under this Act may be recovered and enforced in the manner provided by the Customs Act, with respect to penalties and forfeitures incurred under it, and as if imposed by it; and this Act shall accordingly be construed with reference to said Act, and as forming one Act with it, and all words and expressions in this Act shall have the same meaning as the like words and expressions in said Act.

6. The Governor in Council may, from time to time, declare that the foregoing provisions of this Act shall not apply to the ships or vessels of any foreign country in which British ships are admitted to the coasting trade of such country, and to carry goods and passengers from one port or place to another, in such country.

7. Where, by treaty made before the passing of ‘The Merchant Shipping (Colonial) Act, 1869,’ (that is to say before the thirteenth day of May, eighteen hundred and sixty-nine), Her late Majesty, Queen Victoria, agreed to grant to any ships of any foreign state any rights or privileges in respect of the coasting trade of Canada, those

7-8 EDWARD VII., A. 1908

rights and privileges shall be enjoyed by those ships for so long as Her late Majesty agreed, or His Majesty the King may hereafter agree, to grant them.

S. Chapter 83 of the Revised Statutes is repealed.

LEGISLATION.

During the last session of Parliament the following Acts relating to the Marine Department were passed and assented to:—

An Act to provide for further advances to the Harbour Commissioners of Montreal.

An Act to increase the borrowing powers of the Quebec Harbour Commissioners.

An Act respecting the Revised Statutes, 1906.

An Act to amend Schedule A to the Revised Statutes, 1906.

An Act to amend the Canada Shipping Act (Bill 108).

An Act to amend the Canada Shipping Act (Bill 175).

F. GOURDEAU, Lt. Col.,

Deputy Minister of Marine and Fisheries.

DEPARTMENT OF MARINE AND FISHERIES,

OTTAWA, October 28, 1907.

APPENDIX No. 1.

ANNUAL REPORT OF THE CHIEF ENGINEER OF THE DEPARTMENT
OF MARINE AND FISHERIES.

The Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to submit a report of the work done in the several services under the supervision of this office during the nine months ended March 31, 1907.

This embraces work done at departmental headquarters on the construction of lighthouses, lightships and fog-alarms, the supervision of construction and repairs of lifeboats; the administration of the vote for the removal of wrecks and obstructions in navigable waters; tidal and current surveys; and the publication, examination and correction of hydrographic charts; construction of and repairs to fish hatcheries and refrigerators; engineering points in connection with the construction and maintenance of fish-passes; supervision of surveys of oyster beds; examination of applications for foreshore, wharf and other lots as they affect the interests of navigation; preparation and publication of notices to mariners and hydrographic notes, &c.

As my last report carried an account of work fairly well to the end of the active working season of 1906, this report will be much briefer than usual, and record less work completed, but this apparent decrease is only consequent on the change in the fiscal year, and the necessity for making progress reports coincide with the end of the new term.

STAFF.

There is a special staff appointed for the tidal and current survey work; the remainder of the work of the branch is attended to by the general staff of the office.

Mr. J. F. Murphy of my staff, was, on October 21, 1906, given special charge as engineer of construction work in progress in Ontario, and has since that date been continuously employed in his new duties.

PERSONAL INSPECTION.

Personal inspections of construction work in progress have frequently been made during the year by Mr. Fraser and myself, and it is very desirable that such personal supervision of work should be extended as much as possible in the interests of efficiency. Examination of localities where work is proposed should always be made before the plans are prepared, and it is to be regretted, in the interests both of efficiency and economy, that the work, lately, has often been so much rushed as to prevent such preliminary inspections.

The appointment of district engineers, referred to last year, has been found to ensure greater promptness in making such inspections, and efficiency in carrying out resultant work.

The system for maintaining the efficiency of the fog alarm plants has been extended under the direction of Mr. C. Thompson-Schmidt, inspector of fog alarms. His report will be found appended (Appendix A) to this report.

OFFICE WORK

A large proportion of the work done by the general staff of the branch consists in the construction, repair or improvement of light buildings, fog-alarms, beacons and

7-8 EDWARD VII., A. 1908

other aids to navigataion. Full details of the work done in this connection during the past nine months are contained in a separate report which is attached hereto. (Inclosure A.)

Plan and specifications for all important new buildings and repairs, new vessels, &c., are made or approved in this office.

The following table indicates the work done in the drafting office during the five months ended March 31, 1907:—

Description of Work.	Plans Designed.	Plans Received.	Copies Made.

Charts received and entered in chart books.....	8
Photographs received and recorded.....	58
Specifications written.....	10
Notices to mariners issued (comprising 141 subjects).....	53

PUBLICATIONS.

The work of preparing and issuing notices to mariners continues to be heavy and urgent, during the past nine months, 107 notices, covering 284 subjects, having been published. Amongst important notices, involving considerable labour in compilation, and representing useful work done in the department, are:—

An index to last year's notices; hydrographic notes respecting uncharted dangers in Dodd and Cunningham passages. B.C.; changes of buoyage and description of new lights in St. Lawrence ship channel; and information respecting numbering of all Canadian lightships.

In the preparation of notices to mariners, I wish to testify to the faithful and accurate work done by Mr. J. M. O'Hanly, who assists in this branch of the routine work.

During the past nine months notices relating to waters outside of Canada were issued, covering 15 items relating to Newfoundland and Labrador, 2 items relating to the Atlantic, 12 to the inland, and 9 to the Pacific waters of the United States, as well as 31 notices referring to transatlantic subjects. No attempt is made to issue a complete synopsis of British or foreign notices, but merely to republish items likely to be of immediate interest to Canadian vessels, or to vessels leaving Canadian ports for the more important or frequented foreign ports.

REMOVAL OF OBSTRUCTIONS.

During the past nine months the following work has been done, under the annual appropriation for the removal of wrecks and obstructions:—

The tug *Castle*, which sank in the Detroit river, was moved, by contract, by the Midland Towing and Wrecking Co., of Midland, the contract price being \$1,750.

The schooner *Soulhampton*, which sank in Sarnia bay, Ont., is now being moved by the Reid Wrecking Co., of Sarnia, the contract price being \$950.

SESSIONAL PAPER No. 21

The barge *Dobey*, which sank opposite Messrs. Rathbun & Co.'s wharf at Deseronto, Ont., is being moved by the Midland Towing and Wrecking Co., of Midland, the contract price being \$4,000.

The schooner *Mary*, which sank in Glace bay, N.S., was moved by contract, on December 10, 1906, by Mr. R. B. Spencer, of Glace bay, N.S., the contract price being \$40.

The schooner *S. E. Cove*, which sank in Amherst harbour, Magdalen islands, has not yet been moved, as the tenders called for, for doing this work, were considered too high.

HYDROGRAPHIC WORK.

The hydrographic surveys of this department are now in charge of Mr. W. J. Stewart, who will make a special report of the year's progress.

All hydrographic notes reaching the department are prepared for publication in this office, and embodied in notices to mariners.

In preparing notices to mariners, special attention has been paid to publishing all information obtainable respecting the hydrography of Canada, and the fullest possible sailing directions have been appended to all descriptions of aids to navigation, so as to increase the value of these notices. During the past nine months the following hydrographic notes were published:—

Affecting the Atlantic coast.—Sinking of steamer *Havana* in Halifax harbour; sinking of steamer *Baines Hawkins* in Main-a-dieu passage; wrecks of *Ripple* and *Ida M. Shaffner* removed from Port Bickerton; wreck of *Pearl* removed from Shepody river; wreck of *Columbia* removed from Sydney harbour; soundings reported inaccurately in Bay of Fundy; and Pioneer rock located and buoyed at entrance to Tusket river.

Gulf and River St. Lawrence.—Publication of new edition of St. Lawrence Pilot; and publication by the department of hydrographic charts, St. Lawrence river, No. 7 (Ile aux Foins to Ile de Grace), and No. 8 (Head of Lake St. Peter); wharf at Pointe aux Orignaux extended; and information respecting elevation of lights in St. Lawrence river below Quebec.

Inland waters.—Sinking of tug *W. B. Castle* in Detroit river; sinking of *C. B. Packard* off Kingsville; removal of wrecks of *Sandy* and *Laurier* from Ottawa river; and removal of wreck *Tasmania* from Pelee passage, Lake Erie; correction of sailing directions with reference to Knight point and Grosse point lights; and inclusion of Carillon, Chute à Blondeau, and Ste. Anne lock lights, Ottawa river, in Canadian list of lights and fog signals.

Pacific coast.—Various uncharted rocks reported in Clayoquot sound, Dodd and Cunningham passages, Tuck inlet, Pasley passage, Chatham sound, Quatsino sound, Hoskyn inlet, Dixon entrance, and Hecate strait; shallow depths reported in Edye passage; North island and northwest extreme of Graham island incorrectly shown on Admiralty chart; position of Birnie island light; erection of a wharf at Swanson bay; location of fish traps in Juan de Fuca strait; and notice of establishment of notice boards from Nootka island to Estevan point.

TIDAL AND CURRENT SURVEY.

The work in both branches of this survey has been actively prosecuted during the year, under the direction of Dr. W. B. Dawson.

Investigation of the Currents.—A full report on the currents in Belle Isle strait has been prepared. It is based chiefly upon the observations of 1906, when the whole season was devoted to the examination of the currents in this strait; and with these new results, the former information obtained in 1894 has been carefully compared and

incorporated. The report is accompanied by a map and plates which illustrate in a graphic form the various characteristics that the current presents. As these are of a complex nature, the report is divided into two parts for greater clearness. The first part contains a general account of the characteristics of the current as a mariner would meet with them; and in the second part there is more explanation of the variation from its usual behaviour which may occur, and the amount of disturbance occasioned by wind and weather conditions. The relation of icebergs to the direction of the current and to the temperature of the water is also explained. The report is of a descriptive and practical character throughout, and is clearly indexed for ready reference.

Tidal Stations and Tide Tables.—The principal tidal stations on the St. Lawrence and Atlantic coasts have been maintained in continuous operation throughout the year; as well as five stations on the Pacific coast. Observations have also been obtained from Prince Rupert, the terminus selected for the Grand Trunk Pacific Railway, which will enable data for the tide there to be published in the Pacific tide tables for 1908. A new tidal station is in operation at Claxton at the mouth of the Skeena river, for the benefit of the important fishing establishments there; as the fishing on the Pacific coast is largely dependent on the time of the tide for a successful catch.

The tide tables for the eastern coasts of Canada have been rearranged and improved; and they now contain so much information that an index page has been added for ready reference. In the tide tables for the Pacific coast, tables have been added which show the time of slack water in the two principal passes, Active pass and Portier pass. These tables are calculated from the results of observations taken for over a year, and they will prove of substantial benefit to the heavy traffic passing through them. This traffic is largely handled by tugs which have to time their trips to accord with slack water in the passes used.

Besides the tide tables published by this survey, a number of supplementary ones are calculated, chiefly for local purposes. Amongst these may be mentioned tide tables for points on the St. Lawrence above Quebec, furnished to the Montreal Harbour Commissioners for the information of the pilot service; tide tables for Summerside, P.E.I., published in the local papers, and during the summer season, tide tables for seaside resorts on the lower St. Lawrence, which are much appreciated. These tables are prepared without involving any expense, even for the printing, but only with a little extra work in the office.

Proposed work for the season 1907.—During this season it is proposed to continue the investigation of the currents in the Bay of Fundy, to complete the region lying outward from St. John to the southern extremity of Nova Scotia. The tidal station at St. Paul island will also be rebuilt, as it has been in a precarious condition, and it is one of the most valuable reference stations, commanding as it does the main entrance by which the tides enter the Gulf of St. Lawrence from the Atlantic. A fully equipped tidal station will also be placed at Charlottetown, P.E.I. This will not only benefit the port of Charlottetown, but will also serve as a principal station for Northumberland strait, and will place that region on an independent basis. At present the tide tables throughout Northumberland strait are deduced from St. Paul island by a complicated system of variable differences, but this new tidal station will enable tide tables to be based directly upon observations in the strait itself.

ICE-BREAKING.

The work of ice-breaking in Thunder bay has been continued; tenders were invited, as usual, and a contract awarded to the Canadian Towing and Wrecking Company, of Port Arthur. The work was begun about the middle of November, 1906, and carried on continuously until December 17, of the same year; all boats being enabled not only to enter and leave the harbour without trouble but also to get to their berths at wharfs, docks or elevators. The contract price for breaking of ice, both autumn and spring,

SESSIONAL PAPER No. 21

and for removal of all lightkeepers in the vicinity from their stations at the close of navigation, was \$25,000. An amount of \$18,000 was paid on account of work done during the fiscal year 1906-7, the balance being reserved for work to be done this spring.

Respectfully submitted,
WM. P. ANDERSON.

CHIEF ENGINEER'S OFFICE,
DEPARTMENT OF MARINE AND FISHERIES,
OTTAWA, ONT., April 1, 1907.

(INCLOSURE A.)

DETAILED REPORT OF THE CHIEF ENGINEER OF THE DEPARTMENT
OF MARINE AND FISHERIES ON CONSTRUCTION, ESTABLISHMENT
AND IMPROVEMENT OF LIGHTHOUSES AND OTHER AIDS TO NAVI-
GATION UP TO MARCH 31, 1907.

To the Deputy Minister,
Department of Marine and Fisheries.
Ottawa.

SIR,—I have the honour to submit a detailed report on work done in the construction and establishment of aids to navigation for the nine months ending March 31, 1907.

NOVA SCOTIA.

NEW AIDS TO NAVIGATION.

Yarmouth Harbour.—A lighthouse erected on the northwest extremity of Bunker island was put in operation on January 15, 1907. The lighthouse stands on land 21 feet above high water mark and about 50 feet back from the water's edge. It is an inclosed square wooden building, with sloping sides, surmounted by a square wooden lantern the whole painted white, and is 22 feet high from its base to the top of the ventilator on the lantern. The light is fixed red, dioptric of the sixth order, elevated 38 feet above high water mark, and visible 6 miles from all points of approach by water. The work was done by days' labour, under the direction of the Nova Scotia agency at a cost of \$599.12.

Jordan river.—A lighthouse tower was erected on the outer end of the breakwater on the east side of Jordan river. The tower is an inclosed square wooden building, with sloping sides, surmounted by a square wooden lantern, the whole painted white. It is 27 feet high from its base to the top of the ventilator on the lantern. The light is fixed red dioptric of the sixth order, elevated 24 feet above the high water mark, and visible 6 miles from all points of approach.

North Cape.—A new fog alarm building was erected. It is a framed wooden building, 53 feet 6 inches by 30 feet by 15 feet, and is painted white. The foundations are concrete; a concrete cistern under the boiler room built; also a concrete floor to boiler room, and a brick chimney, 40 feet in height.

A 3-inch diaphone plant will be installed.

The work is being done by days' labour, under the direction of the Nova Scotia agency and has cost to date \$3,898.77.

7-8 EDWARD VII., A. 1908

Piclou island.—A lighthouse was established at the government wharf on the south side and near the west end of this island, and was put in operation on the opening of navigation in 1907. The lighthouse tower stands on the top of the bank near the wharf, on land 11 feet above high water mark and 35 feet back from the water's edge. It is an inclosed square wooden building, with sloping sides, surmounted by a square wooden lantern, the whole painted white. It is 26 feet high from its base to the top of the ventilator on the lantern. The light is fixed white dioptric of the sixth order, elevated 32 feet above high water mark, and visible 10 miles from all points of approach by water.

This work was carried out by days' labour under the direction of Nova Scotia agency at a cost of \$1,926.28.

Harbour island.—A wooden lighthouse tower and outbuildings is in course of construction on this island, the work being done by Mr. Stewart C. McMillan, of Isaacs harbour, N.S., the contract price being \$1,595.

Bear island.—A lighthouse was erected on Bear island. It stands on the middle of the island, on land 13 feet above high water mark and about 50 feet back from the water's edge. It consists of a square wooden building, with a square wooden lantern rising from the middle of its hip roof, is painted white with roofs red, and is 35 feet high from its base to the top of the ventilator on the lantern. The light shown is fixed red dioptric of the sixth order, elevated 42 feet above high water mark, and visible 8 miles from all points of approach by water.

The work was done by contract by Mr. E. C. Embree, of Port Hawkesbury, N.S., the contract price being \$1,870.

Considerable protection work to the lighthouse was also carried out by days' labour under the direction of Mr. J. F. Murphy at a cost of \$849.71.

Munro point.—A lighthouse was established on the southeast extremity of this point. The tower stands on land about 40 feet above high water mark. It is a square wooden building, with sloping sides, surmounted by a square wooden lantern, the whole painted white. The tower is 32 feet high from its base to the top of the ventilator on the lantern. The light is fixed red dioptric of the seventh order, elevated 67 feet above high water mark, and visible 9 miles from all points of approach by water.

This work was done by contract by Mr. P. L. Macfarlane, of Baddeck, the contract price being \$710.

CHANGES AND IMPROVEMENTS IN EXISTING AIDS.

Apple river.—Repairs to fog-alarm are being made; two new boilers will be supplied; the work is being done by days' labour.

Cape D'Or.—A new boiler will be supplied; also a new furnace door, and the piping renewed; the work being done by days' labour.

Brier island.—The new fog-alarm building, mentioned in last year's annual report as being in course of construction, was completed in February, of this year, the work being done by days' labour under the supervision of Mr. S. Montgomery, the total cost being \$9,575.63.

Lurcher lightship.—This lightship was overhauled, and had her bottom cleaned and painted, and repairs made to the machinery and hull.

Little Hope.—The breakwater at this station was in a very dilapidated condition, and considerable repairs were executed, and it is now in first-class order; the work being done by days' labour at a cost of \$3,146.

SESSIONAL PAPER No. 21

A new reinforced steel concrete tower is now in course of construction at this station, the work being done by contract by the Steel Concrete Co., of Montreal, the contract price being \$4,950.

Sambro island.—The lighthouse tower was increased in height by building an octagonal concrete wall, 20 feet high, on top of the old octagonal stone wall, and was surmounted by a new circular iron lantern. The sides of the tower are covered with shingles painted white; the lantern is painted red, and the lighthouse is 82 feet high from its base to the vane on the lantern.

This work was done by days' labour under the supervision of Mr. J. A. Legere, was completed in November, 1906, and cost \$2,934.

Chebucto head.—The south boiler at this fog-alarm station was retubed, and several other repairs executed at the station; the work being done by days' labour at a cost of \$695.92.

Mauger beach.—Sherbrooke tower, on Mauger beach, utilized as a lighthouse, was increased ten feet in height, surmounted by a new and enlarged lantern, and fitted with a more powerful illuminating apparatus. The iron lantern, and the two sloping roofs of the circular tower are painted red, the vertical parts of the granite martello tower and of the superstructure are painted white, thus giving the building the effect of red and white horizontal bands. The height of the building, from its base to the ventilator on the lantern, is 60 feet. The light is a third order dioptric light, showing a bright flash at intervals of five seconds. It is elevated 64 feet above high water mark, and visible 13 miles from all points of approach. The illuminant is petroleum vapourized under an incandescent mantle.

The repairs which were being made to the breakwater at this station were also completed; the whole of the above work being done by days' labour at a cost of \$2,594.49.

Dartmouth.—Considerable repairs were done on the departmental wharf and depot at this place, the work being done by days' labour under the supervision of the Nova Scotia agency at a cost of \$622.

Popes harbour.—Considerable repairs are required at this station; the sills, plank-ing, railing, steps and part of the platform to be renewed; the building resingled; the boathouse, oil store and cribwork protection work repaired and a new boat supplied. The work is being done by days' labour under the supervision of the Nova Scotia agency.

Wedge island.—About 300 feet of new cribwork protection work was built around the eastern side of the island, the work being done by days' labour under the Nova Scotia agency at a cost of \$1,166.

Louisburg.—A new boathouse was erected; the storehouse resingled; the west side of the lighthouse stripped and resingled and the chimney rebuilt; the work being done by days' labour at a cost of \$1,287.

Low point.—A new 40 horse-power Robb Mumford boiler and fittings will be installed at this fog alarm station, the boiler and fittings being provided by the Robb Engineering Co., of Amherst, N.S., and the price being \$1,156.

Cape Race.—A steel concrete tower is in course of construction at this station under contract by the Steel Concrete Co., of Montreal, the contract price being \$4,800; other works are being done by days' labour under the direction of the Nova Scotia agency, and the cost to date has been \$7,692.62.

Amet island.—Extensive repairs were made to the breakwater at this station to put it into servicable condition, the work being done by days' labour at a cost of \$2,391.75.

Pictou island.—A new dwelling for the keeper of the west pier lighthouse is under construction by days' labour, and repairs are being made to the breakwater.

7-8 EDWARD VII., A. 1908

In addition to the above, minor repairs were executed at the following stations:—

Port Bickerton, addition to dwelling....	\$138 33
Three Top island, repairs to station....	276 60
Cape La Ronde, repairs to station....	175 00
Bird island, repairs to dwelling....	264 06
Caribou, repairs to tower, &c....	274 99
Scattarie, repairs to fog alarm....	265 45
The Budget, repairs to station....	504 00
Cape Enrage, repairs to station....	190 00
False passage, repairs to station....	184 00
Onetique, repairs to station....	109 13

NEW BRUNSWICK.

NEW AIDS TO NAVIGATION.

St. John harbour.—A fixed red light, shown from a lantern on a pole, is maintained by the Intercolonial Railway authorities on the outermost (southwesternmost) corner of their wharf at the south extremity of the city, to indicate to vessels coming into the harbour at night the position of the outer end of the wharf.

Anderson hollow.—A light was established on the outer end of the government breakwater at Anderson hollow, on the opening of navigation in 1907. The light is fixed white, shown from an anchor lens lantern hoisted on a pole 22 feet high, elevated 26 feet above high water mark, and visible 8 miles from all points of approach by water.

AIDS DISCONTINUED.

Pokemouche.—In consequence of a change in the passage over the bar into Pokemouche gully it was impossible to make the range lights guide through the passage, and the light heretofore shown from a post standing 200 feet from the main lighthouse was therefore extinguished.

CHANGES AND IMPROVEMENTS IN EXISTING AIDS.

Machias Seal island.—The reservoir at this fog-alarm station was repaired and new iron beams and a concrete floor supplied. The dwelling house was also repaired and a new platform laid on south side of building. The work was done by days' labour at a cost of \$423.15.

Gannet rock.—A new fog-alarm building, to contain a duplicate 6 horse-power air compressing fog signal plant, with 5-inch low pressure diaphone, is under construction by days' labour under the direction of the New Brunswick agency. The machinery was supplied by the Canadian Fog Signal Company, of Toronto, the price of same being \$9,245.

St. Andrews.—Repairs were executed to the foundation of the lighthouse on the north end of the bar east of Navy island; a new ladder leading from the top of block to the beach made and new iron boat davits provided. A 10,000-blow fog bell was also erected on the east side of block. This work was carried out at a cost of \$3,193.85.

Big Duck island.—A new concrete reservoir, 24 feet by 30 feet by 9 feet deep, was constructed and a wooden cover made over it for the fog-alarm at this station. The reservoir inside the engine room was repaired and a new foundation of concrete placed

SESSIONAL PAPER No. 21

under the cylinder of the engine. The dwelling house was sheathed and painted; the work being done by days' labour at a cost of \$1,118.25.

Head harbour.—A new cistern was made inside the lighthouse and the outside reservoir repaired, and a new concrete bulkhead erected on the upper end. Two sides of the dwelling-house and roof were reshingled and the boat tramway from boat-house to the beach renewed. The work was done by days' labour under supervision of the New Brunswick agency at a cost of \$1,023.41.

Letite.—The old reservoir at this station was repaired; a new bulkhead in cement placed on it, and new piping was also laid. Three additional rooms were also added to the keeper's dwelling; the work being done by days' labour at a cost of \$1,025.38.

Partridge island.—The high compressors, formerly in use at this station, were removed. The two large air tanks were transferred from the outside to inside the engine-house, and the reservoir was thoroughly repaired and recemented and piping extended to the several buildings on the island. The new dwelling for the assistant keeper was also completed and the city water extended to it. The work was done by days' labour under the supervision of the New Brunswick agency at a cost of \$5,019.72.

Negro point.—A submarine station is under construction at this place, the work being done by days' labour at a cost so far of \$877.11.

Cape Tormentine.—The range lights at Cape Tormentine pier, which heretofore have only been maintained while the steamer *Stanley* was making winter passages between that point and Prince Edward Island, have been rearranged, and are now maintained throughout the year. The front light is a fixed white seventh order dioptric light, shown from a lantern hoisted on a mast on the west side of the freight shed on the southeast corner of the pier. The light is elevated 28 feet above high water mark, and visible 7 miles from all points of approach. The back light, shown from the cupola of the iceboat house, is a fixed white catoptric light. It is elevated 34 feet above high water mark, visible 7 miles, and is distant 2,425 feet from the front light.

Cocagne.—Range lights will be established at Cocagne. The front light is to be shown from an inclosed tower standing on the shore on the south side of the mouth of Cocagne river, 70 feet eastward of Cocagne bridge. The tower is a wooden building, square in plan, with sloping sides, surmounted by a square wooden lantern, the whole painted white. The height of the tower from its base to the vane on the lantern is 28 feet. The light is a fixed red light, elevated 26 feet above high water mark, and visible 6 miles from all points of approach by water. The illuminating apparatus is dioptric of the sixth order. The back light stands on the shore of the river, 865 feet from the front light, and is shown from an anchor lens lantern hoisted on a pole. A diamond-shaped beacon is attached to the pole to make it more conspicuous as a day mark. The light is a fixed red light, elevated 47 feet above high water mark, and visible 8 miles.

The work is being done by days' labour under the direction of the New Brunswick agency, and the cost so far is \$333.53.

Escuminac.—The old fog-alarm building at this station was converted into an engine-room for the new fog-alarm plant to be shortly installed, and an extension was built to contain two 50 horse-power boilers and a coal room and concrete cistern were also built. The machinery, which will consist of a 3-inch diaphone plant, will be installed during the course of the summer months. The cost of constructing the building which was done by days' labour under the New Brunswick agency, was \$2,470.71.

Campbellton.—The lighthouse tower from which the front light of the range is shown was moved 33 feet in the line of range to the east edge of the widened approach to the railway wharf.

7-8 EDWARD VII., A. 1903

MINOR REPAIRS.

Beacon light, repairs.	\$ 70 56
Buctouche, repairs to protection work.	384 33
Cape Enrage, repairs to station.	190 59
Goose lake, protection work.	225 53
Grand Manan, repairs.	113 16
Point Lepreaux, repairs to station.	107 00
Quaco, repairs to dwelling and fog-alarm.	130 00
Swallow Tail, repairs to station.	127 80
Sheldrake, repairs to tower.	65 82
Tiner point, repairs to fog-alarm, &c.	394 07

PRINCE EDWARD ISLAND.

NEW AIDS TO NAVIGATION.

Warren farm.—Range lights have been established on Warren farm, on the western side of Charlottetown harbour. The lights are shown from inclosed wooden towers, square in plan, with sloping sides, surmounted by square wooden lanterns, the whole painted white. Each tower is 30 feet high from its base to the top of ventilator on the lantern, and the lights are fixed red seventh order dioptric lights, visible 2 miles in the line of range. The front light is elevated 39 feet above high water mark, and the back tower stands 1,143 feet from the front one, the light being elevated 57 feet above high water mark.

The work was done by days' labour under the agency at Charlottetown at a cost to date of \$1,295.39.

IMPROVEMENTS IN EXISTING AIDS.

Souris.—The open steel skeleton tower, 25 feet high, fitted to take an octagonal lantern, 4 feet in diameter, mentioned in last year's annual report as being in course of construction, was completed. The tower was erected in the department shipyard at Sorel, the cost being \$650, and the cost of labour, &c., in erecting the same was \$599.98, making a total expenditure of \$1,249.98.

Panmure island.—Extensive repairs were made to the lighthouse at this station, the work being done by day's labour under the Charlottetown agency at a cost of \$445.38.

Brighton beach.—A new cribwork block foundation was built for the front lighthouse of this range; the new foundation consists of a block, 20 feet square, built of hemlock timber, seven tiers high. A ballast floor was placed between the third and fourth tiers and ballast stone filled in on top, the tower being then hauled back into position upon the hemlock flooring. The work was done by day's labour under the supervision of the Charlottetown agency, and cost \$139.86.

Indian point.—The foundation of the tower at this station was found to be defective, and a new foundation, of the best cement work, was therefore built; the repairs being carried out by day's labour under the supervision of the agency at Charlottetown at a total cost of \$2,541.74.

SESSIONAL PAPER No. 21

In addition to the above work, minor repairs were also executed at the following places:—

Leards, repairs to front range tower.	\$204 67
Fish island, repairs to tower.	288 36
Cove head, repairs to mast ranges.	33 91
North Rustico, repairs, ballast, brush, &c.	239 45
Cape Tryon, repairs to building.	120 20
Georgetown, moving tower and repairs.	145 22
Georgetown, reconstructing wharf light.	86 31
Cape Bear, repairs to barn and fence.	263 54
St. Andrew's point, repairs.	75 00

QUEBEC.

NEW AIDS TO NAVIGATION.

Carleton.—A small lighthouse tower was built in Quebec for erection on the wharf at this place. It is a wooden building, square in plan, with sloping sides, surmounted by a square wooden lantern, and is 21 feet high. It is painted white, with the lantern roof red. The light will be a fixed red dioptric light of the sixth order, elevated 20 feet above high water mark, and visible 6 miles from all points of approach by water. The work was done by day's labour under the direction of Quebec agency, and cost \$333.32.

Port Daniel west.—A lighthouse was established on the eastern end of west point, and was put in operation on the opening of navigation in 1907. The light is fixed white, dioptric of the fourth order, elevated 100 feet above high water mark, and visible 15 miles from all points of approach by water. The illuminant, petroleum vapour burned under an incandescent mantle. The lighthouse tower stands 225 feet from the eastern extremity of West point, on land 70 feet above high water mark and 75 feet from the water's edge northward and southward. It is an inclosed octagonal wooden building, with sloping sides, painted white, surmounted by an octagonal iron lantern, painted white, and is 33 feet high from its base to the top of the ventilator on the lantern.

This work was done by contract by Messrs. Chapados & Robichaud, of Gascon, the contract price being \$900.

Belle isle.—The fog alarm building at this station has been completed. The building stands near the edge of the cliff at the northeast extremity of the island, and about two hundred feet northeasterly from the lighthouse tower. It is a rectangular wooden building painted red. The fog alarm consists of a diaphone, operated with air compressed by an oil engine, and gives during thick or foggy weather, one blast of $3\frac{1}{2}$ seconds' duration every minute. The horn, elevated about 90 feet above high water mark, projects from the northeast side of the fog alarm building.

The building was erected by day's labour under the direction of the Quebec agency at a cost of \$9,207.24; and the fog alarm machinery was supplied by the Canadian Fog Signal Co., of Toronto.

Cap Anguille.—A fog-alarm building to contain a 5-inch diaphone with two 50 horse-power boilers; and a reinforced steel concrete tower are in course of construc-

7-8 EDWARD VII., A. 1908

tion. The fog-alarm building is nearly completed and the diaphone and machinery has been shipped ready to be installed.

The work of constructing the fog-alarm building is being done by day's labour under the supervision of the Quebec agency, and the diaphone was supplied by the Canadian Fog Signal Co., of Toronto.

The work on the steel concrete tower will shortly be started, and will be performed by day's work. The total cost to date at this station has been \$15,231.41.

Ellis bay.—Range lights were established at this bay, Anticosti, by M. Henri Menier, proprietor of the island, on the southwest coast, to lead into the bay. The front light is shown from a tower standing on the outer end of the breakwater built out from the east shore of the bay. It is a cylindrical cast-iron tower, surmounted by a circular metal lantern, and stands upon a concrete foundation in the form of a frustrum of a cone. The foundation and tower are painted white and the lantern roof red. The height of the building, from the foundation to the vane on the lantern, is 33 feet. The light is fixed white dioptric of the fourth order, visible over an arc of 90 degrees, and is elevated 35 feet above high water mark and visible 11 miles. The back tower stands on land near the shore at the bottom of the bay, 5,000 feet from the front one. It is similar to the front tower, but is 52 feet high, and stands on a foundation about 10 feet high of stone masonry, in the form of a frustrum of a cone. The light is similar to the front one, is elevated 79 feet above high water mark, and visible 14 miles over an arc of 90 degrees.

Fame point.—The fog alarm building mentioned in last year's annual report as being in course of construction at this station, was completed, by day's labour under the direction of the Quebec agency, the total cost of construction being \$6,356.26.

A new cylindrical iron tower, surmounted by a circular iron lantern, is also being constructed by day's labour and will be ready to receive the illuminating apparatus by the fall of the year.

Seven islands.—The new fog alarm building, mentioned in last year's annual report as being in course of construction, was completed, and a duplicate air compressing fog signal plant is being installed. The construction of the building and installation of a water supply was done by day's labour and cost \$6,110.27, and the machinery was supplied by the Canadian Fog Signal Company, of Toronto, the price of same being \$2,650.

Escoumains.—Range pole lights were established in the bottom of the harbour of Escoumains, and were put in operation on September 8, 1906. The front light mast stands on the edge of the public road, about 100 feet back from the shore, on ground 10 feet above high water mark. The back light mast is 402 feet from the front one, on ground 32 feet above high water mark. The lights are fixed red 50-candle power incandescent electric lights, in anchor lens lanterns affixed to the top of poles. The front pole is 20 feet high, and the light 30 feet above high water mark. The back pole is 25 feet high; the light 47 feet above the water, and both lights are visible 2 miles in the line of range.

The work was done by day's labour under direction of Quebec agency, and cost \$677.49.

Grosse Roche—A lighthouse was established on the east side of the Saguenay river, about one mile above Grosse Roche. It stands on land 6 feet above high water mark and 20 feet back from the water's edge. It consists of a square wooden dwelling, with a square wooden lantern rising from the middle of its hip roof. It is painted white with the roof red, and is 35 feet high from its base to the top of the ventilator on the lantern. The light is fixed white dioptric of the sixth order, elevated 36 feet above high water mark, and visible 6 miles upstream and downstream.

This work was done by contract by Mr. Albert Roy, of Chicoutimi, the contract price being \$1,550.

SESSIONAL PAPER No. 21

St. Simeon.—A light was established on the outer end of the government wharf at St. Simeon. It is a fixed white light, elevated 40 feet above high water mark, and visible 11 miles over an arc of 163 degrees. The illuminating apparatus is dioptric of the fifth order. The light is shown from an octagonal wooden lantern, painted white with roof red, built on the apex of the roof of the rectangular wooden freight shed on the outer end of the wharf. The freight shed is painted drab with the roof red, and the height from the deck of the wharf to the ventilator on the lantern is 35 feet.

Hospital rock.—Two range lights are in course of construction on Hospital rock, Goose island; the front tower is situated about 12 feet above high water mark, and the back tower stands on pasture land in the rear. The low front tower which is a square wooden building has already been completed, and the back tower, which consists of a three-section steel skeleton tower, ordered from Messrs. Goold, Shapley & Muir, of Brantford, Ont., has been put together and will soon be ready to receive the lantern and illuminating apparatus.

The work is being done by day's labour under the supervision of the Quebec agency. The cost of construction to date has been \$1,873.98, and the price of the steel tower is \$502.80.

Gentilly.—A pier was constructed for the front light of this range; 125 piles, 20 feet in length, were driven in to form the foundation and on this a concrete pier was built. The pier is 42 feet square at its base, 25 feet square at its top and is 30 feet in height. A tower and keeper's dwelling thereon are in course of construction. In addition to the above, the pier, on which the back light of this range will be erected, was also started. The work is being done by day's labour under the supervision of the Montreal agency, and the cost to date has been \$17,399.17.

Nicolet.—A pier for the front light of this range was built. It is 42 feet square at its base, 25 feet square at its top and is 30 feet in height. A tower and keeper's dwelling are now in course of construction thereon. The foundations for a tower, on which the back light of this range will be shown, were also constructed, and were built 7 feet above the level of the ground on account of danger from ice in the spring of the year.

The work on the above two piers, &c., is being done by day's labour under the direction of the Montreal agency, and the cost to date has been \$28,336.90.

Pointe du Lac.—Foundations for a tower on which to show the back light of this range are being constructed, the work being done by day's labour under the Montreal agency, and the cost to date being \$549.12.

Lake St. Peter.—The lightship at No. 2 curve in Lake St. Peter was removed from her station, and replaced by three permanent lights shown from towers standing on concrete piers, arranged as two ranges with the middle light common to both. This middle tower consists of a square fireproof dwelling painted white with a red roof, surmounted by an octagonal iron lantern painted red. It stands on a rectangular concrete white washed pier with battered sides and a pointed nose upstream. The pier rises 29 feet above the summer level of the river, and stands at the point where the axis of the widened channel from Yamachiche curve to No. 2 curve cuts the axis of the widened channel from No. 2 curve to No. 1 curve. The lighthouse is 28 feet high from the deck of the pier to the ventilator on the lantern, and the light is a fixed white dioptric acetylene light of the fifth order, elevated 49 feet above the water, visible 6 miles. The back lights are similar lights elevated 94 feet above the water and visible 6 miles. Each is shown from a skeleton steel tower, rising from the walls of a fireproof dwelling, standing on a square concrete pier with battered walls. The tower is surmounted by an octagonal iron lantern, the lantern and skeleton framework being painted red, and the dwelling and pier white. The pier rises 29 feet above the water, and the tower is 73 feet high from the pier to the ventilator on the lantern. The upper back pier

7-8 EDWARD VII., A. 1908

having settled somewhat at the eastern corner, and the front pier at its lowest corner, the bottom around the piers, was consolidated by placing stone filling.

The whole of the above work was performed by day labour under the direction of the Montreal agency, and the cost during the year has been \$18,851.84.

Louiseville.—Range lights were established on the west shore of Rivière du Loup, near its mouth, to lead in from Lake St. Peter, and were put in operation on the opening of navigation in 1907. The lights are fixed white lights, shown from anchor lens lanterns hoisted on poles, and visible six miles in the line of range. The poles are made more conspicuous as day beacons by having a diamond-shaped slatwork painted white on the top of each, and are respectively 20 and 40 feet high, standing on ground elevated 6 feet above the summer level of the river. The front light is elevated 25 feet and the back light 45 feet above the water. The front light pole stands on the west side of Rivière du Loup, about one-quarter mile above its mouth, and the back light pole on the west side of Rivière du Loup, about one-tenth mile north from the front one. The work was done under contract by F. X. Therien, the contract price being \$375.89.

Gallia Bay.—Four range lighthouses were erected on the south side of Ile à la Pierre to guide through the channel north of Ile des Barques, and were put in operation on the opening of navigation in 1907. The lights are fixed white catoptric lights, visible two miles in the line of range, and stand on concrete piers, square in plan, with battered sides. The front lighthouse of the upper range stands on the south side of Ile à la Pierre, 5,375 feet from Ile à la Pierre lighthouse, and 140 feet back from the water's edge. It is a square wooden building, painted white, surmounted by a white square wooden lantern with red roof. The height of the building from the top of the pier to the top of the ventilator on the lantern is 19 feet, and the light is elevated 41 feet above the summer level of the river. The back lighthouse stands 660 feet from the front one. It consists of an inclosed cylindrical steel tower 5 feet in diameter, painted white, surmounted by a square wooden lantern painted red. The tower is 52 feet high from the top of the pier to the top of the ventilator on the lantern, and is elevated 73 feet above the summer level of the river. The front lighthouse of the lower range stands on the south side of Ile à la Pierre, 2,800 feet from Ile à la Pierre lighthouse, and 80 feet back from the water's edge. The lighthouse is a similar building to the front one of the upper range, and is elevated 38 feet above the summer level of the river. The back lighthouse stands 600 feet from the front one. It is a similar building to the back lighthouse of the upper range, and is elevated 71 feet above the summer level of the river.

This work was performed by day labour, under the Montreal agency; the steel towers were furnished from the government shipyard, at Sorel, at a cost of \$292.25 each, and the total cost of this work, inclusive of the steel towers, was \$34,301.71.

Ile du Pads.—Two range lighthouses were established to mark the channel from the upper end of Ile aux Foins to the intersection of the alignment of Ile du Pads range lights with the alignment of Lavaltrie range lights, and were put in operation on the opening of navigation in 1907. The front lighthouse stands on the south side of Ile aux Cochons, about 100 feet back from the water's edge, and about one-tenth mile from the southeast end of the island. It is a square wooden building, painted white, surmounted by a square wooden lantern, painted white. The building is 19 feet high from its base to the top of the ventilator on the lantern, and stands on a concrete pier 22 feet high, square in plan, with battered sides. The light is fixed white catoptric, elevated 39 feet above the summer level of the river, and visible six miles in the line of range. The back tower stands on the western end of Ile du Pads, 1,960 feet from the front lighthouse, and about 900 feet back from the water's edge in the line of range. It consists of an open steel square framework, with sloping sides, sur-

SESSIONAL PAPER No. 21

mounted by an inclosed wooden watchroom and a square wooden lantern. The side of the framework facing the channel is rendered more conspicuous as a day beacon by being covered half way down with wooden slatwork. The lantern roof is painted red, the lantern sides, the watchroom and the slats are painted white. The height of the tower from its base to the top of the ventilator on the lantern is 69 feet. The light is fixed white catoptric, elevated 71 feet above the summer level of the river, and visible six miles in the line of range.

This work was performed by day labour under the Montreal agency; the steel tower was supplied by the government shipyard, at Sorel, at a cost of \$258; and the total expenditure on this work, inclusive of the steel tower, was \$10,031.67.

Ile du Moine.—Two range lighthouses were erected to mark the axis of the ship channel from the curve below Ste. Anne de Sorel, and were put in operation on August 23, 1906. The front lighthouse stands on the west end of Ile du Moine, about 400 feet back from the water's edge. It is a square wooden building, painted white, surmounted by a square wooden lantern painted white with a red roof. The building is 21 feet high from its base to the top of the ventilator on the lantern, and stands on a concrete pier 25 feet high, square in plan, with battered sides, whitewashed. The light shown is a fixed white catoptric light, elevated 43 feet above the summer level of the river, and visible five miles in the line of range. The back tower stands 1,590 feet from the front one. It consists of an open steel framework, square in plan, with sloping sides, painted brown, surmounted by an inclosed wooden watchroom and an actagonal iron lantern. The side of the framework facing the channel is rendered more conspicuous as a day beacon by being covered half way down with wooden slatwork. The lantern roof is painted red, the lantern sides, the watchroom and the slats are painted white. The height of the tower from its base to the top of the ventilator on the lantern is 86 feet. The tower stands on a whitewashed concrete pier 19 feet high, square in plan, with battered sides. The light shown is a fixed white catoptric light, elevated 108 feet above the summer level of the river, and visible five miles in the line of range.

The work was performed by day labour under the Montreal agency; the steel tower was supplied by the government shipyard at Sorel, and the total cost of this work, inclusive of the tower, was \$17,022.13.

Ile des Barques.—A lighthouse was established on Ile des Barques, which will form the front range of Ile du Moine lower range, and was put in operation on the opening of navigation in 1907. The lighthouse stands on Ile des Barques, about one-third of a mile from its eastern end, and 9,690 feet from the back range lighthouse on Ile du Moine. It consists of a square wooden building, painted white, surmounted by a square wooden lantern, painted white with red roof. It is 19 feet high from its base to the top of the ventilator on the lantern, and stands on a concrete pier, 24 feet high, square in plan, with battered sides. The light is fixed white catoptric, elevated 41 feet above the summer level of the river, and visible ten miles in the line of range.

The work was done by day labour under the Montreal agency, at a cost of \$12,680.49.

AIDS TO NAVIGATION DISCONTINUED

Baie St. Paul.—The exhibition of a light from the old lighthouse on the pier in the middle of Baie St. Paul has been permanently discontinued in consequence of the establishment of a light on the neighbouring government wharf at Pointe aux Corbeaux.

Lark islet.—The maintenance of a steam fog horn at Lark islet lightstation was discontinued when Prince shoal lightship was established, to prevent confusion.

CHANGES AND IMPROVEMENTS IN EXISTING AIDS.

Cape Bauld.—The fog horn maintained at Cape Bauld lighthouse was on November 1, 1906, replaced by a diaphone, operated by compressed air. The new fog-alarm is

7-8 EDWARD VII., A. 1908

located in a rectangular wooden building, painted white with a red roof, located about 50 feet to the eastward of the lighthouse, and the diaphone gives blasts of seven seconds duration with intervals of thirty-eight seconds between them, or one blast every 45 seconds. The horn projects from the north side of the building. The diaphone plant was installed in November, 1906, being supplied by the Canadian Fog Signal Co., of Toronto. The cost during the year was \$9,818.88.

Cape Norman.—A new lighthouse tower, fog-alarm machinery and double dwelling are in course of construction at this station; most of the work having been completed with the exception of the double dwelling which has not yet been started. The tower is located near the old lighthouse, and is cylindrical iron, surmounted by a circular iron lantern, the whole painted red. The tower is 57 feet high from its base to the vane on the lantern. The light is a flashing white dioptric light of the third order, and the illuminant petroleum vapour burned under an incandescent mantle. It is elevated 116 feet above high water mark, and visible sixteen miles from all points of approach by water. A 3-inch diaphone was installed in place of the steam fog horn formerly in use, and gives one blast of 5 seconds' duration every 35 seconds. The machinery is contained in an engine house built on the east side of the old fog-alarm building, and is a rectangular wooden structure, painted white, with a red roof.

The work at this station is being done by day labour under supervision of the Quebec agency, and the cost to date has been \$12,839.25.

Greenly island.—A new fog-alarm building was erected on Greenly island, and was put in operation on August 15, 1906. It is a rectangular wooden building, painted white, with the roof red, and stands 695 feet from the lighthouse, and 60 feet back from the water's edge. The new fog-alarm consists of a diaphone, operated by compressed air, and gives during thick or foggy weather, one blast of five seconds' duration every minute. This fog-alarm replaces the steam fog horn heretofore used.

The work was done by day labour, under the direction of the Quebec agency, at a cost of \$4,596.97, and the fog-alarm machinery was supplied by the Canadian Fog Signal Company, of Toronto.

Cape Ray.—A new dwelling for the fog-alarm engineer at this station was built; the brick chimney of the fog-alarm building increased 10 feet in height, the cistern near the fog-alarm improved, and several other repairs to the station executed. The work was done by day labour, under the Quebec agency, and cost \$4,857.63.

Bird rocks.—A new fog-alarm building, to contain a 5-inch diaphone plant, is in course of construction at this station, and is nearing completion, the work being done by day's labour, under the Quebec agency, and the cost to date, \$5,030. The 3-inch diaphone has been supplied by the Canadian Fog Signal Company, of Toronto, the price of the same being \$7,100.

Anticosti lightship.—Repairs were made to this lightship, the boiler being overhauled and painted, the fresh water tanks recemented and repaired and the ship being in every way placed in good order.

Cap Madeleine.—A new fog-alarm building, to contain a 3-inch diaphone, will be erected at Cap Madeleine by day's work under the superintendence of the Quebec agency. A 3-inch diaphone plant and fittings have been ordered for this station from the Canadian Fog Signal Company, of Toronto.

Ste. Félicité.—Some changes and improvements were made to the fog signal plant at this station some extra parts including a suction air valve supplied and changes made in the air compressors, the cost of this work being \$1,623.89.

SESSIONAL PAPER No. 21

Father point.—The fog-alarm at this station was changed so as to sound two blasts, each of 4 seconds' duration, with an interval of 3 seconds between the blasts, in every minute. Considerable repairs were also executed; the compressors of the fog-alarm were overhauled and the station put into good working order; the work being done by day's labour, at a cost of \$1,045.79.

Red islet lightship.—Repairs were made to this lightship, the boilers being overhauled, the fresh water tanks cemented and the electric plant repaired, the cost of the repairs being \$264.75.

Prince shoal lightship.—Repairs were made to this lightship; the dome and stays of boiler were sealed and painted, and the timing engine valve tuned up and spindle and new neck rings fitted; the fresh water tanks were also recemented and repaired, the cost of the repairs being \$600.

Lark islet.—The old keeper's dwelling house at this station, having been condemned, as unfit for habitation, a new dwelling was erected, the building being framed together in the workshops at Quebec and conveyed from thence to the site; the work was done by day's labour and cost \$1,946.32.

White island lightship.—Repairs were made to this lightship, the boiler being repaired and fresh water tanks overhauled, the cost of the repairs being \$554.69.

River Caribou.—The light shown from a pole since the back range lighthouse at River Caribou was blown down was replaced by a stronger light shown from a skeleton steel tower erected on a small knoll in the line of range 100 feet behind the temporary light. The new tower is a skeleton steel frame, square in plan, with sloping sides, surmounted by a square wooden lantern. It is 36 feet high from its base to the ventilator on the lantern, and the framework and lantern roof are red, the body of the lantern being white. The light is fixed white catoptric, elevated 40 feet above the level of the river, and visible six miles in the line of range.

The tower was constructed in the department's workshops at Quebec, by day's labour, and the cost of this work was \$671.69.

Quebec breakwater.—The substructure and the foundations for a steel skeleton tower, to be placed on the breakwater, to take the place of the old light now there, was prepared, and a steel tower, to be supplied by the Goold, Shapley and Muir Co., of Brantford, Ont., will shortly be erected; the cost of this work to date has been \$545.63.

No. 3 curve, Lake St. Peter.—A keeper's dwelling was erected on the front pier of No. 3 curve. It is constructed of expanded metal and cement, and is similar in details to the dwelling erected on the front pier of No. 2 curve.

Some 125 toise of stone were also placed around the pier to make it more secure.

This work was done by day's labour, under the direction of the Montreal agency at a cost of \$2,901.42.

Ile aux Raisins.—This range was shifted 75 feet to the westward of the old sites and two concrete piers are being built to receive these towers. The front pier is 19 feet square at its base, 12 feet square at its top and 21 feet in height and is completed. Foundations for the back light have been constructed and the work on this pier is now well under way. The work is being done by day's labour, under the supervision of the Montreal agency and the cost to date has been \$5,522.47.

Minor repairs were executed in the following places:—

Les Eboulements, repairs to wharf.	\$ 124 83
King's wharf, Quebec, repairs to wharf.	118 81
Amherst island, repairs to station.	224 16
Anticosti (Heath point), repairs to station.	357 17
Anticosti (South point), repairs to station	184 60
Bryon island, repairs to station.	358 08
Cape Rosier, repairs to station.	199 61
Champlain, upper, repairs to station	363 00
Champlain, back, repairs to station.	433 00
Chicoutimi, repairs to station.	188 25
Esquimaux point, repairs to station.	181 33
Lavaltrie, repairs to station.	236 01
Cape Madeleine, repairs to station.	217 00
Ramblers cove, repairs to station.	188 87
Sandy beach, repairs to station.	162 21
Watt's point, repairs to station.	133 38
Portneuf, repairs to station.	280 79

ONTARIO.

NEW AIDS TO NAVIGATION

Way shoal.—Four beacon lights, to guide through the channel north of Way shoal, were established and put in operation on November 7, 1906. They show fixed white lights from pressed glass lens lanterns hoisted on poles, are visible eight miles in the line of range. The poles are made more conspicuous as day beacons by having diamond-shaped slatworks painted white on the top of each. The front light of the upper range stands on the bank of the river at a point 975 feet above the front light of the lower range, and about 2,100 feet below the mouth of the Blanche river. The back light of this range stands 490 feet from the front light, and the front light of the second range stands on the north bank of the river, 975 feet below Way channel front light.

These beacons were erected under supervision of Capt. Weir, C. G. S. *Maison-neuve*, and cost only \$124.

Arnprior island.—A lighthouse was erected upon Arnprior island, replacing the mast light previously maintained. The building consists of a square wooden tower, with sloping sides, surmounted by a square wooden lantern. It stands upon a concrete pier in the form of the frustum of a square pyramid, and the pier is whitewashed and the tower, painted white, is 26 feet high from the pier to the ventilator on the lantern. The light is fixed white dioptric of the sixth order, and is elevated 29 feet above the summer level of the river, and visible ten miles from all points of approach.

The work was done by day's labour under the foremanship of Mr. E. Corriveau, at a cost of \$1,068.

Bronte.—A lighthouse was established on October 17, 1906, on the north pier at Bronte. The tower stands near the outer end of the pier, and is an inclosed square wooden building, with sloping sides, surmounted by a square wooden lantern, the whole painted white. It is 27 feet high from its base to the top of the ventilator on the lantern. The light shown is fixed white dioptric of the sixth order, elevated 27 feet above the level of the lake, and visible ten miles from all points of approach by water.

SESSIONAL PAPER No. 21

This work was done by contract by Messrs. Orange, Ribble & Co., the contract price being \$800.

Allumette lake.—A lighthouse was erected and put in operation at the lower end of Upper Allumette lake.

The light is fixed white dioptric of the sixth order, elevated 29 feet above the summer level of the lake, and visible from all points of approach by water. The tower is an inclosed square wooden building, with sloping sides, surmounted by a square wooden lantern, the whole painted white. Its height from the pier to the ventilator on the lantern is 27 feet, and stands on the uppermost boom pier of the Upper Ottawa Improvement Company, about 200 feet from the Allumette island shore. The pier is a square cribwork pier standing about 8 feet above the water.

The work was performed by day's labour under the foremanship of Mr. E. Corribeau, and cost \$852.76.

Port Colborne.—A reinforced steel pyramidal beacon was erected on the outer end of the eastern breakwater at Port Colborne and was completed on September 4, 1906. The beacon is square in plan, surmounted by a lens lantern, and is lighted with a white acetylene light occulted at short intervals. It is elevated 24 feet above the level of the lake, is visible ten miles from all points of approach, and is unwatched.

The work was performed by contract by Mr. M. J. Hogan, of Port Colborne, and the contract price was \$1,450.

AID TO NAVIGATION DISCONTINUED.

When Allumette island lighthouse was established, the light heretofore shown from Morrison or Hawley island, to show the old entrance to the Allumette rapids boom, became useless, and it has been discontinued.

CHANGES AND IMPROVEMENTS IN EXISTING AIDS.

False Ducks.—The dwelling at this station was destroyed by lightning, which also did some damage to the lighthouse. A new dwelling and oil shed were therefore erected, and repairs made to the tower. The fog alarm machinery at this station was also duplicated, the machinery being supplied by the Canadian Fog Signal Company, of Toronto, for \$2,650; and the work of construction being done by day's labour at a cost of \$2,585.94.

Presqu'île.—A new fog alarm building was erected at this station, the work being completed on November 24, 1906. It is a framed rectangular building, 56 feet 6 inches by 21 feet 3 inches, and is supported on concrete foundations. The work was done by day's labour, under the direction of Mr. M. J. Egan, and the cost of erecting the buildings was \$3,629.99. A fog-alarm plant will be installed during the summer.

Colchester reef.—Considerable repairs were made to the breakwater at this station; the work being done by day's labour, at a cost of \$705.50.

Saugen river.—The back range lighthouse was moved back a distance of 1,650 feet in the line of range and placed on a stone foundation on the crest of the ridge on the north bank of the river. It is now distant 2,350 feet from the front tower, and the light is elevated 61 feet above the level of the lake.

The work was done by day labour, and cost \$110.35.

7-8 EDWARD VII., A. 1908

Stokes bay.—A shelter shed was erected at this station and completed on November, 1906; the work being done by contract by Messrs. R. E. Moore & Sons, of Lion's Head, the contract price being \$165.

Penetanguishene.—Considerable repairs were executed to the lighthouse and pier at the reformatory dock at this place. The portion of the pier below the water line was removed and placed with 12-inch square hemlock timber, and the top pier was then finished off with 12-inch square white pine with a batter. The lighthouse also underwent a thorough repairing, and was provided with new sills, floors, joists, &c.

The work was performed by day labour, under the direction of Mr. H. J. Alward, the total cost being \$1,065.01.

Midland point.—Midland point front range lighthouse was removed from its foundation to a new foundation consisting of a concrete pier, square in plan, with battered sides, erected immediately to the northward of the old foundation, in the line of range. This change increases the distance between the range lights 20 feet and raises the front light one foot higher above the water, the light being now 32 feet above the level of the lake.

The work was done by day labour, at a cost of \$694.65.

Red rock.—Considerable repairs are being executed at this light station, the work being done by day labour, and the cost to date has been \$1,152.97.

Lonely island.—A new lighthouse tower and keeper's dwelling is in course of construction at this station, on the edge of the cliff, 300 yards back from the north short of the island. The tower is an octagonal wooden building, with sloping sides, painted white, surmounted by a circular iron lantern painted red, and is 57 feet high from its base to the vane on the lantern. The light will be flashing white, elevated 195 feet above the level of the lake, and visible twenty miles. The illuminating apparatus will be dioptric of the third order, and the illuminant petroleum vapour, burned under an incandescent mantle. The work is being done by day labour, under the foremanship of Mr. W. Fryer, and has cost to date, \$3,332.39.

Mississagi strait.—The fog alarm at this light station was changed on November 1, 1906, from the 'wildcat' whistle to a diaphone operated by air compressed by steam power. The new plant is contained in a rectangular wooden building, painted white, with a red roof, standing 125 feet south of the lighthouse at a point 14 feet above the water and 175 feet back from the shore line. The resonator is elevated 33 feet above the water, and the diaphone gives two blasts, each of 3 seconds' duration, with an interval of 3 seconds between them, every 45 seconds. The building was erected by day labour, at a cost of \$4,892.58, and the machinery was supplied by the Canadian Fog Signal Company, the price being \$5,746.90.

Sulphur island.—The lighthouse tower on sulphur island was rebuilt in October, 1906. It stands on the south end of the island, 125 feet back from the water's edge. It is an octagonal wooden building, with sloping sides, painted white, surmounted by an octagonal iron lantern painted red, and is 43 feet high from its base to the top of the ventilator on the lantern. The light is fixed white of the fifth order, elevated 49 feet above the level of the lake, and visible twelve miles from all points of approach by water.

The work was performed by day labour, under the direction of Mr. W. H. Brunel, and cost \$1,802.31.

BRITISH COLUMBIA.

NEW AIDS TO NAVIGATION.

Entrance Island.—A 31-day Wigham light was established on the southeast end of Entrance island, as a guide to vessels entering Quatsino sound. The light is fixed white dioptric of the seventh order, elevated 90 feet above high water, and visible fifteen miles to the southward. The lantern stands on top of a small inclosed wooden tower, built on an open frame platform, the whole painted white, and the light is unwatched.

The cost of establishing this light, exclusive of illuminating apparatus, was \$669.26.

Lookout Island.—A 31-day Wigham list was established on the eastern end of Lookout island, as a guide to vessels entering Kyuquot harbour by Halibut channel. The light is fixed white dioptric of the seventh order, elevated 45 feet above high water mark, and visible twelve miles to the southward and eastward. The lantern stands on top of a small inclosed wooden tower, built on an open frame platform, the whole painted white, and the light is unwatched.

The cost of establishing this light was \$322.69.

Mosquito Harbour.—A 31-day Wigham light was established on the south extreme of Plover point. The light is fixed white dioptric of the seventh order, elevated 34 feet above high water mark, and visible two miles. The lantern stands on top of a small inclosed wooden tower, built on an open frame platform, the whole painted white, and the light is unwatched.

The cost of establishing the light was \$223.05.

Estevan Point.—A light, fog alarm and wireless telegraph station is in course of construction at this point, the work being done by day labour, under the superintendence of Mr. Thomas Tubman, and the cost to date \$301.30.

Pachena Point.—A first-class light and fog-alarm are under construction at this point, and are now nearing completion, full details of which will appear in next year's annual report; the work is being done by day labour, under the superintendence of Mr. George H. Frost, and the cost of construction to date has been \$28,388.13.

Tsusiat and Seven Mile Creek.—Shelter sheds were established at Tsusiat and Seven Mile creek on the west coast of Vancouver island. These sheds are connected by telephone with the government telegraph line to Victoria, and watchmen are maintained

7-8 EDWARD VII., A. 1908

at them to promptly report vessels in danger within sight of the stations, and to render assistance in case of shipwreck. The shelter shed at Tsusiat is located on the headland immediately west of the 'remarkable waterfall' marked on the chart, and the Seven Mile creek shelter shed is on the prominent headland east of the creek.

This work was carried out by day labour at a cost of \$934.63.

Trial Island.—A lighthouse was erected on Trial island, and was put in operation on November 1, 1906. The lighthouse stands on a site 48 feet above high water mark immediately south of the 80-foot knoll, near the south point of Trial island. The lighthouse consists of a square wooden dwelling carrying a square wooden lantern on the middle of its cottage roof. It is 40 feet high from the sills to the vane on the lantern, and is painted white, with the roof and lantern red.

A fog-alarm was also established at this station, and was put in operation on September 1, 1906. It stands on a lower part of the rock, southeasterly from the lighthouse, and is a rectangular wooden building, painted white with a red roof. The horn projects from the south end of the building; and the fog-alarm consists of a diaphone, operated by means of compressed air, the power being supplied by an oil engine. It gives, during thick or foggy weather, one blast of 3 seconds' duration every minute. The work was done under contract by Geo. H. Frost and the total cost of the work to date has been \$11,939.

Pulteney Point and Scarlett Point.—Hand fog horns were supplied to the light-keeper at Pulteney point and Scarlett point light stations, which will be sounded, in thick weather, in answer to the fog whistles of steamers.

Pine island.—A lighthouse and fog-alarm were erected on this island; the light and the fog-alarm are now ready for service. The lighthouse stands 100 feet back from the extremity of the west point of the island and consists of a square wooden tower, rising from the western corner of a square wooden dwelling and surmounted by a polygonal iron lantern. The tower is 43 feet high from its base to the ventilator on the lantern, and the whole building is painted white, with the roof and lantern red. The light is fixed white dioptric of the fifth order, and is visible fourteen miles over an arch of 232 degrees. The fog-alarm will consist of a diaphone, operated with compressed air by an oil engine, and will give one blast of 7 seconds' duration every two minutes. The fog-alarm building stands 200 feet north-west of the lighthouse and is a rectangular wooden building, painted white with the roof red.

This work was done by day labour under the foremanship of Mr. Thomas Blair, and the total cost of erecting the building was \$21,071.29. The fog-alarm machinery will be supplied by the Canadian Fog Signal Co., of Toronto.

Lund.—A 31-day Wigham light was established on the east end of the south Ragged island. The light is fixed white dioptric of the seventh order, elevated 40 feet above high water mark, and visible eleven miles, over an arc of 249 degrees. The lantern stands on top of a small inclosed wooden tower, built on an open frame platform, the whole painted white, and the light is unwatched.

The light was installed by the C. G. S. *Quadra*, the Taylor Mill Company supplying the tower at a cost of \$169.24.

Lucy island.—A lighthouse was established on the northeast extremity of the eastermost Lucy island, and was put in operation on January 1, 1907. The lighthouse consists of a rectangular wooden dwelling, painted white with roof red, surmounted by a white square wooden lantern rising from the middle of its hip roof. The building is 36 feet high from its base to the top of the ventilator on the lantern. The light is fixed white dioptric of the fifth order, elevated 65 feet above high water mark, and visible thirteen miles, over an arc of 252 degrees.

This work was performed by day labour under the supervision of Mr. G. H. Frost, and cost \$7,059.04.

SESSIONAL PAPER No. 21

CHANGES AND IMPROVEMENTS AT EXISTING STATIONS.

Cape Beale.—The rebuilding of Cape Beale lighthouse tower was completed on October 17, 1906, and a modern quick flashing light was re-exhibited from the new tower at the beginning of 1907. The tower is similar in size and colour to the old one and stands on the old foundation. The old illuminating apparatus is in use, showing a revolving white light every 30 seconds, with a red sector showing over the dangers in Barkley sound.

The work was done by day labour under the superintendence of Mr. George Forrest, at a cost of \$2,576.50. The tramway was also repaired by day labour at a cost of \$575.

Sechart.—This light, which was carried away by storm in 1906, was re-established. The light is, as heretofore, a fixed white light, elevated 25 feet above high water mark, and visible ten miles from all points of approach. The light is shown through a dioptric lens from a three-wick 31-day Wigham lamp placed upon the top of a small square inclosed wooden tower, standing on a wooden framework foundation. The tower and foundation are painted white.

Carmanah.—Repairs were executed to the tramway at this station: the boilers of the fog-alarm were also retubed and repairs executed to the hoisting engine; the work being done by day labour at a cost of \$779.74.

Race rocks.—The fog-alarm boilers at this station were thoroughly repaired, at a cost of \$586.84; and a new watershed built, at a cost of \$131.92, to connect with the reservoir; the work being done by day labour.

Laurel point.—The harbour light established on the extremity of Laurel point, Victoria harbour, was moved 80 feet to the northeastward, and is now shown suspended from an iron arm, 4 feet in length, projecting from the north corner of a square red brick chimney rising from the north corner of a small brick house. The chimney is 57 feet high from the base of the building, and the light is 40 feet above high water mark.

The work was done at a cost of \$38.61.

Porlier pass.—A new four-roomed cottage for the keeper was erected at this station, the work being done by contract by Mr. Isaac Somers, the contract price being \$725. A new water cistern was also built by day labour at a cost of \$185.50.

Ballenas isles.—A fog-alarm, to receive a 1½-inch diaphone, is being constructed at this station, under the superintendence of Mr. G. H. Frost, by day labour, the cost to date being \$1,200.

Sisters.—A fog-alarm building for a 1½-inch diaphone is under construction, by day labour, under the direction of Mr. George H. Frost. The machinery is on the spot and will be installed as soon as the building is ready for it.

Yellow island.—A fog-alarm building to contain a 1½-inch diaphone is under construction at this station, by day labour, under the direction of Mr. George H. Frost, the cost to date being \$1,200.

Ivory island.—A new fog-alarm is in course of construction at this station, and the material for the same has been purchased; the work is being done by day labour, under the direction of Mr. G. H. Frost, the cost to date being \$1,200.

7-8 EDWARD VII. A. 1908

Minor repairs have been made at the stations enumerated hereunder at the cost mentioned:—

Cape Mudge, trail built..	\$175 00
Point Atkinson, boiler retubed and repairs..	213 00
Brockton point, repairs, &c..	100 00

APPENDIX A.

REPORT BY THE INSPECTOR OF FOG-ALARMS.

(From July 1, 1906, to March 31, 1907.)

NOVA SCOTIA.

Apple River.—Inspected November 17, 1906. Repairs made to safety valve of trumpet, operating valve of trumpet, exhaust cock and pump. Old boiler condemned, two new boilers being built. Plant in fair condition.

Cape D'Or.—Inspected November 20, 1906. One duplicate boiler built and landed. New furnace door and some piping renewed. Plant in fairly good condition.

Cape Sharpe.—Inspected December 11, 1906. New driving pulley on No. 2 engine. Plant in good condition.

Point Prim.—Water supply pipe, from reservoir to whistle house, renewed. Plant in fair condition.

Brier island.—A diaphone plant, operated by steam installed, consisting of two 50 horse-power boilers, three air compressors, two air receivers, three pumps, two timing devices, one 3-inch diaphone. Plant in good condition.

Cape Fourchu.—Inspected August 29, 1906. No. 2 boiler repaired; patch on fire-box, head of whistle pipe renewed, one stay and one tube renewed. A number of rivets in dome renewed. No other repairs required. Plant in fair condition.

Seal island.—This station required no repairs. Plant in fair condition.

Cape Sable.—Inspected March 7, 1907. A diaphone plant operated by steam was installed, taking the place of the steam whistle. Plant in good condition.

Cape Roseway.—This station required no repairs. Plant in fair condition.

Cross Island.—Inspected August 4, 1906. Slight repairs made to boiler, fog-horn machine and pump. Plant in fair condition.

Chebucto Head.—Inspected August 25, 1906. South boiler retubed, portion of wasted tube plate cut out and renewed. Plant in good condition.

Maugers Beach.—Inspected January 11, 1907. Diaphone moved from lighthouse to fog-alarm building. Plant in good condition.

Cranberry Island.—This station required no repairs. Plant in good condition.

Louisburg.—Inspected January 30, 1907. Plant in good condition.

Scattarie.—Inspected February 13, 1907. Eccentric and valve rods on compressor straightened. Plant in fair condition.

Low Point.—Inspected February 22, 1907, whistle renewed. Crosby machine repaired, steam gauge renewed. Plant in fair condition.

St. Paul's Island.—Inspected August 8, 1906, plant in fair condition. Boiler retubed, some piping renewed.

Cape Race.—Inspected March 27, 1907, plant in good condition. Two new boilers installed. New plant installed.

NEW BRUNSWICK.

Machias Seal Island.—Plant in good condition. A few leaky rivets in boiler were renewed.

Big Duck Island.—Inspected September 8, 1906. Plant in good condition. North

7-8 EDWARD VII., A. 1908

boiler retubed. Slight repairs made to operating valve and reed box of fog-horn machine.

Long Eddy Pt.—Inspected September 11, 1906. Plant in good condition.

Head harbour.—Inspected September 10, 1906. Plant in fairly good condition.

Letite.—Inspected September 8, 1906. Plant in fair condition. A new boiler is being built to replace one of the boilers, which was condemned.

Lepreau.—Inspected September 18, 1906. Plant in fairly good condition. Diaphone was renewed, and plant changed to run with low pressure air.

Tiner Point.—Inspected July 11, 1906. Plant in first-class order. Slight repairs were made to air-compressors and spare parts supplied for engines.

Partridge Isd.—Inspected July 11, 1906. Plant in good condition. Slight changes were made to steam pipes and new blow-off cock, and a patch fitted to No. 2 boiler. Both boilers were covered with asbestos. Air-tanks were placed in building.

Quaco.—No repairs required. Plant in good condition.

Cape Enrage.—One condemned boiler was removed and replaced by a boiler that had been used at Halifax. Plant reported in good condition.

Grindstone Isd.—One new boiler was landed at station to replace one old boiler. Plant reported in fair condition.

Point Escuminac.—Plant reported in fair condition.

Miscou.—Plant reported in very good condition.

PRINCE EDWARD ISLAND.

East Point.—Inspected January 24, 1907. Plant in poor condition. Two new boilers are being built to replace those condemned.

Cape Ray.—Inspected in September, 1906. Plant in good working order. Smoke-stack lengthened 10 feet.

Cape Rosier.—Inspected August 9, 1906. Plant in good condition.

Fame Point.—Inspected August 9, 1906. Plant in good condition.

Cape Magdalen.—Inspected in September, 1906. Plant in good order.

Martin river.—Inspected in September, 1906. Plant in good working condition.

St. Felicite.—Inspected in September, 1906. Plant in perfect working condition.

Father Point.—Inspected June 25, 1906. Plant in very good running order. The plant was changed to run with a low pressure of air instead of high and low.

GENERAL REPORT ON C.G. LIGHTSHIPS.

(From July 1, 1906, to March 31, 1907.)

Lurcher.—Built in 1904 at the Polson Iron Works, Toronto, and placed on the Lurcher shoal. Inspected September 14, 1906. The ship came in Yarmouth, August 25, and received a general overhaul, and the ship put in first-class condition.

Anticosti.—Extensive alterations and improvements have been made to this vessel. The mooring hawse pipe has been changed from a horizontal to an inclined plane, and the powerful capstan moved from 'tween decks to forecastle head, thus giving the mooring chain a fairer lead and making the relieving springs much more effective. One boiler was retubed, and circulating pumps are being fitted to each boiler. All parts of machinery overhauled. When this work has been completed the vessel will be much more efficient than before.

White Island.—The new boiler fitted last year to this vessel has given every satisfaction and is a great improvement in every way. The machinery has all been

SESSIONAL PAPER No. 21

overhauled. Water tanks, cemented and a new cylinder fitted to windlass. When the vessel leaves for her station, she will be in first-class condition in every part—boiler tested to 120 pounds, safety valves set at 70 pounds.

Prince Shoal.—The boiler and alarm machinery have been thoroughly overhauled; also the windlass. The hull and machinery throughout are in good condition. The boiler was tested to 105 pounds, and safety valves set at 60 pounds.

Red Island.—The new tubes fitted to boiler are all in good condition. The boiler has been cleaned out and all machinery put in first-class order. Boiler tested to 120 pounds, and safety valves set at 70 pounds.

Bell Boat, St. John's Harbour.—Very extensive repairs were necessary to the *Bell Boat* moored off St. John harbour, it having broken adrift and grounded on rocks. A complete new bottom was fitted; also several deck plates. The boat was fitted with an automatic acetylene gas system, and is now again ready for her station. When examined after being in water for some time everything was found tight.

C. THOMSON SCHMIDT.

APPENDIX No. 2.

ANNUAL REPORT OF THE COMMISSIONER OF LIGHTS, 1907.

To the Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to submit herewith the fourth annual report of this branch to October 15, 1907.

The principal work carried out has been the substitution of modern dioptric apparatus in a number of the important coast lights, and an extension of the gas buoy service.

Delay has been experienced in completing the electric submarine signal stations in the maritime provinces owing to inadequate transportation facilities.

The completion of the water front at the Dominion lighthouse depot at Prescott is proceeding, and should be nearly finished by the close of navigation this year.

The Parry Sound depot, Georgian bay, requires a berthing wharf for the new lighthouse and buoy boat, for which provision has been made in the estimates, and a contract has been let for this work. The wharf will be completed in time for use by the new boat.

Before proceeding to review the work of this branch in detail, attention should be directed to the lack of facilities for properly maintaining the aids to navigation now in service, and promptly installing new aids that have been provided.

In the Nova Scotia agency, the *Lady Laurier* and *Aberdeen* are available for lighthouse and buoy work, but they have been unable to carry out all the work which has been required, and in consequence of this, serious delay has been experienced in laying submarine cables for the stations at Louisburg, Yarmouth and Negro Head.

In the New Brunswick agency, the C.G.S. *Lansdowne* has not sufficient power, and is too small for the amount of work to be carried out, and it is necessary that some steps be taken by the department to provide a new steamer for this work. When this is done it will be possible to sell the *Lansdowne* out of the service.

The work in the Charlottetown agency has not increased in the same ratio as the work in other parts of the country, and for the present the existing facilities are adequate.

In the Quebec agency, it was impossible to put in operation the new occulting light at Belle Isle, high light, and the lantern, second order lens and occulting light at Belle Isle, low light, although these were available. The difficulty of transporting men and materials for construction work in this agency has affected the work of this branch owing to the necessary delay in completing structures for new apparatus.

In the Montreal agency, the administration of the lighthouses in the St. Lawrence river, from Platon to Montreal, on the Richelieu river and Lake Memphremagog are looked after by the Quebec agency, owing to the fact that the C.G.S. *Shamrock* and scow *Acetylene* are unable to do more than attend to the buoy service.

In this connection, the *Shamrock* is too small for the work which is required, and has not sufficient power to properly do the work in the fall of the year, when the ice begins to make, and should be replaced by a twin-screw steel steamer with an ice-breaking bow. When this steamer will be provided, the services of the *Shamrock* may be dispensed with, and it will be possible for the agent at Montreal to look after both the lighthouses and the buoys in his district.

The facilities which exist in the Montreal-Kingston division are adequate for taking care of the lighthouse and buoy service between Lachine and Trenton, but it is not possible at the present time to include the Ottawa river in this division.

SESSIONAL PAPER No. 21

It is recommended that a new derrick-scow 100 feet x 30 feet be built at Prescott to replace the derrick-scow *Prescott*, owing to the fact that the latter is too small, and that the hull of the *Prescott* be used for the floating gas plant which is now temporarily installed on a small repair scow.

The service on the great lakes is attended to, at the present time, by contract. When the new Parry Sound buoy boat is completed, for which provision is made in the estimates, it will be possible to dispense with the contract steamer and the work will be much better performed.

In British Columbia, the steamer *Quadra* is the only government steamer available for lighthouse and buoy work; it has consequently been necessary during the past season to charter the steamers *Cascade* and *Maude*, and latterly the tug *William Joliffe* and the tug *Fern*.

There is no agency which more urgently requires, at least one additional steamer for lighthouse and buoy work than British Columbia.

In May, 1907, Mr. C. E. Stewart, chief engineer of the C. G. S. *Lady Laurier*, was transferred to the staff of the undersigned, and during the summer was engaged in the preparation of plans for lighthouse and buoy tenders. These plans were prepared specially in view of the fact that the new lighted whistling buoys are larger and heavier than any floating aids to navigation which had to be attended to heretofore. A special feature has been made of the lifting derricks, and ample space has been provided.

Three sets of plans have been made, one for a large steamer which will be required eventually for the Nova Scotia agency, plans for a new steamer for the Parry Sound agency and plans for the new buoy boat which will be required as soon as the necessary provision can be made to replace the *Shamrock* on the ship channel buoy service.

The necessity of purchasing land at St. John, N.B., for the purpose of building wharfs and erecting storehouses for the lighthouse and buoy service of the Bay of Fundy, has been before the department for a number of years, but up to the present no action has been taken. This matter is assuming an acute phase at the present time, and some immediate action must be taken to enable the department to carry out, properly, its work in the New Brunswick agency.

At the present time, the department has an arrangement whereby a portion of the ballast wharf, St. John harbour, is used, but this is a very unsatisfactory arrangement. It will be necessary to make this provision in St. John, or to remove the headquarters of the lighthouse and buoy service in this agency to some other point.

COAST LIGHTS.

PROVINCE OF NOVA SCOTIA.

Sable Island, east end.—A second order double flashing light has been received and is in process of erection at this point.

Cape Fourchu.—A second order single flashing light has been received and will be put in operation before the close of the year.

Seal Island.—A second order double flashing light is being installed at this station.

Cape George.—A third order double flashing light has been received and is being erected.

Sydney Range, front light.—A fourth order lens with an occulting screen has been provided for this light.

PROVINCE OF NEW BRUNSWICK.

Shippigan.—A third order light, small model, single flashing, has been put in operation at this point.

7-8 EDWARD VII., A. 1908

Little Belledune.—A fourth order fixed and flashing light, removed from Western islands, Georgian bay, has been overhauled at the lighthouse depot at Prescott, and installed at this station.

PROVINCE OF PRINCE EDWARD ISLAND.

Souris East.—A fourth double flashing light has been received at Charlottetown and will be erected immediately.

PROVINCE OF QUEBEC.

Heath Point.—It was expected that the 1st order single flashing light at this point would be in operation before the close of navigation this year, but owing to the lack of transportation facilities it was not possible to complete the raising of the tower at this place, and the light will be installed soon after the opening of navigation next year.

Fame Point.—A first order double flashing light has been put in operation here.

Cape Ray.—A first order triple flashing light has been provided for this station and is now in process of erection.

PROVINCE OF ONTARIO.

The light at *Lonely island* was burnt; a new tower has been erected and a third order triple flashing light is in process of erection at this point.

Eastern gap, Toronto harbour.—A fourth order lens with an occulting screen and petroleum vapour light has been installed at this point.

Port Colborne.—A fourth order lens with an occulting screen and petroleum vapour light was installed here, but owing to the vibration caused by heavy seas it was necessary to change the illuminant from petroleum vapour to acetylene using a standard gas buoy occulting box to give the requisite period of light and darkness.

Port Dalhousie.—A fourth order lens has been provided for the main light at this point; the illuminant is electricity occulted automatically.

Minor Lights.

The following apparatus has been supplied by the Lighthouse Depot, Prescott, for various minor lights throughout Canada:—

PROVINCE OF NOVA SCOTIA.

Gas-buoy Services.

Reference has been made above to the transfer of Mr. C. E. Stewart to the staff of the undersigned. Mr. Stewart has been appointed inspector of gas buoy services with headquarters at Prescott, and his duties will be to inspect the gas buoys throughout Canada in order to see that the service is maintained in a uniform manner and in the best possible way.

Owing to the increase in the number of gas buoys and gas beacons in British Columbia waters it was necessary to appoint an officer to supervise this work, and Mr. Gordon Halkett, who was attached to the lighthouse depot at Prescott and who had considerable experience in this class of work, was detailed to proceed to British Columbia and assist the agent in that province.

Province.	No. of BUOYS.						No. in Service.
	Type.						
	5 & 6.	7 & 8½.	9 & 9½.	11.	14.	C*

Georgian Bay.....	1	10		3			14
British Columbia.....							

* Compressed gas.

In addition to the gas buoys the following gas beacons have been placed in service in British Columbia:—

1. Pointers, Chatham sound.
2. Ridley island, Prince Rupert.
3. Coast island, Prince Rupert, 2 beacons.
4. Green Top island, Chatham sound.

7-8 EDWARD VII., A. 1908

5. Watson rock, Gibson island.
6. Morning reef, Klewnugget.
7. Fog rock, Fitzhugh sound.
8. Zero rock, Rivers Inlet.
9. West rock, Gulf of Georgia.
10. Joan point, Dodds narrows.
11. Danger reef, Stuart channel.
12. Boat bluff, Sarah island.
13. Kelp reef, Haro channel.
14. Gabriola reef, Straits of Georgia.
15. Maud island, Seymore narrows.
16. Gillard island.
17. Lewis rock, Bayne's channel.

The gas beacons referred to above can only be used in British Columbia owing to the fact that the temperature conditions are such that the beacons do not freeze. It is not practicable to utilize gas beacons in Eastern Canada unless the beacon is housed in and artificial heat provided.

The automatic gas buoys which have been installed by this department in the past have given general satisfaction to the shipping interests and the department has been justified in increasing the number after practical experience in the operation of this type of buoy.

NUMBER OF LIGHT STATIONS, LIGHTS, FOG-ALARMS AND WARNING BUOYS IN THE DOMINION.

SUBMARINE SIGNALS.

During the past summer electric shore stations have been built at Louisburg, Yarmouth and Cape Fouchu and all machinery has been installed. At Negro Head it was necessary to build a land line between the cable landing at Negro Head and the fog-alarm station at Tiner point in order that the fog-alarm engineer could take charge of the submarine signal plant.

This station would be in operation had it been possible to obtain the use of the department's steamer for the purpose of laying the cable.

Owing to the pressure of other work this has been left but it is probable that two of the cables can be laid before the winter weather sets in.

The department has already in operation at Chebucto Head an electric submarine station, two bells are operating on independent cables on the shore station and a continuous service, practically without interruption, has been given.

SESSIONAL PAPER No. 21

Five lightships are equipped with the new pneumatic Bell signal and have worked without the necessity of repairs or interruption since being installed.

The department has provided on a Willson automatic gas and whistling buoy, a receptacle so that a submarine bell attachment can be carried.

Up to the present time the Submarine Signal Company, of Boston, have not furnished to the department a suitable bell attachment for these buoys. This can be done and when it is provided it will be possible to put in service a larger number of submarine bells principally around the coast of Nova Scotia and the Bay of Fundy.

PARRY SOUND AGENCY.

Provision has been made in the estimates of the current year for the construction of a lighthouse and buoy tender for the Georgian bay, special plans have been prepared for this steamer and when completed and in service will be of the greatest possible assistance to the department in distributing lighthouse supplies on the great lakes and in placing and maintaining the heavy gas buoys which are in use in the Georgian bay.

As indicated previously a berth and dock is under construction at the Parry Sound depot, when this is finished the depot will be practically complete. The undersigned has personally inspected the work which has been done up to the present at Parry Sound and finds that it has been carried out in a satisfactory manner and that the depot is in every way creditable to the department.

DOMINION LIGHTHOUSE DEPOT, PRESCOTT.

No new structures have been erected at Prescott during the past year. The work of completing the water front has been carried on and it will be practically finished by the close of the present year.

Preparations are being made for the building of the new ways and are needed for hauling out the Department's boats.

In the opinion of the undersigned the time has arrived for the construction of a new machine shop at this depot for which full detailed plans have been prepared. At the present time machine work is carried out in two shops, which are too small for the amount of work to be done. Inspections have been made from time to time by different officers connected with this department, and as the reports indicate the work is carried out in an efficient and careful manner and is well done.

This depot is in charge of Mr. W. H. Noble, assistant commissioner of lights, and during his absence, Mr. A. Boyle, accountant, is in administrative charge.

Mr. Noble has been absent on special inspection work for a considerable portion of the past season, the work devolving on Mr. Boyle has been performed in a very satisfactory way.

The undersigned desires to record his entire appreciation of the services rendered to him by his staff, and it would not have been possible to carry out the large and increasing amount of work which is devolving on this branch without the hearty co-operation of all the officers connected with it.

Respectfully submitted,

J. F. FRASER,

Commissioner of Lights.

SESSIONAL PAPER No. 21

List of Buoys in the Waters of British Columbia.

Name of Buoy.	Position.	Description.
North bank.....	Hecate passage, Clayoquot sound.....	Black platform.
Vargas rock.....	Hecate passage, Clayoquot sound.....	Red platform.
Mears spit.....	Deception channel, Clayoquot sound.....	Black platform.
Stubbs spit.....	Off Stubbs spit, Clayoquot sound.....	Black platform.
Browning passage.....	West end of pass, Clayoquot sound.....	Red and black H. B. spar.
Browning passage.....	North shore bank, Clayoquot sound.....	Black spar.
Browning passage.....	Middle bank, Clayoquot sound.....	Red spar.
Hankin rock.....	Mosquito harbour, Clayoquot sound.....	Red and black H. B. platform.
Templar channel.....	Clayoquot sound.....	Black, steel can.
Amphitrite point.....	Barkley sound.....	Red steel whistle.
Sutton rock.....	Ucluelet harbour, Clayoquot sound.....	Red and black H. B. platform.
Swiftsure bank.....	Strait of Juan de Fuca.....	Light, whistle and bell.
Port San Juan.....	Off the harbour, Juan de Fuca.....	Red steel whistle.
Rosedale rock.....	Race rocks, Juan de Fuca.....	Red steel can.
Whale rock.....	Esquimalt harbour.....	Red and black H. B. spar.
Patterson rock.....	Esquimalt harbour.....	Black platform.
Canteen.....	Esquimalt harbour.....	Red platform.
Channel rock.....	Off Pelly islet, Victoria harbour.....	Black platform.
Songhies rock.....	Off Songhies point, Victoria harbour.....	Red spar.
Hospital rock.....	Off Marine hospital, Victoria harbour.....	Red platform.
Johnstone reef.....	Haro strait.....	Black steel can.
Darcy shoal.....	Off Darcy island, Victoria harbour.....	Black steel can.
Sidney spit (east).....	Off Sidney island, Victoria harbour.....	Black steel can.
Sidney spit (west).....	Off Sidney island, Victoria harbour.....	Red steel conical.
Sidney wharf (south).....	Shoal, Sidney wharf, Victoria island.....	Red spar.
Sidney wharf (north).....	Shoal, Sidney wharf, Victoria island.....	Red spar.
Sidney rock.....	Rock, Sidney wharf, Victoria island.....	Red platform.
Colbourne passage (south).....	Colbourne passage.....	Black platform.
Colbourne passage (north).....	Colbourne passage.....	Red platform.
Celia reef.....	Shute passage.....	Red steel conical.
Kelp rock.....	Satellite channel.....	Red steel conical.
Batt rock.....	Ganges harbour.....	Black steel can.
Horda rock.....	Ganges harbour.....	Black platform.
Banmohr rock.....	Trincornall channel.....	Red and black H. B. platform.
Governor rock.....	Trincornall channel.....	Black iron platform.
Victoria rock.....	Trincornall channel.....	Red and black H. B. steel can.
Virago rock.....	Porlier pass.....	Black spar.
Porlier pass fairway.....	Porlier pass.....	Black and white V. S., steel can cage on top.
Grappler reef.....	Houston channel.....	Black steel can.
Indian reef.....	Off Shoal islands, Stuart channel.....	Black steel can.
False reef.....	Off Freedy harbour, Stuart channel.....	Red and black H. B. steel can.
White rock.....	Trincornall channel.....	Red steel can.
Southeast.....	False narrows.....	Red spar.
Middle.....	False narrows.....	Red spar.
East.....	False narrows.....	Black spar.
West.....	False narrows.....	Black spar.
Rosenfeld reef.....	Strait of Georgia.....	Black steel can cage on top.
Gossip reef.....	Active pass.....	Black steel can.
Sandheads.....	Strait of Georgia.....	Red steel bell.
Sandheads.....	Channel across sandheads.....	Four black steel conical and eight red steel conical.
Point Grey fairway.....	Burrard inlet.....	Red steel can and bell.
Spanish bank.....	Burrard inlet.....	Red steel can and bell.
First Narrows.....	South side of Narrows.....	Red spar.
Burnaby shoal.....	Vancouver harbour.....	Red spar.
Reef point.....	Strait of Georgia.....	Red spar.
Welcome pass.....	Off Welcome point.....	Red spar.
Tattenham ledge.....	Welcome pass, north end.....	Black spar.
Snake island reef.....	Off Departure bay.....	Red steel conical.
Horsewall reef.....	Off Horsewell.....	Red steel conical.
Clarke rock.....	Close east of rock.....	Black platform.
Entrance.....	Nanaimo harbour.....	Black platform.
Gallows point.....	Nanaimo harbour.....	Red platform.
South channel.....	South end Nanaimo harbour.....	Black iron platform.
Middle bank.....	Nanaimo.....	Red platform.
South channel.....	Nanaimo.....	Black iron platform.
Satellite reef.....	Nanaimo.....	Red platform.
Middle bank.....	S.W. Shoulder Nanaimo.....	Red spar.
Middle bank.....	West Shoulder Nanaimo.....	Red spar.
Carpenter rock.....	Nanaimo harbour.....	Platform, black ball on pyramidal slat-work, white.
Mill stream.....	Nanaimo harbour.....	Black platform.
Passage rock.....	Protection island passage.....	Black platform.
Departure bay reef.....	Departure bay.....	Red platform.
Doreas rock.....	Ballenas channel.....	Black spar.
Hornby wharf.....	West end of reef, Lambert channel.....	Black spar.
Reef, bluff No. 1.....	Baynes channel.....	Red steel conical triangle on top.
Reef, bluff No. 2.....	Baynes channel.....	Red steel conical.
Village point.....	Baynes channel.....	Red steel conical.
Kelp bar crossing.....	Kelp bar, Baynes sound.....	Red spar.
Kelp bar crossing.....	Kelp bar, Baynes sound.....	Red spar.
Fairway.....	Kelp bar, Strait of Georgia.....	Red steel structure on top supporting bell and gas light.

LIST of Buoys in the Waters of British Columbia—*Continued.*

Name of Buoy.	Position.	Description.
Atrevida reef.....	Malaspina strait.....	Red spar.
North reef.....	North end Texada island, Malaspina st.	Black spar.
Cortes island.....	Passage.....	Red steel conical.
Whaleton rock.....	Off Whaleton bay, Sutil channel.....	Red spar.
Haddington reef.....	South extreme of reef, Broughton strait.	Red steel structure on top supporting bell and gas light.
Dall Patch.....	Seaforth channel on easterly end of shoal.	Black and red II. B. platform.
Vancouver rock.....	Millbank sound.....	Red steel whistle.
Hazel point.....	Off Hazel point, Smith island.....	Red spar.
Ellinor rock.....	Prince Rupert harbour entrance.....	Red steel gas light.
Kestrel rock.....	Prince Rupert harbour entrance.....	Black steel gas light.
Barrett ledge.....	Prince Rupert harbour entrance.....	Red steel gas light.
Spire reef.....	Prince Rupert harbour entrance.....	Black steel gas light.
Alford reef.....	Metlakatla harbour.....	Red steel gas light.
Tugwell reef.....	Metlakatla harbour.....	Black spar.
Harbour channel, west.....	Metlakatla harbour.....	Black platform.
Harbour channel, east.....	Metlakatla harbour.....	Black platform.
Hodgson reef.....	Chatham sound.....	Black steel can.
Sparrowhawk rock.....	Cunningham passage, Port Simpson.....	Black and red H. B. platform.
Hankin reefs.....	Cunningham passage, Port Simpson.....	Red platform.
Dodd passage.....	South extreme harbour reefs, Pt. Sim'n.	Black spar.
Harbour reefs.....	North extreme Port Simpson.....	Red steel conical.

LIST of Spare Buoys in Stock, British Columbia Agency, 1907.

6 steel can buoys.	2 No. 8½ gas buoys.
3 conical buoys.	1 No. 8; gas and bell buoys.
3 wood 8ft. platforms.	1 No. 11. Lighted, whistling and bell.
1 wood 10ft. platform.	4 No. 9½; gas and whistling.

BEACONS, British Columbia.

Somas river, three wooden dolphins.	West rocks, steel framework, gas-light.
Sooke harbour, four single piles.	Middle bank, Nanaimo, dolphin, light.
Dyke point, Esquimalt, pyramid, wood.	Beacon rock, Nanaimo, masonry, ball.
Shoal point, Victoria, wooden dolphin; electric light.	Maple spit, Baynes Sd., dolphin, ball.
Middle rock, Victoria, wooden dolphin; electric light.	Base flat, Baynes Sd., single pile, ball.
Brotchie ledge, steel and concrete cone, electric light and bell.	Union spit, Baynes Sd., single pile, ball.
Lewis rock, masonry, drum.	Grassy point, Baynes Sd., single pile, ball.
Zero rock, masonry, triangle.	Goose spit, Baynes Sd., pyramid, wood, triangle.
Kelp reef, masonry, gas light.	Shark Spit, dolphin, drum.
Sidney spit, pyramid, wood.	Channel rock, iron spindle, drum.
Canoe rock, masonry, drum.	Wharf reef, Whaleton bay, iron spindle, drum.
Shute rock, masonry, ball.	Gillard island, Yuculta rapids, steel framework, gas-light.
Enterprise rock, masonry, ball.	Maud island, Seymour narrows, steel framework, gas-light.
Atkins reef, masonry, ball.	Chatham point, masonry, steel framework, gas-light and bell.
Walker rock, masonry, wigham light.	Camp point, pyramid, wood.
Romulus rock, four wooden masts, slats.	Zero rock, Rivers inlet, steel framework, gas-light.
North reef, pyramid, wood, ball.	Fog rocks, steel framework, gas-light.
Escape reef, pyramid, wood, drum.	White point, triangular, wood.
Holland bank, dolphin, wood, drum.	Regatta reef, pyramid, wood, ball.
Twin islets, dolphin, wood, drum.	White stone, square, wood, drum.
Twin islets, dolphin, wood, cone.	Boat bluff, steel framework, gas-light.
Blackie spit, dolphin, wood, slats.	Klew-nuggit, steel framework, gas-light.
Mud bay, thirty-nine single piles.	Watson rock, masonry, steel framework, gas-light.
Nicomeck river, six single piles.	Green Top island, steel framework, gas-light.
Gabriola reef, masonry, gas-light.	Prince Rupert, two range, steel framework, gas-lights.
L'Arthia shoal, two masts, drum.	Metlakatla, masonry, ball.
East, First narrows, dolphin, wood, inverted triangle.	Pointer rocks, steel framework, gas-light.
West, First narrows, dolphin, wood, drum.	
Gibsons landing, masonry, ball.	

SESSIONAL PAPER No. 21

APPENDIX No. 3.

INVESTIGATIONS INTO WRECKS.

OTTAWA, CANADA, October 25, 1907.

To the Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to submit my report, upon the casualties and accidents, that have occurred upon the coasts of Canada, the River St. Lawrence, and the Great Lakes, during the past season of navigation. Investigations were held into the following casualties:—

Cassandra-John Lambert (averted collision).

Sovereign-Germaine (collision);

Havana-Prescott (collision);

Mary (sunk at wharf);

Montrose (stranding);

Prince George-Lowwood (collision);

Rosalind-Sentac (collision);

Wandrian (collision).

In addition to these, there have been various casualties, in the Lime Kiln crossing, Detroit river, which after careful inquiry, have, in most cases, been turned over to the United States authorities, to be dealt with; and, at the present time, three of these cases are before the court in Detroit.

The evidence, and decisions, in each of the above named cases, are on file in the department.

The St. Lawrence route has been wonderfully clear of accidents during the past season; only one of importance has occurred, that is to say, the steamship *Montrose*, which went ashore on Red island reef.

The Shipping Casualties Act has lately been amended, and the following changes have been made:—

1. A wreck commissioner has been appointed to hold investigations in all parts of the Dominion.

2. An investigation may be held, when ordered by the minister, into any casualty, or into the conduct, or incompetency of any master, mate, pilot or engineer, when he considers it necessary.

3. Two permanent assessors have been appointed for the ports of Montreal and Quebec. Captain Archibald Reid, port warden of Montreal, for the port of Montreal, and Captain James Bain, who takes the place of Captain John Temple, lately deceased, for the port of Quebec. The term of the appointment of these officers is for three years, which may be lengthened, or shortened, at the minister's discretion.

A full statement of wrecks and casualties that have occurred in Canadian waters, and to Canadian sea-going vessels in other waters, will be found in the supplement to this report.

LIME KILN CROSSING.

The Lime Kiln crossing is a short and narrow passage, nearly opposite Amherstburg, in the Detroit river; it is entirely in Canadian waters, although nearly all the dredging, improvements, &c., have been carried out by the United States government.

7-8 EDWARD VII., A. 1908

The traffic through this crossing is enormous, the records showing some twenty-five thousand vessels passing through, in the course of a season, carrying nearly seventy million tons of freight. The whole breadth of the entire channel is only four hundred and fifty feet, that is to say, three hundred feet on the westerly side of the channel, with a depth of twenty-one feet; and one hundred and fifty feet on the easterly side of the channel, with a depth of nineteen and one-half feet. It will, therefore, be seen that it requires the greatest possible care and caution to avert collisions in this narrow channel, which, if they did occur, very possibly would tie up the greater part of the tonnage of the great lakes; it was, therefore, necessary to establish a patrol, and, as the crossing is entirely in Canadian waters, it was decided that a Canadian patrol boat should be commissioned, for this purpose; a set of rules and regulations were drawn up for the regulation of traffic in this crossing; and the patrol tug is on duty, day and night, with most satisfactory results, seeing the regulations carried out.

Attached is a copy of the regulations and instructions issued to the captain of the patrol boat.

The crossing at the Lime Kiln, being entirely in Canadian waters, it is the intention of the Canadian government to regulate the traffic in that locality, and the following regulations are to be carried out by the patrol boat, in addition to the regulations which have already been issued:—

1. All vessels bound down, to take the westerly channel of the Lime Kiln crossing.
2. All vessels bound up, to take the easterly channel of the Lime Kiln crossing.
3. In cases of confusion it is the duty of the patrol boat to instruct vessels in the order in which they will pass the crossing, bound either up or down.

A report is sent every day to the department from the officer in charge of the patrol boat, reporting what vessels have passed up or down; their names and nationality; and, in the event of any master disobeying the regulations, if it is a United States vessel, the matter is reported to the United States authorities in Detroit, to take action in the case; and, if a Canadian vessel, action is taken by this department. The patrol boat will remain on duty till the closing of navigation.

I am, sir,

Your obedient servant,

O. G. V. SPAIN,
Wreck Commissioner.

SESSIONAL PAPER No. 21

APPENDIX No. 4.

ANNUAL REPORT OF THE OFFICER COMMANDING MARINE STEAMERS, &c., OF CANADA.

To the Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to submit a report on the several services under my superintendence. These services embrace the following branches at headquarters:—

Dominion Steamers,	Investigations into Wrecks,
Dominion Cruisers,	Fisheries Intelligence Bureau.
Pilotage,	

Separate report on investigations into wrecks will be found herein, and the reports on the work of Dominion cruisers, and Fisheries, on Intelligence Bureau, will be found in the Fisheries report.

I have much pleasure in testifying to the good work done by captains and officers of the various vessels under my command during the past year.

The following vessels comprise the Dominion steamer fleet. These vessels are employed, nearly exclusively, in lighthouse and buoy work:—

<i>Lansdowne,</i>	<i>Gulnare,</i>	<i>Shamrock,</i>
<i>Aberdeen,</i>	<i>Minto,</i>	<i>Scout,</i>
<i>Druid,</i>	<i>Stanley,</i>	<i>Reserve,</i>
<i>Brant,</i>	<i>Maisonneuve,</i>	<i>Champlain,</i>
<i>Quadra,</i>	<i>Frontenac</i>	<i>Montcalm.</i>
<i>Lady Laurier,</i>		

The steamers *Minto* and *Stanley* keep up communication between Prince Edward Island and the mainland during the winter.

The *Gulnare* is employed in the tidal survey work, and a synopsis by Doctor W. Bell Dawson, of the work done by her, will be found in the chief engineer's report.

The *La Canadienne* was employed at survey work in the River St. Lawrence, under the Hydrographer, during the season of 1906.

The *Maisonneuve* is principally employed in patrolling the channel between Kingston and Quebec for the purpose of ascertaining if the buoys, &c., are in position.

The *Bayfield* is employed, under Mr. J. W. Stewart, officer in charge of the hydrographic surveys, in Lake Superior. A full report of his work will be found elsewhere.

The *Frontenac* is a powerful tug, employed in the St. Lawrence ship channel, under the direction of Mr. Cowie.

The *Shamrock* is employed under Mr. U. P. Boucher, agent of the Department of Marine and Fisheries in Montreal, in the buoy service between Montreal and Quebec.

The *Scout* and *Reserve* are two vessels employed under the commissioner of lights, in the lighthouse and buoy service between Montreal and Kingston.

The cruiser fleet consists of the following ships, and a report of the work done by each will be found in the Fisheries report:—

<i>Petrel,</i>	<i>Osprey,</i>	<i>Falcon,</i>
<i>Canada,</i>	<i>Curlew,</i>	<i>Kestrel,</i>
<i>Princess,</i>	<i>Constance,</i>	<i>Vigilant.</i>

7-8 EDWARD VII., A. 1908

The following are the dimensions, speed, armament, &c., of the different vessels controlled by this department:—

‘MINTO.’

The *Minto* is an iron steamer 225 feet long, 32 ft. 6 in. beam, and 20 ft. 6 in. depth, with a gross tonnage of 1,099 tons, indicated horse power 2,900. She is commanded by Captain A. Finlayson, and, as before stated, she is principally employed in keeping winter navigation open between Prince Edward Island and the mainland, but during the past season she has been actively employed in assisting in the erection of different Marconi stations in the Gulf and River St. Lawrence, and also in testing the capabilities of these stations in regard to the distance communication can be carried on. This vessel is fitted with Marconi apparatus.

‘LANSDOWNE.’

The *Lansdowne* is a wooden steamer, commanded by Captain Bissett, employed in lighthouse and buoy work in the Bay of Fundy. She recently had new boilers fitted and she is now ready for a considerable period of further service. She is 188 feet long, 32 feet wide, 15 feet deep, with a gross tonnage of 680 tons.

‘GULNARE.’

This vessel is commanded by Captain T. Taylor, and is employed entirely on survey work. Her dimensions are as follows:—

Steel vessel 137 ft. long, 20 ft. 5 in. broad, and 13 ft. 6 in. depth; gross tonnage, 262 tons.

‘MAISONNEUVE.’

The *Maisonneuve* is a screw steamer 75 ft. 7 in. long, 9 ft. 7 in. broad, and depth of hold 7 ft. 3 in., with a gross tonnage of 26 tons.

‘ABERDEEN.’

This vessel is employed in lighthouse and buoy work in the Halifax agency. She is an iron screw steamer 180 ft. long, 31 ft. broad and 16 ft. deep, with a tonnage of 674 gross. She has been fitted with Thornycroft-Marshall water-tube boilers, which have given every satisfaction.

‘PETREL.’

This vessel is a steel screw cruiser 116 ft. long, 22 ft. beam and 10 ft. 3 in. depth, with a gross tonnage of 192 tons. She has done most excellent work in Lake Erie, looking after United States fishermen, but for the last few seasons she has been found too slow to cope with the American steam tugs which are used for fishing purposes on the upper lakes. It was therefore decided to replace her with a very much larger and faster ship, and send the *Petrel* to the Atlantic coast where steam fishing vessels are not in use, and she will only have to cope with sailing schooners. She is commanded by Captain Kent.

‘STANLEY.’

The *Stanley* is an iron screw steamer 207 ft. long, 21 ft. beam, and depth of hold 19 ft., with a gross tonnage of 914 tons. This vessel, when her winter service was finished, early this spring, was sent to Scotland, to be generally overhauled; she has been fitted with new boilers, and thoroughly strengthened and put in order, in every way, to withstand the work she has to perform, in endeavouring to keep open communication between Prince Edward Island and the mainland. She will leave Scotland on November 16, and ought to arrive in this country about the end of that month. There is no

SESSIONAL PAPER No. 21

doubt that this vessel will now be in a position to carry out the winter service in a satisfactory manner.

‘LADY GREY.’

The *Lady Grey* is a twin screw steamer, which was built for the department, last year, by Vickers, Sons and Maxim, of England; she has performed excellent work, in regard to the St. Lawrence ship channel, and is under the control of Mr. Cowie, the superintending engineer.

‘OSPREY.’

This is a sailing schooner, employed in the Fisheries Protection Service on the Atlantic coast. She is 127 ft. long, and was built in Shelburne, Nova Scotia, and for some years was the fastest sailing schooner on the Atlantic coast. She is still very fast but there is no doubt that some of the United States fishing schooners are as good as she is now. She was commanded during the season by Acting Captain Graham.

‘DRUID.’

The *Druid* is a lighthouse and buoy ship employed in the Quebec agency. She is a twin screw steamer 160 ft. long, breadth 30 ft., depth of hold 12 ft. 5 in. with a tonnage of 503 tons, and is fitted with triple expansion engines. She was built by Messrs. Fleming & Ferguson, Paisley, Scotland, in 1903, and is commanded by Captain Koenig.

‘BRANT.’

The *Brant* is employed in the lighthouse and buoy service in Prince Edward Island. This is a wooden steamer 100 ft. long over all, 19 ft. broad and 8 ft. deep. This vessel is also employed in the fisheries protection service when necessity arises. She is commanded by Captain McKinnon.

‘QUADRA.’

This vessel is employed in lighthouse and buoy service in British Columbia. She is an iron steamer 174 ft. long, 31 ft. beam, and a depth of 13 ft. 6 in., with a gross tonnage of 573 tons. She is commanded by Captain Hackett. This vessel, though doing good work on the Pacific, is not large enough or fast enough for the large number of extra aids to navigation which it is considered necessary to place on this coast, and I would recommend that a vessel more suitable for the work which has to be performed, should be built as soon as possible.

‘PRINCESS.’

The steamer *Princess* was purchased during last season, has taken the place of *La Canadienne*, and does exactly the same patrol work, under the command of Commander Wakeham. The *Princess* is a steel screw steamer, built in 1896 at Grangemouth, in England; she is 165 ft. long, 26 ft. beam, and her depth of hold is 17.7 ft.; her gross tonnage is 542, and she was purchased from the Charlottetown Steam Navigation Company. *La Canadienne* was handed over to the hydrographic survey for survey work in the lower St. Lawrence.

‘SHAMROCK.’

This vessel is employed in the buoy service between Montreal and Quebec. She is a steam barge 117 ft. long, 25 ft. beam, and 9 ft. 7 in. deep, with a gross tonnage of 237 tons. She is under the control of Mr. U. P. Boucher, agent of the Department of Marine and Fisheries in Montreal.

7-8 EDWARD VII., A. 1908

'CURLEW.'

This is a twin screw iron steamer 116 ft. long, 19 ft. 8 in. wide, and 11 ft. 3 in. deep; gross tonnage, 158 tons. She is employed in fisheries work in the Bay of Fundy and western coasts of Nova Scotia, and is under the command of Acting Captain P. Robinson. She also assists in marine work when necessary.

'CONSTANCE.'

The *Constance* is a sister ship of the *Curlew* and is employed in revenue work in the River St. Lawrence and Atlantic coast. She is controlled entirely in regard to her movements by the Customs Department, but is managed, in reference to expenditure, crew, &c., by this department. She is commanded by Captain May.

'LADY LAURIER.'

The *Lady Laurier* is a twin screw steel steamer, commanded by Captain Johnston. She is 214 ft. 9 in. long, 34 ft. 2 in. broad with a depth of 17 ft. 2 in., tonnage gross 1,051. She is employed in the lighthouse and buoy service on the Atlantic coast and is attached to the Nova Scotia Agency. She was built in 1902 to take the place of the late steamer *Newfield*. She is a very powerful and staunch steamer eminently fitted for the work she has to perform.—*Fitted with Marconi apparatus.*

'SCOUT' AND 'RESERVE.'

Are two steamers used in connection with the buoy service between Montreal and Kingston. The *Reserve* is used for sweeping the river and is also used for towing scows employed for the purposes of placing buoys in position. The *Scout* is furnished with electric light and a powerful searchlight. Her dimensions are 103 ft. 6 in. long, 25 ft. 6 in. beam, depth 9 ft. 2 in., gross tonnage 175.

'FALCON.'

The *Falcon* is a small steamer employed in the protection of the fisheries in British Columbia waters. She is 70 ft. 7 in. long, breadth, 17 ft. 8 in., depth, 7 ft. 4 in., with a gross tonnage of 71 tons. An account of her work will be found in Inspector Williams' report, in the fisheries part of the departmental report.

'KESTREL.'

The *Kestrel* is also employed in the protection of the fisheries in British Columbia waters. This vessel is 126 ft. long, beam, 12 ft. 2 in. depth, with a gross tonnage of 311 tons. She is a wooden vessel and commanded by Captain Newcomb. The conditions are so changed since this vessel was built, that she is now too slow, and it is recommended that a much faster and larger vessel be built.

'CANADA.'

In reference to the five new steamers, the *Canada* is a twin screw small third-class cruiser with a speed of $21\frac{1}{2}$ miles an hour. She was built by Vickers, Sons & Maxim, at Barrow in Furness, England, is armed with four $1\frac{1}{2}$ pounder quick firing automatic mark 3, 1904 guns; two forward and two aft. Electrically lighted throughout and fitted with a very powerful searchlight. She arrived from England September, 1905, and has proved a very great success in the work for which she was designed to perform. It is the intention, that this vessel should make a cruise of the West Indies during the winter. She carries a crew of 75 officers and men all told, and is fitted with the Marconi apparatus. Her dimensions are as follows:—200 ft. long, 25 ft. beam and 10 ft. 6 in. draft of water, with a gross tonnage of 850 tons. She is com-

SESSIONAL PAPER No. 21

manded by Captain Knowlton, and a number of the officers and crew have been through a course of instruction and received first-class certificates in gunnery. This vessel is also armed in the way of small arms, with the new pattern Ross rifle, and the New Service D.A. Colt's revolvers. It was intended that this vessel should form the nucleus of the proposed Canadian Naval Militia.

‘VIGILANT.’

The *Vigilant* is a steel twin screw, small third-class cruiser, built by the Polson Iron Works, Toronto. This vessel on her steam trial made a speed of 21½ miles an hour. She is 175 ft. long, 22 ft. beam, and draws 10 ft. of water. She is electrically lighted throughout and fitted with a powerful searchlight. She carries the same guns and the same small arms as the *Canada*, and is used for the protection of the fisheries on the great lakes in place of the *Petrel*. She is commanded by Captain Dunn. This vessel is the first of her class ever built in Canada, and is a credit in every way to the Polson firm of Toronto. She carries a crew of officers and men all told, of 53.

‘MONTCALM.’

Is a screw steel ice-breaker, length over 252 ft., breadth outside 40.65 ft., depth bottom of keel to top of deck 19.05 ft., displacement 2,130 tons, two sets of triple expansion engines, speed 13½ knots, with 4 Babcock & Wilson water tube boilers, gross tonnage, 1,432 tons, indicated horse-power 3,600, built by Messrs. Fleming & Ferguson, Paisley, Scotland. She is commanded by Captain Belanger and fitted with *Marconi Apparatus*.

‘CHAMPLAIN.’

Is a single screw steel steamer. Length over all 132 ft., breadth outside 30 ft. 3 in., depth from top of deck to bottom of keel 11 ft. 3 in., displacement 550 tons, indicated horse-power 850, her speed at trial 10½ knots, she is fitted with one simple compound, surface condensing engine, and one multitublar Scotch boiler. She is commanded by Captain McGough.

‘ARCTIC.’

This vessel left, again, for the northern waters of Canada, in July, 1906, and returned to Quebec about the middle of October, this year; a full report of the work she has performed will be submitted by Captain Bernier, as soon as possible.

In addition to all the above-named vessels, there are four steam patrol launches, used on the Atlantic coast, for the protection of the fisheries: one on the Pacific, and one on Lake Winnipeg, and two on the River St. Lawrence and Ottawa river, in connection with aids to navigation. The officers and crews of government vessels number approximately eleven hundred, all told.

HALIFAX DOCK YARD.

Since my last report, the Naval Dock Yard, at Halifax, has been entirely taken over by the Department of Marine and Fisheries: the whole of the departmental staff, in Nova Scotia, are now installed in the Dock Yard; the heads of the department, in Halifax, are provided with dwellings in the yard. Most of the government ships in the maritime provinces are laid up, when necessary, during the winter, alongside the wharfs, in the yard, and all repairs that are possible to carry out, are performed by the employees of the department at that place.

I have the honour to be, sir

Your obedient servant,

O. G. V. SPAIN,

Commander Marine Service of Canada.

MARINE AND FISHERIES, CANADA

REPORT

ON THE

RIVER ST. LAWRENCE SHIP CHANNEL

FROM

MONTREAL TO QUEBEC AND FATHER POINT

F. W. COWIE, B.A., Sc., M. CAN. SOC. C.E.,
Superintending Engineer.

APPENDIX No. 5.

RIVER ST. LAWRENCE SHIP CHANNEL.

I have the honour to present the following annual report on the operations for the improvement of the River St. Lawrence ship channel during the nine months ended March 31, 1907.

The announcement in the last report of the completion of the thirty foot channel from Montreal to Batiscan, which by taking advantage of the tides, gives a depth for navigation from Montreal to the sea of 30 feet at the lowest stages of river level; gave very great satisfaction to those interested in the St. Lawrence route.

While every effort has been made to urge forward the work, it is necessary to take very great care to so arrange the operations that navigation is not interrupted, or dredge vessels put in more than the usual danger.

As the last annual report, for the fiscal year ended June 30, 1906, contained complete general information up to the close of the season of 1906, it being of great importance for the immediate use of navigation interests, the greater part of this information is not repeated in this report, in which, however, will be found the usual description, quantities and cost, of the dredging work.

The commencement of dredging operations for the improvement of the ship channel below Quebec marks a new step in the history of this great work for the extension of navigation.

The success of the operations for the improvement of the ship channel, is due in a very large measure, to the skill and energy of the staff in charge, and also to the untiring and careful work of the various captains, engineers, and crews of the different vessels.

I have the honour to be, sir,

Yours obediently,

F. W. COWIE,

Superintending Engineer.

Lieut.-Col. F. GOURDEAU,

Deputy Minister of Marine and Fisheries,
Ottawa, Ont.

INTRODUCTION.

The ship channel of the River St. Lawrence, between Montreal and Father Point, has a total length of about 340 statute miles.

Navigation throughout this distance is under the control of the Montreal and Quebec pilots.

The contracted part of the river, which may properly be called ship channel, extends to the Traverse, to which point, from Montreal, the distance is 220 miles.

The length of the channel actually requiring improvement, by dredging, from Montreal to the Traverse, is about 70 miles. The length of the thirty-foot channel actually completed, at the close of the fiscal year, is 56 miles; leaving 14 miles yet remaining to be dredged, in order to give a clear depth of 30 feet at low tides during the lowest stage of the river level.

From Montreal to Batiscan, the tide is not available for navigation, and in order to enable vessels to load to full depth, the dredging of this part of the river was first undertaken.

7-8 EDWARD VII., A. 1908

At the close of the season of 1906 we were able to announce the completion of the channel to a depth of 30 feet at the extreme low water of 1897, between the points above mentioned, viz.: Montreal and Batiscan. As the E.L.W. of 1897 was 6 inches lower than the level reached last season, the minimum depth found in the thirty-foot channel, in 1906, was 30 feet 6 inches.

The completed channel has a minimum width, in the straight portions, of 450 feet, and on the curves from 500 to 750 feet. The widening has all been completed, except for a distance of 12.30 miles in the straight portions of Lake St. Peter.

As the dredging is completed the channel is swept and therefore, with the above announcement, an available depth of 30 feet exists from the sea to Montreal, advantage to be taken of the tide up to Batiscan.

The dredging plant will now be concentrated on the work of obtaining a greater width in Lake St. Peter and the tidal parts of the river, as well as the full depth of 30 feet at low tide. About an equal quantity of work requires to be done below Quebec and above Quebec.

In the last annual report the details of the organization for the channel improvements below Quebec, will be found, giving details of the purchase of a suction hopper dredge, as well as the actual commencement of dredging operations.

The launch of the new hydraulic hopper dredge, being built at the government works at Sorel, on December 1, 1906, was also reported.

An appropriation for the construction of a special spoon dredge for Cap à la Roche, having been made by parliament, plans were ordered, and this vessel is to be built at the government works at Sorel.

Attention is again called to the construction in England and the bringing to the St. Lawrence of a powerful and well-equipped ice-breaking, surveying and sweeping tug.

It is probable that no other action on the part of the government, in the way of making navigation safer, could contribute more to amelioration in the excessive insurance rates which have been so detrimental to the St. Lawrence route.

On her first trip after being put into commission, while on an inspection and consultation trip with the minister, the officers of the department, the Shipping Federation of Canada, the presidents of the Boards of Trade of Montreal and Quebec on board, this vessel relieved from a very dangerous position at Cap à la Roche a steamer, which, with its large cargo, was estimated to have a value of \$1,000,000.

By its timely aid the vessel was floated before any serious damage had been done to the ship's bottom, and the Donaldson liner *Athenia* was able to proceed on her voyage to Glasgow without more delay than a few hours, and apparently without injury.

This annual inspection of the ship channel took place in November, 1906, and a thorough examination was made of the river between Montreal and Crane island.

Three days were occupied in observing the work, discussing the merits of the proposed plans, and considering the various recommendations.

Resolutions of approval of the departmental programme have since been received, together with the thanks of these important corporations for having been afforded the opportunity of actually observing the conditions, and placing their recommendations before the department.

In view of the success of the work, and the record of navigation, recognition is again made of the services of the officers of the staff, especially Mr. G. J. Desbarats, director of the shipyard at Sorel, who has the direction of the construction and repairs to the plant; Mr. V. W. Forneret, C.E., who has general local charge of the dredges, and Mr. N. B. McLean, C.E., who conducted the sweeping operations, together with the other members of the staff, as well as the captains and engineers of the dredging plant.

The thirty-foot project was adopted in 1899; in that year with two new dredges, in 1900 with four, in 1901 with five, and from 1902 with seven dredges, the work has been carried on with great vigour.

SESSIONAL PAPER No. 21

The completion of nearly 40,000,000 cubic yards of excavation in ten years was the best estimate given. It is expected that this will be realized, and at the exceedingly low cost, including plant, of less than \$5,000,000.

The total cost from 1851 to the end of the fiscal year, of the ship channel, plant, shops, surveys, &c., is as follows:—

Dredging.	\$ 6,232,647 81
Plant, shops, surveys, &c.	3,112,473 63
	\$ 9,345,121 44

Before the close of navigation, in November, 1906, the thirty-foot depth was completed from Montreal to Batiscan, from which point to the sea, the same depth, or more, can be carried, by waiting for the tide.

The water in the St. Lawrence, like all North Atlantic rivers, owing to the lack of rainfall, reached a very low stage during the last four months of the season of 1906.

The dredging operations do not, either theoretically or practically, lower the level of the water in the river. No material is removed; it is merely taken from one place and deposited opposite. As long as the water supply remains the same we can rely on the same river level.

The interests of the harbour of Montreal and the navigation of the St. Lawrence must, however, be jealously guarded against any interference with the natural conditions, which will in the least degree diminish the natural flow, during the season of low water.

On the opening of the season of navigation of 1907 the gauge at Sorel will be changed and an additional draught of nearly 4 feet given.

Compared with the lowest stage of water in 1906, the depth will be increased from 26 feet 10 inches to 30 feet 6 inches.

This cannot fail to be of very great importance to the commercial interests of the St. Lawrence.

COST OF SHIP CHANNEL TO DATE.

TABLE showing the Total Cost of the Dredging and Plant, and the Quantities dredged to March 31, 1907.

	Cost of Dredging.	Expenditure for Plant, Shops, Surveys, &c.	Quantities Dredged.
	\$ cts.	\$ cts.	Cu. yds.

DREDGES.

Laval (No. 1).—At the commencement of the fiscal year, July 1, 1906, the *Laval* was working at Longueuil, and after finishing her cut, the dredge cleaned up some lumps found by testing, and completed everything there on August 9, when she was taken to Sorel to have some repairs done and have her buckets and teeth put in good order.

On August 16, she was taken down to Batiscan and laid out to work at the lower end of the Traverse to deepen and widen the channel, the material being clay and stones.

The *Laval* worked at Batiscan Traverse until November 20, when she was taken up to Sorel to go into winter quarters.

In a total number of 121 days during which this dredge was at work, her machinery was in actual operation 63 per cent of the full working time.

The total number of cubic yards dredged amounted to 161,550, at a cost of \$38,596.98, or 23⁸⁹/₁₀₀ cents per cubic yard.

Laurier (No. 2).—At the commencement of the fiscal year, July 1, 1906, the dredge *Laurier* was working at Batture Perron, straightening, deepening, and widening the channel there, the material consisting of clay, sand, and stones.

After completing her cut on July 11, she was laid out to work on Batiscan Curve, widening and deepening, the dredged material being clay and stones. After completing her work there, the *Laurier* was taken up to Sorel to have some repairs done to her buckets. After being repaired, she was taken down to Champlain and laid out on October 12, to clean up some lumps found by testing.

Having cleaned up the lumps, the *Laurier* was taken up on November 7, to work on the channel between Sorel and Ile de Grace, where she remained until taken into winter quarters.

The number of days during which this dredge was in operation was 121, and the percentage of time of actual work, 60.

The total number of cubic yards removed, amounted to 130,300, at a cost of \$32,199.71, or 24⁷¹/₁₀₀ cents per cubic yard.

SESSIONAL PAPER No. 21

Lady Aberdeen (No. 3).—From the commencement of the fiscal year July 1, 1906, to August 28, the *Lady Aberdeen* worked at Champlain Curve, deepening and widening, the material being very hard clay, sand and stones. The dredge was then laid out to work at the upper end of Batiscan Traverse, to deepen and widen the channel, the dredged material consisting of clay and stones.

The dredge worked at Batiscan Traverse until November 13, and was then laid out a little higher up on Batiscan Curve, widening and deepening it, the material being clay and stones.

On November 23, the *Lady Aberdeen* was taken up to Sorel to go into winter quarters.

The working time of the *Lady Aberdeen* was 124 days, the dredge being in actual operation 67 per cent of the full working time.

The total number of cubic yards removed amounted to 256,900, at a total cost of \$32,059.41, or 12 $\frac{7}{100}$ cents per cubic yard.

Lady Minto (No. 4).—On July 1, 1906, this dredge was working at Batiscan Traverse, deepening and widening the channel, the material consisting of clay and stones. The *Lady Minto* continued working there until taken into winter quarters on November 20.

In a total of 121 days during which this dredge was at work, her machinery was in actual operation 75 per cent of the full working time.

The total quantity dredged amounted to 412,400 cubic yards, at a cost of \$33,463.27 or 8 $\frac{1}{100}$ cents per cubic yard.

Lafontaine (No. 5).—At the commencement of the fiscal year July 1, 1906, the *Lafontaine* was still working at Longueuil, the material being exceedingly hard to dredge, consisting of hard-pan, clay, stones and some shale rock. The cut was finished on July 10, and this dredge was then taken down to Sorel to get a good overhauling and have a set of new teeth put on the buckets. The repairs being completed, the dredge was taken down on July 20, to begin the work of widening and deepening the Cap à la Roche channel, the material being shale rock. Work was continued there until the vessel had to be taken into winter quarters on November 21.

The number of days during which this dredge was in operation was 121, and the percentage of time of actual work, 67.

The total number of cubic yards removed amounted to 161,400, at a cost of \$42,159.23, or 26 $\frac{1}{100}$ cents per cubic yard.

Baldwin (No. 6).—From July 1, 1906, to July 11, the *Baldwin* worked at widening, deepening and straightening the channel between Sorel and Ile de Grace. On July 10 she was taken down to Batiscan, and laid out to work on Batiscan Curve to widen and deepen the channel, the material consisting of clay and stones. This dredge continued working there until she finished her cut on November 8. The *Baldwin* was then taken up to work at the head of Lake St. Peter, to widen, deepen and straighten the channel between Ile au Raisin Traverse and Stone Island, the dredged material being soft clay.

This dredge worked there until November 28, when she was taken into winter quarters. The number of days during which the *Baldwin* was in operation was 127, and the percentage of time at actual work, 67.

During this period she removed 519,900 cubic yards, at a total cost of \$37,664.95 or 7 $\frac{2}{100}$ cents per cubic yard.

J. Israel Tarte (No. 7).—At the commencement of the fiscal year, July 1, 1906, the *Tarte* was still at Sorel having extensive repairs done to her boilers. She had been brought in on June 20. When these repairs were completed on July 5, the dredge was taken back to where she had left off on Lake St. Peter. The *Tarte* continued working on the channel between curve No. 3, Pointe du Lac, and White Buoy Curve, deepening the old channel only, as it was decided to do the widening after the 30-foot channel through the lake was completed. Notwithstanding the loss of time owing to repairs

7-8 EDWARD VII., A. 1908

required to the boilers, and also by stormy weather, the dredge completed the thirty-foot channel through Lake St. Peter, on November 14, 1906.

It was then decided, owing to the boilers leaking badly, and to the loss of time through bad weather, on account of the season being far advanced, that it would be better to take the *Tarte* into winter quarters.

In the 105 days, the dredge was in actual operation, 54 per cent of the full working time. The total number of cubic yards removed amounted to 1,358,560 at a cost of \$86,533.82, or $6\frac{36}{100}$ cents per cubic yard.

The total number of cubic yards dredged by the fleet between Montreal and Quebec during the fiscal year from July 1, 1906, to March 31, 1907, amounted to 3,001,010, at a cost of \$302,677.37, or an average of $10\frac{8}{100}$ cents per cubic yard.

RIVER ST. LAWRENCE SHIP CHANNEL BELOW QUEBEC.

Suction Dredge 'Galveston.'—On July 1, 1906, the commencement of the fiscal year, the dredge *Galveston* arrived at Quebec from New Orleans under her own steam, having been twenty-nine days on the voyage. She continued on up to Sorel to be thoroughly overhauled and fitted out, additional quarters for the crew being also provided. The organization of the crew was immediately proceeded with, and when completed, the *Galveston* left Sorel to begin work at Beaujeu channel, Crane island, on August 11, 1906.

The dredge stopped at Quebec on her way down, and started for Crane island on August 13, where she was set to work deepening and straightening the Beaujeu channel. The material consisted of coarse sand and gravel, with some layers of soft blue clay.

On August 22 the *Galveston* went into dry dock at Lévis, to have her hopper doors repaired and made tight, as some of the sand ran out. The repairs were completed on September 3, when the dredge returned to Crane island and continued her work.

On October 7, the *Galveston* was caught in a very severe gale, and for a time ran a great risk of being wrecked. The ten-ton suction pipe and derrick broke loose from their lashings, and had to be let go to save the ship. The pipe was raised in a couple of days, but the derrick could not be located for some time owing to a succession of gales. Everything was, however, recovered and the dredge went up to Quebec to have the necessary repairs made.

On October 29, everything was in order again, and the *Galveston* returned to Crane island and resumed work, continuing until November 9, when she stopped for the season.

She then went up to Quebec and was prepared for the voyage to St. John, N.B., where she was ordered, in order to remove some silt which had filled up the Intercolonial Railway berths.

The *Galveston* left Quebec for St. John, N.B., on November 17, 1906. Stoppages were made at Gaspé, Canso, Isaac's harbour, Liseomb, Halifax, Shelburne and Bon Portage, the dredge finally arriving at St. John, N.B., on November 29. Work was commenced on the following day, the material being soft mud on top. The bottom consisted of very hard clay, debris and stones.

On December 24 the turbines broke down, which necessitated the dredge being put into dry dock, and as no dock was available, it was decided to lay her up at St. John for the winter, where she remained until after the end of the fiscal year, March 31.

During the winter, extensive repairs were made and the dredge thoroughly overhauled.

The general dimensions and particulars of the *Galveston*, a steel, twin-screw, suction, hopper dredge, are as follows.—

Length, 233 feet; breadth, 39 feet; depth, 15 feet 5 inches.

Draught when laden with 1,800 tons, 14 feet 9 inches aft, 13 feet 1 inch forward.

Dredges to 55 feet and raises 1,350 cubic yards in 45 minutes.

Hopper capacity, about 1,400 cubic yards.

SESSIONAL PAPER No. 21

Built in 1904.

Engines 2 triple expansion, about 600 I.H.P. each.

Cylinders, 15 $\frac{3}{4}$ inches, 24 inches and 37 $\frac{1}{2}$ inches diameter. Stroke, 17 $\frac{3}{8}$ inches.

Two boilers. Two suction pumps, Dutch type, 8 feet 6 inches outside diameter.

Speed, loaded, 9 miles.

Electric light. Ample crew accommodation.

Arranged for pumping material ashore at a distance of 1,500 to 1,600 feet.

The following tables show in a concise form the progress to date, the details of the operations of the different dredges, the classification of the expenditure, the cost per yard in each locality and the expenditure at Sorel in connection with new plant, and the shipyard generally:—

DREDGING PLANT.

The following is a description of the dredging plant owned and operated by the Department of Marine and Fisheries in connection with the River St. Lawrence Ship Channel:—

DREDGES.

The Elevator Dredge 'Laval' (No. 1), wooden hull.

Length over all, 150 feet.
Breadth of beam, 30 feet.
Depth of hold, 14 feet.
Average draught, 11 feet.
Greatest working depth, 42·5 feet.
Hull built in Ottawa in 1894.
Steel buckets.
Working capacity per day in hard material, 1,000 to 2,000 cubic yards.

The Elevator Dredge 'Laurier' (No. 2), wooden hull.

Length over all, 168 feet.
Breadth of beam, 32 feet.
Depth of hold, 14 feet.
Average draught, 10 feet.
Greatest working depth, 42·5 feet.
Built at Sorel shipyard in 1897.
 $\frac{3}{4}$ cubic yard buckets for hard-pan.
Working capacity per day in fairly stiff clay, 2,000 to 3,000 cubic yards.

The Elevator Dredge 'Lady Aberdeen' (No. 3), steel hull.

Length over all, 148 feet.
Breadth of beam, 32 feet.
Depth of hold, 13 feet.
Average draught, 8·5 feet.
Greatest working depth, 42·5 feet.
Built in Sorel shipyard in 1900.
Steel buckets.
Working capacity per day in hard material, 1,000 to 2,000 cubic yards.

The Elevator Dredge 'Lady Minto' (No. 4), steel hull.

Length over all, 148 feet.
Breadth of beam, 32 feet.
Depth of hold, 13 feet.
Average draught, 8·5 feet.
Greatest working depth, 42·5 feet.
Built at Sorel shipyard in 1900.
Steel buckets.
Working capacity per day in stiff clay and stones, 1,000 to 2,000 cubic yards.

7-8 EDWARD VII., A. 1908

The Elevator Dredge 'Lafontaine' (No. 5), wooden hull.

Length over all, 168 feet.
Breadth of beam, 32 feet.
Depth of hold, 14 feet.
Average draught, 9 feet.
Greatest working depth, 45 feet.
Built at Sorel shipyard in 1901.
Steel buckets.
Working capacity per day in hard material, 1,000 to 2,000 cubic yards.

The Elevator Dredge 'Baldwin' (No. 6), wooden hull.

Length over all, 165 feet.
Breadth of beam, 34 feet.
Depth of hold, 14 feet.
Average draught, 8 feet.
Greatest working depth, 45 feet.
Built at Sorel shipyard in 1902.
1 cubic yard buckets strengthened for fairly hard material.
Working capacity per day in medium material, 2,500 to 3,500 cubic yards.

The Hydraulic Dredge 'J. Israel Tarte' (No. 7), steel hull.

Length over all, 160 feet.
Breadth of beam, 42 feet.
Depth of hold, 12.5 feet.
Average draught, 6 feet.
Length of suction frame, 80 feet.
Greatest working depth, 50 feet.
Built at the Polson Iron Works, Toronto, in 1902.
Working capacity per day in soft material, 12,000 to 20,000 cubic yards.

Discharge Pipe and pontoons of Dredge 'J. Israel Tarte' (No. 7).

23 lengths of pipe, 36 ins. diameter by 100 feet long.
1 length of pipe, 36 ins. diameter by 35 feet long.
23 pairs of pontoons for floating pipes, 42 ins. diameter by 90 feet long.

Winch Scow 'No. 3' for Dredge 'J. I. Tarte' (wooden hull).

Length over all, 60 feet.
Breadth of beam, 18 feet.
Depth of hold, 6 feet.
Built at Sorel shipyard in 1902.

Winch Scow (wooden hull) for Dredge 'J. Israel Tarte' (with steam boiler and steam winch).

Length over all, 75 feet.
Breadth of beam, 25 feet.
Depth of hold, 5.5 feet.
Built at Sorel shipyard in 1902.

SESSIONAL PAPER No. 21

The Suction Hopper Dredge 'Galveston,' steel hull, twin screw.

Length over all, 233 feet.

Breadth of beam, 39 feet.

Depth of hold, 15 feet 5 ins.

Draught when loaded with 1,800 tons, 14 feet 9 ins. aft, 13 feet 1 in. forward.

Greatest working depth, 55 feet.

Two suction pumps of Dutch type, 8 feet 6 ins. outside diameter.

Built in 1904.

Working capacity, 1,350 cubic yards in 45 minutes.

Hopper capacity, 1,400 cubic yards.

TUGS.

The Ice-breaking and Sweeping Tug 'Lady Grey' (steel hull, twin screw).

	Feet.	Inches.
Length between perpendiculars.	172	0
Length over all.	183	6
Breadth moulded.	32	0
Breadth extreme.	32	3
Depth moulded.	18	0
Draft mean to bottom of flat plate keel (normal).	12	0
Draft mean, when ice-breaking about.	13	0

Displacement in tons at 12 foot draft, 1,070.

Mean speed at 12 foot draught on six runs over measured mile base, 14 knot

Built by Vickers, Sons & Maxim, Ltd., Barrow-in-Furness, in 1906.

The Tug 'Frontenac' (composite hull).

Length over all, 113 feet.

Breadth of beam, 23 feet.

Depth of hold, 10 feet.

Average draught, 9 feet.

Built at Sorel shipyard in 1901.

The Tug 'Eureka' (steel hull).

Length over all, 100 feet.

Breadth of beam, 22 feet.

Depth of hold, 12 feet.

Average draught, 11 feet.

Built in Glasgow, Scotland, in 1893.

The Tug 'James Howden' (wooden hull).

Length over all, 100 feet.

Breadth of beam, 21 feet.

Depth of hold, 100 feet.

Average draught, 7.5 feet.

Built at Sorel shipyard in 1903.

The Tug 'St. Jean-Iberville' (steel hull).

Length over all, 90 feet.

Breadth of beam, 18 feet.

Depth of hold, 12 feet.

Average draught, 10 feet.

Built at Sorel shipyard in 1897.

7-8 EDWARD VII., A. 1908

The Tug 'Lac St. Pierre' (wooden hull).

Length over all, 100 feet.
Breadth of beam, 21 feet.
Depth of hold, 10 feet.
Average draught, 7·6 feet.
Built at Sorel shipyard in 1901.

The Tug 'St. Francis' (wooden hull).

Length over all, 80 feet.
Breadth of beam, 17 feet.
Depth of hold, 10·8 feet.
Average draught, 9 feet.
Built in 1875.

The Tug 'Cartier' (wooden hull)

Length over all, 84 feet.
Breadth of beam, 18 feet.
Depth of hold, 9·5 feet.
Average draught, 8 feet.
Built at Sorel shipyard in 1893.

The Tug 'Emilia' (wooden hull).

Length over all, 84 feet.
Breadth of beam, 17 feet.
Depth of hold, 9 feet.
Average draught, 7·5 feet.
Built at Sorel shipyard in 1898.

The Tug 'Champlain' (wooden hull).

Length over all, 84 feet.
Breadth of beam, 17 feet.
Depth of hold, 9 feet.
Average draught, 7·5 feet.
Built at Sorel shipyard in 1901.

The Tug 'Jessie Hume' (wooden hull)

Length over all, 72 feet.
Breadth of beam, 17·3 feet.
Depth of hold, 10 feet.
Average draught, 8·5 feet.
Built in Buffalo in 1878.

The Tug 'Montcalm' (wooden hull).

Length over all, 80 feet.
Breadth of beam, 23 feet.
Depth of hold, 8 feet.
Average draught, 6·5 feet.
Built at Sorel shipyard in 1903.

SESSIONAL PAPER No. 21

The Tug 'Carmelia' (wooden hull).

Length over all, 84 feet.
Breadth of beam, 17 feet.
Depth of hold, 9 feet.
Average draught, 7.5 feet.
Purchased in 1903.

COAL BARGES.

The Coal Barge 'No. 1' (wooden hull).

Length over all, 120 feet.
Breadth of beam, 24 feet.
Depth of hold, 10 feet.
Built at Sorel shipyard in 1898.

The Coal Barge 'No. 2' (wooden hull).

Length over all, 125 feet.
Breadth of beam, 25 feet.
Depth of hold, 11 feet.
Built at Sorel shipyard in 1900.

The Coal Barge 'No. 3' (wooden hull).

Length over all, 98 feet.
Breadth of beam, 28 feet.
Depth of hold, 12 feet.
Built at Sorel shipyard in 1902.

The Coal Barge 'No. 4' (wooden hull).

Length over all, 98 feet.
Breadth of beam, 28 feet.
Depth of hold, 12 feet.
Built at Sorel shipyard in 1903.

Stone-lifter 'No. 2' (wooden hull).

Length over all, 80 feet.
Breadth of beam, 25 feet.
Depth of hold, 9.8 feet.
Rebuilt at Sorel shipyard in 1897.

Stone-lifter 'No. 3' (wooden hull).

Length over all, 108 feet.
Breadth of beam, 34 feet.
Depth of hold, 14 feet.
Built at Sorel shipyard in 1903.

Sounding Scow (wooden hull).

Length over all, 60 feet.
Breadth of beam, 25 feet.
Depth of hold, 6 feet.
Built at Sorel shipyard in 1898.

7-8 EDWARD VII., A. 1908

Coal Scow 'No. 2' (wooden hull).

Length over all, 54 feet.
Breadth of beam, 18 feet.
Depth of hold, 4 feet.
Built at Sorel shipyard in 1892.

Six Lodging Scows (wooden hulls).

Rebuilt from old dump scows and fitted out as lodging scows for crews of dredges and tugs of ship channel fleet, at Sorel shipyard in 1899, 1901 and 1902.

HOPPER SCOWS.

1 Hopper Scow (wooden hull) with hydraulic power for closing gates.

Length over all, 97 feet.
Breadth of beam, 24·5.
Depth of hold, 9 feet.
Capacity, 200 cubic yards.
Built at Sorel shipyard in 1897.

2 Hopper Scows (wooden hulls) with hydraulic power for closing gates.

Length over all, 90 feet.
Breadth of beam, 18 feet.
Depth of hold, 7 feet.
Capacity, 150 cubic yards.
Built at Sorel shipyard in 1898.

4 Hopper Scows (wooden hulls) with hydraulic power for closing gates.

Length over all, 97 feet.
Breadth of beam, 24 feet.
Depth of hold, 9 feet.
Capacity, 200 cubic yards.
Built at Sorel shipyard in 1899 and 1901.

5 Hopper Scows (wooden hulls) with hydraulic power for closing gates.

Length over all, 98 feet.
Breadth of beam, 24 feet.
Depth of hold, 9·5 feet.
Capacity, 300 cubic yards.
Built at Sorel shipyard, 2 in 1901, 3 in 1902.

2 Hopper Scows (wooden hulls) with hydraulic power for closing gates.

Length over all, 97 feet.
Breadth of beam, 24·5 feet.
Depth of hold, 9 feet.
Capacity, 300 cubic yards.
Built at Sorel shipyard in 1903.

APPENDIX No. 6.

SOREL SHIPYARD.

Lt.-Col. F. GOURDEAU,
Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to report on the work done at the Sorel Shipyard during the nine months ended March 31, 1907.

Sea-going hopper suction dredge.—This steel dredge is being built for use on the St. Lawrence Ship Channel, and construction on the hull proceeded during this fiscal year. The vessel was begun in January, 1906, and was launched on December 1 of the same year. This dredge is a twin-screw vessel, and the propelling engines consist of two triple expansion engines with cylinders 15, 24 and 39 inches in diameter by 24 inches stroke. These engines were received in January, 1907, and were installed in the dredge during the winter.

The suction pump on this dredge is driven by a triple expansion engine with cylinders 15, 24 and 39 inches diameter, by 24 inches stroke. This engine and pump were furnished by the Polson Iron Works of Toronto. They were delivered at Sorel in March, 1907, and were installed in the dredge in the spring of the same year.

The steam for the machinery is furnished by two cylindrical marine boilers, 13 feet 6 inches in diameter by 11 inches in length, with three furnaces of 40 inches diameter each, and by one donkey-boiler, 5 feet diameter by 9 feet high, the pressure carried being 180 pounds. These boilers were built at the Sorel shipyard. The steam piping of the vessel is of copper, and all the dredge is finished to the highest standard of salt water marine work.

The construction of the dredge was completed at the end of September, 1907, and the dredge was tested with very satisfactory results at the beginning of October.

Steamer 'Verchères'.—This is a small wooden steamer for the use of the light-house-steeple construction staff between Montreal and Quebec. The hull is 100 feet in length by 16 feet beam by 9 feet depth, with a draft of 8 feet and a displacement of 126 tons. Work on this boat was begun in January, 1906, and the vessel was launched at the end of July.

The vessel is propelled by a triple compound engine, which was built at the Sorel shipyard. This engine has cylinders 13 and 24 inches in diameter by 18 inches stroke, and drives a wheel 6 feet 6 inches diameter.

The boiler, which was also built at the Sorel shipyard is of the bricked in, marine type, carrying a steam pressure of 140 lb. The vessel was finished and equipped during the summer of 1906 and went into commission in October of the same year.

Steamer 'Rouville'.—This is a wooden steamer built for the use of the Mounted Police Department, in Hudson bay. The hull is 130 feet over all by 26 foot beam by 16 feet deep with a draft of water of 12 feet 6 inches. This vessel was completed in July, 1906. It was decided to use her first for inspection and survey purposes, on the St. Lawrence ship channel and she was equipped with a sounding and testing apparatus for this purpose and went into commission in the month of August.

Ice-breaker Steamer 'Montcalm'.—In November, 1906, important repairs and alterations were made to the steamer *Montcalm*.

A strengthening belt of steel $\frac{3}{4}$ inches thick was added to each side of the vessel at the water line, from the bow for a distance of 70 feet aft.

The sides of the well deck forward were carried up to the level of the spar deck and the spar deck extended to cover this space.

The wheel-house was enlarged by the addition of a chart room. The captain's room was enlarged. A room was installed for the first engineer. A steel tunnel 40 feet long by 8 feet high was built through the coal bunker to provide a passage for the firemen. The electric wiring of the ship was overhauled. A number of new side lights were fitted and a number of minor alterations were made to the wood work. The vessel was painted and some of the auxiliary machinery was overhauled.

Dredge 'Galveston.'—This dredge arrived at Sorel from New Orleans on July 2. Her bridge deck was enlarged and a deck-house was erected with galley, mess room and accommodation for the officers. Side bunkers of steel were built in the vessel. The boilers and machinery were overhauled and necessary repairs were made to the dredging machinery. The hull was scraped and painted and the vessel left the shipyard on August 11.

New construction for dredging fleet.—Dredge No. 2 was fitted with a new chain of buckets for rock dredging. A new bow cable winch was built and erected. The dredge was hauled out during the winter and the ends of her well and parts of the sides of the well, were renewed. The hull was gone over, caulked and painted and all defective parts renewed.

Dump Scow No. 4 was practically rebuilt. The hull being in very bad condition

A new wheel house with captain's room attached, was built on the upper deck of the tug *Lac St. Pierre*, replacing the old wheel house on the main deck.

Hydrographic Survey.—Extensive repairs and alterations were made to the survey steamer *La Canadienne*.

The main engine was taken apart, the cylinder and valves trued, the pistons turned and fitted, the rods turned, valves adjusted and the engine thoroughly repaired. A Weir evaporator was supplied and fitted. The condenser was repaired, new tube plates and new tubes supplied and fitted. A circulating and a sanitary pump installed. The bridge deck was strengthened, and numerous alterations made in the officers' and crew's quarters. Bridge stanchions and awnings were fitted and a bridge telegraph installed.

The survey steamer *De Lévis* was kept in repair during the year and supplies were furnished.

Public Works Department.—Several of the vessels belonging to the dredging fleet of the Public Works Department, were repaired at the shipyard during the year 1906-7, and spare parts were furnished. Coal and other supplies were furnished to the vessels of the Public Works dredging fleet working in the Sorel district.

Repair work for St. Lawrence Ship Channel.—The hulls and machinery of the vessels of the St. Lawrence ship channel dredging fleet were maintained in good condition during the fiscal year 1906-7. During the winter the machinery was completely overhauled and repaired. The hulls and cabin work were painted and the equipment was repaired and put in proper condition. Coal, oils and all the supplies necessary to the equipment and operation of the dredging fleet during the season, were furnished from the Sorel shipyard.

Dredge No. 1 had heavy repairs to one of her boilers. The upper tumbler was renewed during the winter. A complete set of forged iron centre teeth was supplied to this dredge.

Dredge No. 3 had a complete set of new bucket teeth. The boilers were caulked and the bucket frame straightened out.

SESSIONAL PAPER No. 21

Two large breasting winches using wire rope were built and installed on dredge No. 5, to replace the old chain winches which were previously used on this dredge.

Dredge No. 6 had a new top tumbler and new main gearing.

Dredge No. 7 had heavy repairs to the boilers during the summer season and during the winter months. The floating pipe line of this dredge was all hauled out during the winter and as the pipes were nearly worn out a doubling plate was fitted to the bottom of the pipes.

The tug *Jessie Hume* was hauled out during the winter and heavy repairs made to her upper works.

Improvements to shipyard.—The sawmill which was begun in the previous year was finished in this year. This is a building with a stone foundation, 60 feet by 70 feet. This foundation is surmounted by a two-story wooden building of slow burning mill construction. The lower floor is devoted to the sawmill proper. It contains a band saw capable of sawing timber up to 40 inches square, a wood planer, moulding machine, small circular saw, &c.

Two low wings, each 28 by 55 feet, contain the saw carriage which handles timber up to 70 feet in length. A log-hauling chain extends to the river and hauls logs from the timber pond up to the mill.

In the upper story of the mill is installed the sash and door machinery and the machinery for sharpening, tempering and welding saws.

An electric motor of 100 horse-power, placed in the basement of the mill, gives power to all the machinery. A fan is provided which takes all the chips and sawdust from the different tools and blows them through a long pipe to a dump at a distance from the sawmill.

During the summer the electric pumps were installed in a cement pit which was sunk at the power-house. The shipyard has now an ample supply of water for general use and good pressure in case of fire.

A three-story shed, 100 feet by 30 feet, was built for storing the stock and material which is removed from the different vessels of the fleet for the winter. In this shed, separate rooms are provided for each vessel so that its stock can be securely stored without any chance of confusion with the stock of any other vessel.

During the summer a slip way was built so as to enable the shipyard to haul out and repair the dredges of the ship channel fleet. The shore part of this slipway is on pile foundation and the underwater part on a timber crib.

The hauling machinery from the old slip was adapted to this new slip way, but will have to be further strengthened. A large pulley block was built for this slipway with eleven strands of 1½-inch steel wire rope. The machinery gives a direct pull of 100 tons and vessels of 1,500 tons displacement can be hauled on this ship.

General.—All the buildings of the shipyard were painted during the year and all machinery was maintained in a good state of efficiency. The working force at the shipyard during the year varied from 500 to 850 men, and averaged 680.

The financial statement, which I append, shows that the total amount expended at the Sorel shipyard during the nine months of the fiscal year 1906-7, was \$678,803.57.

Yours obediently,

G. J. O. DESBARATS,
Director of Shipyard.

SESSIONAL PAPER No. 21

APPENDIX No. 7.

HYDROGRAPHIC SURVEY.

OCTOBER 19, 1907.

The Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to present the following report upon the progress of the Hydrographic Survey during the past season.

I regret to say that owing to the fact that the season is drawing to a close, and that none of the parties have yet returned to Ottawa, I am able to give an idea, in a general way only, of the work done during the past season, gathered from progress reports sent in from time to time.

The time of all parties last winter was fully occupied in preparing previous season's work for publication, and as a result the following photo-lithographed charts were published:—St. Lawrence river charts Nos. 9, 10, 11, 12, 13, 14, 15, 16.

The following have been prepared for the engraver:—‘Pigeon River to Thunder Cape’ and ‘Thunder Cape to Lamb Island’ upon the great lakes, and are almost ready for distribution.

The following are on hand waiting an opportune time to deliver to an engraver:—Lake St. Louis and Orignaux Point to Cacouna Island on the St. Lawrence. It is hoped that all these will be on sale before the opening of navigation. On the British Columbia coast a preliminary photo-lithographed chart of the entrance to Prince Rupert Harbour as a result of the work of 1906, was issued; and during the past season some further blue prints of additional work have been issued.

British Columbia.—About March 1, Captain Musgrave started a camp party at Prince Rupert, B.C., sounding out the harbour, the entrance as far south as Lawyer island, and the entrance of Skeena river. He was assisted by Messrs. H. D. Parizeau and L. R. Davies. I regret to say that, owing principally to the unsettled state of the labour market in British Columbia and the large amount of fog and rain in that locality, the amount of work done is hardly in keeping with the cost. Next season it is hoped that the new steamer will be in commission and that a distribution of the party will be possible so that Mr. Parizeau will work with a separate outfit.

Great Lakes.—About May 15, Captain Fred. Anderson, with the steamer *Bayfield*, resumed operations on Lake Superior working on the outside coast between Lamb island and Jackfish bay. He has made very fair progress, but was troubled by fog. On October 1, he moved to Key inlet, Georgian bay, a new harbour being developed by the Canadian Northern Ontario Railway Company. This locality received a very superficial examination in 1885 by Captain Boulton, as it was considered unlikely that any use would ever be made of it. His work there is principally with a view to reporting upon a scheme for placing aids to navigation, to render the harbour safe for vessels, that are to carry coal and iron ore.

He has for assistants Messrs. A. G. Bachand and A. E. Humphrey, both of whom are giving good satisfaction.

Atlantic Coast.—About May 15, Captain Irving Miles, on the steamer *La Canadienne*, left Sorel for operations in the vicinity of the mouth of Saguenay river, and has continued there since. His work started at the northwest end of Hare island, working out of the river as time progresses.

7-8 EDWARD VII., A. 1908

Surveying in this locality is very arduous, strong tides with very heavy tide rips make work in boats, with young inexperienced officers and crews, very dangerous even upon fine days.

The weather, upon which nearly all success depends, has not been propitious, fogs and strong winds have followed one another in quick succession; however, very fair progress has been made, considering the many difficulties.

A word about the steamer, which is very old and not very powerful. Any system of surveying a river forces the surveyor to sound in parallel lines, crossing and re-crossing. The steamer can, at best in smooth water, steam eight knots. The tide frequently runs four knots, so that it may be seen that she is unable to keep on a course directly at right angles to the trend of the river and the stream. Then again, in changing from line to line upon the completion of one, the steamer is hardly able to make headway. This trouble was frequently experienced during the past season, even in comparatively fine weather, and work had to be discontinued. Captain Miles was ably assisted by Messrs. Chas. Savary, G. Cavendish Venn and W. R. McGee.

St. Lawrence river between Montreal and Quebec.—This survey is almost completed, and the energies of the staff have been devoted to the preparation of charts, sixteen of which have so far been issued to the general public. Mr. Arthur Amos is in charge of this important work, and has upon his staff for field work:—Messrs. Chas. McGreevy and Paul Jobin, for office work, Messrs. Henri Melançon, Frederick Delaute, Oswald Soulière and Edouard Jodoin. Very little field work was done during the season, principally additions to charts in the course of preparation.

Lake of Two Mountains.—This survey started work about May 7, under Mr. Pinet, with assistants, Messrs. G. B. St. Pierre and Henri Ortiz, with a house-boat and steam launch. Work here has been in a rather sheltered locality, and good progress has been made, but probably part of a season will yet be required to complete.

Lake St. Francis.—Mr. Robert Bickerdike has charge of this survey, but he was only about a month in the field, filling some details found wanting after plotting his previous season's operations. With the completion of this survey and that of Lake St. Louis, charts of the St. Lawrence river, Cornwall, or the international boundary line, to Montreal will soon be available.

All the parties (except that in British Columbia) now in the field will return to Ottawa about November 1, and complete the plotting of the summer work and prepare charts for publication. The British Columbia party under Captain Musgrave will take up residence in Victoria.

Advantage was taken of the small amount of field work being done by Mr. Amos and his party, to detail him for a more extended series of observations for magnetic declination and incidentally for latitudes and azimuths. As a result magnetic observations were obtained at four places in the vicinity of the Saguenay river, five places upon the north shore of Lake Superior and seven places along the St. Lawrence river between Cornwall and Montreal. The results have not been worked out as yet, but they will add very materially to our knowledge of the workings of that most important instrument of navigation, 'The Mariner's Compass.'

I am sir, your obedient servant,

WM. J. STEWART,
Hydrographer.

APPENDIX No. 8.

WIRELESS TELEGRAPH STATIONS.

OTTAWA, October 22, 1907.

Lt.-Col. F. GOURDEAU,
Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I beg to submit my annual report on the working of the wireless stations belonging to this department. During the last year, there was a total of fifteen wireless stations in operation, consisting of nine high-power and six low-power stations, the high-power stations having a normal range of about one hundred and twenty-five miles, the low-power stations, a normal range of about sixty miles.

During the past year, there has been a few interruptions to the service. The stations which were out of commission are the following:—Cape Sable, which was struck by lightning on August 2, 1907, and suffered slight damage, repairs being made very promptly; Sydney station, smallpox having broken out at this station, it was necessary to place same in quarantine; this interfered but slightly with the service.

Point Rich station was out of operation for a period of three or four weeks, due to an accident to the gasoline engine. This happened at the close of last season, and, from reports received from the Marconi Company, did not interfere with the service.

The Partridge Island station was out of commission for quite a lengthy period, last summer, due to the mismanagement on the part of the officer in charge. An amount of \$583.33 was deducted from the Marconi Company's account for the maintenance of this station, and the officer in charge, I understand, has been discharged from the service.

The two new stations which were built by the Marconi Company, for this department, located at Father Point and Clark City, were completed during the month of December, 1906. During the past summer, these stations have rendered valuable service to the shipping interests.

There was an unfortunate delay in the opening of the stations, last spring. The Marconi Company advised the department, on April 17, to the effect that operators and stores necessary for the opening of the wireless stations would be forwarded to Pictou, N.S., in time to leave by June 10, and requesting that transportation be provided. On or about April 20, Commander Spain was notified of the requirements of the Marconi Company and asked to provide a boat. The Marconi Company was advised that all arrangements had been made, and were requested to communicate with Commander Spain on or about May 20, in order that there might be no misunderstanding regarding the arrangements made. I understand that, on account of the C. G.S. *Stanley* being obliged to proceed to Scotland for the purpose of having new boilers installed, and also on account of an accident to the C.G.S. *Montcalm*, no boat was provided until July 10, which delayed the opening of the gulf stations one month later than was anticipated.

It was decided, during the past year, to take over the absolute control of the wireless service on board government vessels. Heretofore, this service had been performed by the Marconi Company. The operators, being in the employ of the Marconi Company, did not consider themselves amenable to ship discipline. This interfered, to a very large extent, with the giving of a satisfactory service. Furthermore, the appa-

7-8 EDWARD VII., A. 1908

tus on board the ships was in a most unsatisfactory condition, due to the fact that the department had no control over same. The service was taken over on March 1, 1907. All the different wireless equipments on board of these vessels have been completely overhauled and put into first-class condition.

During the past year, the Act governing wireless telegraphy, part 4, chapter 126, R.S.C., 1906, was put into effect, and licenses were prepared in accordance with said Act. Seven licenses have been issued to the Marconi Company, none of which have been accepted by them, due to the fact that it is claimed, on the part of the Marconi Company, that the form of license adopted infringes their contract rights. A form of license was submitted to the Department of Justice, accompanied by the contracts existing between the government and the Marconi Company, in order to ascertain if there was anything in the terms of the license which would infringe the contract rights of the Marconi Company. Several changes were suggested and incorporated in the form of license adopted and which the Department of Justice reported was in accordance with the contracts now existing between the Marconi Company and the government. The Marconi Company, as above stated, has refused to accept the above licenses and the matter is now receiving the consideration of the department.

A license was granted to the Dominion DeForest Wireless Telegraph Company, permitting the establishment of an experimental license on Grindstone island. All licenses issued have been for a term of one year.

It was decided, during the past year, to install wireless stations on the coast of British Columbia, same to serve as an aid to navigation as well as a means of communication along the west coast of Vancouver island. These stations are now under construction and it is expected that all will be in operation before January 1, 1908. The system adopted in these western stations is known as the Shoemaker system and, when completed, these stations will be, undoubtedly, the most up-to-date and complete wireless stations on this continent. As these stations are to be used as an aid to navigation and as there are several boats calling at British Columbia ports, such as Victoria and Vancouver, equipped with the Massie system, it was impossible for this department to install any system of wireless apparatus on the west coast which could not be used to communicate with vessels irrespective of the system used by them.

As all the government stations on the east coast are equipped with the Marconi system, I think a statement of the reasons which led this department to change from the Marconi to another system will not be out of place. As above stated, owing to the nature of these stations, it was absolutely essential that they should be available for intercommunication with any vessels or stations, irrespective of the system adopted, and, as the principle of intercommunication has never been accepted by the Marconi Company, this reason alone would justify the department in taking the stand it did. Apart from the above reasons, a very close study was made of the comparative cost of maintaining wireless apparatus of different make. These costs were obtained from the companies themselves and, on the figures submitted, there was such a large difference in favour of the system adopted, *i.e.*, Shoemaker, that other things being equal, the department was perfectly justified in adopting this system. The system adopted is unquestionably more up-to-date and better than that in use in the gulf stations, to say nothing of the fact that the original cost was lower and cost of maintenance considerably less, as is shown by the figures submitted by the Marconi Company.

Last fall all the wireless stations belonging to the government were visited and found to be in a fairly satisfactory condition. Some of the apparatus installed in some of the stations was of a very crude nature, which, in my opinion, should have been replaced by more up-to-date apparatus. The Marconi Company's attention was called to this matter and they have, I understand, replaced same.

No general inspection of the government wireless stations has been made this year on account of the department being unable to place a boat at the disposal of the undersigned for the purpose of making this inspection.

SESSIONAL PAPER No. 21

The following statement shows the number of messages received and sent from the different stations:—

I have the honour to be, sir,

Your obedient servant,

CECIL DOUTRE,

Superintendent Government Wireless Stations.

7-8 EDWARD VII., A. 1908

APPENDIX No. 9.

METEOROLOGICAL SERVICE.

METEOROLOGICAL OFFICE,
TORONTO, August, 1907.

Lt.-Col. F. GOURDEAU,
Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to submit the thirty-sixth annual report of the Meteorological Service of Canada. this report being for the fiscal year (nine months) July 1, 1906, to March 31, 1907, with appendices 'A' and 'B,' reports of St. John and Quebec observatories.

The number of persons in receipt of pay from the Meteorological Service on March 30, for various duties performed in connection therewith, was 216. Of this number 21 were employed in the central office, and with a few at outside stations, devote their whole time to the work of the service; others are occupied in observing during only a portion of each day, and others again are employed only to attend to the display of storm signals when notified.

There are now in the Dominion, Newfoundland, and Bermuda, 423 stations which have been supplied with instruments by this service. At 40 stations distributed at nearly equal intervals throughout Canada, three or more observations are taken daily, and each morning and evening reports are telegraphed to Toronto. At 49 other points observers receive remuneration for a more or less extended series of observations. Special observations for the Western Bulletin Service are taken at 26 places where small gratuities are paid. Eighty-four persons are paid for attending to the display of storm signals alone, and for the time service and special telegraph service 6 persons are employed.

Since the issue of the last report, the following stations have commenced reporting:—

BRITISH COLUMBIA.

Class III.—Denman Island.
“ II.—Tzouhalem.
“ I.—Savonas.
“ II.—Penticton.

YUKON TERRITORY.

Class II.—Conrad.

HUDSON'S BAY.

Class I.—Churchill.

ALBERTA.

Class III.—Bittern Lake.
St. Paul Des Metis.
McLeod.
Vermilion.
Islay.
Clover Bar.
Bismark.
Dorence.
Mayton.
Morinville.
Ponoka.

SESSIONAL PAPER No. 21

Class II.—Lawrence.

Barrie.
Coldwater.
Huntsville.

QUEBEC.

Class II.—Ste. Anne de Bellevue.
Paspebiac.

NEW BRUNSWICK.

Class II.—Woodstock.
Parma and Yyoming, Ontario, have been closed.

CENTRAL OFFICE.

During the past year the university building operations in progress on the land immediately adjoining the meteorological office, have made the occupation of our building most unpleasant and wholly unsatisfactory. Dust enters by every window, door and crevice; while assistants going and coming by a muddy pathway between the main building and the cottage used in place of that part of the observatory which was demolished last year, bring mud into the halls and render it impossible to keep the floors in a cleanly state. In addition to this the accommodation for the staff which for some years has been quite inadequate, is now distressingly meagre, and with steam derricks and cement crushers at work outside the windows, our officers are performing their duties under great difficulties.

I would also draw your attention to the fact that our observatory now partially blocks the entrance to two large handsome university structures, and that the college authorities are very desirous of the demolition of the building. I respectfully urge that the proposed new meteorological building be erected with as little delay as possible.

Towards the end of March the permanent staff of the meteorological office suffered a serious loss in the death of W. A. Steuart, its oldest member, who had first become connected with the observatory in 1851. Mr. Steuart was a careful and accurate computer to the day of his death, and was invaluable as a member of the central office staff—one whom it will be difficult to replace.

In order to keep the computations for the various meteorological publications up to date, it has been found necessary to employ temporary clerks for short periods.

The daily weather map, the monthly review and monthly weather map, each of them entailing much work have been issued with regularity and the Special Meteorological Register for 1906 has also been printed and distributed.

The daily map hitherto manifolded by means of the mimeograph will in future be printed. The lines indicating barometric pressure and the symbols for wind and weather are stereotyped from a chalk plate prepared in the meteorological office, and the final press work is done by the University Press nearby. There can be no question that the new process is a marked improvement on the old and the new map has a most creditable appearance.

All storm warnings and weather forecasts for the various parts of Canada exclusive of British Columbia have, as in the past, been issued from the central office, while those for British Columbia have been issued from Victoria, B.C. The following table shows the percentage of verification of the forecasts:—

NOTE.—In order to obtain the percentage of verification of the predictions, the number partly verified is divided by two and added to the number fully verified and the result divided by the total number issued.

SESSIONAL PAPER No. 21

STORM WARNINGS.

During the nine months, July, 1906, to March, 1907, inclusive, 1,690 storm warnings were issued to the various districts in Canada where signals are displayed, and of this number, 1,534 or 90·8 per cent were verified; on 393 occasions, however, the wind did not reach, and 88 occasions, exceeded the force as indicated by the signal displayed; also 139 warnings were received late, owing to issue, and 53 on account of delays in transmission.

In connection with the warnings, the probable directions from which the gales would blow were also given, and of the 1,534 verified as to force, 1,345 or 87·6 per cent were fully, and 1,458 or 95 per cent, fully and partially verified.

Further additions have been made to the display stations in the Gulf of St. Lawrence district. The stations at Barachois de Malbaie and L'Anse au Beaufils have been completed, and in addition the following new stations have been opened: Point St. Peter, Corner of the Beach, Newport Point, L'Anse aux Gascons, Port Daniel, St. Godfrey and Bonaventure river.

The outfitting of display stations with light wicker signals has almost been completed and the substitution of electric lamps for oil is being carried out wherever possible.

I would again point out the difficulty of determining exactly to what extent mariners regard the warnings of the meteorological service. We do know that most of the vessel captains do regard them and frequently telegraph and telephone for the latest reports, but even when a captain does remain in port owing to signals he is unlikely to state that he could not have weathered the storm.

An interesting table showing wrecks and casualties between 1870 and 1905 is given in the Canada Year-book, 1905, just published. In the seventies the casualties averaged 371 per annum with a tonnage of 125,997; an annual loss of life of 261 persons and damages to the value of \$2,731,160.

In the eighties the average annual casualties were 367 with a tonnage of 152,311; lives lost, 196, and damages to the value of \$2,599,427. In the nineties the casualties averaged 214; tonnage, 73,522; lives lost, 45; damages, \$786,314.

In the last six years the casualties have averaged 186 with a tonnage of 89,181; annual loss of life, 65; and damage to property, \$499,917 or less.

These figures show a marked diminution in the loss of life and property in recent years, and I claim that this is very largely owing to the warnings of storms given by the weather services of Canada and the United States.

INSPECTION OF STATIONS

During the fiscal year (nine months) ended March 31, 1907, Mr. B. C. Webber visited 35 stations, adjusting instruments where required, and also authorizing repairs to signal apparatus, in addition to instructing agents and arranging for the erection of storm signals at several new points. At Dalhousie, Percé, Cape Cope and Grand river repairs authorized last year have been completed in a creditable manner. First-class signal structures have been erected at L'Anse au Beaufils and Port Daniel, but at Ste. Adelaide de Pabos and Bathurst no steps had been taken to erect the signal shelter previously ordered. At the latter station the signal mast has been moved to the government wharf, a more desirable location; the thermometer shelter placed in a better position, and observer coached in his duties. The stations at Gaspe, Paspebiac, St. John, N.B., Sydney, Father Point and Quebec were found to be in first-class condition. The new style anemograph was furnished Father Point and Quebec. Point Lepreaux was furnished with a new equipment. Grand Manan was in fair condition, but wind instruments were not giving the best of satisfaction. In view of the expense of refitting this station, and also that Point Lepreaux seems much better for wind results, the advisability of discontinuing Grand Manan was urged. Alterations to drum houses to admit new pattern signals were authorized at St. Andrews, Digby and Little Glace bay.

7-8 EDWARD VII., A. 1908

Minor repairs were ordered at North Sydney and a refitting of the station at Yarmouth, at St. Johns, Newfoundland, recommended. A new drum house was authorized to be constructed at Louisburg. At Port Morien the signal apparatus was in first-class order, and the appointment of a reliable agent was urged. Point St. Peter, Corner of the Beach, L'Anse aux Gascons and Bonaventure river were visited to determine the advisability of opening signal display stations, and conditions justified a recommendation for the establishment of stations at these points, which has since been done. A display point was also recommended at Newport point, and the station subsequently installed.

Little River west, St. Godfrey, Paspebiac east, Rosseau LeBlanc, St. Charles de Caplau and Caplau river were also visited, but owing to lack of telegraphic facilities little shipping or proximity to existing display stations, were not approved as suitable points for the display of storm signals. St. Godfrey, however, has since been opened as a display station.

Thirty-eight points were visited by Mr. W. D. Allan. At White' river a complete new wind apparatus was installed, but the entire meteorological station was destroyed by fire late in December, necessitating a second visit and an entire new outfit. The barometer was moved to a new location and is now at an elevation of 1,262 feet above mean sea level. At Port Arthur, the signal shed was in need of reconstruction which was ordered. The cable for the wind station had not been delivered and work was at a standstill. At Fort William the signal mast had been removed by the Canadian Pacific Railway to make way for new docks. A new site, about 400 yards further up the stream was offered and accepted. The storm signal agent was very remiss in his duty and a new appointment was urged.

Electric wind instruments were recommended for the station at Winnipeg.

The special bulletin reporting stations at Emerson, Morden, Cartwright, Cypress river, Carman, West Selkirk, Brandon, Pierson, Pipestone, Yorkton, Birtle, Hamiota, Virden, Broadview, Indian Head, Red Deer and Lethbridge were visited, changes in location of thermometer shelters were made at a few points, instruments compared with standard and where faulty, repaired or replaced, and observers coached in their duties. The necessity of inspecting these stations at least once in two years was evidenced by the conditions found at a few places. Agents are changed frequently and some of them have no appreciation of the need of accuracy in their reports. At one station it was found that the rain gauge had been destroyed and the depth of the rainfall was obtained by noting the depth the moisture penetrated the ground. This man has since ceased to be an agent of this service. At Minnedosa the wind instruments are becoming worn, and will soon need to be replaced. The ladder ordered some time ago has been supplied. At Qu'Appelle a new down shaft anemometer was installed, and new barometer placed in position. There has not been much change in the unsatisfactory conditions which have prevailed for some time back. A new barometer was placed in position and new wind apparatus recommended to be installed which has since been done. At Regina a new downshaft combined anemometer and vane was installed. The instruments at Swift Current were found to have been moved to a new location, the barometer being suspended in a position 3 feet lower than formerly. A new anemograph was requisitioned and the installation of telephones between observers house and telegraph office advised. At Medicine Hat also, a change in the elevation of the barometer had taken place; the instrument being suspended in a position 12 feet higher than formerly. A sunshine recorder was placed in position at this station. A sunshine recorder was placed in position at Calgary. The wind apparatus at this station will require renewing shortly. At Edmonton a sunshine recorder was installed. Wind instruments required renewing which has since been done. Battleford will require a new wind equipment as soon as the new quarters are ready. At Banff, considerable work will require to be done on the mountain line. The cable will require to be retied, and number of poles on Mountain ridge doubled, as strain in heavy wind is very great and there is danger of breaking the cable. Telephones should be supplied to

SESSIONAL PAPER No. 21

facilitate carrying on of comparisons and adjustments of Mountain and base instruments. Minor repairs are also required to the hut on Sulphur mountain. At Kamloops the instruments had been moved to a new location. The sunshine recorder was installed. At Victoria, as at all other barometric stations, instruments were cleaned and compared with standards. Mr. Reed suggested the installation of the time service. The signal could be installed on the meteorological service deck and operated from this office.

At Vancouver the time service is much appreciated, but the gun used is of a very old pattern. A modern gun would lessen the vibration on the building and also give better service. Kingston, Belleville and Deseronto were also visited.

The bulletin service in the western provinces is very much appreciated, but a continuous extension will be necessary to keep up with the development of the country. New display stations have been opened at Carberry, Neepawa, Souris, Virden, Rosethorn, Moosejaw, Yorkton, Minnedosa, Morden and Wayburn, and additional bulletin reporting stations have been opened at Humboldt and Kamsack, Sask.

The time has come when a change of policy is necessary in dealing with the western provinces.

Decentralization of the climatological branch is necessary to promptly meet the demands caused by the influx of settlers. It is recommended that a climatological office be opened at Winnipeg, Regina and Edmonton, to handle all the climatological work of the respective provinces and to satisfy the public demand for prompt service which cannot be given from Toronto, owing to the delay caused in the mails.

Mr. W. E. Jackson transferred the signal apparatus at Port Hope to the newly appointed agent, and instructed him in his duties.

Mr. F. O'Donnell transferred the instruments at Barrie to a new observer, and instructed him as to the work required.

Mr. E. Baynes Reed inspected the stations at Duncan, Nanaimo, New Westminster, Chilliwack, Ladner, Steveston, Vancouver and North Vancouver, cleaning and adjusting instruments where necessary.

Mr. F. Napier Denison inspected the Barkerville station and adjusted the instruments, also leaving a barometer at Quesnelle to be forwarded to Fort George, B.C.

Mr. D. L. Hutchinson installed the new equipment at Point Lepreaux and also at Fredericton.

SEISMOLOGY.

The seismographs at Toronto and Victoria have been kept in operation during the nine months; 46 large and small disturbances were recorded at Toronto and 50 at Victoria. The largest of these occurred on August 17, December 23 and January 14. The disturbance of August 17 originated in Chili and was of the most destructive nature, much life and property being lost in Valparaiso. The preliminary tremors from the quake reached Toronto at 0^h 20.3^m, Greenwich mean time; large waves at 0^h 36.1^m and the maximum amplitude of the pendulum swing occurred at 0^h 49.0^m. At Victoria the times were preliminary tremors 0^h 17.6^m; large waves 0^h 25.5^m and maximum amplitude 10 mm. at 0^h 41.6^m.

The amplitude of the disturbance on December 23 was 15mm. at Victoria against 10 for the Chilean quake, but as yet there has been no report as to its origin, and it was probably submarine. The destructive Jamaica quake of January 14 was well recorded at both our stations, the swing of the pendulum being 8.1 mm. at Toronto against only 0.7 at Victoria. The preliminary tremors reached Toronto at 20^h 47.9^m and Victoria at 20^h 55.0^m. Large waves, Toronto, 20^h 52.8^m; Victoria, 20^h 53.7^m.

In order that the seismological records obtained at our stations may be used to the best advantage, it is altogether necessary that they be discussed and compared with records obtained in other parts of the world, hence prints showing all more important disturbances are sent to the central bureau of the seismological committee in England; to the international seismological commission in Strassburg and to John Hopkins University, at each of which places records from all parts of the world are tabulated and discussed by persons who devote their whole time to seismological investigation.

THE LIBRARY.

The daily, weekly, monthly and annual reports of the meteorological offices and observatories of the world have been duly received and acknowledged, but owing to the total lack of further shelf room in any part of the present building, it has not been possible to catalogue them and they have been tied in bundles and stored away. This state of affairs is most unsatisfactory, especially as those members of the staff who are engaged in meteorological studies are greatly hampered as it is now almost impossible to find reports regarding meteorological conditions existing in other parts of the world.

TIME SERVICE.

During the period extending from July 1, 1906, to the end of the fiscal year, March 31, 1907, thirty-nine observations for time were made in the meridian with the transit instrument; of these 34 were stellar and 5 solar observations. The position of the stars were as usual those given in the *Berliner Jahrbuch*.

The collimation error of the transit instrument has frequently been determined from micrometrical measurements on the collimating telescope and by reversal on stars. The excavations for the new physics building a little to the west of the transit pier seems to effect the level of the instrument during times of frost, otherwise the mounting and stability of the pier remains satisfactory.

The time exchanges with Montreal, Quebec and St. John have been carried on as usual and registered on the chronograph at Toronto. The error of the Toronto clock and of the time-pieces used by the different observers elsewhere are computed from the latest observations. Both the sidereal and mean time clocks of the Toronto observatory with their various electrical appliances have continued to work well, notwithstanding the dust which gradually sifts in from the extensive building operations going on in the immediate neighbourhood.

The following table shows the difference between the time by 'Standard Observer' and that given at the various exchanges. The sign + indicates that the time sent from the different observatories is faster than that by 'Standard Observer.' The time by 'Standard Observer' is the arithmetrical mean of the times determined at Toronto and Montreal.

With the equatorial telescope the sun observations have been continued, maps of the sun's surface four inches in diameter being obtained on 65 days. During the period from June 30, 1906, to March 31, 1907, the sun was twice observed free from spots, viz., the 12th and 22nd of October, 1906. On the maps the position of the sun's axis and equator are drawn as well as the vertical lines through the north, south, east and west points.

SESSIONAL PAPER No. 21

A rather large spot developed on the sun's surface July 27, becoming central on the 29th and passing around the west limb on August 5. This spot returned again considerably broken up, and by the time it passed the west limb it presented a large area of small spots. The sun from this date, August 31 to November 14, remained comparatively clear of spots. November proved a very cloudy month, preventing observations. On November 29 a rather large group north of the equator was seen. On December 18 two very large groups of moderate-sized spots were visible, one north and the smaller one south of the equator, and nearly central. The north group extended laterally, strung out across fully one-third of the visible surface of the sun. The sky continued very cloudy from December 18, 1906, to January 11, 1907. On January 29, large scattered groups extended across the sun's surface, being a little south of the equator, and on February 12 the tail of these groups was central and developed into a very large disturbed area disappearing over the west limb on February 18.

Up to March 15 numerous spots both north and south of the equator, varying in size from small to moderate, were observed, after which date to March 31 the sun remained comparatively clear of spots.

THE UNITED STATES WEATHER BUREAU.

In conclusion, I desire to place on record my entire appreciation of the very friendly and harmonious relations existing between the Canadian Meteorological Service and the United States Weather Bureau. The exchange of reports continues as heretofore, and all communications are characterized by the utmost good-will and a most evident desire for mutual co-operation.

Respectfully submitted,

R. F. STUPART.

APPENDIX A.

METEOROLOGICAL SERVICE, ST. JOHN OBSERVATORY,
ST. JOHN, N.B., August, 1907.

R. F. STUPART, F.R.S.C.,
Director Meteorological Service,
Toronto, Ont.

SIR,—I have the honour to present my report on the St. John observatory for the fiscal period ending March 31, 1907.

The chief station observations of the various meteorological elements have been made as usual and the bi-daily observations, forming part of the Canadian series upon which the weather forecasts are based, have been regularly telegraphed to the central office at Toronto. No important changes have been made in the meteorological equipment.

The weather bulletin received each week-day morning from Toronto has been issued with the least possible delay, is posted in public places, distributed through the mails and published by the evening newspapers. The synopsis, giving movement of important changes throughout the continent and prevailing weather and atmospheric conditions at the different stations adjacent to our coasts, and the forecasts for following days are of the highest importance to mariners, shippers of perishable goods and various other commercial and personal interests. Numerous telephone calls are daily received for the forecasts and other information pertaining to the weather.

In addition to our daily local report the press is frequently furnished with information, especially during the stormy season or when periods of extreme or unusual

7-8 EDWARD VII., A. 1908

weather conditions prevail. Calls are frequently made by commercial houses for statistical or other information for arbitration of claims for damage or demurrage, caused by storms, frosts, &c.

The astronomical work is solely confined to sidereal observations for determination of the errors and rates of the standard clocks. The star observations, clock comparisons and time signals are registered on the chronograph. Observations for time with the Troughton and Simms meridian telescope have been made nearly every fine night, the time from the Riefler clock and the records of the observations being recorded on the Warner and Swasey chronograph by a single pen. For a complete time determination and correction of instrumental errors the meridian transit of from six to ten stars is usually observed, an equal number in each position of the axis.

The primary sidereal clock Riefler No. 94, which is mounted in the clock room and kept under constant temperature and pressure, is giving most excellent results. The rate is remarkably steady and is second to none of the published rates of the primary clocks in the great observatories. The sidereal clock No. 6752 is mounted in the basement clock room along with the Riefler, the two mean-time clocks in the office.

The daily time signal has been regularly transmitted by telegraph to nearly all parts of the maritime provinces and is the standard of time for this section of the Dominion. As heretofore special signals are frequently transmitted, both by telegraph and telephone, to mariners, chronometer raters and others.

The time balls at St. John and Halifax have been dropped each week day at 1 p.m. standard time of the 60th meridian. The outside clocks connected by wire with the observatory have been hourly synchronized throughout the year. The various electrical appliances connected with our time service have been maintained in good condition and are giving the best possible satisfaction. The electric clock in Halifax is daily synchronized by our standard transmitting clock and return signals from Halifax indicate but slight error in the daily rate of that clock.

An electrical apparatus has been devised at this observatory to repeat automatically our daily time signal through the land line to the Marconi wireless station at Camperdown, N.S., without the intervention of human relays. Thus the daily signals from the transmitting clock at St. John will be available to ships at sea, equipped with the wireless apparatus, within the wireless zone of the above station.

I have the honour to be, sir,
Your obedient servant,

D. L. HUTCHINSON,
Director, St. John Observatory.

APPENDIX B.

QUEBEC OBSERVATORY,
QUEBEC, August, 1907.

To the Director,
Meteorological Service,
Toronto.

SIR,—I have the honour to transmit my annual report for the fiscal year ending March 31, 1907.

During the past year there have been no changes at this observatory.

All the usual observations were taken regularly, and the bi-hourly temperatures were continued at the citadel.

The old barometer and anemograph were replaced by new instruments.

SESSIONAL PAPER No. 21

The time-ball which was put in good working order before the opening of navigation, was dropped correctly during the whole season.

I have the honour to be, sir,
Your obedient servant.

(Sgd.) ARTHUR SMITH,
Director.

MAGNETIC OBSERVATORY.

Lt. Colonel F. GOURDEAU,
Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to submit the annual report of the Magnetic Observatory, Agincourt.

Absolute determinations of magnetic declination, dip and horizontal force to check the zero of the differential instruments have been made at frequent intervals. Continuous records of the declination and the horizontal component have also been obtained and several important magnetic storms have been recorded, notably that of February 9, occurring at a time of great solar disturbance.

In September, Mr. P. H. Dike, acting under instructions from Dr. L. A. Bauer, director of the branch of terrestrial magnetism of the Carnegie institution, brought instruments from the United States and made comparisons between the results obtained at Agincourt and those obtained at Cheltenham, Md. Dr. Bauer in his report says: 'These comparisons have proven that the standard instruments of the two countries agree sufficiently closely for all practical purposes. Hence, instruments used in field work in Canada as referred to either set of standards, will give results as comparable as need be for practical requirements.' A detailed account of these comparisons will appear in the transactions of the Royal Society of Canada. Mr. William Menzies, who continues in immediate charge of the observatory, reports as follows:—

'During the fiscal year ending March 31, 1907, no material changes have been made in the differential instruments placed in basement. A slight alteration in bifilar was made on October 15, to permit of a change of fifteen (15) scale divisions in base line mirror in order to increase the ordinate of trace without interfering with the then adjustment of the magnet.

'The equipment of this observatory has been added to by purchase of Magnetometer-Elliott No. 98 and Compensating Pyrheliometer No. 78.

'On August 25 discontinued photo thermographic record of temperature in basement; a three year series showing that the mean daily range was but slightly in excess of 1.5 Fahr., and also that the automatic temperature compensation attached to bifilar appears to be perfect. At present the temperature conditions are recorded by daily readings of maximum and minimum and attached bifilar thermometers.

'During the year there was a loss of forty-two (42) hours in the photographic record of bifilar and declination; twenty-two owing to stoppage in driving clock, the remainder being attributable to disarrangement in gear of thermograph cylinder. The photographic curves of horizontal force and declination have been continued throughout the year with a small percentage of loss. The ordinates of these curves have been measured at hourly intervals and at the times of the occurrence of maximum and minimum movements. The results have been tabulated, reduced to absolute values and prepared for publication.

'Absolute values of the magnetic elements have been regularly determined by observations and results compared with differential instruments.

7-8 EDWARD VII., A. 1908

'Accuracy of time intervals on the photographic curves has been assured by daily comparisons with chronometers and weekly time exchanges with Toronto.

'All requisitions coming through the Director, for special information of correspondents, have been complied with by forwarding such information to the head office for distribution.

'The usual meteorological observations, consisting of maximum, minimum and incidental reading of temperature record of wind velocity and direction, measurements of rainfall and registration of various phenomena have been regularly carried on. On June 1, I had to vacate the house occupied by me in Agincourt.

The general magnetic survey of the United States is progressing rapidly under the Carnegie Institution for scientific research, and it has become incumbent on Canada to make a magnetic survey of the Dominion. In view of this fact, an officer of the Meteorological Service detached for special duty has recently been employed in a magnetic survey of the western provinces, and it is proposed that the work shall be extended to all the provinces.

Respectfully submitted,

R. F. STUPART.

SESSIONAL PAPER No. 21

APPENDIX No. 10.

SIGNAL SERVICE, CANADA.

OFFICE OF THE SUPERINTENDENT,
QUEBEC, August 15, 1907.

ANNUAL REPORT FOR 1906-07.

Reports have been received from the different signal stations in the River and Gulf of St. Lawrence, during the nine months ending March 31, 1907.

In the months of July, August, September, October, November and the first three weeks of December, this office issued two bulletins each week day, at 10.30 a.m. and 3.30 p.m., and one on Sundays, at 3.30 p.m., giving full information of the weather and of inward and outward bound vessels, as signalled when passing stations. These bulletins have been distributed to the Boards of Trade, Harbour Commissions and press of Montreal and Quebec, the Shipping Federation of Canada at Montreal, the Superintendent of the Quarantine Station at Grosse Isle, the agent of the Department of Marine and Fisheries at Quebec, the Custom-house, Immigration Department, steamship agents, pilots, tug owners, Lloyd's agents and many others. The pilots at Father Point have been supplied with full information of all inward bound vessels as signalled when passing stations east of that point. Also the quarantine doctor at Rimouski was kept informed of the progress of all inward bound mail steamers.

Bulletins were also issued during the last week in March, giving condition, location and movement of the ice in the river and gulf.

The Deputy Minister of Marine at St. John's, Newfoundland, was supplied with information of the weather, wind and location of ice by the signal agents at Anticosti, Magdalen Islands, Point Amour and Meat Cove, for the guidance of the sealing fleet, which leaves St. John's in March, each year.

The Marconi wireless telegraph stations at Fame Point, Heath Point, Whittle Rocks, Point Riche, Point Amour, Belle Isle, Cape Ray and Cape Race, furnished this office with information of all inward bound steamers equipped with wireless apparatus. This information has been included in the daily bulletins and has proved of great value. During the period covered by this report, the steamers equipped with wireless apparatus were the *Tunisian*, *Victorian* and *Virginian* of the Allan Line, the *Empress of Ireland* of the Canadian Pacific Railway's Atlantic Lines, also several Canadian government vessels.

The general working of the service has given good satisfaction, and very few complaints have been received.

Respectfully submitted,

HERBERT S. MCGREEVY,
Superintendent.

J. U. GREGORY, Esq., I.S.O.,
Agent, Department of Marine and Fisheries,
Quebec.

SESSIONAL PAPER No. 21

APPENDIX No. 11.

EXAMINATION OF MASTERS AND MATES.

Lt.-Col. F. GOURDEAU,
Deputy Minister of Marine and Fisheries,
Ottawa, Can.

SIR.—I have the honour to submit my annual report of the work performed, in connection with the examination of masters and mates, throughout Canada, for foreign-going and local certificates. I also attach a statement of the number of certificates issued and expenditure incurred, in connection with this branch of the department, from the year 1871 to this date.

It has been necessary, owing to the increase of traffic on our waterways as well as to meet the demands from various parts, to open new offices where examinations may be held, which has been done at the following places:—North Sydney, N.S., Toronto, Ont., Collingwood, Ont., and Windsor, Ont. It is probable that, in the near future, it will be necessary to have an examiner in Port Arthur, Ont., and in Edmonton, Alta.

Formerly, there were but four ports where examinations for foreign-going certificates could be held, viz.:—Halifax, N.S., Yarmouth, N.S., St. John, N.B., and Victoria, B.C. In order to meet the present requirements, the examiners at North Sydney, N.S., Charlottetown, P.E.I., and Vancouver, B.C., have after rigid examination, been found qualified to hold examination for the above-mentioned grade of certificate. It is the intention to also appoint an examiner at Montreal, P.Q. Therefore, within the present year, examinations for foreign-going certificates, will be held at Halifax, N.S., Yarmouth, N.S., North Sydney, N.S., St. John, N.B., Charlottetown, P.E.I., Montreal, P.Q., Ottawa, Ont., Vancouver, B.C., and Victoria, B. C.

In connection with the above examination, a revised edition, in conformity with the board of trade rules and regulations, has been printed in both languages, copies of which may be had from any examiner.

Respecting the examinations for coasting, inland and minor waters' certificates, new rules and regulations have been framed and the standard of knowledge required has been increased, which have been published, in book form, in both languages, and may be had from examiners.

The examiners at St. John, N.B., Kingston, Ont., Kenora, Ont., Nelson, B.C., have tendered their resignations, which were accepted. The Vancouver and Kenora vacancies have been filled; candidates for the other ports will shortly be appointed, including that of Halifax, which has been vacant through the demise of the examiner.

Heretofore, on the satisfactory report of any examiner, certificates were issued, and each examiner was held responsible for such recommendation. As this system gave room for undue leniency in many cases, and there being no positive proof that any examinations were held, as no documents were being brought forth as evidence, the system has been altered, and every paper of problems and answers to questions given by the examiner and signed by the candidate has to be forwarded to the department, and no certificate is issued till those papers have been scrutinized and found satisfactory. This has proved to be a check against any tendency to partiality in the examination of candidates.

The great demand from all parts of the Dominion for the book which has been published relating to examinations, shows conclusively that the supervision now exercised was necessary and, without the least doubt, timely, as prospective candidates are now obliged to make themselves thoroughly acquainted with the necessary subjects pertaining to their profession before their requests to be examined can be entertained.

Owing to those modifications and changes which have been brought in the conduct

7-8 EDWARD VII., A. 1908

and control of those examinations, it has become necessary for me to inspect all offices and be in close and personal contact with all examiners, at least twice yearly.

The close supervision of examinations has had the effect of diminishing, to a minimum, violations of the Masters and Mates' Act. Several reports of contravention were inquired into. No prosecutions have been entered, but due warning against a repetition was given. The investigation of such reports and the examination of recommended candidates to fill vacancies, caused by the resignation of examiners, have been the cause of frequent absence from the office.

I have the honour to be, sir,

Your obedient servant,

L. A. DEMERS,

Chief Examiner.

October 11, 1907.

CERTIFICATES TO MASTERS AND MATES.

During the nine months ended March 31, 1907, 12 masters, 18 mates and 18 second mates' seagoing certificates of competency; 88 masters' and 53 mates' coasting or inland certificates of competency; and 1 master's coasting certificate of service, were issued.

The total amount collected in fees from applicants for examination during the nine months ended March 31, 1907, was \$2,294.50, and the amount expended on account of this service was \$5,934.16, an excess of expenditure over receipts of \$3,639.66.

The following statement shows the total receipts and expenditure on account of masters and mates since 1871:

			Expenditure.	Receipts.
			\$ cts.	\$ cts.

Inspectors.

SHIPMENT OF LIVE STOCK.

The number of cattle shipped from this port during the season of 1906-7 was as follows:—

Months.	SHEEP.		CATTLE.		Horses. Shipped.	Hay.	Grain.	Men.
	Shipped.	Lost.	Shipped.	Lost.				
1906.						Lbs.	Lbs.	
July.....			600			168,215		22
December.....	760	20	7,196	17	27	2,110,500	437,490	285
1907.								
January.....	377	1	6,387	17	17	1,865,700	503,020	241
February.....	234	4	5,446	13		1,651,190	469,800	209
March.....			5,157	8	15	1,437,350	435,300	182
April.....			5,641	19		1,614,550	473,000	211
May.....			781	3		234,600	62,500	33
	1,371	25	31,208	77	59	9,082,105	2,381,710	1,183

Certificate No. 18 shows 486, where 408 were sent, a difference of 68.

7-8 EDWARD VII., A. 1908

Messrs. Wm. Thomson & Son report, under date of May 6, that SS. *Manchester Shipper*, January 30, had 3 cattle lost where 5 were reported, a difference of 2. This makes the corrected shipments as follows:—

Months.	SHEEP.		CATTLE.		Horses Shipped.	Hay.	Grain.	Men.
	Shipped.	Lost.	Shipped.	Lost.				
.....	1,371	25	31,140	75	59	Lbs. 9,082,105	Lbs. 2,381,710	1,183

HALIFAX, N.S., October 15, 1907.

Lieut.-Col. F. GOURDEAU,
Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to report that no live stock was shipped from this port during the winter of 1906-7.

I have the honour to be, sir,
Your obedient servant,

NEIL HALL,
Port Warden.

APPENDIX No. 22.

MARINE SCHOOLS.

Lt.-Col. F. GOURDEAU,
Deputy Minister of Marine and Fisheries,
Ottawa, Can.

SIR,—I have the honour to herewith submit a statement of attendance at the lectures upon marine subjects, which were given at the following places :—Lunenburg, Yarmouth, North Sydney, N.S., St. John, N.B., Quebec, Montreal, P.Q., Kingston, Toronto, Collingwood, Ont., and Victoria, B.C.

The schedule of subjects, which the lectures followed, was similar to that of previous years, which comprises all the elementary parts of a sailor's education. By special request from advanced students, lectures on astronomy were given at Yarmouth N.S.

Lectures were given every Tuesday and Friday, beginning the first week in December, 1906, and during the months of January, February and March, 1907, in all, thirty-two evenings were devoted to the elucidation of subjects pertaining to seaman-ship.

Many evenings were devoted especially to the thorough explanation of the rule of the road and upon the correction of the compass. Models and a deviascope have been supplied to every school to demonstrate, in a practical manner, the effect of iron on compasses.

It is necessary that the above two subjects be thoroughly mastered by our seamen navigating our lakes and rivers. The shipping community, the interested public and the press have eulogized the government for the institution of those lectures, especially on the Great Lakes. It will be seen, by the statement, that the attendance, at Quebec, Toronto, Collingwood and Victoria, was all that could be desired and beyond the most sanguine expectations.

I have much regret in stating that the efforts of the department have not been appreciated in St. John and Montreal. I am absolutely at a loss to explain the reason why Montreal, especially, has had no attendance, as I know, from past experience, that there is a great number of navigators residing in that city, who would benefit greatly by attending and listening to the explanations which are given on the important subjects of their profession.

I have also to state that, during the season of 1905-6, the attendance, at Halifax, was not satisfactory, but I may suggest that, if a suitable man is found, another trial be made during the winter of 1907-8.

The lectures would prove more interesting, instructive and attractive, if each school was provided with a first-class and up to date lantern, whereby diagrams, and plans of the subject discussed could be thrown on a screen, it would facilitate materially the task of the lecturer, and explanations would be more comprehensive to the majority of the students.

Respectfully submitted,

L. A. DEMERS,
Supt. Govt. Marine Schools.

September 7, 1907.

APPENDIX No. 23.

REPORT OF THE CHAIRMAN OF THE BOARD OF STEAMBOAT INSPECTION.

CHAIRMAN'S OFFICE,
OTTAWA, October, 1907.

To the Deputy Minister of Marine and Fisheries,
Ottawa.

SIR,—I have the honour to submit a report of the working of the steamboat inspection service for nine months of fiscal year ending March 31, 1907.

It defines the general work of the service during the time stated, giving the names and number of steamboats inspected and certificated in the several divisions, and their gross tonnage, with the amount of dues collected from steamers employed in the carriage of passengers between Canadian ports, but registered elsewhere than in Canada, together with the fees received for engineers' examinations, the names of the candidates, and their grade of certificate.

The steamboat inspectors of the port of Montreal, in addition to the steamboats inspected, have also inspected the ships' tackle and hoisting gear of 310 vessels, which is used for the purpose of loading and unloading them.

Number of steam vessels reported as known by the inspectors in the Dominion, for the nine months of fiscal year ending March 31, 1907.

Division.	Number of Dominion registered steamers.	Gross tonnage of Dominion registered steamers.	Number of steamers inspected but not registered in the Dominion.	Gross tonnage of steamers inspected but not registered in the Dominion.

BOARD MEETINGS.

August 22, 1906.—A meeting of the Board of Steamboat Inspection was convened at Victoria, B.C., for the examination of candidates for the position of hull inspector for that province, the result of which Mr. John C. Kinghorn demonstrated his fitness for the position and was appointed thereto by order in council of November 22, 1906.

CASUALTIES.

The following are the casualties reported from the several divisions as having occurred for the nine months ending March 31, 1907.

Toronto Division.

September 18, 1906.—The steamer *Gordon Jerry*, of Windsor, was totally destroyed by fire at Ward's island, Toronto harbour, cause of fire unknown.

November 22, 1906.—During a severe gale in the early morning, the steamer *Resolute*, of Desoronto, foundered. The steamer had been lying to anchor under Gibraltar point, outside the western entrance to Toronto harbour, waiting for the wind to moderate to enable her to enter the harbour. Suddenly the wind shifted and the steamer began to sink; she was abandoned and six of the crew reached shore in safety, while six were drowned.

On Thursday night, December 4, 1906, the steamer *Monarch*, of Sarnia, en route from Fort William to Sarnia, went ashore on Isle Royal, Lake Superior, during a snow storm and became a total loss; one of the crew was drowned.

On January 5, 1907, the tug *Skylark*, of Toronto, while on her way to Port Stauley from Port Colborne, in a dense fog ran ashore near Port Maitland and became a total loss. The boiler and machinery have been removed.

On December 6, 1906, the steamer *Golspie*, of Hamilton, when on a voyage from Fort William to Point Edward, with a cargo of grain, went ashore during the night at Brule bay, Lake Superior. The vessel was abandoned and became a total loss. The accident occurred during a snow storm, and at some distance from any settlement; owing to the inclemency of the weather and exposure, several of the crew were severely frost bitten before assistance was received, from the results of which one of them died at the hospital at Sault Ste. Marie, Ont.

7-8 EDWARD VII., A. 1908

Collingwood Division.

September 2, 1906.—Steamer *Balize*, of Windsor, struck a rock at Little Detour passage, north channel, and sank in deep water; the officers and crew escaped in the yawl boat. She has since been raised and repaired.

November 22, 1906.—Steamer *J. H. Jones*, of Goderich, left Owen Sound during a heavy gale, bound for Lion's Head, and was last seen off Cape Croker at the close of darkness that evening. It is supposed the steamer foundered off Cape Croker, although the two life boats and other wreckage came ashore at Christian island. All the crew and passengers, amounting to about twenty-two persons, were lost.

Kingston Division.

On November 8, 1906, steamer *Strathmore*, of Cobourg, on voyage from Fort William to Kingston, went ashore on Michipicoten island during a snow storm, and became a total loss; there was no loss of life.

Steamer *Erinsdale*, of Whitby, on the morning of August 9, 1906, was destroyed by fire while lying at the wharf at Newcastle, becoming a total loss. No loss of life reported.

On July 22, 1906, steamer *Maple Leaf*, of Hamilton, while lying at the dock took on fire and became a total loss. There being no person on board at the time, cause of fire is unknown.

Steamer *Beaver*, of Port Hope, while in winter quarters at Lakefield, was completely destroyed by fire; cause of fire unknown.

Montreal Division.

On September 27, 1906, the steamer *Maude*, of Montreal, collided with the steamer *Ottawan*, of Ottawa, at midnight, on the Ottawa river near Hudson, and sank in about twenty feet of water. The *Ottawan* sustained very little damage, and stood by to take the passengers and crew on board; two of the crew and one passenger were drowned. Part of the machinery was taken out of the *Maude*, and the hull was hauled out of the channel and abandoned.

On October 8, 1906, the steam barge *A. M. Marshall* collided with dredge No. 1 in the harbour of Montreal. She was proceeding down stream and tried to pass on the south side, but failed to do so, striking the dredge and sinking her in about thirty feet of water. Part of the machinery was removed and the hull drifted down to Hochelaga. The steam barge received very little damage.

Quebec Division.

On July 6, 1906, the passenger steamer *Gaspesien*, of Quebec, collided with a floating elevator in the harbour of Montreal, making a hole in her port side under the water line. She was beached to prevent her from sinking, and subsequently floated and placed in dock and repaired.

On September 6, 1906, the steamer *Heward McMaugh*, of St. Catharines, ran ashore on the Wye Rock, at St. Thomas, and sank. She is a total loss, no fatalities.

On October 12, 1906, the steamer *Polino* ran ashore at Goose island, when she was subsequently floated, brought to Quebec and repaired.

On November 15, 1906, the steamer *Sprag*, of Quebec, ran ashore at Madame island. She was floated on the 21st, and docked at Quebec for repairs.

Nova Scotia Division.

December 2, 1906.—The steamer *Maggie*, of Lunenburg, while lying at her wharf at Canso, N.S., caught fire, supposed to be from hot fire tools, and was totally destroyed, no lives lost.

SESSIONAL PAPER No. 21

December 22, 1906, steamer *Strathcona*, of Halifax, when entering Port Dufferin, N.S., was discovered on fire over the boiler, and in a few minutes was totally destroyed; no loss of life occurred.

January 6, 1907, steamer *Yankee*, of Yarmouth, while entering Tusket harbour, N.S., struck a rock and became a total loss; no loss of life.

New Brunswick and Prince Edward Island Division.

August 7, 1906, the steamer *Admiral*, of St. John, N.B., while proceeding out of the Narrows during a thick fog, struck the rocks and damaged her bow, causing her to sink, she was subsequently raised and repaired.

September 1, 1906, steamer *Neptune*, of St. John, while lying at her wharf, caught fire at the midship portion of deck house, destroying wheel-house and engine-room. Cause of fire unknown; all damage was made good.

October 7, 1906, steamer *Elfin*, of Charlottetown, Prince Edward Island, while lying at her wharf at Charlottetown, P.E.I., caught fire, was very badly damaged, and condemned.

Manitoba and Northwest Territories Division.

On August 22, 1906, the steamer *Harvey Neelon*, of St. Catharines, while on a voyage from Port Arthur to Fort William caught fire around the boiler and became a total loss. Cause of fire unknown. No loss of life.

On August 25, 1906, the steamer *Princess*, of Winnipeg, 405 gross tons, while en route from Poplar point, Lake Winnipeg, to Selkirk, encountered a heavy storm and sprang a leak whereby she sank, becoming a total loss. The captain and five others were drowned.

British Columbia Division.

On July 21, 1906, steamer *Princess Victoria*, on a voyage from Vancouver to Victoria, when near Brockton point, Vancouver narrows, came into collision with steamer *Chehalis*, whereby the latter sank and became a total loss, nine persons lost their lives.

On October 16, 1906, steamer *Princess Victoria*, on a voyage from Vancouver to Victoria, struck and remained fast on Lewis rock, abreast of Oak bay, Victoria; was pulled off next day with rising tide, and hauled out on marine railway, damage about 100 feet of keel and garboard, and forty frames renewed and repaired.

On September 26, 1906, the steamer *Columbian*, when bound down the Yukon river from Whitehorse to Dawson, with a mixed cargo, including two tons of blasting powder, by some means the powder exploded, setting the boat on fire; she was promptly beached to save the crew, five of whom subsequently died from the burns received.

I am, sir,

Your obedient servant,

E. ADAMS,

Chairman, Board of Steamboat Inspection.

SUPPLEMENT TO THE ANNUAL REPORT OF THE DEPARTMENT OF MARINE AND FISHERIES
MARINE

SEVENTH REPORT

OF THE

GEOGRAPHIC BOARD OF CANADA

CONTAINING ALL DECISIONS TO JUNE 30

1908

PRINTED BY ORDER OF PARLIAMENT

OTTAWA

PRINTED BY S. E. DAWSON, PRINTER, TO THE KING'S MOST
EXCELLENT MAJESTY

1908

To the Hon. L. P. BRODEUR,
Minister of Marine and Fisheries,

The undersigned has the honour to submit the Seventh Report of the Geographic Board of Canada, containing all decisions of the Board to date hereof, the time of publication having been extended, as it was desirable to include a large number of names approved since the close of the fiscal year.

F. GOURDEAU,
Deputy Minister of Marine and Fisheries,
Chairman of the Board.

June 30, 1908

ORDER IN COUNCIL
THE CANADA GAZETTE.

OTTAWA, Saturday, June 25, 1898.

[3324]

AT THE GOVERNMENT HOUSE AT OTTAWA

SATURDAY, DECEMBER 18, 1897.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

His Excellency, by and with the advice of the Queen's Privy Council of Canada is pleased to create a 'Geographic Board' to consist of one member for each of the Departments of the Geological Survey, Railways and Canals, Post Office, and Marine and Fisheries, such member, being appointed by the Minister of the department; of the Surveyor General of Dominion Lands, of such other members as may from time to time be appointed by Order in Council, and of an officer of the Department of the Interior, designated by the Minister of the Interior, who shall act as secretary of the Board; and to authorize the Board to elect its chairman and to make such rules and regulations for the transaction of its business as may be requisite.

His Excellency is further pleased to order and direct, that all questions concerning geographic names in the Dominion which arise in the departments of the public service shall be referred to the Board, and that all departments shall accept and use in their publications the names and orthography adopted by the Board.

JOHN J. MCGEE,
Clerk of the Privy Council.

Extract from O. in C. dated Dec. 14, 1899.

'That the Order in Council constituting the Board be amended by giving to the government of the North-west Territories and to each Province the right to nominate one of their officials as a member of the Board who shall advise the Board with reference to names in his Province, provided that the several governments undertake to be guided by the decisions of the Board.

MEMBERS OF THE GEOGRAPHIC BOARD OF CANADA

GOURDEAU, F.,	DEPUTY MINISTER OF MARINE AND FISHERIES, <i>Chairman.</i>
ANDERSON, W. P.,	CHIEF ENGINEER, Department of Marine and Fisheries.
BELL, DR. ROBERT,	CHIEF GEOLOGIST, Geological Survey, Department of Mines.
DAWSON, DR. S. E.,	KING'S PRINTER AND CONTROLLER OF STATIONERY.
DEVILLE, DR. E.,	SURVEYOR-GENERAL OF DOMINION LANDS.
DOWLING, D. B.,	ASSISTANT GEOLOGIST, Geological Survey, Department of Mines.
JOHNSON, E. V.,	INSPECTING ENGINEER, Department of Railways and Canals.
SENÉCAL, C. O.,	GEOGRAPHER AND CHIEF DRAUGHTSMAN, Geological Survey, Department of Mines.
SMITH, W.,	SECRETARY, Post Office Department.
WHITE, JAMES,	GEOGRAPHER, Department of the Interior.
WHITCHER, A. H.,	Department of the Interior, <i>Secretary.</i>

EXECUTIVE COMMITTEE.

W. P. ANDERSON, J. WHITE, A. H. WHITCHER.

PROVINCIAL REPRESENTATIVE MEMBERS.

(*Order in Council, Dec. 14, 1899.*)

ONTARIO,	AUBREY WHITE, DEPUTY MINISTER OF LANDS AND FORESTS, Toronto, Ont.
QUEBEC,	EUGENE ROUILLARD, DEPARTMENT OF LANDS AND FORESTS, Quebec.
NEW BRUNSWICK,	DR. J. R. INCH, CHIEF SUPERINTENDENT OF EDUCATION Fredericton, N.B.
NOVA SCOTIA,	DR. A. H. MACKAY, SUPERINTENDENT OF EDUCATION, Halifax, N.S.

BRITISH COLUMBIA,	W. F. ROBERTSON, PROVINCIAL MINERALOGIST, Victoria, B.C.
SASKATCHEWAN,	JOHN A. REID, CLERK OF THE EXECUTIVE COUNCIL, Regina, Sask.

GEOGRAPHIC BOARD OF CANADA

BY-LAWS.

I—OFFICERS OF THE BOARD.

The officers shall consist of a chairman (who shall be elected by ballot), of an executive committee of three to be nominated by the chair and approved by the Board, all of whom shall serve for one year or until their successors shall be chosen, and of the secretary.

II—DUTIES OF OFFICERS.

(a.) The chairman shall preside at the meetings and shall certify to the decisions of the Board. He shall appoint all committees not specially named by the Board. In his absence the Board shall have power to elect a temporary chairman.

(b.) The secretary shall keep minutes of the proceedings of the Board and shall record the decisions rendered, or other action of the Board upon cases submitted to it, with reference to the papers filed in each case. He shall maintain files of the original papers, or copies of them, that may be presented in each case, conveniently arranged for reference. He shall, under the instructions of the Board, conduct the general correspondence and shall receive communications presented for the consideration of the Board.

(c.) The executive committee shall receive through the secretary all communications requiring decision by the Board, shall investigate the questions presented and, after securing information from all available sources, shall report to the Board with recommendations regarding them.

(d.) Before dealing with any name within a province represented upon the Board, such name shall be submitted to the representative of said province for examination and report.

(e.) Upon the receipt of a communication submitting place-names for the consideration of the Board, it shall be the duty of the secretary, after preliminary submission to the executive committee, to transmit at once a copy of such communication, together with any papers relating thereto, to the member of the Board for the province affected, and also, in the case of coast names appearing on admiralty charts, to the hydrographer of the admiralty.

(f.) So soon as the report of the provincial representative, and in the case of chart names, the report of the hydrographer, are received, the secretary shall immediately submit the whole correspondence to the executive committee who shall promptly prepare the names for submission to the Board.

(g.) The secretary shall enter upon every record submitted for the consideration of the Board, the recommendation of the provincial representative, and, if any, the recommendation of the hydrographer.

III—MEETINGS.

The Board shall hold regular meetings on the first Monday in each month. Special meetings may be called by the chairman or by the executive committee. Five members of the Board shall constitute a quorum, but on the written request of any member, filed with the secretary of the Board within a month from the date of a meeting, any decision adopted at such meeting shall be reserved for approval by a majority of the full Board. The affirmative vote of a majority of all the members of the Board shall be required for the final decision in any case. All motions presented for the consideration of the Board shall be submitted in writing

IV—REPORTS.

The Board shall publish its decisions on geographic names, after each meeting, in the *Canada Gazette* and in bulletins, the same to be consolidated in a general report of the Board's work, to be issued at the end of each fiscal year.

V—AMENDMENTS.

These by-laws may be amended at any regular or special meeting, by a majority vote of all the members of the Board, provided that copies of the proposed amendment have been sent by the secretary to the members of the Board at least twenty days previous to the time the vote is taken.

RULES OF NOMENCLATURE.

1. When the priority of a name has been established by publication, particularly when such publication has occurred in any standard or authoritative work or works, that name should, if possible, be retained.

2. When names have been changed or corrupted, if not too firmly established by local usage or otherwise, the original forms should be restored.

3. In cases where what was evidently originally the same word, appears with various spellings sanctioned by local usage or otherwise, these various spellings when applied to different features should be regarded as in effect different names, and as a rule it is inadvisable to attempt to produce uniformity.

4. As a rule the first published name should be retained, but where a choice is offered between two or more names for the same place or locality, all sanctioned by local usage, that which is most appropriate and euphonious should be adopted.

5. The possessive form should be avoided whenever it can be done without destroying the euphony of the name or changing its descriptive application. Where the possessive form is retained, the apostrophe should be dropped.

6. It is desirable to avoid the use of hyphens to connect parts of Indian names.

7. Names consisting of more than one word may be connected by hyphens or combined in one word as may be advisable.

8. It is desirable to avoid the use of the words city and town as parts of names.

9. The form 'canyon' may be used instead of 'cañon'.

10. The term 'brook' is considered preferable to 'creek' for designating small streams, and will be adopted in cases where the latter has not become too firmly fixed.

11. The Board suggests that the initial letters of generic or descriptive parts of geographical names, when used in reports or other documents, should not be capitals.

12. The use of alternative names should be discontinued where possible or not inconvenient.

13. Geographical names in foreign countries should be rendered in the form adopted by that country, except where there are English equivalents already fixed by usage.

14. French names in Canada are to be spelt according to the rules of the French language.

15. The spelling of native geographical names should represent, approximately, the true sounds of the words as pronounced in the native tongue.

16. The Board adopts the rules of the Royal Geographical Society for the orthography of geographical names, of which the broad features are as follows:—

(a) The vowels are to be pronounced as in Italian and the consonants as in English.

(b) Every letter is pronounced, and no redundant letters are introduced. When two vowels come together each one is sounded, though the result, when spoken quickly, is sometimes scarcely to be distinguished from a single sound, as in *ai*, *au*, *ei*.

(c) One accent only is used, the acute, to denote the syllable on which stress is laid. This is very important, as the sounds of many names are entirely altered by the misplacement of this 'stress'.

SESSIONAL PAPER No. 21a

The following amplification of these rules explains their application:—

Letters.	Pronunciation and Remarks.	Examples.
a	<i>ah</i> , <i>a</i> as in <i>father</i>	Java, Banana, Somli, Bari.
e	<i>eh</i> , <i>a</i> as in <i>fate</i>	Tel el Kebir, Oleleh, Yezo, Medina, Levuka, Peru.
i	English <i>e</i> ; <i>i</i> as in <i>ravine</i> ; the sound of <i>ee</i> in <i>beet</i> . Thus, not <i>Fecjee</i> , but	Fiji, Hindi. Tokyo.
o	<i>o</i> as in <i>mote</i>	
u	long <i>u</i> as in <i>flute</i> ; the sound of <i>oo</i> in <i>boot</i> . <i>oo</i> or <i>ou</i> should never be employed for this sound..... Thus, not <i>Zooloo</i> , but <i>All vowels are shortened in sound by doubling the following con-</i> <i>sonant</i>	Zulu, Sumatra.
	Doubling of a vowel is only necessary where there is a distinct repetition of the single sound.	Yarra, Tanna, Mecca, Jidda.
ai	as in <i>aisle</i> , or English <i>i</i> as in <i>ice</i>	Nunlua, Oosima.
au	<i>ow</i> as in <i>how</i> Thus, not <i>Foochow</i> , but	Shanghai.
ao	is slightly different from above.....	Fuchau.
aw	when followed by a consonant or at the end of a word, as in <i>law</i> ..	Macao.
ei	is the sound of the two Italian vowels, but is frequently slurred over, when it is scarcely to be distinguished from <i>ei</i> in the English <i>eight</i> or <i>ey</i> in the English <i>they</i> .	Cawnpore.
b	English <i>b</i> .	Beirut, Beilul.
c	is always soft, but is so nearly the sound of <i>s</i> that it should be seldom used.	Celebes.
ch	If <i>Celebes</i> were not already recognized it would be written <i>Selebes</i> . is always soft as in <i>church</i>	Chingchin.
d	English <i>d</i> .	
f	English <i>f</i> . <i>ph</i> should not be used for the sound of <i>f</i> . Thus, not <i>Haiphong</i> , but	Haifong, Nafa.
g	is always hard. (Soft <i>g</i> is given by <i>j</i>).....	Galapagos.
h	is always pronounced when inserted.	
hw	as in <i>what</i> ; better rendered by <i>hw</i> than by <i>wh</i> , or <i>h</i> followed by a vowel, thus <i>Hwang ho</i> , not <i>Whang ho</i> , or <i>Hoang ho</i> .	Hwang ho, Ngan hwei.
j	English <i>j</i> . <i>Dj</i> should never be put for this sound.....	Japan, Jinchuen.
k	English <i>k</i> . It should always be put for the hard <i>c</i> . Thus, not <i>Corea</i> , but	Korea.
kh	The Oriental guttural.....	Khan.
gh	is another guttural, as in the Turkish.....	Dagh, Ghazi.
l	} As in English.	
m		
n		
ng	has two separate sounds, the one hard as in the English word <i>finger</i> , the other as in <i>singer</i> . As these two sounds are rarely employed in the same locality, no attempt is made to dis- tinguish between them.	
p	As in English.	
ph	As in <i>loophole</i>	Chernulpho, Mokpho.
th	stands both for its sound in <i>thing</i> , and as in <i>this</i> . The former is most common.	Bethlehem.
q	should never be employed; <i>qu</i> (in <i>quiver</i>) is given as <i>kw</i> When <i>qu</i> has the sound of <i>k</i> as in <i>quoil</i> , it should be given by <i>k</i> .	Kwangtung.
r	} As in English.	
s		
sh		
t		
v		
w		Sawakin.
x		
y	is always a consonant, as in <i>yard</i> , and therefore should never be used as a terminal, <i>i</i> or <i>e</i> being substituted as the sound may require..... Thus, not <i>Mikindany</i> , but not <i>Kwaly</i> , but	Kikuyu.
z	English <i>z</i>	Mikindani.
zh	The French <i>j</i> , or as <i>s</i> in <i>treasure</i>	Kwale.
	Accents should not generally be used, but where there is a very decided emphatic syllable or stress, which affects the sound of the word, it should be marked by an <i>acute accent</i> .	Zulu.
		Muzhdaha.
		Tongatábu, Paláwan, Sar- áwak.

DECISIONS

In the following list of names, those approved by the Board are printed in small capitals. Names, and different forms of the same name, which have been discarded are also given; the former being printed in *italics* and alphabetically arranged with the adopted names, but the latter, when nearly like the adopted forms, are not repeated.

A

- ABATAGUSH; bay, at the south end of lake Mistassini, Mistassini district, Que.
- ABERDEEN; mountain, northeast of mount Lefroy, Alta. (Not Hazel peak.)
- Abbika*. See *Apika*.
- ABBOT; pass, near mount Lefroy, Alta. and B.C.
- ABBOTT; mountain, south of Glacier station, Kootenay district, B.C.
- ABITIBI; lake and river, south of James bay. The boundary line between Ontario and Quebec passes through the lake. (Not Abitibbi, Abitibi, nor Abitibbi.)
- ABLOVIK; bay, east shore of Ungava bay, Ungava. (Not Ablorialik.)
- ABOUSHAGAN; river, Westmorland county, N.B. (Not Abouchagan, Aboushogan, Aboushagin, nor Abougoggin.)
- Achigo*. See *Sachigo*.
- ACTIVE; pass, between Galiano and Mayne islands, in the southern portion of the strait of Georgia, B.C. (Not Plumper's.)
- ACTON CORNERS; post office, Grenville county, Ont. (Not Acton's Corners.)
- ACTONVALE; town, Bagot county, Que. (Not Acton Vale.)
- ADAMS; creek, branch of Bonanza creek, Klondike river, Yukon.
- ADVANCE; reef, off Michael point, Manitoulin island, Manitoulin district, Ont.
- AFTON; mountain, south of mount Abbott, Selkirk mountains, Kootenay district, B.C.
- AGAWA; bay, islands, point, and river, Manitoulin district, Ont. (Not Aguawa.)
- AGNES; lake, west of lake Louise, Alta. (Not The Goat's Looking Glass.)
- AGOTAWEKAMI; lake, southeast of Abitibi lake, Abitibi district, Que.
- Aguawa*. See *Agawa*.
- Ahwillgate*. See *Awillgate*.
- AIABEWATIK; lake, east of Anzhekumming lake, Rainy River district, Ont.
- AINSLIE; shoal, Manitoulin island, south of Girouard point, Manitoulin district, Ont.
- AIRY; mountain, east of mount Stanley, Kootenay district, B.C.
- AISHIHIK; lake, and river tributary to the Deza-deash, southwestern Yukon.
- AKOLKOLEX; river, tributary to Columbia river, between Revelstoke and Arrowhead, Kootenay district, B.C. (Not Akotkolex.)
- AKOS; lake, at the head of Kamachigama river, Montcalm county, Que. (Not Akonse nor Akoney.)
- Akotkolex*. (See *Akolkolex*.)
- AKPATOK; island, Ungava bay, Ungava.
- Akpatok*. See *Aukpatuk*.
- AKUINU; river, tributary to Athabaska river, Alta. (Not A-kew-i-new.)
- AKULING; inlet, north shore of Hudson strait, Franklin. (Not A-ku-ling.)
- AKWATUK; bay and river, south of Big river, Ungava. (Not Aquatuk.)
- ALBERT; canyon, creek, glacier, peak, and snowfield, east of Illecillewaet river, Kootenay district, B.C. —port, Huron county, Ont. —town, in Albert county, N.B. (Not Hopewell Corner.)
- Albert*. See *Anderson*.
- ALBURY; post village, Ameliasburg township, Prince Edward county, Ont.
- ALDRIDGE; lake, west of Obowanga river, Thunder Bay district, Ont.
- Alemek*. See *Lamek*.
- ALKI; creek, tributary to Klondike river, Yukon.
- ALLAN; lake, east of Wallace river, and river tributary to Saulteux river, central Alberta.
- ALLAN CORNERS; post office, Chateauguay county, Que. (Not Allan's Corners.)
- ALLAN MILLS; post office, Lanark county, Ont. (Not Allan's Mills.)

SESSIONAL PAPER No. 21a

- ALLANWATER; river, empties into Wabakami lake, Thunder Bay district, Ont.
- ALLEN; island, west of Beekman peninsula, Franklin.
- ALLGOLD; creek, tributary to Klondike river, Yukon.
- ALLIGATOR; lake and mountain, north of Watson river, southern Yukon.
- ALMA; creek, tributary to Klondike river, Yukon.
- ALSEK; river, formed by the junction of the Deza-deash and Kaskawulsh, Cassiar district, B.C. and Yukon. (Not Alseck nor Altsek.)
- ALUKPALUK; bay, southeast shore of Ungava bay, Ungava.
- AMELIASBURG; township, Prince Edward county, Ont. (Not Ameliashburgh.)
- AMISKWI; river, tributary to Kicking Horse river, Kootenay district, B.C. (Not Beavertail nor North Branch of Kicking Horse river.)
- AMY; point, at north end of Gribbell island, Coast district, B.C.
- ANDERSON; channel, east of Beekman peninsula, Franklin. —point, at northeast entrance to Washow bay, lake Winnipeg, Man. (Not Albert.)
- Anderson.* See Henderson.
- ANDERSON CORNERS; post office, Huntingdon county, Que. (Not Anderson's Corners.)
- Angle Peak.* See The Vice-President.
- Anesty.* See Anstey.
- ANN; point, Upper Arrow lake, Kootenay district, B.C. (Not Lone Tree.)
- ANNE; point, opposite Massasauga point, Hastings county, Ont.
- ANNETTE; lake, north of mount Temple, Alta.
- ANNIE; lake, north of the "big bend" of Wheaton river, southern Yukon.
- ANNIMWASH; bay, in L. St. Joseph, and lake north of L. St. Joseph, Keewatin.
- ANSE AU VALLON; village, Gaspé county, Que. (Not L'Anse-à-Valléau.)
- ANSTAY; arm, creek, lake, and river, Shuswap lake, Yale district, B.C. (Not Anesty.)
- ANSTRUTHER; lake and township, Peterborough county, Ont. (Not Eagle.)
- ANTONIO; point, southerly extremity of Maurelle island, Coast district, B.C.
- ANUK; river, tributary to Stikine river, Cassiar district, B.C.
- ANVIL; mountain, between Cottonwood and Dease rivers, Cassiar district, B.C.
- ANWATAN; lake, east of Grand lake Victoria, Pontiac county, Que.
- ANZHEKUMMING; lake, northeast of Manitou lake, Rainy River district, Ont. (Not Upper Manitou.)
- APEGANAU; river, tributary to Burntwood river, Keewatin. (Not Muddy Water.)
- APIKA; brook, flowing into the head of lake Timiskaming, Pontiac county, Que. (Not Abbika.)
- APUSSIGAMASI; lake, on Burntwood river, Keewatin. (Not Appussigamahsin.)
- Aquatuk.* See Akwatuk.
- ARBUTUS; rock, south of cape Hurd, Bruce county, Ont.
- ARCAND; bay, in Ottawa river, west of Montebello, Ottawa county, Que. (Not Arcans.)
- ARCHIBALD; bay, north shore of Hudson strait, Franklin.
- Ardoies.* See L'Ardoise.
- ARGYLE; creek, tributary to St. Mary river, Kootenay district, B.C. —islands, northwest of Burke island, Bruce county, Ont.
- Arignole.* See Orignal.
- ARKANSAS; creek, tributary to Dominion creek, Indian river, Yukon.
- Ark-e-leenik.* See Thelon.
- Arkell.* See Kusawa.
- ARM; islands, Southgate group, Queen Charlotte sound, Coast district, B.C.
- AROOSTOOK; river, tributary to St. John river, Victoria county, N.B. (Not Aroostook.)
- ARSEN; island, in Ottawa river, west of Montebello, Ottawa county, Que. (Not Rousseau nor (Roussin.)
- Arrowwood.* See Rosebud.
- ARTHURET; village, Victoria county, N.B. (Not Arthurette.)
- Arthur Land.* See Ellesmere.
- ARTHUR SEAT; mountain near Nahlin river, Cassiar district, B.C. (Not Arthur's.)
- ASCOT; P.O., Sherbrooke county, Que. (Not Ascot Corner.)
- ASH; brook, northeast of Nozheiatik lake, Rainy River district, Ont.
- ASHBY; lake and township, Addington county, Ont. (Not Island.)
- ASHE; inlet, south shore of Big island, Hudson strait, Franklin.
- ASHEIGAMO; lake, south of lake Hill, Rainy River district, Ont. (Not Tasheigama nor Bass.)
- ASHEWEGO; river, tributary to Winisk river, southeastern Keewatin. (Not West Winisk.)
- ASHTON; point, Douglas channel, opposite Maitland island, Coast district, B.C.
- ASHUAPMUCHUAN; lake, and river, Lake St. John county, Que.

7-8 EDWARD VII., A. 1908

- ASINITCHIBASTAT**; lake, west of Chibougamau lake, Abitibi district, Que. (Not Asinitebastat.)
- ASIPPITTI**; river, tributary to Burntwood river, Keewatin.
- ASKITICHI**; lake, headwaters of Ashuapmuchiuan river, Chicoutimi county, Que.
- Askow.* See Bow.
- Askwahani.* See Eskwahani.
- ASPY**; bay and river, Victoria county, N.S. (Not Aspee.)
- ASSINKEPATAKISO**; lake, near Atikwa lake, Rainy River district, Ont.
- ASSIWANAN**; lake, at headwaters of St. Maurice river, Champlain county, Que. (Not Asiwanan.)
- ASULKAN**; brook, falls, glacier, pass, and ridge, Selkirk mountains, Kootenay district, B.C.
- Atem.* See Atim.
- ATHABASKA**; river, and Athabaska Landing, P.O., northern Alberta. —lake, in Alta and Sask. (Not Athabasca.)
- ATHAPAPUSKOW**; lake, west of Cranberry lake, Keewatin. (Not Athapuscow.)
- Atic-a-make.* See Atikameg.
- ATIK**; river, tributary to Migiskan river, below Millie lake, Abitibi district, Que. (Not Atikosipi.)
- ATIKAMEG**; lake, north of The Pas, Keewatin. (Not Atic-a-make.)
- ATIKMAHIK**; lake, northeast of lake Timiskaming, Pontiac county, Que.
- Atikosipi.* See Atik.
- ATIKWA**; lake, southeast of Dryberry lake, Rainy River district, Ont. (Not Deer.)
- ATIM**; river, flowing into Manuan lake, upper St. Maurice river, Champlain county, Que. (Not Atem.)
- ATLIN**; lake, Cassiar district, B.C. and Yukon. — mining division and mountain, Cassiar district, B.C.
- Atocas.* See Azatika.
- ATTAWAPISKAT**; lake and river, emptying into James bay, Keewatin. (Not At-tah-wha-pis-kat nor Attawapiscat.)
- Attim Segoun.* See Iosegun.
- ATIKKAMEK**; creek, tributary to Iosegun river, Alta. (Not Atikkameg.)
- AUGUSTINE**; peak, in the Bishops' range of the Selkirks, Kootenay district, B.C.
- AUKPATUK**; fishing station, west coast of Ungava bay, Ungava. (Not Akpatok.)
- AULAC**; river, empties into Cumberland bay, Westmorland county, N.B. (Not Au Lac nor Oulac.)
- AUSABLE**; river, south of Goderich, Huron county, Ont. (Not aux Sables nor Sable.)
- AUSTRALIA**; creek, tributary to Indian river, Yukon.
- Autaca.* See Azatika.
- AVA**; inlet, north shore of Hudson strait, Franklin.
- AVALANCHE**; creek, glacier, and mountain, Selkirk mountains, Kootenay district, B.C.
- AWILLGATE**; canyon and village, on Bulkley river, four miles from the Skeena, Cassiar district, B.C. (Not Ahwillgate.)
- AXEL HEIBERG**; island, west of Ellesmere island, Franklin.
- AYLEN**; lake, Dickens township, Nipissing district, Ont. (Not Little Opeongo.)
- AYLMER**; canyon and mountain, north of lake Minnewanka, Rocky Mountains park, Alta. — railway station and town, Ottawa county, Que. (Not Aylmer East.)
- AZATIKA**; bay and brook, Prescott county, Ont. (Not Atocas, Autaca, Dez Amecane nor Desetiaux.)

B

- BABINE**; mountain range, lake, and river tributary to Skeena river, Cassiar district, B.C.
- BACH**; mountain, in southwestern Yukon, near Hutshi lakes.
- Batchewanaung.* See Batchawana.
- Back.* See Prairies.
- BACKS**; river, flowing northeasterly through Keewatin and Mackenzie districts, into the Arctic ocean. (Not Thleweechodezeth nor Great Fish.)
- Back's Western.* See Western.
- BACON**; rock, west of Ridley island, southeast of entrance to Prince Rupert harbour, Coast district, B.C.
- Bad.* See Bull.
- BADSDAWA**; lake, north of L. St. Joseph, Keewatin.
- BAD NEIGHBOUR**; rock, in main channel at entrance to Georgian bay, Bruce county, Ont.
- Bad Rice.* See Kaiashkomin.
- Bad Throat.* See Manigotagan.
- BAFFIN**; island, Franklin. (Not Baffin Land.)
- BAGHEERA**; mountain, Hermit range of the Selkirks, Kootenay district, B.C.
- BAGOT**; island, northeast of Grenadier island, St. Lawrence river, Leeds county, Ont. (Not Nar-row nor Rattlesnake.)
- Bagutchuan.* See Pagwachuan.
- Baie des Chaleurs.* See Chaleur bay.

SESSIONAL PAPER No. 21a

- BAIE ST. PAUL**; town, Charlevoix county, Que. (Not St. Paul's Bay.)
- BAIE VERTE**; bay and village, Westmorland county, N.B. (Not Bay Verte.)
- BAIN**; brook, tributary to Incomappleux river, Kootenay district, B.C. —rock, in middle of channel between Great and Outer Duck islands, Manitoulin district, Ont.
- BAKER**; creek, tributary to Yukon river, south of Klondike river, Yukon. —island, between Nigger island and Trenton, Hastings county, Ont. —mountain, south of Howse pass, Rocky mountains, B.C.
- BALD**; creek, headwaters of Klondike river, Yukon. —island, in Weller bay, Ameliasburg township; Prince Edward county, Ont. —mountain, east of Sir Donald range of the Selkirks, Kootenay district, B.C.
- BALD EAGLE**; lake, on Grass river, Keewatin.
- BALDUR**; mountain, west of Upper Arrow lake, Kootenay district, B.C.
- Baldwin's pond.* See Lyster lake.
- BALFOUR**; glacier, mountain, and pass, Rocky mountains, Alta. and B.C.
- BALLENAS**; channel and island, strait of Georgia, New Westminster district, B.C. (Not Ballinac.)
- Ballinac.* See Ballenas.
- Bamfield.* See Banfield.
- BANFIELD**; creek, empties into Barkley sound, Vancouver I., B.C. (Not Bamfield.)
- BANKS**; island, northwest of Victoria island, Franklin. (Not Bank's Land, nor Baring Land.)
- BANNOCK**; burn, tributary to Little Slokan river. (Not Bannock creek): also point at north end of Upper Arrow lake: Kootenay district, B.C.
- BAPTIST**; harbour, lake, and rock, southeast of cape Hurd, Bruce county, Ont.
- BAPTISTE**; lake, Herschel township, Hastings county, Ont. (Not Kaijick Manitou.)
- BARCLAY**; railway station, Rainy River district, Ont.
- Barclay.* See Barkley.
- BARHAM**; mountain, west of Surprise lake, Cassia district, B.C.
- Baring.* See Banks.
- BARK**; lake, Jones township, Renfrew county, Ont.
- BARKLEY**; sound, on the southwest coast of Vancouver island, B.C. (Not Barclay.)
- BARNABY**; railway station, river, and village, Northumberland county, N.B. (Not Barnaby River P.O.)
- BARNARD**; lake, northwest of Sturgeon lake, Thunder Bay district, Ont.
- BARNES**; bay, north shore of Okisollo channel, Coast district; —creek, tributary to Whatshan river, Kootenay district; B.C.
- BARNEY**; river, Pictou county, N.S. (Not Barney's.)
- BARNEY RIVER**; P.O., Pictou county, N.S. (Not Barney's River.)
- Barnston pond.* See Lyster lake.
- BARREN**; brook, south of Eagle lake, Rainy River district, Ont.
- BARRETT**; reef, southeast of Milton bank, Bruce county, Ont. —rock, east of entrance to Prince Rupert harbour, Coast district, B.C.
- BARRETTE**; lake, Methuen township, Peterborough county, Ont.
- BARRIE**; beach, at east entrance to Halifax harbour, Halifax county, N.S. (Not Stony.)
- BARRIERE**; lake, an expansion of the upper Ottawa river, Pontiac county, Que.
- BARRINGTON**; lake, northwest of Kawawegama lake, Thunder Bay district, Ont.
- BARTIBOG**; P.O., river, and railway station, Gloucester county, N.B. (Not Bartibogue.)
- BARWELL**; mountain, between the upper waters of Fisher creek and Sheep river, Alta.
- Bason.* See Bouleau.
- Basquia.* See Pasquia.
- Bass.* See Asheigamo.
- BASTION**; island, in southern part of Atlin lake, Cassiar district, B.C.
- BATCHAWANA**; bay, island, river, and village, Algoma district, Ont. (Not Bachewanaung nor Batchewana.)
- BATH**; creek and glacier, near Stephen station, Alta. (Not Noores.)
- BATHURST**; island, east of Melville island, Franklin.
- BATTLE**; brook, tributary to Incomappleux river, Kootenay district, B.C. —lake, on Battle river, Alta. (Not Battle River lake.)
- BAUDET**; river, Glengarry county, Ont., also post village and river, Soulanges county, Que. (Not Beaudet, Bôdet, Rivière Beaudette nor River Beaudette.)
- BAXTER**; river, emptying into Waswanipi lake, Abitibi district, Que.
- BAYFIELD**; river and town, Huron county, Ont. —shoal, west of Abraham head, east of Kingston, Frontenac county, Ont. (Not Bolivia.)
- BAYS**; lake of, Ridout township, Muskoka district, Ont.
- BAYSIDE**; post village, Sidney township, Hastings county, Ont.
- Bay Verte.* See Baie Verte.
- Beacon.* See Inukshuktuyuk.

7-8 EDWARD VII., A. 1908

- BEADY**; creek, near outlet of Dease lake Cassiar district, B.C.
- BEAMENT**; island, southeast of Cavalier island, Bruce county, Ont.
- BEAR**; creek, tributary to Klondike river, Yukon.
- Bear.* See Great Bear.
- Bear.* See Mistaya.
- Bear.* See Suskwa.
- BEARBROOK**; post office, Russell county, Ont. (Not Bear Brook.)
- BEARDWOOD**; lake, Brudenell township, Renfrew county, Ont.
- BEAR-GREASE**; river, upper Ottawa river, near O'Sullivan lake, Montcalm county, Que.
- BEATRICE**; cape, east side of Lower Arrow lake, (Not cape Horn); also lake west of Slocan lake: Kootenay district, B.C.
- BEAUMONT**; harbour, north shore of Hudson strait, Franklin.
- BEAUPRÉ**; creek, tributary to Bow river, Alta.
- BEAVER**; lake, south of Atlin lake, Cassiar district, B.C. —glacier, mountain, and river, Selkirk mountains, Kootenay district, B.C.
- Beaver.* See McFarlane.
- Beaver-dam.* See Wuskwatim.
- BEAVERFOOT**; range of mountains and river, near Leancholl station, Kootenay district, B.C.
- BEAVERHILL**; creek and lake, east of Edmonton, Alta. (Not Beaver.)
- BEAVERHOUSE**; lake, southwest of Eagle lake, Rainy River district, Ont.
- BEAVERLODGE**; river, tributary to Wapiti river, west of Grande Prairie, Alta. (Not Beaver Lodge.)
- Beavertail.* See Amiskwi.
- BECAGUIMEC**; lake and river, Carleton and York counties, N.B. (Not Beccaguimec nor Peckagomique.)
- BECKINGTON**; lake, southeast of Harris lake, Thunder Bay district, Ont.
- BEDFORD**; harbour, north shore of Hudson strait, Franklin.
- BEDLINGTON**; custom house, international boundary, Kootenay district, B.C. (Not Rykerts.)
- BEDROCK**; creek, tributary to Sixtymile river, Yukon.
- BEE**; peak, east of Taku arm, Cassiar district, B.C.
- BEECH**; point, Fitzwilliam island, Manitoulin district, Ont.
- BEECHRIDGE**; post village, Argenteuil county, Que. (Not Beech Ridge.)
- BEECHWOOD**; village and railway station, Carleton county, N.B. (Not Bumfrau.)
- Beeghados.* See Pachena.
- BEEKMAN**; peninsula, south of entrance to Cumberland sound, Franklin.
- BEGBIE**; mountain, southwest of Revelstoke, Kootenay district, B.C.
- BELANGER**; bay and point, near Girouard point, Manitoulin district, Ont. (Not West Belanger). —river, flowing into lake Winnipeg, Keewatin. (Not Black nor Little Black.)
- Belas.* See Lepreau.
- BELCHER**; reef, extending north from MacGregor point, Bruce county, Ont.
- BELL**; river, flowing from the height of land near Grand lake Victoria and emptying into Mattagami lake, Abitibi district, Que.
- BELLAMY**; post village and railway station, Leeds county, Ont. (Not Bellamy's.)
- BELLE-VALLÉE**; post office, St. Johns county, Que. (Not Belle Vallée nor Belleville.)
- BELLIVEAU**; cove and village, Digby county, N.S. (Not Belliveau Cove nor Belliveaux Cove). —village, Westmorland county, N.B. (Not Belliveau.)
- BELLS CORNERS**; post village and railway station, Carleton county, Ont. (Not Bell's Corners.)
- BENDING**; lake, at head of Big Turtle river, Rainy River district, Ont.
- BENNETT**; lake, B.C. and Yukon. —mountain, northwest of Stupart bay, Hudson strait, Ungava.
- BENSON**; creek, tributary to the north fork of Klondike river, Yukon. —point, South bay, Manitoulin district, Huron, Ont.
- BENT**; lake, east of Tawatinaw lake, Rainy River district, Ont.
- BERENS**; H.B. Co's post, island, and river, east side of lake Winnipeg, Man. (Not Beren's.)
- BERNARD**; lake, south of lake Bennett, Cassiar district, B.C.
- BERRY**; lake, north of Lobstick bay, Rainy River district, Ont.
- BERRY MILLS**; post village and railway station, Westmorland county, N.B. (Not Berry's Mills.)
- BERSIMIS**; point, river, and village, Saguenay county, Que. (Not Betsiamits.)
- Best.* See Hatton.
- Betsiamits.* See Bersimis.
- BIDDLE**; mountain, south of mount Lefroy, Rocky mountains, Alta.
- BIDENT**; mountain, east of mount Fay, Rocky mountains, Alta.
- BIG**; bay and island, in the bay of Quinte, Prince Edward county, Ont. Big island P.O. is on north side of the island.

SESSIONAL PAPER No. 21a

Big. See Black.

Big. See Dumoine.

BJERRE; rock, in Okisollo channel, north of Lake point, Coast district, B.C.

BLACK; creek, tributary to Sloko river, Cassiar district, B.C. — island, northeast of Hecla island, lake Winnipeg, Man. (Not Big nor Grand.)

Black. See Belanger.

Black. See Garry.

Black. See Lynn.

Black. See Raisin.

21a—2

Black Bird. See Seggemak.

BLACKFISH; bay, Radcliffe township, Renfrew county, Ont.

BLACKFOX; bend, Pelly river, near Ketza river, Yukon.

BLACKHEATH; post office, Wentworth county, Ont. (Not Black Heath.)

Blackney. See Blakeney.

BLACKS; point, south of Goderich, Huron county, Ont.

Black Sawbill. See Kinnickoneship.

BLACKWATER; river, tributary to Fraser river, above Quesnel, Cariboo district, B.C. (Not Black river, nor West Road river.)

BLAEBERRY; river, tributary to Columbia river, between Donald and Moberly stations, Kootenay district, B.C.

BLAKE; point, southeastern end of Western Duck island, Manitoulin district, Ont. (Not Stony.)

BLAKENEY; passage, between Hanson, Cracroft and Harbledown islands, Broughton strait, Coast district, B.C. (Not Blackney.)

BLANCHE; river, emptying into the head of lake Timiskaming, Nipissing district, Ont.

BLANFORD; bay, north shore of Hudson strait, Franklin.

BLAKISTON; brook, tributary to Waterton river, southwestern Alberta. (Not Kootanie nor Pass creek.)

BLANSHARD; mountain, southeast of Pitt lake, New Westminster district, B.C. (Not Blanchard nor The Golden Ears.)

Blind. See Coldwater.

BLOODVEIN; river, emptying into the east side of lake Winnipeg, Man. (Not Blood-vein.)

BLOOMFIELD; island, off the southeast side of Grenadier island, St. Lawrence river, Leeds county, Ont. (Not Snake.)

BLUE; river, tributary to Dease river, Cassiar district, B.C.

Blue. See Harris.

Blueberry. See Mennin.

BLUE GROUSE; creek, tributary to Caribou creek, Kootenay district, B.C.

BLUE JAY; creek, emptying into Michael bay, Manitoulin island, Manitoulin district, Ont.

Bluff. See O'Neil.

Bluff. See Yeo.

BLUNT; peninsula, at entrance to Frobisher bay, Franklin. (Not Blunt's.)

Bobtail. See Naltesby.

BODEGA; point, south of Granite point, Quadra island, Coast district, B.C.

7-8 EDWARD VII., A. 1908

Bodet. See Baudet.

BOLGER; lake, Burleigh township, Peterborough county, Ont. (Not Bolger's.)

BONALD; lake, on Churchill river, Sask. (Not Moose)

Bolivia. See Bayfield.

BONANZA; creek, tributary to Klondike river, Yukon.

BONNEY; island, north shore of Hudson strait, Franklin. —glacier, mountain, and névé, Selkirk mountains, Kootenay district, B.C.

BONNET; island, off northwest side of Flatland island, Thunder bay district, Ont. (Not Reef.)

BOOFUS; mountain, north of Gladys lake, Cassiar district, B.C.

BOOM; point, southern point of Cockburn island, Manitoulin district, Ont.

BOOTH; creek, tributary to St. Mary river, Kootenay district, B.C.

BOR; a peak of the Valhalla mountains, Kootenay district, B.C.

BOSANQUET; harbour, Big island, Hudson strait, Franklin.

BOSHKUNG; lake, Stanhope township, Haliburton county, Ont.

BOSWELL; mountain and river, Teslin river, Yukon.

BOSWORTH; mountain, northwest of Stephen station, Kootenay district, B.C.

BOUCHETTE; lake, an expansion of the upper Ottawa river, Montcalm county, Que.

BOUCKHILL; post office, Dundas county, Ont. (Not Bouck's Hill.)

BOULARDERIE; island, Victoria county, N.S. (Not Boulardrie nor Boulardarie.)

BOULDER; creek, tributary to Kicking Horse river, Kootenay district, B.C. —creek, branch of Bonanza creek, Klondike river, Yukon.

Boulder. See Nares.

Boulder. See Osipasinni.

BOULEAU; river, Saguenay county, Que. (Not Bason.)

BOULTER; lake, McClure township, Hastings county, Ont.

BOUNDARY; creek, flowing into Yukon river at the crossing of the international boundary, Yukon.

Bow; glacier, lake, pass, peak, and river, western Alberta, and range of mountains in the Rockies, Alta. and B.C. (Not Coldwater lake, Upper Bow lake, Goat mountain, nor Askow river.)

Bow. See Hector.

Bowdoin. See McLean.

BOWMAN; creek, west of Lower Arrow lake, Kootenay district B.C.

BOXER; reach, east of Gribbell island, Coast district, B.C.

BOYER; reef, east of Belcher reef, Bruce county, Ont. —river, tributary to Peace river, also settlement, Alta. (Not Paddle river.) Reversal of former decision.

Boyne. See Morris.

BRABANT; island, Clayoquot sound, southwest coast of Vancouver island, B.C. (Not Pender.)

BRAMHAM; island, Queen Charlotte sound, Coast district, B.C. (Not Branham.)

BRANDON; island, Departure bay, east coast of Vancouver island, B.C. (Not Double.)

Branham. See Bramham.

BRANTNOBER; mountain, in southwestern Yukon.

BRAS D'OR; lake, Richmond county, N.S. (Not Great Bras d'Or.)

BRAY; post office and railway station, Russell county, Ont. (Not Bray's nor Bray's Crossing.)

BRÉBEUF; island, in the southern part of Georgian bay, Muskoka district, Ont. (Not Brébœuf.)

BRETT; mountain, northwest of mount Bourgeau, Alta.

BREVOORT; island, east of Beckman peninsula, Franklin.

BREWER; creek, tributary to Stewart river, above Scroggie creek, Yukon.

BREWERY; creek, tributary to Wild Horse river, Kootenay district, B.C.

BREWSTER; creek and glacier, southwest of Banff, Kootenay district, B.C.

BRIER; island, at entrance to St. Mary bay, Digby county, N.S. (Not Bryer.)

BRIGHT; lake, McClintock township, Haliburton county, Ont.

BRIGHTON; township, in Northumberland county, Ont.

BRINSTON; post village, Dundas county, Ont. (Not Brinston's Corners.)

Bristol. See Shemogue.

BRITANNIA BAY; post village and summer resort, Carleton county, Ont. (Not Britannia-on-the-Bay.)

BROADBACK; river, flowing westward into Rupert bay, north of Nottaway river, Abitibi district, Que. (Not Little Nottaway.)

BROCKWAY; post settlement, York county, N.B. (Not Brookway.)

BRODEUR; island, south of Shesheeb bay, Thunder Bay district, Ont.

BROKENMOUTH; river, tributary to Nelson river, Keewatin. (Not Broken-mouth.)

Brookway. See Brockway.

SESSIONAL PAPER No. 21a

- BROTCHIE**; ledge, at southeast entrance to Victoria harbour, B.C. (Not Brotchy.)
- BROUGHTON**; island, northeast of Grenadier island, St. Lawrence river, Leeds county, Ont. (Not Corn.)
- Brown Dome.* See Marble Dome.
- BROWNS**; creek, tributary to Fortymile river, near international boundary, Yukon. (Not Brown, nor Brown's.)

- COCAGNE;** harbour, island, river, and town, Kent county, N.B. (Not Cocaigne.)
- COCKBURN;** island, Manitoulin district, Ont. — land, in northwesterly portion of Baffin island, Franklin. (Not Cockburn Island.)
- Cockmagun.** See *Cogmagun*.
- Cockmigon.** See *Cogmagun*.
- COCKSCOMB;** mountain, near the headwaters of Jumpingpound creek, southern Alberta.
- COEHILL;** P. O. and railway station, Hastings county, Ont. (Not Coe Hill nor Coe Hill Mines.)
- COFFEE;** river, tributary to Bell river, Abitibi district, Que. (Not Brownwater.)
- COFFEY;** post office, Huntingdon county, Que. (Not Coffey's Corners.)
- COGLE;** pass, at head of St. Mary river, Kootenay district, B.C.
- COGMAGUN;** river, Hants county, N.S. (Not Cockmagun, nor Cockmigon.)
- COLD;** brook, tributary to Gizzard river, Abitibi district, Que.
- Cold.** See *Kississing*.
- COLDBROOK;** post office and railway station, Kings county, N.S. (Not Cold Brook Station P.O.)
- COLDWATER;** river, emptying into east end of L. Superior, Algoma district, Ont. (Not Blind.)
- Coldwater.** See *Bow*.
- COLE;** point, northwest point of Big island, bay of Quinte, Prince Edward county, Ont. (Not Cole's.)
- COLEBROOKE;** settlement, south of Campbellton, Restigouche county, N.B. (Not Coldbrook, nor Cold Brook.)
- COLLIE;** mountain, northwest of mount Balfour, Rocky mountains, Kootenay district, B.C.
- Collie.** See *Yoho*.
- COLLINS;** shoal, Oyster harbour, east coast of Vancouver island, B.C.
- COLLINSON;** point, Active pass, strait of Georgia, New Westminster district, B.C.
- COLMER;** cape, at entrance to Crooks inlet, Hudson strait, Franklin.
- COLUMBIA;** river, Kootenay district, B.C.
- Comb;** islands and river, east side of Hudson bay, Ungava. (Not Comb Hills islands and river.)
- COMBLAIN;** mountain, on Digby island, west side of Prince Rupert harbour, Coast district, B.C.
- Commandant.** See *Papineau*.
- Commerell.** See *Sutil*.
- COMMISSIONERS;** lake, Lake St. John county, Que. (Not Commissioner.)
- COMPASS;** lake, Burleigh township, Peterborough county, Ont.
- CONE;** hill, near mouth of Clinton creek, Yukon. —mountain, near Stikine river, north of Scud river, Cassiar district, B.C. —point, on the west side of lake Evans, Abitibi district, Que.
- CONN MILLS;** village, Cumberland county, N.S. (Not Conn's Mills.)
- CONNOLLY;** mountain, between Mackenzie sound and Sutelej channel, Coast district, B.C. (Not Conolly.)
- CONRAD;** mountain, east of Windy arm of Tagish lake, on boundary between Cassiar district, B.C., and Yukon. —mining camp on west shore of Windy arm, Yukon. (Not Conrad City.)
- CONSOLATION;** creek, emptying into Gladys lake, Cassiar district, B.C. —valley, east of Moraine lake, Alta.
- CONTACT;** brook and lake, southeast of File lake, Keewatin.
- CONY;** creek, near mount Woden, Kootenay district, B.C.
- COOK;** point, below Rockport, Leeds county, Ont. (Not Cary nor Cook's.) —railway station, Haldimand county, Ont. (Not Cook's.)
- Coolen.** See *Coonan*.
- COONAN;** cove, Shag bay, Halifax county, N.S. (Not Coolen.)
- COOPER;** lake, an expansion of Marten river, Mistassini district, Que. —mountain, near Hutshi lakes, Yukon. —point, south shore of Okisollo channel, Coast district, B.C.
- COPEWAY;** lake, Lake township, Hastings county, Ont.
- COPPER;** creek, tributary to Hackett river, also island in southern portion of Atlin lake; Cassiar district, B.C.
- Copper.** See *Zymoetz*.
- CORBIN;** pass and peak, north of Illecillewaet, Kootenay district, B.C.
- CORDOVA;** bay, southeast coast of Vancouver I., B.C. (Not Cormorant.)
- CORISANDE;** bay, east shore of lake Huron, Bruce county, Ont.
- CORMORANT;** lake, northwest of Moose lake, Keewatin.
- Cormorant.** See *Cordova*.
- Corn.** See *Broughton*.

- CORNET; ground, southwest of Greenough point, Bruce county, Ont.
- CORNWALL; island, north of Grinnell peninsula, Franklin. (Not North Cornwall.)
- CORNWALLIS; island, west of Devon island, Franklin.
- CORNWALL PARK; a summer resort on east extremity of Big island, bay of Quinte, Prince Edward county, Ont.
- CORRAL; creek, tributary to Bow river, east of Laggan, Alta.
- CORSAIR; reef, west of Reid point, Bruce county, Ont.
- COSTE; island, Kitimat arm, Coast district, B.C.
- COSTIGAN; mountain, northeast of L. Minnewanka, Rocky Mountains park, Alta.
- Cosupscoult*. See Causapscal.
- CÔTE - DES - NEIGES - OUEST; village, Hochelaga county, Que. (Not Côte des Neiges West.)
- COTTONWOOD; river, tributary to Dease river, Cassiar district, B.C.
- COUDRES; island, Temiscouata county, Que.
- COUGAR; brook and mountain, in the Selkirk mountains, also creek tributary to Little Slocan river; Kootenay district, B.C.
- COUNTESS WARWICK; sound, north shore Frobisher bay, Franklin.
- COURTENAY; bay, St. John harbour, N.B. (Not Courtney.)
- COUTTS; river, tributary to Saulteux river, central Alberta.
- COVE; island, in entrance to Georgian bay, Bruce county, Ont. (Not Isle of Coves.)
- COVE ISLAND; ground, off northwest side of Cove island, Georgian bay, Bruce county, Ont.
- COW; island, in bay of Quinte, east of Belleville, Prince Edward county, Ont.
- COWAN; river, north of Cormorant lake, Keewatin. —post office, Huntingdon county, Que. (Not Cowan's.)
- COWICHAN; district, harbour, lake, post office, and river, Vancouver island, B.C. (Not Cowichin nor Cowitchin.)
- Cowitchin*. See Cowichan.
- COX; lake, Burleigh township, Peterborough county, Ont. (Not Cox's.)
- CRAB; cove, south of Red bay, Bruce county, Ont.
- CRANBERRY; creek, near north end of Upper Arrow lake, Kootenay district, B.C. —lake, on Grass river, west of Reed lake, Keewatin.
- CRANBROOK; town, Kootenay district, B.C.
- CRATER; creek, flowing into Qujet lake, Yukon. —lake, southwest of lake Lindeman, Cassiar district, B.C.
- CREASE; island, off the entrance to Knight inlet, Coast district, B.C. (Not Lewis.)
- Creighton*. See Crichton.
- CRESTON; railway station and junction, Kootenay district, B.C.
- Crete*. See Chamberlain.
- CRICHTON; beach, head, island, and shoal, southwest of Madame island, Richmond county, N.S.
- CROIL; island, near Farran point, Stormont county, Ont. (Not Croil's.)
- CROOKED; creek, tributary to Stewart river, Yukon.
- CROOKS; inlet, north shore of Hudson strait, Franklin. (Not Ka-lik-took-duag.)
- CROSS; lake, north of Pipestone lake, Nelson river, Keewatin.
- CROW; river, Hastings and Peterborough counties, Ont.
- Crow*. See Kakagi.
- Crow Harbour*. See Queensport.
- CROWSNEST; lake, mountain, pass, railway station, and river, Alta. and Kootenay district, B.C. (Not Crow Nest, Crow's Nest, Crow-nest nor Crownest.)
- CRYSLER; post village and railway station, Stormont county, Ont. (Not Chrysler.)
- Crystal*. See Caldwell.
- CUDAHY; post, Yukon river, northwest of Dawson, Yukon.
- CUMBERLAND; lake, eastern Saskatchewan. (Not Pine Island lake.) —peninsula and sound, in southeastern portion of the district of Franklin. (Not Northumberland inlet, Hogarth sound, nor Penny gulf.)
- CUMMING; point, Drury inlet, Queen Charlotte sound, also point on Gribbell island; Coast district, B.C. (Not Cumming nor Cummings.) Reversal of previous decision.
- CUNDALE; bay, east shore of Horsfall island, Hecate channel, Coast district, B.C.
- CUTARM; creek, tributary to Qu'Appelle river, southeastern Saskatchewan. (Not Big Cutarm.)
- CYPRIAN; peak, in the Bishops' range, Selkirk mountains, Kootenay district, B.C.
- CYRUS FIELD; bay, east shore of Baffin island, Franklin. (Not Cyrus W. Field.)

D

- DAEK; spit, west of Port Elgin, Bruce county, Ont.
- DAGO; creek, tributary to Little Slocan river, Kootenay district, B.C.
- DAHADINNI; river, tributary to Mackenzie river, Mackenzie. (Not Dahadinee nor Dahadinne.)

SESSIONAL PAPER No. 21a

- DALHOUSIE STATION; post village, Soulanges county, Que. (Not Dalhousie Mills.)
- DALL; peak, west of Windy arm, Tagish lake, Yukon.
- DALTON; range of mountains, near Dezadeash lake, southwest Yukon.
- DALY; mountain, southeast of mount Balfour, Rocky mountains, Kootenay district, B.C.
- DANE; island, east of Lyal island, Bruce county, Ont.
- DAUPHIN; river, emptying into Sturgeon bay, lake Winnipeg, Man. (Not Little Saskatchewan.)
- DAVE; bay, south side of Great Duck island, Manitoulin district, Ont.
- DAVENPORT; creek, flowing into west end of Gladys lake, Cassiar district, B.C.
- DAVIDSON; mountains, between Ladue river valley and McQuesten lakes, Yukon.
- DAVIS; creek, branch of Walker creek, west of Dawson, Yukon. —lake, Lutterworth township, Haliburton county, Ont. (Not Davis'.)
- DAVIES; lake, west of Barnard lake, Thunder Bay district, Ont.
- Dawkins.* See Jorkins.
- DAWSON; glacier and mountain, southeast of mount Bonney, Selkirk mountains, Kootenay district; and point at the northerly end of Promise island, Coast district, B.C. —point, at the head of lake Timiskaming, Nipissing district, Ont. —peak, near Teslin lake, also range of mountains at the confluence of Lewes, Pelly, and Yukon rivers, and capital city of Yukon territory. (Not Dawson City.)
- DAWSONVILLE; town, Restigouche county, N.B. (Not Dawsonvale.)
- DEADMAN; harbour and head, Charlotte county, N.B. (Not Deadman's.)
- DEADWOOD; creek, tributary to Yukon river, below Dawson, Yukon.
- DEAN; bay and spit, east of Dominion point, Manitoulin district, Ont. —channel, north of King island, Pacific coast, B.C. (Not Deanes.)
- DEASE; lake and river, tributary to Liard river, Cassiar district, B.C.
- DERERT; river and village, Colchester county, N.S. (Not DeBert.)
- DECEPTION; bay, south shore of Hudson strait, Ungava. (Not Foster's Harbour nor Shedlui.)
- DECEWVILLE; post village and railway station, Haldimand county, Ont. (Not Decewsville.)
- DECKER; lake, on telegraph trail, south of Babine lake, Cariboo district, B.C.
- Deep.* See Canyon.
- DEEPWATER; lake, northeast of lake Timiskaming, Pontiac county, Que.
- DEER; island, $1\frac{1}{2}$ m. N. W. from Gull harbour, L. Winnipeg, Man. (Not Punk.)
- Deer.* See Atikwa.
- Deer.* See Georgina.
- Deer.* See Punk.
- DEER PARK; mountain, P.O., and landing to important mining district, east of Lower Arrow lake, Kootenay district, B.C. (Not Deer mountain.)
- DEFOT; creek and mountain, Dease river, Cassiar district, B.C.
- DELAP COVE; village, Annapolis county, N.S. (Not Delap's Cove.)
- DELISLE; river, Glengarry county, Ont. (Not De Lisle nor L'Isle.)
- DELTAFORM; mountain, Bow range of the Rockies, Alta. and Kootenay district, B.C.
- DEMERS; a peak of the Valhalla mountains, Kootenay district, B.C. (Not DeMers.)
- DEMOISELLE; cape and creek, Albert county, N.B. (Not D'Moiseille, Cap de Moselle, nor Cape de Moiseille.)
- DENMARK; lake, south of Atikwa lake, Rainy River district, Ont.
- DENNIS; mountain and pass, south of mount Stephen, Kootenay district, B.C.
- Dennis.* See Denys.
- DENVER; creek, tributary to St. Mary river, and mountain west of Slocan lake; Kootenay district, B.C.
- DENYS; river, Inverness county, N.S.; also River Denys P.O., River Denys Road P.O., River Denys Station, P.O. (Not Dennis.)
- DESCANSO; bay, Gabriola island, strait of Georgia, New Westminster district, B.C. (Not Knight nor Rocky.)
- DESCHAILLONS; seigniory and post village, Lotbinière county, and island in Richelieu river, Richelieu county; Que. (Not d'Eschailons, des Chaillons, Eschailons, St. Jean Deschailons, nor St. Jean-Baptiste Deschailons.)
- DESCHÉNES; post office, Ottawa county, Que. (Not Deschenes Mills.)
- DESERONTO; town, Tyendinaga township, Hastings county, Ont.
- DESERT; point, northeast end of Great Duck island, Manitoulin district, Ont. (Not Sand.)
- Descticaux.* See Azatika.
- Despair.* See Espoir.
- Despatch.* See Dispatch.
- Desolation.* See Ten Peaks.
- Desolation.* See Wenkemna.
- DEVILLE; mountain, northwest of Ottetail station, Rocky mountains, Kootenay district, B.C.

7-8 EDWARD VII., A. 1908

- DEVILS HEAD; mountain, in the Rocky Mountains park, Alberta. (Not Devil's Head.)
- Devil's Head.* See Minnewanka.
- Devil's Pine.* See Ghostpine.
- DEVIZES; lake, west of Barrington lake, Thunder Bay district, Ont.
- DEVON; island, northwest of Baffin island, Franklin. (Not North Devon.)
- DEWDNEY; mountain, Porcupine river, Yukon.
- DEZADEASH; lake, and river tributary to the Alsek, southwestern Yukon.
- Dez Amecane.* See Azatika.
- DIAMOND; island, west of Jubilee island, north shore of Hudson strait, Franklin. —lake, Herschel township, Hastings county, Ont.
- DIANA; bay, west of Cape Hopes Advance, Hudson strait, Ungava.
- DIBBLE; creek, tributary to Bull river, Kootenay district, B.C.
- DICKEY; lake, Lake township, Hastings county, Ont. (Not Dickey's.)
- DICKINSON LANDING; post village, Stormont county, Ont. (Not Dickenson's Landing nor Dickinson's Landing.)
- DINORWIC; lake and railway station, Rainy River district, Ont. (Not Little Wabigoon.)
- DION; creek, tributary to Yukon river, near Dawson, Yukon.
- Dirt.* See Chip.
- Discovery.* See Plumper.
- DISELLA; lake, south of Chismaina lake, Yukon.
- DISPATCH; island, in Columbia river, near south end of Upper Arrow lake, Kootenay district, B.C. (Not Despatch.)
- DIXIE; lake and mountain, east of Atlin lake, Cassiar district, B.C.
- Dixie.* See O'Donnel.
- DIXON; lake, Limerick township, Hastings county, Ont. (Not Dixon's.)
- DIXON CORNERS; post village, Dundas county, Ont. (Not Dixon's Corners.)
- DOCTOR; island, south shore of Hudson strait, Ungava. —island, between Russell island and Tobermory harbour, at entrance to Georgian bay, Bruce county, Ont. —lake, on Churchill river, Sask.
- DODGE; island, north of Parizeau point, Prince Rupert harbour, Coast district, B.C.
- DOGHEAD; point, the northeastern point of entrance to the narrows of lake Winnipeg, Man. (Not East Doghead.)
- DOGNOSE; creek, tributary to Klondike river, Yukon.
- Dog's Head.* See Whiteway.
- DOKDAON; creek, tributary to Stikine river, near Clearwater river, Cassiar district, B.C.
- DOLOMITE; pass, peak, and stream, Rocky mountains, Alberta.
- DOME; mountain, west of Cudahy, near international boundary, Yukon. —mountain, near lake Evans, Abitibi district, Que.
- DOMINION; bay and point, south shore of Manitoulin island, Manitoulin district, Ont. —creek, tributary to Indian river, Yukon.
- Donald.* See McDonald.

FISHING; islands, extending from Chiefs point to Pike point, Bruce county, Ont. (Not Ghegheto.)

FISHTAIL; lake, Harcourt township, Haliburton county, Ont. (Not Fish Tail.)

FITZWILLIAM; channel and island, at the entrance to Georgian bay, Manitoulin district, Ont.

FIVE-FINGER; rapid, in Lewes river, below Norden-skiöld river, Yukon.

FLAT; creek, tributary to Illecillewaet river, Kootenay district, B.C. —creek, tributary to Klondike river, Yukon.

Flat. See Ridley.

FLATLAND; harbour, island, and reef, west of Pie island, Thunder Bay district, Ont.

FLEET; point, Nanoose harbour, east coast of Vancouver island, B.C.

FLEMING; peak, Hermit range of the Selkirks, Kootenay district, B.C.

FLETCHER; island, in Frobisher bay, Franklin. —lake, in McClintock township, Haliburton county, Ont. (Not Fletcher's.)

FLINT; lake, north of Kakagi lake, Rainy River district, Ont.

FLOAT; creek, tributary to Ottetail river, Rocky mountains, Kootenay district, B.C.

FLORENCE; river, tributary to Bell river, Abitibi district, Que. —river, tributary to Klondike river, Yukon.

7-8 EDWARD VII., A. 1908

FLOWERPOT; island, east of Cove island, at entrance to Georgian bay, Bruce county, Ont. (Not Flower Pot.)

FOAMFALL; river, tributary to Ashuapmichuan river, Chicoutimi county, Que.

FOG; lake, west of Manitou lake, Rainy River district, Ont.

FOOTPRINT; lake and river, north of Threepoint lake, Keewatin. (Not Squirrel nor Weir.)

FORELEG; bay, in Atikwa lake, Rainy River district, Ont. (Not Little Jackfish.)

FORESTERS; island, in the bay of Quinte, Prince Edward county, Ont. (Not Captain John's island.)

Fort Chimo. See Chimo.

Fort Dunvegan. See Dunvegan.

Fort Edmonton. See Edmonton.

Fort Lennox. See Noix.

Fort Macleod. See Macleod.

FORT NELSON; river, tributary to Liard river, Cariboo district, B.C. (Not Nelson.)

FORT ST. JAMES; H. B. Co. post, Mining Record office, and P. O., near the outlet of Stuart lake, Coast district, B.C. (Not Fort James.)

Fort Selkirk. See Selkirk.

Fort Steele. See Steele.

FORT VERMILION; a post of the H. B. Co. and settlement, south side of Peace river, Alta. Reversed of previous decision.

FORTYMILE; river and town, Yukon.

Foster's. See Deception.

FOSTHALL; creek, west side of Upper Arrow lake, Kootenay district, B.C.

FOURCHU; barbour, Cape Breton county, N.S. (Not Fouché nor Fouchou.)

Four-mile. See Lakit.

FOURNIER; post village, Prescott county, Ont. (Not Fournierville.)

FOX; island, Weller bay, Ameliasburg township, Prince Edward county, and island, in lake Simcoe, York county, Ont. (Not Snake.) —land, southwesterly portion of Baffin island, Gordon bay, Franklin. (Not Foxe nor Luke Fox.) —islands, Gordon bay, Franklin. (Not West Fox.) —glacier and mountain, in the Selkirks, B.C.

Fox. See Gordon.

FRAMBOISE; village, Richmond county, N.S. (Not Frambois.)

FRANCES; lake and river, southeastern Yukon.

FRANCISCO; point, southeast end of Quadra island, Coast district, B.C.

FRANÇAIS; lake, south of Babine lake, Cassiar and Cariboo districts, B.C. (Not Francois.)

FRANKTOWN; post village and railway station, Lanark county, Ont. (Not Franktown.)

FRASER; lake, Carlow township, Hastings county, Ont. (Not Fraser's.) —lake, H. B. Co. post, and telegraph station, south of Stuart lake, Cariboo district, B.C. (Not Nalta or Fraser lake, nor Fort Fraser post and station.) —river of central and southern B.C. —reach, northeast of Princess Royal island, Coast district, B.C. Manitoulin district, Ont.

FRECHETTE; bay, bank, and point, near Misery bay, Manitoulin district, Ont.

Freda. See Freya.

FREDERICK; lake, Halifax county, N.S. (Not Pine Wood.) —lake, southwestern Yukon, west of Kusawa lake. —point, on east side of Digby island, Prince Rupert harbour, Coast district, B.C.

FREEMEN; lake, and river tributary to Athabaska river, Alta. (Not Freeman's.)

FRENCHMAN; bay, Ontario county, Ont. (Not Pickering harbour.) —river, southern Saskatchewan. (Not White Mud.)

FRESNO; creek, tributary to Yukon river, below Dawson, Yukon.

FREYA; a spur of the Valhalla mountains, Kootenay district, B.C. (Not Freda.)

FRIDAY; creek, branch of Sulphur creek, Indian river, Yukon.

FRTZ; landing, on east side of Lower Arrow lake, Kootenay district, B.C.

FROATSBURN; post office, Dundas county, Ont. (Not Froatburn nor Froathburn.)

FROBISHER; bay, in the southeastern portion of the district of Franklin. (Not Lumley inlet, &c.) —P. O. and railway station, southeastern Saskatchewan. (Not Frobyshire.)

FROUDE; bay, northeast of McKinn bay, Manitoulin island, Manitoulin district, Ont.

G

GABRIEL; island, Frobisher bay. (Not Gabriell), and strait, between Resolution island and the mainland; Franklin. (Not Tudjakjudusirn.)

GAINSBOROUGH; township, Lincoln county, Ont. (Not Gainsboro.)

Gale. See Peter.

GALENA; bay, at north end of Upper Arrow lake, Kootenay district, B.C. (Not Thumb.) —creek, tributary to Yukon river, below Indian river, Yukon.

GALIANO; island, and Galiano gallery near Descanso bay, Gabriola island, strait of Georgia, New Westminster district, B.C. (Not Malaspina's gallery.)

SESSIONAL PAPER No. 21a

Galiano. See Nigei.

GALLOWAY; settlement, Kent county, N.B. (Not Galway, New Galway, nor New Galloway.)

GALOP; canal, island, and rapids, St. Lawrence river, Dundas county, Ont. (Not Gallop, Gallops, Gallopes, Galoup, nor Galloup.)

Galway. See Galloway.

GAMSKAGAMIK, lake, south of lake Hill, Rainy River district, Ont. (Not Painkiller.)

GAOTANAGA; lake, west of Grand lake Victoria, Pontiac county, Que.

GARDEN ISLAND; lake, north of Matchimanitou lake, Abitibi district, Que.

GARDNER; canal, Devastation channel, Coast district, B.C. (Not Gardiner.)

GARNET; creek, tributary to Dominion creek, Indian river, Yukon. —mountain, west of mount Goodsir, Rocky mountains, Kootenay district, B.C.

GARRY; lake and river, tributary to Delisle river, Glengarry county, Ont. (Not Black lake.)

GASLINE; post office, Welland county, Ont. (Not Gas Line.)

GASPEREAU; lake, and river tributary to Salmon river, Queens and Sunbury counties, and river flowing into baie Verte, Westmorland county; N.B. (Not Gaspercaux.)

GASPESIA; shoal, southeast of Walkhouse point, Manitoulin district, Ont.

GAT; point, on western part of Cove island, at entrance to Georgian bay, Bruce county, Ont.

GATACRE; point, south shore of Manitoulin island, Manitoulin district, Ont.

GATINEAU POINT; village, at the mouth of Gatineau river, Ottawa county, Que.

GAUDIN; point, Devastation channel, Coast district, B.C.

GAULEY; bay, northeast of Greenough point, Bruce county, Ont.

GAWJEWIAGWA; lake, east of Anzhukumming lake, Rainy River district, Ont.

GEIKIE; creek and glacier, north of Dawson glacier, Selkirk mountains, Kootenay district, B.C. —lake, east of lake Evans, Abitibi district, Que.

GENESTA; reef, south of Maiden island, south shore of Manitoulin island, Manitoulin district, Ont.

GENS DE TERRE; river, tributary to Gatineau river, Ottawa and Pontiac counties, Que. (Not Jean de Terre.)

GEORGE; bay and cape, Northumberland strait, Antigonish county, N.S. (Not St. George.) —island, Halifax harbour, Halifax county, N.S. (Not Georges nor George's.) —lake, Prescott county, Ont. (Not Georges nor Georgian.) —point, at east entrance to Black bay, Thunder Bay district, Ont. —river, flowing into Ungava bay, Ungava. (Not Kangertlialuksoak.)

GEORGIA; rock, at entrance to Prince Rupert harbour, Coast district, B.C.

GEORGIAN; bay, the northeastern portion of lake Huron, Ont.

GEORGINA; island, north of Hill island, St. Lawrence river, Leeds county, Ont. (Not Catline nor Deer.)

GERTRUDE; point, Douglas channel, near Kitkiata, Coast district, B.C.

Ghegheto. See Fishing.

GHOST; island, between Jeannette island and the Millar group, North channel, Queen Charlotte sound, Coast district, B.C. (Not Round island.) —lake, north of Wabigoon lake, Rainy River district, Ont. —river, tributary to Bow river, Alta.

Ghost. See Spirit.

GHOSTPINE; creek, tributary to Red Deer river, Alta. (Not Devil's Pine.)

GIG; point, on northern part of Cove island, at entrance to Georgian bay, Bruce county, Ont.

GILBERT; railway station, Rainy River district, Ont.

GIL; island, northwest of Princess Royal island, Coast district, B.C. (Not Gill.)

GILPHIE; reef, off Pine Tree harbour, Bruce county, Ont.

GIMLI; a peak of the Valhalla mountains, Kootenay district, B.C.

GIROUARD; mountain, south of lake Minnewanka, Rocky Mountains park, Alta. —point, north of Western Duck island and west of Rickley harbour, Manitoulin district, Ont. (Not East Belanger.)

GIZZARD; river, tributary to Bell river, Abitibi district, Que.

GLACIER; creek, a branch of Gold creek, Yukon. —lake, near Howse pass, Rocky mountains, Alta.

Glacier. See Peyto.

Glacier. See Yoho.

GLACIER CREST; mountain, Selkirk mountains, Kootenay district, B.C.

GLADMAN; mountain, on Yukon river, near the international boundary, Yukon.

GLADSHIM; a peak of the Valhalla mountains, Kootenay district, B.C.

GLADSTONE; creek, east of Lower Arrow lake, Kootenay district, B.C.

GLADYS; lake and river, southwest of Teslin lake, Cassiar district, B.C. (Not Sucker lake, nor North river.)

GLASGOW; island, in North bay, Hudson strait, Franklin.

GLAVE; mountain, near upper waters of Chilkat river, Cassiar district, B.C.

- GLENALLAN; village, Wellington county, Ont. (Not Glen Allan.)
- GLENBROOK; post office, Glengarry county, Ont. (Not Glen Brook.)
- GLENCOE; island, northwest of Strathcona islands, Hudson strait, Franklin.
- GLENELBE; post office, Leeds county, Ont. (Not Glen Elbe.)
- GLENHURON; village, Simcoe county, Ont. (Not Glen Huron.)
- GLENLYON; mountains and river, Pelly river, Yukon.
- GLENNEVIS; post office, Glengarry county, Ont. (Not Glen Nevis.)
- GLENORA; village, on Stikine river, below Telegraph creek, Cassiar district, B.C.
- GLENROY; post office and railway station, Glengarry county, Ont. (Not Glen Roy.)
- GLYCERINE; rock, South bay, Manitoulin island, Manitoulin district, Ont.
- GNAT; creek, tributary to Klondike river, Yukon. —river, at south end of Kootenay lake, Kootenay district, B.C.
- Goat. See Bow.
- Goat. See Fairview.
- Goat. See Teresa.
- GOAT CANYON; creek, tributary to Caribou creek, Kootenay district, B.C.
- GOATFELL; railway station, Kootenay district, B.C.
- GOBEIL; island, north of Coste island, Kitimat arm, Coast district, B.C.
- GODBOUT; river, Saguenay county, Que. (Not God-bout nor Goodbout.)
- GODERICH; town, Huron county, Ont.
- GOD'S MERCE; islands of, north shore of Hudson strait, Franklin. This name was also applied at one time to the island now known as "Middle Savage."
- GODS MERCY; bay of, Southampton island, Hudson bay, Keewatin.
- GOLD; creek, tributary to Sixtymile river, Yukon.
- GOLDBOTTOM; creek, branch of Hunker creek, a tributary to Klondike river, Yukon.
- GOLDEN; creek, branch of Henderson creek, north of Stewart river, Yukon. —valley, southeast of Pike bay, Bruce county, Ont.
- GOLDEN HORN; mountain, southwest of Lewes river, Yukon.
- Golden Mountain. See Gowland Mountain.

- GREEN; creek, branch of Sulphur creek, Indian river, Yukon. —mountain, southwest of Ross peak, Selkirk mountains, Kootenay district, B.C. —point, northeast extremity of Sophiasburg township, Prince Edward county; also point, north of Inner Duck island, Manitoulin district; Ont.
- Green.* See Victoria.
- GREENAN; lake, Jones township, Renfrew county, Ont. (Not Greenan's.)
- GREENBUSH; lake, southeast of L. St. Joseph, Thunder Bay district, Ont.
- GREENE; island, northwest of Western Duck island, Manitoulin district, Ont. (Not Green's.)
- GREENE ISLAND; harbour, Manitoulin island, Manitoulin district, Ont.
- GREENFIELD; shoal, south of Turning island, at entrance to Georgian bay, Bruce county, Ont.
- GREENS; glacier, in the Selkirk mountains, Kootenay district, B.C. (Not Green's.)
- Green's.* See Terminal.
- GREENOUGH; bank, harbour, and point, southeast of Pine Tree harbour, Bruce county, Ont.
- GREENWOOD LAND; at head of Frobisher bay, Franklin. (Not Greenwood's.)
- GREGG; creek and lake, between Athabaska and Baptiste rivers, Alta. (Not Lower White Fish.)
- GREY; island, north of Edward island and south of entrance to Black bay, Thunder Bay district, Ont.
- GREY GOOSE; island, opposite the mouth of Big river, James bay, Ungava. (Not Goose.)
- Greys.* See Grays.
- GRIBBELL; island, between Ursula channel and Verney passage, Coast district, B.C.
- GRIFFIN; bay, southwest shore Frobisher bay, Franklin.
- GRIMROSS; islands, in St. John river, Queens county, N.B. (Not Grimrose.)
- GRIMSTHORPE; lake, Grimsthorpe township, Hastings county, Ont. (Not Wolf.)

7-8 EDWARD VII., A. 1908

GRINNELL; glacier, southwest shore of Frobisher bay; also peninsula, northwesterly portion of Devon island; Franklin. (Not Grinnell Land.)

Grinnell Land. See Ellesmere.

GRIZZLY; bluff, near the mouth of Teslin river, Yukon. (Not Grizzly Bear Bluff.) —mountain, in the Selkirks, Kootenay district, B.C.

Groswater. See Melville.

GROVE; island, northeast of Huff island, bay of Quinte, Prince Edward county, Ont.

GRUNDY; creek, east of Kootenay river, north of Steele, Kootenay district, B.C.

GRYPHON; lake, southwest of Wall-eye lake, Rainy River district, Ont.

GUARD; island, Southgate group, Queen Charlotte sound, Coast district, B.C.

Guard. See Gurd.

GULL; lake, east of Pelly lakes, Yukon.

Gull. See Cavalier.

Gull. See Ella.

Gull. See Mississagua.

GUN; lake, north of Nahlin river, Cassiar district, B.C.

GUNAMITZ; river, tributary to Restigouche river, N.B. (Not Gounamitz, nor Little Fork.)

GUNN; point, south of Douglas point, Bruce county, Ont.

GUNTER; lake, Cashel township, Hastings county, Ont. (Not Gunter's.)

GUSTAVUS; mountains, between Mayo lake and the valleys of Ladue and McQuesten rivers, Yukon.

GUYSBOROUGH; county and town, N.S. (Not Guysboro.)

GWILLIAM; mountain, north of Pyramid mountain, southern Yukon.

GYRFALCON; islands, south coast Ungava bay, Ungava.

GURD; island, Kitkatlah inlet, Coast district, B.C. (Not Guard.)

H

HABEL; mountain, southwest of mount Collie, Rocky mountains, Kootenay district, B.C. (Not Hidden.)

Habitants. See Inhabitants.

HACKETT COVE; village, Halifax county, N.S. (Not Hackett's Cove.)

HACKETT; river, tributary to Sheslay river, Cassiar district, B.C.

HAECKEL; hill, near the confluence of Lewes and Takhini rivers, Yukon.

HAGGART; creek, tributary to Johnston creek, McQuesten river, Yukon.

HA HA; bay, lake, and river, Chicoutimi county, Que. (Not Bay Ha Ha, nor Baie des Ha Ha.)

HAIR CUTTING; lake and river, at headwaters of St. Maurice river, Champlain county, Que.

HALCRO; mountain peak, east shore of Atlin lake, Cassiar district, B.C.

HALCYON; mountain and post office, east of Upper Arrow lake, Kootenay district, B.C. (Not Halcyon Hot Springs.)

HALDANE; mountain, near Mayo brook, Stewart river, Yukon.

HALE; creek, near south end of Taku arm of Tagish lake, Cassiar district, B.C.

HALIBURTON; lake, Harburn township, Haliburton county, Ont.

HALL; lake and river, west of Teslin lake, Cassiar district, B.C. and Yukon. (Not North river.) —mountain, west of Upper Arrow lake, Kootenay district, B.C. —peninsula, in the southeastern portion of the district of Franklin.

HALLETT; lake, on trail between Cheslatta and Fraser lakes, Cariboo district, B.C.

HALSEY; point, at the entrance to Douglas channel, Coast district, B.C.

HALSTED; islet, Shushartie bay, Goletas channel, northerly coast of Vancouver island, B.C. (Not Halstead.)

HAMILTON; island, in Ottawa river, Prescott county, Ont. (Not Great nor Large.)

Hamilton. See Rough.

HAMMOND; point, east of Jenkins point, Manitoulin island, Manitoulin district, Ont.

HANBURY; peak, east of mount Vaux, Rocky mountains, Kootenay district, B.C.

HANCOCK; hills, east of lake Laberge, Yukon.

Hanging Hide. See Leather.

HANNAH; bay, south end of James bay, Nipissing district, Ont. —point, South bay, Manitoulin district, Ont.

Hannah Bay river. See Harricanaw.

HANSEN; lake, east of Kootenay river, north of Steele, Kootenay district, B.C.

Harbour. See Rawson.

HARMONY; river, emptying into Harmony bay, east end of L. Superior, Algoma district, Ont. (Not Chippewa nor Harmonie.)

Harmony. See Jones.

HAROLD; mountain, on lower part of Stikine river, Cassiar district, B.C.

HARPER; mountain, in the Ogilvie range, north of Klondike river, Yukon.

HARPER CORNERS; post office, Wentworth county, Ont. (Not Harper's Corners.)

SESSIONAL PAPER No. 21a

- HARRICANAW**; river, emptying into Hannah bay (south end of James bay), Nipissing district, Ont. and Abitibi district, Que. (Not Hannah Bay river.)
- HARRIS**; creek, branch of Ophir creek, Indian river, Yukon. —lake, southwest of Manitou lake, Rainy River district; also point, Lambton county; Ont. (Not Blue.) —lake, southwest of Savant lake, Thunder Bay district, Ont.
- HARRISON**; post office, Stormont county, Ont. (Not Harrison's Corners.)
- HARRY**; lake, Lawrence township, Haliburton county, Ont. (Not Harry's.)
- HART**; mountain, near Sixtymile river, southwesterly from Dawson, Yukon.
- HARTZ**; creek, tributary to Tahltan river, Cassiar district, B.C.
- HARWOOD PLAINS**; post office, Carleton county, Ont. (Not Hardwood Plains.)
- HASKIN**; creek, tributary to Ottertail river, Rocky mountains, Kootenay district, B.C.
- HÄSLER**; a peak of mount Dawson, Selkirk mountains, Kootenay district, B.C.
- HASTINGS**; county, and town in Northumberland county, Ont.
- HATCHAU**; lake, Hackett river, Cassiar district, B.C. (Not Macha.)
- HATIN**; lake, near upper part of Koshin river, Cassiar district, B.C.
- HATTON**; headland, at south end Resolution island, Franklin. (Not Cape Best.)
- HAVEN**; cape, Clements Land, Franklin. (Not Siggia.)
- HAWK**; lake, and railway station, Rainy River district, Ont.
- HAWK CLIFF**; lake, west of Eagle lake, Rainy River district, Ont.
- HAWKESBURY**; island, north of Princess Royal and Gribbell islands, Coast district, B.C.
- HAWTREY**; town, Oxford county, Ont. (Not Hawtry.)
- HAY**; lake, Sabine township, Nipissing district, Ont.
- HAYES**; river, southeast of Nelson river, Keewatin. (Not Hay's, Hill, Steel, nor Trout.) This name is now applied to the whole river from the source of the Echimamish to Hudson bay. —peak and river, west of Teslin lake, Cassiar district, B.C.
- Hazel.* See Aberdeen.
- HAZELTON**; town, at confluence of Bulkley and Skeena rivers, Cassiar district, B.C.
- Head of Jordan River.* See Jordan river.
- Head of St. Peter's Bay.* See St. Peter.
- HEALY**; lake, south of Kusawa lake, Yukon.
- HEART**; creek, east of Lower Arrow lake, Kootenay district; also mountains, east of Sheslay river, Cassiar district; B.C.
- HEATHCOTE**; lake, northwest of Barrington lake, Thunder Bay district, Ont.

- HEIGHT-OF-LAND**; lake, northeast of Mattagami lake, Abitibi district, Que.
- HEIMDAL**; a spur of the Valhalla mountains, Kootenay district B.C.
- HELA**; a peak of the Valhalla mountains, Kootenay district, B.C.
- HELEN**; lake, at headwaters of Bow river, Alberta. —point, Douglas channel, near Kitkiata, Coast district, B.C.
- HELMET**; mountain, southeast of mount Goodsir Rocky mountains, Kootenay district, B.C.
- Hemlock.* See Mackay.
- HENDERSON**; creek, tributary to Yukon river, below Stewart river, Yukon. —harbour, south of Crooks inlet, Hudson strait, Franklin. —lake north of Uchucklesit harbour, Barkley sound, Vancouver island, B.C. (Not Anderson.)
- HENNIGAR**; brook and post village, Hants county, N.S. (Not Weir or Hennigar brook, Joshua Hennigar brook, nor Northfield.)
- HENRIETTA**; creek, tributary to Last-chance creek, a branch of Hunker creek, Yukon.
- HENSLEY**; bay, south shore of Manitoulin island, Manitoulin district, Ont.
- HERBERT CORNERS**; post office, Carleton county, Ont. (Not Herbert's Corners.)
- HERMIT**; glacier, mountain, and range of mountains, in the Selkirks, Kootenay district, B.C.
- HERSCHELL**; island, west of Cockburn island and northeast of Kitchener island, Manitoulin district, Ont.
- HESTER**; creek, branch of Hunker creek, Yukon.
- Hewson.* See Hughson.
- HIBBEN**; island, between Inskip and Moore channels, Moresby island, Queen Charlotte group, Coast district, B.C. (Not Kuper.)
- Hidden.* See Habel.

7-8 EDWARD VII., A. 1908

- High.* See Emma.
- HIGH FALL**; creek, tributary to Koksoak river, Ungava.
- Highpound.* See Buffalo Pound.
- HIGHVIEW**; P. O., south of Broadview, Sask. (Not High View.)
- HIGHWOOD**; river, tributary to Bow river, Alta. (Not High.)
- HILDA**; a peak of the Valkyr mountains, Kootenay district, B.C.
- HILL**; cove, northeast of Prince Rupert, Coast district, B.C. —lake, east of Kakagi lake, Rainy River district, Ont. —lake, on Minago river, Keewatin.
- Hill.* See Hayes.
- HILLFARM**; P. O., north of Wolseley, Sask. (Not Hill Farm.)
- HILLHEAD**; village, Argenteuil county, Que. (Not Hill Head.)
- HINCHINBROOK**; township, Huntingdon county, Que. (Not Hinchinbrooke.)
- HINTON**; mountain, Gustavus group, Yukon.
- HIPPA**; island, west of Graham island, Queen Charlotte islands, Coast district, B.C. (Not Nesto.)
- HITCHCOCK**; creek, flowing east into Teslin lake, Cassiar district, B.C.
- HOBSON**; island, in Mahone bay, Lunenburg county, N.S. (Not Hobson's Nose.)
- Hockstall.* See Ecstall.
- HODER**; creek, tributary to Little Slokan river, Kootenay district, B.C.
- HODNETT**; mountain, northwest of the "big bend" of Wheaton river, southern Yukon.
- HOFFMANN**; mountain, on south branch of Sheep river, Alta.
- Hog.* See O'Neil.
- Hogarth.* See Cumberland.
- HOGG**; creek, tributary to Moyie river, Kootenay district, B.C.
- HOGGAN**; lake, near Dodd narrows, east coast of Vancouver island, B.C.
- Hole.* See Wanipigow.
- HOLLAND**; bank, Oyster harbour, east coast of Vancouver island, B.C.
- Holland.* See Cascumpeque.
- Holmes.* See Home.
- HOMAN**; river, discharging into lake Bennett, Cassiar district, B.C.
- HOME**; bay, in northern end of Princess Royal island, Coast district, B.C. (Not Holme's). — islands, Coronation gulf, Mackenzie. (Not Sir E. Home's.)
- HOODOO**; valley, near Leancoil, Kootenay district, B.C.
- HOOKE**; pass, at the head of St. Mary river, Kootenay district, B.C.
- HOOLE**; canyon and river, upper part of Pelly river, Yukon.
- HOOPLE**; creek, flowing into the St. Lawrence, at Dickinson Landing, Stormont county, Ont. (Not Hoople's, Hoopole, nor Hoopple.)
- Hootalingua.* See Teslin.
- HOPES ADVANCE**; bay, west coast of Ungava bay, Ungava.
- HOPES ADVANCE**; cape, south shore of Hudson strait, Ungava. (Not Cape of Hopes Advance nor Prince Henry Foreland.)
- Hopewell Corner.* See Albert.
- HOPKINS**; bay and point, east of Baptist island, Bruce county, Ont. —lake, southeast of Aishihik lake, Yukon. —point, Devastation channel, Coast district, B.C.
- HORN**; cape, east side of Upper Arrow lake, Kootenay district, B.C.
- Horn.* See Beatrice.
- HORSE**; creek, tributary to Bow river, Alta. — point, in eastern part of Ameliasburg township, Prince Edward county, Ont.
- HORSESHOE**; bay, west side of Great Duck island, Manitoulin district, Ont. —glacier, south of mount Lefroy, Alta.
- Horse Shoe.* See Chemainus.
- HORSFALL**; island, between Campbell and Dufferin islands, Coast district, B.C.
- HORSWELL**; channel, northern approach to Departure bay, east coast of Vancouver island, B.C. (Not Inner.)
- HORTON**; point, north of Kincardine, Bruce county, Ont.
- HOTALUH**; mountains, between Stikine and Tan-zilla rivers, Cassiar district, B.C.
- HOUGHTON**; lake, southwest of Kashaweogama lake, Thunder Bay district, Ont.
- HOUSE**; mountain, between Driftpile and Inverness rivers, south of Lesser Slave lake, central Alberta.
- Houston.* See Hughson.
- HOUSTOUN**; passage, between Admiral, Kuper and Narrow islands, strait of Georgia, New Westminster district, B.C. (Not Houston.)
- HOWSE**; pass, Rocky mountains, Alta. and Kootenay district, B.C. (Not House.)
- HUBBARD COVE**; village, Halifax county, N.S. (Not Hubbard's Cove.)
- HUBER**; mountain, near mount Victoria, Rocky mountains, Kootenay district, B.C.
- Huckstall.* See Ecstall.

SESSIONAL PAPER No. 21a

- HUDSON**; bay and strait. (Not Hudson's.)
- HUFF**; island, in Muscote bay, bay of Quinte, Prince Edward county, Ont. (Not Huff's.)
- HUGH**; mountain, east of lake Evans, Abitibi district, Que.
- HUGHES**; brook, flowing into Barritt bay, Eagle lake, Rainy River district, Ont. (Not Hughes creek). —range of mountains, east of Kootenay river, Kootenay district, B.C.
- HUGHSON**; bay, east of Providence bay, Manitoulin island, Manitoulin district, Ont. (Not Hewson, Houston, nor Huston.)
- HUMBOLDT**; electoral district, post office, and railway station, Sask. (Not Humbolt.)
- HUNGABEE**; glacier and mountain, Bow range, Alta. and Kootenay district, B.C.
- HUNGERFORD**; point, on the southern portion of Manitoulin island, Ont.
- HUNGRY**; bay, northeast side of Big bay, bay of Quinte, Ont. —peak, at head of St. Mary river, Kootenay district, B.C.
- HUNKER**; creek, tributary to Klondike river, Yukon.
- HUNS VALLEY**; village, Macdonald electoral district, Man. (Not Hun's Valley.)
- HUNTER**; mountain, north of Palliser station, Kootenay district, B.C.
- HUNTRESS**; reef, southwest of Johnston point, Bruce county, Ont.
- HURD**; cape, most westerly point of Bruce county, Ont. Cape Hurd channel is west of the cape. —mountain and pass, in the Ottentail range of the Rockies, Kootenay district, B.C.
- HURDMAN**; post office, Carleton county, Ont. (Not Hurdman's Bridge.)
- HURRICANE**; river, tributary to Nakina river, Cassiar district, B.C.
- Husten.* See Hughson.
- HUTCHISON**; creek, emptying into the east side of Lower Arrow lake, Kootenay district, B.C.
- HUTSHI**; lakes, west of lake Laberge, Yukon.
- HUTSHIKU**; bluff, on Lewes river, below Rink rapid, Yukon.
- HUTSIGOLA**; lake, south of Teslin lake, Cassiar district, B.C. (Not Hutsigula.)
- Huxstall.* See Eestall.
- HYLAND**; hill, east of Hutsigola lake, Cassiar district, B.C.
- HYNDMAN**; bay, at southwestern end of Cockburn island, Manitoulin district, Ont. (Not Sand.)
- ICE**; river, tributary to Beaverfoot river, Kootenay district, B.C. —portage, on the lower part of Nottaway river, below Kitchigama river, Que.
- ICY**; cove, east of North bay, Hudson strait, Franklin.
- ICE-CAP**; mountain, on lower part of Stikine river, Cassiar district, B.C. (Not Ice-capped.)
- ICELANDIC**; river, emptying into lake Winnipeg, Man. (Not Icelanders.)
- IKEDA**; bay, southeast of Skincuttle inlet entrance, southeast coast of Morseyby island, Queen Charlotte group, Coast district, B.C.
- ILE-AUX-NOIX**; post office, St. Johns county, Que. (Not Isle aux Noix.)
- ILE PERROT**; post office, Vaudreuil county, Que. (Not Isle Perrot.)
- Iles de Bois.* See Morris.
- ILLECILLEWAET**; glacier, mining division, river, and town, Kootenay district, B.C. (Not Illicilliwaet, Illecilliwaet, nor Illicillewaet.)
- ILLES**; brook, emptying into Frances lake, Yukon. (Not Il-es-too-a.)
- IMPERIEUSE**; rock, Nanoose harbour, east coast of Vancouver island, B.C.
- INCOMAPPELUX**; river, emptying into Upper Arrow lake, Kootenay district, B.C. (Not Fish.)
- INDEPENDENCE**; creek, tributary to Stewart river, Yukon.
- INDIAN**; brook, flowing into St. Ann bay, Victoria county, N.S. —island, northeast of Murray canal entrance to the bay of Quinte, Prince Edward county; also harbour, point, and reef, south of Fitzwilliam island, Manitoulin district; Ont. —river, tributary to Yukon river, south of Klondike river, Yukon.
- Indian.* See Pleasant.
- Indian Pear Island.* See Saskeram.
- INGALL**; lake, southwest of Wabigoon lake, Rainy River district, Ont.
- INGERSOLL**; mountain, west of Columbia river, Kootenay district, B.C.
- INGONISH**; bay, river, and town, Victoria county, N.S. (Not Inganish nor Niganishe.)
- INGRAM**; mountain, north of Kusawa lake, Yukon.
- Ingraham.* See Louis.
- INHABITANTS**; river, Richmond county, N.S. (Not Habitants.)
- INKLIN**; river, tributary to Taku river, Cassiar district, B.C.
- INKSTER**; rock, at S. Baymouth, Manitoulin island, Manitoulin district, Ont.
- Innarulligang.* See East Bluff.
- Inner.* See Horswell.
- ICARUS**; point, Nanoose harbour, east coast of Vancouver island, B.C.

7-8 EDWARD VII., A. 1908

INNER DUCK; island, northeastern island of the Duck island group, Manitoulin district, Ont.

INONOAKLIN; creek, west of Lower Arrow lake, Kootenay district, B.C. (Not Sanderson.)

INUKSHILIGALUK; point, south coast Ungava bay, Ungava. (Not Big Rock.)

INUKSHUKTUYUK; point, south coast Ungava bay, Ungava. (Not Beacon.)

INVERHURON; bay and village, Bruce county, Ont.

INVERNESS; river, tributary to Swan river, south of Lesser Slave lake, central Alberta.

IOSEGUN; lake and river, tributary to Little Smoky river, Alta. (Not Attim Segoun nor Io-se-gun.)

Ippeewash. See Kettle.

IRISHMAN; creek, tributary to Moyie river, Kootenay district, B.C.

IRVING; bay, Crooks inlet, Hudson strait, Franklin.

ISAAC HARBOUR; town, Guysborough county, N.S. (Not Isaac's Harbour.)

ISABELLA; lake, northeast of Peyto lake, Alta.

ISERHOFF; river, emptying into Waswanipi lake, Abitibi district, Que.

ISHIMANIKUAGAN; lake, Saguenay county, Que. (Not Ichimanicuagan nor Ishimanicougan.)

land. See Ashby.

Island lake. See Isle lake.

ISLANDS; lake of, southeast of Abitibi lake, Pontiac county, Que.

ISLE; lake, west of St. Ann, Alta. (Not Island lake.)

ISLET; point, southwesterly extremity of Sonora island, Coast district, B.C.

Isle of coves. See Cove.

Isnor. See Eisner.

ISOLATED; peak, at head of Yoho valley, Rocky mountains, Kootenay district, B.C. (Not Insulated nor Lonely.)

Ithenotosquan. See Elbow.

ITTIMENOKTOK; cape, east shore of Ungava bay, Ungava.

IVAN; point, Manitoulin island, east of Burnt island, Manitoulin district, Ont.

J

JACK; lake, Burleigh township, Peterborough county, Ont. (Not Jack's). —point, at south entrance to Nanaimo, New Westminster district, B.C. (Not Jack's nor Sharp.)

JACKHEAD; island, lake, and river, north of Fisher bay, lake Winnipeg, Man. (Not Jack-Head.)

Jackman. See Pritzler.

Jackson. See Robertson.

JACKSTRAW; lighthouse and shoal, St. Lawrence river, west of Gananoque, Leeds county, Ont. (Not Jack Straw.)

JACOB; creek, tributary to Bow river, Alta. —island, at entrance to Rupert bay, James bay, Ungava. (Not Wood.)

JACQUES CARTIER; lake and river, Montmorency county, Que. (Not Grand Lake Jacques Cartier.)

JAMES; cape, north shore of Hudson strait, Franklin. —island and reef, between Fitzwilliam and Yeo islands, Georgian bay, Manitoulin district, Ont.

James Ross. See Ross.

JAMIESON; lake, Dungannon township, Hastings county, Ont. (Not Jamieson's.)

Jamieson's. See Egan.

JANET; lake, between Stewart river and Mayo brook, Yukon.

JANVRIN; island, and Janvrin Harbour post office, Richmond county, N.S. (Not Jauvrin's Harbour P. O.)

JARVIS; bay, island, point, river, and rock, Thunder Bay district, Ont. (Not Turtle point.) —lake, between Athabaska and Baptiste rivers, Alta. (Not Upper White Fish.)

Janvrin. See Janvrin.

Jean de Terre. See Gens de Terre.

JEAN-PIERRE; bay and point, southwest of Sturgeon bay, north shore of L. Superior, Thunder Bay district, Ont.

JENKINS; point, east of Providence bay, Manitoulin island, Manitoulin district, Ont.

JENNIE GRAHAM; shoal, the most southerly shoal off Great Duck island, Manitoulin district, Ont.

JENNINGS; river, emptying into southern portion of Teslin lake, Cassiar district, B.C. (Not Fifteen-mile.)

JENSEN; creek, tributary to Dominion creek, Indian river, Yukon.

Jesup Land. See Ellesmere.

JIM; creek, tributary to Yukon river, below Indian river, Yukon.

JOAN; point, near Dodd narrows, east coast of Vancouver island, B.C.

JOASSA; channel, between Dufferin and Horsfall islands, Coast district, B.C.

JOCKVALE; post office, Carleton county, Ont. (Not Jock Vale.)

JOEL; river, tributary to Klondike river, Yukon.

JOGGINS; village, Cumberland county, N.S. (Not Joggin Mines, South Joggins, nor South Joggings.)

JOHN; river, also River John P. O., Pictou county, N.S.

SESSIONAL PAPER No. 21a

- JOHNSON**; lake, Havelock township, Haliburton county, Ont. (Not Johnson's). —range of mountains, between Atlin lake and O'Donnel river, Cassiar district, B.C.
- JOHNSTON**; creek, tributary to McQuesten river, Yukon. —creek, west of Lower Arrow lake, Kootenay district, B.C. —harbour and point, southeast of Porcupine point, Bruce county, Ont.
- JOHNSTON CORNERS**; post office, Carleton county, Ont. (Not Johnston's Corners nor Johnstone's Corners.)
- JOLICŒUR**; village, Westmorland county, N.B. (Not Jolicure.)
- JOLI HEAD**; headland, Queens county, N.S. (Not Jolie Head.)
- JONES**; creek, emptying into Batchawana bay, east end of L. Superior, Algoma district, Ont. (Not Harmony river.) —shoal, south of Labrador reef and southwesterly from Belanger point, Manitoulin district, Ont.
- JORDAN**; lake and river, Hastings county, Ont. —river, flowing into Frobisher bay, Franklin. —river, tributary to Columbia river, near Revelstoke, Kootenay district, B.C.
- JORDAN HARBOUR**; post office, Lincoln county, Ont. (Not Jordan Harbor.)
- JORDAN RIVER**; village, Shelburne county, N.S. (Not Head of Jordan River.)
- JORKINS**; point, at southeast entrance to Finlayson channel, Coast district, B.C. (Not Dawkins.)
- JOSEPH**; creek, tributary to St. Mary river, Kootenay district, B.C.
- Joshua Hennigar.* See Hennigar.
- JOY**; bay, south shore of Hudson strait, Ungava.
- JUBILEE**; island, north shore of Hudson strait, Franklin. —mountain, near north end of Atlin lake, Yukon.
- JULIAN**; point, east of Chorkbak inlet, north shore of Hudson strait, Franklin.
- JUMPING DEER**; creek, tributary to Qu'Appelle river, Sask. (Not Jumpingdeer.)
- JUMPING POND**; creek, tributary to Bow river, Alta. (Not Jumping Pond.)
- JUNCTION**; mountain, on south branch of Sheep river, Alta.
- JUNNUSUKSOAK**; inlet, east shore of Ungava bay, Ungava.
- JUNO**; point, south of Pine Tree harbour, Bruce county, Ont.
- JUPITER**; river, south side of Anticosti island, Saguenay county, Que. (Not Observation.)
- Jupiter.* See Shallop.
- K**
- KABAGUKSKI**; lake, south of Sasakwei lake, Rainy River district, Ont. (Not Mud.)
- KABAKWA**; lake, Stanhope township, Haliburton county, Ont. (Not Kah-bah-bah-quah.)
- KABANIA**; lake, west of Attawapiskat lake, Keewatin.
- KABISTACHUAN**; bay, in the southern portion of lake Mistassini, Mistassini district, Que. (Not Cabistachuan.)
- Kabitustigweiak.* See Butler.
- KABONA**; lake, south of Matchimanito lake, Abitibi district, Que.
- KAGIANAGAMI**; lake, north of Ogoki river, Thunder Bay district, Ont.
- Kag-ish-a-bog-a-mog.* See Kasshabog.
- KAGIWIOSA**; lake, east of Dinorwic lake, Rainy River district, Ont.
- KAHA**; creek, tributary to Koshin river, Cassiar district, B.C. (Not Kahak.)
- Kah-bah-bah-quah.* See Kabakwa.
- Kah-shah-gah-wig-e-mog.* See Kashagawi.
- KAHTATE**; river, tributary to lower part of Stikine river, Cassiar district, B.C.
- Kahuch.* See Katonche.
- Kahwambejewagamog.* See Kawagama.
- KAIASHKOMIN**; lake, north of Wabigoon lake, Rainy River district, Ont. (Not Bad Rice.)
- KAIEN**; island, Prince Rupert harbour, Coast district, B.C. (Not Kai-en.)
- KAIETE**; point, at east entrance to Lama passage, Coast district, B.C. (Not Calete, Ki-ette, nor Kyeet.)
- Kaijick Manitou.* See Baptiste.
- Kains.* See Cain.
- KAJAKANIKAMAK**; lake, southeast of Abitibi lake, Pontiac county, Que.
- Kajoualwang.* See Najwalwank.
- KAKABONGA**; lake and river, east of Grand lake Victoria, Pontiac county, Que. (Not Kakebonka)
- KAKAGI**; lake, east of Sabaskong bay, lake of the Woods, Rainy River district, Ont. (Not Crow.)
- KAKASHE**; river, tributary to Kapitachuan river, Montcalm county, Que.
- Kakebonka.* See Kakabonga.
- KAKETSA**; mountain, south of Egnell, Cassiar district, B.C. (Not Koketsa.)
- KAKINNOZHANS**; lake, near Manitou lake, Rainy River district, Ont.
- KAKUCHUYA**; river, tributary to Dudidontu river, Cassiar district, B.C.
- KAKUT**; lake and river, in the Birch hills, south of Dunvegan, Alta. (Not Ka-koot.)
- Ka-lik-took-duag.* See Crooks.

7-8 EDWARD VII., A. 1908

- KALZAS**; lake, between Macmillan and Stewart rivers, Yukon.
- KAMA**; bay and railway station, Nipigon bay, Thunder Bay district, Ont. (Not Mazokama.)
- KAMACHIGAMA**; lake, and river tributary to the upper Ottawa, Montcalm county, Que.
- KAMANATOGAMA**; lake, southeast of Saganaga lake, Rainy River district, Ont.
- KAMANISKEG**; lake, Bangor township, Hastings county, Ont.
- KAMINISTIKWIA**; river and railway station, Thunder Bay district, Ont. (Not Kaministiquia.)
- KAMINNASSIN**; lake, south of Dinorwic lake, Rainy River district, Ont.
- Kaminnaweiskagwok.* See Minnaweiskag.
- KAMINNI**; lake, northwest of Manitou lake, Rainy River district, Ont. (Not Kaminnesipekok.)
- KAMITSGAMAK**; lake, on Ribbon river, upper St. Maurice river, Champlain county, Que.
- KAMONGUS**; lake, near Manitou lake, Rainy River district, Ont. (Not Canoe.)
- KAMPIGUKAKATOKA**; river, tributary to Migiskan river, Abitibi district, Que.
- KAMSHIGAMA**; lake and river, north of Shabogama lake, Abitibi district, Que.
- KANANASKIS**; lakes and river, tributary to Bow river P. O., Ry. sta., and range of mountains, Alta.; also pass, Alta. and B.C.
- Kangerflung.* See Newell.
- Kangerthialuksoak.* See George.
- KANIAPISKAU**; river, tributary to Koksoak river, Ungava. (Not Wauguash.)
- Kaniapiskau* See Keniapiskau.
- KANIKAWINIKA**; lake, upper Ottawa river, east of Grand lake Victoria, Pontiac county, Que. (Not Kaniquonika nor Kanekequaneka.)
- KANIMITTI**; river, flowing into Shoshokwan river tributary of the upper Ottawa, Pontiac county, Que. (Not Kanimittikoshkwa.)
- KANISH**; bay, south of Granite point, Quadra island, Coast district, B.C. (Not Cahnish.)
- KANOTAUKAU**; lake, at headwaters of Rupert river, Mistassini district, Que.
- KANUCHUAN**; river, tributary to upper Winisk river, Keewatin.
- KANUS**; river, tributary to St. Croix river, Charlott county, N.B. (Not Canous nor Canouse.)
- KANUSIO**; lake, and river tributary to Kekek river, Abitibi district, Que.
- KAOPSKIKAMAK** lake and river, southeast of Manitou lake, Rainy River district, Ont.
- KAOSKAUTA**; lake, northwest of Manitou lake, Rainy River district, Ont. (Not Kaoskwtakok.)
- KAPEMITCHIGAMA**; lake, at the sources of Ottawa river, Joliette county, Que. (Not Kapemehigama.)
- KAPESAKOSI**; lake, west of Manitou lake, Rainy River district, Ont. (Not Kapesakosikok.)
- KAPIKITEGOITCH**; lake, headwaters of Ashuapmucuan river, Chicoutimi county, Que.
- KAPISKAU**; river, north of Albany river, Keewatin. (Not Ka-pis-cow nor Kaypiscow.)
- KAPITACHUAN**; lake, and river tributary to the upper Ottawa river, Berthier, Joliette, Maskinonge, Montcalm and Pontiac counties, Que. (Not Kapitashewinna nor Kapitajewin.)
- KAPITAGAMA**; lake, southeast of Abitibi lake, Pontiac county, Que.
- KAPITSWE**; lake, at headwaters of St. Maurice river, Champlain county, Que.
- KAPKICHI**; lake, north of L. St. Joseph, Keewatin.
- KAPOSVAR**; creek, tributary to Qu'Appelle river, Sask. (Not Little Cutarm.)
- Karmutsen.* See Nimpkish.
- KASAGIMINNIS**; lake, north of L. St. Joseph, Keewatin.
- KASHAGAWI**; lake, Stanhope township, Haliburton county, Ont. (Not Kah-shah-gah-wig-e-mog.)
- KASHAGAWIGAMOG**; lake, Dysart township, Haliburton county, Ont.
- KASHAWEOGAMA**; lake, southwest of Savant lake, Thunder Bay district, Ont.
- KASKAWULSH**; river, tributary to Alsek river, southwestern Yukon. (Not O'Connor.)
- KASSHABOG**; lake, Methuen township, Peterborough county, Ont. (Not Kag-ish-a-bog-a-mog.)
- KATE**; point, at upper end of Lower Arrow lake, Kootenay district, B.C.
- KATES NEEDLE**; mountain, near Stikine river, opposite Porcupine creek, Cassiar district, B.C.
- KATHAWACHAGA**; lake, south of Coronation gulf, Mackenzie. (Not Cathawachaga.)
- KATHERINE**; lake, on Lady Evelyn river, below Grays river, Nipissing district, Ont. —lake, at headwaters of Bow river, Rocky mountains, Alta.
- KATINA**; creek, tributary to Silver Salmon river, Cassiar district, B.C.
- KATONCHE**; lake, upper Ottawa river, east of Grand lake Victoria, Pontiac county, Que. (Not Kaluch.)
- KATRINA**; creek, tributary to White river, Yukon.
- KATTAKTOR**; cape, east shore Ungava bay, Ungava.
- Katutok.* See Charles.
- KAWAGAMA**; lake, Sherborne township, Haliburton county, Ont. (Not Kahwambejewagamog.)
- Kawakashkagama.* See Kawashkagama.

SESSIONAL PAPER No. 21a

KAWASACHUAN; lake and river, near Grand L. Victoria, Pontiac county, Que. (Not Kawasajewan nor Kawassajewan.)

KAWASHEGAMUK; lake, southeast of Dinorwic lake, Rainy River district, Ont. (Not Long.)

Kawasheibemagagamak. See Washeibemaga.

KAWASHKAGAMA; lake and river, north of Long lake, Thunder Bay district, Ont. (Not Kawashkagama.)

KAWASKISIGAT; lake, headwaters of Lièvre river, St. Maurice county, Que. (Not Kawasgiguegat.)

KAWASTAGUTA; bay, at the northerly end of Grand lake Victoria, Pontiac county, Que.

KAWAWEOGAMA; lake, northeast of Seseganaga lake, Thunder Bay district, Ont.

KAWAWIA; lake, southeast of Manitou lake, Rainy River district, Ont. (Not Oval.)

Kawawiamagak. See Wawiamag.

Kaypiscow. See Kapiskau.

KAZABAZUA; river and village, Aylwin township, Ottawa county, Que. (Not Kazubazua nor Kazubazua.)

KEDGWICK; river, Restigouche county, N.B. (Not Kedgewick nor Quatawamkedgewick.)

Keefim-Kujie. See Fairy.

Keepewa. See Kipawa.

KEGLO; bay, east shore Ungava bay, Ungava.

KEKEK; river, tributary to Migiskan river, Abitibi district, Que.

KEKEKO; lake, southeast of Abitibi lake, Pontiac county, Que.

KEKEKWA; lake, near Eagle lake, Rainy River district, Ont.

KEKEO; river, tributary to Manuan river, upper St. Maurice river, Champlain county, Que.

KEKKEKWABI; lake, Stanhope township, Haliburton county, Ont. (Not Cay-ka-quah-be-kung.)

KELVIN; lake, an expansion of Nottaway river, Abitibi district, Que.

KELVINGROVE; post office, Huntingdon county, Que. (Not Calvin Grove nor Kelvin Grove.)

KEMPT; lake, St. Maurice county, Que. (Not Wabaskoutyunk.)

KEMPTOWN; village, Colchester county, N.S. (Not Kempt Town.)

KENEMICH; river, emptying into lake Melville, Ashuanipi district, Que. (Not Kenemichic.)

KENIAPISKAU; lake, north of Opatawaga lake, Abitibi district, Que. (Not Kaniapiskau.)

KENNABUTCH; lake, east of Dinorwic lake, Rainy River district, Ont. (Not Kennabuch.)

Ken-ne-big. See Kennibik.

Ken-ne-ses. See Kennisis.

KENNEWAPEKKO; lake, south of Saganaga lake, Rainy River district, Ont.

KENNIBIK; lake, Dudley township, Haliburton county, Ont. (Not Ken-ne-big.)

KENNICOTT; lake, at head of Hackett river, Cassiar district, B.C.

KENNISIS; lake, Havelock township, Haliburton county, Ont. (Not Ken-ne-ses.)

KENNY; lake, west of lake Tempest, Thunder Bay district, Ont.

KENOGAMI; river, tributary to Albany river, Algoma and Thunder Bay districts, Ont.

Kenogamissee. See Larch.

KENOSHE; lake, south of Machawian lake, Keewatin. — lake, north of Dinorwic lake, Rainy River district, Ont. (Not Kinoje.)

KERNERTUT; cape, southeast shore Ungava bay, Ungava.

KERR; mountain, President range, Rocky mountains, Kootenay district, B.C.

KERSEY; point, at northerly end of Maitland island, Douglas channel, Coast district, B.C.

KESHKABUON; island, Thunder Bay district, Ont. (Not Caribou.)

KESTREL; rock, at entrance to Prince Rupert harbour, Coast district, B.C.

KETCH; harbour and head, also Ketch Harbour post settlement, southwest of entrance to Halifax harbour, Halifax county, N.S. (Not Catch harbour and head, nor White or Catch Harbour head.)

Ketchacum. See Catchacoma.

KETCHUM; lake, northeast of Egnell, Cassiar district, B.C.

KETTLE; point, and reef extending north from Kettle point, Lambton county, Ont. (Not Ipperwash.)

KETZA; river, tributary to Pelly river, above Ross river, Yukon. (Not Kitza.)

KEWAGAMA; lake, southeast of Abitibi lake, Pontiac county, Que.

Khartum. See Hector.

KIASK; river, south of Kamshigama river, Abitibi district, Que.

Kickendatch. See Kikendatch.

KICKING HORSE; pass, and river tributary to Columbia river, Kootenay district, B.C. (Not Wapta river.)

KID; creek, tributary to Goat river, Kootenay district, B.C.

Ki-ette. See Kaiete.

KIEMAWISK; lake, southwest of Shabogama lake, Abitibi district, Que.

7-8 EDWARD VII., A. 1908

- KIKENDATCH**; Indian village, upper St. Maurice river, Champlain county, Que. (Not Kirken-datch nor Kikendatch.)
- KILDALA**; arm, near Kitimat arm, Coast district, B.C.
- KILLARNEY**; village, on west side of Lower Arrow lake, Kootenay district, B.C.
- KILPATRICK**; mountain, Purity range, Selkirk mountains, Kootenay district, B.C.
- KILVERT**; lake, south of Hawk lake, Rainy River district, Ont.
- KIMBALL**; lake, Livingstone township, Haliburton county, Ont. (Not Kimball's.)
- KIMMEWIN**; lake, southwest of Schist lake, Rainy River district, Ont.
- KINAHAN**; islands, south of Digby island, Chatham sound, Coast district, B.C. (Not Kinnahan.)
- KINCARDINE**; town, Bruce county, Ont.
- KING**; mountain, northwest of Ottertail station, Kootenay district, B.C.
- KINGCOME**; inlet and mountains, west of Knight inlet, also point at northern end of Princess Royal island; Coast district, B.C. (Not Kingcombe.)
- KING GEORGE**; sound, south shore of Hudson strait, Ungava.
- KINGHAM**; river, Argenteuil county, Que. (Not Kingsey.)
- King Oscar Land.* See Ellesmere.
- KINGSCOTE**; lake, Bruton township, Haliburton county, Ont.
- Kingsey.* See Kingham.
- Kingston.* See Rexton.
- KING WILLIAM**; island, southwest of Boothia peninsula, Franklin. (Not King William Land.)
- KINNICKONESHIP**; lake, near Manitou lake, Rainy River district, Ont. (Not Black Sawbill.)
- KINNYU**; lake, Rainy River district, Ont.
- KINOJEVIS**; lake, and river tributary to the upper Ottawa, Pontiac county, Que. (Not Kinojevis-kaskatik.)
- Kinoje.* See Kenozhe.
- KINONGE**; river, Petite Nation seigniory, Ottawa county, Que. (Not Salmon.)
- KINTAIL**; village, south of Clark point, Huron county, Ont.
- KIPAWA**; P. O., lake, and river, Pontiac county, Que. (Not Keepawa nor Kippewa.)
- KIPLING**; reef, west of Middle Duck island, Manitoulin district, Ont.
- KIRK**; island, in the northerly portion of lake Evans, Abitibi district, Que.
- Kirkendatch.* See Kikendatch.
- KIRK FERRY**; village, Hull township, Ottawa county, Que. (Not Kirk's Ferry.)
- KISKITTO**; lake, north of L. Winnipeg, Keewatin. (Not Grass nor West Niskitogisew.)
- KISKITTOGISU**; lake, north of L. Winnipeg, Keewatin. (Not Big Reed nor Niskitogisew.)
- Kiskopkechewans.* See Minnehaha.
- KISPIX**; river, tributary to Skeena river, above Hazelton, Cassiar district, B.C. (Not Kispyox nor Kis-py-ox.)
- KISSEYNEW**; lake, south of Kissinging lake, Keewatin. (Not Lobstick.)
- KISSISSING**; lake, and river tributary to Churchill river, Keewatin. (Not Cold, Kissisino, nor Takipy.)
- KITCHENER**; island, west of Cockburn island, Manitoulin district, Ont. (Not Little Cockburn.) —railway station, Kootenay district, B.C.
- KITCHIGAMA**; river, tributary to Nottaway river, Abitibi district, Que. (Not Michagama.)
- Kitigtung.* See Lady Franklin.
- KITIMAT**; arm and post office, north of Douglas channel, Coast district, B.C. (Not Kitamaat.)
- KITIWIIT**; shoal, southwest of Prospect, N.S. (Not Kittee Wittee.)
- KITKIATA**; Indian village, at Douglas channel, Coast district, B.C. (Not Kit-kia-tah.)
- KITTY**; shoal, south of Great Duck island, and southwesterly from Mary shoal, Manitoulin district, Ont.
- Kitza.* See Ketza.
- KIWANZI**; brook, tributary to Burntwood river, Keewatin.
- KIWETINOK**; pass, peak, river, and valley, north of Beavertail river, Rocky mountains, Kootenay district, B.C. (Not mount Kauffman, Wilson pass, nor Whymper pass.)
- Kla-anch.* See Nimpkish.
- KLATSA**; river, tributary to Frances river, Yukon. (Not Klatsatooa.)
- KLEMTU**; passage and Indian village, Coast district, B.C. (Not Klemtoo nor China Hat.)
- KLEWI**; river, tributary to Little Buffalo river, south of Great Slave lake. (Not Tesse-Clewee.)
- KLOKHOK**; river, tributary to Takhini river, Yukon.
- KLONDIKE**; village, and river tributary to Yukon river, Yukon. (Not Klondyke, Clondyke, nor Throdiuck.)
- KLOOTCHMAN**; canyon, on Stikine river, south of Clearwater river, Cassiar district, B.C. (Not Kluchman.)
- KLOTASSIN**; river, tributary to White river, Yukon.
- KLOTZ**; mountain, near Tatonduk river, Yukon.
- KLUANE**; lake and river, in southwestern Yukon. (Not Kluahe.)

SESSIONAL PAPER No. 21a

- KLUHINI**; river, flowing out of lake Frederick into lake Dezadeash, Yukon.
- KLUKSHU**; lake, and river tributary to Alsek river, Yukon.
- KNEEHILL**; P. O. east of Innisfail station, Alta. (Not Knee Hill Valley.)
- KNEEHILLS**; creek, tributary to Red Deer river, Alta. (Not Knee Hills.)
- KNEELAND**; bay, southwest shore Frobisher bay, Franklin.
- KNIFE**; islands, west of Shute point, Bruce county, Ont.
- Knight*. See Descanso.
- KOAK**; islands and stream, St. John river, York county, N. B. (Not Coac nor Coak.)
- KOIDERN**; river, tributary to White river, Yukon.
- Koketsa*. See Kaketsa.
- KOKOMENHANI**; lake, at headwaters of Rupert river, Mistassini district, Que. (Not Kokamenhanti.)
- KOKOMIS**; lake, southwest of Grand lake Victoria, Pontiac county, Que.
- KOKSOAK**; river, flowing into Ungava bay, Ungava. (Not Big river nor South.)
- KOLFAGE**; island, south of Pike point, Bruce county, Ont.
- Koos-ka-nax*. See Kuskanax.
- Kootanie*. See Blakiston.
- Kootenai*. See Waterton.
- KOOTENAY**; lake and river, Kootenay district, B.C. (Not Kootanie, Kootenai, &c.)
- KOPKA**; lake, west of L. Nipigon, Thunder Bay district, Ont.
- KORIKDUARDU**; inlet, east of Chorkbak inlet, Hudson strait, Franklin. (Not Ko-rick-du-ardu.)
- KOSHIN**; river, tributary to Nahlin river, Cassiar district, B.C.
- KUKUKAHU**; lake, west of Manitou lake, Rainy River district, Ont.
- KULLEET**; bay, northeast of Oyster harbour, Vancouver island, B.C. (Not Chemainos nor Chemainus.)
- KUNCHIT**; island, the southernmost of the Queen Charlotte group, Coast district, B.C. (Not Prevost.)
- KUPER**; island, northwest of Admiral island, strait of Georgia, New Westminster district, B.C. The name "Kuper" is confirmed for this island and replaced by "Hibben" for the northerly one to avoid duplication.
- Kuper*. See Hibben.
- KUSAWA**; lake, southwest of lake Laberge, Yukon. (Not Arkell.)
- KUSHOG**; lake, Stanhope township, Haliburton county, Ont. (Not Kah-wah-she-be-mah-gog.)
- Kusiwah*. See Surprise.
- KUSKANAX**; creek, east side of Upper Arrow lake, Kootenay district, B.C. (Not Koos-ka-nax.)
- KUSKONOOK**; P. O. and railway station, near the southern end of Kootenay lake, Kootenay district, B.C. (Not Kuskanook.)
- KUTHAI**; lake, discharging into Silver Salmon river, Cassiar district, B.C.
- KWADACHA**; river, tributary to Finlay river, Cariboo district, B.C. (Not Quadacha nor Quanecca.)
- Kwichpak*. See Yukon.
- KYAK**; bay, west coast Ungava bay, Ungava.
- Kyeet*. See Kaiete.

L

- LABERGE**; lake, in the southern portion of Yukon. (Not Labarge nor Lebarge.)
- LABICHE**; lake and river, northeastern Alberta. (Not Red Deer.)
- LABRADOR**; reef, south of Belanger point, Manitoulin island, Manitoulin district, Ont. —reef north of cape Chidley, Ungava.
- LACHAPELLE**; post office, Two Mountains county, Que. (Not Lachapelle.)
- LACROIX**; lake, in the valley of Bulkley river, Cassiar district, B.C. (Not La Croix, Le Croix, nor Round.)
- LADUE**; creek, tributary to White river, below Katrina creek, Yukon.
- LADY BEATRIX**; lake, northeast of Mattagami lake, Abitibi district, Que.
- LADYBIRD**; mountain, north of Columbia river, Kootenay district, B.C. (Not Lady Bird.)
- LADY FRANKLIN**; island, east of Clements Land, Franklin. (Not Kitigtung.)
- LA FRANCE**; creek, east side of Kootenay lake, Kootenay district, B.C. (Not Lafrance.)
- LAGGAN**; railway station, Alta.
- LAHAVE**; island and river, Lunenburg county, N. S. (Not La Have nor Le Havre.)
- LAKE**; creek, tributary to Stewart river, Yukon.
- Lake*. See Chonat.
- Lake Megantic*. See Megantic.
- Lake of the Narrows*. See Washi.
- LAKETON**; post, on Dease lake, Cassiar district, B.C.
- LAKIT**; creek, east of Kootenay river, north of Steele, Kootenay district, B.C. (Not Four-mile.)

7-8 EDWARD VII., A. 1908

- L'AMABLE; brook and lake, Dungannon and Faraday townships, Hastings county, Ont.
- LAMB; creek, tributary to Moyie river, Kootenay district, B.C.
- LAMBERT; shoal, northwest of Saugeen river, Bruce county, Ont.
- LAMEK; bay, Shippigan island, Gloucester county, N.B. (Not Alemek, Lamec, L'amec, nor Lameque.)
- LANDING; lake, north of Sipiwesk lake, Keewatin.
- LANIM; point, west of Dalhousie, Restigouche county, N.B. (Not La Lime, nor La Nim, nor Le Nim.)
- LANSLOWNE; mountain, west of lake Marsh, Yukon.
- LANSING; river, tributary to Stewart river, Yukon.
- LAPÊCHE; lake, Pontiac county, Que.
- LAPIE; river, tributary to Pelly river, below Ross river, Yukon.
- LARCH; river, tributary to Koksoak river, Ungava. (Not Kenogamissee.)
- LARDEAU; mining division, river tributary to Duncan river, and town on N. E. arm of Upper Arrow lake, Kootenay district, B.C. (Not Lardo.)
- LARDER; lake, south of Abitibi lake, Nipissing district, Ont. (Not Present nor President.)
- Lardo.* See Lardeau.
- Lardo.* See Purity.
- L'ARDOISE; village, Richmond county, N.S. (Not Ardoise.)
- Large.* See Hamilton.
- Large Trout.* See Hector.
- LARIVIÈRE; railway station and village, Lisgar electoral district, Man. (Not Larivière.)
- LARRY; rock, south of Great Duck island, and west of Kitty shoal, Manitoulin district, Ont.
- LA SALETTE; town, Norfolk county, Ont. (Not La Sallette nor Lasallette.)
- LASHER; island, south of Shesheeb point, Thunder Bay district, Ont.
- LAST-CHANCE; creek, branch of Hunker creek, Klondike river, Yukon.
- LASQUETI; island, south of Texada island, strait of Georgia, New Westminster district, B.C. (Not Lasquely nor Lasketti.)
- La Tete.* See Walton.
- LAURA; creek, tributary to Klondike river, Yukon. —mountain, near lower Stikine river, north of Iskut river, Cassiar district, B.C.
- LAURIE; range of mountains, west of O'Donnel river, Cassiar district, B.C.
- LAURIER; mountain, east of lake Laberge, Yukon. —river, emptying into the easterly end of Clinton-Colden lake, N.E. of Great Slave L.
- LAUSSEDAT; mountain, south of Mt. Freshfield and northeast of Donald, Kootenay district, B.C.
- LAUVIGNE; post office and railway station, Vaudreuil county, Que. (Not Graham P.O.)
- LAZY; lake, east of Kootenay river, north of Steele, Kootenay district, B.C. (Not Rock.)
- LEAF; bay, lake, and river, south coast Ungava bay Ungava. (Not Nepijee river.)
- LEANCHOL; railway station, Kootenay district, B.C.
- LEASK; bay and point, South bay, Manitoulin district, Ont.
- LEATHER; river, tributary to Carrot river, Sask. (Not Hanging Hide.)
- Leberge.* See Laberge.
- LEDA; peak, near "Castor" and "Pollox," east of mount Swanzy, Selkirk mountains, Kootenay district, B.C.
- LEE; bank, north of Saugeen river, Bruce county, Ont., —creek, tributary to St. Mary river, southern Alberta. (Not Lee's.)
- LEFROY; glacier and mountain, in the Bow range of the Rockies, Alta. and B.C.
- LELU; island, northwest of Smith island, Chatham sound, Coast district, B.C. (Not Le-loo nor South Porpoise.)
- Le Nim.* See Lanim.
- LEON; settlement, east side of Upper Arrow lake, Kootenay district, B.C. (Not Leon Hot Springs.)
- LEONARD; mountain, west of Surprise lake, Cassiar district, B.C.
- LEOPOLD; point, Markham bay, Hudson strait, Franklin.
- LEOTTA; creek, tributary to Klondike river, Yukon.
- LEPREAU; basin, harbour, parish, point, river, and village, Charlotte county, N.B. (Not Lepreaux nor Belas basin.)
- L'ETANG; harbour, river, and village, Charlotte county, N.B. (Not Etang nor Letang.)
- L'Etete.* See Letite.
- LETITE; passage and village, Charlotte county, N.B. (Not L'Etete nor Letete.)
- LÈVE; lake, Radcliffe township, Renfrew county, Ont.
- LEWES; lake, near the "big bend" of Watson river; also river tributary to Yukon river; Yukon. (Not Lewis.)
- LEWIS; creek, east of Kootenay river, north of Steele, Kootenay district; also island between Kennedy and Porcher islands, Coast district; B.C. —lake, northeast of Tawatinaw lake, Rainy River district, Ont.

SESSIONAL PAPER No. 21a

- Lewis.* See Crease.
- Lewis.* See Louis.
- LIARD**; river, tributary to Mackenzie river, B.C., Mackenzie and Yukon. (Not Mountain.)
- LICHFIELD**; shoal, at west entrance to Halifax harbour, Halifax county, N.S. (Not Litchfield.)
- Lighthouse.* See Snake.
- LILY**; bay, upper Ottawa river, northwest of Grand lake Victoria, Pontiac county, Que. —glacier and pass, north of mount Swanzy, Selkirk mountains, Kootenay district, B.C.
- LIMA**; point, south extreme of Digby island, at west entrance to Prince Rupert harbour, Coast district, B.C.
- LIMEBANK**; post office, Carleton county, Ont. (Not Lime Bank.)
- LINESTONE**; lake, Mayo township, Hastings county, Ont.
- Limestone.* See Dolomite.
- LINA**; range of mountains, east of Atlin lake, Cassiar district, B.C.
- LINDA**; lake, northeast of mount Odaray, Rocky mountains, Kootenay district, B.C.
- LINDEMAN**; lake, south of lake Bennett, Cassiar district, B.C. (Not Linderman nor Lyndeman.)
- LINE**; lake, southwest of Eagle lake, Rainy River district, Ont.
- LINEHAM**; creek, tributary to Sheep river, Alta.
- LINK**; island, near Dodd narrows, east coast of Vancouver island, B.C.
- LINKATER**; creek, tributary to Kootenay river, near international boundary, Kootenay district, B.C. (Not Linkwater nor Meadow.)
- LISCOMB**; harbour and post village, Guysborough county, N.S. (Not Liscombe.)
- L'Isle.* See Delisle.
- LITTLE**; rock, southwest of Phoebe point, Fitzwilliam island, Manitoulin district, Ont.
- Little.* See Rough.
- LITTLE ATLIN**; lake, between Atlin lake and lake Marsh, Yukon.
- Little Black.* See Banger.
- Little Black.* See Burton.
- LITTLE BLANCHE**; creek, branch of Quartz creek, Indian river, Yukon.
- LITTLE BOSHKUNG**; lake, Minden township, Haliburton county, Ont.
- LITTLE BOW**; river, tributary to Belly river, Alta. (Not Small.)
- Little Charlton.* See Trodely.
- Little Cockburn.* See Kitchener.
- Little Cutarm.* See Kaposvar.
- Little Flatland.* See Campbell.
- Little Fork.* See Gunamitz.
- Little Fork of the Saskatchewan.* See Mistaya.
- LITTLE-GEM**; creek, branch of Hunker creek, Yukon.
- Little Grant.* See Pearson.
- Little Green.* See Steevens.
- Little Jackfish.* See Foreleg.
- LITTLE MADAWASKA**; river, east side of Algonquin National park, Nipissing district, Ont.
- Little Magog.* See Magog.
- Little Mecattina.* See Mekattina.
- Little (or south) Miminigash.* See Roseville.
- Little Mistassini.* See Mistassinis.
- LITTLE MUSQUODOBOIT**; village, Halifax county, N.S. (Not Little River Musquodoboit.)
- Little Natashquan.* See Natashkwan.
- Little Nation.* See South Nation.
- Little Nottaway.* See Broadback.
- Little Opeongo.* See Aylen.
- Little River Musquodoboit.* See Little Musquodoboit.
- LITTLE ROGERS**; lake, northeast of L. Timiskaming, Pontiac county, Que.
- Little Sachigo.* See Oponask.
- LITTLE SALMON**; river, tributary to Lewes river, Yukon.
- Little Saskatchewan.* See Dauphin.
- LITTLE SLOCAN**; river, tributary to Slocan river, Kootenay district, B.C.
- LITTLE TAHLTAN**; river, tributary to Tahltan river, Cassiar district, B.C.
- Little Wabigoon.* See Dinorwic.
- Little Weslemcoon.* See Effingham.
- LLEWELLYN**; glacier, south of Atlin lake, Cassiar district, B.C.
- LOBSTER**; lake, Airy township, Nipissing district, Ont.
- LOBSTICK**; bay, in eastern portion of the lake of the Woods, Rainy River district, Ont. (Not Lobstick.)
- Lobstick.* See Chip.
- Lobstick.* See Kiseynew.
- LOCKHART**; river, emptying into the easterly end of Great Slave lake. (Not Lockart's.)
- LODGE**; creek, Alta. and southern Saskatchewan, (Not Medicine Lodge.)

7-8 EDWARD VII., A. 1908

- LOGAN; mountain, east of Frances lake, Yukon.
- LOGIE; rock, west of McNab point, Bruce county, Ont.
- LOKS LAND; at entrance to Frobisher bay, Franklin. (Not Lok's.)
- LOMBARD; creek, tributary to Indian river, Yukon.
- LOMOND; river, emptying into L. Superior, opposite Pie island, Thunder Bay district, Ont. (Not Carp.)
- LONELY; bay, east of Dominion point, Manitoulin island, Manitoulin district, Ont. —river, outlet of Obikoba lake, Pontiac county, Que.
- Lonely Valley.* See Ten Peaks.
- Lone Tree.* See Ann.
- LONG; creek, the west branch of Souris river, south-eastern Saskatchewan. —point, extending into the central portion of lake Evans, Abitibi district, Que. —point, in southern part of Tyendinaga township, Hastings county, Ont.
- Long.* See Farrell.
- Long* See Kawashegamuk.
- Long.* See Lowes.
- Long.* See Methy.
- Long.* See Mountain.
- Long.* See Wolfe.
- Long.* See Woods.
- Long.* See Tyee.
- LONGUE-POINTE; village, Hochelaga county, Que. (Not Long Point.)
- LOOKOUT; mountain, in the Selkirks, Kootenay district, B.C. —river, emptying into Smooth-rock lake, Thunder Bay district, Ont.
- LOON. See Mang.
- LOONHEAD; lake, on Burntwood river, Keewatin. (Not Loon-head.)
- LOOP; brook, tributary to Illecillewaet river, near "The Loop," Kootenay district, B.C.
- LORDMILLS; post office, Grenville county, Ont. (Not Lord Mills.)
- LORETTA; island, north of Hawkesbury island, Coast district, B.C.
- LORETTE; parish, railway station, and village, southeast of Winnipeg, Man. (Not Loretto.)
- L'ORIGINAL; town, Prescott county, Ont. (Not L'Original.)
- LORNE; mountain, west of lake Marsh, Yukon.
- LOSCOMBE; reef, north of Macpherson point, Bruce county, Ont.
- LOUCKS; lake, Burleigh township, Peterborough county, Ont. (Not Louck's.)
- LOUGHEED; bay, point, and reef, east of Dominion point, Manitoulin island, Manitoulin district, Ont.
- LOUIS; mountain, northwest of Banff, Alta. —point, south end of Coste island, Kitimat arm; also port, Graham island, Queen Charlotte islands; Coast district, B.C. (Not Ingraham nor Lewis.)
- LOUISA; lake, Lawrence township, Haliburton county, Ont.
- LOUISE; lake, west of Laggan station, Alta. (Not Emerald.)
- LOUTRE; Harbour de, harbour on the west side of Campobello island, N.B. (Not Harbour de Lute.)
- LOWER ARROW; lake, an expansion of Columbia river, Kootenay district, B.C.
- Lower Bow.* See Hector.
- LOWER SAVAGE; islands, Gabriel strait, Franklin.
- Lower White Fish.* See Gregg.
- LOWES; lake, southwest of Yorkton, Sask. (Not Long, Pebble, nor Silver.)
- LUBBOCK; bay, west of Markham bay, Hudson strait, Franklin. —river, flowing into Atlin lake from Little Atlin lake, Yukon.
- LUCAS; channel, island, and reef, at entrance to Georgian bay, Manitoulin district, Ont.
- LUCKY; creek, branch of Allgold creek, Klondike river, Yukon.
- LUKE; creek, tributary to St. Mary river, Kootenay district, B.C.
- Luke Fox.* See Fox.
- Lumley.* See Frobisher.
- LUSK; creek, tributary to Kananaskis river, Alta.
- LUTZ; post settlement, Westmorland county, N.B. (Not Lutes nor Lutes Mountain.)
- LYAL; island and reef, southeast of Greenough point, Bruce county, Ont.
- LYNN; point, Manitoulin island, northwest of Greene island, Manitoulin district, Ont. (Not Black.)
- Lynx.* See Selby.
- LYSTER; lake, Barnston township, Stanstead county, Que. (Not Baldwin's pond nor Barnston pond.)

M

- MABEE; village, Norfolk county, Ont. (Not Maybee.)
- MACABEE; creek, tributary to Sheep river, also mountain, Alta.
- MCADAM; railway station and village, York county, N.B. (Not Macadam nor McAdam Junction.)

SESSIONAL PAPER No. 21a

- McALPINE; post office and railway station, Prescott county, Ont. (Not McAlpine's nor McAlpin.)
- McARTHUR; creek, lake, and pass, west of Columbia river; also mountain, at head of upper Yoho valley, Rocky Mts.; Kootenay district, B.C.
- MACAULAY; lake, Airy township, Nipissing district; also spit off the southeastern end of Inner Duck island, Manitoulin district; Ont. (Not McCanley's.)
- McBEAN; mountain, west of Mt. Purity, Selkirk mountains, Kootenay district, B.C.
- McCALLUM; island, southeast of Beament island, Bruce county, Ont. —mountains, east of Atlin lake, Cassiar district, B.C.
- MACCAN; railway station, river, and village, Cumberland county, N.S. (Not Macan.)
- McCARTHY; point, southeast side of Fitzwilliam island, Manitoulin district, Ont.
- M'CLINTOCK; peak and river, between lake Marsh and Teslin river, Yukon. (Not McClintock.)
- McCONNELL; peak and river, Nisutlin river, Yukon.
- Macoostigan* See Makustigan.
- McCORMICK; creek and landing, near foot of Lower Arrow lake, Kootenay district, B.C. (Not McCormack.)
- McCoy; head, east of Thompson cove, St. John county, N.B. (Not McCoy's.)
- McCREARY; island, north of Turnagain point, L. Winnipeg, Man. (Not Outer Sturgeon.)
- McDAME; creek, tributary to Dease river, Cassiar district, B.C.
- McDONALD; creek, flowing into the southern portion of Upper Arrow lake, Kootenay district; also lake, east of Atlin lake, Cassiar district; B.C. —bay and point, west of Brockville, Leeds county, Ont. (Not Donald, Macdonald, nor McDonald's.)
- MACDONALD; island, northwest of the islands of God's Mercie, Hudson strait, Franklin. (Not Egypt). —lake, Havelock township, Haliburton county, Ont. (Not Macdonald's). —mountain, in the Selkirks, Kootenay district, B.C. (Not Carroll.)
- McDOUGAL; brook, tributary to Incomapleux river, Kootenay district, B.C. (Not McDougall.)
- MACDOUGALL; settlement, Kent county, N.B. (Not Macdougall nor Macdougall's.)
- MACE; bay, Charlotte county, N.B. (Not Mace's.)
- McELHINNEY; shoal, north of Flowerpot island, Georgian bay, Bruce county, Ont. (Not McElhinney's.)
- McEVOY; lake, northeast of Finlayson lake, Yukon.
- McEWEN; lake, east of Kawawegama lake, Thunder Bay district, Ont.
- McFADDEN; lake, McClintock township, Haliburton county, Ont. (Not McFadden's.)
- McFARLANE; river, emptying into the south side of Athabaska lake, Sask. (Not Beaver.)
- McGAW; point, at entrance to S. Baymouth, Manitoulin island, Manitoulin district, Ont.
- McGRATH; mountain, near lower part of Stikine river, north of Iskut river, Cassiar district, B.C.
- MACGREGOR; point, west of Port Elgin, Bruce county, Ont.
- McGREGOR; settlement, east shore of Kootenay lake, south of Lockhart creek, Kootenay district, B.C. (Not McGregor's.)
- Macha.* See Hatchau.
- MACHAWAIAN; lake, southwest of Attawapiskat lake, Keewatin.
- McHUGH; brook, flowing into Dinorwic lake, Rainy River district, Ont. (Not McHugh's creek.)
- McINTOSH; mountain, east of Atlin lake, Cassiar district, B.C. —post village, Leeds county, Ont. (Not MacIntosh Mills.)
- MACKAY; lake, Gloucester township, Carleton county, Ont. (Not Hemlock.)
- McKAY; mountain, southwest of Fort William, Thunder Bay district, Ont. (Not McKay's.) —reach, between Princess Royal and Gribbell islands, Coast district, B.C. —rock, southwesterly from Pulpwood point, Cockburn island, Manitoulin district, Ont.
- McKEE; creek, north of O'Donnel river, Cassiar district, B.C.
- McKELLAR; channel (middle) of Kaministiquia river, island south of Pie island, and point southwest of Victoria island; Thunder Bay district, Ont. (Not McKellar river.)
- McKENZIE; lake, Nightingale township, Haliburton county, Ont. (Not McKenzie's.)
- MACKENZIE; mountain, southeast of Revelstoke, Kootenay district, B.C. (Not McKenzie.)
- McKIM; bay, west shore of South bay, Manitoulin island, Manitoulin district, Ont. (Not McKinnm.)
- McLAURIN; lake, northwest of L. Nipigon, Thunder Bay district, Ont.
- McLAY; mountain, east of Surprise lake, Cassiar district, B.C.
- McLEAN; canyon, below the Grand falls of Hamilton river, Ashuanipi district, Que. and Ungava. (Not Bowdoin.) Named after John McLean, an officer of the H. B. Co. who discovered the falls and canyon in 1839.
- McLEAN; rock, in Fitzwilliam channel, Manitoulin district, Ont. —strait, northeast shore Ungava bay, Ungava. (Not McLean.)
- MACLEOD; town and railway station, southern Alberta. (Not Fort MacLeod.)
- McLEOD; mountain, west of Dease lake, Cassiar district, B.C.
- McLOUGHLIN; bay, Lama passage, Coast district; also point in Victoria harbour; B.C. (Not M'Laughlin, MacLaughlin, nor McLaughlin.)

7-8 EDWARD VII., A. 1908

- McMASTER; lake, Jones township, Renfrew county, Ont. (Not McMaster's). —mountain, east of O'Donnel river, Cassiar district, B.C.
- MacMILLAN; railway station, Rainy River district, Ont.
- McMILLAN CORNERS; post office, Stormont county, Ont. (Not McMillan's Corners.)
- MACMILLAN; range of mountains, and river tributary to Pelly river, Yukon.
- McMullen.* See Carnarvon.
- McNAB; point, south of Chantry island, Bruce county, Ont.
- McNEVIN; lake, Murchison township, Nipissing district, Ont. (Not McNevin's.)
- McNICOLL; mountain, southeast of Sixmile Creek station, Kootenay district, B.C.
- McNUTT; island, Shelburne harbour, Shelburne county, N.S. (Not McNutt's.)
- McPHERSON; lake, north of Frances lake, Yukon.
- MACPHERSON; mountain, southwest of Revelstoke, Kootenay district, B.C. —point, northeast of Douglas point, Bruce county, Ont. (Not McPherson.)
- MACOUN; mountain, northwest of mount Fox, Selkirk mountains, Kootenay district, B.C.
- Macquereau.* See Maquereau.
- McQUESTEN; river, tributary to Stewart river, Yukon. (Not McQuestion.)
- McRAE; point, south of Douglas point, Bruce county, Ont.
- McREYNOLDS; post office, Grenville county, Ont. (Not McReynold's Corners.)
- MAD; reef, between Greenough point and Lyal island, Bruce county, Ont.
- MADAWASKA; P. O., Nipissing district; also river tributary to the Ottawa, Renfrew county; Ont.
- Madurnakeag.* See Meduxnekeag.
- MAGANASIBI; river, tributary to Ottawa river, Pontiac county, Que. (Not Maganacipi nor Maganasipi.)
- MAGANATAWAN; P. O. and river, Parry Sound district, Ont. (Not Magnetawan nor Maganetawan.)
- MAGGIE; lake, Finlayson township, Nipissing district, Ont. (Not Maggie's.)
- MAGNET; channel, island, and point, southeast of entrance to Black bay, Thunder Bay district, Ont.
- Magnetawan.* See Maganatawan.
- MAGNETIC; island and reef, southeastern side of Cockburn island, Manitoulin district, Ont.
- MAGOG; lake, and river tributary to St. Francis river, Sherbrooke and Stanstead counties, Que. (Not Little Magog lake.)

- MAIDEN; island, south shore Hudson strait, Ungava. (Not Maiden Paps). —island, east of Michael point, Manitoulin island, Manitoulin district, Ont.
- MAIKASKSAGI; river, north of Waswanipi river, Abitibi district, Que.
- MAIN; channel, between Cove island and "Bad Neighbour" rock, entrance to Georgian bay, Bruce county, Ont.
- MAITLAND; island, Douglas channel, north of Hawkesbury island, Coast district, B.C. —river, emptying into lake Huron at Goderich, Huron county, Ont.
- MAKOKIBATAN; lake, Albany river, Keewatin, and Thunder Bay district, Ont.
- MAKUSTIGAN; lake, south of Wetetnagami lake, Abitibi district, Que. (Not Maccoostigan.)
- Malaspina's.* See Galiano.
- MALCOLM; reef, between Boyer reef and Port Elgin, Bruce county, Ont.
- MALE; lac du, at headwaters of St. Maurice river, Champlain county, Que.
- MALONEY; mountain, northwest of Aishihik lake, Yukon.
- MALPEQUE; bay, Prince county, P.E.I. (Not Richmond.)
- MAMEIGWESS; lake, north of Attawapiskat lake, Keewatin.
- MANASAN; river, tributary to Burntwood river, Keewatin. (Not Munosahn.)
- MANAWAGONISH; island, in St. John harbour, St. John county, N.B. (Not Manawoganish.)
- MANG; lake, west of Kawawia lake, Rainy River district, Ont. (Not Loon.)
- MANGANESE; mountain, east of Ice river, Rocky mountains, Kootenay district, B.C.
- Manicouagan.* See Manikuagan.
- Manicugan.* See Manikuagan.
- MANIGOTAGAN; lake and river, east of lake Winnipeg, Man. (Not Bad Throat river, Muskrat lake, nor Rat Portage lake.)
- MANIKUAGAN; point and river, Saguenay county, Que. (Not Manicouagan nor Manicugan.)
- MANITOBA; ledge, off west side of Yeo island, at entrance to Georgian bay; also reef north of Great Duck island; Manitoulin district, Ont.
- MANITOU; creek, flowing into Michael bay, Manitoulin island, Manitoulin district, Ont.
- Manitoulin gulf.* See South bay.
- MANITOULIN; island, Manitoulin district, Ont. (Not Grand Manitoulin.)
- MANITOUNUK; sound, north of Great Whale river, Ungava. (Not Manitounuck.)

SESSIONAL PAPER No. 21a

- MANITOWANING**; bay and village, Manitoulin district, Ont. (Not Manitouaning.)
- MANITUMEIG**; lake, west of Manitou lake, Rainy River district, Ont.
- MANITUSH**; lake, southwest of Attawapiskat lake, Keewatin.
- MANN**; island, in upper part of lake Timiskaming, Pontiac county, Que.
- MANOMIN**; lake, west of Winnange lake, Rainy River district, Ont. (Not Unaminnikan.)
- MANUAN**; lake, and river tributary to the upper St. Maurice, Champlain county, Que. (Not Manouan.)
- Manuminan.* See Paint.
- MAPLE**; point, at the northeast end of Gil island, Coast district, B.C.
- Maple.* See Goosehunting.
- MAQUEREAU**; point, Gaspé county, Que. (Not Macquereau.)
- MARA**; lake, east of Salmon arm of Shuswap lake, Yale district, B.C. (Not Mara arm of Shuswap lake.)
- MARBLE DOME**; mountain, south of Gladys lake, Cassiar district, B.C. (Not Brown Dome.)
- MARGAREE**; town, Inverness county, N.S. (Not Margaree Harbour.)
- MARGARET**; lake, northeast of Turquoise lake, Alta
- MARIA**; lake, northwest of Tuya lake, Cassiar district, B.C.
- MARINA**; island, southwest of Cortes island, Sutil channel, Coast district, B.C. (Not Mary.)
- MARION**; lake, west of Glacier station, Kootenay district, B.C.
- MARK**; creek, tributary to St. Mary river, Kootenay district, B.C.
- MARKHAM**; bay, northeast shore of Hudson strait, Franklin.
- MARMOT**; mountain, north of Observation peak, Rocky mountains, Alta.
- MARPOLE**; lake and mountain, at headwaters of Yoho river, Kootenay district, B.C.
- MARSH**; lake, in the southern portion of Yukon, near Bennett and Tagish lakes.
- Marshall Cove.* See Port Lorne.
- MARS HILL**; post settlement, Carleton county, N.B. (Not Mar's Hill.)
- MARTEL**; post office, Russell county, Ont. (Not Martel Corners.)
- MARTEN**; river, tributary to Rupert river, Mistassini district, Que.
- MARTEN DRINKING**; river, emptying into Attawapiskat lake, Keewatin.
- MARTIMOKI**; lake, Saguenay county, Que. (Not Martimokinipau.)
- MARTINS**; valley, east of Chancellor peak, Rocky mountains, Kootenay district, B.C.
- MARY**; creek, tributary to Teslin river, near M'Clintock peak, Yukon. —point, Boxer reach, Coast district, B.C. —shoal, south of Great Duck island, Manitoulin district, Ont.
- Mary.* See Marina.
- MASCABIN**; point, at north entrance to Passamaquoddy bay, Charlotte county, N.B. (Not Mascarin.)
- MASCAREEN**; peninsula and village, Charlotte county, N.B. (Not Mascarene nor Mascarren.)
- Mashamengoose.* See Mitchinamekus.
- MASSASAUGA**; point, west of Horse point, Ameliasburg township, Prince Edward county, Ont.
- MATAPEDIA**; lake, river, and village, Matane and Bonaventure counties, Que. (Not Metapedia.)
- MATASHI**; river, headwaters of Gatineau river, Berthier county, Que.
- Matawa.* See Shamattawa.
- MATCHIMANITO**; lake, southwest of lake Millie, Abitibi district, Que.
- MATHESON**; island, west of the north entrance to the narrows of lake Winnipeg, Man. (Not Snake.) —mountain, on east side of Bennett lake, Yukon.
- MATSATU**; river, tributary to Nahlin river Cassiar district, B.C.
- MATTAGAMI**; lake, and river tributary to Nottaway river, Abitibi district, Que.
- MATTAWA**; lake, at headwaters of St. Maurice river, Champlain county, Que.
- MATTAWAGOSIK**; lake, south of Abitibi lake, Abitibi district, Que. (Not Mattawagosig.)
- MATTHEW**; creek, tributary to St. Mary river, Kootenay district, B.C.
- MATTHEWS**; point, Active pass, strait of Georgia, New Westminster district, B.C.
- MAUGER**; beach, at entrance to Halifax harbour, Halifax county, N.S. (Not Meagher.)
- MAUNOIR**; butte, near confluence of Lewes and Teslin rivers, Yukon.
- MAURELLE**; island, between "Hole in the wall" and Surge narrows, Coast district, B.C. The eastern portion of what was formerly Valdes island.
- MAUS**; creek, east of Kootenay river, south of Steele, Kootenay district, B.C. (Not Mouse.)
- MAYES**; point, at northerly end of Read island, Sutil channel, Coast district, B.C. (Not Mayor.)
- MAYFLOWER**; island, at entrance to Thomas bay, Manitoulin island, Manitoulin district, B.C.

7-8 EDWARD VII., A. 1908

MAYNE; island and post village, in the southern portion of the strait of Georgia, New Westminster district, B.C.

MAYO; brook and lake, tributary to Stewart river, Yukon.

Mayor. See Mayes.

Mazokama. See Kama.

MEACHAM; creek, tributary to St. Mary river, Kootenay district, B.C. (Not Caribou nor Whitefish.)

Meadow. See Ripple, and Linklater.

MEADOW; creek, branch of Sulphur creek, Indian river, Yukon.

Meagher. See Mauer.

MEANDER; brook, south of Eagle lake, Rainy River district, Ont.

Mecatina. See Mekattina.

Medicine Lodge. See Lodge.

MEDUXNEKEAG; river, tributary to St. John river, Carleton county, N.B. (Not Maduxnekeag nor Meduxnekeag.)

MEDWAY; seaport town, Queens county, N.S. (Not Port Medway nor Port Metway.)

MEGANTIC; county, lake, and village, also Lake Megantic county, Que. (Not Lake Megantic village.)

MEGGISI; brook, tributary to upper Winisk river, below Tabasokwia river, Keewatin. —lake, southeast of Anzhekumming lake, Rainy River district, Ont. (Not Small Trout.)

Megiskun. See Migiskan.

Meholland. See Mulholland.

Mejomanguse. See Mitchinamekus.

MEKATTINA; cape, islands, and river, Saguenay county, Que. (Not Mecatina, nor Little Mecatina river.)

MEKINAK; lake, river, and township, Champlain county, Que. (Not Mekinac.)

Mekiscan. See Megiskan.

MELDRUM; point, northwestern end of Manitoulin island, Manitoulin district, Ont. (Not Mildram nor Mildrum.)

MELVILLE; lake, an expansion of Hamilton inlet, Ashuanipi district, Que. (Not Groswater bay). —point, south of Srigley bay, Manitoulin district; also shoal, east of northeast end of Amhest island, Frontenac county; Ont.

Menan. See Grand Manan.

MENDENHALL; river, tributary to Takhini river, Yukon.

MENESATUNG; park, north of Goderich, Huron county, Ont.

MENIKWESI; lake, west of Kawawia lake, Rainy River district, Ont.

Menjobaguse. See Mitchinamekus.

MENNIN; lake, southeast of Dinorwic lake, Rainy River district, Ont. (Not Blueberry nor Shallow.)

MERIGOMISH; island and village, Pictou county, N.S. (Not Big island nor Merigomishe village.)

Mescoh. See Misko.

MESKWATESSI; lake, east of Atikwa lake, Rainy River district, Ont.

METABETCHOUAN; P. O., river, and township, Chicoutimi county, Que. (Not Metabechouan.)

Metaghan. See Meteghan

Metapedia. See Matapedia.

Metchiskan. See Migiskan.

METEGHAN; river and village, Digby county, N.S. (Not Metaghan.)

METEGHAN STATION; P. O., Digby county, N.S. (Not Metaghan.)

METHUEN; reef, south shore Manitoulin island, Manitoulin district, Ont.

METHY; lake, on Burntwood river, Keewatin. (Not Long.)

METIS; lake, point, river, and village, Matane county, Que. (Not Mitis nor Great Metis.)

Metiscan. See Migiskan.

METLAKATLA; bay and village, Chatham sound, Coast district, B.C. (Not Metlah Catlah, Metla-Catlah, Metla-katla, Methlakahtla, Metla Catla, nor Metla-Katla.)

MICHAEL; bay and point, south shore of Manitoulin island, Manitoulin district, Ont. —peak, in the President range, Rocky mountains, Kootenay district, B.C. (Not Michael's.)

Michagama. See Kitchigama.

MICHAUD; creek, tributary to Klondike river, Yukon. —creek, west of Lower Arrow lake, Kootenay district, B.C.

MICHIE; mountain, east of lake Marsh, Yukon.

MICHIKAMOG; lake, northwest of Attawapiskat lake, Keewatin.

MICHIKENIS; river, east of Wunnummin lake, upper waters of Winisk river, Keewatin.

MICHIKENOPIK; brook, tributary to Pizustigan river, upper Winisk river, Keewatin.

MICHIPICOTEN; harbour, island, river, and village, Manitoulin district, Ont. (Not Michipicoten.)

MIDDLE; creek, tributary to Tahltan river; also mountain near lower part of Stikine river, south of Porcupine creek; Cassiar district, B.C. —river, Pictou county, N.S. (Not Middle river of Pictou.)

Middle Br. Highwood R. See Pekisko creek.

SESSIONAL PAPER No. 21a

- MIDDLEBRUN**; bay, channel, and island, south of entrance to Black bay, Thunder Bay district, Ont.
- Middle Caledonia**. See Caledonia.
- MIDDLE DUCK**; island, south of Inner Duck island, Manitoulin district, Ont.
- MIDDLE SAVAGE**; islands, northwest of Pritzler harbour, Hudson strait, Franklin. (Not islands of God's Mercie (eastern).)
- MIDDLETON**; island, at the mouth of Broadback river, and mountain, southeast of lake Evans; Abitibi district, Que.
- MIDJIK**; point, on east side of Passamaquoddy bay, Charlotte county, N.B. (Not Midgie, Midjie, nor Mijie bluff.)
- MIGISKAN**; river, flowing westerly from the height of land near sources of St. Maurice river into Shabogama lake, Abitibi district, Que. (Not Megiskun, Mekiscan, Metchiskan, nor Metiscan.)
- Mijie**. See Midjik.
- MIKVASACH**; lake, west of Opemiska lake, Abitibi district, Que. (Not Wikwasash.)
- Mildram**. See Meldrum.
- MILES**; canyon, on Lewes river, above Whitehorse rapid, Yukon. —point, Gabriola island, strait of Georgia, New Westminster district, B.C. (Not Schooner.)
- MILLAR**; post office, Grenville county, Ont. (Not Millar's Corners.)
- MILLER**; creek, tributary to Sixtymile river, Yukon. —point, western entrance point of Robinson cove, Big island, bay of Quinte, Prince Edward county, Ont. (Not Miller's.)
- MILLE ROCHES**; post village, Stormont county, Ont.
- MILLE VACHES**; bay, point, and river, Saguenay county, Que. (Not Saut de Mouton river.)
- MILLIE**; lake, northeast of Matchimanito lake, Abitibi district, Que.
- MILTON**; bank, southeast of Wells shoal, Bruce county, Ont. —point, between Lonely and Lougheed bays, Manitoulin island, Manitoulin district, Ont.
- MIMINEGASH**; river and village, Prince county, Prince Edward Island. (Not Big or North Miminigash, nor Minimegash.)
- MININISKA**; lake, Albany river, Thunder Bay district, Ont. and Keewatin.
- MIMOMINATIK**; brook, emptying into Kapkichi lake, upper Winisk river, Keewatin.
- MINAGO**; river, emptying into Cross lake, Keewatin. (Not Pine.)
- MINAS**; basin, east arm of the bay of Fundy, Colchester, Cumberland, Hants, and Kings counties, N.S. (Not Basin of Mines nor Mines Basin.)
- MINDEMOTA**; river, emptying into Providence bay, Manitoulin island, Manitoulin district, Ont.
- MINERAL**; creek and town, north of Caribou creek, Kootenay district, B.C.
- MINERS**; range of mountains, near lake Laberge, Yukon.
- MINETTE**; bay, Kitimat arm, Coast district, B.C.
- MINK**; reef, Manitoulin island, northwest of Steevens island, Manitoulin district, Ont.
- MINNAWEISKAG**; lake, south of Dinorwic lake, Rainy River district, Ont. (Not Kaminaweiskagwok.)
- MINNEHAHA**; lake, north of Peak lake, Rainy River district, Ont. (Not Kiskopkechewans.)
- MINNEWAKAN**; post village, Posen municipality, Man.
- MINNEWANKA**; lake, in the Rocky mountains park, Alberta. (Not Devil's Head.)
- MINNIE BELL**; creek, tributary to Flat creek, Klondike river, Yukon.
- MINNITAKI**; lake and railway station, Rainy River district, Ont. (Not Minnietakie.)
- MINT**; creek, branch of Hunker creek, Klondike river, Yukon.
- MINTO**; mountain, west of Atlin lake, near north end, Cassiar district, B.C.
- MIRAMICHI**; bay and river, Northumberland county, N.B. (Not Mirimichi.)
- MIRROR**; lake, west of lake Louise, Alta.
- MISAMIKWASH**; lake, west of Wunnummin lake, upper waters of Winisk river, Keewatin.
- MISCOU**; island, harbour, and point, Gloucester county, N.B. (Not Miscow, Mya, nor North Mya.)
- MISERY**; bay and point, south shore Manitoulin island, Manitoulin district, Ont.
- MISHOMIS**; lake, southwest of Grand lake Victoria, Pontiac county, Que.
- MISKATLA**; Indian village, Douglas channel, opposite Maitland island, Coast district, B.C. (Not Mis-ka-tla.)
- MISKITTENAU**; lake, at headwaters of Rupert river, Mistassini district, Que.
- MISKO**; creek, tributary to Ottertail river, Rocky mountains, Kootenay district, B.C. (Not Mescoh.)
- MISKWABI**; lake, Dudley township, Haliburton county, Ont. (Not Mis-quah-be-nish.)
- MISSAGUASH**; river, emptying into Cumberland bay, Westmorland county, N.B. (Not Missiguash, Missiquash, nor Misseguash.)
- Missinnippi**. See Churchill.
- MISSION**; bay, and channel (southern) of Kaministiquia river, Thunder Bay district, Ont. (Not Mission river.) —mountain, on Tsimpsean peninsula, west of Prince Rupert harbour, Coast district, B.C.
- MISSISEW**; river, tributary to Grass river, Keewatin.

7-8 EDWARD VII., A. 1908

- MISSISSAGI**; bay, island, river, and strait, at north end of lake Huron, Algoma and Manitoulin districts, Ont. (Not Mississauga.)
- MISSISSAGUA**; brook and lake, Peterborough county, Ont. (Not Gull lake.)
- MISTA**; a peak of the Valkyr mountains, Kootenay district, B.C.
- MISTASSIBI**; river, tributary to Mistassinni R., Lake St. John county, Que. (Not Muskosibi.) Reversal of previous decision.
- MISTASSINI**; district and lake, northwestern Quebec.
- MISTASSINIS**; lake, east of lake Mistassini, Mistassini district, Que. (Not Little L. Mistassini.)
- MISTAYA**; river, at headwaters of Saskatchewan river, Alta. (Not Little fork of the Saskatchewan nor Bear Creek.)
- MISTIKUS**; lake, Rimouski county, Que. (Not Mistigouche nor Mistigouèche.)
- MITCHINAMEKUS**; lake and river, headwaters of Lièvre river, Berthier, Champlain, Maskinonge, and St. Maurice counties, Que. (Not Mashamengoose, Mejomanguse, nor Menjobaguse.)
- MITISHTO**; river, tributary to Grass river, below Wekusko lake, Keewatin.
- MOBERLY**; creek, west of Lower Arrow lake, Kootenay district, B.C.
- MOIRA**; river, emptying into the bay of Quinte, near Belleville, Hastings county, Ont.
- MOISIE**; bay, point, river, rock, and shoal, Saguenay county, Que. (Not Moisi nor Moisie.)
- MOKWAWASTUK**; lake, at headwaters of Marten river, Mistassini district, Que. (Not Mokwawastuk.)
- MOLAR**; mountain, northeast of mount Hector, Rocky mountains, Alta.
- MOLUS**; river, tributary to Richibucto river, Kent county, N.B. (Not Moulie's.)
- MONCKLAND**; post village and railway station, Stormont county, Ont. (Not Moncklands, Monklands, nor Moncklands Station P.O.)
- MONDONAK**; lake and river, upper waters of Manuan river, Champlain county, Que.
- MONELL**; reef, at entrance to Wood bay, Manitoulin island, Manitoulin district, Ont.
- MONEY**; point, on the southerly portion of Hawkesbury island, Coast district, B.C.
- MONGUS**; lake, near Manitou lake, Rainy River district, Ont.
- MONK**; lake, Cardiff township, Haliburton county, Ont.
- Monklands**. See Moncklands.
- MONMOUTH**; lake, Monmouth township, Haliburton county, Ont.
- MONQUART**; river, tributary to St. John river, Carleton county, N.B. (Not Munquart nor Manquart.)
- MONROE**; creek and lake, near Moyie lake, Kootenay district, B.C.
- MONSOMSHI**; lake, on Severn river, Keewatin. (Not Mon-som-shi-pin-net.)
- MONTAGUE**; village, Kings county, P.E.I. (Not Montague Bridge.)
- MONTANA**; creek, tributary to Yukon river, above Dawson, Yukon.
- MONTEBELLO**; railway station and village, Ottawa county, Que. (Not Monte Bello.)
- MONTREAL**; channel, west of Edward island and south of entrance to Black bay, Thunder Bay district, Ont.
- MONTROSE**; cape, Markham bay, Hudson strait, Franklin.
- MONUMENTAL**; island, southeast of Clements Land, Franklin.
- MOODY**; point, Boxer reach, Coast district, B.C.
- Moonshine**. See Uphill.
- MOORE**; lake, Lutterworth township, Haliburton county, Ont. (Not Moore's.) —point, west of Lima point, Digby island, Chatham sound; also rock, Blunden harbour, Queen Charlotte sound; Coast district, B.C.
- MOOSE**; creek, tributary to Fortymile river, near international boundary, Yukon. —lake, north of Cedar lake, Keewatin.
- Moose**. See Bonald.
- MOOSEHORN**; lake, west of Grand lake Victoria, Pontiac county, Que.
- MOOSEJAW**; creek and town, Sask. (Not Moose Jaw.)
- MOOSESKIN**; creek and mountain, near mouth of Klondike river, Yukon.
- Mooshaulagan**. See Mushalagan.
- Mooyie**. See Moyie.
- MORaine**; lake, south of mount Temple, Alta.
- MORICE**; lake and river, tributary to Bulkley river, Cassiar district, B.C. (Not Morrice.)
- MORICETOWN**; village, on Bulkley river, Cassiar district, B.C. (Not Morricetown.)
- MORLEY**; river, emptying into Teslin lake, Yukon.
- MORRIS**; river, tributary to Red river, also town in southern Manitoba. (Not Boyne river, Ile de Bois river, nor Scratching river.)
- MORRISON**; mountain, on Yukon river, near international boundary, Yukon.
- MOSES OATES**; cape, Charles island, Hudson strait, Ungava.
- MOSQUITO**; creek, tributary to Columbia river, Kootenay district, B.C. —creek, tributary to Bonanza creek, Yukon.

SESSIONAL PAPER No. 21a

MOUAT; channel and reef, off S.E. point of Vancouver I.; islands off S.W. coast of Texada I.; west point of Pender I.; New Westminster district, also rock in Goletas channel, northern coast of Vancouver I.; B.C. (Not Mouatt.)

Mouchalagan. See Mushalagan.

Moulie's. See Molus.

MOUNTAIN; lake, southwest of lake Lindeman, Cassiar district, B.C. (Not Long lake.)

Mountain. See Liard.

Mountain. See Watchi.

Mouse. See Maus.

MOYIE; lakes, river, and town, in southwestern portion of Kootenay district, B.C. (Not Mooyie.)

MUCHUYA; creek, tributary to Kakuchuya river, Cassiar district, B.C.

MUD; glacier, northeast of mount Purity, Selkirk mountains, Kootenay district, B.C.

Mud. See Chilako.

Mud. See Kabagukski.

Muddy Water. See Apeganau.

MUDJATIK; river, tributary to Churchill river, north of Ile à la Crosse, Sask. (Not Caribou nor Mudjatic.)

MUHIGAN; river, emptying into Sipiwesik lake, Keewatin. (Not Wolf nor Wolf Rand.)

MULHOLLAND; point, Campobello island, Charlotte county, N.B. (Not Mulholland's, Meholland, nor Mehollan.)

MULVEY; creek, tributary to Slocan river, Kootenay district, B.C.

MUMMERY; mountain, west of Blacberry river, Rocky mountains, Kootenay district, B.C.

Munosahn. See Manasan.

MUNRO; creek, emptying into Gladys lake; also mountain east of Atlin lake; Cassiar district, B.C. —point, St. Ann harbour, Victoria county, N.S. (Not Munroe nor Munro's.)

MUNROE MILLS; post office, Glengarry county, Ont. (Not Munro's Mills nor Munroe's Mills.)

MURCHISON; cape, southeast end of Brevoort island, Franklin.

MURPHY; harbour and point, south shore of Manitoulin island, Manitoulin district, Ont.

MURRAY; canal, in Murray and Brighton townships, connecting the bay of Quinte with Presqu'île bay, Northumberland county, Ont. —creek, tributary to Sutherland river, south of Lesser Slave lake, central Alberta.—point, Markham bay, Hudson strait Franklin.

MUSCOTE; bay, off Big bay, southwest side of the bay of Quinte, Prince Edward county, Ont.

MUSHALAGAN; lake, Saguenay county, Que. (Not Mooshaulagan nor Mouchalagan.)

MUSKOKA; lake and river, Muskoka district, Ont

Muskosibi. See Mistassibi.

Muskrat. See Manigotagan.

MUSKWARO; point and river, Saguenay county, Que. (Not Musquarro.)

MUSSEN; mountain, near southern end of Atlin lake, Cassiar district, B.C.

MUTCHMORE; point, south shore Manitoulin island, Manitoulin district, Ont.

MYA; point, Shippigan island, Gloucester county, N.B. (Not South Mya.)

Mya. See Miscou.

MYERS; point, Sidney township, Hastings county, Ont.

MYLES; shoal, opposite Kingston, Frontenac county, Ont. (Not Royal George.)

N

Naas. See Nass.

Nabesippi. See Nabisipi.

NABISIPI; river, Saguenay county, Que. (Not Nabesipi nor Nabesippi.)

Nacawicac. See Nackawic.

NACKAWIC; river and village, York county, N.B. (Not Nacawicac nor Nackawick.)

NADINA; mountain, and river flowing into Français lake from the west, Cariboo district, B.C. (Not Nadinaka river nor Nadinako river.)

NAHLIN; river, tributary to Inklin river, Cassiar district, B.C.

NAHONI; mountains, and lakes (upper, lower and middle), at headwaters of Porcupine river, Yukon. (Not Nahone.)

NAJAN; river, tributary to St. Maurice river, above Manuan river, Champlain county, Que.

Najualand. See Najwalwank.

NAJWALWANK; lake, Quebec county, Que. (Not Kajoualwang nor Najualand.)

NAKIMU; caves, in valley of Cougar creek, Selkirk mountains, Kootenay district, B.C.

NAKINA; river, tributary to Taku river, Cassiar district, B.C.

NAKONAKE; river, tributary to Sloko river, Cassiar district, B.C.

NAKUSP; creek, railway terminus, and town, east side of Upper Arrow lake, Kootenay district, B.C. (Not Na-Kusp.)

Nalta. See Fraser.

7-8 EDWARD VII., A. 1908

- NALTESBY**; lake, on telegraph trail, north of Chilako river, Cariboo district, B.C. (Not Bobtail.)
- NAMAWASH**; lake, upper Ottawa river, northwest of Grand lake Victoria, Pontiac county, Que.
- NAMEGOS**; lake, south of Matchimanitou lake, Montcalm county, Que. (Not Nemegos.)
- NAMEGOSIS**; lake, south of Matchimanito lake, Montcalm county, Que. (Not Nemegosis.)
- NAMEIBEN**; lake, north of Kagianagami lake, Thunder Bay district, Ont.
- NAMEINS**; rapids, upper Winisk river, Keewatin.
- NAMEW**; lake, northeast of Cumberland lake, Sask. (Not Sturgeon.)
- NANKIKA**; lake, northwest of Attawapiskat lake, Keewatin.
- NANKIVELL**; islands, Blunden harbour, Queen Charlotte sound, Coast district; also point in Nanoose harbour, east coast of Vancouver island; B.C.
- NARES**; lake, between Bennett and Tagish lakes, also mountain east of north end of Bennett lake; Yukon. —point, Departure bay, east coast of Vancouver Island, B.C. (Not Boulder.)
- NARCHILLA**; brook, emptying into McPherson lake, Yukon.
- Narrow**. See Bagot.
- NASS**; bay and river, north of Skeena river, Coast district, B.C. (Not Naas, Nasse, nor Naas harbour.)
- NATASHKWAN**; harbour, point, and river, Saguenay county, Que. (Not Natashquan.)
- NATCHIPOTCHI**; lake, at the head of Etchipotchi river, Abitibi district, Que. (Not Natchipoishi.)
- Nation**. See Petite Nation.
- Nation**. See South Nation.
- NAUMULTEN**; mountain, east of head of Lower Arrow lake, Kootenay district, B.C.
- NAUYATS**; island, southeast shore Ungava bay, Ungava.
- NAVY**; island, Bedford basin, Halifax harbour, Halifax county, N.S. (Not Stephens nor Stevens.)
- NAWAPITECHIN**; river, tributary to Kinojevis river, Pontiac county, Que. (Not Nawaspiteshins.)
- NEALE**; lake, northeast of Lloydminster, Sask.
- NECHAKO**; river, tributary to Fraser river, Cariboo district, B.C. (Not Nechaco nor Nechacco.)
- NEDLUK**; lake, west of Koksoak river, Ungava.
- NEEDLE**; mountain, between the "big bends" of Watson and Wheaton rivers, Yukon.
- NELLES**; post office, Haldimand county, Ont. (Not Nelles Corners nor Nelles' Corner.)
- NELLO**; river, headwaters Klondike river, Yukon.
- NELLY**; point, on the northwest portion of Princess Royal island, Coast district, B.C.
- NELSON**; lake, on Churchill river, Keewatin. —lake west of Edgar lake, Cassiar district, B.C.; —river, flowing from lake Winnipeg into Hudson bay, Keewatin. The two channels by which it drains the lake are east branch and west branch. (Not East river and West river.)
- Nelson**. See Fort Nelson.
- Nemegos**. See Namegos.
- Nemegosis**. See Namegosis.
- NEMEIBENNUK**; lake, west of Anzhekumming lake, Rainy River district, Ont. (Not Sucker.)
- NEMEIGUSABINS**; lake, near the upper waters of Winisk river, Keewatin.
- NEMIKACHI**; lake, upper waters of Lievre river, Maskinongé county, Que. (Not Nemicachingue.)
- NEMISKAU**; lake, an expansion of Rupert river, Mistassini district, Que. (Not Namiska.)
- NEMO**; creek, west of Slocan lake, Kootenay district, B.C.
- Ne-na-tik-go**. See Ninatigo.
- Nepigon**. See Nipigon.
- Nepihjee**. See Leaf.
- Nepisiguit**. See Nipisiguit.
- NEPTUNE HEAD**; point, at entrance to Stupart bay, Hudson strait, Ungava.
- Nesto**. See Hippa.
- NESTON**; lake, west of L. Devizes, Thunder Bay district, Ont.
- Net Setting**. See Setting.
- NETLEY**; creek and lake, south of lake Winnipeg, Man. (Not Nettly nor Nipuwini.)
- NEWAGAMA**; lake, southeast of Abitibi lake, Pontiac county, Que.
- NEWBURG**; post village and railway station, Carleton county, N.B. (Not Newburgh Junction.)
- NEW CANAAN**; post office, Kings county, N.S. (Not Canaan.)
- NEWELL**; sound, southwest shore of Frobisher bay, Franklin. (Not Kangerflung.)
- New Galloway**. See Galloway.
- New Galway**. See Galloway.
- NEWMARKET**; post village, York county, N.B. (Not New Market.)
- NEWROSS**; post office, Dundas county, Ont. (Not New Ross.)
- NEWTON**; fiord, Frobisher bay, Franklin. (Not Tornait.)
- NEWTOWN**; village, Kings county, N.B. —village, Guysborough county, N.S. (Not Newton nor New Town.)
- New Wiltshire**. See Wiltshire.

SESSIONAL PAPER No. 21a

- NEW ZEALAND**; creek, tributary to Indian river, Yukon.
- NIBINAMIK**; lake, southwest of Wapikopa lake, upper Winisk river, Keewatin.
- NIBLOCK**; mountain and pass, northeast of Popes peak, Alta.
- NICHOLAS**; islets, northeast of Vansittart island, Queen Charlotte sound, Coast district, B.C. (Not Nicolas.)
- Nickadow**. See Nigadu.
- NICTAU**; village, at the forks of Tobique river, Victoria county, N. B.
- NICTOR**; lake, headwaters of Little Tobique river, Restigouche county, N. B.
- NIGADU**; river and village, Gloucester county, N. B. (Not Nickadow, Nigado, nor Nigadoo.)
- Niganishe**. See Ingonish.
- NIGEI**; island, near northwest end of Vancouver island, B. C. (Not Galiano.) To avoid duplication. See Galiano island, strait of Georgia.
- NIGGER**; island, between Belleville and Trenton; also narrows, bay of Quinte; Hastings county, Ont. (Not Nigger island narrows.)
- NIKABAU**; lake and river, headwaters of Ashuapmuchiuan river, Chicoutimi county, Que.
- NILES**; mountain, southeast of mount Balfour, Kootenay district, B. C.
- NIMPKISH**; lake and river, in northwest portion of Vancouver island, B. C. (Not Karmutsen lake nor Kla-anch river.)
- NINATIGO**; lake, Stanhope township, Haliburton county, Ont. (Not Ne-na-tik-go.)
- NIORD**; mountain, west of Slocan lake, Kootenay district, B. C.
- NIPIGON**; bay, lake, river, and railway station, Thunder Bay district, Ont. (Not Nepigon nor Neepigon.)
- NIPISIGUIT**; lake and river, emptying into the bay of same name, Gloucester county, N. B. (Not Nepisiguit, Nipisiquit, nor Nipisghit.)
- NIPMENANNI**; river, a tributary of Shoshokwan river, upper Ottawa, Pontiac county, Que. (Not Nipmenane.)
- NIPPLE**; mountain, east of Frances lake, Yukon.
- NIPUKATASI**; river, emptying into Kenoniska lake, southeast of lake Evans, Abitibi district, Que. (Not Nipukatase.)
- Nipuwini**. See Netley.
- Niskitogiscw**. See Kiskittogisu.
- NISLING**; river, tributary to White river, east of Wellesley lake, Yukon. (Not Tahte.)
- Nistowasis**. See Threepoint.
- NISUTLIN**; river, emptying into Teslin lake, Yukon.
- Noddawai**. See Nottaway.
- Nodway**. See Nottaway.
- NOEL**; harbour, Crooks inlet, Hudson strait, Franklin.
- Noel**. See Nowell.
- NOGOLD**; creek, tributary to Stewart river, Yukon.
- NOIX**; ile aux, Richelieu river, St. Johns county, Que. (Not Fort Lennox.)
- NOLIN**; island, at junction of Attawapiskat and Boulder rivers, Keewatin.
- NOMINING**; lake, P. O. and railway station, Ottawa county, Que. (Not Nominingue.)
- Noolki**. See Nulki.
- Noores**. See Bath.
- NORBURY**; lakes, east of Kootenay river, south of Steele, Kootenay district, B. C. (Not Fish.)
- NORDENSKIÖLD**; river, tributary to Lewes river, Yukon.
- NORNS**; mountains, southeast of Airy mountain, Kootenay district, B. C.
- NORQUAY**; mountain, northwest of Banff, Alta.
- NORTH**; bay, north shore of Hudson strait, Franklin. —channel, between Manitoulin island and the north shore of lake Huron, Manitoulin district; also lake, Harburn township, Haliburton county; Ont.
- North**. See Gladys.
- North**. See Hall.
- North**. See Old Factory.
- NORTH ALBERT**; peak, northwest of Albert peak, Selkirk mountains, Kootenay district, B. C.
- North Cornwall**. See Cornwall.
- North Devon**. See Devon.
- NORTH DUCK**; river, emptying into Duck bay, lake Winnipegosis, Man. (Not Duck River North.)
- North Branch (Kicking Horse R.)** See Amiskwi.
- NORTHEAST**; bay, Shabogama lake, Abitibi district, Que.
- Northfield**. See Hennigar.
- North Foreland**. See Queen Elizabeth.
- North Fork**. See Yoho.
- North Lincoln**. See Ellesmere.
- North Lizard**. See Rowe.
- North Mya**. See Miscou.
- North Nation**. See Petite Nation.
- North Porpoise**. See Ridley.
- NORTHPORT**; shoal and village, Sophiasburg township, Prince Edward county, Ont.

7-8 EDWARD VII., A. 1908

NORTH STAR; hill, north of St. Mary river, Kootenay district, B.C.

North Somerset. See Somerset.

Northumberland. See Cumberland.

NORTH VERMILION; settlement, on north side of Peace river, Alta.

North Wiltshire. See Wiltshire.

NOTTAWAY; river, flowing from Mattagami lake into James bay, Abitibi district, Que. (Not Noddawai nor Nodway.)

NOWELL; channel, in easterly portion of Queen Charlotte sound, Coast district, B.C. (Not Noel.)

NOZHEIATIK; lake, east of Anzhekumming lake, Rainy River district, Ont.

NUBBLE; mountain, Goschen island, Hecate strait, Coast district, B.C.

NULKI; lake, on telegraph trail, south of Nechako river, Cariboo district, B.C. (Not Noolki.)

NUNIKANI; lake, Sherborne township, Haliburton county, Ont. (Not Numnekaning.)

NUTT; post office, Missisquoi county, Que. (Not Nutt's Corners.)

NYARLNG; river, tributary to Little Buffalo river, south of Great Slave lake, Mackenzie.

O

OAK; lake, Methuen township, Peterborough county, Ont.

OAKBANK; post village, east of Winnipeg, Man. (Not Oak Bank.)

OBASHI; lake, northwest of Attawapiskat lake, Keewatin.

OBASHING; lake, Pontiac county, Que. (Not Big Obashing.)

OBASKA; lake, north of Grand L. Victoria, Pontiac county, Que. (Not Obiska.)

OBATOGAMAU; lake, at the height of land south of Chibougamau lake, Abitibi district, Que.

OBIDUAN; lake, at headwaters of St. Maurice river, Champlain county, Que.

OBIKOBA; lake, northeast of lake Timiskaming, Pontiac county, Que.

OBONGA; lake, west of L. Nipigon, Thunder Bay district, Ont.

OBOWANGA; river, northwest of Obonga lake, Thunder Bay district, Ont.

O'BRIEN; creek, at international boundary, west of Cudahy, Yukon.

OBSERVATION; butte, near Gun lake, north of Nahlin river, Cassiar district, B.C. —peak, east of Peyto lake, Alta. (Not Mount Observation.)

Observation. See Jupiter.

OCHIG; lakes, north of L. St. Joseph, Keewatin.

O'Connor. See Kaskawulsh.

OCTOPUS; creek, east of Lower Arrow lake, Kootenay district; also islands at the entrance to Waiatt bay, Okisollo channel, Coast district; B.C.

ODARAY; mountain, south of Cathedral mountain, Kootenay district, B.C.

ODEI; river, tributary to Burntwood river, Keewatin. (Not Sahpoochaway.)

ODELLACH; river, tributary to Tobique river, Victoria county, N.B. (Not Otelloch.)

ODIN; mountain, west of Upper Arrow lake, Kootenay district, B.C.

O'DONNEL; river, emptying into east side of Atlin lake, Cassiar district, B.C. (Not Dixie creek.)

OESA; lake, southwest of mount Lefroy, Kootenay district, B.C.

OGDEN; mountain, northwest of Hector station, Rocky mountains, Kootenay district, B.C.

OGILVIE; post on Yukon river, near mouth of Sixty-mile river; range of mountains and river; valley, north of lake Laberge; Yukon.

OGOKI; lake and river, tributary to Albany river, Thunder Bay district, Ont. (Not Tiernan.)

O'HARA; lake, west of mount Lefroy, Rocky mountains, Kootenay district, B.C. (Not Cascade.)

OISEAU; lake and river, southeast of lake Winnipeg, Man. (Not Bird.)

O'KEEFE; mountain, between Sloko and Silver Salmon rivers, Cassiar district, B.C.

OKISOLLO; channel, between Quadra and Sonora islands, Coast district, B.C. (Not Okishollow.)

OKOTOKS; mountain, post office, and railway station, southern Alberta.

Old Bluff. See Yeo.

OLD FACTORY; river, emptying into east side of James bay, Ungava. (Not North.)

OLDFIELD; mountain, on Kaien island, east of Prince Rupert harbour, Coast district, B.C.

OLDMAN; river, tributary to Belly river, Alta. (Not Old Man's). —rock, Yukon river, between Cudahy and international boundary, Yukon.

OLDWOMAN; rock, Yukon river, near Oldman rock, Yukon.

OLGA; lake, southeast of Mattagami lake, Abitibi district, Que. —river, north shore of Hudson strait, Franklin.

OLIVE; mountain, northeast of mount Gordon, Rocky mountains, Alta.

OLIVER; mountain, southwest of mount Bonney, Selkirk mountains, Kootenay district, B.C.

OLOMANOSHIBO; river, Saguenay county, Que. (Not Olomanoshebo nor Olomonasheebou.)

SESSIONAL PAPER No. 21a

- OMANEK; island, east shore Ungava bay, Ungava.
- OMATUWI; lake, north of Split lake, Nelson river, Keewatin. (Not O-Ma-Tou-Wi.)
- OMINECA; mountains, and river, Cariboo and Cassiar districts, B.C. (Not Omenica, Ominica, nor Omeneca.)
- ONAMAKAWASH; lake, southwest of Smoothrock lake, Thunder Bay district, Ont.
- ONAMAN; river, emptying into Nipigon lake, Thunder Bay district, Ont. (Not Onamanisagi.)
- ONATAMINI; brook, flowing into Wekusko lake, Keewatin.
- ONDERDONK; point, Ameliasburg township, Prince Edward county, Ont.
- O'NEIL; island, west of Grenadier island, St. Lawrence river, Leeds county, Ont. (Not Bluff nor Hog.) —post office, Huntingdon county, Que. (Not O'Neill's Corners nor O'Neil Corners.)
- ONKAMMIS; lake, at headwaters of St. Maurice river, Champlain county, Que.
- Ooskootim.* See Wuskwatim.
- OOTSA; lake, southwest from Français lake, Cassiar and Cariboo districts, B.C. (Not Ootsabunket.)
- Opamiska.* See Opemiska.
- OPASATIKA; lake, south of Abitibi lake, Pontiac county, Que.
- OPATAWAGA; lake, northeast of Mattagami lake, Abitibi district, Que. (Not Opiwatakan.)
- OPAWIKA; river, tributary to Waswanipi river, Abitibi district, Que.
- OPEGANO; lake, on Burntwood river, Keewatin.
- OPEMISKA; lake, west of Chibougamau lake, Abitibi district, Que. (Not Opaniska.)
- OPEONGO; railway station and river, in southeastern portion of Algonquin National park, Nipissing district, Ont. (Not Great Opeongo lake.)
- OPHIR; creek, tributary to Indian river, Yukon.
- OPICHUAN; river, emptying into Nameiben lake, Thunder Bay district, Ont. (Not Opichewan.)
- OPIKEIGEN; lake, northwest of Eabemet lake, Keewatin.
- OPIKWAN; lake, upper waters of Ottawa river, Pontiac county, Que. (Not Opequanne nor Opequon.)
- OPINAKA; river, tributary to Eastmain river, Ungava. (Not Opinaca nor Straight.)
- OPINNAGAU; river, north of Ekwan river, Keewatin. (Not Upinnakaw.)
- Opiwatakan.* See Opatawaga.
- OPONASK; lake, northeast of Sachigo lake, Keewatin. (Not Little Sachigo.)
- ORCHAY; river, tributary to Pelly river, west of Ross river, Yukon.
- ORIGNAL; bay and cape, Rimouski county, Que. (Not Arignole.)
- ORLEANS; P. O., Gloucester township, Carleton county, Ont. (Not St. Joseph d'Orleans.)
- OROMOCTO; island, lake, river, and village, Sunbury and York counties, N.B. (Not Oronocto.)
- Oroncto.* See Oromocto.
- OSBOURNE; bay, Eagle lake, Rainy River district, Ont. (Not Osbourne's.)
- OSIPASINNI; lake, east of Kakagi lake, Rainy River district, Ont. (Not Boulder.)
- OSISKO; lake, southeast of Abitibi lake, Pontiac county, Que.
- OSKELANEO; lake, at headwaters of St. Maurice river, Champlain county, Que.
- OSNABRUCK; township, and Osnabruck Centre, post village, Stormont county, Ont. (Not Ozna-bruck.)
- OSPWAGAN; lake, north of Paint lake, Keewatin. (Not Pipe nor Pipestone.)
- O'SULLIVAN; lake, at headwaters of Ottawa river, Montcalm county, Que. —river, flowing through Puskitamika lake into Waswanipi lake, Abitibi district, Que.
- OTAKUS; lake, north of Berry lake, Rainy River district, Ont. (Not Otakoose.)
- OTANABI; lake, upper waters of Ottawa river, northwest of Grand L. Victoria, Pontiac county, Que.
- OTAUWAU; river, tributary to Lesser Slave river, Alta. (Not O-Tow-Wow.)
- OTCHISK; river, tributary to Waswanipi river, Abitibi district, Que.
- Otelloch.* See Odellach.
- OTOSKWIN; lake and river, tributary to Badesdawa lake, upper Winisk river, Keewatin.
- OTTAWA; creek, tributary to Dominion creek, Yukon. —city, Carleton county, Ont. —county, Que. —river which in lower portion forms the boundary between Ontario and Quebec. —lake, in Joliette county, Que.
- Otter.* See Fantail.
- OTTERHEAD; river, tributary to Kicking Horse river, Kootenay district, B.C.
- OTTERTAIL; river, mountain range, and railway station, Kootenay district, B.C.
- Ouasiemka.* See Washimeska.
- Oulac.* See Aulac.
- OUTER DUCK; island, east of Great Duck island, the most southerly of the Duck islands, Manitoulin district, Ont.
- Outer Sturgeon.* See McCreary.
- Oval.* See Kawawia.
- OVERFLOW; lake, on Olga river, north shore of Hudson strait, Franklin.

OWEN; bay, north shore of Okisollo channel, Coast district; also mountain, south of Cathedral mountain, Kootenay district; B.C. —channel and island, between Manitoulin and Fitzwilliam islands, Manitoulin district, Ont.

OX; point, the western extremity of point Anne, Thurlow township, Hastings county, Ont.

OXDRIFT; railway station, Rainy River district, Ont.

Oxstall. See Ecstall.

OXTONGUE; lake and river, Haliburton county, Ont. (Not Ox Tongue.)

Osnabruck. See Osnabruck.

OZHISKI; lake, southwest of Attawapiskat lake, Keewatin.

OZHUSKANS; rapids, upper Winisk river, Keewatin.

P

PACHENA; point, south of Pachena bay, west coast of Vancouver island, B.C. (Not Beegadoss nor Beeghadoss.)

PADDLE; river, tributary to Pembina river, Alta.

Paddle. See Boyer.

PAGE; point, Oyster harbour, east coast of Vancouver island, B.C.

PAGWACHUAN; lake, and river tributary to Kenogami river, Algoma and Thunder Bay districts, Ont. (Not Bagutchuan river, Pawgutchewan river, Powgulchuan lake, nor Pawghtchewan lake.)

Painkiller. See Gamskagamik.

PAINSEC; post village and railway station, Westmorland county, N.B. (Not Painsec Junction.)

PAINT; lake and river, tributary to Grass river, Keewatin.

PAISLEY; point, Douglas channel, west of Maitland island, Coast district, B.C.

PAKONSIGANE; river, upper waters of Manuan river, St. Maurice county, Que.

PAKOWKI; lake, southeastern Alberta. (Not Pakokee, Pak-oghkee, nor Pekopee.)

PAKWA; lake, on Grass river, Keewatin. (Not Pakwahigan nor Paquehigan.)

PALLISER; mountain range, pass, river, and railway station, Kootenay district, B.C.

PALMER BAR; creek, tributary to Moyie river, Kootenay district, B.C.

PANTAGE; lake, on telegraph trail, south of Blackwater river, Cariboo district, B.C. (Not Pelican.)

PAPINEAU; brook and lake, Wicklow township, Hastings county, Ont. —lake, Ottawa county, Que. (Not Lac du Commandant.)

PARADISE; mountain peak, south of Sloko river, Cassiar district, B.C. —valley, north of mount Temple, Alta.

PARC LAVAL; post office, Laval county, Que.

PARIZEAU; point, on east side of Digby island, Prince Rupert harbour, Coast district, B.C.

PARK; mountain, west of mount Biddle, Rocky mountains, Kootenay district, B.C.

PARKER; creek, tributary to Klondike river, Yukon. —island and landing, south of Shute point, Bruce county, Ont.

PARRSBORO; parish, river, and town, Cumberland county, N.S. (Not Parrsborough.)

PARRYWOOD; railway station, Rainy River district, Ont.

PARSON; rock, Active pass, strait of Georgia, New Westminster district, B.C.

Partipique. See Portapique.

Partridge Crop. See Pineimuta.

PASHASHIBU; bay, Saguenay county, Que. (Not Pashasheeboo.)

PASIMINIKANA; lake, at headwaters of St. Maurice river, Champlain county, Que.

PASHKOKOGAN; lake and river, southeast of L. St. Joseph, Thunder Bay district, Ont.

PASKAGAMA; lake, upper waters of Migiskan river, Abitibi district, Que.

Paskekegan. See Piskahegan.

PASQUIA; range of hills, and river tributary to the Saskatchewan, Keewatin and Sask. (Not Pasquia nor Basquian.)

Pass. See Blakiston.

PAUDASH; brook, lake, and post office, Cardiff township, Haliburton county, Ont.

PAUGH; lake, Sherwood township, Renfrew county, Ont.

PAUKTORVIK; island, southwest shore Ungava bay, Ungava.

Pawghtchewan. See Pagwachuan.

Pawgutchewan. See Pagwachuan.

Payoonan. See Peonan.

PAYNE; lake, and river emptying into Ungava bay, Ungava. (Not Tasurak.)

PEAK; lake, southwest of Dinorwic lake, Rainy River district, Ont.

Pcar. See Dromedary.

PEARCE; mountain, northwest of mount McNicoll, Selkirk mountains, Kootenay district, B.C.

PEARSON; island, west of Belanger point and east of Greene island, Manitoulin district, Ont. (Not Little Grant.)

Peashteebee. See Piashti.

SESSIONAL PAPER No. 21a

- PEAVERINE**; creek, tributary to Moyie river, Kootenay district, B.C.
- Pebble**. See Lowes.
- Peckagomique**. See Becaguimec.
- Peekopee**. See Pakowki.
- PEEL**; island, northeast of Grenadier island, St. Lawrence river, Leeds county, Ont. (Not Prince Edward nor Tent.)
- Pee-pee-ke-wah-be-kung**. See Pipikwabi.
- PEGGY COVE**; village, Halifax county, N.S. (Not Peggy's Cove.)
- PEKISKO**; creek, tributary to Highwood river, Alta. (Not Middle Branch of Highwood R.)
- PELEE**; island and point, and Pelee Island P. O., Essex county, Ont. (Not Pelee, Pointe Peleé, nor Pele.)
- PELERIN**; post settlement, Kent county, N.B. (Not Pelering nor Puellering.)
- Pelican**. See Pantage.
- Pelican**. See Primeau.
- PELLE**; mountains, lakes, and river, Yukon.
- PEN**; lake, Nightingale township, Haliburton county, Ont.
- PENASSI**; river, west of Manitou lake, Rainy River district, Ont.
- PENCIL**; lake, Cavendish township, Peterborough county, Ont.
- PENDER**; island, in southern portion of the strait of Georgia, New Westminster district, B.C.
- Pender**. See Brabant.
- Pender**. See Walkem.
- PENETANGORE**; river, emptying into lake Huron at Kincardine, Bruce county, Ont.
- PENETANGUSHENE**; town, Simcoe county, Ont. (Not Penetang.)
- PENITENTIARY**; shoal, southwest of Kingston, Frontenac county, Ont. (Not Prince Regent.)
- Penny**. See Cumberland.
- PENTECÔTE**; river, Saguenay county, Que. (Not Pentecost.)
- PEONAN**; creek, tributary to Saskatchewan river, near Ft. à la Corne, Sask. —point in northerly part of lake Manitoba, Man. (Not Payoonan.)
- Pepechekau**. See Pipishikau.
- Pepisquew**. See Weibikwei.
- Pequaket**. See Pikwaket.
- PERCY**; lake, Harburn township, Haliburton county, Ont.
- PERELSHIN**; mountain, near Stikine river, between Anuk and Seud rivers, Cassiar district, B.C.
- PERIBONKA**; river, emptying into lake St. John, Que. (Not Peribonca.)
- PERKINS**; peak, north of Pugh peak, southern Yukon.
- PERLEY ROCK**; mountain spur, near Terminal peak, Selkirk mountains, Kootenay district, B.C.
- PERRY**; creek, tributary to St. Mary river; also ridge west of Slocan river; Kootenay district, B.C. (Not Perry's.)
- PERSEVERANCE**; island, west of Fitzwilliam island, Manitoulin district, Ont.
- PERTHES**; point, in northerly portion of Tagish lake, Yukon. (Not Perth's.)
- PETAWAWA**; military reserve, railway station, river, township, and village, Renfrew county, Ont. (Not Petewawa.)
- PETER**; rock, off the north shore of L. Ontario, between Cobourg and Port Hope, Northumberland county, Ont. (Not Gale island.)
- PETERSON**; range of mountains, northwest of lake Laberge, Yukon.
- PETERS ROAD**; village, Kings county, P.E.I. (Not Peter's Road.)
- PETHINUE**; peninsula, Great Slave lake, Mackenzie. (Not Peth-the-nu-eh.)
- PETITCODIAC**; river, Albert and Westmorland counties, N.B. (Not Petecoudiac nor Petit Coudiac.)
- Petite**. See Walton.
- PETITE NATION**; river, tributary to the Ottawa, from the north. (Not Nation nor North Nation.)
- Petite Nation**. See South Nation.
- PETIT ROCHER**; post village, Gloucester county, N.B. (Not Petite Roche nor Petite Rocher.)
- PETROLIA**; town, Lambton county, Ont. (Not Petrolia.)
- PEVERIL**; mountain peaks, southwest of Goodwin creek, Cassiar district, B.C.
- PEYTO**; glacier and lake, northwest of Bow lake, Alta. (Not Peyto's nor Glacier lake.)
- PHILIP**; river, emptying into Northumberland strait, Cumberland county, N.S. (Not Phillip.)
- PHILIPS**; point, on east side of Digby island, Prince Rupert harbour, Coast district, B.C.
- PHILMONRO**; settlement, Kings county, N.B. (Not Philmaro nor Philomaro.)
- PHOEBE**; point, northwesterly point of Fitzwilliam island, Manitoulin district, Ont.
- PHOTOGRAPH**; mountain, Kitimat arm, Coast district, B.C.
- PIASHTI**; bay and river, Saguenay county, Que. (Not Peashte-bai, Piastre bay, nor Peashteebee river.)
- Piastre**. See Piashti.

7-8 EDWARD VII., A. 1908

- PICHENNINNIS; brook, south of Eagle lake, Rainy River district, Ont.
- PICHINAMEI; lake, south of Attawapiskat lake, Keewatin.
- Pickering. See Frenchman.
- PICKLE; lake, east of Kapkichi lake, upper Winisk river, Keewatin.
- Pickwaket. See Pikwaket.
- PICTURE NARROWS; lake, west of Manitou lake, Rainy River district, Ont.
- PIEROMONTA; river, emptying into Kempt lake, St. Maurice county, Que.
- PIJUWYAN; lake, and river tributary to Waswanipi river, above Opawika river, Abitibi district, Que. (Not Pijou Wyan.)
- PIKAPAO, river, tributary to Moisie river, Saguenay county, Que. (Not Pikopao.)
- PIKE; lake, mountain, and river, south of Atlin lake, Cassiar district, B.C.
- PIKITIGUSHI; river, emptying into the northern end of Nipigon lake, Ont. (Not Pickitigouching nor Muddy.)
- Pikopao. See Pikapao.
- PIKWAKET; brook and mountain, Kings county, N.B. (Not Pequaket nor Pickwaket.)
- PILOT; bay and point, and Pilot Bay settlement, Kootenay lake, Kootenay district. (Not Cape Horn nor Pirate bay); also point, southeast corner of Gribbell island, Coast district; B.C. — lake, Burleigh township, Peterborough county, Ont.
- PINBURY; point, Departure bay, east coast of Vancouver island, B.C.
- PINCHED-NECK; lake, at headwaters of Rupert river, north of lake Mistassini, Mistassini district, Que.
- PINE; point, Weller bay, Ameliasburg township, Prince Edward county, Ont.
- Pine. See Clark.
- Pine. See Minago.
- Pine. See Shingwak.
- Pine Island lake. See Cumberland.
- PINEIMUTA; lake, west of L. St. Martin, Man. (Not Partridge Crop.)
- PINEROOT; river, emptying into Athapapuskow lake, Keewatin.
- PINE TREE; harbour and point, southeast of Johnston harbour, Bruce county, Ont.
- Pine Wood. See Frederick.
- PINGSTON; creek, west of Upper Arrow lake, Kootenay district, B.C.
- PINK; river, flowing northeasterly into Reindeer lake, Sask. (Not Vermilion.)
- PINNACLE; mountain, southwest of mount Temple, Alta.
- Pinnacle. See Cathedral.
- PINTO; creek, north of Wood mountain, Sask. (Not Pinto Horse.)
- Pipe. See Ospwagan.
- PIPESTONE; lake, south of Cross lake, Nelson river, Keewatin. — pass and river, Rocky mountains, Alta. (Not Pipe creek.)
- Pipestone. See Ospwagan.
- PIPIKWABI; lake, Stanhope township, Haliburton county, Ont. (Not Pee-pee-ke-wah-be-kung.)
- Pipestone. See Ospwagan.
- PIPISHIKAU; river, Saguenay county, Que. (Not Pepeehekau.)
- PIPMAKAN; lake, Chicoutimi county, Que. (Not Pipmaukin nor Pitmuakan.)
- Pirate. See Pilot.
- PISHIDGI; lake, west of L. Nipigon, Thunder Bay district, Ont.
- PISKAHEGAN; river, tributary to Magaguadavic river, Charlotte county, N.B. (Not Paskekegan nor Piskehagan.)
- PITOPIKO; lake, an expansion of Manuan river, upper St. Maurice river, Champlain county, Que. (Not Pitopieco.)
- PITT; creek, tributary to St. Mary river, Kootenay district, B.C.
- PITTS; mountain, southwest of the junction of Yukon, Lewes and Pelly rivers, Yukon.
- PIZUSTIGWAN; river, northwest of Attawapiskat lake, Keewatin.
- PLATEAU; creek, flowing into Torres channel, Atlin lake, Cassiar district, B.C.
- PLEASANT; point, the eastern extreme of Prince Edward county, Ont. (Not Indian.)
- PLOVER; island, west coast Ungava bay, Ungava.
- PLUMPER; passage, channel between Discovery and Chain islands, Haro strait, New Westminster district, B.C. (Not Discovery.)
- Plumper's. See Active.
- Pocmouche. See Pokemouche.
- Pocowagamis. See Pokowagamis.
- Point de Bute. See Pont à Buot.
- POINTE-DES-MONTS; post office, Saguenay county, Que. (Not Pointe de Monts.)
- POINT EDWARD; town, Lambton county, Ont.
- POINTE LA GARDE; village, Bonaventure county, Que. (Not Pointe à la Garde.)
- POINT FORTUNE; post village, Vaudreuil county, Que.

SESSIONAL PAPER No. 21a

- POINT SAPIN**; post village, Kent county, N.B.
- POINT WOLF**; town, Albert county, N.B. (Not Point Wolfe.)
- POKEMOUCHE**; river, Gloucester county, N.B. (Not Pocomouche nor Pockmouche.)
- POKER**; creek, branch of Walker creek, near international boundary, Yukon.
- POKESUDI**; island, at west entrance to Shippigan harbour, Gloucester county, N.B. (Not Poesudie, Poksudi, Pokesudie, Pokesnedie, nor Pokesoudie.)
- POKIOK**; river and village, York county, N.B. (Not Pokiock nor Poquiock.)
- Pokkattawagan.* See Pukkatawagan.
- POKOWAGAMIS**; lake, and river tributary to Eel river, York county, N.B. (Not Pocowagamis nor Pocomogamis.)
- POLLINGER**; mountain, northeast of Kiwetinok peak, Rocky mountains, Kootenay district, B.C.
- PONT A BUOT**; village, Westmorland county, N.B. (Not Point de Bute nor Pointe de Bute.)
- PONTAX**; river, emptying into James bay, north of Rupert river, Mistassini district, Que. (Not Pontiac.)
- Pontiac.* See Pontax.
- POOLE**; island, north of Grenadier island, St. Lawrence river, Leeds county, Ont. (Not Pool.)
- POOLES RESORT**; post office and summer resort on the St. Lawrence, Leeds county, Ont. (Not Poole's Resort.)
- POPLAR**; point, near the mouth of Rupert river, Mistassini district, Que.
- POPES**; peak, in the Bow range of the Rocky mountains, Alta. and Kootenay district, B.C. (Not Pope's.)
- Poquiock.* See Pokiok.
- PORCUPINE**; creek, tributary to Stikine river, south of Anuk river, Cassiar district; also creek tributary to Kicking Horse river, near Leanehoil, Kootenay district; B.C. —point and reef, southeast of cape Hurd, Bruce county, Ont. —river, tributary to Yukon river, northwestern Yukon.
- PORLIER**; pass, between Galiano and Valdes islands, strait of Georgia, New Westminster districts, B.C. (Not Portier.)
- PORPHYRY**; island, point and reef, south of Edward island, Manitoulin district, Ont.
- PORTAGE**; bay and point, east of Gatacre point, Manitoulin island, Manitoulin district, Ont.
- PORTAL**; peak, east of mount Baker, Alta. (Not Mount Portal.)
- PORTAPIQUE**; river and village, Colchester county, N.S. (Not Partipique nor Port au Pique.)
- PORT BICKERTON**; village, Guysborough county, N.S. (Not Port Beckerton.)
- PORT DANIEL**; harbour and village, Bonaventure county, Que. (Not Port Daniel East nor St. George Port Daniel.)
- PORT ELGIN**; town, Bruce county, Ont.
- Port Essington.* See Essington.
- PORTER**; creek, tributary to Indian river, Yukon. —lake, between Atlin and Gladys lakes, and landing, at north end of Dease lake; Cassiar district, B.C. (Not Porter's Landing.)
- PORT HEBERT**; village, Shelburne county, N.S. (Not Port Ebert, Big Port le Bear, Big Port l'Hebert nor Port L'Hebert.)
- Portier.* See Portier.
- PORT JOLI**; village, Queens county, N.S. (Not Port Jolie.)
- PORT LATOUR**; village, Shelburne county, N.S. (Not Port la Tour nor Port Letour.)
- PORT LEWIS**; post office, Huntingdon county, Que. (Not Port Louis.)
- PORT LORNE**; post office and lighthouse station, Annapolis county, N.S. (Not Marshall Cove nor Port Williams.)
- Port Matoon.* See Port Mouton.
- Port Medway.* See Medway.
- PORT MOUTON**; village, Queens county, N.S. (Not Port Matoon.)
- PORTOBELLO**; stream; emptying into French lake, Sunbury county, N.B. (Not Porto Bello nor Portobella.)
- Port Williams.* See Port Lorne.
- POTTER**; point, Ameliasburg township, Prince Edward county, Ont.
- POUCE COUPÉ**; river, tributary to Peace river, Alta. (Not Echafaud.)
- POULAMON**; bay, Richmond county, N.S. (Not Poulament nor Poulamond.)
- POVERTY**; lake, Monmouth township, Haliburton county, Ont.
- POWER**; lake, east of Anzhckumming lake, Rainy River district, Ont.
- Powgulchuan.* See Pagwachuan.
- PRAIRIES**; rivière des, separates the county of Laval from the counties of Hochelaga and Jacques Cartier, Que. (Not Back river.)
- PREJEVALSKY**; point, lake Bennett, Yukon. (Not Prejevalski.)
- Present.* See Larder.
- PRESIDENT**; range of mountains and pass, west of Yoho valley, Rocky mountains, Kootenay district, B.C. (Not Emerald.) So named for the president of the Canadian Pacific Railway Company.
- President.* See Larder.

7-8 EDWARD VII., A. 1908

- PRESQU'ILE**; bay, peninsula, and point, near south-east corner of Northumberland county, Ont.
- PRESQU'ILE**; river, tributary to St. John river, Carleton county, N.B. (Not Presqu'île.)
- PREVOST**; island, off the west end of Active pass, strait of Georgia, New Westminster district, B.C.
- Prevost.* See Kungnit.
- PRIAM**; lake, west of Manitou lake Rainy River district, Ont.
- PRIM**; point, at entrance to Annapolis basin, Digby county, N.S. (Not Rogers.)
- PRIMEAU**; lake, an expansion of Churchill river, Sask. (Not Pelican.)
- PRINCE ALBERT**; peninsula, northwesterly portion of Victoria island, Franklin. (Not Prince Arthur Land.)
- PRINCE EDWARD**; bay and point, Prince Edward county, Ont. (Not South bay nor South Bay point.)
- Prince Edward.* See Peel.
- Prince Henry Foreland.* See Hopes Advance.
- Prince of Wales.* See Wales.
- PRINCE OF WALES**; island, northwest of Boothia peninsula, Franklin.
- PRINCE PATRICK**; island, north of Banks island, Franklin.
- Prince Regent.* See Penitentiary.
- PRINCE RUPERT**; harbour, and transcontinental railway terminus on Kaien island, Coast district, B.C.
- PRINCETOWN**; village, Prince county, P. E. I. (Not Prince Town.)
- PRITZLER**; harbour, north shore of Hudson strait, Franklin. (Not Pritzler's nor Jackman sound.)
- PROCTER**; creek and settlement, south of Balfour, Kootenay lake, Kootenay district, B.C. (Not Proctor.)
- PROMISE**; island, at the entrance to Douglas channel, Coast district, B.C.
- PROUD-SITTING**; lake, at headwaters of St. Maurice river, Champlain county, Que.
- PROVIDENCE**; bay and point, south shore Manitoulin island, Manitoulin district, Ont.
- PROVOKING**; lake, in Algonquin National park, Nipissing district, Ont.
- PTARMIGAN**; creek, flowing into a large lake of the Pelly group, Yukon.
- PUDDING**; burn, tributary to St. Mary river, Kootenay district, B.C.
- Puellerling.* See Pelerin.
- PUGH**; peak, northwest of the "big bend" of Wheaton river, southern Yukon.
- Puke-lowogein.* See Setting.
- PUKATAWAGAN**; lake and river, Churchill river, Keewatin. (Not Pokkattawagan nor Puk-a-ta-wagan.)
- PULPIT**; peak, south of Turquoise lake, Rocky mountains, Alta.
- PULPWOOD**; point, southwestern side of Cockburn island, Manitoulin district, Ont.
- PULTENEY**; point, southwestern extreme of Malcolm island, at entrance to Broughton strait, Coast district, B.C. (Not Graeme.) This is the point on which stands the lighthouse established in 1905.
- PULTON**; bay and point, south shore of Okisollo channel, Coast district, B.C.
- PUNICHUAN**; bay, in the southern end of lake Mistassini, Mistassini district, Que.
- PUNK**; island, 3 miles southeast of Grindstone point, L. Winnipeg, Man. (Not Deer nor Reindeer.)
- Punk.* See Deer.
- PURITY**; glacier and mountain, Selkirk mountains, Kootenay district, B.C. (Not Lardo.)
- PURVIS**; bank, northwest of Greene island, Manitoulin district, Ont.
- PUSKITAMIKA**; lake, south of Waswanipi lake, Abitibi district, Que.
- PYRAMID**; creek, tributary to St. Mary river, Kootenay district, B.C. —mountain, north of mount Gray, southern Yukon.

Q

- Quadacha.* See Kwadacha.
- QUADRA**; island, between Discovery passage and Okisollo channel, Coast district, B.C. The southern portion of what was formerly Valdes island.
- Quaneca.* See Kwadacha.
- QUARRY**; point, Manitoulin island, Manitoulin district, Ont.
- QUARTZ**; creek, branch of McDame creek, Dease river, Cassiar district, B.C. —creek, tributary to Indian river, Yukon.
- Quatawamkedgewick.* See Kedgwick.
- QUEBEC**; creek, tributary to Yukon river, below Dawson, Yukon.
- QUEEN**; point, forms the western boundary of Walk-house bay, Manitoulin island, Manitoulin district, Ont.
- QUEEN ELIZABETH**; foreland, southeast point of Loks Land, Franklin. (Not North Foreland.)
- QUEENSPORT**; harbour, Guysborough county, N.S. (Not Queen's Port nor Crow Harbour.)
- QUEENSTON**; village, and Queenston heights, Lincoln county, Ont. (Not Queenstown.)
- QUESNEL**; lake, mining division, river, and village, Cariboo district, B.C. (Not Quesnelle.)

SESSIONAL PAPER No. 21a

QUETACHU; bay, Saguenay county, Que. (Not Quetachoo.)

QUIET; lake, northeast of Teslin lake, Yukon.

QUINN; creek, branch of Sulphur creek, Indian river, Yukon. (Not Quin.)

QUINTE; bay of, in L. Ontario, almost separating Prince Edward county from the mainland of Ontario. (Not Quinté.)

QUINZE; lac des, an expansion of the upper Ottawa river, Pontiac county, Que.

QUIO; river, tributary to the Ottawa, Pontiac county, Que.

QUISPAMSIS; post village, Kings county, N.B. (Not Quispansis.)

QUYON; railway station and village, Pontiac county, Que. (Not Quio.) Reversal of previous decision.

R

RABBIT; mountain and river, east of lake Evans, Abitibi district, Que.

RACE; rocks, off the south point of Vancouver island, B.C. (Not Race islands.)

RAGGED; bight, northeast of cape Hurd, Bruce county; also lake in the Algonquin National park, Nipissing district; Ont.

RAINY; creek, tributary to Elbow river, Alta. — creek, tributary to Moyie river, Kootenay district, B.C.

RAISIN; river, Glengarry and Stormont counties, Ont. (Not Black R., R. au Raisin, nor Riv. aux Raisins.)

RALEY; point, north of Clio bay, Kitimat arm, Coast district, B.C.

RAMSAY; river, emptying into Crooks inlet, north shore of Hudson strait, Franklin.

RANCH; point, Nanoose harbour, east coast of Vancouver island, B.C.

RAPIDE DE FEMME; post village, Victoria county, N.B. (Not Rapid de Femme nor Rapide des Femmes.)

RAPIDES; lac des, upper Ottawa river, southeast of Barriere lake, Pontiac county, Que.

RAQUETTE; river, Vaudreuil county, Que.

RATHBUN; bay and point, east of Jenkins point, Manitoulin island, Manitoulin district, Ont.

Rat Portage lake. See Manigotagan.

Rattlesnake. See Bagot.

RAWSON; harbour and island, north shore of Hudson strait, Franklin. (Not Harbour island.)

RAYMOND; passage, south from Seaforth channel, Coast district, B.C. (Not Hecate channel.)

READER; lake, northwest of The Pas, Keewatin.

RED; bay, south of Golden valley, Bruce county, Ont.

RED DAN; reef, southeast of Birch point, Manitoulin island, Manitoulin district, Ont.

RED DEER; lake, and river emptying into lake Winnipegosis, Sask.

Red Deer. See La Biche.

REDDING; creek, tributary to St. Mary river, Kootenay district, B.C.

REDNERSVILLE; village, Ameliasburg township, Prince Edward county, Ont.

REDSTONE; brook and lake, Guilford township, Haliburton county, Ont.

REED; lake, northeast of Cormorant lake, Keewatin.

Reef. See Bonnet.

REEVES; harbour, Big island, Hudson strait, Franklin.

REID; mountain, southeast of lake Evans, Abitibi district, Que. — point, south of Red bay, Bruce county, Ont. — rock, south of George island, Halifax harbour, Halifax county, N.S. (Not Reed.)

REID MILLS; post office, Dundas county, Ont. (Not Reid's Mills.)

REINDEER; creek, tributary to Yukon river, south of Indian river, Yukon.

Reindeer. See Punk.

REMIC; rapids, in Ottawa river, about two miles west of Ottawa city. (Not Remicks, Remix, nor Remous.)

REMINGTON; creek, tributary to Indian river, Yukon.

Remous. See Remic.

RESERVE; point, Active pass, strait of Georgia, Westminster district, B.C.

RESOLUTION; island, at entrance to Frobisher bay, Franklin. (Not Tudjakdjuan.)

Resolution. See Warwick.

RESTIGOUCHE; county and river, northern New Brunswick. (Not Ristigouche.)

REVELSTOKE; town, at the western crossing of Columbia river, Kootenay district, B.C.

REXTON; town, Kent county, N.B. (Not Kingston.)

RIBBON; river, tributary to Manuan river, upper St. Maurice, Champlain county, Que. (Not Rivière au Ruban.)

RICHARD; point, Nanoose harbour, east coast of Vancouver island, B.C.

RICHMOND; gulf, north of Little Whale river, Ungava. (Not Richmond lake). — village, Carleton county, N.B. (Not Richmond Corner.)

Richmond. See Malpeque.

7-8 EDWARD VII., A. 1908

- RICHTHOFEN**; island and valley, lake Laberge, Yukon. (Not Richtofen.)
- RICKETT**; harbour, eastern side of Cockburn island and southwesterly from Cinder point, Manitoulin district, Ont.
- RICKLEY**; harbour, west of Burnt island, and north of Western Duck island, Manitoulin district, Ont.
- RIDGEWAY**; creek, tributary to Moyie river, Kootenay district, B.C.
- RIDLEY**; island, south of Kaien island, Chatham sound, Coast district, B.C. (Not Flat.)
- RIGAUD**; river, a small tributary of the Ottawa, Glengarry and Prescott counties, Ont. and Vaudreuil county, Que. (Not Rivière à la Graisse.)

- ROB ROY**; creek, tributary to Dominion creek, Indian river, Yukon.
- ROBSON**; town and railway station, on Columbia river, Kootenay district, B.C.
- ROCHELLE**; post office, Shefford county, Que. (Not Ste. Anne-de-Stukely.)
- ROCHE PERCEE**; railway station, southeastern Saskatchewan. (Not Roche Percé.)
- ROCK**; lake, Nightingale township, Haliburton county, Ont.
- Rock.* See Lazy.
- ROCKCLIFFE**; village, Renfrew county, Ont. (Not Rockliffe.)
- ROCKSPRINGS**; post office, Leeds county, Ont. (Not Rock Springs.)
- Rocky.* See Descanso.
- Rocky.* See Tinson.
- ROES WELCOME**; sound, in the northwestern portion of Hudson bay, Keewatin. (Not Rowe's Welcome nor Sir Thomas Rowe's Welcome.)
- ROGERS**; lake, northeast of lake Timiskaming, Pontiac county, Que. —glacier, pass, and peak, and Rogers pass railway station, Selkirk mountains, Kootenay district, B.C.
- Rogers.* See Prim.
- ROGERSVILLE**; parish, Northumberland county, N.B. (Not Rogerville.)
- ROGGAN**; river, emptying into James bay, Ungava. (Not Bishop Roggan nor Great Bishop Roggan.)
- ROLLINGDAM**; post village, Charlotte county, N.B. (Not Rolling Dam.)
- ROMAINE**; river, emptying into the lower St. Lawrence, opposite Mingan islands, Saguenay county, Que.
- Root.* See Carrot.
- ROSE**; lake and river, at headwaters of Nisutlin river, Yukon. —pass, at head of St. Mary river, Kootenay district, B.C.
- ROSEBUD**; creek, tributary to Stewart river, Yukon. —river, tributary to Red Deer river, Alta. (Not Arrowwood.)
- ROSENFELD**; rock, northeasterly from the east point of Saturna island, strait of Georgia, New Westminster district, B.C. (Not Rosenfelt.)
- ROSEVILLE**; village, Prince county, P.E.I. (Not Little or South Miminigash, nor Minimegash.)
- ROSS**; island, between the east and west branches of Nelson river, Keewatin. —isthmus and peninsula, northeasterly portion of Franklin isthmus, Keewatin. (Not James Ross). —peak, Selkirk mountains; also lake south of Stephen station; Kootenay district, B.C. —river, tributary to Pelly river, Yukon.
- ROSSMORE**; village, Ameliasburg township, Prince Edward county, Ont.

SESSIONAL PAPER No. 21a

- ROUGE**; lake, Wolfe township, Terrebonne county, Que. (Not Lac de la Rouge.)
- ROUGH**; island, northeast of Grenadier island, St. Lawrence river, Leeds county, Ont. (Not Hamilton nor Little.)
- Rougie*. See Salisbury.
- Round*. See Ghost.
- Round*. See Lacroix.
- Rousseau*. See Arosen.
- Roussin*. See Arosen.
- ROUTE**; lake, west of Manitou lake, Rainy River district, Ont.
- ROWAN**; lake, northeast of Kakagi lake, Rainy River district, Ont.
- ROWE**; island, the northerly one of the Lizard group, Manitoulin district, Ont. (Not North Lizard.)
- Rowes*. See Roes.
- ROXBURGH**; post settlement, Albert county, N.B. (Not Roxborough.)
- Royal George*. See Myles.
- Ruban*. See Ribbon.
- RUBY**; creek, tributary to Indian river, Yukon. — creek and mountain, west of Surprise lake, Cassiar district; also mountains east of Columbia river, between the Arrow lakes, Kootenay district: B.C.
- RUDYARD**; reef, west of Queen point, Manitoulin island, Manitoulin district, Ont.
- RUPERT**; bay and river, Mistassini district, Que. Rupert House, H. B. Co.'s post, at mouth of river.
- RUSAGONIS**; river and village, Sunbury county, N.B. (Not Rusagornis nor Rushagornis.)
- Rushagornis*. See Rusagonis.
- RUSSEL**; creek, tributary to Little Slocan river, Kootenay district, B.C. — island and reef, southeast of Cove island, at entrance to Georgian bay, Bruce county, Ont.
- RUSSELL**; arm and point, on northwest side of Prince Rupert harbour, Coast district, B.C.
- RUTH**; island, Nanoose harbour, east coast of Vancouver island; also lake and river, west of Nakina river, and south of Chikoida mountain, Cassiar district, B.C.
- RYCKMAN**; post village, Wentworth county, Ont. (Not Ryckman's Corners.)
- Rykerts*. See Bedlington.
- SACHIGO**; lake, and river tributary to Severn river, Keewatin. (Not Achigo.)
- Sackawatisi*. See Sassawatisi.
- SADDLE**; mountain, near confluence of Stikine and Anuk rivers, Cassiar district, B.C. — mountain, southeast of mount Fairview, Alta. (Not "The Saddle.")
- SADDLEBACK**; island, northwest of Pritzler harbour, Hudson strait, Franklin.
- SAGAMINNIS**; lake, southwest of Wapikopa lake, upper Winisk river, Keewatin.
- SAGANAGA**; lake, south of Dinorwic lake, Rainy River district, Ont.
- Sahpoochoway*. See Odei.
- Sah-wah-mish-she*. See Sawamisshe.
- STE. AGNES-DE-DUNDEE**; post office, Huntingdon county, Que. (Not Ste. Agnès nor Ste. Agnès de Dundee.)
- ST. ALEXANDRE**; parish and railway station, also St. Alexandre Station, P.O., Iberville county, Que. (Not St. Alexander.)
- ST. ANDREWS**; town, Charlotte county, N.B. (Not St. Andrew's.) — post village, Stormont county, Ont. (Not St. Andrews West.) — village, Argenteuil county, Que. (Not St. Andrews East.)
- STE ANGELE DE RIMOUSKI**; village, Matane county, Que. (Not Ste. Angele de Mercie.)
- ST. ANN**; bay, harbour, and village, Victoria county, N.S. — village, Lincoln county, Ont. (Not St. Anne nor St. Ann's.)
- STE. ANNE-DE-BELLEVUE**; village, Jacques Cartier county, Que. (Not Ste. Anne de Bellevue nor Ste. Anne du bout de L'Ile.)
- STE. ANNE DES MONTS**; village, Gaspé county, Que. (Not Ste. Anne de Monts.)
- Ste. Anne-de-Stukely*. See Rochelle.
- ST. ANTOINE DE TILLY**; village, Lotbinière county, Que. (Not St. Antoine, Lotbiniere.)
- St. Antoine, Lotbinière*. See St. Antoine de Tilly.
- ST. BERNARD-SUD**; post office, St. Johns county, Que. (Not St. Bernard, nor St. Bernard South.)
- STE. BRIGIDE**; post village and railway station, Iberville county, Que. (Not Ste. Brigide d'Iberville.)
- ST. CATHARINES**; city, Lincoln county, Ont. (Not St. Catherines.)
- STE. CECILE-DE-MILTON**; village, Shefford county, Que.
- ST. CHARLES DE CAPLAN**; village, Bonaventure county, Que. (Not St. Charles Caplin.)
- ST. CLAIR**; lake and river, Essex, Kent, and Lambton counties, Ont.
- ST. COLUMBAN**; post village, Two Mountains county, Que. (Not St. Colomban nor St. Columbin.)
- ST. CROIX**; lake, Hants county, N.S. (Not St. Croix River lake.)

SABLE; river, southeast of Chiefs point, Bruce county, Ont.

Sable. See Ausable.

7-8 EDWARD VII., A. 1908

- SAINT CYR; mountain, north of Quiet lake, Yukon.
- ST. DAVID; village, Lincoln county, Ont. (Not St. David's.)
- ST. ETIENNE-DE-BEAUHARNOIS; post village, Beauharnois county, Que. (Not St. Etienne nor St. Etienne de Beauharnois.)
- ST. EUGENE; mission, on St. Mary river, Kootenay district, B.C.
- ST. GEORGE; lake, west of lake Winnipeg, Man. (Not St. George's.)
- St. George.* See George.
- St. George Port Daniel.* See Port Daniel.
- ST. HELENA; island, northeast of Grenadier island, St. Lawrence river, Leeds county, Ont. (Not Cherry nor Goulbourne.)
- ST. HENRI; post village, Lévis county, Que. (Not St. Henri Station.)
- St. Jean Deschaillons.* See Deschaillons.
- ST. JOHN; island, lake Melville, Ashuanipi district, Que. (Not St. Johns.)
- ST. JOHNS; county and town, on Richelieu river, Que. (Not St. John's.)
- ST. JOSEPH; village, south of Goderich, Huron county, Ont.
- St. Joseph d'Orleans.* See Orleans.
- ST. LAMBERT; village, Chambly county, Que. (Not St. Lambert, Chambly.)
- ST. MARGARET; bay, Halifax county, N.S. (Not St. Margaret's.)
- ST. MARTIN; lake, northeast of lake Manitoba, Man. (Not St. Martin's.)
- ST. MARY; bay and cape, Digby county; also river, Guysborough county; N.S. —lake, Ridout township, Muskoka district, Ont. —post village, Kent, county, N.B. —river, tributary to Belly river, southern Alberta. (Not St. Mary's.) —lake, and river tributary to Kootenay river, Kootenay district, B.C. (Not Torrent.)
- ST. MAURICE; county and river, Que.
- ST. NORA; lake, Stanhope township, Haliburton county, Ont. (Not St. Nora's.)
- ST. ONGE; post office, near Embrun, Russell county, Ont.
- St. Patrick's.* See San Josef.
- ST. PAUL; post village, Kent county, N.B. (Not St. Pauls.)
- St. Paul's Bay.* See Baie St. Paul.
- ST. PETER; bay, river, and railway station, Kings county. (Not St. Peter's nor Head of St. Peter's bay); also island in Hillsborough bay, Queens county; P.E.I. (Not St. Peter's.)
- ST. PIRAN; mountain, west of Laggan station, Alta.
- ST. RAPHAEL; post village, Glengarry county, Ont. (Not St. Rafael nor St. Raphael West.)
- ST. REGIS; post office, Huntingdon county, Que. (Not St. Régis.)
- ST. ROCH DES AULNAIES; village, L'Islet county, Que. (Not St. Roch des Aulnets.)
- STE. ROSALIE; island, in Ottawa river, near Montebello, Ottawa county, Que.
- ST. SIXTE; lake, and river tributary to Petite Nation river, Ottawa county, Que. (Not Sincique.)
- ST. STANISLAS-DE-KOSTKA; post village, Beauharnois county, Que. (Not St. Stanislas.)
- ST. STEPHEN; town, Charlotte county, N.B. (Not St. Stephens.)
- STE. THÉRÈSE-DE-BLAINVILLE; village and railway station, Terrebonne county, Que. (Not Ste. Thérèse nor Ste. Thérèse de Blainville.)
- ST. URBAIN-DE-CHATEAUGUAY; parish and post village, Chateaugay county, Que. (Not St. Urbain de Chateaugay nor St. Urbain en haut.)
- ST. VALENTIN; parish and post village, St. Johns county, Que. (Not St. Valentine.)
- SAKWATAMAU; river, tributary to Athabaska river, Alta. (Not Eagle nor Sa-kwa-ta-mow.)
- SALEM; post village, Cumberland county, N.S. (Not Salent.)
- SALISBURY; bay, Albert county, N.B. (Not Rougie.)
- SALMON; island, north side of Big bay, Hastings county; also river flowing into Big bay, Hastings and Lennox counties; Ont.
- Salmon.* See Kinonge.
- Salmon.* See Wicked.
- SALT; point, Presqu'île peninsula, Brighton township, Northumberland county, Ont.
- Salt.* See Way.
- Sand.* See Desert.
- Sand.* See Hyndman.
- SANDERSON; point, west side of Lower Arrow lake, Kootenay district, B.C.
- Sanderson.* See Iononoaklin.
- Sandy.* See Pakwa.
- SANY-BEACH; lake, at headwaters of St. Maurice river, Champlain county, Que.
- SANFORD; mountain, southwest of Snowdon range, Cassiar district, B.C.
- SANGRIDA; peak, Valkyr mountains, Kootenay district, B.C.
- SAN JOSEF; bay, near northwest end of Vancouver island, B.C. (Not San Joseph nor St. Patrick's.)
- SAPPHIRE; col, between "The Dome" and "Castor," Selkirk mountains, Kootenay district, B.C.

SESSIONAL PAPER No. 21a

- SARBACH; mountain, north of Howse pass, Rocky mountains, Kootenay district, B.C.
- SARCEE; butte and Indian reserve, on Elbow river, Alta.
- SASAKWEI; lake, southwest of Peake lake, Rainy River district, Ont. (Not Summit.)

- SAUNDERS; reef, near Misery bay, Manitoulin island, Manitoulin district, Ont.
- Saut de Mouton.* See Mille Vaches.
- SAVANT; lake, south of L. St. Joseph, Thunder Bay district, Ont.
- Savage.* See Upper Savage.
- Savasse Berry.* See Serviceberry.
- SAWAMISHI; lake, Stanhope township, Haliburton county, Ont. (Not Sah-wah-mish-she.)
- SAWBACK; range of mountains, west of Stikine river, Cassiar district, B.C.
- Sawbill.* See Sheldrake.
- SAWYER; pass, at head of St. Mary river, Kootenay district, B.C.
- SAXON; island, south of Shute point, Bruce county, Ont.
- SAYYEA; creek, tributary to upper Liard river, Yukon. (Not Sayia.)
- SCALPING KNIFE; mountain, east of Columbia river, Kootenay district, B.C.
- SCHAFER; mountain, northwest of mount Biddle, Rocky mountains, Kootenay district, B.C.
- SCHIST; lake, northwest of Tawatinaw lake, Rainy River district, Ont.
- Schley Land.* See Ellesmere.
- Schooner.* See Miles.
- SCOTCHIE; reef, at South Baymouth, Manitoulin island, Manitoulin district, Ont.
- SCOTSMAN; bay, Kings county, N.S. (Not Scots, Scot's nor Scotsman's.)
- SCOTT; mountain, near Rapid river and east of Rabbit mountain, Abitibi district, Que. — point, on north side of entrance to baie du Doré, Bruce county, Ont.
- SCOUGALL; bank, southwest of MacGregor point, Bruce county, Ont.
- SCOUT; reef and spit, southwest of Burke island, Bruce county, Ont.
- Scratching.* See Morris.
- SCROGGIE; creek, tributary to Stewart river, Yukon.
- SCUD; river, tributary to Stikine river, Cassiar district, B.C.
- SEA; lake, Murchison township, Nipissing district, Ont.
- Seal.* See Tisriuk.
- SEAMAN; reef, at entrance to Wood bay, south shore Manitoulin island, Manitoulin district, Ont.
- SEASHELL; rock, west of Lyal island, Bruce county, Ont.
- SEECHELT; inlet, north of the strait of Georgia, New Westminster district, B.C. (Not Sechelt.)
- SEELEY; village, Leeds county, Ont. (Not Seeley's Bay nor Seely's Bay.)
- Scepanock.* See Sipanok.
- SEGATIGA; brook, tributary to Burntwood river, Keewatin.
- SEGGEMAK; lake, southeast of Saganaga lake, Rainy River district, Ont. (Not Black Bird.)
- SEKULMUN; lake, west of Aishihik lake, Yukon.
- SELBY; lake, east of Anzhekumming lake, Rainy River district, Ont. (Not Lynx.)
- SELKIRK; N. W. Mounted Police post, at the mouth of Lewes river, Yukon. The site of the old fort of the H. B. Co. is on the opposite bank of the river. (Not Fort Selkirk.)
- SELWYN; mountain, east of mount Dawson, Selkirk mountains, Kootenay district, B.C. — river, tributary to Yukon river, west of Lewes river, Yukon.
- SEMENOF; hills, at confluence of Lewes and Big Salmon rivers, Yukon. (Not Semenow.)
- SEMIAMU; bay, east of Boundary bay, New Westminster district, B.C. (Not Semiahmoo.)

7-8 EDWARD VII., A. 1908

- Sepewesk.* See Sipiwesk.
- SERPENTINE; lake, Anstruther township, Peterborough county, Ont.
- SERVICEBERRY; creek, tributary to Rosebud river, Alta. (Not Savasse Berry.)
- SESEGANAGA; lake, east of Sturgeon lake, Thunder Bay district, Ont.
- Setidgi.* See Sitidgi.
- SETTING; lake and river, Grass river, Keewatin. (Not Net Setting nor Puke-lowogein.)
- Seven Acre.* See Melville.
- SHABOGAMA; lake and river, Abitibi district, Que. (Not Shabokama.)
- SHABUMENI; lake, southwest of Cat lake, Keewatin. (Not Shaboomene.)
- Shad.* See Shag.
- SHAFT; point, Departure bay, east coast of Vancouver island, B.C.
- SHAG; bay and head, also Shag Bay P. O., Halifax county, N.S. (Not Shad.)
- SHAGAMU; lake and river, west of Winisk river, southeastern Keewatin. (Not Shagamew nor Shakaneh.)
- SHAGANASH; island, northeast of Pt. Magnet, Thunder Bay district, Ont.
- SHAKES; creek, tributary to Stikine river, south of Glenora, Cassiar district, B.C.
- SHAKWAK; valley, west of lake Dezadeash, Yukon.
- Shakaneh.* See Shagamu.
- SHALLOP; creek, south side of Anticosti island, Saguenay county, Que. (Not Chaloupe river nor Jupiter creek.)
- SHALLOW; lake, between Bernard and Tutshi lakes, Cassiar district, B.C.
- Shallow.* See Mennin.
- SHAMATTAWA; river, tributary to Winisk river, southeastern Keewatin. (Not Matawa nor Shammat-tay-wah.)
- SHAMROCK; bank, southeast of Gatacre point, Manitoulin island, Manitoulin district, Ont.
- SHAMUS; river, emptying into Matchimanito lake, Abitibi district, Que.
- SHANGOINA; island, east of Thunder cape, Thunder Bay district, Ont.
- SHANNONVILLE; village, Tyendinaga township, Hastings county, Ont.
- SHANLY; post office, Grenville county, Ont. (Not Shanley.)
- SHARBAU; island, at southerly entrance to Rivers inlet, Coast district, B.C. (Not Sharban.) Reversal of previous decision.
- SHARP; mountain, east of mount Goodsir, Rocky mountains, Kootenay district, B.C.
- Sharp.* See Jack.
- SHAUGHNESSY; mountain, north of Hermit mountain, Selkirk mountains, Kootenay district, B.C.
- SHAWENEGAN; falls, lake, river, township, and village, St. Maurice county, Que. (Not Shawinigan nor Shewanegan.)
- SHECAKE; island, South bay, Manitoulin island, Manitoulin district, B.C.
- Shedlui.* See Deception.
- SHEEHAN; lake, Halifax county, N.S. (Not Shehea.)
- SHEEK; island, St. Lawrence river, west of Cornwall, Stormont county, Ont. (Not Sheak, Sheek's, Sheik's, Shieck, nor Shieck's.)
- SHEEP; lake and mountain, east of Tatonduk river, Yukon. —river, tributary to Highwood river, Alta. (Not Sheep creek.)
- Sheepshank.* See Shesheeb.
- Shehea.* See Sheehan.
- SHEKATIKA; bay, west of the strait of Belleisle, Saguenay county, Que. (Not Shecatia.)
- SHELBURNE; bay, harbour, and town, Shelburne county, N.S. (Not Shelburne Harbour.)
- SHELDON; lake, Lutterworth township, Haliburton county, Ont. (Not Sheldon's.)
- SHELDRAKE; river, Saguenay county, Que. (Not Sawbill.)
- SHELL; brook, tributary to Sturgeon river, north of Prince Albert, Sask. (Not Shell river.) Also Shell Brook P. O.
- SHEMOGUE; harbour and town, Westmorland county, N.B. (Not Great Shemogue nor Bristol.)
- Shemong.* See Chemung.
- SHEOL; mountain, east of mount Aberdeen, Alta.
- SHERBROOKE; city and county, Que. —township in Haldimand county, Ont. —village in Guysborough county, N.S. —creek and lake, northwest of Hector station, Kootenay district, B.C. (Not Sherbrook.)
- SHERRINGHAM; point, west of Sooke inlet, Vancouver island, B.C. (Not Sheringham.)
- SHERWOOD; point, Presqu'île bay, Brighton township, Northumberland county, Ont. (Not Sherwood's)
- SHERWOOD SPRING; post village, Leeds county, Ont. (Not Sherwood Springs.)
- SHEESHEEB; bay and point, east of Black bay, Thunder Bay district, Ont. (Not Sheesheeb, Shesheep, nor Sheepshank.)
- Shesheinquann.* See Shoshokwan.
- SHESLAY; river, tributary to Inklin river, Cassiar district, B.C.
- Shieck.* See Sheek.

SESSIONAL PAPER No. 21a

- SHIELDS**; landing, on west side of Lower Arrow lake, Kootenay district, B.C.
- SHIKTAHAWK**; river, tributary to St. John river, Carleton county, N.B. (Not Shictahawk, Shik-atehawk, nor Shikitihawk.)
- SHINGWAK**; lake, north of Cameron lake, Rainy River district, Ont. (Not Pine.)
- SHIP**; bank, in Owen channel, Manitoulin district, Ont. —island, northeast from Horse point, Ameliasburg township, Prince Edward county, Ont.
- SHIPPIGAN**; harbour, island, and village, Gloucester county, N.B. (Not Shippegan.)
- SHOAL**; point, in Presqu'île bay, Brighton township, Northumberland county, Ont.
- SHOGOMOC**; lakes, and river tributary to St. John river, York county, N.B. (Not Sheogomoc nor Shogamoc.)
- SHONGWASHU**; lake, east of Saganaga lake, Rainy River district, Ont. (Not Shongwashouchenebwin.)
- SHOSHOKWAN**; lake, and river tributary to upper Ottawa river, Montcalm and Pontiac counties, Que. (Not Shoshoquon nor Shesheinquann.)
- Shoulie.* See Shulie.
- Shouswap.* See Shuswap.
- SHUBENACADIE**; lake, Halifax and Hants counties, N.S. (Not Grand nor Shubenacadie Grand.)
- SHULIE**; river and village, Cumberland county, N.S. (Not Shoulie.)
- SHUSWAP**; lake, river, and railway station, Yale district, B.C. (Not Shouswap lake, nor Spalumehcen river.)
- SHUTE**; point, on east shore of Stokes bay, Bruce county, Ont.
- SIBBALD**; creek, tributary to Jumpingpound creek, Alta.
- SIBELL**; bay, Oyster harbour, east coast of Vancouver island, B.C.
- SIBERT**; point, at southeast entrance to Pine Tree harbour, Bruce county, Ont.
- SIDNEY**; township, in Hastings county, Ont.
- SIFFLEUR**; river, tributary to Saskatchewan river, Alta.
- SIFTON**; lake, south of Shabogama lake, Abitibi district, Que. —mountain, Hermit range, Selkirk mountains, Kootenay district, B.C. —mountains, west of lake Laberge, Yukon.
- Siggia.* See Haven.
- SIKANNI CHIEF**; river, tributary to Fort Nelson river, Cariboo and Cassiar districts, B.C. (Not Sicannie Chief.)
- Silver.* See Lowes.
- SILVERHORN**; mountain, north of Bow lake, Rocky mountains, Alta.
- SILVER SALMON**; river, tributary to Nakina river, Cassiar district, B.C.
- SIMCOB**; bank and point, at entrance to Providence bay, Manitoulin island, Manitoulin district, Ont.
- SIMILKAMEEN**; river, Yale district, B.C. (Not South Similkameen.)
- SIMMONS**; creek, tributary to Stewart river, below Scroggie creek, Yukon.
- SIMON**; bay, and point at entrance to Greenough harbour, Bruce county, Ont. —lake, south of Obaska lake, Abitibi district, Quebec.
- SIMPSON**; lake and mountains, between Liard and Frances rivers, Yukon. —rock, Southgate group, Queen Charlotte sound, Coast district B.C.
- SIMPSON TOWER**; mountain, west of Frances lake, Yukon. (Not Simpson's.)
- SIMS**; bay and island, South bay, Manitoulin district, Ont. (Not Simms.)
- Sincique.* See St. Sixte.
- SINKUT**; creek and lake, on telegraph trail, south of Nechako river, Cariboo district, B.C. (Not Tsinkut.)
- SIPANOK**; channel, between Carrot and Saskatchewan rivers, Sask. (Not Seepanok nor Seepanock.)
- SIPIWESK**; lake, north of Cross lake, Nelson river, Keewatin. (Not Sepewesk.)
- SIR DONALD**; glacier, mountain, and range of mountains in the Selkirks, Kootenay district, B.C.
- SISIPUK**; lake, on Churchill river, Keewatin and Sask. (Not Duek.)
- SITIDGI**; lake, north of Great Bear lake, Mackenzie. (Not Setidgi.)
- SIWITI**; rock, Blunden harbour, Queen Charlotte sound, Coast district, B.C.
- Six-mile.* See Saugum.
- SIXTY**; creek, branch of Henderson creek, Yukon.
- SIXTYMILE**; river, tributary to Yukon river, Yukon.
- Skaloo.* See Skelu.
- SKEENA**; river, emptying into the Pacific ocean, Cassiar district, B.C. (Not Skena.)
- SKELU**; inlet, Graham island, Queen Charlotte islands, Coast district, B.C. (Not Skaloo.)
- SKIDEGATE**; channel and inlet, between Graham and Moresby islands, Queen Charlotte islands, Coast district, B.C.
- SKINNER POND**; village, Prince county, P.E.I. (Not Skinner's Pond.)
- Skirmish.* See Wild Horse.
- SLATE**; creek, tributary to Klondike river; also pass between headwaters of Klondike and McQuesten rivers; Yukon.
- SLEEPY**; river, emptying into Obaska lake, Abitibi district, Que.

7-8 EDWARD VII., A. 1908

- SLOCAN**; lake, river, and town, Kootenay district, B.C. (Not Slocan City.)
- SLOKO**; inlet, lake, mountain, and river, Cassiar district, B.C. (Not Slocoh.)
- Small*. See Little Bow.
- SMALL DUCK**; creek, tributary to Rock creek, Klondike river, Yukon.
- Small Trout*. See Meggisi.
- SMART**; mountain, west of mount Bonney, Selkirk mountains, Kootenay district, B.C.
- SMITH**; point, southwestern point of Cockburn island, and rock in Fitzwilliam channel; Manitoulin district, Ont.
- SMITHS FALLS**; railway junction and town, Lanark county, Ont. (Not Smith's Falls.)
- SMOKE**; lake, in Algonquin National park, Nipissing district; also point in Weller bay, Ameliasburg township, Prince Edward county; Ont.
- SMOKEHOUSE**; island, north of Chiefs point, Bruce county, Ont.
- SMOOTHROCK**; lake, south of Manitou lake, Rainy River district. (Not Clear); also lake, northwest of L. Nipigon, Thunder Bay district; Ont. (Not Smooth Rock Island lake.)
- SNAKE**; island, north of Cedar island, bay of Quinte, Hastings county, Ont. —i-land, off Departure bay, east coast of Vancouver island, B.C. (Not Lighthouse.)
- Snake*. See Bloomfield.
- Snake*. See Fox.
- Snake*. See McCallum.
- Snake*. See Matheson.
- SNOW-CAP**; mountain, west of lower part of Stikine river, Cassiar district, B.C.
- SNOWDON**; range of mountains, southeast of Gladys lake, Cassiar district, B.C.
- SNOWSLIDE**; creek, tributary to Cariboo creek, Kootenay district, B.C.
- SNOWY**; mountain, east of Stikine river, near the elbow, Cassiar district, B.C.
- SODA**; creek, flowing into upper branch of Hunker creek, Yukon.
- SODALITE**; valley, east of Ice river, Rocky mountains, Kootenay district, B.C.
- SOGAKWA**; portage, at head of Pizustigwan river, upper Winisk river, Keewatin.
- SOLMES**; island, east of Telegraph island, bay of Quinte, Prince Edward county, Ont.
- SOLMESVILLE**; post village, Sophiasburg township, Prince Edward county, Ont.
- SOLOMONS TEMPLES**; islands, north of Charlton island, James bay, Ungava. (Not Solomon Temple.)
- SOMERSET**; island, north of Boothia peninsula, Franklin. (Not North Somerset.)
- SONORA**; island, between Nodales and Okisollo channels, Coast district, B.C. The northern portion of what was formerly Valdes island.
- SOPHIASBURG**; township, Prince Edward county, Ont. (Not Sophiasburgh.)
- SOSKUMIKIA**; lake, an expansion of Nottaway river, Abitibi district, Que.
- SOURCE**; lake, in Algonquin National park, Nipissing district, Ont.
- SOURIS**; river, tributary to the Assiniboine, Manitoba and Saskatchewan. —town, Kings county, P.E.I. (Not East Souris.)
- SOUTH**; bay, near southeast end of Manitoulin island, Manitoulin district, Ont. (Not Manitoulin Gulf.)
- South*. See Koksoak.
- South*. See Prince Edward.
- South Bay*. See Prince Edward.
- South Br. Highwood R.* See Stimson creek.
- SOUTHAMPTON**; village, at the mouth of Saugeen river, Bruce county, Ont.
- SOUTH BAYMOUTH**; town site, Manitoulin island, Manitoulin district, Ont.
- SOUTH DUCK**; river, emptying into Duck bay, lake Winnipegosis, Man. (Not Duck River South.)
- SOUTHESK**; river, tributary to Brazeau river, Alta. (Not Southesk Branch.)
- South Joggins*. See Joggins.
- South Joggings*. See Joggins.
- South Mya*. See Mya.
- SOUTH NATION**; river, flowing through the counties of Grenville, Dundas, Stormont, Russell, and Prescott, and emptying into the Ottawa. (Not Little Nation, Nation, nor Petite Nation.)
- South Porpoise*. See Lelu.
- South Similkameen*. See Similkameen.
- SOUTHWEST**; bay, in lake Evans, Abitibi district; also point, Anticosti island, Saguenay county; Que. (Not South West.)
- SOYERS**; lake, Minden township, Haliburton county, Ont.
- Spallumcheen*. See Shuswap.
- SPENCER**; creek, tributary to Bow river, Alta.
- SPICER**; harbour and island, north shore of Hudson strait, Franklin.
- SPILLIMACHEEN**; mountain, and river tributary to Columbia river, Kootenay district, B.C. (Not Spill En Mee Chene nor Spillimichene.)
- SPIRE**; island and ledge, south of Frederick point, Prince Rupert harbour, Coast district, B.C.
- SPIRIT**; creek, tributary to Wild Horse river, Kootenay district, B.C. —river, tributary to Peace river, east of Dunvegan, Alta. (Not Ghost.)

SESSIONAL PAPER No. 21a

- SPLIT**; cape, Kings county, N.S. (Not Splitt.)
SPLIT; lake, on Nelson river, Keewatin.
- SPRINGER**; point, on the south side of Sonora island, Coast district, B.C.
- SPRINGHILL**; post settlement, west of Fredericton, York county, N.B. —village, Compton county, Que. (Not Spring Hill.)
- SPROAT**; mountain, north of Upper Arrow lake, Kootenay district, B.C.
- SPRUCEGROVE**; P. O., west of Edmonton, Alta. (Not Spruce Grove.)
- SQUARE**; bay, east of Dominion point, Manitoulin island, Manitoulin district, Ont.
- Square.* See Squire.
- SQUIRE**; point, on Call creek, between Johnstone strait and Knight inlet, Coast district, B.C. (Not Square.)
- Squirrel.* See Footprint.
- SRIGLEY**; bay, south shore Manitoulin island, Manitoulin district, Ont.
- STAFFORD**; rock, north of Western Duck island, Manitoulin district, Ont.
- Stainforth.* See Staniforth.
- STAKE**; creek, flowing into Quiet lake, Yukon.
- STANAWAN**; lake, southwest of Dinorwic lake, Rainy River district, Ont. (Not Grassy River lake.)
- STANIFORTH**; point, at the entrance to Gardner canal, Coast district, B.C. (Not Stainforth.)
- STANLEY**; a spur of the Valkyr mountains, Kootenay district, B.C. —village, York county, N.B. (Not Stanley Village.)
- STANLEY CORNERS**; post office, Carleton county, Ont. (Not Stanley's Corners.)
- STANZHAKIMI**; lake, west of Tawatinaw lake, Rainy River district, Ont.
- STAPLEDON**; island, east of Lelu island, near entrance to N. Skeena passage, Coast district, B.C.
- STAR**; creek, branch of Hunker creek, Yukon.
- STARNESBORO**; post office, Huntingdon county, Que. (Not Starnesborough.)
- Starvation.* See Strawberry.
- STEELE**; town, Kootenay district, B.C. Railway station of same name 7 miles south of town. (Not Fort Steele.)
- STEEP**; creek, tributary to Beaverfoot river, Rocky mountains, Kootenay district, B.C.
- STEEP BANK**; river, emptying into lake Claire, Alta. (Not Steep Bank nor Steep-bank.)
- STEEP ROCK**; river, emptying into northerly end of lake Winnipegosis, Man. (Not Steep Rock.)
- STEEVENS**; island, north of Greene island, Manitoulin district, Ont. (Not Cariboo nor Little Green.)
- STELLA**; village, on telegraph trail, near mouth of Stellako river, Cariboo district, B.C.
- STELLAKO**; river, connecting Français and Fraser lakes, Cariboo district, B.C. (Not Stelako.)
- STEPHEN**; lake, north of Kakagi lake, Rainy River district, Ont. —mountain, and railway station Kootenay district, B.C.
- Stephens.* See Navy.
- STEVENS**; creek, north of Whatshan lake, Kootenay district; also island, Southgate group, Queen Charlotte sound, Coast district; B.C.
- Stevens.* See Navy.
- STEWART**; canyon, Cascade river, Rocky Mts. park, Alta. —lake, west of Parrywood station, Rainy River district; also rock in Owen channel, Manitoulin district; Ont. —river, tributary to Yukon river, Yukon.
- Stewart.* See Stuart.

- STIMSON**; creek, tributary to Highwood river, Alta. (Not South Branch of Highwood R.)
- STMUKOKTOK**; cape, east shore Ungava bay, Ungava.
- STIRLING**; lake, and village, southeastern Alberta. (Not Sterling nor Eighteen Mile lake.)
- STITTVILLE**; post village and railway station, Carleton county, Ont. (Not Stittsville.)
- STOKES**; bay and river, in Bruce county, Ont.
- STONEBURGH**; cove, Weller bay, Ameliasburg township, Prince Edward county, Ont. (Not Stoneburgh's.)
- STONE**; creek and Stoney Creek village, Wentworth county, Ont. (Not Stony.)
- STONY**; creek, tributary to M'Clintock river, Yukon. islet, north of Kincardine, Bruce county; also lake, Burleigh township, Peterborough county; point north of Corbay point, Manitoulin district; point in Presqu'île bay, Brighton township, Northumberland county; Ont. (Not Stoney.)
- Stony.* See Barrie.
- Stony.* See Blake.
- STONY PLAIN**; P. O., west of Edmonton, Alta. (Not Stony Plain.)
- STOPLOG**; lake, Burleigh township, Peterborough county, Ont. (Not Stop Log.)
- STORMY**; lake, Glamorgan township, Haliburton county, Ont.
- STOVEL**; peak, south of Talaha bay, Tagish lake, Cassiar district, B.C.
- STRAGGLE**; lake, Harcourt township, Haliburton county, Ont.
- Straight.* See Opinaka.

7-8 EDWARD VII., A. 1908

STRANGER; lake, southwest of Kimmewin lake, Rainy River district, Ont.

STRATHARBO; settlement, Northumberland county, N.B. (Not Strathabo.)

STRATHCONA; island, west of Crooks inlet, north shore of Hudson strait, Franklin.

STRAWBERRY; island, in lake Simcoe, Ontario county, Ont. (Not Starvation.)

STUART; lake and river, tributary to Nechako river, Cariboo district, B.C. (Not Stewart nor Stuart's.)

STUPART; bay, south shore of Hudson strait, Ungava.

Sturgeon. See Namew.

Sucker. See Gladys.

Sucker. See Nemeibennuk.

SUGARBUSH; lake, Addington township, Ottawa county, Que. (Not Sugar Bush.)

SUGARLOAF; mountain, near Stikine river, north of Iskut river, Cassiar district, B.C.

SULLIVAN; hill, north of St. Mary river, Kootenay district; also mountain west of Dease lake, Cassiar district, B.C. —lake, south of Battle river, Alta. (Not Sullivan's.)

SULPHUR; creek, tributary to Indian river, Yukon.

Sumac. See Robert.

SUMMIT; lake, south of lake Bernard, Cassiar district, B.C. —railway station, Rainy River district, Ont.

Summit. See Sasakwei.

SUNDAY; peak, east of Tagish lake, Cassiar district, B.C.

SUNSHINE; creek, east of Lower Arrow lake, Kootenay district, B.C. —lake, northeast of Manitou lake, Rainy River district, Ont.

SURGE; narrows, easterly entrance to Okisollo channel, Coast district, B.C.

SURPRISE; lake, east of Atlin lake, Cassiar district, B.C. (Not Kusiwah.) —lake, south of Onam-akawash lake, Thunder Bay district, Ont.

SUSKWA; river, tributary to Bulkley river, near Hazelton, Cassiar district, B.C. (Not Bear, Suskwa, nor Susqua.)

SUTHERLAND; river, tributary to Inverness river, south of Lesser Slave lake, central Alberta.

SUTIL; cape, at westerly entrance to Goletas channel, northerly coast of Vancouver I., B.C. (Not Commerell.)

SUTTON; lake, north of Ekwan river, Keewatin. (Not Sutton Mill lake.)

SWAN; island, in Columbia river between Upper and Lower Arrow lakes, Kootenay district, B.C. —river, flowing northerly into Lesser Slave lake, central Alberta.

SWANZY; glacier and mountain, east of mount Bonney, Selkirk mountains, Kootenay district, B.C.

SWEATHOUSE; creek, tributary to Little Smoky river, Alta. (Not Sweat House.)

SWEDE; creek, tributary to Yukon river, above Dawson, Yukon. —island, southeast of Sturgeon bay, Thunder Bay district, Ont

Sweet Herb. See Wekusko.

SWISS; peaks, Selkirk mountains, Kootenay district, B.C.

SYLVIA GRINNELL; river, emptying into Frobisher bay, Franklin.

SYNDICATE; lake, west of Manitou lake, Rainy River district, Ont.

SYRINGA; creek, tributary to Columbia river, south of Lower Arrow lake, Kootenay district, B.C.

T

Tabasintac. See Tabusintac.

TABASOKWIA; river, tributary to upper Winisk river, Keewatin.

Tabisintac. See Tabusintac.

TABUSINTAC; river and village, Northumberland county, N.B. (Not Tabasintac nor Tabisintac.)

TACHÉ; railway station, Rainy River district, Ont.

TACHICK; lake, on telegraph trail, south of Nechako river, Cariboo district, B.C.

Tacho. See Tatsho.

TACKLE; creek, tributary to Wild Horse river, Kootenay district, B.C.

TADOUSSAC; township and village, Saguenay county, Que. (Not Tadousac.)

TAGISH; lake and P. O., east of lake Bennett, Yukon.

TAHLTAN; lake, and river tributary to Stikine river, Cassiar district, B.C.

Tahte. See Nisling.

TAIBI; lake, south of Mattagami lake, Abitibi district, Que.

TAKAKKAW; falls, Yoho river, Rocky mountains, Kootenay district, B.C.

Takipy. See Kississing.

TAKHINI; river, tributary to Lewes river, Yukon.

TAKU; arm of Tagish lake, Cassiar district, B.C. and Yukon. —river, Cassiar district, B.C.

Taku. See Graham.

TALAHIA; bay, in Taku arm of Tagish lake, Cassiar district, B.C.

TALLAN; lake, Chandos township, Peterborough county, Ont. (Not Tallan's.)

TALLON; creek, tributary to Beaverfoot river, southeast of Leancoil station, Kootenay district, B.C.

SESSIONAL PAPER No. 21a

- TALTMAN;** lake, south of lower Pelly river, Yukon.
- Tamagaming.** See Timagami.
- TANGAMONG;** lake, Lake township, Hastings county, Ont. (Not Tangamongue.)
- TANGIER;** harbour, island, lake, and town, Halifax county, N.S. (Not Tangier Grand lake.)
- TANTALUS;** butte, near confluence of Lewes and Nordenskiöld rivers, Yukon.
- TANZILLA;** river, tributary to Stikine river, Cassiar district, B.C.
- TARTE;** bay, in Kitimat arm, Coast district, B.C.
- Tasheigama.** See Asheigamo.
- TASHKA;** rapids, upper Winisk river, above Tabasokwia river, Keewatin.

THOMAS; bay and point, near South Baymouth, Manitoulin district, Ont. —river, emptying into the northerly end of Frances lake, Yukon. (Not Too-tlas.)

Thomasine. See Tomasine.

THOMPSON; cove, east of cape Spencer, St. John county, N.B. —mountain, northwest of Bow lake, Alta. (Not Thompson's.)

THOMSON; lake, Lake township, Hastings county, Ont. (Not Thomson's.)

THOR; mountain, west of Upper Arrow lake, Kootenay district, B.C.

THREE FORK; river, flows northerly into Wabigoon lake, Rainy River district, Ont.

THREEHILLS; creek, north of Kneehills creek, Alta. (Not Three Hills.)

THREEPOINT; creek, tributary to Sheep river, also mountain, Alta. —lake, on Burntwood river, Keewatin. (Not Nistowasis.)

Thron-diuck. See Klondike.

THRUMCAP; shoal, at entrance to Halifax harbour, Halifax county N.S.

Thumb. See Galena.

THURLOW; township, Hastings county, Ont

Tiahn. See Tian.

TIAN; point, Graham island, Queen Charlotte islands, Coast district, B.C. (Not Tiahn.)

Ticouabi. See Tikuape.

TIDE; rock, Southgate group, Queen Charlotte sound, Coast district, B.C.

Tiernan. See Ogoki.

TIGER; brook, tributary to rivière des Quinze, Pontiac county, Que.

TIKUAPE; post office and river, Lake St. John county, Que. (Not Ticouabi, Tikonabe, Tikouabi, Tikouape, nor Tikouapee.)

TILLEI; lake, north of Frances lake, Yukon. (Not Til-e-i-tsho.)

TILLSONBURG; town, Oxford county, Ont. (Not Tilsonburg.)

TIMAGAMI; lake, Nipissing district, Ont. (Not Tamagaming nor Temagami.)

TIMBER; bay, and Timber Bay shoal, south shore of Manitoulin island, Manitoulin district, Ont.

TIMISKAMING; lake, Nipissing district, Ontario, and Pontiac county, Quebec. (Not Temiscaming, Temiscamingue, nor Temiskaming.)

TINSON; point, Gabriola island, strait of Georgia, New Westminster district, B.C. (Not Rocky.)

TINTINA; valley, central Yukon. A great depression occupied successively by Pelly, Kalzas, Stewart, and Klondike rivers, and extending to the Yukon.

SESSIONAL PAPER No. 21a

- TISIPIUK**; lake emptying into Leaf river, Ungava. (Not Seal.)
- Tlet-lan-a-tsoots**. See Finlayson.
- TOBERMORY**; harbour and village, at northwest extremity of Saugeen peninsula, Bruce county, Ont.
- TODMAN**; reef, at mouth of Thomas bay, Manitoulin island, Manitoulin district, Ont.
- Todnustook**. See Tulnustuk.
- TOKUMM**; creek, south of Deltaform mountain, Kootenay district, B.C.
- TOLMIE**; reef, between Kincardine, and Clark point, Bruce county, Ont.
- TOMASINE**; river, Pontiac county, Que. (Not Thomasine nor Tomassino.)
- TOMKINSON**; point, Ursula channel, Coast district, B.C. (Not Tomkinsin.)
- TOMLINSON**; point, Blunden harbour, Queen Charlotte sound, Coast district, B.C.
- TONKAWATLA**; river, tributary to Columbia river, Kootenay district, B.C. (Not Tonca Watla.)
- Toochi**. See Tutshi.
- TOO-FLAT**; creek, tributary to Klondike river, Yukon.
- Toohoolitas**. See Tuhulitas.
- Tolnustook**. See Tulnustuk.
- TOO-MUCH-GOLD**; creek, tributary to Klondike river, Yukon.
- Too-las**. See Thomas.
- Tooya**. See Tuya.
- TOPHAM**; mountain, southeast of mount Macoun, Selkirk mountains, Kootenay district, B.C.
- TORCH**; river, emptying into Cumberland lake, eastern Saskatchewan. (Not Big Sturgeon.)
- Tornait**. See Newton.
- Torrent**. See St. Mary.
- TORRES**; channel, between Teresa and Copper islands and west shore of Atlin lake, Cassiar district, B.C. (Not West channel, Torres straits, nor Tory inlet.)
- TORTUE**; river, Saguenay county, Que. (Not Fall.)
- Tory**. See Torres.
- TOTOGAN**; lake, north of Kanuchuan river, upper Winisk river, Keewatin.
- TOWER**; creek, tributary to St. Mary river, Kootenay district, B.C. —peak, north of Quiet lake, Yukon.
- TOWER OF BABEL**; mountain, east of Moraine lake, Alta.
- TOYEHILL**; post office, Dundas county, Ont. (Not Toy's Hill.)
- TRACY**; creek and P. O., east of Kootenay river, north of Steele, Kootenay district, B.C.
- TRADING**; lake, Ridout township, Muskoka district, Ont.
- TRAVERS**; lac de, at headwaters of St. Maurice river, Champlain county, Que.
- TRENT**; river, flowing into the bay of Quinte at Trenton, Hastings and Northumberland counties, Ont.
- TRENTON**; town, at western end of the bay of Quinte, Hastings county, Ont.
- TRIVET**; point, on the northerly portion of Princess Royal island, Coast district, B.C.
- TRODELY**; island, north of Charlton island, James bay, Ungava. (Not Little Charlton.)
- TROLLINDER**; mountain, south of mount Balfour, Kootenay district, B.C.
- TROUT**; creek, branch of McDame creek, Dease river, Cassiar district, B.C.
- Trout**. See Buntzen.
- Trout**. See Hayes.
- TRUDA**; peaks, Hermit range, Selkirk mountains, Kootenay district, B.C.
- TSETELUI**; lake, at headwaters of Kakuchuya river, Cassiar district, B.C. (Not Tseteloui.)
- Tshensagi**. See Chensagi.
- Tsinkut**. See Sinkut.
- TUCK**; inlet, Chatham sound, B.C. (Not Tuck's.)
- TUCK**; inlet and point, north of Prince Rupert harbour, Coast district, B.C. (Not Tuck's.)
- Tudjakdjuan**. See Resolution.
- Tudjakdjodusirn**. See Gabriel.
- TUHULITAS**; inlet, north of Cyrus Field bay Franklin. (Not Toohoolitas.)
- TULIP**; creek, east of Lower Arrow lake, Kootenay district, B.C.
- TULNUSTUK**; river, Saguenay county, Que. (Not Todnustook nor Tolnustook.)
- TUMMEL**; river, tributary to Pelly river, Yukon.
- TUNAGAMIK**; lake, at headwaters of Ottawa river, Joliette county, Que.
- TUNNUSSAKSUK**; point, east shore of Ungava bay, Ungava.
- TUPPER**; glacier and mountain, in the Selkirks, Kootenay district, B.C.
- Turn**. See Dryad
- TURNAGAIN**; point, at entrance to Lynx bay, L. Winnipeg, Man. (Not Saskatchewan.)
- TURNER**; mountain, east of Stikine river and north of Iskut river, Cassiar district, B.C.
- Turner**. See Terence.

7-8 EDWARD VII., A. 1908

TURNING; island, near southerly point of Cove island, at entrance to Georgian bay, Bruce county, Ont.

TURQUOISE; lake, east of mount Balfour, Alta.

TURTLE; point, northerly part of Gil island, Coast district, B.C.

Turtle. See Jarvis

TUSKET; island and village, Yarmouth county, N.S. (Not Great Tusket island.)

TUSTLES; lake, north of Frances lake, Yukon. (Not Tus-tles-tu.)

TUTESHETA; creek, tributary to Tahltan river, Cassiar district, B.C. (Not Tuteshita.)

TUTSHI; lake and river, southeast of lake Bennett, Cassiar district, B.C. (Not Tooohi nor Tutchi.)

TUTTLE; point, at entrance to Stupart bay, Hudson strait, Ungava.

TUVALIK; Indian village, west coast of Ungava bay, Ungava.

TUYA; lake, and river tributary to Stikine river, Cassiar district, B.C. (Not Tooya.)

TUZO; mountain, east of Deltaform mountain, Bow range of the Rockies, Alta. and Kootenay district, B.C.

TWELVE O'CLOCK; point, at the eastern entrance to Murray canal, Murray township, Northumberland county, Ont.

TWIN; falls, on the upper part of Yoho river, Kootenay district, B.C.

Twin. See Dunsmuir.

Twin. See Vrooman.

TWO-BIT; creek, east of Lower Arrow lake, Kootenay district, B.C.

TWO RIVERS; lake of, in Algonquin National park, Nipissing district, Ont.

TYEE; lake and telegraph station, on trail near Bulkley river, Cassiar and Coast districts, B.C. (Not Long.)

TYENDINAGA; township, Hastings county, Ont.

TYERS; river, tributary to Frances river, near Frances lake, Yukon.

TYNE; point, Departure bay, east coast of Vancouver island, B.C.

U

UINAKSOAK; cape, east shore Ungava bay, Ungava. (Not Uibvaksok.)

UNAHINI; river, tributary to Tatshenshini river, Yukon.

Unaminnikan. See Manomin.

UNGAVA; bay, northeastern Canada.

UNGER; island, in bay of Quinte, at mouth of Napance river, Lennox county, Ont. (Not Unger's.)

UPHILL; lake, northeast of Manitou lake, Rainy River district, Ont. (Not Moonshine nor Kasakacheweiwak.)

Upinnakaw. See Opinnagau.

UPPER ARROW; lake, an expansion of Columbia river, Kootenay district, B.C.

Upper Bow. See Bow.

Upper Emerald. See Yoho.

Upper Kootanie. See Duncan.

UPPER LAHAVE; village, Lunenburg county, N.S. (Not Upper La Have.)

Upper Manitou. See Anzhekumming.

UPPER SAVAGE; islands, east of Big island, Hudson strait, Franklin. (Not Savage.)

Upper White Fish. See Jarvis.

URD; a peak of the Valhalla mountains, Kootenay district, B.C.

URSULA; channel, east of Gribbell island, Coast district, B.C.

URSUS MAJOR; mountain, Hermit range; Selkirk mountains, Kootenay district, B.C.

URSUS MINOR; mountain, Hermit range, Selkirk mountains, Kootenay district, B.C.

UTO; peak, near mount Sir Donald, Selkirk mountains, Kootenay district, B.C.

V

VALDES; island, in the southern portion of the strait of Georgia, New Westminster district, B.C.

Valdes. See Maurelle, Quadra, and Sonora. Recent surveys proved that the name Valdes covered three islands, which have been named separately as above, and the former name has been discarded to avoid duplication.

VALHALLA; mountains, west of Slocan lake, Kootenay district, B.C. (Not Val Halla.)

VALKYR; mountains, east of Lower Arrow lake, Kootenay district, B.C. (Not Valkyriur.)

VALLEYVIEW; P. O., north of Wapella, Sask. (Not Valley View.)

VALOIS; village, Jacques Cartier county, Que. (Not Valoisville.)

VANCOUVER; creek, tributary to McQuesten river, Yukon.

VAN HORNE; brook, glacier, névé, and range of mountains, Kootenay district, B.C.

VAN HOUTEN; creek, east of Lower Arrow lake, Kootenay district, B.C. (Not Van Hooven.)

VAUX; glacier and mountain, northeast of Leanchoil station, Kootenay district, B.C.

VERMILION; bay and railway station, Eagle lake, Rainy River district, Ont. (Not Vermillion.)

Vermilion. See Pink.

SESSIONAL PAPER No. 21a

- VERNEY; passage, between Hawkesbury and Gribbell islands, Coast district, B.C.
- VERTE-VALLÉE; post office, Vaudreuil county, Que. (Not Green Valley.)
- VERTICAL; mountain, east of Kootenay river, Kootenay district, B.C.
- VICTORIA; island, Franklin. (Portions of this island have been known as "Victoria Land," "Prince Albert Land," and "Wollaston Land,"—glacier and mountain in the Bow range of the Rockies, Alta. and Kootenay district, B.C. (Not Mt. Green.)

- VINGOLF; mountain, west of Slocan lake, Kootenay district, B.C.
- VIOLADALE; post village, Marquette electoral district, Man. (Not Viola Dale.)
- VOLCANO; creek, tributary to Sheep river, Alta.
- VOLUNTEER; spit, between Birch and Walker points, Manitoulin island, Manitoulin district, Ont.
- VON WILCZEK; valley, on Lewes river, above Pelly river, Yukon.
- VROOMAN; islands, McGregor cove, Bruce county, Ont. (Not Twin.)
- VULTURE; col, between mounts Gordon and Olive, Rocky mountains, Alta.
- Vulture.* See Winnange.
- W**
- WABAKIMI; lake, northwest of Smoothrock lake, Thunder Bay district, Ont.
- WABAMUN; lake, south of St. Ann, central Alberta. (Not White Whale.)
- WABANONI; river, emptying into Obaska lake, Abitibi district, Que. (Not Wabinoni.)
- Wabaskoutyunk.* See Kempt.
- WABASKUS; lake, southeast of Abitibi lake, Pontiac county, Que.
- WABASSI; brook, Templeton township, Ottawa county, Que.
- WABI; bay and creek, at the head of lake Timiskaming, Ont.
- WABIGOON; lake, river, and railway station, Rainy River district, Ont. (Not Wabigwunn.)
- WABINOSH; bay, lake, and river, on west side of L. Nipigon, Thunder Bay district, Ont.
- WABISHKOK; lakes, south of Kisseynew lake, Keewatin.
- WABISKAW; lakes and river, northeast of Lesser Slave lake, Alta. (Not Wabasea nor Wabiscaw.)
- WADDELL; bay, Frobisher bay, Franklin. (Not Dyer sound.)
- WADOPI; brook, tributary to upper Winisk river, above Tabasokwia river, Keewatin.
- WADSWORTH; lake, Tudor township, Hastings county, Ont.
- WAGABKEDEI; lake, northwest of Attawapiskat lake, Keewatin.
- WAGAN; river, tributary to Restigouche river, Madawaska county, N.B. (Not Waagan.)
- WAGOSH; bay and reef, near Pulpwood point, Cockburn island, Manitoulin district, Ont. (Not Wahgoosh.)
- WAGWABIKA; lake, headwaters of Lièvre river, St. Maurice county, Que. (Not Wagwabeya.)
- Wahnapiatae.* See Wanapitei.
- WAIATT; bay, Okisollo channel, Coast district, B.C. (Not Wi-yat nor Wyatt.)
- Wai-nusk.* See Winisk.
- WAKAMI; lake, river and railway station, Sudbury district, Ont. (Not Wakamagaming.)
- WAKEHAM; bay, southeast of Wales sound, Hudson strait, Ungava.
- WAKONICHI; lake, south of Mistassini lake, Mistassini district, Que. (Not Wahwanichi nor Wakinichi.)
- WALBRAN; point, north end of Loretta island, Devastation channel, Coast district, B.C.
- WALES; cape, island, and sound, south shore of Hudson strait, Ungava. (Not Prince of Wales.)
- WALKEM; islands, Johnstone strait, Coast district, B.C. (Not Pender.) This name adopted to avoid duplication, there being a Pender island further south.
- WALKER; creek, north of Sixtymile river, near international boundary, Yukon. —point, south shore, Manitoulin island, Manitoulin district, Ont.
- WALKHOUSE; bay and point, northeast of Inner Duck island, Manitoulin district, Ont.
- WALLACE; mountain and river, south of Lesser Slave lake, central Alberta. —rock, near S. Baymouth, Manitoulin island, Manitoulin district, Ont.
- WALLBRIDGE; point, Ameliasburg township, Prince Edward county, Ont.
- WALLENGER; creek, tributary to Wild Horse river, Kootenay district, B.C.
- WALL-EYE; lake, south of Eagle lake, Rainy River district, Ont.
- WALLIS; point, Nanoose harbour, east coast of Vancouver island, B.C.
- WALTERS; point, north shore of Okisollo channel, Coast district, B.C.
- WALTON; river and village, Hants county, N.S. (Not La Tete nor Petite.)
- WANAPITEI; lake, railway station, and river, Sudbury district, Ont. (Not Wahnapiatae.)

7-8 EDWARD VII., A. 1908

WANDERER; shoal, southwest of Lyal island, Bruce county, Ont.

WANIPIGOW; river, emptying into the east side of lake Winnipeg, Man. (Not Hole.)

WAPAGEISI; lake, east of Anzhekumming lake, Rainy River district, Ont.

Wapichtigow. See Wapishtigau.

WAPIKOPA; lake and river, upper waters of Winisk river, Keewatin.

WAPISHTIGAU; brook, tributary to Burntwood river, Keewatin. (Not Wapichtigow.)

WAPITOTEM; river, between Attawapiskat and Weibikwei lakes, Keewatin.

WAPTA; glacier, lake, and mountain, Rocky mountains, Kootenay district, B.C.

Wapta. See Cataract.

Wapta. See Kicking Horse.

Wapta. See Yoho.

WAPUS; lake and river, north of Kakagi lake, Rainy River district, Ont. (Not Wapoose.)

WAPUSANAN; lake, upper waters of Ottawa river, north of Grand L. Victoria, Pontiac county, Que.

WAPUSTAGAMU; lake, on west branch of St. Augustine river, Saguenay county, Que. (Not Wapustagamoo.)

WAPUTIK; mountains and snowfield, Rocky mountains, Kootenay district, B.C. (Not Wapateehk, Wap-ut-teehk, Waputehk, nor Waput-tehk.)

WARD; inlet, Frobisher bay, Franklin. (Not A. H. Ward.)

WARDNER; village, on Kootenay river, south of Bull river, Kootenay district, B.C.

WARE; creek, tributary to Sheep river, also mountain, Alta.

WARK; channel, northeast side of Tsimpsean peninsula; also island at entrance to the channel, and island northeast of Princess Royal island, Coast district; also point in Victoria harbour; B.C. (Not Warke nor Work.)

WARNER; bay and point, east of Ojibwa point, Bruce county, Ont.

WARPATH; river, emptying into the west side of lake Winnipeg, Man. (Not War Pat.)

WARREN; island, south of Beament island, Bruce county, Ont.

WARWICK; cape, east end of Resolution island, Franklin. (Not Resolution.)

WASHADEMOAK; river, tributary to St. John river, Queens county, N.B. (Not Washademoac nor Washedemoak.)

WASHAGAMI; river, tributary to Ekwan river, Keewatin. (Not Washegunmy.)

WASHEIBEMAGA; lake, southeast of Saganaga lake, Rainy River district, Ont. (Not Kawasheibemagamak.)

WASHEKA; lake, upper Ottawa river, Pontiac county, Que. (Not Waskega.)

WASHI; lake, on Albany river, east of Makokibatan lake, southeastern Keewatin. (Not Lake of the Narrows.)

WASHIKUTI; bay and river, Saguenay county, Que. (Not Washsheecootai.)

WASHIMESKA; river, Lake St. John county, Que. (Not Ouasiemaska nor Wassienska.)

WASHMAWAPTA; glacier, east of Helmet mountain, Rocky mountains, Kootenay district, B.C.

WASKAHIGAN; river, tributary to Little Smoky river, Alta.

WASKATOWAKA; lake, at headwaters of Little Churchill river, Keewatin. (Not Waskaiowaka.)

WASKIK; lake, southwest of Sipiwek lake, Keewatin. (Not Waskiktepigo.)

Waskwatim. See Wuskwatim.

Wassienska. See Washimeska.

WASWANIPI; H. B. Co.'s post, lake, and river tributary to Nottaway river, Abitibi district, Que.

Watcheshoo. See Watshishu.

WATCHI; lake, northeast of Reader lake, Keewatin. (Not Mountain.)

WATERFALL; valley, at the head of Yoho river, Rocky mountains, Kootenay district, B.C.

WATERTON; lake and river, southern Alberta. (Not Chief Mountain lake nor Kootenai river.)

WATSHISHU; river, Saguenay county, Que. (Not Watcheshoo nor Watsheeshoo.)

WATSON; railway station, ridge, river, and valley, north of Bennett lake, Yukon.

WATT; railway station, Charlotte county, N.B. (Not Watt Junction.)

Watt Junction. See Watt.

WAUGHS; river, Colchester county, N.S. (Not Waugh's.)

Wauguash. See Kaniapiskau.

WAVY; lake, north of Battle river, Alta. (Not Wave.)

WAVEIG; lake, northwest of Wabinosh lake, Thunder Bay district, Ont.

WAWIAG; river, headwaters of Maligne river, Rainy River and Thunder Bay districts, Ont. (Not Kawawagamak.)

WAY; point, southwest of Potter point, Ameliasburg township, Prince Edward county, Ont. (Not Salt.)

WAYAGAMAK; lake, Champlain county, Que. (Not Wayagamack.)

SESSIONAL PAPER No. 21a

- WEAVER; creek, tributary to Moyie river, Kootenay district, B.C.
- WEDDING; river, tributary to Bell river, Abitibi district, Que.
- WEDGE; point, Oyster harbour, east coast of Vancouver island, B.C.
- Weenisk. See Winisk.
- WEESE; creek, Brighton township, Northumberland county, Ont. (Not Weese's.)
- WEGGS; cape, south shore of Hudson strait, Ungava.
- WEIBIKWEI; lake, at head of Winisk river, south eastern Keewatin. (Not Pepisquew nor Winisk.)
- Weir. See Footprint.
- Weir. See Hennigar.
- WEISELENO; lake, near Manitou lake, Rainy River district, Ont.
- WEKUSKO; lake, Grass river, east of Reed lake, Keewatin. (Not Herb nor Sweet Herb.)
- WELCOME; lake, Lawrence township, Haliburton county, Ont.
- WELLAND; river, Welland county, Ont. (Not Chip-pewa.)
- WELLANDPORT; post office, Lincoln county, Ont. (Not Welland Port.)
- WELLER; bay, near west end of the bay of Quinte, Prince Edward county, Ont. (Not Weller's.)
- WELLESLEY; lake, west of White river, Yukon.
- WELLS; shoal, southeast of Lylal reef, Bruce county, Ont.
- WELSH; bank, north of Scott point, Bruce county, Ont.
- WEMISTAGOSEW; river, upper waters of Waswanipi river, Abitibi district, Que.
- WENASAGA; river, flowing into Lac Seul, Keewatin.
- WENKCHEMNA; peaks, in the Bow range of the Rockies, Alta. and Kootenay district, B.C. (Not Desolation Range nor "The Stragglers.")
- Wepiskow. See Burntwood.
- WESKETAHIN; village, near the mouth of Unahini river, Yukon.
- WESLEMKOON; lake, Addington county, Ont.
- WEST; bay, the western extremity of lake Evans, Abitibi district; also river, in Bonaventure county, Que. (Not West Port Daniel river.)—river, Pictou county, N.S. (Not West River of Pictou.)—river, tributary to Fraser river, above Quesnel, Cariboo district, B.C.
- West. See Nelson.
- West. See Torres.
- WEST ARROWWOOD; creek, tributary to Bow river, Alta. (Not West Arrow-wood.)
- West Belanger. See Belanger.
- WESTBORO; post office, Carleton county, Ont. (Not Westborough.)
- WESTBOURNE; bay, north shore of Hudson strait, Franklin.
- West Dog Head. See Whiteway.
- WEST DUCK; reef, northwest of Western Duck island, Manitoulin district, Ont.
- WESTERN; river, emptying into Coronation gulf, Mackenzie. (Not Back's Western.)
- WESTERN DUCK; island, of the Duck group, Manitoulin district, Ont.
- West Fox. See Fox.
- West Niskitogisew. See Kiskitto.
- West Port Daniel. See West.
- West Road river. See Blackwater.
- WEST SISTER; shoal, south of Yeo island, at entrance to Georgian bay, Manitoulin district, Ont.
- West Winisk. See Asheweig.
- WETETNAGAMI; lake, and river tributary to Opawika river, Abitibi district, Que.
- WETTIGO; lake, south of Nemiskau lake, Abitibi district, Que.
- WEYMONTACHI; Indian village, at the mouth of Manuan river, upper St. Maurice river, Champlain county, Que. (Not Weymontachingue.)
- WHALE; river, emptying into Ungava bay, Ungava.
- WHALEBACK; mountain, at the headwaters of Yoho river, Rocky mountains, Kootenay district, B.C. (Not Whalesback.)
- WHALER; bay, Active pass, strait of Georgia, New Westminster district, B.C.
- WHARTON; harbour, north shore of Hudson strait, Franklin.
- WHATSHAN; lakes and river, west of Lower Arrow lake, Kootenay district, B.C.
- WHEATON; river, emptying into the west side of Bennett lake, Yukon.
- WHEELER; mountain, Purity range, Selkirk mountains, Kootenay district, B.C.—reef, southwest of Kitchener island, Manitoulin district, Ont.
- WHETSTONE; lake, Lake township, Hastings county, Ont.
- WHIPPLE; mountain, east of the elbow of Stikine river, Cassiar district, B.C.
- WHITE; cliff, northeast of Hungerford point, Manitoulin island, Manitoulin district, Ont.—mountain, north of Atlin lake, Yukon.—pass, at head of Skagway river, Cassiar district, B.C.—river, tributary to Yukon river, above Stewart river, Yukon.—strait, north shore of Hudson strait, Franklin.
- White. See Ketch.

7-8 EDWARD VII., A. 1908

- WHITE BEAR; bay, northeast of Markham bay, Hudson strait, Franklin. —lake and river, at headwaters of Gatineau river, Champlain county, Que.
- WHITECLAY; lake, Ogoki river, east of Whitewater lake, Thunder Bay district, Ont.
- Whitefish.* See Meacham.
- WHITEGOOSE; river, tributary to Migiskan river, below Paskagama lake, Abitibi district, Que.
- WHITE GROUSE; creek, east of Whatshan lake, Kootenay district, B.C.
- WHITEHORSE; town and rapid, Lewes river, below Miles canyon, Yukon. (Not White Horse.)
- WHITE MAN; pass, in the Rocky mountains, Alta. and Kootenay district, B.C. (Not White Man's.)
- White Mud.* See Frenchman.
- WHITEROCK; post office, Kings county, N.S. (Not White Rock Mills.)
- WHITES; post office and railway station, Huntingdon county, Que. (Not White's nor White's Station P.O.)
- WHITESAND; P. O. and river, southeastern Saskatchewan. (Not White Sand.)
- WHITESWAN; river, emptying into the south end of Teslin lake, Cassiar district, B.C. (Not White Swan.)
- WHITEWAY; point, at west side of north entrance to the narrows of lake Winnipeg, Man. (Not Dog's Head nor West Dog Head.)
- White Whale.* See Wabamun.
- WHITLEY; bay, northwest of Burgoyne bay, Hudson strait, Ungava.
- WHOLDAIA; lake, an expansion of Dubawnt river, Mackenzie. (Not Wholdiah.)
- WHYTE; mountain, west of lake Louise, Alta.
- WICKED; point, Athol township, Prince Edward county, Ont. (Not Salmon.)
- WIACHUAN; river, emptying into Richmond gulf, Ungava. (Not Wiachewan nor Wiachouan.)
- WIGWASAN; lake, west of Bukemiga lake, Thunder Bay district, Ont.
- WIKWASKOPAU; lake, northwest of Grand lake Victoria, Abitibi district, Que.
- WILD; bight, in west side of Fitzwilliam island, Manitoulin district, Ont.
- WILD HORSE; river, tributary to Kootenay river, Kootenay district, B.C. (Not Skirmish.)
- WILLIAM SMITH; cape, northeast shore of Ungava bay, Ungava.
- WILLOWBUNCH; lake and post office, southern Saskatchewan. (Not Willow Bunch.)
- WILLOWGROVE; post office, Haldimand county, Ont. (Not Willow Grove.)
- WILSON; post office, Grenville county, Ont. (Not Wilson's Bay.)
- WILSON CORNERS; post office, Wakefield township, Ottawa county, Que. (Not Wilson's Corners.)
- WILTSHIRE; village, Queens county, P. E. I. (Not New Wiltshire nor North Wiltshire.)
- WILTSE; lake, Leeds county, Ont. (Not Wiltz nor Wiltze.)
- WIMAPEDI; brook, tributary to Burntwood river, Keewatin.
- WINAWIASH; lake, southwest of Grand lake Victoria, Pontiac county, Que.
- WINDY; arm, Tagish lake, Yukon. —lake, southwest of Oxford lake, Keewatin.
- WINISK; lake and river, southeastern Keewatin. (Not Wai-nusk nor Weenisk.)
- WINISKIS; river, tributary to upper Winisk river, Keewatin.
- WINNANGE; lake, north of Dryberry lake, Rainy River district, Ont. (Not Vulture.)
- WINNIPEGOSIS; a large lake in Manitoba. (Not Winnipegoos nor Winnipegoosis.)
- WINONITIKAMEG; lake, northwest of Attawapiskat lake, Keewatin.
- WINTAWANAN; lake, southwest of Attawapiskat lake, Keewatin.
- WINTERING; lake, west of Landing lake, Keewatin.
- WITCHAI; lake, on lower Grass river, Keewatin.
- WIWAXY; peaks, southwest of Mt. Victoria, Rocky mountains, Kootenay district, B.C.
- WIZIDA; lake, at headwaters of Winisk river, Keewatin.
- WIZIDANS; lake, west of Wizida lake, upper Winisk river, Keewatin.
- WODEN; a peak of the Valhalla mountains, Kootenay district, B.C.
- WOLF; creek, tributary to Klondike river, Yukon.
- Wolf.* See Grimsthorpe.
- Wolf.* See Muhigan.
- WOLFE; island, St. Lawrence river, Frontenac county, Ont. (Not Long.)
- Wolf Rand.* See Muhigan.
- WOLLASTON; peninsula, southwesterly portion of Victoria island, Franklin. (Not Wollaston Land.)
- WOOD; brook, tributary to Grass river, Keewatin. —river, north of Wood mountain, Sask. (Not Wood Mountain river.)
- Wood.* See Jacob.
- Wood Mt. river.* See Wood river.
- WOODROFFE; P. O. and summer resort, Carleton county, Ont. (Not Woodroffe nor Woodruff.)

SESSIONAL PAPER No. 21a

WOODS; island, Oyster harbour, east coast of Vancouver island, B.C. (Not Long.)

WOODS. See Carroll Wood.

WORK. See Wark.

WORTHINGTON; creek, west of Lower Arrow lake, Kootenay district, B.C.

WOTINIMATA; lake, east of Shabogama lake, Abitibi district, Que.

WRECK; point, southwest of Tobermory harbour, Bruce county, Ont.

WRIGHT; creek, near west end of Surprise lake, Cassiar district; also sound between Gil and Gribbell islands, Coast district; B.C. —creek, tributary to Blanche river, Nipissing district; also point north of Goderich, Huron county; Ont.

WUNNUMMIN; lake, upper waters of Winisk river, Keewatin.

WUSKATASKO; brook, tributary to Grass river, Keewatin.

WUSKWATIM; brook and lake, on Burntwood river, Keewatin. (Not Beaver-dam, Ooskootim, nor Waskwatim.)

Wyatt. See Waiatt.

Y

YAHK; mountain, river, and railway station, in southwestern portion of Kootenay district, B.C.

YAWNINGSTONE; lake, north of Cormorant lake, Keewatin.

YEO; channel, island, and spit, at entrance to Georgian bay, Manitoulin district; also island, southwest of Grenadier island, St. Lawrence river, Leeds county; Ont. (Not Bluff nor Old Bluff.)

REPORT ON SHIPPING

To the Honourable

L. P. BRODEUR,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the Seventeenth List of Shipping issued by this Department. In addition to the information given in previous years, the list now shows the vessels that have had their names changed, and their former names.

Since 1901 the list has been issued annually, and since 1904 it has been compiled from the records kept in the Department. These records are transcripts of forms received at the Department from the various Registrars of Shipping in Canada for transmission to the Registrar General of Shipping in England. Attention has frequently been called to the marked decrease, of late years, in the tonnage of Canadian registered shipping. The decrease, however, has not been as large as the statistics would indicate. When the list for 1901 was being prepared it was discovered that hundreds of vessels, which had been out of existence for many years, were still on the registers. These were taken off the books and every effort is now made to prevent names of vessels being included in the list which are no longer in existence.

In order to prevent duplication of ships' names, instructions, which came into force on the 1st of January of this year, were issued to the effect that the name of every vessel to be registered in Canada must be submitted to the Department for approval before registration.

A supplement, giving the names and tonnages of vessels registered, and of vessels whose registers have been closed during the month, is published monthly, and those issued up to date are bound with this volume.

The total number of vessels remaining on the register books of the Dominion, on the 31st December, 1907, was 7,528, measuring 698,688 tons, being an increase of 16 vessels and 44,509 tons register as compared with 1906; of this amount nearly 30,000 tons were transferred from Great Britain. The number of steamers on the register books, on the same date, was 3,007 with a gross tonnage of 471,795 tons. Assuming the average value to be \$30 per ton, the value of the registered tonnage of Canada, on the 31st December last, would be \$20,960,640.

The number of new vessels built and registered in the Dominion of Canada during the last year was 392, measuring 38,410 tons register. Estimating the value of the new tonnage at \$45 per ton gives a total value of \$1,728,450 for new vessels.

During the year 452 vessels were removed from the register and a detailed statement is given showing the cause for their removal.

RAPPORT SUR LA MARINE MARCHANDE

A l'honorable L. P. BRODEUR,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la dix-septième liste de la Marine publiée par ce département. En sus des informations données durant les années précédentes, la liste indique les vaisseaux qui ont changé de noms et leurs anciens noms.

Depuis 1901, la liste a été publiée annuellement, et depuis 1904 elle a été préparée d'après les renseignements contenus aux dossiers du département. Ces renseignements émanent des rapports que nous ont fournis les divers enregistreurs des vaisseaux au Canada, pour être transmis au "Registrar General of Shipping" en Angleterre.

On a souvent fait remarquer la diminution marquée, durant ces dernières années, dans le tonnage des vaisseaux enregistrés en Canada. Cette diminution, cependant, n'est pas aussi grande que les statistiques sembleraient le démontrer. Lors de la compilation de la liste de 1901, on découvrit que des centaines de vaisseaux qui avaient cessé d'exister depuis plusieurs années, étaient encore inscrits dans nos registres. Ces vaisseaux ont été rayés des livres et toutes les précautions sont prises pour empêcher que les noms des vaisseaux qui ont cessé d'exister soient inclus dans la liste.

Afin d'empêcher que le même nom ne soit appliqué à deux vaisseaux différents, des instructions, qui sont entrées en vigueur le 1er janvier de cette année, ont été données en vue de soumettre au département, pour son approbation, le nom qu'on désire donner à un vaisseau avant son enregistrement.

Un supplément contenant les noms et le tonnage des vaisseaux enregistrés, ainsi que les vaisseaux dont le registre a été clos durant le mois, est publié mensuellement ; les suppléments qui ont été publiés jusqu'à ce jour sont reliés avec le présent volume.

Le nombre total des navires inscrits sur les registres du Canada, au 31 décembre 1907, était de 7,528, d'un tonnage de 698,688 tonneaux, ce qui donne une augmentation de 16 vaisseaux et de 44,509 tonneaux enregistrés par rapport à l'année 1906 ; de ce nombre, près de 30,000 tonneaux nous vinrent d'Angleterre. Le nombre de navires à vapeur porté sur les registres à la même date était de 3,007, d'un tonnage brut de 471,795. En estimant la valeur moyenne du tonnage à \$30 le tonneau, le tonnage enregistré au Canada au 31 décembre dernier serait donc de \$20,960,640.

L'année dernière, 392 vaisseaux jaugeant 38,410 tonneaux enregistrés au Canada ont été construits au pays. En estimant la valeur du nouveau tonnage à \$45 le tonneau, on obtient une valeur totale de \$1,723,450 pour les navires neufs.

Durant l'année écoulée, 452 vaisseaux furent rayés du registre et un état détaillé est publié indiquant la cause de leur radiation
